Hot Lunch For School Students May Soon Be Rule, Says Williams

"A large percentage of the schools of Eastland county, including the common schools, are supplying hot lunches to the pupils," according to T. C. Williams, county superintendent.

"The plan is working so well and to such an advantage to the pupils, that in all probability the plan will be universal in its adoption by every school in the county just as soon as matters can be arranged for its installation in the few schools that have not yet adopted this feature.

"Wherever the hot lunch plan has been put in, reports come that better work is being done by the pupils, and a more satisfactory student body is the result.

"It is my opinion that the old system of bringing a cold lunch to school, formerly wrapped in paper, sometimes lost or misplaced, and often in unsanitary and indigestible condition, is a thing of the past. School people see a solution of so many of the pupils' problems in the hot lunch plan that its universal adoption soon is probable," the superintendent said.

F. D. R. URGES ARMS

WASHINGTON, Oct. 9.—President Roosevelt urgently asked congress today to authorize immediate arming of American merchant vessels, declaring "we will not let Hitler prescribe the waters of the world on which our ships may travel."

Mr. Roosevelt also declared that it will ultimately be necessary "to deliver American goods under the American flag" to beligerent ports.

Jackson Buys the Troxell Property

Wylie Jackson, who operates a cold storage plant in the annex of the West Texas Utilities Co. ice plant, announces the purchase of the Troxell property, situated just across the alley east of the Judia theater building, and adjoining his present location. The deeds were delivered to the purchaser by Mrs. G. W. Troxell Wednesday, he told the Daily Press.

The property had fallen into disuse, as the roof and flooring had been removed, and the lot having grown up in weeds and grass, had become a breeding place for mosquitoes and flies, besides a dumping ground for trash and other debris.

Mr. Jackson said he would rebuild the property, and convert it into a cold storage plant just as soon as arrangements now under way can be perfected.

Two Bowie Soldiers Killed in Crash

FREDERICKSBURG, Oct. 9.—Pvt. Paul Grona, 21, and Howard Marler, 23, two of six Camp Bowie soldiers driving home to Kerrville on a 15-day furlough, were killed in an auto crash 11 miles south of here on the San Antonio highway.

Three of the group, Corp. Charles Rose, 21; Pvt. Stewart Davis, 21, and Pvt. Alfred Dominguez, 21, were injured. Pvt. aMx Grona, twin brother of aPul, and the occupant of the truck, L. Munoz, of San Antonio, were unhurt. The crash occurred Wednesday night, in a driving rain.

The soldiers were members of the 36th Division, 2nd Battalion, 133d Field Artillery.

TAYLOR COUNTY HDA BURIAL TO BE AT VERNON

ABILENE, Oct. 9.—Following funeral at the First Christian church here at 4 yesterday afternoon, the body of Hattie Tacker, Taylor county home demonstration agent who was killed in an automobile crash early yesterday morning, was sent last night to Vernon, her birthplace, for final rites and burial.

Miss Tacker was killed and four companions injured when her automobile struck the abutment of the bridge across Elm creek on highway 80 at the western outskirts of the city, turned over, and a few minutes later was struck by a westbound freight truck.

Condition of Clara Brown of Baird, Callahan county home demonstration agent, and Vada L. Cole of Baird, Callahan county FSA home supervisor, was reported satisfactory by attendants at the Hendrick Memorial hospital last night.

Miss Brown received cuts on the head, and Miss Cole received a broken leg.

Sgt. Harry K. Connor, company E, 179th infantry, who was driving the car, and Staff Sgt. Earl F. Lancaster of the same company, were being treated at the station hospital. Sergeant Connor was reported still unconscious yesterday afternoon, but condition of Sergeant Lancaster was reported considerably improved.

Only person in the automobile who was not injured was Sgt. Ernest Dean, also of company E.

TAP DANCING, MUSIC, SONG, GOOD FOOD

Rotarians were entertained in an unusually fine manner today when Rotarian A. E. McNeely presented Mrs. McNeely and daughter, Miss Robbie Joe, in a musical and tap-dancing program that called for encores from members. Rotarian McNeely played the violin, Mrs. McNeely the piano, and Miss Robbie Joe sang two numbers and gave two tap numbers. Miss McNeely was voted "very clever" by the audience.

A few weeks ago a Ft. Worth Rotarian photographer was in Cisco and in the way of doing his bit he made the pictures of all Rotarians, including the club sweetheart, Miss Bilye Cole. These pictures and names of members and sweetheart are to be placed in an album as a matter of record for future years. Much time was taken out at today's meeting to look over the proofs and see how much uglier the other fellow was than his neighbor.

A committee consisting of Garland Nance, Jim Collins and Asa Skiles was appointed to confer with a like committee from the Lions club to collaborate in a good will trip to a supper given by the P-TA women of Scranton.

The invitation calls for a fried chicken dinner at a charge of 50 cents per plate. The two service clubs are sponsoring the trip, but every Cisco business man and his wife are expected and urged to make the trip.

The tentative date set is for Thursday evening, Oct. 23. Further details will be worked out by the joint committees and announcements made.

Eastland Rotarians making up attendance were Julius Krause and Barney Smith.

E. Hooks, manager of the local Southwestern Bell Telephone company presented as his guest N. H. (Dinty) Moore, superintendent of the Ft. Worth district of his company.

MISS RUTH RAMEY, ECONOMICS WORKER FOR EASTLAND COUNTY, IS TRANSFERRED TO WHARTON

Miss Ruth Ramey, in charge of home department education in Eastland county for a number of years, is to be transferred to Wharton, Texas, it has been announced. The name of her successor has not been divulged, although it is known that she will be a thoroughly trained and capable woman.

Miss Ramey came to Eastland county in 1923, this being her first home demonstration job.

Mrs. Eloise Trigg Johnson, of Denton, was the first home demonstration agent in Eastland county.

Miss Ramey has pioneered in home economics over Eastland county. She was perhaps the very first, or at least the near first, to hold this office in this county. She has preached the doctrine of woman's part in home building and emphasized the importance of farm women's education until now there is no more potent force in the economics of rural progress than is to be found in the part women play in Eastland county farm progress.

To realize the importance of the work accomplished by Miss Ramey, one has only to go to any community fair or to the county fair to see what women are doing toward home building and home making in the rural communities of the county.

Women have been taught to systematize their work, to follow programs, to hold social meetings and to discuss latest ideas that take the drudgery out of rural women's lives. At their local club meetings Miss Ramey has led them into programs that have not only lightened their burdens of work but have made that work a joy because of more modern plans for accomplishment.

Farm women of Eastland county are educating themselves and making their culture the equal of any group to be found. For this reason Miss Ramey can say she has performed her part faithfully and well. She has not lived in vain and truly she has made many blades of grass to grow and many flowers to bloom in the homes and lives of rural women of Eastland county.

EDISON ASSOCIATE DEAD.

NEWTON, Mass., Oct. 9.—Charles L. Clarke, 88, a former associate of Thomas A. Edison and a prominent electrical engineer in his own right died Thursday. Clarke became an assistant in the Edison laboratory at Menlo Park, N. J., in 1880, and installed the first Edison electric lighting central station system in 1882 in New York City. At one time chief engineer of the Edison Electric Light Company in New York, he later became associated with several electrical companies and was a consulting engineer for the General Electric Company from 1911 to 1931, when he retired.

5 F.F.A. BOYS AT DALLAS

Larkin Akers and Marion Powers, Cisco FFA boys, and L. H. Wood and Tommy Williams of the Rising Star FFA, exhibited a county club boys' Jersey group of five heifers at the Dallas fair. It placed third.

Akers' Jersey heifer was fifth in the club boys' class and ninth in the open class—for heifers of 18 months and under two years.

Powers' Jersey heifer placed ninth in the club boys' class—one year and under 18 months.

Total premium money won by these five boys from Eastland county was \$98.

CISCO PIONEER SHAKES HANDS WITH FRIENDS

C. A. Rinehart, pioneer of Cisco but now of Breckenridge, was in Cisco today, shopping a little and visiting old friends.

Mr. Rinehart remarked that he was perhaps the oldest Ciscoan in existence, having come to Cisco March 1, 1893—57 years ago.

"I am hale and hearty," he said. "Feel fine and hope to see my old friends here many times, unless some unforeseen accident happens."

Mr. Rinehart lived in East Cisco and took a great pride in flowers. "Many here will remember the century plant he had in bloom in his yard a few years ago, the picture of which was printed in the Cisco Daily News. This plant was many years old then and was said to bloom each one hundred years. Visitors from all over this part of Texas came to see the wonder after seeing the picture and reading about it in the Daily News.

Charlie Trammel, who has been suffering with asthma for some time past, is somewhat improved and is hoping for cool weather.

FLEES ROUMANIA—Lisette Vereia, is Roumania's loss and America's gain as she arrives in New York aboard S.S. President Grant, a fugitive from Nazi domination. She was the "Toast of Bucharest," and "Darling of all Roumania."

SADLER THINKS LIMIT NEEDED FED. CONTROL

BEAUMONT, Oct. 9.—A warning that any federal regulation of the oil industry must not extend beyond the period of the national emergency was voiced today by Railroad Commissioner Jerry Sadler. Sadler's warning was in a talk prepared for delivery at the Texas Mid-continent Oil and Gas Association's meeting.

Pledging his cooperation as one member of the Railroad Commission—state oil control body—with steps taken by the federal government to continue a continuous supply of "a vital raw material in time of grave national emergency," Sadler added:

"But when this emergency has passed, I consider that the state of Texas is capable of minding its own business. That is not only the right of the state, as one of the indestructible states of the union; it is the patriotic duty of the state to continue functioning as a democratic government."

Sadler indirectly disputed the presumption that the federal government is any better qualified than states in handling problems.

19 HURT IN TRUCK CRASH.

NACOGDOCHES, Oct. 9.—Nineteen men were hurt in the collision of a WPA truck and a passenger car at Mount Enterprise Wednesday. Tom M. Chandler of Appleby and James P. Cooper of Garrison, the most seriously injured, were in a hospital here.

NAZI PINGERS ARE READY TO CLOSE ON REDS

Hitler's mechanized legions now driving towards Moscow claimed they have trapped 1,000,000 Russian soldiers, broken the Red army's fighting power and blasted Great Britain's hopes of a winter war on two fronts.

London admits that the sweep of the Axis armies toward the Soviet capital and into the Ukraine area has created the gravest military crisis since Dunkirk, and that Britain is unable to deal counterblows on the Western front.

But the Red army fights on.

Moscow says the Russian infantrymen, with bottles of gasoline and grenades, have wrecked Nazi tanks by the hundreds.

Fierce blasts of artillery broke up massed enemy onslaughts on the vital Vyzama and Orel fronts, it is claimed, thus momentarily stopping the pincers from closing on Moscow.

Two Ciscoans Serve U. S. Jury Recalled

Two Cisco men, members of the United States court jury at Abilene, were recalled to report for service today after the jury had been released Wednesday with the disposal of the criminal docket. They are A. L. Osborn, photographer, and Blair Clark, service station operator.

The jury has been recalled to hear the civil docket.

ARMY TO HANDLE JOB

HOUSTON, Oct. 9.—The U. S. army today ordered work resumed on the \$8,000,000 San Jacinto ordnance depot here, despite the strike of A. F. of L. teamsters and the idling of 2,000 men.

MCCRACKEN TO ATTEND CLOVER FARM MEETING

Standlee McCracken, of McCracken & Poe grocery, the Clover Farm store for Cisco, leaves this afternoon for Cleveland, O., to attend a convention of the store heads. He will be gone about one week.

Mr. McCracken expects to hear more about their system of buying and retailing from talks and discussions by experts of this national association of retail grocery stores.

Berlin to Send Ace Envoy to Nanking

SHANGHAI, Oct. 9.—An increased German effort to strengthen Nazi influence in the Far East was forecast Thursday by sources who said they had learned Berlin had appointed Heinrich von Stahmer, one of its ace negotiators, as ambassador to the Japanese-sponsored Nanking government.

Something more than a year ago Von Stahmer was most active in Tokio where he was credited with influencing Japan's final decision to join the Rome-Berlin Axis.

Von Stahmer signed the tripartite accord in Tokio on behalf of the German government and then returned to Germany.

JAPS CONTINUE ATTACKS ON U. S. SINCERITY

TOKIO, Oct. 9.—Harsh criticism of the United States appeared Thursday in Tokio newspapers for the second successive day.

Typical of the comment was that appearing in Hoch:

"When there is no spirit of mutual concession and sincerity, it is obvious there is no possibility of any success in diplomatic negotiations. It seems the height of insane folly for the United States to present such an attitude of hostility and aggressiveness, thereby taking responsibility for whatever catastrophe there might occur."

The newspaper said that "the cancer of the Pacific" was nothing but "the wilful, arrogant intentions and actions of the United States."

STEPHENVILLE WEAK.

STEPHENVILLE, Oct. 9.—With some misgivings, Coaches Jimmie Marshall and Eli Rushing will take their crippled team of Yellow Jackets to Ranger Friday night for a District 9-AA conference game with Coach Jennings' Bulldogs, who, incidentally, have won three of their four games this season by top-heavy scores.

VICE PRESIDENT TAKES OVER IN ARIAS' STEAD

PANAMA CITY, Oct. 9.—Pro-Nazi President Arnulfo Arias has fled to Cuba by airplane and the government was overthrown in a bloodless coup d'etat as reports circulated that two important German diplomats were hastening to Panama.

Ernesto Jean Guardia, second vice president of Panama, was sworn in as president following peaceful overthrow of the Arias government.

Loyalist secret service men have had Arias under close surveillance for several months and are in possession of information that proves conclusively that the former president was working hand-in-glove with the Berlin government.

MRS. HAYES HAS NARROW BULLET ESCAPE

Mrs. W. H. Hayes, of 609 West 9th street, has just returned from a visit with relatives in Dublin, and relates her narrow escape from death by a stray bullet fired by a night watchman in defending himself from an intoxicated man who was said to be attacking the officer with an iron bar.

Mrs. Hayes has the proof of the incident by a bullet hole entirely through her car, going in at the window of the car in exactly the place where her head would have been had she not dodged down when she saw the man about to strike with the iron bar. The bullet came out on the other side of the car body, tearing a ragged hole in the car metal.

Mrs. Hayes says she was parked on the street when the altercation started. The man struck at the officer with the bar of iron and she ducked down because she didn't want to see him strike the man with so deadly a weapon. It seems the officer fired his gun but the aim was deflected and Mrs. Hayes heard the impact of the bullet as it went through the shatter-proof glass just where she would have been had she not ducked her head when she did.

She said the man was reported at death's door from pistol wounds and the officer suffering from serious bruises.

AYCOCK RESUMES BUSINESS.

Ed Aycock, Cisco monument dealer for many years, is now sufficiently recovered from his recent illness to resume business. For a time, Mr. Aycock will take orders for monument work of all kinds at his home, 206 I avenue.

The Cisco Daily Press

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under the Act of March 8, 1879.

A. O. O'FLAHERTY, Publisher and General Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas.

National advertising representatives, Texas Daily Press League, Dallas, Texas.

Subscription rates: \$2 per year by mail (outside of Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties; Texas, outside the above-mentioned counties, \$3.50; \$4.75 in U. S. outside of Texas.

Per week, by carrier boy, \$1.00; Per year, in advance, \$5.00.

WAR-TIME HOURS.

"One thing that gives me a big pain in the neck, says John Taylor of Alliance, O., 'is that we are trying to produce war materials in large quantities in bankers' hours. During the last war, when I was 17, I was a heater on an open-hearth furnace for 12 hours a night, six days a week. Now we are trying to do it in 40 hours a week. I have noticed particularly that the industries in my locality that are making war materials close up Saturdays and Sundays, which is just as though Hitler stopped fighting on Saturdays and Sundays."

"If you started a business of your own, and did not have enough capital, you would have to substitute longer hours of work for the lack of capital. We are spending billions, and out of 168 hours in a week we are working less than 25 per cent. It is certainly a high-class war that we are fighting. If we would work longer, we would be paying for the additional burden of national defense with work instead of dollars out of our normal 40-hour activity. If we would work 10 to 12 hours a day, six days a week, we could produce all the war material necessary, and at the same time not have to reduce our production of washing machines, automobiles, etc."

OTHER EDITORS

Let Us Not Be Fooled. The Western News (Ind. Dem.): Let us not console ourselves with what Hitler cannot do nor should we worry now about past troubles of other peoples. Let us today and henceforward see to it that we do not get under Hitler's or anyone else's domination. In this battle the British and Russians are fighting our only possible enemies. They are fighting our fight. Let us not be fooled by the forked talk of the Hitler-lovers, the Roosevelt haters or the plain damn fools.

National Unity. Michigan Times (Dem.): President Roosevelt is a precedent shattering leader. No other president has been so popular with the people. Millions had enough faith in him to choose him as the nation's leader for a third term. As president and commander-in-chief of the army and navy we are committed to continue our

faith—whether it be war or peace. Tolerance and an unbiased attitude on foreign policies should be the duty of every good American.

Victory Without Hate.

Collier's (Ind.): Say what you please about the Roosevelt-Churchill "eight points," we think they were conceived in the right and sensible spirit. We think this because Messrs. Churchill and Roosevelt seem to have grasped the biggest lesson of the previous war, namely, that hatred at the peace table can only breed more wars, and cannot lay the groundwork for a constructive, enduring peace. This lesson Roosevelt and Churchill evidently intend to apply if they dominate the peace conference following this war. These two men seem determined, this time, to write a peace without hate.

DO YOU REMEMBER?

(From Files of Cisco Daily News, August, 1929.)

Funeral services for Dr. J. W. Howell, who died in his office in this city yesterday noon, will be conducted at 5 p. m. today from the Howell family residence at 408 W. Fifth street, with the Rev. Acker C. Miller, pastor of the First Baptist church, conducting the rites. Interment will be in Oakwood cemetery. Pallbearers will be Dr. J. H. Brice, Dr. J. E. Griffin, R. W. Mancill, Connie Davis, T. J. Dean, Howard D'Spain, J. H. McDonald and Dr. Paul Woods. Dr. Howell had been an active physician and prominent citizen of Cisco approximately 20 years. He was almost 71 years of age at the time of his death, being born August 11, 1858. The survivors are a wife and three children, a son and two daughters, who are John of Dallas and Eula and Ora of Cisco.

Earl Parmer, 27, who died Monday afternoon at 5:30 at his home, 1302 W. Fifth street, was buried yesterday in Oakwood cemetery. Funeral services were conducted at the Nazarene church by Rev. Mr. Atterbury of Abilene. Arrangements were in charge of Gregory & London, undertakers at Brownwood. Mr. Parmer, who was highly esteemed by all who knew him, fell from an oil rig near Cross Plains four years ago, receiving a fractured back and severe injuries. Since April he had been confined in a hospital in Mineral Wells. Sunday evening he was brought to his home here. Surviving him are his wife, three children—Winifred, Payton and Betty Jane; his parents—Mr. and Mrs. Van Parmer; and sisters, Mrs. Lillian Penn, Mrs. Anna Pryor, Miss Leona Parmer and Miss Ila Lee Parmer.

Construction of an eight-compartment bathhouse for housing motor launches upon Lake Cisco will be started for eight members of the Cisco Country club with the return of George Simpson, construction foreman for the Humble Oil and Refining company, to his headquarters here. The eight members of the club interested in this project are F. D. Wright, W. W. Wallace, A. D. Anderson, Raymond Williams, R. F. Gilman, Henry Richardson, Dr. D. Ball and E. R. McDaniels. Mr. Simpson will have charge of the construction. The bathhouse, to be floated upon 80 large steel drums with

a flexible anchorage by means of steel cables, will be located just north of the present Country Club boathouse. Each stall will accommodate a boat 27 1/2 feet long by 10 feet wide. Cost of the project will be in the neighborhood of \$2,000 and work may begin tomorrow.

A big watermelon feed is in store for members and friends of the First Methodist church this evening at 8 o'clock on the lawn of the church. Forty of the best watermelons procurable have been placed in cold storage so that they will be thoroughly chilled for the evening. No charge of any character will be made for this feed, which is being presented through the courtesy of G. P. Mitcham. The feast is simply a means resorted to by Mr. Mitcham and Mrs. R. W. Carlisle and sons of Eastland; Mrs. R. R. Calloway and family of Moran; Mr. and Mrs. Anglin and children of Cisco; Mr. and Mrs. H. A. Courtney and children of Cisco; Mr. and Mrs. J. F. Courtney and children of Cisco, and Mr. and Mrs. Jake Courtney and children of Cisco.

A live wolf, trapped on the John Tomlinson ranch two miles north of highway No. 23, was brought into town yesterday by F. B. Mathews, county trapper. Two bobcats were also trapped the same night. Last night's catch was three wolves, trapped on the same ranch which Mathews also brought in alive. This brings the total number of wolves trapped by Mathews since Feb. 15, including the thirty days when he was off duty on account of an injunction attempting to eliminate government trappers, to 47.

Mr. and Mrs. I. H. Skiles entertained the Shining Star BYPU at their home, 802 W. Twelfth street, Monday night. Lights were strung through the trees and games were played on the lawn. Ice cream cones were served to the following: Miriam Ghormley, Norma Ghormley, Blake Stevens, Howell Stubblefield, Dorothy Jean Walker, Sarah Mayhew, Lurline Poe, Leta Mae Elder, Lucille, John D. and James Lee and Geraldine Skiles.

Reports from Graham sanitarium this afternoon are to the effect that Miss Mattie Lee Kunkel and Miss Virginia Fox and Sylvester Witt are doing nicely and are gradually improving. The three were injured Thursday night when the car in which they were returning from Abilene crashed with a Buick roadster about four miles west of Cisco on the Bankhead highway.

Mrs. K. D. Pardee, who will be remembered in Cisco as Miss Leila Wild, is back from the east. She and her mother, Mrs. Laura T. Wild, stopped here Monday on their way to San Angelo to be at the bedside of Claude C. Wild, who is a patient in a hospital there. After her San Angelo trip, Mrs. Pardee plans going to Los Angeles, where she will join her husband, visit her mother for a few days, and then proceed with Mr. Pardee to Portland, Ore., where they will be at home after Aug. 15.

Mrs. R. L. Poe, Mrs. B. P. Poe and Mrs. Mary Park returned Friday from a trip to Stamps, Ark. They had been accompanied to Stamps about a month previously by R. L. Poe, who returned a few days later by rail. The party—returning by motor car—encountered much rain between Stamps and Texarkana, as the appearance of the automobile will show, Mr. Poe says. Stamps is the old home of the Poe family.

About 150 friends and relatives

will be present here this week to attend the reunion of the Courtney family. An ice cream supper has been planned for tomorrow to be given at the Ed McCannley filling station, four miles west of Cisco on the Bankhead highway. The dinner will be given Sunday noon at Lake Bernie. The eleven children of Mr. and Mrs. I. H. Courtney, now deceased, have gathered here for the past three years with their families for the reunion. Last year and the year before, about 75 were present. There are about 45 grandchildren and several great-grandchildren. All but one son, Pearl Courtney of Fort Stockton, are present. The others are Mr. and Mrs. W. Courtney of Pecos; Mr. and Mrs. W. F. Courtney Mrs. R. E. Elam and son of Marlow, Okla.; Mrs. J. S. Bros and daughter of Cameron; Mr. and Mrs. R. W. Carlisle and sons of Eastland; Mrs. R. R. Calloway and family of Moran; Mr. and Mrs. Anglin and children of Cisco; Mr. and Mrs. H. A. Courtney and children of Cisco; Mr. and Mrs. J. F. Courtney and children of Cisco, and Mr. and Mrs. Jake Courtney and children of Cisco.

J. T. Elliott of the Corner Drug store, and family are leaving in the morning for a visit of four days with friends and relatives in Mitchell county. Mr. Elliott made his home in Mitchell county for several years prior to the World war.

The Cisco Rotary club today stepped aside from the regular routine of its programs and took occasion to pay its respects to Mayor J. M. Williamson upon the occasion of his sixty-second birthday. Mayor Williamson is a member of the club. J. E. T. Peters, chairman of the day, intro-

duced those who had been assigned parts on the program, presenting first Miss Letha Maude Eager, who preceded a reading dedicated to Mayor and Mrs. Williamson and purporting to reveal something of their courtship, with a brief biographical sketch of the mayor. Charlie Yates, envoy of the American Legion, presented Criger Paschall, who explained the Distinguished Service Certificate of the state department of the Legion and told why it has been presented to Mayor Williamson as the one man who had performed outstanding service for Cisco during the past year. The certificate was passed among the members of the club for inspection. A. B. O'Flaherty then presented the mayor with a leather traveling case. The presentation was made with the simple statement that "the Rotary club wishes you to accept this as an evidence of their appreciation of your services to Cisco." Miss Helen Williamson, a daughter of Mayor and Mrs. Williamson, concluded the program with a humorous account of "The Mayor as He Is." She was, as Mr. Peters told the club, the "spokesman" for Mrs. Williamson, who was present as an honor guest. Preceding the birthday program, Dr. Paul Woods made a talk upon "Cuba," the nation which he had been assigned to study and report upon to the club. Mayor Williamson followed with a classification talk upon "Insurance." In the absence of President B. C. Boney, Vice President J. B. Cate presided at the luncheon.

New arrivals at the Brown sanitarium are Miss Roxie Clark of Rising Star, Miss Rowena Clark, Rising Star, Mrs. Will Ramsey, Gunsight, Joyce Hancock, Rising Star and Claud Box of Rockwood.

Mr. and Mrs. K. Gillen of Dallas left Monday for their home after a two-weeks' visit with Mrs. Gillen's parents, Mr. and Mrs. M. E. Goldberg. Mr. and Mrs. Charles S. Sandler have returned from a week's visit in Burk Burnett. Miss Sarah Goldberg of Dallas is visiting her parents, Mr. and Mrs. M. F. Goldberg. A. L. Lankford entertained his Sunday school class for boys with a picnic and swim at the Lake Tuesday night.

Mrs. G. P. Rainbolt and children, Joyce and Royce, Miss Letha Maude Eager and S. C. Eager, are leaving tomorrow for Sheridan, Ark., to visit the old home of Mr. Eager.

Mr. and Mrs. J. J. Collins and daughters, Misses Ida Mae, Agnes and Catherine, left Wednesday for a two-weeks' vacation in San Antonio.

Mrs. H. A. D'Spain and Mrs. Hugh Wagner and baby spent Wednesday in Ranger.

Mr. and Mrs. Bob Key and baby, Margaret Laverne, have returned from Ballinger accompanied by Mrs. L. L. Stringer, who will spend a week here.

Miss Sara Lee left this week for a two weeks' visit in Brownville.

Miss Ora Bess Moore and her uncle, Carl Lowry, who have been touring Europe this summer, will arrive this evening on the Sunshine. Mrs. A. S. Nabors and Mrs. Hugh Waggoner and baby, Patsy Lynn, are visiting Mrs. Truman Jacobs in Sweetwater.

WILD-EYED DRIVERS SEEM BENT ON ESTABLISHING NEW RECORD DAYS HEAD OF STATE POLICE

AUSTIN, Oct. 9.—Texas automobile drivers may set a record this year—a record for killing more people than they have ever killed before.

State Police Director Homer Garrison raised this possibility today after studying the trend of an alarming increase in the state's traffic toll for the first nine months of 1941.

"Each month has shown a steady increase in the number of deaths over last year," Garrison observed. In August the increase amounted to 11 per cent. The count for September is not yet complete, and will not be for another ten days, it already there is an increase over September of last year. The complete total for nine months is yet to show an overall gain of much as 13 per cent.

"Mathematically, this rate of progression would result at the year's end in an increase of 20 per cent. That would mean 2,100 deaths, or approximately 50 more than the 2,043 deaths which set an all-time record in bloody 1937."

With 100 new patrolmen and five license examiners due to graduate from training school late in month, Garrison saw a ray of hope. "With diligent enforcement implemented by the efforts of these new men during two of the

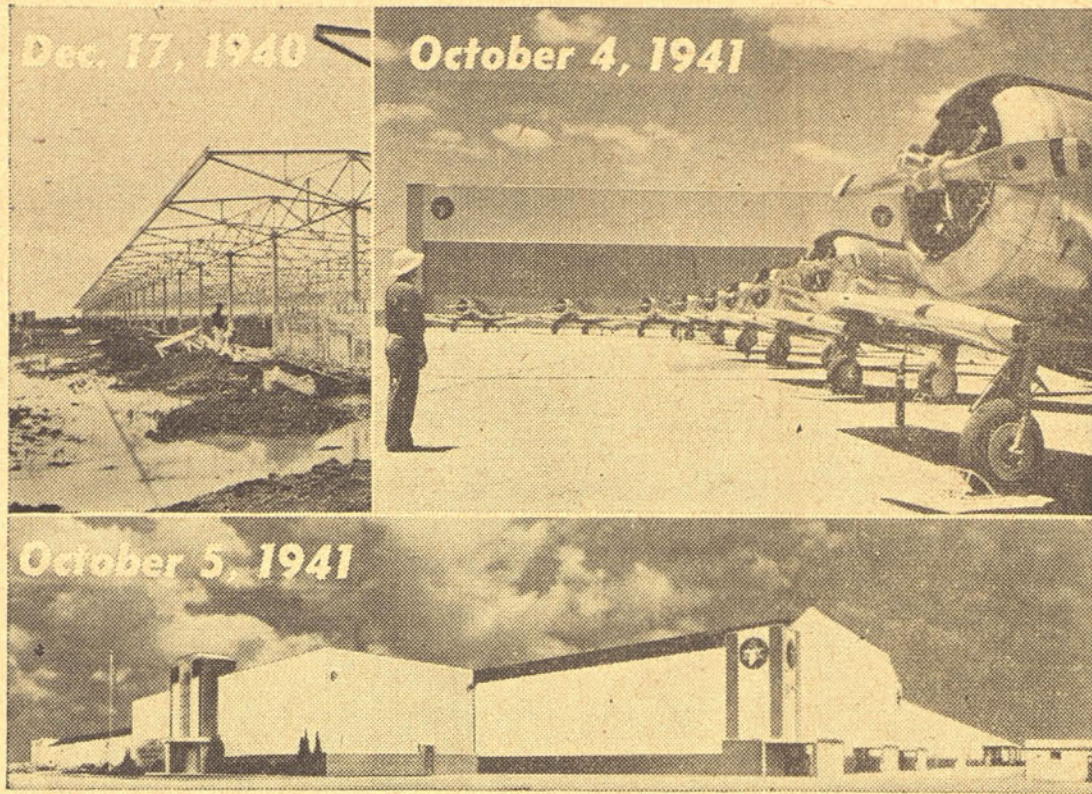

worst winter months," he said, "it may be possible to reverse the death trend and stay even with, or perhaps a trifle under, the 1937 record."

PROBATE CASES DISPOSED OF BY COUNTY COURT

The following probate business was disposed of in the county court:

T. E. Knight, guardian of Everett E. Harper, incompetent, petition to extend payment on deed of trust against H. F. Grinstaff, and for authority to make an additional loan, was approved and extension and loan authorized. The petitioner showed that the security was ample for balance due, and additional loan. Also, petitioner showed to the court that his ward is possessed of more funds than are needed for his maintenance. Guardian also petitioned the court to extend the vendors lien notes of M. B. and Allie Austin, which have been purchased by H. F. Grinstaff, showing that the security is suffi-

"From Plain To Planes In 120 Days"

Impetus was given Texas' industrialization campaign today, when North American Aviation, Inc., began publication of an advertisement paying tribute to the Lone Star state's "Industrial Teamwork" and "Enthusiastic Community Cooperation" with industry.

North American Aviation selected a site near Dallas for a \$9,000,000 airplane factory on August 17, 1940; it awarded the construction contract Nov. 13, 1940; and on April 7, 1941, the plant was dedicated and delivered its first three

airplanes.

Of the more than 4,000 employees at North American's Texas factory today, more than 95 per cent are Texans. The plant will ultimately employ nearly 12,000 persons.

"From Plain to Planes in 120 Days," is the headline of the strikingly-illustrated North American ad. It is being published in the Saturday Evening Post, Time, Life, Fortune and the United States News.

"What had been a Texas plain twelve miles west of Dallas," the

ad declares, "is now America's first windowless, air-conditioned airplane factory; 25 acres under one roof. It was completed and planes were being delivered to the U. S. army air forces 120 days after construction began. Within three months the new plant had produced twice the number of planes originally scheduled. Fulfilling defense requirements for decentralization of industry, the Dallas achievement is a tribute to industrial teamwork supported by enthusiastic community cooperation."

COWS, LAMBS STEADY; HOGS 10 CENTS DOWN

FT. WORTH, Oct. 9.—The market for cattle and calves at Ft. Worth Thursday was mostly steady, but cows showed signs of strength. Hogs of the better grades were 10c below Wednesday's average at a top of \$10.75. Lambs were steady, but yearling

sheep were strong to 25c higher. Good to choice steers and yearlings ranged from \$10 to \$11, with one load at the top figure. Common to medium steers and yearlings cashed at \$6.50 to \$9.50.

Fat cows cleared at \$7.25 to \$8, butcher cows at \$6.50 to \$7 and canners and cutters at \$4 to \$6.25. Bull prices ranged from \$6 to \$7.75.

Good to choice fat calves sold at \$9 to \$12.50, plain and medium calves \$7 to \$9 and cull sorts at \$6 to \$6.75.

Good to choice stocker steer calves ranged from \$9 to \$12, with similar grades of heifers at \$11 down. Common to medium stocker calves brought \$6.50 to \$9. Stocker steers and yearlings sold at \$6.50 to \$10. Stocker cows went out to the grass at \$5 to \$8.50.

Most butcher hogs on the Ft. Worth market Thursday sold 10c

below Wednesday's levels. The Thursday top was \$10.75. Good and choice 180 to 280-pound butchers brought \$10.65 to \$10.75, good 160 to 175-pound averages, \$10.25 to \$10.55, and good 140- to 155-pound weights \$9.75 to \$10.10. Packing sows were steady, mostly at \$9.25 to \$9.50, a few at \$9.75. Pigs were 25c lower with most stocker pigs at \$9.25 down.

In the sheep yards, lambs were steady, yearlings strong to 25c higher and other classes scarce. Odd head of medium to good lambs brought \$9 to \$11. Good grain-fed yearlings cashed at \$9.75 and other yearlings at \$9.50 down. Feeder lambs brought \$9 down.

DESDEMONA

Miss Charlotte Joiner made a business trip to DeLeon Saturday. Mr. and Mrs. Hugh Abel, accompanied by Mrs. W. H. Powers, drove over to Stephenville Wednesday afternoon. Mr. and Mrs. Abel had some work done on their car and Mrs. Powers visited her son, Jack, who is attending John Tarleton college.

Desdemona football boys accompanied by their coach, M. J. Coleman, and a number of parents went to Rising Star Saturday night, where they played the team from May.

Charlie Morrow, who moved to Sipe Spring a few months ago, was here Monday looking after his telephone business.

Miss Boyd Crenshaw who has been bookkeeping for the Sinclair Gas and Oil Co., at Tahoka visited her parents at Stephenville Saturday and visited Mrs. S. E. Snodgrass and family Sunday. Her sister Miss Ruth Crenshaw, went to Tahoka with her, Monday.

Mr. and Mrs. A. E. Malone and daughter, Miss Clara Louise Malone, returned Saturday from Wichita Falls where they had spent two days with Mrs. Malone's niece and nephew-in-law, Mr. and Mrs. Dick Cutting. They reported that they got into Wichita Falls over the only highway that had not been washed out by the floods. After returning here they remained with Mr. and Mrs. Charles Lee where they had been visiting until Monday when they left for their home at Weston, West Virginia. Their many friends regretted their visit was so short and the weather was too disagreeable for visiting.

Mr. and Mrs. Frank Leazer and baby of Houston came Saturday for a visit with her parents, Mr. and Mrs. John Arnold. Miss Jo- lene Arnold who had been visiting them came home with them.

Mr. and Mrs. Howard Williams and daughter, Dorothy, and Bernice Warren attended the ball game at Rising Star, Saturday night. Mrs. W. H. Powers went with them and visited her mother, Mrs. Sallie Ervin.

Flint Stinson and family, of Texon, spent the week-end at Gorman with his wife's father and step-mother, Mr. and Mrs. Charles F. Denton. Sunday morning he came over here and visited his mother, Mrs. Allie Stinson at her farm east of town and took her and also Mrs. Norman Scott and son and daughter over to Gorman where they visited the Dentons until Monday morning.

OFFICE GIRL'S DEFENSE STAMP IDEA A SUCCESS

CINCINNATI, O., Oct. 9.—How a business girl's idea for increasing the sale of Defense Stamps and Bonds in her own office has snow-balled into a nationwide program of tremendous proportions, was revealed in Cincinnati today.

According to A. J. Smith, personnel director of the Eagle-Picher Lead company, it was one of the office bookkeepers, Miss Catherine Auer, who originally proposed early in May, 1941, that the sale of Defense Stamps and Bonds could be accelerated by making them accessible on the job to employees. Because the hours at which the stamps and bonds are sold in banks and post offices are the very hours during which most working people must be on the job, a small revolving fund was used to purchase stamps for resale to Eagle-Picher em-

J. M. Bowlby, president of The Eagle-Picher Lead Company, Cincinnati, congratulates three employees whose initiative has resulted in the development of a nationwide plan for making Defense Stamps and Bonds available to office and industrial workers on the job. Left to right are T. S. Pieratt, who suggested the "Bond-a-Month Club"; A. J. Smith, personnel director, who engineered its successful trial; Miss Catherine Auer, who originally proposed the plan, and Mr. Bowlby.

Mrs. Denton and Mrs. Scott are sisters.

The Methodist Women's Society of Christian Service met at the Victor church Monday afternoon and had a program which included items from the Bulletin of Missionary News and the study of the work of deaconesses in various fields. In the absence of the president, Mrs. Charles Lee who had gone to Cisco with her sister, Mrs. A. E. Malone who was leaving, Miss Olga Smith presided over the meeting and the program leader was Miss Mollie O'Rear. Eight members and one visitor were present. Each member took some part in the discussion of the various kinds of work done by the deaconesses. Plans were discussed for the observance of the week of prayer to be held the last of this month.

Sunday morning Rev. and Mrs. H. B. Clark drove down to Victor where he preached to a good congregation. After the service the entire congregation went to the home of Mrs. Bell Smith and her daughter, Miss Olga Smith. Each one carried a covered dish of some kind of food and ate birthday dinner with Miss Olga who was very much surprised. On

ployes in the company offices. Since the plan was inaugurated, more than \$650 worth of stamps have been purchased by employees. Through another plan, "The Bond-a-Month club," sponsored by employees of the same company, at the suggestion of T. S. Pieratt, \$5,000.00 worth of series E Defense Bonds have been purchased. Under this program, club members pledge the purchase of a bond a month for six months.

The treasury department at Washington gave full approval to the plan, and today it has spread throughout the country. Many of the nation's largest corporations have clubs patterned on the Cincinnati idea, and Defense Stamps are now sold in practically all retail stores as well as in factories and offices.

Commenting on the success of the plan, Mr. Smith said, "American initiative is taken for granted just as the air we breathe and the water we drink. American initiative made our country the greatest nation it is today, and it is reassuring that in the face of the greatest threat to its existence, American initiative responds to the challenge with ideas, plans, courage and action."

night, at her boarding place, the home of Mr. and Mrs. George Patterson. Besides the hostess and Mr. and Mrs. Patterson, others present were Messrs. and Mmes. J. E. Heeter, Jesse Sparkman, Joe Merrill, H. H. Williams, Misses Delia Wall, Oma Mae McClellan, Mrs. Nina Dutton, C. A. Skipping, M. J. Coleman, and Herrell Kelley.

Mr. and Mrs. Roy Lemaster, of Ranger, visited his parents here on Saturday and Sunday.

Miss Oma Mae McClellan, teacher of the 3rd grade in Grammar school, spent the week-end at Loving (near Graham) with her parents.

Mr. and Mrs. J. E. Heeter and her mother, Mrs. S. E. Snodgrass, drove over to Stephenville, Tuesday, and visited Mr. and Mrs. George Crenshaw.

Mrs. Bill Parks, of Olden, came

down Tuesday night and filled her station as worthy matron of the Eastern Star Chapter. In a few weeks she will go as delegate from the chapter to the session of the Grand Chapter of Texas which will be at Amarillo.

J. H. Jackson made a business trip to Stephenville Tuesday. He went with Mr. and Mrs. J. E. Heeter.

Mr. and Mrs. R. D. Wright of Sagerton, visited her mother and sister, Mrs. J. R. Buchan and Miss Lillie Buchan, on Sunday.

Officers chosen were: president,

DEFENSE BOND QUIZ

Q. If the many Americans who are sharing in the present greater national income spend all their increased earnings, how do they lose?

A. Such spending tends to push up the prices of products available in limited quantity. Thus, all, or almost all, of the expanded income would be absorbed by higher prices, leaving little or nothing to show for greater earnings. By restricting our spending, and investing in Defense Savings Bonds and Stamps, increase in total spending will be prevented and we can buy the goods which are scarce without a rise in prices.

Q. Can the Treasury call Defense Savings Bonds for redemption prior to maturity?

A. No. But a Defense Savings Bond may be redeemed by the owner at his option in accordance with Treasury regulations.

NOTE. — To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasury of the United States, Washington, D. C. Also Stamps are now on sale at retail stores.

Mrs. Henry Hardin; vice president, Mrs. J. D. Hall; reporter, Mrs. Clint Britain. It was decided to have a social meeting the first Wednesday in each month. The session was closed with prayer led by Mrs. Medland.

During the social hour refreshments were served to Mesdames J. E. Shirley, Mrs. Medland, Henry Hardin, J. D. Hall, Clint Britain and the hostess Mrs. Hightower. Next meeting will be held in the home of Mrs. Clint Britain.

Mrs. R. S. Cope Is Hostess to Circle

Mrs. R. S. Cope was hostess when Presbyterian Auxiliary Circle Two held the weekly meeting Tuesday afternoon. Mrs. E. P. Crawford was in charge of the business meeting, where routine business was transacted. An interesting devotional was given by Mrs. A. J. Olson, using as a subject "United In Prayer."

Mrs. J. E. Caffrey directed the program in which the problem of "Reaching the Unreached Through Chapels" was discussed. Those taking part were Mrs. A. E. Jamison, Mrs. Alex Spears and Mrs. O. Gustafson.

Refreshments were served at the close of the meeting to Mesdames E. P. Crawford, Homer Slicker, Alex Spears, A. E. Jamison, C. E. Moore, J. E. Caffrey, H. L. Jackson, O. Gustafson, A. J. Olson, C. O. Pass, J. E. Moriarty and Mrs. Cope.

Supt. Bulletin Of Interest to Patrons-Laymen

T. C. Williams, county superintendent, issues a monthly bulletin, which is mailed to the teachers of the common schools of the county. This bulletin also contains much information that is valuable to patrons and others interested in the schools of the county. The bulletin says:

"The first month of the 1941-'42 school year closed Oct. 2. All teachers are required by law to take the regular official oath.

"School boards have regular meetings at the end of each month to approve all bills against school funds. Teachers' salaries and current bills are paid monthly without discount.

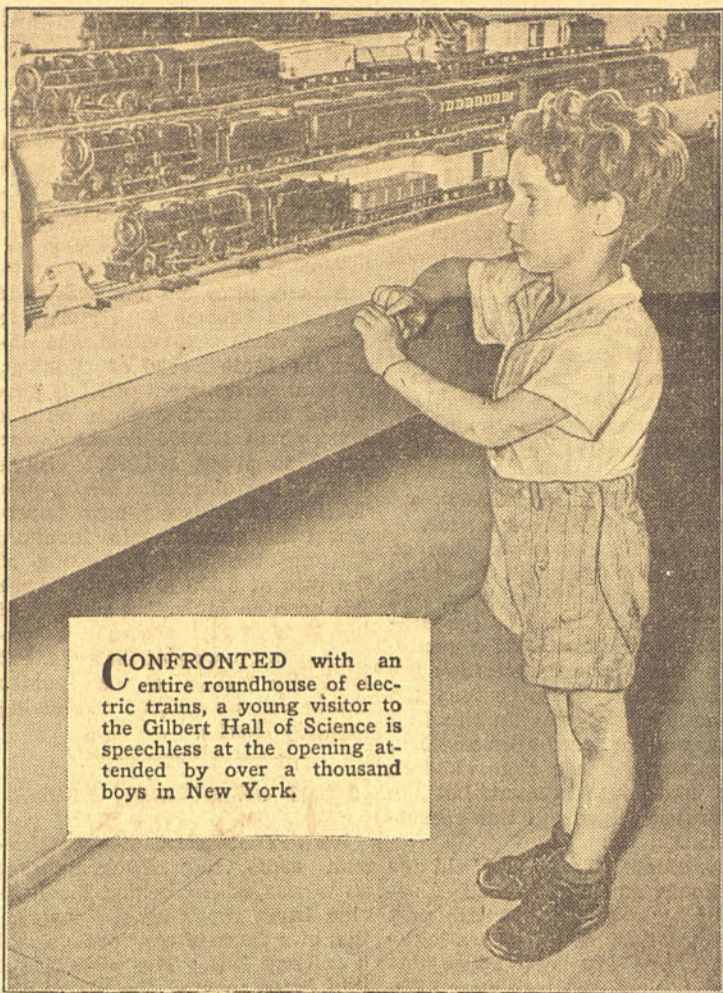

"The twelfth grade system is being introduced without friction and with interests, since new text books are adopted and a more definite and reasonable plan of work is outlined.

"More than 40 buses have contracted to transfer children to school, all of which must be inspected by a state patrol officer to insure the safety of the children. Eastland county buses rank high in these reports, as all are in excellent condition.

"The visual education program is in operation. The office of the county superintendent supplies pictures and machine to any educational group free of cost."

C. C. Duff Plans With Advisory D. O. Committee

C. C. Duff, teacher of diversified occupation of vocational training for Cisco high school and Cisco Junior college, entertained his local advisory board at a luncheon at the Laguna today, at which time plans were made for efficient functioning of the board for the school year.

Mr. Duff spoke of aims and accomplishments during the years this department has been functioning in Cisco, this school being the pioneer in vocational training in Texas. The present director of this division, James R. D. Eddy, was the first teacher of this department in Cisco. W. H. LaRoque was made chairman of the local committee.

The committee is composed of O. J. Tillinghast, James Latimer, Guy Morris, Standee McCracken and W. H. LaRoque.

Third Year Class Elects Officers

The girls of the third year Home Economics class met with the hostess, Alma Lou Smart, Wednesday afternoon and elected class officers, as follows: President, Edna Hagaman; vice president, Hazel Dawson; secretary-treasurer, Juanita Bean; reporter, Bonnie Stuard.

The objective of the class is to have a report of each week's work and note the progress of the class.

Sewing Club Member: Did you talk about me after I left the other day?

Candid Member: No; you see everybody thought that you had thoroughly covered the subject before you left.

Miss Nadeene Huestis, Bride Elect Honored By Christian Council

Mrs. J. D. Lauderdale was house hostess at a lovely reception-show-offer tendered Miss Nadeene Huestis, bride-elect of C. Blake Stephens, by the Women's Council of the First Christian church Wednesday evening. A color scheme of white, green and bronze was observed in all decorations and appointments. The rooms were resplendent with bowls of zinnias and marigolds placed in artistic arrangement.

The guests were greeted by Mrs. Laila Smart and were shown to the dining room by Miss Elsie Pulley. Miss Golda Warren presided at the bride's book. The dining table—laid with lace over green—held as a centerpiece a beautiful heart made of bronze marigolds interspersed with green with tall yellow tapers in silver holders placed at the sides; Mrs. J. R. Wright and Mrs. Sam Kimmel poured tea from a silver server at each table end; others assisting in the dining room were Misses Mary Elizabeth Wright, Julia Jane Moore, Mary Olive Garrett, Elsie Pulley, Betty Lou Powell and Mrs. Arthur Gutierrez, who passed the tea, cookies and mints to the guests.

After the guests were seated a program of musical numbers was played by Misses Bobby Lee Miller, Fern Huestis and Golda Warren. Just as the program was ended a messenger boy arrived with a telegram for the honoree which she read aloud to the group.

The message was from the First Christian church, expressing congratulations and good wishes from the church. She was presented with a small box and told to follow the music and at the end of the cord a treasure would be found. She hastened to obey and found a beautiful array of gifts which had been assembled by the guests.

Those present were Miss Golda

Morning Coffee Held Wednesday In Spears Home

Activities for the year 1941-42 were begun by the Cisco Music Study club with a coffee Wednesday morning at 9:30, given in the hospitable home of Mrs. Alex Spears. Beautiful fall flowers decorated the rooms and a pretty arrangement of chrysanthemums graced the lace-laid table in the dining room where Mrs. C. H. Fee poured coffee from a lovely silver service.

The guests were then seated and welcomed by the president, Mrs. R. S. Cope, following which a musical program was given. Mrs. Cope introduced Mrs. Ben Krauskopf, who played the first number, a violin selection, "Rondino," by Beethoven-Kreisler, accompanied by Mrs. S. E. Hittson at the piano; Hjalmar Bergh sang three numbers "Just a Wearyin' for You" and "A Perfect Day" composed by Carrie Jacobs Bond; and "Last of the Roses" by Stier, playing his own accompaniment.

A report of the biennial convention which met the past summer in Los Angeles was given by Mr. Bergh.

UNDER CONNALLY PENSION PLAN TEXAS WOULD RECEIVE TWICE AS MANY FEDERAL DOLLARS AS NOW

AUSTIN, Oct. 9.—The proposal of Senator Connally to base federal payment to old age assistance beneficiaries on the per capita income of the state attracted much attention in Capitol circles. Under the plan Texas would receive twice as much from Washington as is now being distributed.

There are about 122,000 on the Texas old age assistance rolls now and the average monthly payment is just short of \$19.

This totals \$2,318,000 a month or \$27,816,000 a year.

But should Connally's plan go through this total will be hiked to about \$41,000,000 a year, and the average payment to pensioners will approximate \$27 a month. Under the Texas Constitution the State can not pay more than \$15 a month to any individual and all payments are based upon need. In the past assistance from children was taken into account, but the legislature wiped out this consideration.

The extensive growth of old age assistance finances is well illustrated by comparing it with past appropriations of the Texas legislature. In 1920 total appropriations by the legislature were \$33,000,000, only \$6,000,000 less than the money now going to old age assistance. With the Connally proposal adopted the total will be \$8,000,000 more than the total appropriations of 1920.

While 21 years ago the total was a "mere" \$33,000,000, the expenditures now reach about \$200,000,000 annually, an increase of 500 per cent.

At every session in recent years there has been an effort to get through a constitutional amendment to raise the \$15 limit for old age assistance to \$20 and \$30. Another amendment sought would pay every Texas citizen over 65 years old this pension. The effort is expected to be repeated when the lawmakers meet in 1943.

Since there are 300,000 persons in Texas 65 years or older, should

tion of the circle was made. Mrs. J. W. Thomas opened the meeting with prayer, after which election of officers was held.

Mrs. H. J. McArdle was chosen chairman and Mrs. T. E. House, vice chairman; Mrs. J. A. McLain, secretary-treasurer; Mrs. W. I. Ghormley, mission study chairman; Mrs. Leon Maner was appointed personal service chairman; Mrs. E. J. Poe, mission chairman.

Refreshments were served during the social hour following to Meses. T. E. House, H. J. McArdle, W. I. Ghormley, J. W. Thomas, E. J. Poe, Miss Miriam Ghormley and Mrs. Morrison.

ILLICIT BEER TAKEN.

EASTLAND, Oct. 9. — Sheriff Los Wood and his men Tuesday night raided a place two miles east of town on the Eastland-Desdemona road from which they took 29 cases of beer. Officers stated that a woman operated the raided place, but that she was not present when the raid was made and had not been taken into custody, although they held a warrant for her arrest.
