

THE CISCO WEEKLY CITIZEN

VOLUME FIVE

CISCO, TEXAS, FRIDAY, OCTOBER 12, 1934

NUMBER 6

L. L. Hooker, Cisco Relief Officer, Is Attending School

L. L. Hooker left Saturday for Dallas, where he is in training for relief work at the Social Service Institute, to be gone about six weeks. Another county relief officer taking the training is W. E. Moore, of Rising Star. During the absence of Mr. Hooker the Cisco office is in charge of J. W. Slaughter, an assistant to Hooker.

Wednesday Mr. Slaughter told the Citizen that all relief managers had been advised to conserve their resources to the limit. Allotment of funds to carry on the work had been reduced to 19 per cent of the amount formerly allotted, and in compliance the number is now being reduced alarmingly, with insufficient funds to take care of the decreased beneficiaries. "In fact," Mr. Slaughter said, "about all we have in the food line is the canned meats, which we are giving to those needy people that have to be taken care of. Many make this canned meat their whole diet. Fortunately this office is supplied with a plenty for the time being, but it is going mighty fast. The record shows we have given out 2,289 cans this week up to Wednesday night.

"We have received from the cannery at Abilene, where the cattle bought by the government is being processed, 444 cases of 24 cans to the case, or a total of 10,656 cans.

"The meat is very nice and wholesome, and in assorted varieties of stew meat, hash, hamburger and soup, which will be given to the needy as long as it lasts, as it is our only source of relief till other funds are available.

"It is likely that we will again put the sewing department to work soon, which will be a great help," he said.

Permanent Possession Of Rebekah Trophy Is Won By Goodwill Team

In the session of the Odd Fellows and Rebekah association of Eastland county, held in Eastland on Thursday night of last week, the Eastland county trophy was awarded to the Goodwill drill team of Cisco. In I. O. O. F. circles this cup is a coveted trophy, even to win for one time, to carry off the trophy for the third time in succession becomes an honor thrice bestowed. That is the success of the Cisco team has achieved, and in win-

ning the cup for the third time without an intermission gives the Cisco team permanent possession for all time. The members of the team are pardonably proud of this honor, which has been placed in the lodge room of Goodwill lodge for all time, making it necessary for the association to purchase a new trophy for the teams to contest for next year. But this, too may find a permanent home in Goodwill lodge, should the local team decide to win this honor, thus adding a third trophy to their collection, as they already hold the state cup for being the best small team in the state.

The champion team is composed of the following well-known Cisco ladies: Mesdames Ben Krauskopf, captain; J. A. Jensen, H. C. Wippert, Coe McLeroy, Leota Rae, Opal Yeager, L. W. Elkins, Troy Powell, Effie Mayhew, Alice Meadows and Jewel Hess.

THREE CISCO BOYS GIVEN PLACES IN C. C. C. CAMP

According to reports from Eastland three Cisco boys were named among the 17 selected from Eastland county for six months' service in a CCC camp at Big Spring Monday. These are Oscar Paul Walton, Orville Bailey, and Herbert Callaway. Others in the group from this county were as follows, being the county's quota:

Dave Johnson, Ranger; John Crowell, Rising Star; Elvin R. Ingram, Ranger; John Wesley Dillard, Emmett Baker, Olen Corley, Pioneer; Coe Garrett, Eastland; Horace Herbert, Carl Nunley, Horace Willoughby, Eastland; Irvin Kennedy, Desdemona; Dan Roth, Arno Dupay, Gorman; Price McClister, Ranger.

ATTENDING CLINIC

Dr. E. L. Graham departed Tuesday for his annual attendance of clinics in hospitals in Eastern cities. He will visit St. Louis, Philadelphia and Boston, and is expected to return about the middle of November. Mrs. Graham and daughter, Gloria, accompanied him as far as Dallas. Dr. Waddell, of New York, will care for his practice during his absence.

Mr. and Mrs. T. J. Dean were in Dennison Tuesday and Wednesday, returning home Wednesday evening.

Friends of Granddady C. H. Farquhar are congratulating him on the arrival of a daughter to his son and wife, Mr. and Mrs. Harold Farquhar, Monday.

Modernization Of Credit Factor In Business Recovery

Roger Steffan, director of modernization credits for the administration, speaking before the Ohio Building and Loan association league at Cincinnati, said:

"Democratization of credit on a vast scale is here as a result of the modernization plan of the Federal Housing administration. For the first time in banking history it is possible—if not for the 'man in the street'—at least for the 'man with a home' to apply to any cooperating financial institution, whether or not he had a previous banking connection there. That is a stupendous fact regarding the broadening of the credit base in this country, that has escaped the recognition that it otherwise would have received because of the many other dramatic phases of the modernization credit plan."

He described the plan as a "workable credit tool sponsored by the United States government and implemented by private capital" such as the local federal savings and loan associations. The plan, he said, is lacking in red tape and in the place of collateral, co-makers, endorsers, mortgages and other security, substitutes a contract of insurance. "This," he said, "protects, it is considered, 100 per cent, financial institutions against credit loss, and thereby, in effect, is intended to release unsecured credit based on character and earning power to property owners so they can improve and enjoy their properties now, and pay for these desirable results with very small monthly installments over a period of from one to five years."

The plan applies to renovation of properties, and the only tests for an applicant are whether or not the payments are within his means and also whether or not he will pay, he said.

Any property owner may apply for a loan under the plan, as explained by Steffan. Loans of from \$100 to \$2,000 are available on notes running from one to five years. The financial institution may not collect more than \$5 discount per \$100 original face amount of a one-year note. Charge for longer periods than one year are on the same basis. Notes may be paid in full before maturity dates with reasonable rebate for prepayment.

This plan, evolved as the most practical and easiest credit inducement toward renovation of the vast amount of run-down property in the nation, is expected to stimulate a revival of activity in one of the basic national industries, a revival that is essential to recovery.

The facilities for such credit are available in all towns where federal savings and loan associations have been formed as well as through commercial banks and other approved credit institutions.

Loans of the character are available at the Cisco Federal Savings and Loan association, which has already approved a number of such.

BUYING FALL MERCHANDISE

I. Moldave, of the Boston Store, spent the first of the week in the Dallas markets selecting seasonal merchandise for the Cisco trade. Arrivals during his absence indicate he has made a large and varied selection. Moldave is not crying over hard times, the reason is apparent if one will watch the string of customers almost constantly observed in that establishment.

Cooperative Makes big Loan to Cooperative Gin Company at Rule

With the commitment of a \$7,000.00 loan so what is said to be the oldest cooperative cotton gin in Texas, the Houston Bank for Cooperatives has passed the half million dollar mark, it was made public by Sterling C. Evans, president of the bank, Monday. The bank now has outstanding loans and commitments totaling \$504,733.15. The Farmers District Union Gin

association of Rule, Texas, which received the commitment, was organized in 1913, with one gin plant. In 1923 a second plant was built and paid for. Recently it was decided to re-equip the original plant with new machinery for which purpose the Houston bank for Cooperatives will provide funds. The association handles about 75 per cent of the ginning in its territory.

The Houston Bank for Cooperatives is less than a year old, having been organized in November, 1933, for the purpose of supplying credit to farmer-owned and controlled cooperative enterprises. Its loans range in size from \$500.00 to \$30,000.00 and are made to associations ranging from citrus packing plants in the Rio Grande valley to grain elevators in the Panhandle.

RECENT CASES FILED IN EASTLAND COUNTY COURTS

District Courts

In re: liquidation Texas State Bank, Eastland, for sale of assets; First State Bank of Rising Star vs. E. L. Burkhead, suit for rent and receivership; Billy Martell Jones, by next friend, vs. Bertha Mae Jones, annulment of marriage; Board of Church Extension and Home Missions of the Church of God, vs. Warner Memorial University of Eastland, suit for debt; J. S. Hart vs. Frank Lovett, suit on note.

County Court

D. L. Kinniard vs. J. H. Pittman, note; D. L. Kinniard vs. O. E. Lyerla, note; First National Bank of Rising Star, vs. T. J. Nunnally, suit on note; First National Bank of Rising Star, vs. W. H. Hughes et al; Joe Norton vs. Mercury Insurance Co. et al, appeal from J. P. No. 1.

Government Started Goat Buying Monday

Eastland, Oct. 8.—J. C. Patterson says goat buying commenced in Eastland county Monday. It was not stated where these goats will be bought, as a representative of the government just stated he was ready to start the goat-buying program. There are 474 head listed for sale to the government, Patterson said.

Mrs. Monroe Clark, of Houston, has arrived in Cisco for an extended visit to Mr. Clark, 102 East 9th street. This is the first visit of Mrs. Clark to Cisco in several years. Mr. Clark has been here for about a year.

Edward, the small son of Mr. and Mrs. E. C. Duncan, is a patient at the Graham sanitarium, having undergone a major operation last Sunday.

\$1,200,000 All The Cash Available For Relief For Present

AUSTIN, Oct. 8.—Checks totaling \$1,200,000 were delivered by the Texas Relief commission last week to county relief headquarters over the state.

Funds distributed were earmarked as follows: drouth relief, \$1,018,000; general relief, \$50,000; Texas Relief commission canning plant payrolls, \$192,000.

"This represents all the money we have on hand," State Director Adam Johnson said, "and there can not be another distribution of funds until cash can be realized on the million dollars worth of bonds authorized to be sold by the Texas bond commission or until Washington grants the application of the governor for \$2,000,000."

More than 200 counties were represented in the drouth fund allotment, but the grant was made on a basis of only about 70 per cent of the total distributed in September. Although drouth funds originally were intended to be allotted to persons added to relief rolls as a direct result of the drouth, administrators were expected to use them at this time for the benefit of all clients, replacing the fund from general relief funds expected to be forthcoming later.

Canning plant payroll will be distributed in 20 counties where clients have been employed on a budgetary basis in the 21 beef canning plants operated by the commission.

The \$50,000 in general relief funds went to counties outside the drouth area.

FARM ORGANIZATION FEATURE ASSEMBLAGE AT EASTLAND TUESDAY

After voting unanimous approval of the national AAA cotton program the Eastland County Agricultural association was organized Tuesday with A. E. Alton of Pleasant Hill, chairman; Nat Bailey of Ranger, vice-chairman; and Mrs. Elizabeth McCracken of Romney, secretary.

W. R. Ussery, of Carbon, was elected chairman of the Farm Demonstration committee, which was organized at the meet, and J. E. Everhard, of Rising Star, was elected vice-chairman. Hubbard Gilbert of Carbon was elected secretary.

Delegates from Eastland county to attend a meeting of the State Agricultural association in Dallas, Dec. 3-6, were also elected at the meet. A. E. Alton, of Pleasant Hill; W. R. Ussery, of Carbon, and Mrs. Elizabeth McCracken, were the delegates elected.

**D. J. Neil Gives
An Analysis On
NRA Tax System**

GORMAN, Oct. 10.—I was surprised to read the strictures upon the great Bankhead law, that is going to lift our farmers up to the third heaven, and then drop them into Paradise. You don't seem to understand the grandeur, and glory of this great piece of legislation, nor the effulgent rays that light up the pathway of our benighted farmers. Nor the benefaction that our farmers are to receive.

We are told that when Christ was born, that the stars gave forth the first token, and proclaimed the birth of the Savior of the world. But, bless your souls, when this Bankhead bill was passed, the sun shone, and drums beat, and the world sounded the jubilee. The effect of this bill was so great, that we could hear the spinners of the world shout glory, and the Christmas bells rang out so loud that their tones cut the air like machine guns on the battle front. Our farmers shouted too, for here was a promise that the goose that lays the golden egg was to be reset, and every farmer was to have a setting of golden eggs. This bill was to make the earth flow with milk and honey, and prosperity was to swarm out like catapillar moths on a warm day, and poverty was to be banished from the sunny south. The whole course of nature was to be changed, and the sun, and moon was to be wedded, and perpetual day was to be made to shine forever. The sun was to be made to rise in the west, and water was to run up hill, and the stars to shine all the day long. Pumpkins are to be raised on apple trees, and apples are to be raised on pumpkin vines. Chickens are to be raised without squak, and pigs without a squeal, and skunks without a stink. Now this maybe called going some, but with this Bankhead bill holding the whip hand our farmers are going some.

Now, Mr. Editor, we come down to the concrete, constructive, and compulsion of this great bill, and its liberal provisions should tickle the farmers to death. The government taxes 32 cents per bushel out of the farmers' peanuts, but very generously leaves the farmer the hay. It taxes 50 per cent out of the farmers' cotton, but leaves the farmer the seed after he has paid the ginning. It taxes 30 cents per bushel out of the farmers' wheat, but leaves the farmer the straw. It taxes 30 cents a bushel out of the farmers' corn, but leaves the farmer the shucks. It taxes the farmer two cents a pound on his meat, but leaves the farmer the hair, and guts. And since the cattle have been

1934 INTERSCHOLASTIC LEAGUE INCLUDES NEAR 500 TEXAS HI-SCHOOLS

AUSTIN, Oct. 8.—Enrollment in the University of Texas Interscholastic League football contest for 1934 totals 473 high schools of the state, according to Roy B. Henderson, athletic director of the University Bureau of Public School Interests. There are 89 schools participating in Conference A, comprised of schools of 500 or more enrollment; 323 schools participating in Conference B, comprised of schools of 150-500 enrollment; and 61 schools participating in Conference C, comprised of schools of below 150 enrollment.

TEXAS BUSINESS PAST MONTH SHOWS MODERATE INCREASE

AUSTIN, Oct. 8.—A moderate improvement over both August of the current year and September, 1933, was recorded in employment and payrolls in Texas during September, according to the University of Texas Bureau of Business Research. Reports from 1,578 establishments for the week ending September 15 gave a total of 86,248 employees, a gain of 1.9 per cent over August and 8.3 per cent over the corresponding week last year. Payrolls for these establishments aggregated \$1,928,000, a gain of 4.4 per cent over August and 13 per cent over the corresponding week in September, 1933

killed some of our Georgia folk say the country looks as desolate as Georgia did after General Sherman's raid.

Now, Mr. Editor, the Bankhead bill is scientific agriculture applied, and the farmer has been baptised in the river of taxation that has overflowed the South, and spread desolation in its wake. Our farmers have been taxed until they have become immensely rich in poverty, and rags, and are now leaving the farms for the city. But before they go they think possibly some friend might inquire about them, and they nail up a sign and have written on it "Fare you well, old farm, I bid you adieu. I may go to hell, but I will never come back to you."

Yours truly,
D. J. NEIL.

**2938 JUNIOR CCC BOYS
WILL BE ENROLLED FOR
TEXAS DURING OCTOBER**

AUSTIN, Oct. 8.—Plans for selecting 2938 junior members of the Civilian Conservation corps in Texas between October 1 and 15 were being completed today as Neal E. Guy, enrollment supervisor for the Texas Relief commission, issued instructions to the county administrators over the state who will actually pick the candidates.

Of the nearly 3,000 selected, it is expected that about half of them will go to camps outside the state in Oklahoma, New Mexico or Colorado. The remainder likely will be absorbed by camps in Texas.

As in past enrollments, unmarried men between the ages of 18 and 25 who are American citizens and who have dependents to whom they are willing to allot a substantial amount of their monthly allowance, are eligible to be selected. They are to be taken from relief rolls or from families on relief rolls.

No two boys from the same family are eligible.

Men with criminal records are not eligible and neither are those with

any history of mental derangement. A person previously discharged for any reason is not eligible to re-enter a camp.

Each man will receive \$30 per month, between \$22 and \$25 of which must be allotted to his dependents. Although the applicant agrees to enroll in the government service for six months, if unusual circumstances arise he may be released from his contract and discharged.

BIBLE THOUGHT FOR TODAY

Give instruction to a wise man, and he will be yet wiser: teach a just man, and he will increase in learning.—Prov. 9:9.

*I saw a host of flaming trees
Crowning the crest of a steep hillside,
Flinging their lambent pageantries
Into the sunlight far and wide,
Lifting—majestically—
Bright hallelujahs to the sky.*

—Florence I. Gubbins

I hope I shall possess firmness and virtue enough to maintain what I consider the most enviable of all titles, that of an Honest Man.—George Washington.

CITIZEN AND HIJACKERS.

Some of our readers may be a bit curious regarding the silence of this newspaper in the past few weeks anent the Community Natural. Some have inquired the cause. The Citizen is a fair fighter, and has the guts to take any position where the interest of the public is at stake. When we started the fight against the Community Natural we believed there was a danger of the people being forced to pay a higher gas rate than they should, and we had the nerve to say so. In waging this campaign for what we believed was in the interest of the people we did so single-handed and alone. The other paper was silent, as well as most of the individual citizens. Now the fight is off. The Citizen has won its objective—to give the people a lower rate—and being fair in our criticism we see every reason to call a truce when we have won the battle. After the fight is won, we are not going to longer attack a defeated antagonist.

The Citizen's battle was over when it was assured the Gisco Gas Corporation was a reality. Now we have two competitive systems, each offering an improved service, and it is no longer the province of this paper to carry the fight further. Should that time again arrive when either of these competitive systems attempt to exploit the people, or that any other institution should show a tendency to do so, the Citizen reserves the right to institute a campaign for the protection of the general public against any private or corporate interests.

So until that time shall have arrived, the Citizen has called the battle off, and we shall reserve our editorial ammunition until there is another casus belli, for we do not set up a man of straw to shoot at. At present we have no enemy of the people to shoot at. It was never personal with the Citizen, though at times we had to fight certain people whose policies we attacked.

Both of the gas systems are spending money in Cisco that gives our people employment—the Cisco Gas Corporation is building a new system that has saved many from seeking public relief, and the Community Natural is spending large sums in improving its system—thus both are benefiting the people. Instead of a single victory the Citizen believes it has accomplished a two-fold purpose. Now, so far as the gas question is concerned, as the Citizen sees it, the matter is just a bit of legitimate competition, like the railroads.

CANDIDATES' EXPENSES.

The courts have thrown out the case against Jimmie Allred, charged with excessive expenses in his campaign for governor. The case was dismissed without the semblance of a trial. Now the governor should include in her subjects for legislation at the called session, which convenes today, that this law should be repealed. Take the brides off the candidates and let the office go to the highest bidder. If it is against the law for a candidate's expenses to exceed \$10,000, there is no reason for the law unless it is enforced. It is difficult to make the race for governor in Texas and keep his expenses within legal bounds. Repeal the law and the courts won't need the white wash brush.

Prospective New Citizens

Mr. and Mrs. Frey, of Plainview, were callers at the Citizen office Tuesday. Mr. Frey stated that it was very probable that he would move to Cisco in the near future, where he expected to engage in business.

**First Church Of
Christ, Scientist**

First Church of Christ, Scientist, of Eastland, authorized branch of The Mother Church, The First Church of Christ, Scientist, of Boston, Mass., holds services every Sabbath morning at 11 and each Wednesday night at 8. Testimonies on Christian Science healing may be given at the Wednesday evening meetings. Sunday school convenes at 9:45 a. m. All of these services are held in the Church edifice at the corner of Lamar and Plumer street.

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 14. The Golden Text is: "The Lord is our judge, and the Lord is our lawgiver, the Lord is our king; he will save us" (Isaiah 33:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Whether it is easier to say to the sick of palsy, Thy sins be

forgiven thee; or to say, Arise, and take up thy bed, and walk?" (Mark 2:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sickness, sin, and death, being inharmonious, do not originate in God nor belong to his government. His law, rightly understood, destroys them. Jesus furnished proofs of these statements" (page 427).

**Mr. and Mrs. Barrows
Again Cisco People**

Nick Barrows, a former resident of Cisco, has moved his family back to this city and is with the Savoy Cafe, taking the position recently resigned by Anthony Petronis. The Barrows were married here, and were formerly in the cafe business, but later moved to Breckenridge.

Petronis has gone to Dallas where he has engaged in business. By his removal he leaves vacant the office of worshipful master of Cisco Lodge, No. 655, A. F. & A.

Eastland Sheep Men

Sell Government 53

Eastland, Oct. 8.—Eastland county sheep men had only 53 head to sell to the government under the sheep-buying program. All were taken last week under the direction of T. J. Finley, of Fort Worth, government appraiser. The small number of sheep offered for sale was a surprise to J. C. Patterson, county agent, as it was considerably less than the estimated amount.

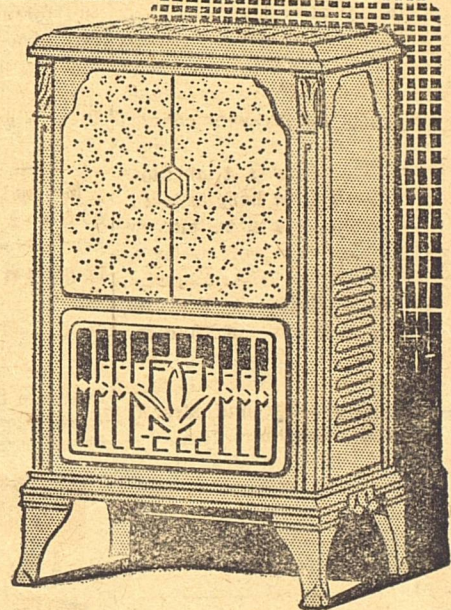

**• Step-up your
house heating to**

Circulated Heat

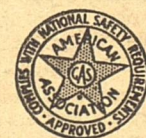

FOR uniform, healthful warmth circulated heat has much to recommend it. Hot spots or cold corners are eliminated. You are freed from the bother of "sweating" walls and windows. The temperature is uniform and warmth is evenly distributed all over the room.

Special prices and attractive deferred payments, effective this month, offer a real inducement to look over these improved gas circulating heaters. You'll find them in many smart new models in various sizes to meet your particular heating needs. See them, and install this month if you would save!

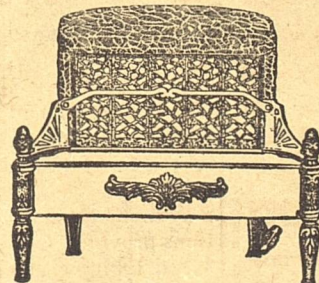

How to save GAS

- 1: Don't turn gas up so high that flame goes over top of any heater. This wastes gas and makes bad air in the room.
- 2: Don't open doors and windows to cool the room; turn the gas down instead. A thermometer will assist in keeping correct temperature.
- 3: Don't try to heat too much space with one heater. An additional heater will save gas consumption.

Be sure the gas appliance you select carries the approval of the American Gas Association Laboratory... and remember, modern gas appliances are available also from your gas appliance dealer. See his displays.

**Buy in pairs
for bigger savings**

There's an Extra discount this month on radiant-type heaters when two or more are bought at the same time. Small down payment, balance monthly.

Community Natural Gas Co.

**Birthday Dinner
Honoring Mother
Mrs. Otto Morton**

There was a goodly assemblage at the home of Mr. and Mrs. Otto Morton September 30, when she was hostess to her mother, Mrs. J. M. Daniels, honor guest of the dining, and many other relatives—brothers, sisters, in-laws, nephews, neices—all immediate relatives of the hostess and honor guest.

The large dining table, with plates laid for eight of the older members of the party was the vehicle that served a most delicious aggregation of viands in three services to accommodate the guests.

This dinner—and what a dinner it proved to be—consisted of those edibles which were formerly enjoyed at an old Southern home and seasoned and cooked in the manner that prevailed in the Southland when hospitality reigned supreme—was in honor of Mrs. Daniel's 81st anniversary. I wish I could enumerate the varied number of dishes that gave the proverbial groan to the dining table. Commencing with the most delicious turnip greens, perfectly seasoned, flakey corn bread, and each guest asked for a second helping. But there was everything the most confirmed epicure could desire, clear through the menu of roasted beef, delicious white bread, southern chicken pie, roast chicken, sifted peas, winding up with dainty desserts, of cake, pies and custards. The drinks were coffee and iced tea. Everything was seasoned and cooked to perfection, evidencing the culinary accomplishments of those who prepared the feast were schooled in the Southern gastronomic school.

This meagre description falls far short of giving the dinner justice, no one could describe it—they had to eat it to appreciate the variety and delectable dinner. Suffice it to say that it was the best dinner I have tasted since I was a boy at an old-fashioned southern dining, or one of those Baptist association dinners served on the grounds, back in my native state of Alabama.

Before serving this delicious repast the guests enjoyed reminiscences in which most of them were participants, and after the last table had been cleared away all assembled in the spacious living room, or veranda, the men with their pipes, cigars and cigarettes, continued to enjoyed the pleasant conversations.

The following is the list of those who enjoyed this joyous hospitality:

Mrs. J. M. Daniel, the grandmother, 81 years of age, but hale and hearty as a woman of middle age; Mr. and Mrs. Phil Ulmer and children, Dorothy, Phil Jr. and Peggy, of Fort Worth; Mr. and Mrs. L. H. Miller and children, Patsy and Bob, of Midland; Miss Dub Carroll, Cisco; Mr. and Mrs. C. P. Whitten and daughter, Jean, of Breckenridge; Mr. and Mrs. L. H. Wilson, of Gorman; Mrs. Elvis Morton, of Cisco; the host and hostess, Mrs. O. T. Morton and daughter, Margaret, and the writer.

Home From Wyoming

Greeting his friends here after an absence of about seven months in Wyoming came Jim Mobley, well known Cisco man. Part of the time he was absent from Cisco was spent in South Texas, being connected with a prominent oil field construction company. While in Wyoming he was located in the Glenrock field, southeast of Caspar, where he was part of the crew in the construction of a central pumping plant for serving about 20 wells in that field.

**San Angelo Utility
Com. Proposes Rate
Cut With W.T.U. Co.**

San Angelo, Oct. 10.—A reduction in electric rates by the West Texas Utilities Co. to a point that would save all consumers in San Angelo approximately 25 per cent as a compromise in lieu of the proposed building of a municipal plant was recommended to the city commission by the citizens' advisory committee Tuesday in making its final report.

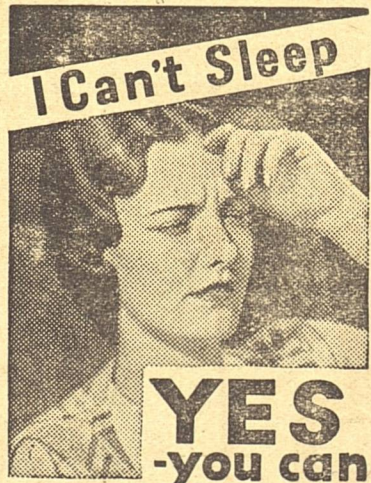

At the same time it was made known that the Public Works Administration has advised San Angelo that it will recommend a loan and grant in the aggregate of \$879,450 for the financing of a municipal light plant upon five conditions, chief of which are that general obligation bonds (requiring a tax levy) be substituted for bonds that would be retired from plant revenues and that the citizenship approve the project at the polls.

In presenting its final report, the citizens' committee, through R. Wilbur Brown, chairman, recommended that the city pass an ordinance fixing the Burns and McDonnell rates, and practices under those rates, as the basis to be charged by the West Texas Utilities Co. The commission took no immediate cognizance of this request, merely receiving and filing the report for study, on motion of R. A. Hall, commissioner No. 1, which carried unanimously. Meanwhile bids will be asked for printing the report in full for general distribution, a step previously requested by the committee.

WANTED: Representative to look after our magazine subscription interest in Cisco and vicinity. Our plan enables you to secure a good part of the hundreds of dollars spent in this vicinity each fall and winter for magazines. Oldest agency in U. S. Guaranteed lowest rates on all periodicals, domestic and foreign. Instructions and equipment free. Start a growing and permanent business on whole or spare time. **T. & P. Offers Lowest
Rate To Texas State
Fair Heretofore Made**

The Texas Pacific railway is offering a special week-end fare of one-cent a mile each way for the State Fair at Dallas, which, according to Frank Jensen, general passenger agent "is one of the lowest State Fair rates we have ever put on."

"This very low rate," Mr. Jensen said, "should be particularly attractive this year because of the race meet being held along with the fair. This is the first time races have been held at the State Fair in more than twenty years."

Such a low fare should also appeal to people who can attend the fair only on the week-end or who can spare a day or so at the fair.

Week-end fare tickets are good in chair cars and coaches on all trains arriving in Dallas Saturday or up to 3:30 p. m. Sundays during the fair. Return limit to leave Dallas before midnight Sunday. Tickets are on sale at all Texas & Pacific stations in Texas.

The Texas & Pacific is also offering extremely low rates to the State Fair every day.

**An Additional 1000
Head Of Cattle Are
Bought During Week**

Eastland, Oct. 8.—Federal cattle buyers of Eastland county were authorized to buy an additional thousand head of cattle in this county, and last Monday what will likely be the last of the U.S. purchases here got under way. All of the cattle are and will be condemned cattle.

Buyers secured these cattle in all sections of the county in order to give relief to the majority of the cattle owners who are distressed.

Up to the authorization to buy the 1,000 head last week, the workers had bought 5,561 head of cattle, 2,070 of which were condemned. The 5,561 had been bought from 400 owners.

The 1,000 head which will be bought this week will make a total of 6,561 bought from a total of 2,421 owners and will complete the cattle buying program.

The 1,000 head buy will be wound up by the 13th, County Agent J. C. Paterson said Monday.

**Explanation On Transfer
Of Cotton Certificates**

The Citizen is requested to explain the ruling on the transfer of cotton certificates by O. W. Ewing, assistant in cotton adjustment, who writes the Citizen that these certificates must be transferred through the county agent's office at Eastland. Those who transfer these certificates, other than the manner prescribed in the regulations, may be penalized, also those accepting these transfers are subject to a fine. Those contemplating transferring their cotton certificates are advised to get in touch with the county agent that they may make the transfers as the regulations provide.

Mr. Ewing enclosed a telegram giving this information with the request it be posted in a conspicuous place, and those who wish this information can read this telegram at the Citizen office.

**Truck Owners Must
Register Vehicles**

Eastland, Oct. 11.—Every owner of property carrying vehicles for hire, whether motor propelled or horse drawn, will be required to register immediately under the trucking code authority, Crigler Paschall, county administrator for the national re-employment service at Eastland, said today.

N. L. Perry has been appointed special committeeman for Eastland county, the announcement said, and
