WILL BE PAID SH'CKELF'RD CO

ALBANY, Nov. 26.-Shackelford county will receive \$70,838.-85 from the state highway department through some timely work by the county commissioners' court. This money is for rightsof-way, fencing, etc., spent on highways in the county from 1924 through 1939.

Recently the commissioners' court was asked to work up an itemized account of expenses, the county being credited with only \$2,440.00 by the department. An itemized list of all money spent was prepared by the county treasurer and when totaled the amount was \$70,838.85. County Judge W. county treasurer, went to Austin to take the itemized list of ex-

the department.

CLIETTS, HERE 22 YEARS, GO

Oscar Cliett, popular manager of the J. M. Radford Wholesale Gro cery company in Cisco for the past 22 years, will move to Abilene in the next few days to work in the main office of the home store. Mr. Cliett will be succeeded a manager here by C. E. Hickman, who has been with the compa during the past fifteen years.

Mr. and Mrs. Cliett came to Ci to during the turbulent days of 1919, when it was a problem to ge merchandise and to deliver it surrounding retail outlets after was sold, on account of the lac of passable roads over the rutty mudholes made deeper by truck that were just displacing big broad-wheeled wagons that had formerly transported heavy mer chandise. Mr. Cliett had been with the company about six year at that time and was manager at Big Spring.

Many offers of promotion to arger cities have come to Mr Cliett through the years from the senior Radford, who regarded him as one of his most dependabl men, but Mr. Cliett had pushed them aside, saying he preferred to remain in Cisco where he had h home and staunch friends and his children had gone through th

public schools with their friends. But now Mr. and Mrs. Cliet leave reluctantly to the call o duty. The elder Radford has pass ed away and others of the olde stockholders have been incapaci tated, leaving the burden of car rying on to the younger stockholders. However, Mr. Cliett says he will retain his home place here and will look forward to the time when he may return to Cisco and two American military observers the long list of friends who will

BIBLE GARDENS.

Some of us consider our gardens very modern, but there may not be much about them that is really new. And it is surprising how our flower gardens resemble those mentioned in the Bible. In a new book on this theme, "Bible Plants for American Gardens," Eleanor Anthony King says that people 2,000 or 3,000 years ago were planting much the same kinds of vines and aromatic shrubs that we plant today. They were familiar with anemones, narcis sus, hyacinths, morning glories, pinks, geraniums, tulips, With repeal of the sections honeystickle, lupines, poppies,

Offset Rising Prices

WITH THE SAVING OF MODERN GAS COOKING

Modern Gas Range takes guesswork out of Cooking to cut down waste and spoilage--

With general retail food prices, according to November 8 report of U. S. Bureau of Labor, up 16 per cent from last year careful shopping and economy cooking are necessary in keeping the household's budget out of the

Modern Gas Cooking is economy cooking. Gas itself costs little. Add to this the efficiency and operating advantages of a modern gas range. Accurate heat control provides the exact temperature a recipe requires so that food is done perfectly with no waste or spoilage. Oven insulation makes possible more cooking on the same amount of gas. Oven pre-heats twice as fast.. Simmer-type burners prevent wasteful boil-overs or food burning. These are only a few of the reasons why a modern gas range saves money, saves food!

Keep your budget out of the red. Save with modern gas cooking. Its savings will offset rising food prices.

There's no advance in the price of gas service. It still cooks a good dinner for 3 people for 1 cent. Save with gas!

CLEAN KITCHEN! With the new simmer-type burners, there's no excess steam to carry cooking greases to walls and curtains. Heat is not wasted and there are fewer cleaning bills.

BETTER MEAT DISHES for less money! You can make cheaper cuts of meat taste as delicious as more costly kinds. For the lowtemperature, accurately regulated heat of a modern gas oven makes meats more palatable.

Community Natural Gas Co.

WHEEL ALIGNMENT is important if you want top tire mileage. If a wheel is not in alignment, the tire is "dragged" sideways, scraping off rubber with every turn. Have your wheels check-

ed every six months for

longer tire mileage.

Our FORD PARTS EX-CHANGE PLAN saves money for you. When your distributor, carburetor, or other assemblies become worn from long service, you'll often pay less for a Ford Exchange Assembly than you'd pay for a complete overhaul of the part.

THANKSGIVING

It's been just 320 years since that first Pilgrim Thanksgiving, 320 years of increasing wealth and happiness in this land. We have even more to be thankful for than those intrepid Pilgrims, so let's all be thankful . . . for our homes, our friends, our great nation that gives peace and liberty to all. Let's be thankful for past favors . . . and face the future with hope.

ited Addie Mae Horn Sunday. Mr. and Mrs. Mae McCarty and Weldon Kimbrough of Cisco, were guests in the J. M. Boatman

home Saturday.
Arthur Lee Archer visited Kenneth Boatman Saturlay. Miss Marzie Boatman visited Mrs. Pat McGough Saturday.

DAN HORN

Mr. Tom Lane, father of Mrs Tal Horn, died Tuesday night Nov. 18, at Odessa, and was buried at Kermit, Thursday, Nov. 20. About 40 years ago he lived in this community and preached at the churches of Pisgah, Scranton and old Mitchell. He and Jim Slatton and another minister held protracted meeting at the Hobart church. He had many friends here who extend to Mrs. Horn their sincere sympathy.

Elbert Morton of Merkel spent the new Thanksgiving day here with his parents.

Mrs. Granvil Douglas and Aun Seenia Douglas of Oklahoma City after a month's visit here in the W. H. Ervin home, departed Wednesday for their home, accompanied by Miss Eca Ervin.

Mr. and Mrs. B. Walker spent the week-end in Eastland with their daughter, Mrs. G. Ross and family, prior to their departure Sunday for Barling, Ark., where the Ross family will make their 4,600 pounds and will burn for six weeks every Yuletide for 200 years. The Dallas Historical Society participated in the lighting ceremony, which sets a new tradition for Dallas Christmas observances for the

A wedding announcement of interest to the people of Dan Horn stated that Walter Tarver, son of Mr. and Mrs. N. J. Tarver, and Miss Frances Parr of Colorado City, were married in that city Sept. 18. They will make their home in Colorado City where Walter is working in a refinery

THE Revall DRUG STORE FOR BEST VALUES IN TOWN

The Pilgrims gave thanks for the American Way of Life that they created, protected, and nourished into greatness.

Today we give thanks that this same American Way of Life has survived and shown progress as each year passes.

E in West Texas have much to be thankful for ... bountiful crops, great herds of cattle, sheep and goats, the world's greatest reserve of gas and oil, a plentiful supply of cheap electric light and power, good schools and good highways. Our homes are modern and we enjoy an exceptionally high standard of living. Yes, no part of the nation has benefited more

from the American way of living, or enjoyed more fully the FREEDOM and DEMOCRACY that we now are waging a war to retain.

But West 'Texas' future prosperity, growth and development depend on what we do today.

Let us look ahead, then, and encourage tax-producing industries with which to pay the tremendous burden of debt now accumulating in astronomical figures and as a means of providing jobs for the many thousands of men and women left jobless when defense projects are at an end. Let's not forget that somebody must "pay the piper" for the years of boondoggling when this country should have been preparing for a war that long ago appeared inevitable.

On this Thanksgiving Day let's be thankful for the taxpayer too!

> West Texas Utilities Company

for blessings and for happiness achieved-is an ancient one. Holy Writ speaks of fasting, feasting, giving thanks, for deliverance from enemies, troubles, pestilence, famine and unhappiness. Man is a thankful creature because God made him that way-being grateful is a characteristic put into our very natures by God, Himself.

Modern Thanksgiving

Modern Thanksgiving Day of course had its beginning in 1621 when devout Pilgrims gave thanks for a bountiful harvest following a winter of sickness, and near-starvation. Wild turkeys contributed greatly to the food for that year and they, together with the fruits of their harvest-pumpkins, yams and other vegetables along with Indian corn, became tokens of this Feast Day which has come down as an American tradition.

Modern Appliances

Modern appliances, such as gas and gas cooking and warming units, have given Cisco people much more to be thankful for than was had by those Pilgrims of long

And add to this the liberties and freedom enjoyed by our great nation which has championed the cause of all downtrodden peoples of the world, and the ideals inspired by a nation of educated masses, and we have cause indeed to be thankful.

Let us pause in our feasting and give sincere thanks to the God who thus blesses our efforts and our Land of the Free and Home of the Brave.
