Football Sweetheart

FOOTBALL SWEETHEART—Brenda Ayala, Cisco High School head cheerleader, was named as the 1985 Football Sweetheart in pre-game activities Friday night at the Cisco-Baird football game. She was escorted on the field by Lobo Jeff Dennis. Other nominees were Tami Roberts, Kristi Hogan, Robin Ritchie, and Sampty Sipe.

Customers Asked To Contact Store Manager

All customers who gave checks at Super Duper Food Store in Eastland this past

Friday are being asked to contact Manager John Holmes immediately.

The store was burglarized Saturday and a great number of the checks which had been taken at the store Friday were stolen, Mr. Holmes said.

The band of burglaries hit the store during a rush period and after diverting the attention of management and employees, went into the

firm's office and ransacked the safe. Eastland Police Dept. is investigating. Mr. Holmes may be contacted at 629-3305, and the checks in question would have been given on Friday, Nov. 8.

Commodities Are Set Here

The Food Commodities will be distributed in Cisco on Tuesday, Nov. 19, at the Gaslight Apts. Lobby, 8th and Conrad Hilton Ave. The time will be 8 a.m. to 12 noon.

The band of burglaries hit the store during a rush period and after diverting the attention of management and employees, went into the

HALL OF REMARKS

By Herrel Hallmark

VISITING IN Midland during the weekend of Nov. 2 and 3, were Mr. and Mrs. Carson Holdridge, Mr. and Mrs. Gary Stennett and family, Mr. and Mrs. Mike Thiberville and family, and Mrs. Bill Howell, all of Cisco.

They all visited in the home of Gary Holdridge and family. Gary and Judy have three boys and all three had fast ball games Saturday that were enjoyed by all.

Most important, was the fact that James, age 15, was honored Saturday night in the Court of Honor for the highest honor you can receive with the Boy Scouts of America: the Eagle Scout Award.

The entire family is very proud of this honor.

LITTLE KEVIN Stennett, son of Gary and Cheryl Stennett, has spent nearly a week in the hospital with some bronchial problems. His grandparents are Carson and Omalee Holdridge of Cisco and Wayne and Mary Stennett of Clyde.

MEMBERS OF the Fellowship of Christian Athletes took up a collection at Friday night's game between Cisco and Baird to help out the employees of the nursing home in Cisco. The power went off and on 24 separate times Friday night during the first hour after the Cisco-Baird football game was to begin. As a result, game officials called a 15-minute delay in the game after the lights had gone off several times while the teams were playing.

HEARD ON the radio that the fog we experienced Tuesday morning was the same fog we saw Monday. It came through Monday as a cold front from the north and was going back through Tuesday ahead of a warm front from the south.

Texas Opera Theater, the nation's largest touring opera company is on the road to Cisco, scheduled to appear at the Harrell Fine Arts Building Friday, November 15, 1985, at 8 p.m.

CARMEN has been a classic opera since its first performances in 1875. This passionate story about Carmen, the flirtatious gypsy girl and Don Jose, the soldier who forsakes everything for her love, features some of the world's most exciting and best-loved music.

Directed by Francesca Zambello and conducted by Stephen Sulich with a full orchestra, Ms. Zambello has taken an organic approach to this production, focusing on the emotional plight of Don Jose and the sometimes uncontrollable human emotions which can cause problems in our everyday lives. "The themes and characters in CARMEN touch upon everyone's lives," explains Zambello. "We've all yearned for the freedom Carmen represents and have had to make choices just as Don Jose has to in this opera. He has to make a choice between the sensuality of Carmen and the purity of Micaela," says Zambello.

"We must make opera accessible now!" declares

Murder Charges Expected To Be Filed In Saturday Shooting Here

Murder charges were expected to be filed Tuesday against Mrs. Mary Goode, 48, of Cisco, but at press time Tuesday no charges had been filed according to the

Police Are Investigating Shooting Here

Cisco police are investigating several blasts from a shotgun that were fired into the home and car at 600 East 12th Street at 6:30 a.m. last Saturday morning, according to Police Officer R.D. Kirkland, who was in charge of the probe.

From three to five shots were fired, Mr. Kirkland learned. One shot shattered a bathroom window and two shots hit and caused extensive damage to an automobile parked near the house, he said. There was also damage to siding on the house.

Mrs. Mary Gosnell, who lives in the home, called police after the shots were fired. There were no injuries. Nobody reported seeing the shooting, the officer said.

Seats Available For CARMEN

Seats are still available for the opera, CARMEN, which will be presented by Texas Opera Theater at Cisco Junior College, Friday, November 15, at 8 p.m.

For further information or to make reservations, call 442-2567. There will be tickets available at the door.

Last Flea Market

The last flea market of the season will be held November 15, 16, and 17, at Flea's Paradise near Cisco.

Flea's Paradise is located approximately two miles east of Cisco on old Highway 80, between Cisco and Eastland. More information may be received by calling 442-4936 or 442-3407.

District Attorney's office.

Mrs. Goode is allegedly responsible for the shooting death of her husband, Hershell M. Goode, 58, at their home, 205 West 11th Street in Cisco, last Saturday. The shooting occurred at 10:55 a.m. Saturday and Mr. Goode died at 6:07 p.m. Saturday at Hendrick Memorial Hospital in Abilene.

Cisco Policeman R.D. Kirkland, who was the arresting officer, reported that Mr. Goode was shot three times with a .38 calibre

pistol.

James Goode, 24-year old son of Hershell Goode by a previous marriage, told officers that Mrs. Goode walked to the porch and pointed the gun at him, threatening to shoot after shooting her husband. He wrestled the gun away from her and one shot was fired into the ground, Mr. Kirkland said.

District Attorney Emory Walton reported Monday that murder and attempted murder charges would be filed on Tuesday. He asked Justice of the Peace J.V.

Heyser of Cisco to request an autopsy and the body was taken to the Dallas Forensics Laboratory Saturday night by Kimbrough Funeral Home of Cisco.

Mrs. Goode was taken to the county jail in Eastland by Officer Kirkland, who was assisted in the investigation by Police Officers Frank Thumsuden, Larry Jernigan, and Risa Livingston.

The gun, a .38 calibre special revolver, was recovered at the scene of the shooting, Mr. Kirkland reported. He said that Mrs.

Goode was hysterical when police arrived to investigate the shooting.

Mr. Goode, a former engineer with Oil States Rubber Company that operated a plant here several years, had lived in Cisco for some six years. He moved here from the Fort Worth area. Survivors include two sons and a daughter. He was self-employed.

Funeral arrangements were to be announced by a Mansfield funeral home, according to information here.

Plans Grand Opening Next Week

PLANS GRAND OPENING--Carolyn's Florist, 1307 Conrad Hilton Avenue, Cisco, will be holding a Grand Opening Monday and Tuesday, Nov. 18 and 19, from 8 a.m. to 6 p.m. The new business opened November 4 and is owned by Fred and Carolyn Hull of Cisco. Refreshments will be served at the grand opening and a drawing will be held at 4 p.m. each

afternoon for door prizes. The business offers fresh flower arrangements, silk flowers and they do wedding arrangements, etc. Store hours are from 8 a.m. to 5:30 p.m. and the phone number is 442-2110. The Hulls invite everyone to attend the grand opening.

Texas Opera Theater On Road Here

Zambello. Her philosophy is echoed in Texas Opera Theater's mission to introduce opera, to new audiences --and in English-- to

cities all across the tri-state area of Texas, Louisiana, and Oklahoma, and beyond. Her concern for making opera readily available led

Zambello to implement the system of "supertitles" in her 1983 San Francisco Opera directing debut of Verdi's LA TRAVIATA. She

has created additional supertitles for more than twenty operas, including the current Ring Cycle.

Tickets for Texas Opera Theater's production of CARMEN are available at Cisco Junior College for \$8.00, or may be reserved by phone by calling 442-2567.

TEXAS OPERA THEATER, the nation's largest touring opera company, is on its way to Cisco to perform Bizet's passionate opera, CARMEN, Friday at Harrell Fine Arts Auditorium at 8 p.m. Texas Opera Theater performs all of

its operas in English and features America's brightest and youngest new opera talent. Tickets are still available at CJC for \$8.00. Some tickets will be available at the door. For information call: 442-2567.

Loboes Lose Final Game To Baird Friday, 39-To-14

The Loboes of Cisco High School ended their District 11-AA play here Friday night as they lost to the Baird Bears by the score of 39-to-14. Cisco is 2-5 in district play and 3-7 for the season, while Baird is 3-4 in district and 4-6 for the season.

Cisco managed to score once in the second and third quarters, while Baird scored twice in each of the first three quarters. Neither team managed to score in the fourth quarter.

Cisco had 155 yards rushing in the first half and 116 in the second half. Passing yardage totaled 57 in the first half and 63 in the second half.

Baird managed 222 yards rushing in the first half and 228 in the second half. In the air, they had 20 yards passing in the first half and 9 yards the second half.

Baird's first quarter

scores were on a 23-yard run by Ronald Green and on a 21-yard run by Shane Campbell. Following the first score, the extra point kick was blocked and a pass failed after the second score, giving the Bears a 12-to-0 lead with 6:18 left in the first quarter.

In the second quarter, Baird's Tommy Higgins added another touchdown to the scoreboard on a one-yard run. On the extra point conversion play, Green carried the ball into the end zone to make the score 20-to-0 with 5:58 left in the second quarter.

Cisco received the ensuing kick-off and started a drive from their own 28-yard line. Two plays later, Steve Abbott took the handoff from quarterback Jarrod Jeffcoat and ran 69 yards for a touchdown. A handoff to Brian Wagnon failed to gain any extra points making the

score 20-to-6 with 5:04 left in the second quarter.

Baird came back before half-time and Codie Parkhill scored on a one-yard run. The pass for two extra points failed making the half-time score 26-to-6 with 9 seconds left.

In the third quarter, Baird's Sam Corn intercepted a Lobo pass giving Baird the ball at Cisco's 35-yard line. On the first play, Campbell broke loose for a touchdown. The extra point kick by Russell Robinson was good for a score of 33-to-6 with 9:26 left in the third quarter.

Cisco received the kick from Baird and started a drive from their 22-yard line. Two plays later, Abbott again took the handoff from QB Jeffcoat and this time went 71 yards for a touchdown. A pass from Jeffcoat to Ricky Chambers added two more points for a score of 33-to-14 with 8:34 left in the third quarter.

Baird added the final points of the game on a 22-yard run by Green. The extra point kick failed, making the final score 39-to-14 with 0:00 showing on the clock.

Steve Abbott led the Loboes in rushing with 15 carries for 208 yards. He was followed by Roy Boykin with

6 carries for 46 yards; Brian Wagnon, 9 carries for 16 yards; and Jarrod Jeffcoat, 2 carries for 1 yard.

BRINGS YOU THESE IMPORTANT TIPS...

YOU AUTO KNOW

Don't use plain water in your cooling system, even to "top off" the radiator. For emergencies, carry a container of a pre-mixed 50-50 solution of anti-freeze/coolant that's safer for your car.

Car seat should be adjusted so that you can hold the wheel with two hands, with arms bent comfortably.

Drive extra carefully after dark. Two out of three accidents happen at night. Death rates are higher then, too.

Remember the rotation rule for radial tires: switch front and back, but never rotate radials side to side.

Mileage tip: it uses less gas to run the air conditioner at highway speeds than is lost to the wind drag caused by rolled-down windows.

New-Used Cars
You'll get better gasoline mileage with a new (or late-model used) car from Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636. It's designed to save you money on the road.

Auto Repair
Another mileage tip: be sure your car's been tuned up by the master mechanics at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636.

Body Shops
Maintenance tip: it's smart to repair small dents and scratches before rust attacks them. For quality body work, see Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636.

To protect your car from vandals and the theft of accessories, alarms and sensors are most effective. Ignition or fuel cutoff switches work best against theft of the car.

A Symbol of Personal Responsibility

The best known symbol of Freemasonry is the nation's oldest and largest charitable fraternity... the "Square and Compasses."

The 3 1/2 million Masons in the United States use the tools of the medieval stonemasons, the builders of the great Gothic Cathedrals. They are reminders of a Mason's duty to live by the highest moral standards, to practice brotherly love, and to affirm loyalty to his country.

Masons believe that the quality of a man's life should reflect his faith in God and his ethical ideals. Although Masons do not solicit members, men of good character may ask to become members.

Area News Briefs

RANGER
Committee appointments have been made for the third annual Roaring Ranger Bowl football game, which will be played at 1 p.m. Saturday, Dec. 7 in the Bulldog Stadium. The game will match two top-ranked Junior Colleges chosen from over twenty eligible teams. The event is sponsored by the Ranger Chamber of Commerce. Ron Butler II will serve as Game Chairman. Butler announces that in addition to the game the annual Bowl Banquet will be held in the Ranger School Cafeteria at 7 p.m. Friday, Dec. 6. Tickets are on sale to the public.

The annual Bake Sale sponsored by the Ranger General Hospital Auxiliary will be Nov. 22 in the Hospitality Room at the First State Bank. The sale will begin at 9 a.m. Donation will also be accepted toward a turkey to be given away that day. All donations and money from the sale will be used for the purchase of a new cot for the ambulance.

There will be an Old Fashioned Sunday Service at the Church of God on Old Strawn Rd. on November 17. Sunday School will begin at 10 a.m. and Worship Service at 11 a.m. An older person will speak. At noon the ladies will serve a Thanksgiving dinner, and there will be fellowship until 5 p.m. At that time an afternoon service will start, with special music and worship. The public is invited to come out for the day, and to dress in old-fashioned clothes if you wish.

CISCO
On Friday, Nov. 15 Lee Storey of the Texas Sesquicentennial Commission will officially recognize Cisco Junior College as a Sesquicentennial Association. The time will be 10 a.m. in the College gymnasium. The program will include performances by the CJC Band and Wrangler Belles. Also performing will be C.J. Texadillo, the official college Sesquicentennial Mascot. Cisco Junior College President Dr. Henry McCullough will receive the awards. County Judge Scott Bailey, Cisco Mayor Eris Ritchie and County Sesquicentennial Chairman Ginger Mangum will attend, and the regional officials have been invited. All interested people in the area are also welcome to attend.

There are still some good seats available for the Texas Opera Theater performance of Carmen Nov. 15 at 8 p.m. in the Fine Arts Building at

Cisco Junior College. Carmen remains one of the most popular Romantic Operas, with its beautiful tunes and fast-moving plot. Immediately following the performance at CJC there will be a Meet-The-Cast Party in Maner Memorial Library. For ticket information call 442-2567, Ext. 115.

A garage sale at the A.J. Luna home, 1100 Front Street, has been turned into a Food Bank for employees of the Cisco Nursing Home. These employees have not received a check for their work in October, and this has caused them a great deal of difficulty in meeting basic expenses. Texas Health Enterprises Inc. recently took over management of the Home, and this company have requested utility companies to hold off disconnecting water, gas or electricity to the homes of employees. Hopefully the situation of pay for these deserving people will soon be resolved. Anyone wishing to donate food items for the employees may take them to 1100 Front Street. Cash contributions for the families of employees may be made to the Cisco Ministerial Association at the First National Bank.

Photographs by Bobby Garrett, well known Cisco photographer, will be on display until the end of November in the lobby of the First National Bank. Garrett, who is employed by the Coca-Cola Bottling Co. in Eastland, devotes evenings and weekends to photography. Outdoor photographs and unposed shots of people and animals are Garrett specialties. Nine pictures made in Hawaii will be among those

display at the bank. Singers from the First Baptist and First Methodist and several other Churches are working on joint Christmas Cantata programs to be presented Sunday morning and evening Dec. 15. Sunday morning will be "Down From His Glory" at the First Baptist Church, and Sunday evening "Promise of Peace" at the First Methodist Church. Director John Picklesimer of the Baptist Choir will have a special children's choir program that same Sunday evening.

EASTLAND
A representative of the Texas Department of Agriculture came to Eastland last Friday and treated some of the imported fire ants. Anyone having suspicion of fire ant infestation on their property may contact the County Extension Office at 629-1093 for information on the identification and control of these pests. Home owners and property owners will be responsible for treating their own infestations. When these ants really move in they literally destroy the usefulness of land. They can also kill plant life and newborn animals. Any infestation of this type is considered serious, since these ants have no natural enemies to retard their spread.

Comet Cleaners and Laundry Service opened this week in Eastland in the Shady Oaks Shopping Center on Highway 80 East. R.L. (Jack) Godfrey of Arlington is the founder of Comet Cleaners, and his son Jim Godfrey is the owner of the Eastland store. Faye Hart of

Olden will be the manager. Comet Cleaners in Eastland will be open from 7 a.m. Monday through Friday, and 7:30 a.m. to 6 p.m. on Saturday.

The Eastland Ministerial Alliance will hold Community Thanksgiving Services Wednesday, Nov. 27 at 7 p.m. at the First United Methodist Church. The Rev. Ben Tibbs is the host pastor. Randy Housh, pastor of the Word of Life Church, will be the speaker. Special music will be provided by a number of sponsoring churches. Larry Smith, President of the Alliance, invites the public to attend. Let us be grateful for our many blessings.

RISING STAR
A showing of paintings by local artist Jo Hubbard will continue through Nov. 15 at Angelo State University in San Angelo. About thirty of her paintings are on view, including some from the private collections of Ben and Netta Jarrett, Don Maynard, Alice Monk and Joanie Hubbard. The exhibit in San Angelo is sponsored by the University Center Program Council, which has featured the work of Texas artists this year.

BAIRD
The Baird Nursing Center, like the one in Cisco, has new owners - Texas Health Enterprises. It also has a new name - Canterbury Villa of Baird. As yet the former owners have not paid the staff for the whole month of October. This really caused problems for the workers, but their devotion to the residents kept them on the job. At this time the future looks much brighter under the new owners, who have promised to reinstate all seniority, vacations and benefits. Work is going forward to collect the October wages due the employees.

GORMAN
The South Eastland County Hospital District Tax Office at Blackwell Hospital is open Monday, Wednesday and Friday from 9 a.m. until 5 p.m.

The South Eastland County Hospital Board of Directors will have a regular monthly meeting at 7 p.m. Tuesday, November 26 at Blackwell Hospital.

Mixed Drink Taxes Total \$49.4 Million For State

Bullock Thursday sent checks totaling \$81.8 million to the 221 counties and 422 cities as their share of the state's 12 percent mixed drink tax collected during the third quarter of 1985. The Texas Legislature raised the tax from 10 percent to 12 percent in 1984. Bullock said the state col-

lected \$49.4 million in mixed drink taxes for the third quarter at the increased rate, compared to \$40.4 million collected during third quarter 1984 at the old 10 percent rate. Texas cities and counties now each receive a 12.5 percent share of the tax collected on mixed drinks sold within their boundaries

that legalized the sale of mixed drinks in the state. Eastland County reported a total county tax revenue of \$11,014.57, and received a remittance of \$1,376.82. The City of Eastland received \$241.71, 12.5% of the \$1,933.65 reported. Ranger reported \$4,250.17 revenue and received \$531.27.

DO WORK AND PREGNANCY MIX?

By William T. Mixson, M.D.
President, The American College of Obstetricians and Gynecologists

Should you work while you're pregnant? At the same time? And for the entire nine months? These were important questions last year for nearly a million women who did work and who had their babies, too. This year at least the same number of women will face the same decisions.

While there is no single set of answers for everyone, we know that the great majority of women can answer "yes" to all three questions. But some women cannot because of the kind of jobs they have, their physical condition and medical histories, and how their babies develop during pregnancy.

Some jobs may be physically easier than others; nevertheless, you should be ready—and your boss should be willing—to make some adjustments in your work schedule as your pregnancy progresses. For example, as the weeks and months pass, you should be prepared to adjust the way you sit, stand, and walk; deal with fatigue, even find convenient times and places for short naps if possible; eat properly, and allow time for prenatal check-ups.

Early in pregnancy you may be nauseous, feel fatigued much of the time, and feel

your heart beating harder than usual. These are common experiences and may occur no matter how healthy you are or how "perfect" your job is.

However, because your heart and lungs will be working hard to provide enough blood and oxygen for two people, you and your baby, jobs that require frequent physical exertion may be too much for you. Talk to your doctor about your current employment to see if you may need temporary reassignment.

As your size increases, your posture, weight, and sense of balance will change, too. Again, listen to your body, and try to modify your work load and pace as your pregnancy progresses.

One final note—all the advice for 9 to 5 also applies to 5 to 9, so try and adjust your work load at home, too. You may not put cooking and cleaning in the same category as your career—but your body may. It can't tell the difference between the stress that comes from managing a store or typing a report to that from doing the laundry.

Remember—the little on-the-job adjustments may last just a few weeks or months. But your good health—and the health of your baby—is for a lifetime.

Spotlights and Sidelights

by Julia Worthy

"Let the dead past bury its dead."

Those words—I think they were Dickens—seldom have meant as much to me as they have since I read part of a series of articles reporting on yet another book about Marilyn Monroe.

I thought, and I still think, Marilyn was beautiful. Whether she could act her way out of a gunny sack didn't make much difference to me then. It doesn't now.

I liked—still do—only entertainment from movies, and Marilyn was entertaining as

well as decorative. For information, I can consult the dictionary and the encyclopedia. For a tear-jerker, I can visit an orphan's home. In short, "messages" from a theatrical setting are not my cup of tea.

Marilyn Monroe is no longer alive. The fact, coupled with her death at a fairly young age, is sad...probably.

All the blather written about her while she was alive (and I'm sure I didn't read all of it) was laced with

speculations, implications and innuendos enough to choke a horse.

Apparently, Marilyn's life wasn't all that great while she lived it. My memories are casual. I wasn't, by any definition, a fan collecting every printed scrap I could find about her or anybody else.

Somewhere I think I read that she dropped out of school when she was about thirteen. A blond bombshell with neither literary nor social education, with no family reinforcement, nor

with any religious foundation that I ever read about—that's a pretty fair summary of Marilyn, isn't it?

Would it be sensible to expect Marilyn not to run into some kind of trouble? Would you give a baby a live grenade and expect it not to pull the pin at some time?

Evidently, this book makes a big deal of MM's association with brothers Kennedy—Jack and Robert...also, dead. And yet more dead people are named. The Halloween season does seem to be appropriate for reading such a tale.

Opinions on the value of the Kennedys—past and present—to our country vary according to the person ask-

ed. Personally, I was not convinced in the first place that a couple of rich kids knew what was best for a country full of not-so-rich kids. But then, I never did consider FDR as one of the Lord's anointed, either.

"Let the dead just past bury its dead." Beating a dead snake with a dull hoe will get you nothing but tired. An analysis of the deaths of these people may shed some light on their lives. As it affects our government, it may be of questionable importance.

My unwilling-to-be suppressed suspicion is that its main function is to sell the book.

The past always has

fascinated me. I have wondered about the Indian woman who fashioned the pottery shard I held. What drove Hannibal to herd those elephants across the Alps? What did Cornwallis think when he surrendered to Washington at Yorktown? What were Elizabeth I's reactions when Mary, Queen of Scots, was axed at Liz's orders?

That kind of curiosity I never have equated with the kind that produces accounts of private lives for public consumption. Maybe it is.

When I was much younger, I read a definition of history as "fiction agreed upon." I laughed.

Come to find out, 'taint

funny. I remember The Depression. I remember Bonnie and Clyde in the news. I remember World War II. The things I remember, newspaper accounts of the times, and the current history books don't always "come out even." What will they read like in another hundred years? There will be a difference in what is read and the perspective of the reader. Marilyn's story—if read at all—won't be the same.

Whether the dead rest in peace or whirl like a dervish, I wish to go on record as being more than willing—even eager—to "Let the dead past bury its dead."

Drilling Bits

Flowing 442 barrels of oil per day, the No. 3-A Newnham was completed successfully in an unnamed field in Stephens County by G.L. Page Petroleum.

Drillsite is one mile northeast of Necessity. It was drilled to 4,375-ft. total depth and will produce from perforations in the Ellenburger Formation, 4,289 to 4,275 feet into the wellbore. Production tests were run on a 4/64-in. choke, and tubing pressure registered 750 PSI.

The location is in a lease in the T&P Survey.

At a location four miles north of Parks, S&J Operating has finalized a new oil producer in the Stephens Regular Field.

The well is designated as the No. 17 G.F. Kennedy, pumping oil at the rate of 44 barrels per day, plus 55 barrels of waste water.

Location is in a lease in the LAL Survey. Bottomed 3,255 feet, the well will produce from perforations in the Caddo Formation, 3,054 to 3,165 feet into the hole.

A Breckenridge-based operator has staked location for the No. 3 Donnell Estate "H", a wildcat well to be located four miles southeast of Crystal Falls, Stephens County. With projected total depth of 500 feet, the well will be located in a 119-acre lease in the SPRR Survey. The operator is Delta Oil & Gas.

A 5,000-ft. wildcat well is planned by Fuller Petroleum of Ft. Worth at a drillsite three miles north-northwest of Crystal Falls. The location is in a 341-acre lease in Stephens County's Albert Johnson Survey. Well's designation is the No. 1 Elliott-Hanna.

Mobil Producing of Houston has filed first production figures on a new oil well in the Stephens Regular Field. The No. 706 Southeast Breckenridge Unit showed potential to pump 35 barrels of oil per day, plus 221 barrels of water.

The operator has a lease in the LAL Survey, five miles north-northwest of Parks. The well bottomed at 3,300 feet, and production will be from perforations in the Caddo Formation, 3,161 to 3,180 feet into the hole.

DeSoto Operating has issued plug-and-abandon orders for the No. 1 F.A.

Dean, a developmental venture in the Langford Field, Stephens County. Spudded Sept. 25, the well bottomed dry at 3,811 feet. Drillsite was three miles southeast of Wayland.

Dallas Producing has plugged back and suspended operations at its No. 3 Wagley "A" in Palo Pinto County's Mineral Wells Field. Spudded July 31, the well progressed to 4,760-ft. TD and was plugged back to 4,744. It was aimed at production in the Big Saline Formation. Drillsite is two miles south of Oran.

A 4,600-ft. Palo Pinto County wildcat is scheduled for spudding four miles southwest of Mineral Wells. It is designated as the No. 1 Gibson, with Dallas Producing as the operator. The operation is in a 32-acre lease in the T&PRR Survey.

Northridge Corp. of Duncanville has filed for permit to drill the No. 1-A J.B. Hunt, a 4,000-ft. developmental well to be located three miles west-southwest of Romney, Eastland County. Location is in a 285-acre lease in the Mary Ann Clark Survey, A-51. The well will be drilled in the Eastland Regular Field.

Four new producers have been brought on line in Eastland County's Linde Field, with Van Oil of Duncanville as the operator.

The Nos. 1-B & 1-C T. T. Fair "165" are located ten miles southeast of Eastland, and the Nos. 1-D & 1-E T. T. Fair "165" are located 13 miles east of Mangum. All four wells are located in the McLennan CSL Survey, A-368.

On a 16/64-in. choke, the No. 1-B well flowed gas at the rate of 99,000 CF per day. The absolute open flow rating was 111,000 CFD. The No. 1-C well flowed 138,000 CF gas per day on a 12/64-in. choke. It was given a 440,000-CFD rating on absolute open flow. Both wells reached a total depth of 566 feet.

The No. 1-D well flowed 67,000 CF gas per day on a 16/64-in. choke, and the absolute open flow rating was 70,000 CFD. The No. 1-E well showed ability to flow 196,000 CF gas per day on a 12/64-in. choke, and was given a 510,000-CFD rating on absolute open flow. Total drilling depths were 569 & 577 feet, respectively.

The four wells will produce

from intervals in the Frye Formation, ranging from 532 to 577 feet into the wellbore.

The same operator has revealed plans to drill four new developmental wells in Eastland County's Linde Field. The Nos. 206 T. T. Fair & 9-A T. T. Fair "96", and the Nos. 1-F & 1-G T. T. Fair "165" will be located 14 miles east of Mangum in the McLennan CSL Survey, A-368. The No. 206 well will be drilled in a 77-acre lease, and the No. 9-A well will be located in a 96-acre lease. The Nos. 1-F & 1-G wells will be drilled in a 165-acre lease.

Three 1,600-ft. developmental wells are planned by International Basic of Eastland at drillsites four to five miles east-southeast of Eastland. The No. 3 Claypool will be drilled in a 167-acre lease in the McLennan CSL Survey, A-367. The Nos. 2 Pope & 2 Ward will be located in a 93-acre lease in the Harvey Kendrick Survey, A-340. Drillsites are in the Eastland Regular Field.

Baggett Exploration has given up on its efforts to make a producer out of the No. 2 Henderson. It was a developmental try in the Eastland Regular Field, seven miles east-southeast of Eastland. Spudded September 17, the well bottomed dry at 1,005 feet. It will be plugged and abandoned.

A Ft. Worth-based operator has staked location for the No. 1 G.W. McGraw, a developmental well to be located ten miles north-northwest of Desdemona, Eastland County. With projected total depth of 3,900 feet, the well will be drilled in an 88-acre lease in the Adams Field, Frederick Scranton Survey, A-436. The operator is Richey & Co.

The same operator has issued plug-and-abandon orders for the No. 1 J.M. Weaver. It was a developmental try in the Reb Field, Eastland County. Spudded July 22, the well had reached a total depth of 3,773 feet. Drillsite was one mile northeast of Eastland.

Semco Oil & Gas of Duncanville has revealed plans to drill three 1,500-ft. developmental wells in the Eastland Regular Field. The operator has 64 acres leased, with drillsites in the H&TC Survey, A-1428. The ventures have been designated as the Nos. 2, 3, & 4 Schaeffer. Drillsites are one-quarter of a mile east of Nimrod.

Two new developmental wells are planned by Sun Exploration & Production of Abilene in Eastland County's Desdemona Field.

The No. 21 Lane will be drilled at a location one mile east of Desdemona in a 163-acre lease in the L. Ellison Survey, A-115. Projected total depth of the well is 3,500 feet.

The No. 1 W.T. Yardley will be drilled in the Desdemona townsite in a 47-acre lease in the D.W. & W.H. Funderburgh Survey. The well carries permit for 3,300-ft. total depth.

At a location four miles northwest of Parks, Mobil Producing has finalized a new oil producer in the Stephens Regular Field.

The well is designated as the No. 2521 Southeast Breckenridge Unit, pumping at the rate of 61 barrels of oil per day.

Location is in the LAL Survey. Bottomed at 3,300 feet, the well will produce from perforations in the Caddo Formation, 3,171 to 3,182 feet into the hole.

A gas producer has been brought on line in the Stephens Regular Field, with Edwin S. Nichols as the operator. Located one mile southeast of Eolian, the well is in the TE&L Survey. It is designated as the No. 1-AB R.L. Rush.

On an 18/64 choke, it flowed 356,000 CF gas per day. It was rated at 1,090,000 CFD on absolute open flow.

The well bottomed at 4,225 feet and will produce from a perforated interval in the Bend Conglomerate Formation, 3,826 to 3,831 feet into the hole.

Stephens County's Auburn Field gained a new producer when Auburn Oil completed the No. 1 Spurlen "A" three miles northwest of Gunsight.

The well indicated ability to pump at the rate of 25 barrels per day. It was taken to a 4,197-ft. bottom and will produce from a set of perforations in the Caddo Formation, 3,398 to 3,406 feet into the wellbore.

The operator is in the T&P Survey.

The No. 1 Garlitz has been finalized by TXO Production.

It is a developmental well in the Regal Field, two miles southwest of Eolian. Drillsite is in Stephens County's BAL Survey.

Daily potential of 19 barrels was posted with the Railroad Commission. The well went to a 4,280-ft. bottom. Production will be from perforations in the Ellenburger Formation, 4,230 to 4,240 feet into the wellbore.

Drillsite has been staked for the No. 4 Elliott, a 4,300-ft. developmental well in the Stephens Regular Field. The operation will be located 11 miles west-northwest of Lee Ray in a 239-acre lease in the N.R. Brister Survey. The operator is Grothe Brothers of Albany.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

The school of suffering produces rare scholars, and David was one of the graduates. He taught in the sixth Psalm what he learned in suffering.

David was troubled because of his transgressions, and he cried, "Have mercy upon me, O Lord." No man ever found the pleasures of sin like the pictures of sin. But in his trouble he turned to the Lord. When Adam sinned he went into the woods. When King Saul sinned he went to the witch. To what or to whom do you go? Only the Lord can make you a master of sin and a servant of righteousness. Because of his trouble there were his tears. "All the night," he confessed, "make I my bed to swim: I water my couch with my tears." There ought to be more tears of repentance. They are liquid prayers and are precious to the Lord. When did you last weep for your sins? Beyond the tears there is the triumph, and David testified, "The Lord hath heard the voice of my weeping. The Lord will receive my prayer." The Lord always receives the prayer of a repentant person, and he who had been a victim to sin became a victor over sin. Are you a victim or a victor? "Thanks be unto God, which giveth us the victory through our Lord Jesus Christ"—1 Cor. 15:57.

THIS AD HAS ALREADY SAVED YOU MONEY

"If you paid for this newspaper, we have something in common. We paid for it, too. In fact, every advertiser you see in these pages paid handsomely for the privilege of being here.

And what we paid went toward the cost of producing the newspaper. Which made it a lot cheaper for you to buy."

"How much Cheaper? Well, if you took all the advertising away, the average newspaper would cost you about five times as much. And offer you about half as much."

Wyley Peebles Tells How Surprises Can Be Good

Wyley Peebles, Head of the Fine Arts Department at Cisco Junior College, directs some of the CJC singers. There's never a dull minute in his days!

by Viola Payne

"My whole career has been one of surprises," declares Wyley Peebles, head of the Fine Arts Department at Cisco Junior College.

Peebles, instructor, conductor and musician, is probably referring to the way opportunities have sometimes pounced on him and turned him to new goals.

His remark is puzzling, however, to people who have watched him direct a choral group at the college or lead out as Minister of Music at the First Baptist Church in Eastland.

For he seems to belong to the music - to be totally absorbed in its production. Surely this is the career he planned all along.

Hardly. But at least he always had music around him - music and the Baptist Church. His father, Sam Peebles, was a song leader in the church in Lexington, Texas, population 541, and located 50 miles east of Austin. There, Peebles' mother, Mary Ann, always saw that Wyley and his two brothers and two sisters attended Sunday school and church.

"That's where I really learned singing," the CJC Department Head says a bit wistfully, thinking of the heart-felt songs coming from that small congregation.

"My dad also played the violin - country music," he adds. "We had a piano in the home, and I was pit to taking lessons when I was a small boy."

Peebles remembers that he didn't want to practice the piano, not notes and scales and all that dull stuff. So he figured out a way to get by without it.

"It seems that I had enough ear ability to fool the teacher," he chuckles. "I would get her to play a little

piece while I listened. Then, for the next lesson, I would play it right back to her. She didn't know that I wasn't watching the notes at all."

Peebles says his "Chickens have come home to roost" a number of times since that affair. Even now some gifted college student will try to pull the same trick on him that he once pulled on his teacher.

"But they can't fool me," he says. "I've got the jump on 'em. So I really put those students to work."

After high school, Peebles wanted to go into church work, and he liked music. But he still didn't think of music as a religious vocation. The only ministers he had seen where pastors who gave sermons.

So he enrolled in Baylor University with majors in English and religion, and a minor in speech. After graduation he went to Southwestern Seminary, where he obtained a Master's Degree in Theology and Religious Education.

Peebles' first job was a pastor's assistant at the First Baptist Church in Sylacauga, Alabama. He laughs and says that the name in Indian, actually meant "Buzzard's Roost". But in spite of the name, the town was a pretty place in the foothills of the Appalachian mountains.

Everything went smoothly in Sylacauga. Then the church organist, a choir-master, came to Peebles and announced: "We're going to present the 'Messiah', and you are going to direct it!"

"I didn't even know the thing," Peebles says. "I was scared to death! It was to be played by an instrumental ensemble, and the musicians were all gifted."

"But I went out and bought a record of 'The Messiah'

and listened to it until I learned it. When the time came, I directed it by ear and with the help of the Lord."

"The musicians were patient and helpful," he says. "That's one thing I've always noticed about musicians - they're willing to help each other."

One day at the Sylacauga church a couple stopped by on their way to Auburn, Alabama. Wyley Peebles must have been giving quite a sermon, for when they heard him they drove home and recommended him for the position of mission pastor.

Peebles accepted this job, which included starting a new church. He worked there for several years, and had the pleasure of seeing the church grow. Then he took a position of assistant pastor - in charge of music and education - in Jackson, Miss.

Here, just as in Auburn, he was expected to direct a number of musical presentations - and all went well. But

one Easter, after he directed Cantata called "The Crucifixion", a visitor came up and asked him in a voice full of awe: "And just where did you get your musical training?"

"I had to tell her that I didn't have any," Peebles says.

The question made him stop and think, however. He had really enjoyed singing and working with the musical programs. But for his own peace of mind, if nothing else, he needed to go back to school and get a solid background in the craft.

So in 1964 he enrolled in Baylor as a 36-year-old Freshman Music Major. This was something of an oddity, for the in 1960's it wasn't popular for people over 30 to go to college at all. Or for people under 20, unless you spent part of your time "demonstrating".

Baylor students were not tearing the place apart, however, and Peebles found the studies interesting.

He soon found that he lacked a fundamental knowledge of the piano, however, including hand and eye coordination on note reading. "Passing piano was a real barrier to my Bachelor of Music Degree," he says.

His voice studies from Dr. Euell Porter were not as difficult, nor were studies in church music or the required courses in orchestration. But it was still a surprise to peebles when he made the highest score in a difficult music history course.

By the time of his graduation Peebles was being advised to "consider teaching" and the university backed this up with a Graduate Fellowship. So he remained at Baylor for two more years while teaching and working on his Masters in church music. It appeared he was headed for a secure niche in the university, or a career in some big-city church. But, here is where another surprise came in.

In 1968, he received a call from a Baylor graduate employed by Cisco Junior College. "There is a vacancy in the Music Department here - why don't you come out and work at that for a year or two?"

Peebles accepted the position, and plunged into it with characteristic energy. He soon found that the people were friendly and he liked the college and town, so he decided to stay. In 1971 he became head of the CJC Fine Arts Department, and has since

worked in that capacity.

He has also been able to use his training as minister of music. In 1969 he accepted this position at the First Baptist Church in Eastland, and has remained in this work.

Peebles refers to this music curriculum at C.J.C. as "the best kept secret around." It may not remain a secret long, however, for a number of former students have become well-known professional musicians.

Peebles feels that the music courses at CJC are equal to the Freshman and Sophomore courses at Baylor, North Texas University, or about anywhere.

"We have Basic Music Theory, Literature, and Applied Music in Voice, Piano, Organ and all Wind Instruments," he says. He points out that the work of Stephen Zell, instructor of piano and organ, and Tim Jones, band director, is "very superior".

"We have about eight music majors each year from among the studnets taking music," he says. "There is no way those students would get as much personal instruction in a large school as they do here. After two years they

have the background to transfer anywhere they want to."

The greatest rewards in teaching, Peebles remarks, are in seeing your pupils do well. He always gets a lift from letters, tapes and phone calls from former students who are now professionals.

His work at the First Baptist Church in Eastland has also been personally rewarding. One of the highlights of his years there was the construction of the new building on South Seaman Street in 1983.

The knowledge Peebles and Stephen Zell had of church organs and the acoustics of buildings was of great assistance in the planning of this facility. Now they can both rejoice in the fine Schantz organ purchased by the church, and in the almost perfect acoustics of the sanctuary.

Peebles insists that he does not play the organ, but that it has simply been a hobby of his for many years. He is deeply interested in organ history, construction and music.

But music is never far from Wyley Peebles' mind, whether he is directed a choral group at CJC or visiting the cathedrals of

Europe. He has made eight trips to Europe to date - six as tourist and two as a guide.

His favorite trips are low budget ones, where he stays and travels among the people. There he can admire beautiful old churches, look at priceless organs, and pick up ideas on music directing and singing.

"Once I was visiting a small church in Vienna," he says, "and I noticed that it had terrific acoustics. A German choral group came out and began singing - they were absolutely great. I marveled at my being there at the right place and time to hear them."

"But that's the great thing about working with music," he says "there are always surprises, and most of them are good ones."

Pennington Wins Room.
 Seven anglers meet on Lake Brownwood on Saturday, November 9, 1985 for the final tournament of the season. High winds hampered fishing severely, but the anglers who caught fish reported, that if you weren't on the windy side of the lake you weren't catching fish. Spinner baits and crankbaits were responsible for most of the fish taken.

As normal we were fishing a 3 fish 14" minimum. 1st place 2 fish Steve Pennington 5 pounds; 2nd place Howard Wilson 2 fish 3 pounds 9 ounces; and 3rd place Terry Wilson 2 pounds. Mr. Pennington also had big bass of the day which weighed 3 pounds 15 ounces. 4th place was won by Tommy Maynard with 1 fish 1 pound 13 ounces.

October 7th at 7:30 p.m. the Eastland County Bass Club shall be holding their 1985 awards presentation in Cisco, Texas at the Corral

Anglers shall be receiving their trophies for the 10 tournaments held during 1985 plus Big Bass of the month awards. And of course we shall be naming our top 6 anglers who will represent us at the TABC regional tournament and our top 3 anglers shall be receiving a cash award. For more information concerning our banquet you may contact me at 629-3255.

Area reports are looking good. Proctor, bass good to 4 pounds, crappie good, catfish slow, hybrid strippers fair. Leon bass slow, crappie fair, catfish poor. Hubbard Creek, bass excellent, crappie good, hybrid strippers good, catfish fair. Cisco crappie good, bass fair. Pioneer, catfish good, bass and crappie slow.

Remember the future of fishing lies in your hands, keep what you can use and release the rest.

Talent Search Program Urges College

Through the new federally funded Talent Search program, North Texas State University is encouraging high school students in 20 North Central Texas counties to pursue post-secondary educational goals.

Working out of centers at NTSU, Midwestern State University and Ranger Junior College, professional counselors will help students with vocational, academic and career choices; obtaining information about educational institutions and their programs; assisting with the

application process for admissions, enrollment, testing, housing and financial aid; assisting with enrollment or re-enrollment in high school, GED or adult education programs; and referring students to other community agencies and resources.

Talent Search counselors will work in the following counties: Archer, Baylor, Brown, Callahan, Clay, Comanche, Cooke, Denton, Eastland, Erath, Jack, Montague, Pinto, Shackelford, Stephens, Throckmorton, Wichita,

Eastland United has served 10 patients with Rehab supplies.

Pat Frosch of Abilene presented new material to be out soon titled "Taking Control of Your Life". She made the announcement of Hendrick Medical Center Dedication of the new Cancer Treatment Center with the new Linear Accelerator.

This will be Dec. 6th at 10 a.m. with Former First Lady Betty Ford as special guest. She and other recovered and recovering cancer patients are to form a "Circle of Hope" at the dedication. If you are one and want to participate call Pat Frosch 915 673-4295.

Cisco Mayor Eris Ritchie, County Sesquicentennial Chairperson Ginger Mangum will also attend, and regional political officials have been invited. Cisco Junior College President Dr. Henry McCullough will receive the awards. All interested people in the area are invited. A reception in Schaefer Hall lobby will follow the ceremony.

Plans for the distributions of "The Great Smoke Out" reminders were made. Survival Kits are available to help those who are quitting, call 643-2814 nights or 629-2934 before the DAY Nov. 21st.

Here are a few QUIT Tips!
 1. Hide all ashtrays, matches, etc. 2. Lay in a supply of sugarless gum, carrot sticks etc., 3. Drink lots of fluid pass up coffee and liquor. 4. Tell everybody you are quitting for the day. 5. When the urge to smoke hits take a deep breath hold it 10 seconds, release slowly. 6. Exercise to relieve tension. 7. Try the buddy system, ask a buddy to quit too.

Sharene Richardson served refreshments. Roy Gevara introduced Dr. William Oswald who came to Eastland in June this year. Some facts we learned from Dr. Oswald and a film "Women and Smoking" are as follows; If a heavy smoker is to have surgery, it is postponed if possible to let the lungs clear. A smoker returned to the Dr. more often than others. Lung cancer is found by Xray or symptoms, if by symptoms it is usually too late to save that person. 80% of lung cancer is caused by smoke, either by the smoker or a person in the home.

Smoking and birth control pills are very dangerous together. One cigarette or 50 lbs. overweight has the same effect on the heart.

Public Hearings Set To Discuss Rules

A public hearing to discuss rules and regulations for motor cranes on public highways has been set for November 15, 1985 by the State Department of Highways and Public Transportation. The hearing will allow members of the motorized crane industry to air their concerns about weight limits and fees.

The 69th Legislature directed the highway department to set permit fees and weight load limits for such vehicles. Information from the hearing will be used to determine if the weight limits set are compatible with the needs of equipment standard to the industry.

Also under discussion will be similar rules pertaining to the oil industry.

Information obtained during the hearings will be used to help determine ad-

justments in the regulations," said Robert Guinn, engineer of payments management with the department.

"We're going to give both industries the opportunity to comment on the rules and regulations," Guinn said.

"Once we hear from them, we will, through out commission, adopt regulations appropriate for the industries."

"The concept of charging less for lighter loads and more for heavier loads will not change," he said in reference to proposed weight limit increases. "What we would have to do, since increased weights cause more damage, is increase the fees."

The hearing begins at 9 a.m. in the hearing room of the Dewitt C. Greer building at 11th and Brazos in Austin.

First Freeze For Texas Just Right Around The Corner

Although a few locations in the Panhandle received freezing temperatures in last September, most of Texas is still awaiting the first fall freeze.

Just when this will occur at any given location is always cause for speculation, but knowledge of past weather records can help narrow the possibilities, says Rusty Billingsley, agricultural meteorologist with the National Weather Service's Southwest Agricultural Weather Service Center located at Texas A&M University.

Information shows that in west central Texas, for example, a freeze occurs by Nov. 10 in five out of ten 10 years. However, there is a 10 percent probability (one in 10 years) that a freeze will occur by Oct. 26. On the other hand, there is a 90 percent chance (nine in 10 years) that a freeze already will have been recorded by Nov. 23.

The National Weather Service outlook for November calls for temperatures to run close to normal across the state. So, first fall freezes

should occur close to the average dates this year over much of west, north and central Texas, notes Billingsley. Knowledge of the first freeze dates will give farmers and ranchers a good idea of when to prepare for winter.

A freeze will help defoliate cotton for clean picking. Peanut growers need to plan digging and curing so that the crop can be combined by the time a freeze arrives.

Ranchers should prepare animals for wind, rain and colder temperatures. Trucks, irrigation and other

equipment, and buildings need to be winterized.

Billingsley says that home gardeners can use this table as a guide to when they will have to start bringing sensitive plants indoors at night to avoid freeze damage.

Farmers and other residents living in a river valley or other low-lying area may experience freezing temperatures a little sooner than surrounding areas because of cold air drainage at night, adds the meteorologist.

Ranger Bowl Committee Focusing On Key Match Ups

The selection committee for the third annual Roaring Ranger Bowl will be focusing on some key regional match-ups over the next weekend as the bowl picture nationwide begins to clear up.

Fourteen teams are still in the running for the junior college bowl to be played at 1 p.m., Saturday, December 7, at the newly refurbished Bulldog Stadium in Ranger, Texas. The game, sponsored by the Ranger Chamber of Commerce is one of seven bowls sanctioned by the National Junior College Athletic Association. Ron Butler, game chairman, said that regional and conference playoff starting this weeking should eliminate some of the teams for all practical purposes.

Teams being given consideration are Cisco 6-2, Tyler 6-2, Ranger 5-3, and Henderson County 5-3 as members of the Texas Junior College Conference. The winner of that conference will automatically receive a bid to the Texas Juco Bowl to be played Dec. 7, at the site of the conference champ against a yet to be determined opponent.

Four Mississippi squads are being given a close look. Gulf Coast 8-1 and winner of the South Zone will play Northwest 8-2 runner-up in the North Zone. Itawamba 8-2 will face Coppiah-Lincoln 7-3 in the other playoff game. The two winners will play for the right to represent the conference in the East Bowl against the Maryland champion. The runner-up in the championship game will probably be bowl-bound somewhere. Last year's Mississippi runner-up, Jones County defeated Ranger in the 2nd Roaring Ranger Bowl.

Kansas will be holding a

similar playoff beginning this weekend to determine the conference champion. Butler County 9-0 and the nation's number one team will meet Dodge City 6-3 in the other. The Kansas Jayhawk Bowl will possibly invite one of the surviving teams from that playoff although not necessarily the winner. In the past, Coffeyville has played host in their hometown bowl regardless of the playoff outcome.

Two western teams have been getting scouted by the Ranger committee. Snow College of Ephraim, Utah, is 10-0 and ranked second nationally and Dixie College 7-3 of St. George, Utah is hoping to go bowling somewhere.

The majority of the bowls are locked in to at least one team so another interesting possibility has opened up for this year's Roaring Ranger Bowl. There remains the situation in which the game for the national championship might be played in Ranger.

The Valley of the Sun Bowl will play host to the Arizona champ and another yet to be named team. Snow is in the same league as the Arizona teams so it is not likely that they'll be invited there.

The Like Cola Bowl will be played November 24 in Cedar Falls, Iowa and will feature the Iowa-Illinois champs. The Mid-America Bowl in Tulsa will most likely feature Northeast Oklahoma A&M and a wild-card team to be named.

As noted, the East Bowl and the Texas Juco Bowl will have at least one team locked in. Depending on the record for Butler for the rest of the way and the decision of the Jayhawk committee's decision toward Coffeyville, there remains a strong possibility that the Roaring

Many trees and shrubs have had an abundance of fruit this season. Some that produce colorful berries are especially attractive. Among the plants producing these colorful fall berries are Hawthorne, Pyracantha, Crabapple, Holly, Bittersweet, Euonymus, and Viburnum.

The Washington Hawthorne is a small tree that has produced orange-red fruits this season. Young trees often do not fruit heavily, but plants become more mature, berry production becomes spectacular. Because of its thorns, Washington Hawthorne

should be pruned high, or planted where the thorns are not a hazard to passers-by or small children.

Another plant producing abundant berries this year is Pyracantha, also known as Firethorn. This spreading shrub produces large clusters of orange-red fruit along the branches. The past mild winter has left plants in good condition for an excellent display. Pyracantha is a close relative of the Apple, and is subject to some of the same diseases. Most common are scab which turns the berries black and fireblight, which may cause canes to die back.

Brilliant berries cannot be mentioned without thinking of Holly. Both deciduous and evergreen Hollies producing bright red berries make a spectacular addition to the landscape.

Two Hollies with red berries that drop their leaves are Possum Haw and Winterberry. Winterberry is a shrub but has greater cold hardiness than Possum Haw

of the evergreen Hollies. Possum Haw forms a small tree, and is best suited for the North part of Texas, Louisiana, Arkansas, Oklahoma and New Mexico. Both are heavy berry producers and hold berries well into the winter or until birds eat them.

Amount the hardier evergreen Hollies are American Holly, Foster's Holly and Hybrids of Rugosa Holly such as Blue Princess and Blue Angel. Both male and female plants must be present for abundant berry production in these Hollies.

The fruited of Crabapples are also colorful. Both yellow and red varieties of numerous sizes are available.

Do not plant Crabapples close to walks or patios where the dropping fruit can get in the way.

Bittersweet is a twining vine, often found growing naturally on farm fences or trees. It may make a good landscape subject for fall color where there is an adequate space available for it to climb. Both male and female plants are necessary for berry production. Do not let it climb on desirable trees since it will twine around the

Thursday, November 14, 1985

branches and eventually kill them as the vines tighten and enlarge.

Not only enjoy the beauty of these berries this time of year, but also make a list of the ones you like that would

compliment your landscape for your spring planting next year.

So long for now and GOOD GARDENING until next week from your GRADEN EDITOR, Ted Brice.

A FORMER Eastland Courtian has solved the problem of the national debt.

Robert Vaughan, mayor of Robert Lee and former owner of the Western Auto Store in Eastland, makes the following suggestion:

"Taxes" is a terrible word. Even the good books speaks poorly of the tax collectors in Jesus' time. Yet from recorded time when two or more families settled at a water hole or trail crossing, the time came when it was necessary to repair some facility that everyone used. They all chipped in with work or money. This was taxes in its purest form.

We have refined this process now and those of us who have worked on budgets for city, county, school, and other taxing bodies remember the agonizing hours of trying to bring the needs of our community equal to the money or taxes available. Thank God for a country where we have freedom of choice in meeting our needs with a minimum and just amount of taxes.

For sometime now we have gone to the bank and borrowed a heck of a lot of money. We have lived high on the hog, extra cars, moved to a better house, boats, camping trailers, and even cabins on a lake. We have never had it so good. Oddly enough, nothing has ever been said about paying on our note. We have had a good dance, maybe it is just time we start paying the fiddler. But how?

In the State of Texas it is permissible for a city to collect a penny tax on each dollar of sales of restricted items. This little penny amounts to almost a billion dollars each year for the cities collecting this tax. Solution:

A national sales tax of one little penny on each dollar of an item used, consumed, eaten, or looked at. If XYZ Company, who has sales into the billions and has figured out how not to pay any income tax, buys a broom or a gallon of floor sweep, or a huge stamping machine to manufacture a product, they pay the tax. The only exception would be the raw materials purchased necessary to manufacture an automobile or a link of sausage, or whatever. Then, the Consumer pays the tax.

Now the secret to all this is to take all pennies collected to Washington and give them to the head bookkeeper and tell him to apply it to our note (National Det). We don't want this money to go to manufacture left-handed shotguns or a study of the sex life of the Egyptian Salamander or any other

wonderful thing. Just pay it on our note. If he doesn't know how, we have a couple of bankers who can sure tell him how, at least they are always calling us and saying, "Why don't you bring some money over and let us put it in your note?"

This is called upside-down economics. Our note is up, our payments are down. A big hunk of our tax money goes to pay interest on our note. Could be if the note is reduced the interest will be less and maybe some day our income tax less. Makes sense.

No exceptions, no fast tax write-off, no weird tax shelter, no depreciation, just plain, simple one penny for each item eaten, consumed, used, or looked at. Poor Uncle Bud on a fixed income. He buys a \$10 prescription at the drug stores, he pays 10 cents on his part of the note (National Debt). The same with food.

If we do then we should write the folks we sent to Washington to look after our business and tell them we took in washing, slaved over a hot stove to get this money to pay on our note and we would take a dim view of their increasing the amount of our note.

If you are not in favor of paying on our note (National Debt) then call in your children, sit them down and tell them you are spending more than you have coming

in and each week you are going to the bank and borrowing more and signing their name to the note, and that you don't really care what happens to them. That will let them know how much you care for them and their future.

This will work, if the do-gooders don't mess with it.

WITH THE new nip in the air most of us have already brought in the patio flowers and hanging baskets, and this column by way of Don Tabor of the Clyde Journal who picked it up from James Roberts out of the Andrews County News might make us wonder if the plants shouldn't be left out for ever:

This patient was explaining why he was in the hospital.

He said his wife had brought a bunch of pot plants and hanging baskets into the house to keep them from freezing, and it happened that a little green snake had hidden itself in one of those plants, and it got carried inside.

When the house - and the snake warmed up, it came slithering out of one of the plants and went under the sofa. The fellow's wife saw it and let out a great scream.

He happened to be taking a bath at the time, but he leaped out of the tub, and ran naked to see what his wife was screaming about.

His wife told him a snake was under the sofa. So, he got down on the floor to look for it, and here came his dog and cold-nosed him.

He thought it was the snake

and fainted, dead away.

His wife thought he'd had a heart attack and called an ambulance. The attendants rushed in and loaded him on the stretcher and started carrying him out.

About that time the snake came slithering from under the sofa, and the ambulance men saw it and dropped the stretcher and broke the fellow's leg, and that's why he was in the hospital.

Well, with her husband in the hospital with a broken leg, and a snake under her couch, the wife went next door to enlist the aid of a neighbor who had the reputation of an outdoorsman, having camped out with the Cub Scouts last summer.

His wife was at the grocery store and he volunteers to corral the snake.

Armed with a rolled-up newspaper, he took a few swishes under the couch and declared the snake had vacated the premises.

"Thank goodness," declared the woman, plopping down on the couch. As her hand dropped between the cushions, it brushed a small, scaly skin which she immediately realized was the snake.

Don't be fooled.

Did you know that you could be a pirate? A quote from June 24, 1985 Multichannel News, "Turner Broadcasting System Inc., announced that it has imposed a \$25.00 per year fee for home earth station owners who want to watch CNN and Headline News effectively making it illegal for dish owners to take the service without paying, according to the provisions of the Cable Communications Act." The article goes on to quote Mr. Marty Lafferty, TBS director of marketing as saying, "We're moving quickly to scramble." Mr. Lafferty went on to state, "We're happy to support the Community Antenna Television Association resolution calling for

timely scrambling of all programming services and starting a marketing effort in accordance with S.66." Quoting from the same issue of Multichannel News, Mr. Bruce Blair of ESPN Inc. said "the sports network is working on a scrambling plan." ESPN has also indicated it will soon implement a plan to charge a yearly fee to dish owners similar to TBS's. The move to impose a fee for CNN and Headline News triggers a section of the new cable act that declares that any home earth station owner may legally receive any cable programming service unless that service either

SCRAMBLES ITS SIGNAL, or DEVELOPES A MARKETING PLAN FOR THE CHANNEL. In addition to the intentions of ESPN, CNN, WTBS, and CNN Headline News, several other services have indicated scrambling is not far off. HBO and CINEMAX are presently intermitently scrambling with most Cable Systems having installed descrambling equipment in anticipation of full scrambling at any time. If you are considering purchase of an earth station, ask questions of the dealer. Get it in writing and be assured you will get what you are being told you will get and what it will ultimately cost you. "DON'T BE FOOLED"

Ruling Not Expected This Week

The 91st District Court Judge Jim Wright, announced at press time Tuesday in Eastland, that it will be a couple of weeks before he will make a ruling on a request in the murder case of Debra Jo Garcia of Cisco. The request is to rescind immunity granted to a young woman in exchange for testifying before a special grand jury in the murder case.

The 91st District Court in Eastland has been requested to rescind immunity granted to a young woman in exchange for testifying before a special grand jury in the murder case of Debra Jo Garcia of Cisco. Special Prosecutor Bill Hart filed motion Nov. 4th asking that Cindy Shirley Bowling of Albany be charged in the case because of her

refusal to speak when she appeared last June 26th in response to a subpoena. She was 15 or 16 years of age at the time of the Nov. 29, 1981, murder of Mrs. Garcia after her kidnapping from the convenience store where she was a night cashier. Mrs. Bowling was living with Elizabeth Perry Peacock, then 14, at the time, and both were alleged

to have been present in a house west of Cisco when Mrs. Garcia, then 29, was abducted and later raped and murdered. Five persons were indicted last June 27 as a result of the special prosecutor's work. They include Mrs. Peacock, Brenda Gail Perry Andrews, Pat Dwayne Starr, Joe Thomas Perry, and Richard Edward Hinton.

Of the five, only Joe Thomas Perry remains at liberty, and the sheriff's office reported Tuesday that "we're still hunting for him." Only Hinton remains in the county jail, as the others have been freed on bonds. All five have been charged with capital murder, murder, aggravated kidnapping and robbery. Thomas LeFlore, who was sentenced to serve 50 years

in prison for his part in the crime, made a videotaped confession that was entered into evidence June 6, 1983. He told who was in the house and gave details about the kidnapping and rape. Mrs. Garcia's body was found four days later in a roadside ditch west of town. Charles LeFlore, 25-year old brother of Thomas LeFlore, was first tried in the case and received a 65-year prison sentence. Brenda Gail Andrews, who was indicted along with the LeFlores, entered a no contest plea and received a 10-year probation sentence. The 91st Court must rule on whether the juvenile girls can be tried as adults four years after a crime and whether double jeopardy is involved in the Andrews case.

After A Solid Week:

Run-Away Well Is 'To Be Shut Down'

After a solid week of blowing free, there were indications Tuesday that the run-away oil well south of Ranger would be shut down, "hopefully within 24 hours," according to a report at presstime.

The well blew in first with natural gas and has posed an explosion hazard for seven days, with fumes being detected for many miles in all directions.

The specialty company brought in to shut down the well reportedly secured the necessary "spark-less" cutting equipment Monday necessary to cut the drill stem. That effort and the skidding of the rig was accomplished Monday without incident and the firm was busy preparing catching pits and making ready to install a blow-out protector device which would divert the flow, now mostly oil, into pits, rather than into the air.

There was great fear for some time that the right might collapse because the oil was turning heavier to oil and was in fact spewing rocks into the air, one reliable source reported.

The sheriff's department, the highway department and volunteers have generally maintained the roadblocks keeping traffic away from the dangerous area.

It was reported that this type of blowout is difficult to "turn off" because of securing the necessary equipment and getting it onto the site as quick as possible.

Wednesday evening, November 6th., was indeed a very tense night for the Ranger residents and the crew working on the lease owned by Mr. Ray Ritchie. It was about 8:00 p.m. when the gas well which is located near the intersection of Farm-to-Market Roads 570-571 ruptured, spewing gas more than 75 feet in the air due to the malfunction of a valve. Persons on the scene that evening reported that the sound was deafening as if a freight train was coming through the trees and beneath their feet was a constant trembling of the ground. It was also about the time that the channel five news reported that all Ranger residents were to be evacuated their homes due to the ruptured well.

The Eastland County Dispatch unit was flooded with calls concerning the mishap and were assured that at that time the only persons who were to evacuate were residents living in a five mile area south and west of the well and that they were doing so on a voluntarily.

Authorities on the scene, which included the Ranger Volunteer Fire Department, Ranger Police, Eastland County Sheriffs Department along with the Department of Public Safety and the Railroad Commission stated that there were no injuries or fire, but said that the situation was considered "potentially dangerous," because of the fact that the gas is colorless and odorless.

The Farm-to-Market Roads 570 and 571 were immediately sealed off and workers would wait until Thursday morning to survey the situation in daylight. Thursday an attempt to seal off the 3,000 pounds of spewing pressure was to no avail and reports of waiting until

Friday were released. It was then that the Company Boats and Coots from Houston began what would be a very frustrating ordeal of trying to cap the well.

On Thursday evening, reports of clouds of gas were seen on the Interstate and by late evening covered the entire community of Ranger. The stench from the gas was very strong and persons with respiratory conditions and the elderly were informed that they could evacuate to the Ranger School for the night. Ranger Police reported that only a handful showed. By the early morning hours, the wind began to pick up and the gas was dispersed. Reports of the gas have been noted as far as Strawn since the eruption.

On Friday reports of oil mixing with the gas was given and the area around the well was saturated. The trees around the rig began to become coated with oil and reports of contamination to stock tanks and small

animals began to surface. It was stressed by authorities to the deer hunters in the area to stay away, because of the possibility of sparking a fire that would be completely uncontrollable.

Massive amounts of very concentrated mud and brine were pumped into the well with unsuccessful results. Workers attempted again on Saturday and Sunday but still received a negative response. On Monday, six days after the steady attempts, it was reported that the Rig was "Skidded", which means that pipes had to be cut and bulldozers pulled the rig away from the site so that workers could gain greater access to the broken valve to try and repair it.

It was also reported that the pressure in which the well was releasing was about one-half the amount from previous reports. At this point workers remain optimistic and continue working toward a completed repair job.

Essie Glenn Honored As 'Oldest Woman'

ESSIE GLENN

The Eastland County Bazaar officials honored

Mrs. Essie Glenn as the oldest woman at the Bazaar last week. Mrs. Glenn is a firm believer in being active, although at the age of 90 years old she could be in "her rocking chair."

She participates in the Cisco Senior Center Band; the Senior Center Choir; assists on the Center serving line at the Senior Center; and is an active member of her church. She sets an example to all citizens of the city -- that is exercise "pays-off" as she walks many blocks a day.

Pride.

A tradition in the good country. And at Olney Savings.

The tradition of pride runs deep in the good country, and it sets the people here apart from others.

In one sense, it's pride in being the best they can be. But more importantly, it's pride in knowing that their efforts are directed toward a common good—the kind of pride that can be experienced only through shared achievement.

At Olney Savings, that's the kind of pride we encourage—and always will. Because that's the kind of pride that makes the most important things in life happen.

Come see us soon. Or call and we'll come see you. We'd be proud to serve you.

Final Preparations For CJC's Last Game Of Season Underway

Final preparations for the last game of the 1985 football season with Northeastern Oklahoma Junior college at Miami, Okla., at 7:30 p.m. Saturday began for the Wranglers of Cisco Junior College at their practice field Monday.

Wranglers Battle Blinn To 10-10 Tie

The Cisco Junior College Wranglers and Blinn College Buccaneers fought to a 10-to-10 tie here Saturday afternoon before a CJC Homecoming crowd at Chesley Field. The game started at 3 p.m. and climaxed activities which had taken place throughout the day.

The hard-fought defensive battle kept the score looking like a baseball score throughout the first three quarters of the game with Blinn leading 3-to-2. In the fourth quarter both teams managed to score one touchdown and the extra points for the final tied score.

Cisco got the first points on the scoreboard after the CJC defense held Blinn to only a four-yard gain on their first possession of the football. With the ball resting on their own 18-yard line, Blinn got set to punt the ball on fourth down.

The snap from center sailed over the head of punter Russell Goshorn and out the end zone for a Cisco safety. With 9:12 left in the first quarter, Cisco took a 2-to-0 lead.

Blinn came back on their next possession of the ball and drove from Cisco's 40-yard line to inside the 10 in nine plays. Four plays later,

assistants to leave by charter bus at 7 a.m. Friday. Coach Rick Frazier said they expect to arrive in Tulsa in time for an afternoon workout at the University of Tulsa's Skelly Field, and the squad will eat dinner at the University's dining room.

The Wranglers will attend

a high school football game in nearby Miami, Okla., Friday night and spend the night in Miami. They will return home after the Saturday night game.

The 10-10 tie with Blinn JC here last Saturday afternoon may have taken the Wranglers out of the post season bowl picture, Coach

Frazier said. The showing of the Wranglers against NEO and the outcome of other games this weekend will determine the bowl matchups.

The NEO team was ranked No. 6 in the nation among junior colleges last week. They are 8-1 for the year, losing only to Kilgore JC.

Coach Frazier said his Wranglers suffered some cuts and bruises in last week's game. Keith Maxwell, defensive back who sustained a mild concussion two weeks ago, has been

given a clean bill of health by doctors but he was told to turn in his uniform for 1985.

Randy Roe, with a knee injury, and David West, bruised kidney, were on the doubtful list this week. Roe, a running back from Livingston, and West, sophomore defensive end from Burleson, were injured Saturday. Running back David Smith has an ankle problem but is expected to play.

Mr. Frazier said the week's workout plans called for a lot of attention to the offense weapon.

Blinn was forced to settle for a 27-yard field goal by Goshorn, giving them a 3-to-2 lead with 2:24 left in the first quarter.

In the second quarter, Cisco threatened to score with a 50-yard field goal attempt by Raymon Hernandez, but it was no good leaving the score at 3-to-2 with 12:18 left in the second quarter.

Cisco threatened again in the third quarter with a field goal attempt by Hernandez, this time from 24-yards, but it also was no good. So, with 7:02 left in the third quarter, the score remained 3-to-2 in favor of Blinn.

On their first possession in the fourth quarter, Blinn College started a drive from their own 43-yard line. Four plays later, quarterback Jeff Rhoads kept the ball on a one-yard run for the score. The extra point kick by Goshorn was good, giving Blinn a lead of 10-to-2 with 12:20 left in the game.

Cisco came right back on their next possession of the ball and started a drive from their own 33-yard line. With David Dacus at quarterback, the Wranglers moved the ball downfield to Blinn's 21-yard line in five plays. A pitch from QB Dacus to James Dixon accomplished

a 21-yard scoring run. Dixon also carried the ball into the end zone on the extra point play to tie the score at 10-to-10 with 9:28 left in the game.

In the remaining minutes of the game, both teams tried to take the lead with field goal attempts, but neither was successful. Cisco's attempt was made by Bobby Nino from 37 yards with 1:33 left in the game, while Blinn's attempt was made by Goshorn from 41 yards with 14 seconds left in the game.

As the remaining seconds of the game ran out, Cisco had possession of the ball and started a drive from their own 24-yard line. On the last play of the game, Cisco's David Smith took a handoff from quarterback Mark Pilling and ran to Blinn's 42 before going out of bounds with no time left in the game.

Defensive standouts for Cisco were Clayton Patton, John Booty, Wayne Hutchinson, Jim Wilson, Mike Killian, Ruben Perez, Lineal Overshawn, and Sam Dudley.

Standouts for Blinn on defense were Charles Goodman, Michail Witt, Jeffery Charles, and Mark McWhirt.

Record 866 Attend CJC BBQ Luncheon

A record 866 persons enjoyed the barbecue luncheon held by Cisco Junior College for their Ex-Students Association at the Corral Room of the Laguna Hotel last Saturday noon and the day's program was a good success from all standpoints, college officials reported.

The luncheon, catered by Oscar Weeks of Cisco, was the climax of the morning program, which included a reception for parents of students and visitors at Maner Memorial Library on the campus.

The CJC Singers under the direction of Wyley Peebles, head of the music department, provided a program of music during the luncheon.

At the football game, members of the board of regents were introduced in the opening program along with the homecoming queen nominees and their escorts. The queen was Miss Karen Dawson, sophomore student

and girls basketball team member from Fort Worth. She was escorted by Harold Roan of Cisco.

Candace Lewallen of LaPort was the ex-student who traveled the longest distance to attend. Parents traveling the longest distance were Mr. and Mrs. Dan Lucio of San Francisco.

Mrs. Susan Ramsur of Baird, an honor student and member of the CJC Singers, led the audience in singing the national anthem. Rev. Cecil Deadman, Baptist minister, gave the invocation.

A drawing at half-time awarded blankets to Mrs. Martha Brown, ex-student from Abilene, and Larry Mann, parents day visitor from Roscoe.

The Cisco High School cheer leaders were present to lead the CJC cheering section during the game. The Wrangler Band and Belles staged an outstanding half-time show.

WINNER OF the homecoming blanket for ex-students was Mrs. Kenneth (Martha) Brown of Abilene. She is pictured above with their two children, Kevin and Joelyne, and she was holding the blanket. Mrs. Brown is the daughter of Mr. and Mrs. J.B. Sitton of Cisco.

Putnam News
 By Mrs. R.B. Taylor

Mr. and Mrs. Guidry from Lubbock were visitors with Mrs. Ollie Burnam this week. Also Mrs. Hughes and her daughter and Mrs. Faye Wood from Cisco were there.

Jo Ann Collingsworth had lunch with Mrs. Burnam Sunday. They visited the cemetery at Putnam and Mrs. Burnam reported her flowers and container was missing off her tombstone. If you have this please return it, and no questions will be asked.

The hay ride and weiner roast in Putnam Saturday night was enjoyed by: Steve & James Isenhower, Becky Townsend, Laura Manriques, Bo and Joe Buchanan, Chris Mendez, Andy Menlinda & Joseph Maxwell, Burk Robinson, Lisha Peterson, B.J. Whit, Benjamin Honea, Brad & Brett Johnson, Jamie, W.L. & Rene Jagars, Asby Green. Hope no one was missed.

The adults that made this possible were: Terry and Virginia Johnson, Winford and Mary Fry, John D. and Meta Isenhower, Rody and Elaine Rennolds, Laura Peterson, Mary Jane Whit, Angie Honea and Mr. and Mrs. Darrell Green.

The Nutrition Project Council met at the Community Center Nov. 4, with 12 participants present. New officers were elected as follows: President, Ruby Weathermon; vice-president, Buster Fowler; Secretary, Edith Ivie; Treasurer, La Verne Rutherford; Mrs. Taylor will be the reporter; J.D. Bilbrey ask to be elected 'Dog Catcher', but he said no one voted for him. Out going officers were Annie Mae Donaway, Bessie

Elam and I.G. Mobley. They did a good job the past year.

The Election on Tuesday here had a light turnout with 32 voting. Those working in the election were Meta Isenhower, Judge Sidney Weathermon, Alternate Judge and helping were Edith Ivie, Jo Ann Collingsworth and June McCulloch.

Tommy Culwell of Sunrise Beach, Texas and son of Ila Crosby Culwell and the late Willie Culwell passed away Oct. 22, 1985. Survivors include his wife, one son, mother, one sister, and one brother.

Robert Kane Dyer, north of Putnam, died Nov. 5, at E.L. Graham Hospital in Cisco after a sudden illness. Survivors include his mother, Wilda Dyer, one brother, a niece and a nephew. The Putnam Community extends our sympathy to both these families.

Hall Green is visiting parents Mr. and Mrs. I.G. Mobley of Baird. He and I.G. had lunch at the Nutrition Project on Thursday.

Carroll Smith and wife Janelle were in Putnam this week. Carroll and Mrs. Sarah Smith made a

business trip to Dallas on Thursday. Janelle stayed with Mr. Smith while they were gone.

Beth's Place had an attempted break-in on Wednesday night. The back door was smashed, but they met iron bars and didn't make it to the inside.

Sid and Ruby Weathermon had some concerned hours this week. Their son Don was in Virginia and Washington D.C. where all the floods were. When he called he was safe but had been moved to a motel on higher ground.

Meeting Set For Jr. Class

There will be a short business meeting of the Junior Class parents and students at 5:00 p.m., Thursday, November 14, 1985 at the Chamber of Commerce office.

Sesquicentennial Will Recognize CJC As Assoc.

On Friday November 15, 1985, at 10:00 a.m., Lee Storey of the Texas Sesquicentennial Commission will officially recognize Cisco Junior College as a Sesquicentennial Association. The ceremony will take place in the college's gymnasium and will feature performances by the CJC Band and Wrangler Belles. Also performing will be C.J. Texadillo, the official college Sesquicentennial mascot.

County Judge Scott Bailey, Cisco Mayor Eris Ritchie, County Sesquicentennial Chairperson Ginger Mangum will also attend, and regional political officials have been invited. Cisco Junior College President Dr. Henry McCulloch will receive the awards. All interested people in the area are invited. A reception in Schaefer Hall lobby will follow the ceremony.

Rummage And Bake Sale Set By Catholics

The Catholic Women's Society of Holy Rosary Church in Cisco will sponsor a rummage and bake sale Nov. 22 and 23, featuring homemade flour tortillas and other goodies suitable for holiday tables.

Maria Duncan, society president promised bargain hunters would find not only a varied selection of toys, appliances and furniture, but would find them at great prices. "We intend to sell as many items as we can, so we will be ready to bargain," she said.

The rummage and bake sale is the group's fall fund raising project. The Women's Society provides money for maintenance of the church as well as special expenses. It helps support the young people's Christian Education program.

Mrs. Duncan said hosts and hostesses looking for just the right pastry or dessert to complete their Thanksgiving tables will have a delicious variety of sweets to choose from. "Of course, the flour tortillas always sell the fastest, especially since they're home made," she said.

Other rummage sale items include baby clothing, furniture, and accessories, a stereo, barbecue grill, and toys. "People can probably find several items to help complete their Christmas shopping list," Mrs. Duncan said. The sale will begin at 9 a.m. Friday, the 22nd, and continue through the day. Saturday's hours will be from 9 a.m. to noon. The church hall is located next to the church at 1106 Ave. F.

MR. and Mrs. E.G. DAMRON

E.G. Damron Will Be Honored Sat.

Ernest G. Damron, a resident of Cisco for more than 45 years, will be honored at a reception from 2:30 to 4:30 p.m. Saturday, Nov. 16, at the Canterbury Villa of Cisco (Cisco nursing home) on the occasion of his 90th birthday. Mr. Damron is shown above with his wife in a picture made on their 50th wedding anniversary in 1966.

Hosting the reception will be the children of the Damrons - Dr. and Mrs. Chief (Marjorie) Brown and Mr. and Mrs. Gene (Hazel) Damron of Cisco. They will be assisted by nieces and nephews, Pat and Tommy Mertl of Cisco and Rob and Flo Robinson of Cisco.

Mr. Damron was born Nov. 14th, 1875, in Benton County, Ark. He is a member of the First Baptist Church and of the Masonic Lodge in

Cisco. He was a member of the Cisco Lions Club for many years and served as the club's secretary for several years. The Damrons were married Aug. 16, 1916, in Shamrock and have been married 69 years.

The Damrons have two grandchildren and two great grandchildren.

For several years, the Damrons owned and operated Damron's Firestone Tire & Supply Store in Cisco. They came here in the early 1940s. Mr. Damron has been a resident of the Cisco nursing center for eight years.

All friends of the family have been invited to drop by the nursing center during the reception hours. Sue Hanlon will cater the affair. The family requests "no gifts."

DR. McCULLOUGH

CLIF DRINKARD

District Governor Will Visit Rotary

District Governor Clif Drinkard of Coleman will make an official visit to the Cisco Rotary Club at their noon luncheon Thursday at the Colony Restaurant, according to an announcement by Dr. Henry E. McCulloch, club president. The two men are pictured above.

Mr. Drinkard was to be here for an informal reception at 6 p.m. Wednesday, Nov. 13, at the McCulloch home on College Hill. Rotarians and their wives

were scheduled to be in attendance. A short business meeting was to follow the reception.

Mr. Drinkard will speak at the Thursday luncheon. Dr. McCulloch urged all club members to attend.

People n Things

IT WAS REAL windy and unseasonably warm, and deer and turkey hunting wasn't too good in our area on Saturday, Nov. 9, as the new season opened.

Rust Processing Center's deer department logged in 36 deer during the weekend. They also got in one wild hog but no turkeys. Walt Wilkinson of Cisco brought in an elk from Colorado... Greg Nichols of Cisco brought in a 10-point buck, and Bruce Ferguson of Cisco had a big one.

The Rust plant has added meat smoking equipment this year and is ready to smoke turkeys and deer hams.

Our scouts report that

Rick Whitley of CHS bagged a turkey after a couple of near misses... Saw Coaches Doyle Walker and Rusty McLeskey having brunch around 10 a.m. Saturday. They went out at 5:30 a.m. to hunt deer and turkey and saw no deer. Rusty missed a turkey... Dr. Calvin Harris came out from Big D to hunt with W.E. (Dizzy) Dean southwest of town. They didn't get a shot.

THE ELECTRIC lights at Chesley Field and in approximately one-third of Cisco went off and on for some 30 minutes last Friday night as Cisco and Baird started a football game. Manager

Jack Kennedy of WTUC reports that there was an electric relay problem at the sub-station in downtown Cisco and it took some 30 minutes for an equipment change-out.

And the public address system in the press box was on the blink and the Rev. John Clinton, who has done a good job as game announcer, was silent for the first quarter or so. Jeweler Al Anderson, who helps photograph games, was in the press box and he checked over the equipment and found that a mistake had been made in hooking up the equipment. Mr. Clinton's voice came out loud and clear after the Anderson repair job.

The half-time show was a musical treat de luxe. The 65-piece Lobo band was joined by the 75-piece junior high band and the 40-piece 8th grade band - a total of 180 musicians! Director Wayne White has every right to be proud of his bands.

A GOOD CROWD of ex-students and visitors attended the Wrangler football game at Chesley Field Saturday afternoon in sunny and windy weather.

The Rev. Buddy Sipe, who is winding down his ministry of more than 10 years at First Baptist Church, this week, did a fine job as usual as the game announcer. He has served at the PA system mike for the past few years. Fans especially appreciated the fact that he often brought a radio to the press box and kept them updated on Southwest Conference games in progress.

During his years in Cisco, Mr. Sipe has been active in various community affairs and has earned a great deal of respect as a good citizen in all respects. You'll want to join us in wishing him well in any new direction that his

career might take.

THE 25 OR SO members of the Home and Family Living Course out at Cisco High School were getting around a bit easier this week. All last week, the students were required to carry a five-pound sack of flour with them to remind them of what it must be like to have a baby to care for as they go about chores.

Mrs. Jerry Stephenson is the class instructor. Some of the youngsters dressed up their sacks of flour to look baby-like. They all had a good time as they learned a good lesson.

SPEAKING OF babies, Charles and Sandra Maples of 520 Franklin Street welcomed one last Friday night. And his name is Brady Eugene Maples, who weighed in at seven pounds and seven ounces. He was born at Hendrick Memorial Hospital in Abilene and he and his mother got home Sunday.

Charles Maples is a local mechanic, and Sandy works at the Cisco Police Department as the office secretary. Grandparents are Mr. and Mrs. Raymond Rodrigues of San Jose, Calif., and Mrs. Dorothy McCune and Cecil Maples of Cisco. Brady has a big sister, Stefanie.

deed.

A FEW Christmas packages are beginning to show up in the mail, reports Mr. Rodney Sharpe of the Post Office staff... Mrs. Helen Gaeta, office secretary at the CofC, tells us (with tongue in cheek) that she's in charge of watering the flowers in the hanging baskets on light poles around town... The CHS cheer leaders turned out at the football game Saturday afternoon to lead the Wrangler cheering section. Understand the CJC student body will elect cheer leaders next year after a couple of seasons without them.

MANER LIBRARY at CJC has a display of 30 or 40 paintings by Esme Glenn, well known Abilene artist, during November. Her portraits in oil paints are especially nice... The Dick Cuttings of Lake Leon were in town for the CJC homecoming, and he told us that he has caught about 170 pounds of catfish this year. He fillets his fish and freezes same for occasional fish fries when friends and relatives drop in... Mrs. Dessie Covington reports that the CJC Cosmetology Department has a full class of 25 students for the new school year. And there's a waiting list.

JOYCE JONES of Baylor University, who was presented in an organ recital at the First Baptist Church in Eastland last Sunday

afternoon, does an outstanding job and is "just super." Steven Zell of the CJC Music Department told one of our scouts.

Mrs. Jones used the organ's foot pedals to play "The Flight of a Bumble Bee," and the sound was very realistic, he reported. The program included religious and classical

numbers that were applauded by a full house.

Arrangements for Mrs. Jones' appearance were made by an Eastland friend of the late Mrs. Myrtle Richardson as a memorial.

Present from Cisco were Wyley Peebles, director of music at the church; Mr. Zell, Mr. and Mrs. E.D. Anderson, Mrs. Emmett Walker, Mrs. J.W. Sitton and others.

JENNIE L. POWELL

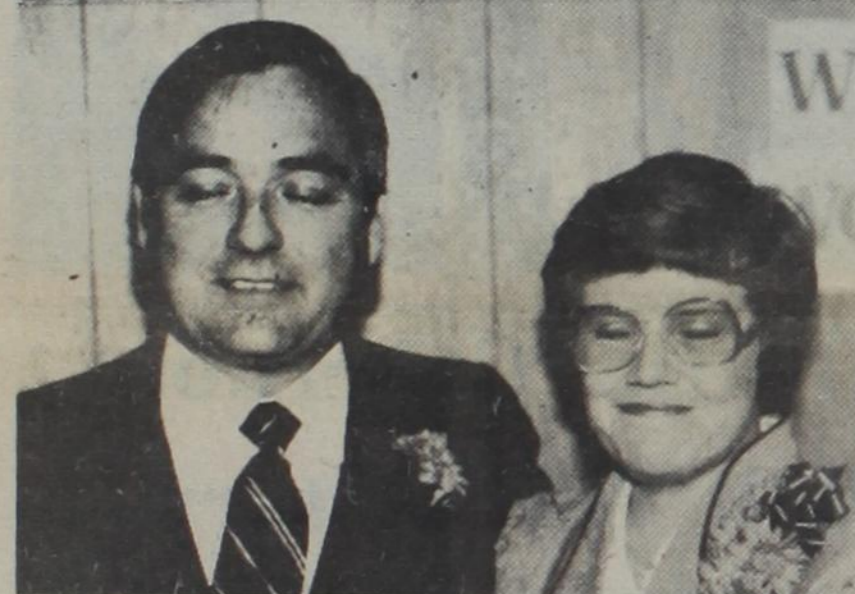

Assembly Of God Sets Family Crusade

The Cisco Assembly of God Church, 7th and Ave. G, will have a Family Crusade every night except Saturday evening beginning Sunday, November 10, thru Sunday, November 17. The services will begin nightly at 7:00 p.m.

Evangelist Jennie L. Powell will be the guest

speaker. She uses black light, chalk drawing, puppets, and gospel magic to present a Christ-centered ministry for the whole family.

Everyone is invited to attend. For more information or to obtain a ride call 442-1561.

Rev. & Mrs. Buddy Sipe Are Honored Sunday

The Rev. and Mrs. Buddy Sipe, pictured above, were honored at a public reception from 2:30 to 4:30 p.m. Sunday in Fellowship Hall at the First Baptist Church. Mr. Sipe has resigned as pastor of the church that he served for more than 10 years.

Mr. and Mrs. Vernon Orr stood with Rev. and Mrs. Sipe and daughter Sampty in the receiving line as some 200 persons visited the church during the open house hours. Guests included Mayor Eris Ritchie and family and other community and church leaders.

A poem written by Mrs. Truman Kirk was read. It pays tribute to the Sipes for their work in the church and the community and will be framed and presented to them.

Arrangements for the reception were handled by a committee of some 30 women of the church headed by Mrs. Orr. Mr. Sipe's

resignation will become effective Nov. 15th.
