# Appeal on Road Injunction to Be Heard on Saturday

# **ALLRED URGES**

AUSTIN, Nov. 29. - The third court of civil appeals here today announced it will hear a motion to dissolve former Gov. James E. Ferguson's injunction suit against the state highway commission Saturday

"The state is willing to submit the matter without briefs," said Attor-ney-General James V. Allred. "We think a general demurrer will dispose of the entire matter and in view of its great importance the earlier we have a ruling the better."

In urging haste, Attorney-General Allred told the judges that if the contention of Ferguson about highway appropriations is correct then there is no money to pay highway employes or for the department to do anything. "If that is so we want to know it at once," said Allred.

Allred declared in his motion that it was necessary to place under con-tract immediately the emergency unemployment relief funds of which the state has been allotted \$7,664,621 and of which more than two and one-half million was to have been expended under contracts advertised for letting here this week.

"Thousands of people in various counties including 50 in which projects were advertised for award are walking the streets unemployed," said Allred's petition. "In an effort to alleviate the sufferings of the people the highway commission has proposed to make available at once the vast sums allocated to Texas."

Bids were to have been received today by the highway commission upon the following projects:

Brazoria County Brazoria county, Highway 38 three miles, grading drainage and concrete paving from Alvin to the Galveston county line.

Cherokee county, Highway 40, six miles of iron ore top soil base course between Jacksonville and Rusk.

The differences between these newspapers and the usual school newspaper lie in the finances and the publication. The average school newspaper is published by the school primarily to carry the news of the school to the reading public, both in and out of school, and to create a school spirit. Since it is a printed sheet, it entails the creation of a fund to pay for its publication. The fifth grade newspapers in the

Texas university was close behind Texas Christian with four men on the first team. Baylor and Texas A. & M. had one each

Harrison Stafford of Texas university easily won his half-back birth, drawing from his Coach Clyde Littlefield, the praise that "Stafford is the greatest halfback I ever aw or coached and should make All-American.

At the other halfback, however, Hilliard won by a nose from R. Wallace, Rice, and Oliver, Texas Christian university. Hilliard had one more vote than Wallace for the post but in addition had two votes for

Fruitts' ability to catch passes and his all-around play gave him first place in the race for end. James won the other wing over Earle of Texas, playing his first year.

At tackles, Boswel land Howell, powerhouses of the Texas Christian defense and offense, were general favorites, but with Blanton of Texas a close third. Cook of Texas was far less favored than Vaught but had a fair margin.

Willis Nolan, floating center for Texas A. & M. had little trouble in winning his post. His defensive tactics have been one of the outstanding achievements of an otherwise unsuccessful Aggie season. He was easily the outstanding center in the

While berths went to first string selections without much competition, the second team posts were bitterly contested. Rice shared with Texas Chirstian in placing the most men on the second team, each with three. Texas had two, and S. M. U. and Baylor and the Aggies one each.

Fullbacks on the second team won by T Driscoll, was one of the hardest choices. Spencer of A&M and Sprague of S. M. J. were on the heels of Driscoll. Any of these three were all-conference caliber had it not been for the great Koy. Dennis also had a close call over

Olewis of Texas for quarterback and Harris of Rice was but a jump behind Townsend.

'AMOS PEABODY, elderly cousia of LINDA AVERILL, falls to his death from the second-floor balcony of the Averills' Long Island home. Linda reaches him just before he dies, in time to hear him gasp, "He pushed me—!"

There are four guests in the house and all become suspects of the murder. All are strong physically, have violent tempers and all have quarreled with Cousin Amos. The four are MR. STATLANDER, middlewestern manager of the firm TOM AVERILL works for; MARVIN PRATT, former suitor of Linda's; CAPTAIN DE VOS, handsome Belgian representing a European perfume manufacturer; and LIAN SHAUGHNESSEY, Irish writer and lecturer.

Linda, realizing her cousin had tried to tell her he was murdered, rushes up the stairs to the balcony. Someone steps behind her, tries to strangle her and she falls in a faint.

She regains consciousness several hours later. It has been assumed Cousin Amos' death was accidental and Linda has no opportunity to tell Tom what really happened.

No sports writer would be satisfied the wrath caused by nonconformity broadcasts to the world an all-discontroversy arose over some of the McMahon?" positions, but the men listed finally won their mythical honors against an overcrowded field of material. The selections were made after sports writers all over the district had had their say about an all-star club. Here's the team.

Left end, Rutledge, Cisco. Left tackle, Latch, Cisco. Center, Cearley, Cisco. Right guard, Aycock, Cisco. Right tackle, H. McMahon, Cisco. Right end, Van Horn, Cisco. Quarterback, C. Ray, Cisco. Left halfback, Barker, Cisco. Right halfback, McCall, Cisco Fullback, Caffrey, Cisco.

Competition was fierce for several positions. At left end Garrett, Andrews, and Moffett, all of Cisco, were mentioned, but Rutledge finally won the berth because he saw more action on the field than the other boys. The same thing occurred at the center position when Hannaford and Cearley battled for center. Cearley was given the preference because he showed more improvement during the season than did Hannaford. At fullback the competition was worst of all, with two Cisco men, Steffey and Caffrey, battling for the position. Caffrey had point in his favor in his ability as a relief punter.

Let it be understood that although the New York Sun gives watches to the men making its all-star team passengers. The Maybach motors in- and other newspapers give banquets, the Daily News believes the honor connected with the selection of its all-district team is enough. It frowns upon the professionalization of high school football even to that extent. Participation is its own reward.

A treat has been aranged for the fans, though. Thursday afternoon they will be allowed to see these alldistrict ineligibles in action. The Cisco Old Timers and the Cisco Youngsters will meet on Chesley to decide the supremacy of the old and the new. ### **DELICIOUS CEREAL OVERCOMES COMMON** CONSTIPATION

ALL-BRAN Provides "Bulk," Vitamin B and Iron

Kellogg's ALL-BRAN meets a basic need of the American dietary. It supplies "bulk"—so helpful in correcting common constipation. In eleven years, ALL-BRAN has won millions of satisfied users.

New tests show added reasons for the success of ALL-BRAN. Laboratory experiments prove that, in addition to "bulk," it provides vitamin B to help tone the intestinal

The headaches, loss of appetite and energy that so often result from constipation can be overcome by this pleasant cereal. How much better than using pills and drugs.

ALL-BRAN is mild. Its "bulk" is much like that of lettuce. Within the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Two tablespoonfuls daily are sufficient to overcome most types of constination. Chronic cases, with every meal. If not relieved this way, see

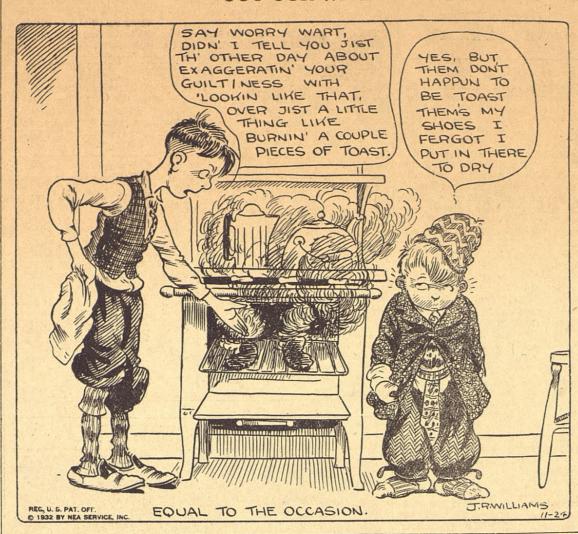

Another benefit of ALL-BRAN is that it has twice as much blood-building iron as an equal amount by weight of beef liver.

Serve as a cereal, or use in cooking. Tempting recipes on the red-and-green package. Sold by all gro-cers. Made by Kellogg in Battle

MARILYN SHERTZER CELEBRATES BIRTHDAY.

Little Miss Marilyn Shertzer celebrated her eighth birthday with a party Friday afternoon at the home of her parents, Mr. and Mrs. John Shertzer, 504 I avenue. A complete line of playground equipment, a gift to the honoree from her parents had been set up in the yard and the little guests spent much of the time in playing outside. An "arrow" contest was held indoors. Colors of pink and white were used in an attractive manner for room decorations. An elaborate pink and white birthday cake centered the dining table laid with a lace cloth over pink The birthday song was sung, and wishes were made before the candles were extinguished and the cake nouncement of the marriage of Miss was cut and served with ice cream. Candy and dolls were favors.

United Press Staff Correspondent PARIS, Nov. 29. - Concentrating on the building up of her submarine fleet to its full strength under the Washington and London naval treaties, France will rush to completion those undersea ships left unbuilt under the 1930 building program.

The minister of navy today ordered the two remaining subs of the 1930 program, the Ouessant and the Sidi-Ferruch, each 1570 tons, to be laid down immediately in the Cherbourg arsenal yards, so as to complete them during 1933.

Each of the new submarines will cost 46,000,000 francs. They are of the Redoubtable class, of which France will soon have 25 units. These new craft will bring France's total submarine strength to 55 first class high-seas subs and 50 coast or mine-laying subs, a total of 105 undersea craft.
