

THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—1,614 ft. above sea; immense lake—three miles long, 87 ft. deep at Williamson hollow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas; electric and ice plants; War Industries Training School for Women.

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool.

VOLUME XXIII.

CISCO, TEXAS, THURSDAY, MAY 20, 1943.

NUMBER 183

STRONG RESISTANCE BY AXIS OVER SARDINIA

CARBAJAL AT ABILENE BANQUET, MAY 24

A. E. McNeely had charge of the program at the Rotary club today, bringing musical numbers played by himself, Mrs. Ben Krauskopf, Ernest Hittson and Mrs. Billye Cole Hall, which were encored over and over. Mrs. McNeely was a guest of her husband.

Secretary G. R. Nance announced that Fernando Carbajal, of Lima, Peru, president of Rotary International, would speak in Abilene, Hilton hotel, the evening of May 24, and that those desiring to attend the banquet should make reservations immediately.

Secretary Nance also read a letter of thanks from Rotarian E. P. Crawford for flowers sent by the club during his recent illness. President Ernest Hittson read a letter of thanks from Mrs. Asa Skiles regarding flowers sent Rotarian Skiles.

R. N. Cluck announced the Cisco Junior college baccalaureate sermon to be preached at First Methodist church the evening of May 27.

Many compliments were heard among members today regarding the good meal served by ladies of the First Christian church.

UNION MINERS BREAK TRUCE WITH U. S. A.

PITTSBURGH, May 20.—Western Pennsylvania soft coal miners, demonstrating their resentment over developments in new contract negotiations, today had closed nine mines and a coke plant employing some 4500 men in violation of a truce with their employer—the government.

ALBANY CITIZENS' TEAM WORK TIPTOP

Mayor Edward Lee and E. L. Jackson attended a chamber of commerce banquet at Albany Tuesday night, getting a good lesson on cooperation, according to the mayor. There were 241 tickets sold and the ladies serving the banquet were forced to stop the sale on account of limited facilities to serve it.

"Now when a small town like Albany sticks together like that, you may call it real cooperation," said Lee.

It was a victory dinner, serving chicken as the meat, the Cisco men said.

STATE DEFICIT DOWN.
AUSTIN, May 20.—The state's general fund deficit reached its lowest point in five years today at \$20,731,002, a reduction of \$8,507,483 from a year ago.

FELL 10 STORIES.
CHICAGO, May 20.—Physicians reported with amazement today that Robert McDonald, 33, who weighs 240 pounds, apparently suffered no broken bones in his 10-story plunge from the fourteenth floor of the First National Bank building. He landed on a skylight.

FINE AVERAGE.
Miss Edith Allison, 17, daughter of Mr. and Mrs. J. C. Allison of Eastland, will be graduated as valedictorian of this year's graduating class at Eastland high school. During her four years in high school, Miss Allison established an average of 97.34.

HAL PAGE CITED FOR A-1 WORK

Sgt. Hal B. Page, route three, Box 14, Cisco, has been awarded the air medal by Brig. Gen. Westside T. Larson, commanding general of the army air forces anti-submarine command, "for extraordinary achievement while participating in more than 200 hours of anti-submarine patrol."

The citation further states that "as a member of a combat crew he displayed outstanding initiative, resourcefulness and a high degree of skill under many trying conditions such as restricted visibility, low ceilings and icing conditions encountered on the large number of flights necessary to perform this hazardous patrol of great responsibility."

The citation closed with these words: "The outstanding service of this individual reflects the highest credit on the military forces of the United States."

AUBRY HOLT GIVING VALUABLE HELP

Pfc. Aubry L. Holt of Cisco has been transferred from Lubbock army air field to San Antonio, where he will receive advance training in airplane instruments at Randolph Field technical specialists' school.

Member of the 498th squadron at LAAF, Private Holt has been serving as one of the mechanics who helped keep them flying at the big advanced twin-engine bomber pilot training school at Lubbock.

Holt attended school in Cisco and is a son of W. J. Holt of the Pleasant Hill community.

MAJOR COMPANIES HIKE N. T. CRUDE

FT. WORTH, May 20.—Gulf Oil Corporation announced today it had lifted its postings for North Texas crude 4 cents a barrel, which becomes effective Saturday under the higher ceiling approved by the Office of Price Administration.

Stanolind Oil Purchasing Company was the first to announce an increase, being followed by Sinclair Prairie Oil Marketing Company, Humble Oil and Refining Company and then the Gulf.

The Gulf postings start at 95 cents for 25 to 25.9 gravity oil, with a 2-cent differential upward to \$1.25 for 40 gravity and above.

GOOD NEIGHBORS.
MEXICO CITY, May 20.—The newspaper Excelsior, quoting "an authorized spokesman of Petroleos Mexicanos," said Wednesday night that the United States government has extended to the Mexican oil industry "credits sufficient for its stabilization."

Born to Rev. and Mrs. W. H. Symank Wednesday at Graham Sanitarium, a baby girl; weight six pounds and four ounces. Mother and daughter are doing well.

Mrs. Lila Hendricks, who has been in Ft. Worth for a week, having her eyes treated, has returned home.

CLERIC IN MALTA—Archbishop Francis Spellman of New York visits George Cross Island of Malta to see for himself suffering Maltese have endured as most bombed spot in world. He's shown touring Valetta with mayor and Parish priest.

FLOODS IN 6 STATES DO DAMAGE

ST. LOUIS, May 20.—Flooded creeks and rivers of the vast Mississippi tributary system backed up over wide areas of bottomland in six Midwestern states today, driving at least 82,000 persons from their homes and causing crop damage which mounted hourly.

Armies of police, militia and volunteers manned dykes and levees in a battle to stem rising waters in Indiana, Illinois, Missouri, Oklahoma, Kansas and Arkansas. The Mississippi already had overflowed its banks above and below St. Louis.

Emergency Red Cross units provided shelter for 12,000 persons made homeless by the raging White and Wabash rivers in 20 Indiana counties. At least 10,000 were homeless in Illinois. In northeastern Oklahoma 60,000 were instructed to move when unprecedented pressures forced the opening of the flood gates of the Grand river dam.

An estimated 3,000,000 acres of farmland already were under water in the 500-mile flood belt. Farmers predicted that another week's soaking would put them one month behind 1942 planting schedules for corn, wheat and oats.

FORT WORTH STOCK MARKET STRONG

Trade in beef cows and stocker and feeder cattle and calves was active and strong on the Fort Worth market today while other cattle and calves ruled steady.

Hogs were steady on all classes and weights. Top was \$14.35 and the packer top \$14.25.

All sales in the sheep market were steady.

BENES SAYS WAIT.

NEW YORK, May 20.—Expressing belief that the European war will be over within a year, President Eduard Benes of Czechoslovakia says the peace conference should not take place until a provisional peace is made and the war with Japan is ended.

WADLEY IS JAP PRISONER

Joel Wadley, 27, son of Mr. and Mrs. W. H. Wadley of Cisco, is a prisoner of the Japs according to information furnished the family by the American Red Cross.

The Cisco boy was the personal chauffeur of General Wainwright at Corregidor and, together with the general, was captured when Corregidor fell.

This was the first authentic news the parents had received concerning their son, who was presumed to have been killed.

Wadley was born near Cisco, attended the Cisco schools and enlisted about three years before the United States entered the war. He has two other brothers in the service.

ATTU ISLE JAPS ARE TRAPPED

WASHINGTON, May 20.—The two main American forces on Attu Island today were believed to have merged, trapping the Japanese in a small area where they can be blasted by field artillery from land and naval guns from the sea.

Informed quarters said the enemy is now confined to positions around Chichagof Harbor and Sarana Bay, on the northeastern end of the island. They doubted that the Japanese could offer major resistance from those positions although they could delay the final American offensive from concealed machine gun emplacements.

These same sources said the enemy had been cleared out of the Holtz Bay area and to have left behind considerable booty. Japanese who escaped joined their comrades around Chichagof and Sarana Bay.

Thus, the enemy on Attu finds itself in nearly the same situation as the Japanese who were trapped on the northwestern tip of Guadalcanal in the final days of that campaign. Given a few days of good weather which would permit steady instead of sporadic employment of aircraft and naval guns, military quarters said, the American forces can bring the campaign to a close in short order.

REDS MAINTAIN AIR GRIP AND BLEED ENEMY

MOSCOW, May 20.—Russian planes bombed an airbase and troops and Red artillerymen destroyed 23 German defensive positions in a day of heavy pressure on the enemy line a few miles northeast of Novorossisk, the Soviet midday communique announced today.

The article said the Russian air force was maintaining numerical and qualitative superiority and that the Germans were losing on the average of 30 to 40 planes a day.

U.S. AIR SQUADRONS DESTROY 75 PLANES ON GROUND AND IN AIR; FOUR U. S. PLANES LOST

NORTH AFRICA, May 20.—American aerial squadrons hammering at the island stepping stones to Italy met strong Axis air resistance for the first time in a month during heavy raids on Sardinia and Sicily, but destroyed at least 75 enemy airplanes on the ground or in gruelling air battles over the Mediterranean.

The American Flying Fortresses, other bombers and fighters knocked down 29 enemy airplanes in air combats and destroyed at least 44 other enemy planes on the ground, including 37 which were blasted during a heavy attack on the Sicilian air base at Milo. Four U. S. planes were lost.

Six more enemy planes aground were directly hit by Billy Mitchell bombers at Milas air-drome in central Sardinia, despite the first real show of enemy air opposition since the end of the battle for Tunisia.

At least 50 enemy fighters jumped the Flying Fortresses when they bombed Milo air-drome, near Trapani, starting big fires. Ten of the enemy were shot down by the Fortresses or Lightning escorts. More than 30 enemy planes attacked Marauders and Warhawks which bombed Monserrato and El Mas air-drome and the harbor at Cagliari, in southern Sardinia.

In all four targets in Sardinia were attacked by U. S. bombers and 18 enemy planes were shot out of the air.

Many hits were seen among 50 enemy airplanes parked on the Villa-Cidro airfield.

A single RAF Beaufighter on patrol off the eastern coast of Sardinia ran into five Nazi JU-88's, carrying torpedoes, and shot down one. Another was probably destroyed and a third damaged.

(The German radio said that Nazi bombers attacked Oran harbor during the night).

The biggest air fight of the day occurred between the Sicilian coast and the Egadi Islands, just west of Sicily where the 50 enemy fighters attacked the Fortresses. The fight lasted 20 minutes, during which 10 enemy planes were shot down in battles that ranged from 20,000 feet to about sea level.

"They came at us from all sides," Staff Sgt. Orville R. Hester of Joplin, Mo., said. "I got one Messerschmitt 109 but it was a lucky shot fired while the Jerry was far away."

RAF MAKES 65TH RAID ON BERLIN

LONDON, May 20.—Speedy RAF mosquito bombers raided Berlin for the fourth time in a week today, other airplanes attacked enemy targets in France and Belgium and two big formations of Allied aircraft roared across the English channel this afternoon to carry on the nonstop assaults against Axis Europe.

Almost an hour later four groups of RAF fighters returned at a low altitude.

In addition to the attack on Berlin during the night, Allied planes hit at enemy airbases, railroads and inland shipping in northern France and Belgium.

The raid on Berlin was presumed to be light. Not a single Mosquito bomber was lost. It was the 65th raid of the war on the German capital.

Don't expect American troops to make spectacular gains every day. Before a little guy can run with the ball, tough buys must open a hole for him.

The chronic pessimist can't decide whether the world will get better or remain the same, says he knows it will not be worse.

\$15 MASCOT—Before leaving port sailors chipped in to buy pedigreed beagle pup, now named "Salty." Here he leans for titbit offered by Lieut. Michael Kevoic of Coaldale, Pa. Salty barks at all approaching ships.

STAR'S BROTHER—Meet Lieut. Nick Menjou of U. S. Army. He's brother of movie star, Adolph Menjou, and is stationed "somewhere in Iran." Brother Adolph remains in U. S. and helps distribute propaganda in seven languages. OWI Photo

BAN "FUN" DRIVING.

WASHINGTON, May 20.—As of noon today, it's against the law again to drive for fun in 12 eastern states, part of another and which the armed might of the nation is expected to total more than 11,000,000 men and women.

LOTS OF MONEY.

WASHINGTON, May 20.—President Roosevelt today set \$71,898,499.700 as the figure to operate the army in 1944—the year in which the armed might of the nation is expected to total more than 11,000,000 men and women.

THE CISCO DAILY PRESS

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. O'FLAHERTY, Publisher and General Manager; W. H. LaROQUE, Advertising Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas; outside the above-mentioned counties, \$3.50; \$4.75 in U. S. outside of Texas.

Per year, in advance (Cisco) \$5.00
Per week, by carrier boy 10c

IDEOLOGICAL.

Congressman Ditter of Pennsylvania, in a recent speech commending the high-handed practices of a federal bureau, said: "It cannot be gainsaid that there exists among the people of this nation a profound distrust in the competence and even in the sincerity of a large portion of the bureaucracy of Washington in the pursuit of the war effort."

At a time when the government needs every dollar that it can tax from the people or borrow from them, its policy should be to encourage private productive enterprise which pays taxes and maintains the national wealth. But in the case of electric power development, it promotes tax-exempt government-owned power plants to the destruction of highly-taxed private electric companies.

Government competition with private enterprise destroys the foundation of tax revenues. Such a practice is neither just to investors nor wise as a public policy. It is un-American in principle.

Commenting on the growing public fear of bureaucratic power, Congressman Ditter says: "There is a deep-seated belief that with a fanatical zeal, many officials... place the victory over our enemies in a minor place in comparison with their ambition for control and power and the promotion of ideological objectives, both of which hinder rather than help the prosecution of the war."

The nice rain that fell last night and today throughout the Cisco Country was a life-saver and will add new pep to both farmer and gardener. City gardeners, who have talked much about what they could do with a good rain, may now get busy and demontstrate.

DECENCY.

Fuel Administrator Ickes, usually regarded as a very hard-boiled individual, seems to have a gentle streak in him when it comes to dealing with John L. Lewis. Referring to the United Mine Workers' boss the other day, in a discussion of the coal situation, he said it was "very decent" of Mr. Lewis to grant the fifteen days' truce.

At a time when the nation is engaged in the most dangerous struggle of its history, and when continuous production of fuel is needed to keep the war industries going, not to mention the requirements of normal life, that seems like a masterly bit of understatement. What kind of descriptive terms would have been

in order if Lewis had failed to grant such a truce, or if he were to close the mines again while he dictated terms of settlement?

It should be clear by this time, to thinking people, that the nation cannot have two rival governments, one at Washington and the other some private citizen's hat.

FOOTBALL.

Harvard has given up intercollegiate football for the duration. This repeats her action in 1917, when she was joined in this move by Yale and Princeton. But in general the first world war, like the second so far, saw surprisingly little reduction in intercollegiate football.

This state may not continue. The Harvard authorities give as their reasons the small number of undergraduates available for sports, heavy army and navy demands on university facilities for war training programs, an academic schedule that has been speeded up, and the repeated requests from the Office of Defense Transportation to cut down unnecessary travel.

Such factors may well apply to other colleges. Some are already seriously disturbed about their future. To carry on, they may have to curtail many non-essential activities. These may or may not be thought to include football.

FARMERS.

Many large dairies have gone out of business. More and more is the nation having to rely for its food on the family where the members get up in the early hours, milk the cows, tend to the farming during the day, milk the cows at night, and at a late hour call it a day, go to bed, and get up to do the job all other again, seven days a week.

If the farmer worked the short hours and received the high pay of workers in war industries who are constantly striking for even higher wages, those workers would probably be paying a dollar a quart for milk.

Nature's requirements on the farm recognize no artificial production limitations and slow-down sabotage.

There are two good places to put strikers today—if our leaders had the guts—in the army and on the farms. They would then get an idea of what real work is.

The OPA urges conservation of paper. So, it is presumed, much of the printed stuff that clutters the mails out of Washington will be eliminated for the duration.

PISGAH

Miss Cynthia Parks, returned home Monday from Cisco where she had been visiting for a week.

Mr. and Mrs. C. L. Beard visited Mr. and Mrs. McGlasson, Sunday afternoon.

Miss Fern Bentley of Atwell, spent the weekend with Billie Ruth Parks.

Sgt. Edwin Ziehr of Camp Hulen, Tex., visited his father and brother Walter Ziehr and family during the weekend.

Mrs. Ida Mae Metcalf and son Mr. and Mrs. Mickey Carroll of Cisco, visited Mrs. Walter Ziehr Friday of last week.

Misses Billie Ruth Parks and Katy Beth Speegle visited Mrs. Walter King Sunday and Sunday afternoon they went to the lake.

We wish to express our sympathy to the family of Mr. and Mrs. John Alvey in losing their son, Vestel, who was killed in Africa the 23rd of April. Vestel was well known here and his death left a tender spot in our hearts.

Mr. and Mrs. Walter Ziehr and daughter, Martha Lee, visited Mrs. Lottie Brown, Sunday, who

has been sick. We are happy to learn of her improvement.

BRANTON GIN

Miss Delma Fae Richardson, who had an appendix operation at Blackwell hospital Sunday, is doing nicely.

Mr. and Mrs. G. G. Crowell spent Saturday with their daughter, Mrs. Clifford Smith, in Cisco.

Dr. and Mrs. Tom Patterson visited in the W. W. Hill home Friday.

Mrs. Large and daughter, Mrs. Billiman and Mrs. Bean, were Sunday dinner guests in the W. I. Maples home, Williams community.

Mrs. Mack Bean and Miss Eva Richardson visited Delma Fae Richardson at Blackwell hospital, Monday.

Mrs. Pearl Sellers of Fort Worth is spending this week with her sister, Mrs. Ezzell, who has been ill.

Mrs. Howard and sons have the sympathy of their friends in the loss of their husband and father,

who passed away last Wednesday.

Mr. and Mrs. Ben Howard and daughter of Texon were here for the Howard funeral, Thursday.

Mr. and Mrs. M. M. Cooper vis-

ited Mr. Hearon Monday who is seriously ill in the Gorman hospital.

Mr. and Mrs. Almon Howard, also Mrs. Alice Howard of Mineral Wells, Mrs. Burr of Coleman,

were here last week for the Howard funeral.

Mrs. Billiman and Miss Eva Richardson were in Cisco Tuesday.

Mr. and Mrs. Odus Criswell made a business trip to Carbon Monday.

Dock Bowman transacted business in Ranger Tuesday.

Mr. and Mrs. Reed of Fort

Worth spent Saturday night and Sunday with her sister, Mrs. Melvin Ezzell.

Alvie Hines and children were in Cisco Tuesday.

Bobbie Shults is home from A. & M. to spend the summer with his parents.

Mrs. George Hill and daughters spent Saturday night and Sunday in the Willie Cooper home.

Army Chaplain Told Memorial Plans By Tiny Crippled Tot

With those plaster casts on her footsies, three-year-old Barbara Richey of Meadow, Texas, couldn't take her army visitor on a walking tour, but she gave him an armchair travelogue on the doings at Texas Scottish Rite Hospital for Crippled Children. Colonel O. J. Cohee, chaplain of the Eighth Service Command, visited the wards in advance of the sixth annual memorial services, Sunday afternoon, May 23, when he will deliver invocation and benediction at the ceremony commemorating fifty-seven Texas benefactors who have left bequests in their wills to help carry on the hospital's work of curing physically handicapped children of the state. The memorial services will be broadcast over Radio Station WFAA.

TIMELY TIPS on tire care

Get our careful, complete tire check-up today

Let us remove small stones, find and fix tire cuts and breaks that may mean serious trouble. Have us check wheels and brakes, too. We offer reliable services at reasonable cost.

Don't wait until your tire is worn too thin for recapping and becomes a total loss. We'll tell you when to act. No ration permit needed.

BEFORE **AFTER**

And — you pay no more for **GOODYEAR EXTRA-MILEAGE RECAPPING**

A job you can trust, done by experts—using Goodyear methods and materials to give you many months of safe driving.

\$6.50 per tire (Size 6.00-16 (Recappable carcasses furnished by you))

GOOD NEWS!
Use your tube certificate to buy **LIFEGUARDS**
The best tubes money can buy!

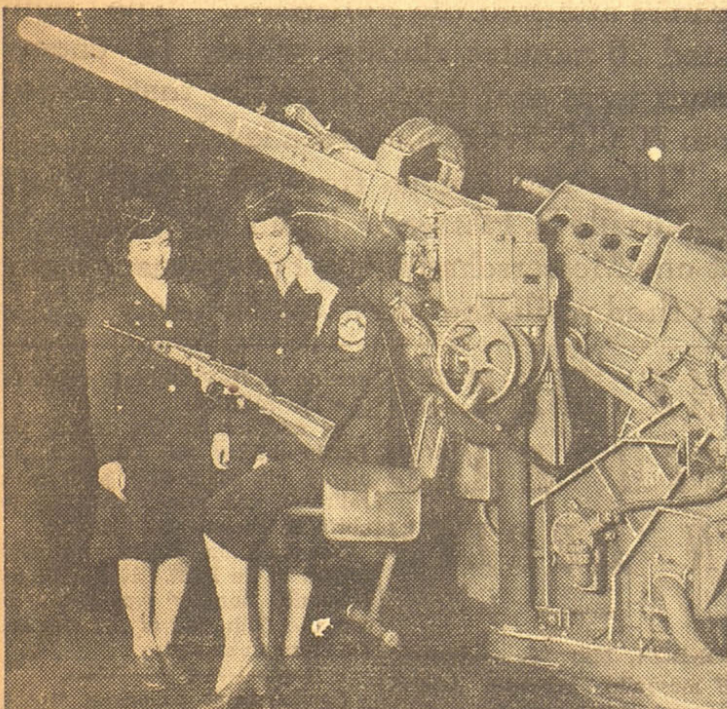

A pre-war product—LifeGuards hold air better, wear two to three times longer. You can't get better protection to save your life! Limited stock—so buy NOW.

GOODYEAR TIRES
LOW COST... HIGH VALUE

Don't let YOUR battery "GO DEAD!"

Get our careful FREE check-up NOW. Prompt, reliable recharging service. Need a new battery? Get a factory-fresh, full-power GOODYEAR!

'Long and Short' of GM Guns

ARMY Ordnance workers study "the long and short" of General Motors guns. (Left to right) Ruth Lorton, Marguerite Kasischke and Ann McMillan, of the Detroit Tank Automotive Center, examine a .30-caliber carbine and a 90-mm. anti-aircraft gun at the GM Arms for Victory exhibit in Detroit. General Motors today is the nation's biggest producer of firepower, in one recent month having turned out 13,000 "shooting irons" ranging in size from carbines to cannon. Only three GM divisions in the United States and Canada are now in production on fifteen different types of weapons and assorted gun parts fighting forces of the United Nations.

Those present were Mrs. O. J. Russell, Mrs. O. G. Lawson, Mrs. Algie Skiles, Mrs. F. D. Wright, Mrs. W. Frank Walker and Mrs. B. B. Hurst.

MANY NEVER SUSPECT CAUSE OF BACKACHES

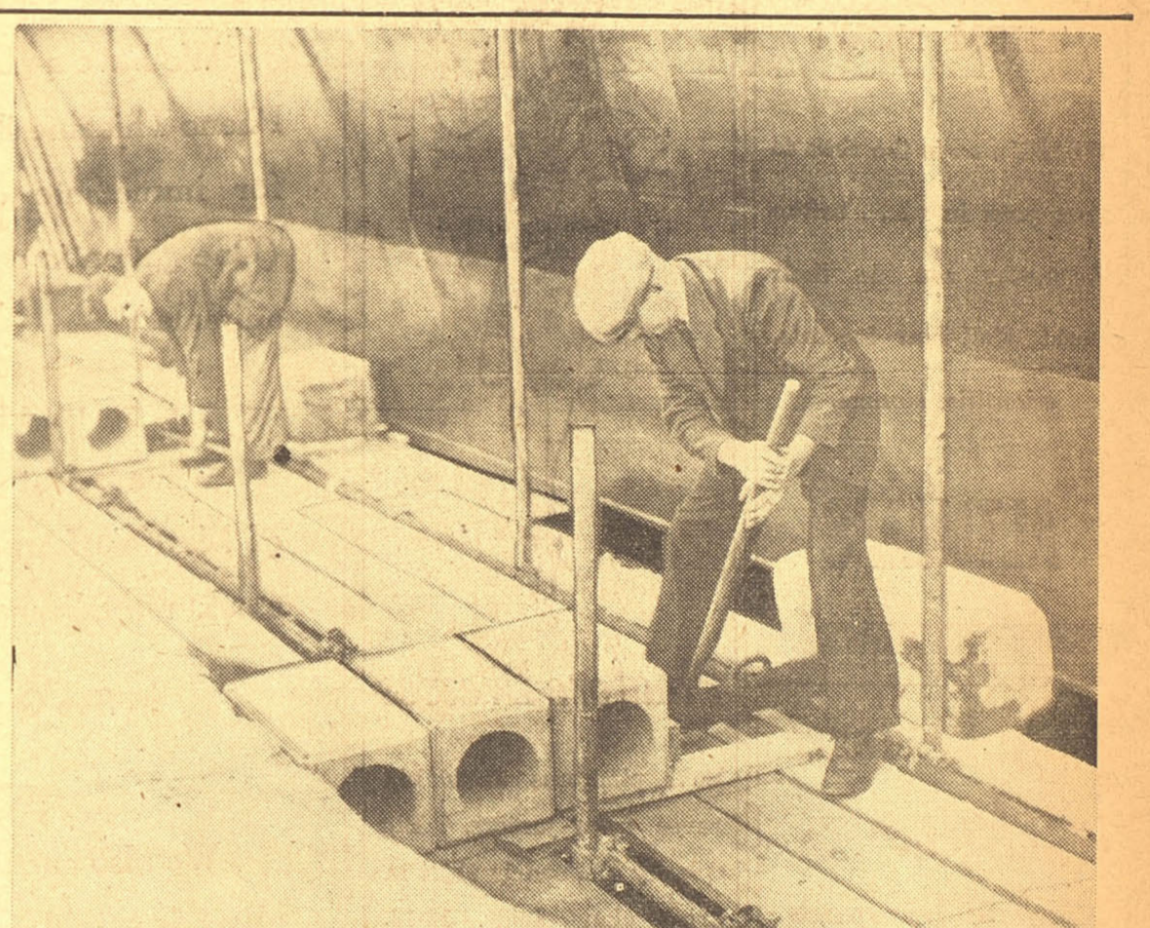

This Old Treatment Often Brings Happy Relief Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys.

"TAKE CARE OF THE THINGS YOU HAVE" SAYS THE O. C. D.'s "CITIZEN'S HANDBOOK FOR WAR" It's common sense to make things last as long as possible, and wartime conservation dictates that you keep your home and your possessions in good order and repair.

SOUVENIR HUNTERS—Picture just released by U. S. Navy Department shows crew members digging pieces of Jap shrapnel out of deck of U. S. warship that was in battle off Russian-owned Komandorskie Islands in North Pacific. Yanks routed superior Jap force.

BRITISH PUSH—Getting ready to launch a barge in a method new to Britain, workmen in a shipyard turn jacks that literally drop vessel into water. Barge was built on "collapsible" concrete piles, with jacks alongside. When they were turned, down she went. Piles were afterwards recovered and used over again.

KATE CELEBRATES BIRTHDAY WITH PARTIES FOR OTHERS

As a rule, Kate Smith celebrates her birthdays, which fall in the same month as her radio anniversaries, with cakes and parties. But this May, which marks her twelfth anniversary as a radio star and her 33rd birthday, Kate's parties are for the service men.

funeral directors and embalmers Wednesday which was held in Fort Worth.

TEXAS TENTH IN 1942 LIFE INS. PAYMENTS

CHICAGO, May 20.—Every day in 1942 life insurance policy holders and beneficiaries in Texas were paid \$195,890 or a total of

\$71,500,000 for the year and \$11.14 per capita, according to a special compilation released by the National Underwriter, weekly insurance newspaper. Texas ranked tenth in life insurance payments among all states.

Houston led Texas cities in life insurance payments in 1942 with \$13,985,000 or \$36.37 per capita, compared to \$13,120,000 in 1941. Houston ranked 22nd among all cities in the country.

CATHOLIC KNIGHTS.

HOUSTON, May 20. — W. E. Byrnes of Houston was re-elected

president of the Supreme Council of the Catholic Knights of America at the closing session Wednesday of a three-day triennial convention which was held here. Little Rock, Ark., was picked for the next convention of the group, May, 1946.

Being a rogue is like any other calling. The stupid fail and the smart ones sit behind desks.

Dixie is the place where white ladies who are wonderful cooks train negro girls so they can get jobs in New York.

LIFE'S Little TROUBLES

-CAN'T SLEEP-

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRES-SURE won't let you sleep. Be sensible—get up—take a dash of

ADLER-I-KA as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adler-I-Ka assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adler-I-Ka from your druggist today.

Pinafore Dresses

Bold pinafores draw big raves from juniors. Big splashy bib, swirly skirt in bright clan plaids. 12-18.

PRICED

\$3.95 to \$8.95

CHICKENS—TURKEYS Star Sulphurous Compound.

Given in drinking water or feed destroys the intestinal germs and worms that cause most all diseases as they enter the fowl in feed, preventing most all diseases. Also rids them of blood-sucking lice, mites, fleas, blue bugs and red bugs that kill many of your chicks. Cost very little to use. Money back if not satisfied.

"I AM AN AMERICAN!"

This week is "I Am An American" week and how glad we are that we can shout this sentence to those who ask in foreign countries, just who are you? Well, they do not need to ask — they know whom we are.

Let us carry on, each doing his duty as he sees it. Let's accept sacrifices without murmurings or complaint. Let's Be Good Americans at home.

EASTLAND COUNTY LIVESTOCK AUCTION.
J. A. TRIGG, Owner.

"I AM AN AMERICAN"

Proudly Businessman, Industrial Laborer and Soldier go hand in hand working for the one goal —To Remain and be proud of the fact that They are indeed true Americans . . .

No prouder word can a citizen of the United States utter and shout to be heard round the world than this one sentence—"I Am An American!"

The soldier is glad to state that sentence on the field of battle—on the field of victory—on the shores of the land on which his ship lands him—"I Am An American!"

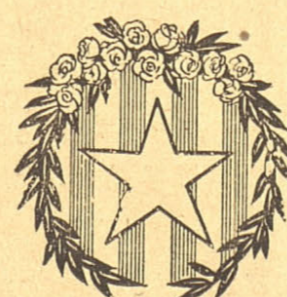

How gladly would millions of people of the nations of down-trodden Europe shout that word, if they only had the opportunity to become one of this land that is meaning freedom to them . . . Offering hope when all hope seemed gone forever . . . for them and their children.

That business man who is giving of his profits to help carry on . . . to buy food, ammunition and arms for the soldiers and to feed the starving slaves of conquered countries . . . marches hand in hand with the soldiers.

That Industrial Laborer is proud to know that he, too, is making it possible to fight for America — His Native Land.

We who remain at home are glad that We Are Americans.

Cisco Gas Corporation
