Creighton Is Elected Senate Prexy Pro Tem

SENATOR CREIGHTON

Tom Creighton, State Senator from the 22nd District, was elected president pro-tempore of the regular session of the 59th State Senate last Tuesday as the Legislature began a new term.

The election puts him in line behind Lt. Gov. Preston Smith as successor to the governorship. It is customary for senior members of the senate who have not before held the office of president pro-tem to be eligible for the post. Senator Creighton was elected from a group of three who served in the 57th and 58th legislatures.

A life-time resident of Mineral Wells, the 38-year old Creighton is regarded as one of the most popular legislators of recent years. He graduated from the University of Texas School of Law in 1950 and joined his late father, J. R. Creighton, and his brother, John R. Creighton, Jr., in the law firm of Creighton and Creighton in Mineral Wells.

Rev. Holmes To Preach For East Baptists Sunday

The Rev. Evan Holmes, Southern Baptist Missionary to Chili for the past 17 years, will be in the pulpit for both services Sunday at East Cisco Baptist Church, according to Rev. Ray Hartline, pastor.

Rev. Holmes, his wife, Josephine, and their four children are home on a one year furlough, arriving in the states shortly before Christmas, and are living this year in Coleman.

A native of De Leon, Rev. Holmes is a former pastor of East Cisco Baptist Church. He is a graduate of Howard Payne College and Southwestern Theological Seminary in Fort Worth.

A fellowship lunch will be held at the church immediately following the morning worship service, and all those desiring to stay are invited. Each family should bring enough food for members of his own family.

City Official Resigns Post

City Administrator John Bohannon has resigned his position effective March 31, according to a report today by Mayor John H. Webb. Mr. Bohannon took over his position last August 15.

Mr. Webb said the resignation was given members of the city commission following a meeting Wednesday morning. Mr. Bohannon said his plans for the future were incomplete.

At the regular meeting Tuesday night, the council passed a resolution setting minimum wages for Interstate Highway 20 work in this area to comply with national standards. Routine matters were taken up and the monthly accounts were paid.

City And C of C Leaders Pledge Cooperation In Civic Projects

City officials and Chamber of Commerce leaders exchanged pledges of cooperation in efforts to achieve success in civic work as more than 50 persons attended a joint meeting at the CofC offices last Tuesday night.

All members of the city commission, headed by Mayor John H. Webb, and all directors of the Chamber of Commerce were present for the meeting, which was featured by a discussion of community needs for civic progress.

Mayor Webb was the first speaker. He complimented the CofC on steps being taken to organize a program of work for the coming year. He noted that "these town hall type of meetings with the public participating is good for the community and appreciated by those in public positions."

Mr. Webb said that he had enjoyed his nearly three terms as Cisco's mayor and added that he would not run for another term. He said he would encourage anyone who wanted to run for mayor or the city commission.

"We need to employ a manager as soon as possible to head our civic work program, and we need to work together more than ever before," Mr. Webb said. "We must face new problems each year, and with 21 men such as those who are on the CofC board

A conference game at Ranger at 7:30 p. m. Thursday (tonight) and a home game at community gym at 7:30 p. m. Saturday with Fort Worth Christian College will round out another week for the basketball team of Cisco Junior College.

Harry Gunner, with 13 field goals and two free tosses, was the high point man with 28. Preston Shearod was next with 26, and Leo Ames of Weatherford was high for that team with 16.

The Fort Worth Christian College team was defeated by the Wranglers in a game at Fort Worth recently.

The Wrangler squad was expected to leave for Ranger about 5:30 p. m. A large delegation of students and fans was expected to accompany the team.

A box score for Cisco players at Weatherford follows:

New Housing Project To Be Ready Jan. 25

Tenants are expected to begin moving into the 20 new housing units in southeast Cisco by January 25, Executive Secretary R. A. (Dick) Bearman of the Cisco Housing Authority told the Cisco Lions Club in a talk at the weekly meeting Wednesday at the Victor Hotel.

Mr. Bearman was introduced for a talk on the city housing program by Richard Moore, program chairman.

Work and furnishing of the new housing units, which were built for senior citizens in a new government program, now has been virtually completed, Mr. Bearman reported. The housing authority has some 65 applications for the 20 units. Eligible residents of the 50 units of the 1951 housing project will be given preference for the new buildings, Mr. Bearman added.

Men 65 years of age with wives or widows or single women 62 years old are eligible for the new apartments.

They also must qualify under the income limitations. Total and permanent disabled persons also are eligible.

The 15-year old section of the housing project is serving a definite need in the community, Mr. Bearman said. He pointed out that the units are available to low income people, including veterans, widows, aged and others who qualify under income provisions. The units rent for an average of \$27 per month.

The project has returned an average annual profit of \$900, Mr. Bearman pointed out. The CHA distributed some \$1600 each year to public taxing organizations in lieu of regular taxes, he added.

"Those who were afraid the housing project would hurt rental property in town are now convinced that this has not been the case," Mr. Bearman said. "The project has been a real blessing in that many people have enjoyed adequate homes even though their income would not otherwise have permitted them to do so."

Mr. Bearman said the public was welcome to visit the new project before the tenants begin moving in.

The new units are of brick construction with wide walks. They vary in size from one to three bedrooms. Each is equipped with a new refrigerator-freezer, a kitchen range, shower bath, and so forth.

Mr. Bearman reported that the local housing board was considering plans to apply for 30 additional units under the PHA's program for the benefit of senior citizens. Architects are studying the plans for action in the near future, he added.

President Bob Hammett of the club announced that the annual mid-winter district conference would be held Jan. 23 at Graham and urged members to begin thinking about attending.

Bob Wilson, local insurance man, was introduced as the new club secretary succeeding Sam King.

Action Seen As Honor For Town

Cisco Junior College's basketball team was ranked No. 1 in Region Five, which includes three states, and No. 7 in the nation in polls released January 12th by the National Junior College Athletic Association, according to information here.

The polls were taken of the nation's basketball coaches by the NJCAA after last week's games, the report said.

The top ten teams in the nation were listed as follows:

- 1. Dodge City, Kansas (11-0). 2. Moberly, Missouri (9-1). 3. New York City (11-0). 4. Kilgore, Texas (10-0). 5. Lindsay Wilson, Ky. (11-1). 6. Wilson Branch, Chicago (10-0). 7. Cisco, Texas (13-1)\*. 8. Phoenix, Arizona (10-2). 9. Murray State, Okla. (7-1). 10. Martin, Tenn. (9-0).

(\*Cisco now has a 15-1 season's record, having won two games since the coaches poll was taken).

The report also showed that Cisco JC was 5th in the nation in per game scoring with an average of 100.4 points in 14 games.

Region Five, which ranked Cisco No. 1, consists of 12 teams in West Texas, Western Oklahoma and Eastern New Mexico. The regional report showed Preston Shearod of CJC as 2nd in scoring with an average of 22.8 points per game, while Harry Gunner of CJC was 9th with 17.8 points in 14 games. Gunner also was No. 2 rebounder in the region with a 12.1 average. The regional report showed CJC as the No. 1 offense team and the No. 1 defense team with opponents averaging 70.6 points.

Coach Leland Willis of the Wranglers regarded the ratings as "a real honor." He said the Wrangler squad was made up of outstanding players "who are putting full effort into every game."

President G. C. Hogue of the college had words of praise for Coach Willis and the Wranglers. "I'm sure that the entire community is as proud of the basketball team as the college is," he said. "We appreciate the good crowds and support that we have had for all home games."

Year's Holidays Are Approved At Credit Luncheon

Holidays for observance during 1965 were approved at the monthly luncheon of the Merchants Credit Association at the Victor Hotel at noon Tuesday. Some 35 members attended the event with President N. C. Huston presiding.

Chairman Bob Elliott of the holiday committee gave a report, recommending the observance of Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. New Year's Day already has been observed. The membership approved the recommendation unanimously.

Bob Hammett, vice president of the First National Bank, was introduced for a talk on "Credits and Collections" by Catherine Cunningham, the program chairman.

Mr. Hammett reported that 93 per cent of all business now is transacted with credit extended, noting that "business no longer can exist without it." The growing importance of credit in all business was stressed.

Calendar OF EVENTS

Saturday, Jan. 16 2:30 p. m. — Delta Kappa Gamma meeting at Women's Club House in Cisco.

OUR SUNDAY DINNER Menu always offer a good choice of tasty meals and trimmings. Bring the whole family often to The Spot Restaurant in Cisco.

THE CISCO Lions Club is at the top of the list for organizations its size for the support it has been giving the state Lions Camp for Crippled Children at Kerrville, according to Boss Lion Bob Hammett. The club sent \$136.98 to the camp as the result of the Christmas Card sale recently, in addition to other substantial gifts.

Mr. Hammett's report showed that 785 children and adult blind enjoyed the facilities of the camp last year. The success of the Cisco club's support is due in no small part to the good work of its committee chairman, Mr. Charles S. Sandler.

YOU'LL BE GLAD to know that the son-in-law of Mr. and Mrs. Sandler — Dr. Leonard W. Rozin — is opening his own medical clinic in his own building up in Oklahoma City this week — Jan. 15. The young doctor has been in a clinic with other doctors for the past couple of years, and now is on his own. He has a fine reputation in Oklahoma City and should do real well. The Sandler's enjoyed a visit with the Rozins last week.

WENT OVER TO Abilene the other night to see the Broadway musical, "Oliver," that played there in its nationwide tour. It was a fine show that was applauded by capacity crowd at the high school auditorium. Met up with old friend Jack Chambers... Also saw Virginia Broyles of H-SU and Cisco and James Paul Shanks of Baird and E. P. and Helen Crawford and the Winston Heidenheimers of Cisco and Violet Hart Frazier, formerly of Cisco... It was a nice affair, indeed... Mr. Heidenheimer, by the way, spoke at general assembly at the Cisco High School last Tuesday morning.

A MAN WENT into the office of Kenneth Cooper, CPA, down on Avenue D one afternoon this week with a load of clothes. CPA stands for cleaning, pressing and alterations doesn't it? He wanted to know... Mr. Charlie Humphries, assistant manager of A&P Grocery, has trimmed some 20 pounds off his midsection lately. His doctor gave him a fight talk about the energy it takes to carry around extra pounds, and Charlie started pushing himself away from the table a little sooner than usual with delightful results.

THE STORY in The Press the other day about the chicken fights over near Ranger brought to mind for Mr. Bracy Boggs the fighting rooster situation here in the years just after 1900 — when he was a boy. The area just back of Martin Furniture store used to be a rooster fighting ring, he recalls.

Mr. Boggs remembers that game roosters brought fancy prices in those days — that boys would hunt them in the country and bring same to town to sell at a profit.

MR. AND MRS. Sutton Crofts are expectantly awaiting the arrival of a shipment of fresh papayas and pineapples which their son, Dash, sports is on the way from Honolulu. Dash has spent the last month in the Islands on the first leg of a Pacific tour that will carry him and other members of his band. The Champs, to Guam, Taiwan, Korea, Tokyo, the Philippines and Hong Kong.

The Champs have two more weeks to play in Honolulu. They're residing at the Hilton Hawaiian Village at Waikiki each, renewing old acquaintances and making new ones and taking in a lot of scenery and sun in between sessions, dash reports. The whole tour is expected to take about three months and they may say a return engagement in Honolulu on the way home.

## An Honor For Our Area

(An Editorial)

How many of us have set goals for ourselves for say, two years from now? And if we have, how many have done anything definite toward accomplishing those goals?

A young Texan — an Eastland County neighbor — not only had his goal set, but had gone to work to accomplish it.

Then when opportunity presented itself, State Rep. Ben Barnes of DeLeon was ready, and accomplished his goal of becoming Speaker of the Texas House of Representatives two years ahead of schedule.

The 26-year-old Barnes is typical of the new breed of representatives in the state legislative halls.

Another example — of a man whose ties are even closer to this county — is State Sen. Tom Creighton of Mineral Wells. Only 36 years old, Sen. Creighton has just been elected President Pro-Tempore of this session which puts him in line behind the lieutenant governor as successor to the governorship. Eastland County is in Sen. Creighton's district.

Rep. Barnes left law school last September to begin campaigning for the 1967 speakership. When Speaker Byron Tunnell resigned recently to accept an appointment, the young lawmaker was front-runner, with his groundwork laid, for the Speaker's gavel.

State Rep. Wayne Gibbens of Breckenridge, whose district also includes this county, is a close friend to both — and a hard worker who has earned himself top committee appointments in the past. Rep. Gibbens assisted Rep. Barnes in his bid for the Speakership and entered a rules change resolution which carried, giving the new speaker broad appointment power.

Working together this new breed of young lawmakers has a "get things done" quality which serves the people well.

This newspaper congratulates them on their ambition and accomplishments and offers to assist them in any way possible in the future.

way on rest rooms for the park to accommodate both women and men. He suggested that an "in town" park and playground, including a small pool possibly at the old West Ward School building might be a good civic project. He added that "I'm 101 per cent for the new hospital proposal."

Mr. Elliott, speaking after the mayor's talk, reported that the CofC executive committee will meet in the near future to begin mapping a program of work for 1965. He urged support of the CofC, noting that there are many opportunities for service and a great deal can come from serving on committees in work programs.

Gene Abbott, a director of the CofC and a former president, gave a report on the hospital project. He said the matter now is waiting for enabling legislation that is expected soon from the Legislature. He noted that the plan calls for Precinct 4, which is roughly the northwest one-fourth of Eastland County, to become a hospital district through a vote of the people. A tax then would be voted to finance the project. Values would be those used by the county and nobody's tax for the hospital would be more than a few dollars, he added.

Anton White, former CofC President and manager of Boss Manufacturing Co., praised the CofC and its efforts to promote civic improvements. He pointed to a \$40,000 building program sponsored by the CofC for Boss a few years ago as an example of what can be done through the organization. He urged a membership drive to recruit new strength.

A. R. Rutherford, member of the EC-65 steering committee, gave a report on the progress of the county-wide program. He said the group now was conducting an educational campaign to help the cities of the county to seek new payrolls. He expressed the hope that more interest would be generated for the program in the three remaining seminars. He urged cooperation in civic matters, suggesting that "let's put Cisco first in our thoughts and our work."

Grady Hogue, president of Cisco Junior College and chairman of the CofC industrial committee, reported on recent activities of his group. He said that an investigation was underway at this time to determine whether Cisco could qualify as a training center for some 300 women recruits of the Peace Corps. Roy Hathaway, Cisco High School teacher and a CofC director, told the meeting that "everything good that happens to a community usually comes through the Chamber of Commerce." He urged a membership drive.

## Petty Thievery Tops Crime List In County

With raids the past two days resulting in the arrest of nearly 100 people for shooting and chicken eating in the county, one usually begins to ask "What really is the crime situation here?"

A raid Sunday a week ago in Cisco turned up eight arrests for dice shooting and said this past Sunday arrested 72 people with "being concerned with a chicken eat." One can hardly wait the next installment.

Going to the top law enforcement officer in the county Sheriff L. E. (Left) Sublett, you learn there's plenty of crime all time. Keeping him and department "plenty busy." Lett was sworn in Jan. 1.

spending some nights patrolling out there."

Cattle theft? "Yes, we have our problems there. We've made about five trips out of the county checking on the some 150 head of goats stolen near Rising Star recently, but haven't turned up anything definite yet."

There's a certain amount of brazenness about the jobs being done, he said.

Last week two rural houses, separated by a carport, were broken into — while an elderly woman was at home in one of the houses. The incident happened about seven miles south of Ranger on the Chaney Road. The woman heard someone in the other house, occupied by her son and family, who were away at the time, but thought that it was just someone helping themselves to gasoline from her pickup to get into town and therefore didn't disturb them. They jostled around for about an hour, took quite a bit of clothing, and finally topped their raid by breaking into her lighted room.

She screamed then and called for help.

## Dutch Paintings Studied By Art Club At Meeting

Color slides of 17th Century Dutch paintings were the feature of the program Tuesday night when the Cisco Art Club held its regular monthly meeting at the city library. Miss Helen Crawford, club president, gave the commentary.

Mrs. John Huffmyer was introduced as a new member during the business session and two visitors, Mrs. James Waddell and Mr. Ray were also recognized. Several members showed and commented on recent works and an oil painting donated to the club by Dwight C. Holmes, San Angelo artist, was shown.

Miss Crawford said that the painting would be on display at the Chamber of Commerce until further notice.

It was announced that a demonstration by Mr. and Mrs. Gene Pierson, art teachers from Coleman, would be the feature of the next regular meeting February 9.

Approximately 20 people attended the Tuesday night meeting.

"As I Locks From Here"

**OMAR BUI LESON**  
 Congressman  
 17th District

17th District, Texas

WASHINGTON, D. C.—Perhaps it was ever thus, but it seems increasingly difficult to debate issues before the American public and in the Halls of Congress without imputing to those of differing views, either the thickest stupidity or the darkest of motives.

As a result, every issue, whether of principle or practice, tends to become an all-or-nothing proposition. Policies or programs are treated as if they must be accepted in their entirety or totally rejected. The ancient distinction of wise men, the effort to distinguish between what may be a bad policy and what may be a policy badly abused, becomes all too easily lost.

In the few days of the 89th Congress there appears to be less grey between black and white than at any time in recent years. The self-styled terms of liberal and conservative take on more definite identity but remain under anyone's definition.

This situation, if viewed correctly, is doubtless a hangover from the elections of last November. The cleavage in the Republican Party manifested itself early last year and came into full bloom at their Convention. Democrats did not find it necessary to really debate many issues. It was enough to deal in generalities and pretty much let nature take its course.

Now the Republicans, who seemingly feel that, since their principal representative was rejected, this makes it in the other direction in order to establish a new image and to catch the popular fancy of the voters.

As example of the trend, a sizeable number of Republicans joined Democrats last week in approving the most far-reaching Rules change in the House of Representatives than has occurred in five decades. These changes will greatly ease the passage of the Administration's "Great Society" legislative program.

From all indications, opposition to any single measure will be no more than tolerated. If one does not subscribe to and support the whole bag full, he is opposed to it all in its entirety. If he advocates modifications and proposes to amend, his motive is to sabotage and destroy. To support one measure or parts of any one or all is not enough and will be forgotten—only opposition is well remembered.

Perhaps it is too much to expect objectivity—to view each legislative proposal as a tub to sit on its own bottom—as to what is best for our Nation, our State and our immediate area of interest—but it is still America and

### AREA GIRL TO PARTICIPATE IN NATIONAL BEAUTY EVENT

WASHINGTON, D.C., Jan. 7 — A 19-year-old Texas girl will be among the beauty contestants seeking a \$2,500 college scholarship award later this month in Miami Beach, Fla.

Miss Charlotte Garrett of Cisco will participate in the 1965 "Miss Rural Electrification" beauty pageant, January 27, in Convention Hall during the 23rd Annual Meeting of the National Rural Electric Cooperative Association (NRECA).

Second and third place scholarship awards worth \$1,000 and \$700 respectively will also be presented. All scholarships are donated by the

General Electric Company and NRECA.

Miss Garrett won the right to represent her state after winning the title of "Miss Texas Rural Electrification." At that time, she was an entrant of the Comanche County Electric Cooperative in Comanche.

Presently attending Tarleton State College in Stephenville, she plans on continuing her education at the University of Texas. She is the daughter of Mr. and Mrs. Jesse L. Garrett, who are well known Angus cattle ranchers east of Cisco.

Miss Garrett and other beauty contestants will arrive at the Fontainebleau Hotel on January 24, and will be entertained there until the meeting concludes on January 28.

"Miss Rural Electrification" will receive her crown jointly from the president of NRECA, Albert C. Hauffe of South Dakota, and the 1964 beauty queen, Bonnie Bell of Georgia.

More than 8,000 rural citizens, representing nearly 1,000 rural electric systems in 46 states, are expected to participate in the five-day event.

The National Rural Electric Cooperative Association is the national service organization for these systems — serving approximately 20 million people on a non-profit, cooperative basis.

### Farmers Union Elects Officers, New Directors

Eastland County Farmers Union met Thursday, Dec. 7, and elected new officers to the Board of Directors.

Claude Fuller of Gorman was elected president; Mrs. G. A. Dunn, secretary; and D. B. Warren, Ernest Weaver, Wayne Eaves, G. A. Dunn, Edgar B. Harding, Oral Davis, Mrs. Wayne Eaves and Mrs. D. B. Warren, directors.

All of Eastland County Farmers Unions resolutions were passed by the State Board or Directors at the State Convention which was held in November, according to President Claude Fuller.

Some of these resolutions are:

1. The Union is opposed to making any changes in the peanut program which would cause marketing quotas to be stated in terms of pounds and or bushels.
2. The Union recommends that a research program between the USDA, State Experiment Station, and growers be initiated, which will emphasize efforts to remedy serious peanut production diseases and to improve peanut harvesting methods.
3. Recommends that the Agricultural research Service, USDA, State Department of Agriculture and the State Experiment Station work cooperatively toward more uniform methods of testing seed germination, and that more effective ways of supervising and controlling these tests be established.

"Widcat" wells were drilled in 222 of Texas' 254 counties during 1963.

Texas operators spent \$714 million drilling in 1963 \$262 million lost to dry holes.
