

Good Rain Falls, Power Interrupted

Electric service was interrupted for nearly two and a half hours in the southwest section of Cisco around 1 a.m. Friday as a cold front thunderstorm swept through this section. Rainfall here measured from one to one and a half inches.

Manager Jack Kennedy of West Texas Utilities Co. said lightning hit a transformer in the area of the old broom factory on West 15th Street, knocking out power in that area. It was some two and a half hours later before power was full restored.

Other storm problems for the electric company were in the College Hill area, a light between Putnam and Cross Plains, and a transformer at Scranton. Everything was back to normal Friday by noon, Mr. Kennedy said.

Lions Selling Fish Fry Tickets

Tickets for the Nov. 7th Lions Club Fish Fry were placed on sale Wednesday noon at the weekly luncheon of the Cisco club at the White Elephant Restaurant. All club members are selling the tickets.

The fish fry will be held from 5 to 7 p.m. at the high school cafeteria prior to the Cisco-Ranger football game here. Tickets are \$2.50 each during the pre-sale or \$2.75 at the door. Lion J.C. Fletcher is in charge of arrangements.

Gene Abbott, chairman of the club fellowship committee, gave a brief talk on his group's mission as the program. Bruce Tennant of Garland was a visitor.

Council Appoints Acting Secretary

Marilyn S. McLain, formerly of Amarillo, was named acting city secretary at a brief called meeting of the City Council at 5:15 p.m. Thursday at the City Hall. She was interviewed by the council at the meeting.

Mrs. McLain is the wife of Burton R. McClain, a student at Southwestern Chiropractic College, and they have moved here. She is a graduate of Amarillo College with a major in business, accounting and secretarial work. Her qualifications include typing, shorthand, business machines, duplicators, office management and procedures, and computer terminals.

City Manager R.J. Turpin, who recommended the appointment of Mrs. McLain, said she commenced work this week.

DONUT SHOP Owners Paula and Bob Bailey, standing above, are pictured with their respective fathers, W.D. Parks, Sr., left, and George Bailey in the above picture. The Baileys have purchased the business at 1312 Avenue D from Mr. and Mrs. Larry Ledbetter. The shop is a new member of the Cisco Chamber of Commerce.

Baileys Buy Donut Shop And Plan Expansion

Mr. and Mrs. Bob Bailey have announced the purchase of the Donut Shop at 1312 Avenue D in Cisco from Mr. and Mrs. Larry Ledbetter, and they have assumed operations of the business.

The Baileys plan to expand their business to serve hot sandwiches, soup and "the best chili in Texas."

Bob Bailey was born and raised in Cisco and his father, George Bailey, still very active at the age of 91, is a retired Scranton community farmer. Bob's wife, Paula, is a native of Atlanta.

Ga. They live at 303 West 3rd Street, Cisco, with their two children, Mary, 10, and Doug, 8. Mrs. Bailey's father, W.D. Parks, Sr., a retired manager of the Cotton States Arbitration Board at Atlanta, Ga., makes his home with them.

Bob Bailey recalls that he dropped out of Cisco High School at age 17 to join the U.S. Navy during WWII. He served as gun crewman aboard a merchant ship in the North Atlantic. Two of three merchant ships he served on were sunk by Ger-

man submarines. Once, he was taken prisoner by a submarine for questioning and then released aboard a life boat from which his group was rescued ten cold days later by a British merchant ship.

Later, Bob served aboard an aircraft carrier in the Pacific theater. He was credited with assisting in shooting down seven of some 20 Japanese suicide airplanes during a strike against his ship. An escorting destroyer was hit and sunk.

After WWII duty, Bob joined the Army and served with a 900mm gun battalion in Korea, and he was awarded three battle stars for participation in major campaigns.

After returning home, he was an instructor in guided missile systems at Fort Bliss, El Paso, and was promoted from master sergeant to warrant officer as a specialist in surface to air missiles. After retiring as a chief WO, Bob attended the UoT at El Paso, majoring in education.

Bob spent several years as a technical writer for Lockheed Missile Systems at Sunnyvale, Calif. For the past five years, he served as supervisor for the Texas Department of Human Resources at Brownwood and Brady.

Mrs. Bailey is a 1966 graduate of the University of Georgia where she majored in history and English. She spent nine years with the Cobb County Library at Marietta, Ga., as branch librarian and state coordinator. She was a personal counselor for three years in Dallas.

The Baileys said they are "very happy" to be at home in Cisco and extended an invitation to friends, neighbors and relatives to visit them at their new place of business.

Wranglers Taking 5-0 Record To Fouts Field Monday Night

By Bill Roberts

When the Cisco Junior College Wranglers take their unblemished 5-0 record to Fouts Field Monday night,

they may be facing a team which head coach Bill Anderson says is "probably the best team we've played so far."

That just may be the case, since the North Texas State

University junior varsity handled the University of Texas at Arlington team fairly easy in a 34-20 win.

That is the same team the Wranglers beat 23-9 in the second game of the season.

Eagle JV players are now 1-1 for the season after a 22-10 loss to the Southern Methodist University JV. Racey Guess has emerged as the leading rusher for the Eagles, having rushed for 106 yards in the two games for a 4.8 average on 22 carries. That's also 53 yards a game rushing.

Greg Carter, a freshman, leads the Eagles at quarterback and guides the Eagles in a balanced attack that runs out of the I formation and throws in a pass every now and then.

Passing proved a weak point in the Wrangler defense in their October 10 win over the Texas Christian JV. Prior to the contest, CJC had held its opponents to only 57 yards a game passing, but TCU quarterback Klye Clifton picked apart the secondary for 295 yards and six touchdown passes.

CJC got a balanced rushing attack in the game. Paced by running back Brad Eblen, the Wranglers are now averaging 121.8 yards a game on the ground. Eblen is the leading rusher with 130 yards in five games for a 26.0-yard-per-game average. He's carried 28 times for a 4.6 average.

Quarterbacks John Farris and Bill Bayless continue to battle for the top spot in the passing department. Farris is the current leader but has played in one less game than Bayless.

Both signal callers are averaging 62.8 percent on pass completions, with Farris having completed 22 of 36 and Bayless 27 of 43. Each has been intercepted once.

The same two players lead the total offense category, with Farris at 110 yards a game and Bayless at 92.2

Barrett Douglas continued to lead the receiving forces for the Wranglers with seven catches for 122 yards and a 61-yard-per-game average. Despite this, Matt Ligon has the most yards with 217 and a 43.4 average and Paul Chatmon has 190 yards and a 38.0 average.

Douglas is also the scoring leader with 24 points on four touchdown catches. James Carrigan has caught two touchdown passes and a two-point conversion toss for 14 points and Farris has run for two TDS and a two-point conversion.

CJC leads its opponents in picking up first downs by a lopsided 91-53, but is also leads its opponents in penalty yardage—334-188.

Defensively, Anthony Terral and Ronnie Hise lead in tackles with 37 each. Next comes Thomas Hayden with 24 and Mike McMillan with 21. Ricky Nunn and Reggie Giddings also have picked off two opponent passes each and Nunn, Artis Cavanaugh and James Manahan have recovered two opponent fumbles each.

The Wranglers currently are averaging 333.4 yards a game in total offense while allowing 201.6, a figure Anderson says needs to be improved upon.

The 7:30 p.m. contest Monday is scheduled for NTSU's Fouts Field in Denton.

Capacity Crowd Turns Out For Council Meet

The City Council terminated the services of the Cisco city secretary, suspended action on application by West Texas Utilities Company for a rate increase, and took no action on others of the 16-item agenda at the semi-monthly meeting Tuesday night at City Hall.

A capacity crowd turned out for the meeting, including reporters for Abilene newspaper and television. Two large spotlights focused on Mayor Roy Cartee and members of the council were of sufficient voltage to disrupt electric service, throwing the meeting room into darkness three times.

Councilman Wm. J. Eudy, looking into the glaring lights, observed as the meeting opened that "it is a sorry state of affairs when we can't run our business without Abilene newspaper and television." Answering an inquiry, the television reporter told a councilman that his station was tipped about the meeting "by one of you."

Continuing his remarks, Mr. Eudy noted that much of the agenda was items that should be handled by the city manager. He urged cooperation and "let's go by the charter and let the city manager run things."

Item 1, approval of the minutes of the last meeting, was held up so council members could read and study them.

Item 2, West Texas Utilities rate increase application, was discussed by Manager Jack Kennedy of the local WTU office and City Attorney Billy Wright. The electric company has requested an increase of 8.27 percent to give them a reasonable return on their investment, Mr. Kennedy said.

Mr. Wright said the council could grant the increase, deny it, suspend action, or leave action up to the Public Utilities Commission of Texas. Suspension, he said, would delay any action for 90 days. This, he added, would give the Texas League of Municipalities an opportunity to study the request and figures regarding WTU's investment. The council voted for suspension.

Item 3, dealt with a sign board on city property on Front Street near I-20 that Cisco Junior College has purchased. Rental of \$1 per year under an existing contract was requested by the college. Action was held up until a copy of the contract could be obtained and read.

Item 4, Eastland County has offered all cities of the

county an opportunity to house prisoners in the new county jail at a charge of \$15 per day per prisoner. The cities would be liable for any medical costs and would be responsible for transporting prisoners. The proposed two-year contract was tabled for study.

Item 5, dealing with the new rates for city services and water, was tabled for study.

Item 6, regarding signing City of Cisco checks, will enable any two members of the Council to sign with the city manager and this will be submitted later, it was decided.

Item 7 through 13, which were placed on the agenda by Councilwoman Louise Allison, were tabled with her approval for possible later consideration.

Item 14, concerned the contract that the city will sign soon with Bontke Brothers for work at the Cisco Municipal Airport. City Manager R.J. Turpin said that dirt work is near completion and that the base contract work will begin shortly.

Item 15, dealing with personnel matters, was held in open meeting instead of closed meeting at the request of City Secretary Marilyn Smith and her attorney, William Palmer. Mr. Turpin noted that the city secretary works at the pleasure of the council and not under his jurisdiction as other city employees do.

Mrs. Smith had served as acting city manager for some two months before Mr. Turpin was hired September 1. She had just been hired as city secretary when John Boland resigned and resumed duties as city secretary and acting city tax assessor-collector after Mr. Turpin was hired.

The city manager recommended the removal of Mrs. Smith from the city staff after citing a variety of reasons, including handling of office items. He added that he felt this action would eliminate dissension and contribute to harmony at City Hall.

The council voted five for the motion to relieve Mrs. Smith of her duties, one no and one abstention. Mayor Cartee abstained, and Mrs. Allison cast the "no" vote, speaking out to praise Mrs. Smith's work with long hours on the job as acting city manager. "I'll stand by her all the way," Mrs. Allison said.

Several council members expressed regret that it was necessary to act on the mat-

ter. Item 16, listed as "action on elected officials," was passed at the request of Mr. Eudy, who said it was not properly prepared.

All members of the council were present. Mrs. Smith told The Press that "I sincerely thank everyone who was helpful to me as city secretary and as acting city manager. This help gave me the courage to do what I think was right."

Mrs. Smith attributed her alleged lapses in caring for city business to illness, a moving mixup and a padlocked city hall in a story published Thursday by the Abilene Reporter-News.

Mr. Turpin had alleged at the council meeting that Mrs. Smith had inadequately handled routine paper work. "I inadvertently got some papers struck in a gigantic pile of material and only discovered them Oct. 7th," she said. She added that she was ill two days last week and planned to work Saturday to catch up, but found city hall padlocked.

Mr. Turpin said he ordered a padlock on the front door because the old lock could be forced easily.

In the same Abilene newspaper article, Mrs. Allison alleged that Mr. Turpin called Police Chief Bill Pence last Friday to order her removed from the City Hall "for dissension."

Mr. Turpin told The Press that Mrs. Allison came to his office and took the agenda for the Tuesday council meeting upstairs to the mayor's office "and kept it so long that I went there for it. We had only seven minutes to type the agenda and get it posted by the 10 a.m. Friday deadline as prescribed by law."

Mrs. Allison and Mayor Cartee stood at the door while a secretary typed the agenda, Mr. Turpin added. He said he called Chief Pence and asked him to remove her if the disturbance continued. The mayor said nothing but seemed to smile approvingly, Mr. Turpin said.

"Contrary to how she was quoted in the Abilene newspaper," Mr. Turpin said, "I told the chief to remove her unless she acted in a business like manner."

Regarding Mrs. Allison's allegation that "dissension" was his favorite word, Mr. Turpin said it was when it comes to getting city business done in the face of unwarranted opposition.

Congressman

Charles W. Stenholm

Congressional Comment

ABILENE, TX—State and local health officials are among those who are "finding out the hard way that when you get federal money, you get federal controls," Congressman Charles W. Stenholm told the West Texas Chapter of the Texas Public Health Association meeting here Friday.

"That's a lesson everyone who looks to Washington for any kind of funding has to accept," Stenholm said. "While I'll be the first to say

it isn't the best way—the most efficient way—it is Uncle Sam's way."

The lesson to be learned, Stenholm told the group, is that "if you want to keep Uncle Sam's hand out of the taxpayers pocket—and the public has told us loud and clear that that's just what they want: lower taxes—then you have to think twice before you look to that same hand for help."

Discussing problems among local health planning groups, Stenholm said he is a

strong advocate of the philosophy that the best place for control of local services is at the local level.

"But conversely, that means that the best place for funding is also at the local level."

"As a Congressman, I am not going to tax the people I serve and then turn around and hand that money out—at either the local or federal level—without someone being accountable," he continued. "And that, generally, is where the problems begin."

Stenholm outlined problems encountered after health planners had asked Congress for funding of a network of Health Systems Agencies to assist in area wide planning to improve the health of area residents, increase quality of health services, restrain increases in costs of providing those ser-

vices and to prevent duplication of health resources.

"No one can say that the HSAs are not the proper focus for coordinating planning and activities on a state, area and local level," he said, "and the job they have done in Texas is a prime example of the efficiency of local control. Congress approved a total of \$1,037 billion from 1980-82 to fund the HSA program, but now questions have been raised concerning just who controls that \$1.037 billion of the taxpayers' money."

Stenholm pointed out that "this is just one example among many of the strings attached to federal money. Someone has to be held accountable for that money. And, to be blunt, I guess that comes down to me. I'm accountable."

Looking ahead to the 97th Congress, Stenholm said he expected further attempts to pass a National Health Insurance Program, which he opposes, and to place a government cap on hospital costs, a measure that was defeated in the 96th Congress.

Total expenses to hospitals for both inpatient and outpatient services rose 15.3 percent this year, reflecting primarily rising wage rates and higher supply costs, Stenholm said, while total costs to patients rose only 12.4 percent after adjust-

EDITOR:

Concerning the race for State Senate, Dist. 22, we have some honest questions for Mr. Bob Glasgow. He claims to be conservative, and we would like to believe that he is, but his past record leaves a lot of room for serious doubt. Mr. Glasgow says that he supports the small businessman and is not a labor candidate. The Texas AFL-CIO, however, reports that he is "supported by the local unions in his district including the Transportation Union and the United Auto Workers, as well as the Johnson County Labor Committee." How does Mr. Glasgow propose to support conservative interests while backed by organized labor? His oppo-

nent, Jay Brummett, has gone on record as supporting free enterprise, the Texas Right To Work Law, and the small businessman.

ment for initiation. "This shows some progress as a result of the concentrated effort being made by hospitals to contain costs to their patients. And I'm proud of that voluntary effort."

"Texas has been a leader in the voluntary effort since the beginning," Stenholm emphasized. "These same types of economic restraints, practiced in a voluntary manner, are essential from all segments of our economy—including Congress—if we are to ever begin to make a dent in inflation."

SEEDS FROM THE SOWER
By Michael A. Guido, Metter, Georgia

Two men lived in the same apartment. One was a Christian, and the other was not. For many years they rode the same train to work every day.

Then one day the unbeliever became desperately ill. There was no hope for him. The doctors could do nothing more for him. The end was very near.

Weeping, his wife tenderly asked, "May I call your Christian friend so he can talk with you about your soul?"

"What good would it do?" he asked. "I ride to work with him every day.

But he has never recommended Christ to me. If his Christianity isn't worth talking about, it can't be worth dying for."

If you have religion, give it out or give it up! There is no greater mission than that of helping your family and friends come to the Lord. There is no greater mistake than that of hindering others from coming to the Lord. So start talking about the Lord Jesus.

The Living Bible says, "Has the Lord redeemed you? Then speak out! Tell others He has saved you."

ment, Jay Brummett, has gone on record as supporting free enterprise, the Texas Right To Work Law, and the small businessman.

On federally funded abortions and the Equal Rights Amendment, which would take away many powers and rights now enjoyed by the states and give them to the federal government, Mr. Glasgow has remained silent, as far as I know. The Stephenville Empire Tribune, on October 21, 1976, ran a letter to the editor from the members of the liberal Erath County Women's Political Caucus. That letter was co-signed by Bob and Deanna Glasgow. His membership in this organization leads us to assume that he not only holds but actively supports their beliefs. Jay Brummett

has made his opposition to these issues clear.

Mr. Glasgow claims to represent the rural, conservative views of this district. However, The Austin Citizen, June 25, 1980, says Mr. Glasgow's liberal credentials go "all the way back to support of Sissy Farenthold and George McGovern." Why, if he is a conservative Democrat, does a conservative Democratic Committeeman state in his newsletter that Glasgow has, for the past six years, sided with the ultra-liberal elements of the party in conventions? He points out that not only has Mr. Glasgow given his support to liberal causes, but his support in the past has come from liberals. In 1974 and 1976, when he ran for Democratic Committeeman, Dist. 22, he drew his support

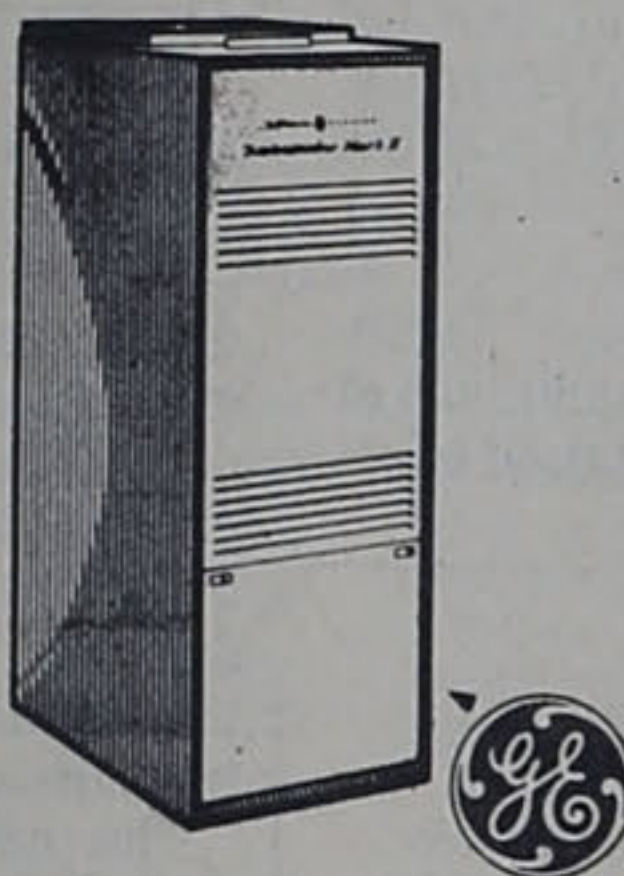

from the liberals. Both times he was defeated handily.

The average American is looking for someone to once again carry his interests of the legislatures of this country. For the most part, he has been ignored in favor of radical minority groups trying to push their liberal ideas on him. Jay Brummett's record backs up his claim to fairly represent these forgotten people - their hopes, dreams, and values for this country and its future. Tell us, where does Mr. Glasgow stand? Does it take a lot of discernment to feel like there's something wrong here? It is very difficult to believe a man's rhetoric when his record speaks much louder.

Sincerely,
Melody Bradford

Eye Emergencies

You could become a victim of a potentially blinding eye injury.

If an accident occurs, says the National Society to Prevent Blindness, you should know what to do.

If household chemicals or battery acids come in contact with the eyes, immediately flush with water and continue for at least 15 minutes, holding the eyelids open. Then seek medical attention without delay.

Should specks get into the eye, lift the upper eyelid outward and down over the lower lid and let tears wash out the foreign particles. If they do not wash out, keep the eye closed, bandaged lightly and see a doctor. Never rub the eye.

Cozart Is Awarded College Bldg. Job

The awarding of a contract to Roy Cozart, local contractor, to erect a metal building at Cisco Junior College was approved by the board of regents at a meeting Thursday noon at the college. Mr. Cozart submitted the lowest of 11 bids opened last Monday night. His bid was \$44,570.

Dr. Norman Wallace, CJC president, said the building would contain 10 offices for teachers along with rest rooms and a meeting room. The structure will contain some 18,000 square feet. It will replace old Britton Hall that was destroyed by fire and the \$45,000 in insurance money will pay for the new building.

Boy Scout Troops Making Camp Reservations Now

Reservations for 1981 summer camp sessions already have been made by eleven troops in the Comanche Trail Council, Boy Scouts of America.

Camp Billy Gibbons was used this past summer by 24 troops with 236 scouts and adult leaders. "We are pleased with the number of Scouts and troops that attended camp this year, and we look forward to an even greater turnout next summer," said E.O. Cambern, council president.

The troops from the eight-county council area, Lampasas to Stephenville to Breckenridge, attend camp each year under their own troop leadership. While at camp, they are assisted by a camp staff trained in Scouting skills, aquatics, ecology and field sports.

"While each troop participated in its weeklong camping experience, the Scouts have the opportunity to practice many of the educational activities that are part of the total Scouting program," Cambern said.

Already signed up for camp next summer are: Troop 37 First United Methodist Church, DeLeon;

Growth Of CJC Ag Department Is Topic At Rotary Club

Growth of the Cisco Junior College Ag Department from a small "on the farm" training program established in 1953 into a two-year pattern of varied courses offering credits transferable to four-year schools, was described to the Cisco Rotary Club Thursday noon by Herman Glueck, one of its staff of instructors. He was presented by Clois Purvis, program chairman for the club luncheon at the Colony Restaurant.

Anton White, club secretary presiding in the absence of President Norman Wallace, who was detained by a meeting of the

CJC board, reminded members of the visit of the District Governor scheduled for 5 p.m. October 29, at the Colony. Members and their Rotary Anns were urged to attend.

Mr. Glueck's summary of the Ag Department history began with its establishment by Robert Donovan, still its head, as a program limited mostly to area farm visits. In 1955 it offered the first transferable college credits, and since that time it has been expanded into some 15 subjects. The two-year course of study now includes:

Entomology (study of insects), agronomy (field crops), poultry production, animal science, dairying, farm economics, welding, woodwork, agrostology (study of grasses), surveying, marketing, horticulture, farm power, livestock judging, and career availability.

In addition, he said, the college maintains a plant materials center, satellite to the Soil Conservation Service large project at Knox City, and concerned with adaptation of new farm crops and range plants to local conditions.

A pecan budding and grafting short course, began in 1953 by the late J.M. Cooper, county agent, is still conducted under college auspices. The department cooperates with area ag leaders in other areas of pro-

motional activities, he said.

The courses offered are in the college freshman and sophomore areas, and are more academic than vocational in emphasis, he explained, but in some respects, notably in the utilization and operation of farm machinery they supply what many higher college courses lack in practical training in the use of farm tractors and other power equipment.

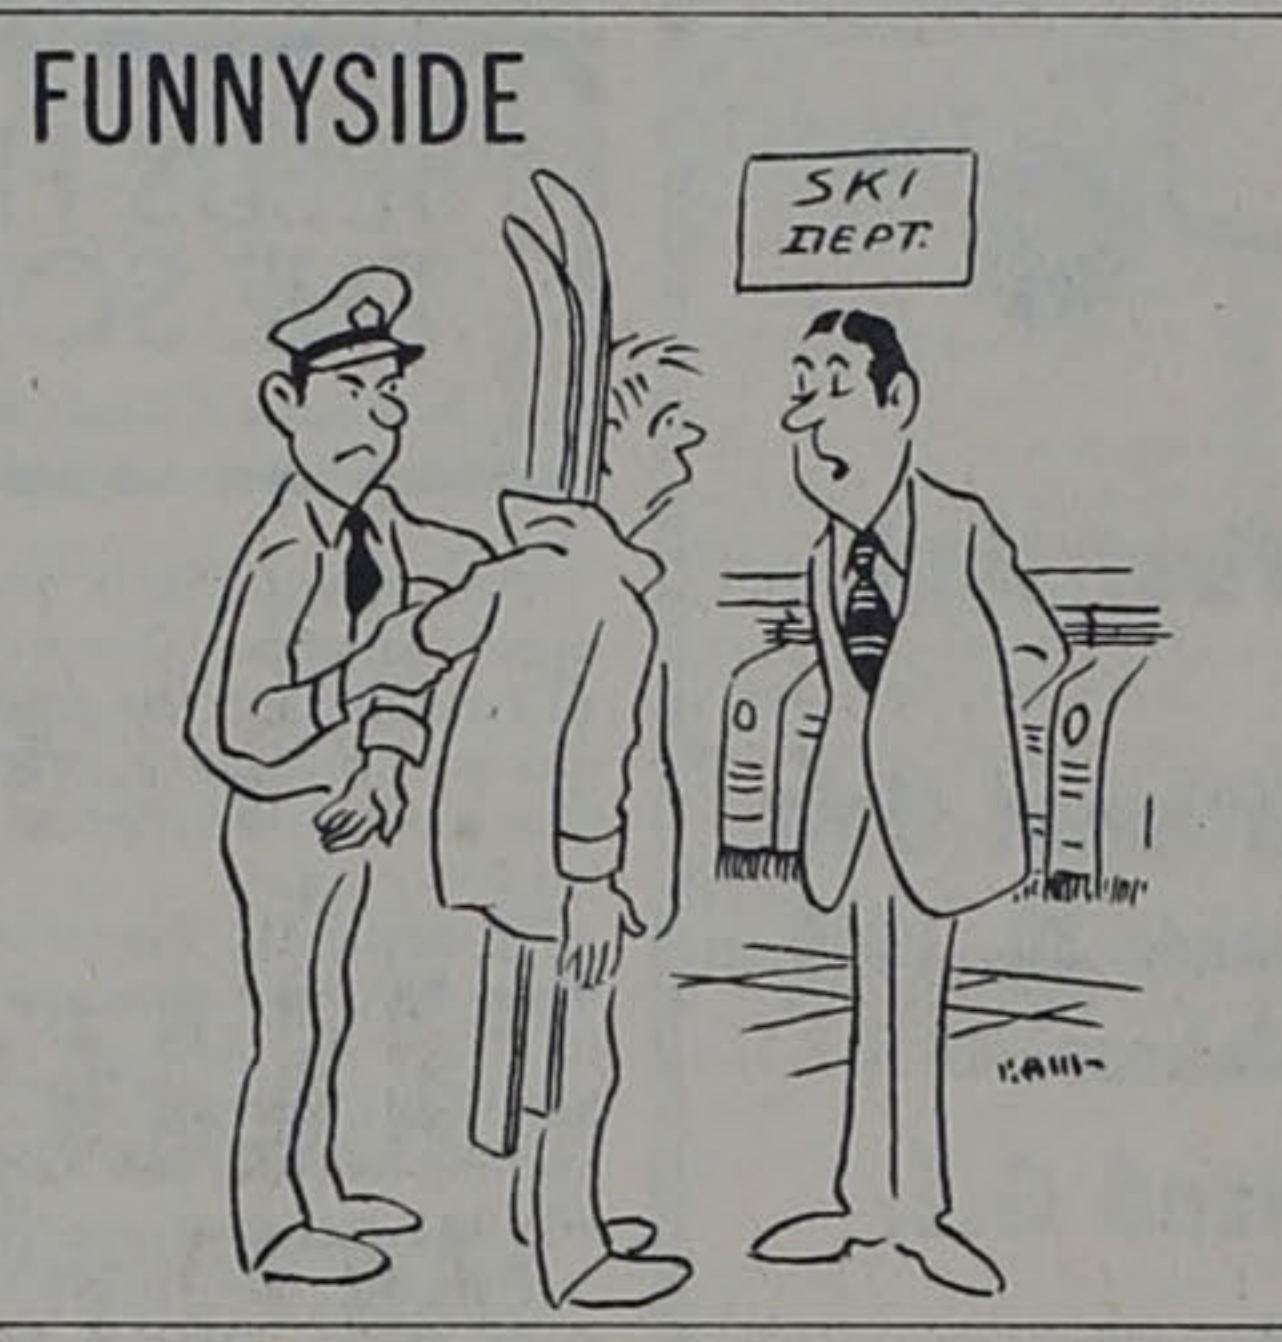

The study of poultry production, he noted, is utilized as an aid to the study of other agricultural life forms because of the rapid rate of poultry growth, spanning the life cycle in one six-month semester.

The department now has some 40 students, he said, responding to a question.

UIL Says 'No Jurisdiction'

The Executive Committee of District 10-AA met in executive session October 16, 1980, at 11:00 a.m. in Brownwood. After reviewing written statements from the Superintendent's of Dublin School and Eastland Schools and hearing testimony of both, the Committee makes the following statement:

Based on statements as presented, there appears to have been no violation of U.I.L. rules at the game site and during the contest. Therefore, the District 10-AA Executive Committee does not feel that it has any jurisdiction in the matter regarding the incidents that occurred in downtown Eastland. However, should subsequent investigations reveal incidents unknown at this time, the Committee has an obligation to reopen hearings on this matter.

'Animal Farm' Reading Set

The Eastland Civic Theater will present a Reader's Theater production of George Orwell's novel *Animal Farm* on Nov. 1 and 2, Mrs. Virginia Russell, director of the theater, announced Thursday.

The dramatized version, written by Nelson Bond, will be the first pure Reader's Theater presented by the Eastland Civic Theater.

"We consider this a momentous occasion in the development of the Eastland Civic Theater," said Mrs. Russell.

Heading the cast and crew as mistress of ceremonies and stage manager will be Wendy Trout, who has appeared in previous ECT productions. She will be joined by several other actors familiar to Eastland theatergoers, as well as some newcomers.

The novel *Animal Farm* was written by Orwell, a British philosopher, poet and novelist who died in 1950.

Published simultaneously with the explosion of the atomic bomb in August, 1945, the fable was intended as a warning to the western world.

Although seriously written, it contains a great deal of humor and irony, and is particularly applicable at this time.

Mrs. Russell explained that this production would be of special significance to students and teachers throughout the Eastland County area.

The play is not to be confused with the movie "Animal House," which deals with college fraternity life.

PUBLIC NOTICE

In compliance with Sec. 43(a) of Art. 1446c, V.A.C.S., West Texas Utilities Company hereby publishes NOTICE that it has filed, on September 30, 1980, its statement of intent to make changes in its rates charged for electricity and services sold and rendered inside and outside municipal jurisdictions, such proposed changes to be effective November 4, 1980. Such Statement of Intent includes the proposed revisions of tariffs and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Company and the classes and numbers of utility customers affected. Public Invited to Leadership Workshop

The public is invited to attend a Eastland County Leadership Workshop which will be held on Tuesday, October 21 and Thursday, November 6. Both sessions will be from 7:30 p.m. to 9:00 p.m. in the new Eastland National Bank Community Room.

The Leadership Workshop is being sponsored free to the public by the Eastland County Program Building Committee announces Mrs. Janet Thomas and DeMarquis Gordon, County Extension Agents.

On this coming Tuesday, October 21 the program topics will include "Meeting the Challenge to Serve Well" and "Make your Meetings Worthwhile". Program speakers will be Dr. Burl Richardson and Mary Marshall, State Program Specialists for the Texas Agricultural Extension Service, Texas A&M University.

The topics for the second session are "Using Parliamentary Procedure for Better Meetings" and "How to Get Good Speakers, Host, and Introduce Them." Never in history has leadership been more important than it is today.

Because so many needs can only be met by group action, good leadership within an organization is vital. The purpose of the Leadership Workshop is to help the people of Eastland County develop good leadership qualities so that they may serve more effectively as officers and members of the organization to which they belong.

Haunted House To Have New Extras Added

The Jaycees have been hard at work preparing for their second annual Haunted House to be held October 25, 27, 28, 30, & 31 in the Jaycees meeting hall on the south side of the square in downtown Eastland.

This year's haunted house will feature the same spooks as last year with many new extras this year. Many special effects will be utilized which are all being prepared by Jaycee members.

Last year's haunted house was a huge success and it is hoped that this year can be bigger and better. Help is needed in the effort to get everything ready in time and if you would like to be a part of this year's "spook house" contact any Jaycee member or Jaycee President Jim Keffer. Remember to mark your calendar for this upcoming spectacular event.

Homemaking Hints

By Janet Thomas

The holiday season will soon be approaching! If you choose to shop by mail be at least as wise a shopper as you are in a store, and follow these smart - shopper guidelines:

Order at least three to four weeks before the delivery date you have in mind.

Be explicit in your instructions. Be sure to include your name and any other information required.

Read the description of the article to check the size,

dimensions, weight and contents. Do not rely on a picture of the item.

Check the conditions of the sale. Are the products guaranteed to satisfy? What will the company do if you are not satisfied? What must you do to get the satisfaction fulfilled - such as saving a copy of the receipt or the shipping label?

Inspect all mail-order packages immediately upon receipt to be sure no parts are missing and to make sure you got what you ordered.

If you should encounter difficulties resolving a mail-order problem through the usual procedures, contact the new U.S. Postal Service Consumer Protection Specialist for the state of Texas: Inspector D.C. Swindie, Consumer Protection Specialist, P.O. Box 1230, Fort Worth, Texas 76101 or write the Direct Mail Marketing Association, Consumer Service Director, 6 East 43rd Street, New York, NY 10017.

RECIPE FOR THE WEEK:

The recipe I'm including this week is Crazy Crust Pizza. It's quick and very good. Let me warn you though, you'll think it won't work, but it all bakes together nicely.

CRAZY CRUST PIZZA CRUST:

- 1 cup flour, unsifted
- 1 tsp. salt
- 1 tsp. Italian Seasoning
- 1/2 tsp. pepper
- 2 eggs
- 2/3 cup milk

- 1/4 cup onion, chopped
- 1/2 cup green pepper, chopped
- 1 (4 oz.) can mushrooms, stems and pieces
- 1 cup pizza or spaghetti sauce
- 4 oz. Mozzarella cheese, shredded
- Lightly grease and flour a

12-14 inch pizza pan. Prepare crust batter in small bowl, mixing until smooth. Pour batter into pan, tilting so batter covers bottom evenly. (It will be runny).

Spread with sauce, then layer topping of your choice. Bake at 425 degrees for 25 to 30 minutes.

Officer Training Sponsored By 4-H Council

An officer training meeting for all 4-H club officers in Eastland County will be held on Monday, October 20, 1980 at the County Livestock Raisers Show barn. All 4-H club officers are encouraged to attend the training which will begin with a covered dish supper at 6:30 p.m. The 4-H Council officers will give training on the various jobs and responsibilities that each different office has.

All officers, leaders, parents, and 4-H members are invited to attend this meeting.

New Booklet On Merchandising Tips Is Inflation-Fighter For Business

"Merchandising for Profit, a Guide for More Business" is a new eight-page tabloid publication that can help every businessman reap more profit in this inflation-ravaged age. The booklet is a storehouse of tips and advice on "getting the most of what you've got" and there's dollars and cents suggestions on merchandising, advertising, motivating employees, handling credit, housekeeping, and the section on meeting and beating competition could mean the difference between profit and loss. Another tip worth dollars suggests taking advantage of the local newspaper's professional art services and layout expertise which can give any business, an extra edge in putting the best foot forward in advertising and promotion. "Fantastic" is the way Lyndell Williams, Executive Director the Texas Press Association, describes the tabloid. As Emerson said, "This time, like all times, is a very good one if we but know what to do with it." All in all, the little tabloid rounds up a lot of good advice for every business, large or small. Copies are available for \$1 from Merchandising, P.O. Box 29, Eastland, Texas 76448. (\$5 will bring 10 copies for distribution to employees).

"FORGET IT CHARLIE—THOSE OIL-EXPLORATION PEOPLE ARE ALMOST ON THE 'ENDANGERED SPECIES' LIST!"

Attorney General Mark White today sent President Carter a telegram urging him to consider an important problem which needs immediate attention.

White said that the Windfall Profit Tax which was intended to be a tax upon the major producers of oil has instead fallen heavily on the small royalty owners. There are estimated to be two million royalty owners in the United States nearly 700,000 of them reside in Texas. Statistics show that 3/4 of these royalty owners average less than a quarter of a barrel of oil a day which means that the average income to a royalty owner is less than \$200.00 a month.

The Windfall Profit Tax is a regressive tax that takes an inordinant amount of dollars out of the pocket of the small land owner, the "mom and pop" farm operation, and retired persons on social security.

White pointed out that this is not a regional issue but one of importance and national impact. Although 1/2 of these royalty owners live in Texas, another 1/2 live in Pennsylvania, New York, Ohio, Indiana, Michigan, Illinois, Kentucky and Arkansas.

The other 1/2 live in California, Louisiana, Oklahoma, Kansas and New Mexico.

Exemption of Royalty owners will not materially or adversely impact plans to utilize the proceeds of the Windfall Profit Tax but will enable persons with a small independent income to exist without further reliance on federal assistance.

Ernest Reich Named to Committee
The Eastland County Farm Bureau announces that Mr. Ernest Reich, of Cisco, has accepted the nomination to serve as a member of the 1980 Texas Farm Bureau Resolutions Committee. Mr. Reich is currently serving as President of the Eastland County Farm Bureau.

The function of the Resolution Committee is to coordinate and combine resolutions submitted by County Farm Bureaus for presentation to voting delegates for their consideration at our Annual Convention.

The Annual Farm Bureau Convention will be held in San Antonio, November 30, 1980 thru December 3, 1980.

City Sales Tax Monthly Report

State Comptroller Bob Bullock Friday, October 10, 1980 said October payments to cities levying the optional one-percent city sales tax brings the 1980 total rebates to more than \$446.8 million.

He said payments of \$28.2 million were made to cities for the month of October.

Bullock said the October payments bring rebates to Texas cities this year within \$20.2 million of total moneys returned to cities during all of 1979, and with two months remaining in the year, 1980 payments should go well over last year's.

The one-percent city sales tax is collected along with the state's four percent tax by merchants and business and returned monthly in the cities where it is collected by the Comptroller's office.

Cisco-Net payment this period-\$6,613.21; payments to date \$121,974.76; % change to date 37.00%.

Eastland-Net payment this period \$6,729.17; 1980 payments to date \$117,246.57; % change to date 18.00%.

Gorman-Net payment this period \$611.29; 1980 payments to date \$19,442.65; % change to date 15.00%.

Ranger-Net payment this period \$6,412.68; 1980 payments to date \$80,099.94; % change to date 21.00%.

Rising Star-Net payments this period \$861.90; 1980 payments to date \$14,321.04; % change to date 11.00%.

TAKE TIME FOR AMERICA VOTE

WHICH WAY? -- Eastland County has traditionally voted Democratic and with the importance of Texas voting in general, every county is going to be "key" to both parties. Absentee voting began Oct. 15 and will run through Friday, Oct. 31, 8 to 5 p.m. weekdays, at the County Clerk's Office, east end, first floor Courthouse.

Jaycees Make Alien Contact With Human-Like Forms

On Thursday October 16 at approximately 1:45 a.m. several of the Eastland Jaycees met at Eastland Lake. The purpose of this meeting was to meet with WHOM or WHAT-EVER was responsible for the recent sightings made of a UFO.

The Jaycees, all heavily armed with special equipment, spread out around the lake area waiting for the UFO or whatever to show. At approximately 3:15 a.m. the Jaycees heard a HIGH pitched HUM coming from the North of the lake. Along with the HUM they saw what looked like a meteor shoot out across the sky, traveling

at a high rate of speed. The meteor like object suddenly stopped directly over the lake bridge. As soon as the Jaycees realized this was no joke, that this was the REAL thing, they began making their way towards the bridge in attempts to get a closer look and make possible contact with the BEINGS.

At the moment the Jaycees stepped on the Bridge they could feel the force this strange craft was creating around it. Suddenly a bright, white beam emitted from the bottom of the craft, and the Jaycees could make out what looked like several HUMAN-LIKE FORMS standing in the Beam. As the Jaycees (being brave souls they are) stepped closer to the beam the high pitched Hum became louder and higher. (So high that several Jaycees had to hold their ears).

Suddenly the pitch of the HUM dropped to where it was barely audible. The Jaycees then began walking closer to the strange Creatures. As the Jaycees were moving closer to the Creatures, the creatures, craft and all were moving towards the Jaycees. Realizing this the Jaycees stopped, but the creatures continued.

By this time the Jaycees were becoming uneasy. But to get to the bottom of all this, Jaycees President Jim Keffer decided to make the first REAL move. He began walking towards the strange sight, leaving the rest behind. The creatures suddenly began moving around inside the beam. One, suddenly stepped through an opening that opened, then shut in the Beam. This, one creature that was still not totally visible due to all the bright flashing lights moved closer to Jim. It then stopped and began what must have

been some sort of communication, because it seemed to understand that Jim could not understand it. So the sounds it was making completely changed, and IT began SPEAKING in a strange but slightly understandable Voice.

Jim decided to get a closer look and took a step and dropped the flashlight he was carrying. The Creature (ALIEN) seeing this must have thought IT was in some sort of danger quickly turned a streaked back to the BEAM. No sooner had IT returned to the BEAM, then it was retrieved back into the Strange Craft, and as suddenly as it appeared, the craft disappeared back in the Northerly direction it came from.

In an interview later with the Jaycees, Pres. Keffer stated that all he could make out of the words spoken to him by the ALIEN were "WE COME IN PEACE TO HELP YOUR—MAKE—RELATIONSHIP WITH OTHER—" Jim said at this time was when he dropped his flashlight. He also stated that the proper authorities had been contacted and that several Specialists in the field were conducting research in this area. He also stated that officials had asked the Jaycees to refrain from making any more statements on the happenings until further investigations were complete. The Jaycees said they would continue to help in any way they possible could.

Newcomers

This year we have a new Special Education teacher and an aide. The Special Education teacher is Mrs. June Hicks, and the Special Education aide is Mrs. Wylie.

Mrs. Hicks moved here from Breckenridge where she taught Special Education. She is a graduate from Carbon High School and Howard Payne. She taught English and History for 16 years. She has a son and a grandson, who she says is her pride and joy. Mrs. Hicks enjoys traveling and collecting antiques, but most of all she likes entertaining her family. Mrs. Hicks really loves the work she is doing at CHS.

Mrs. Hicks' aide, Mrs. Wylie, moved here from Arlington in 1978. She has a husband,

band, Ron, who is an independent oil producer. Mrs. Wylie has two children, Melissa, who is an eighth grader and Chris who is in the fourth grade.

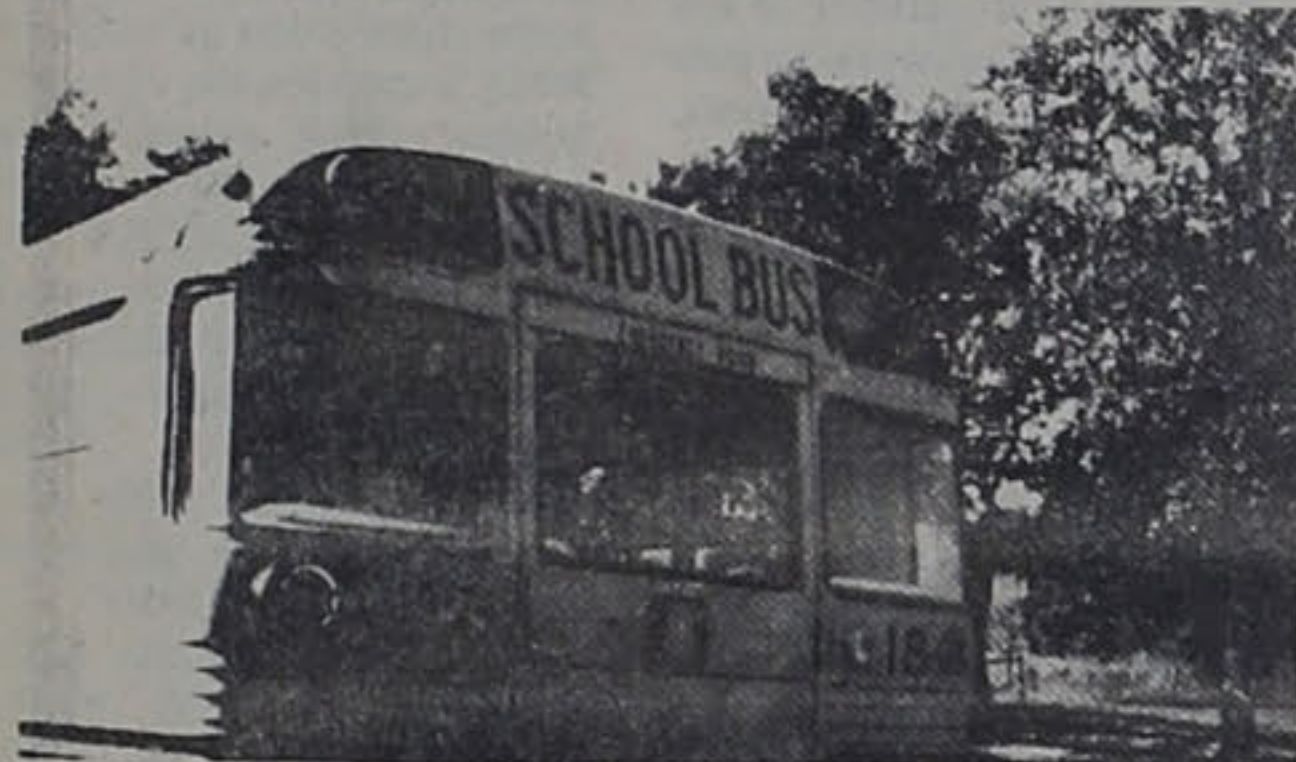

Mrs. Wylie previously taught as an aide in Special Education in Arlington. She was also an aide in Library. She enjoys gardening, arts and crafts. She is in PTO and serves as president of that organization. She enjoys outdoor activities.

Mrs. Wylie enjoys working in Special Education because of the individualized instruction which is possible because of small class size.

Both these ladies love their work because there is never a dull moment.

Sports

Review

The Loboes will travel to Dublin Friday night to face the Loboes at 7:30 p.m. The Loboes were successful in their last outing with a win over the Early Longhorns 23-0. The defense scored a total of eight points; two came on a high snap out of the end zone for a safety. The other six points came when Early attempted a quick kick but was blocked and ran in. The win didn't come without its losses since starting center Tracy Owens will be sidelined with a broken collar bone. This week's obstacle will be Dublin's over rated quarterback, Billy Boy Bryant. This week seems to be a good test for the Loboes #1 defense. So come out and support the Loboes as they try for their second shut-out.

Lake Cisco Homemakers Club Holds Meeting

Lake Cisco Homemakers Extension Club met at 2 p.m., October 15th, at the Federated Womens Clubhouse for their monthly meeting with Betty Harrell presiding.

Guest speaker was Janet Thomas, County Extension Agent, who gave a lesson on creative table setting.

A reading was given by Charolett Kaltenbaugh, on efficiency. A follow-up program was given by Irene Wende on the subject of time. The program was enjoyed by all.

Several announcements were made on activities for the coming month.

November 5th will be Achievement Day. At the First Baptist Church, Senior Citizen Bazaar, to be held at the Rebekah Lodge Hall, some of the club members will be working serving food and helping to set up tables. Some foods will be donated by club members. All activities will be held in Eastland.

Election of officers were held for the in-coming year. They are as follows:

Betty Harrell, president; Alberta Sims, vice president; Edna Bint, secretary; Etta Judia, treasurer. Appointed officers are Doris Seward, club reporter; Merle Murphy, club photographer.

Betty Harrell was nominated for Woman of the Year for the Lake Cisco Club.

Opal White who celebrated a birthday this week was honored with a birthday cake and the members sang the happy birthday song for her.

The Lake Cisco Extension Club wishes to thank the Garden Club for their donation of \$25.00 toward the erection of the street signs. Also all individual donations that were given to the club.

Members attending were Betty Harrell, Lucy Denault, Ruth Brown, Charolett Kaltenbaugh, Irene Wende, Sue Davis, Etta Judia, Opal White, Merle Murphy and Doris Seward.

Letters to the Editor

Dear Editor:

In the past few weeks I have become increasingly concerned by the number of Christians who intend to vote for President Carter because he says he is a Christian. Apparently, they have not asked themselves if his record is consistent with Christian principles—all they remember is that, four years ago, he ran as a "born again" Christian. I feel compelled to write this letter to simply state some facts about the Carter Administration and its betrayal of the conservative Christian voter.

The traditional American family is an endangered species. Christian believed that President Carter would hold and support values that would strengthen it. Instead, he has initiated and supported many measures that will result in a further weakening of the family unit. There have also been decisions and policies in other areas which stand in direct opposition to conservative Christian beliefs and values. Consider:

1. President Carter has supported the ERA and has used the White House to further its causes. The ERA is seen by conservative Christians as a measure that would weaken the family by eliminating the responsibility of the father to support his family and by withdrawing special protections and privileges, such as freedom from the draft, for wives and mothers. The ERA would also take away from the states many powers they now enjoy. Carter has vowed to "do everything within my power" to ratify the ERA.

2. He was responsible for forming the Department of Education, which will extend federal control over education. He appointed Shirley Hufstetter, a leading secular humanist, to head the department. As a result, the humanist values of anti-God, anti-prayer, and anti-family will gain an even stronger foothold within our schools to further erode the values we desire to teach our

children.

3. President Carter has made no conservative Christian appointments. He has, however, made several anti-family appointments: Patricia Wald, nominated to the U.S. Court of Appeals. She is a fervent "children's rights" activist who wants to lower the voting age to twelve and permit children to choose their families. She has likened the traditional child-parent relationship to slavery.

Sarah Weddington, called the nation's leading abortionist lawyer, appointed to the White House Staff.

Bella Abzug, an ardent feminist appointed to the White House Staff. Although he later fired her, Carter's use of this ultra-liberal as a representative of all American women angered millions of conservative women.

4. President Carter is opposed to voluntary prayer in public schools on the grounds that it might discriminate against an atheist's child.

5. President Carter supports legislation which would remove homosexuality from a list of sexual aberrations.

6. Although he says he is personally against abortion, he has done nothing to stop it. The National Democratic Platform supports federally funded abortions, and Carter is against a constitutional amendment which would overturn the Supreme Court decision permitting abortions.

7. President Carter supports the drafting of women.

8. Under the Carter Administration, the IRS proposed a rule that would deny tax exemption to religious schools unless racial quotas were adopted.

9. The Carter Administration is gradually moving away from our traditional pro-Israel stand.

I could continue about the weaknesses of the Carter Administration's policies on defense, Salt II, the energy crisis, and the economy, but I feel that the moral issues

are what conservative Christian voters MUST use as their guideline in making their decision. God will hold each one of us personally responsible for placing a man in office at any level whose policies are in direct opposition to the principles of His Word.

Sincerely,
Patricia Bane

Editor:

As a duly elected member of the Cisco City Council, I expect to continue in that capacity to the best of my abilities for the best interests of the City of Cisco, as I have always attempted to do.

The rudeness and discourtesies of some members of the Council and certain city employees, I will note as directed not only to me but to my constituents, and to the limit of my patience, I will ignore.

I have cooperated and been courteous to the newly chosen city manager, all remarks to the contrary, and I have not and will not interfere with what I term the duties of a city manager are. My sense of obligation and duty to citizens of Cisco, however, will not allow me to conform to any attempts to permit management of city affairs and finances without the knowledge of the entire Council and the citizens of this town, under the provisions of the Texas Open Meetings and Open Records law, and my own moral consciousness.

I will continue my business at City Hall and continue my normal role of living as a normal human being.

Thank you to all the people who have given support and kind words.

The Cisco Civic League members are pleased to announce they are the proud new owners of a 1960 Ford station wagon which is being converted for use as a float in the various parades. A bid was submitted to the Cisco Independent School District for the car and sold to the club.

Bill Wheatley donated his time and cutting torch to remove the top of the car. Ike Cozart, a local contractor, donated a used differential. Then Joe Wheatley, Mike Anderson, Tommie Pope, and Tom (Gabby) Pope Jr. replaced the old one with the new differential. To make the car wider and lighter Joe Wheatley removed four doors and made a half seat for the driver. He also changed the air and oil filters which were donated by Dixon Auto Supply. Now the club plans to build a plywood platform over the car which will be the base of the float each time it is used.

The Cisco Civic League wishes to thank all citizens and members and their families for the time and materials donated for this project. They also extend the challenge to other local civic groups to do the same, so there will be more float entries in the Christmas and Centennial celebration parades coming up.

SCIENTIST PROVES SCRIPTURE
 Ivan Panin (1855-1942) an exiled Russian Mathematician has discovered that the Bible is built upon a mathematical framework impossible for man to counterfeit! Panin states that both the OLD AND THE NEW TESTAMENTS WERE DIRECTED BY THE SAME MIND-A MIND FAR GREATER THAN THAT OF MAN...

Panin, a scholar and lecturer from Harvard University converted from agnosticism to Christianity after finishing college. An ardent student of the classics, as well as the literature of other religions, he applied his discovery to these other writings.

NO SYSTEM OF NUMERICS WAS FOUND TO BE IN ANY FAMOUS WRITING OTHER THAN THE BIBLE!

The New Testament was written in Greek, and the Old Testament in Hebrews, but neither language has separate symbols for expressing numbers, but uses instead, the letters of their alphabets. Panin discovered that both the Old and New Testament original manuscripts are full of patterns of sevens, such as: the number of words divided between vowel words and consonant words by sevens, so were their number of letters divided between vowels and consonants by sevens. According to Panin, "THERE IS NOT A PARAGRAPH IN THE BIBLE THAT IS NOT CON-

IWU Reflections In Perspective

By I. Will Ussery

Lake Maracaibo, in Venezuela, is an Omega-shaped inland body of water which opens into the Gulf of Venezuela at its northern extremity. The lake is described locally as being "100 miles long, 100 kilometres wide and 100 feet deep". A reasonably accurate description.

Until the completion of what at that time, I seem to recall, was the longest bridge in the world...certainly one of the longest...in the sixties, the only means of crossing the lake was via ferry across the "neck" of the Omega from Maracaibo to Palmarejo. This ferry linked the bustling city of Maracaibo, capital of the State of Zulia, with the National Highway which led eventually to Caracas, far to the northeast. Also along the Highway ("carreterra", to the Venezuelanos), which skirted the northeastern shore of the lake were the principal oilfields of the country. Needless to say the ferry was a very busy facility.

The ferry ride was about half an hour, maybe a bit longer. Long enough to enjoy nibbling on a few tasty "pastellitos" which were available from the snack bar on the upper deck. Doing just that one evening en route from Maracaibo to Lagunillas, leaning on the rail of the upper deck and enjoying the spectacular sunset, I was spoke to by an elderly Venezuelan. The conversation went something like:

"You are Americano, no?"
 "As a matter of fact; yes," I replied in Spanish. "I am American. So are you. I am North American. You are South American. We, all of us, in both North and South America are Americanos, no?"

The old boy pondered that for a moment, then said. "Of course! How magnificent! Yes; we are all of us Americanos. We are brothers! But how long have you been in Venezuela?"
 "Oh, maybe ten months", I replied.

"Only ten months?" He exclaimed in a tone of surprise. "But you speak my language perfectly. I know Norteamericanos who have lived for years in Venezuela, yet cannot speak a word of my language. Why do you do it?"

Waxing philosophical for a moment, I observed "To understand a people, one should first understand his language. And to understand a language, it must be spoken. I think that I understand the Venezuelan people, and I avoid many problems by speaking their language".

The ferry ride ended all too soon. The old boy was right. There were literally thousands of "Norteamericanos" in the Venezuelan oilfields, and many of them spoke very little...if any at all...Spanish.

Although the image is changing; slowly, but gradually, for far too many years the average citizen of the United States has been one of the world's most provincial, certainly insular individuals. While North Americans... "Americans" to the most of the world...have been loved and respected throughout the world, the progress of friendly and profitable relations could be vastly improved if more Americans recognized the fact that when travelling, working or living abroad he, not his host, is the foreigner. Simply because things are not done in the same manner as they would be done in the United States; the manner in which they are done is not necessarily wrong. After all; some nationalities look back upon a heritage of culture which reaches back beyond the time when our ancestors were living under conditions which could be classified as heathen.

We are fortunate in that we have been a restless, unsettled people. We have survived for two hundred years as a democracy in which initiative is rewarded by improved profit or earnings. Although the Arab gave us the decimal system, we have developed the machines which can manufacture items to measurements and tolerances which apply those decimals. Still; simply because it is not the American Way, it is not necessarily the totally wrong way. We can show by example, not by criticism, that there may be a better way, but it is up to them to adopt our suggestions.

So; would you have any difficulty in a Spanish-speaking country? There are more than 225 million people in the Americas who speak Spanish. At the height of the British Colonial Empire, they had a simple philosophy... "Teach the blighters a proper language". Yet, I have never known a British subject engaged in employment in a foreign country who was not reasonably fluent in the local language.

Rev. and Mrs. Bentley Honored on Anniversary

Rev. and Mrs. Armo Bentley were surprised with a covered dish luncheon and reception by relatives and friends on their 25th wedding anniversary, September 21, 1980 in Fellowship Hall of East Cisco Baptist Church.

Following the luncheon, punch, coffee and cake was served from a table beautifully decorated in fall colors. The three tier wedding cake was given to the couple by their children. The refreshments were served by Cindy Jackson and Leann Agnew.

Among the many gifts received was a silver service presented by their children. Approximately 125 friends and relatives were in attendance. Relatives from out of town were:

Mr. and Mrs. Jackie Bentley, Patience and Morgan, Canadian, Texas; Mr. and Mrs. Mike Franell, Brownwood, Texas; Mr. and Mrs. Don Stevens and Mickey Rostinura, Saudi Arabia; Mrs. Bertha Bentley, Cross Plains; Texas. Mr. and Mrs. C.G. Hutchins, Cross Plains, Texas; Mr. and Mrs. J.S. Bentley, Eula, Texas. Also James and Kevin Bentley from Cisco.

ANDERSON SHOWS AT STATE FAIR
 Scott Anderson of the Nimrod 4-H Club exhibited his 4-H dairy project at the State Fair of Texas October 8-12.

Scott placed 15th in the open jersey show and 5th in the junior jersey show. In the junior jersey showmanship, Scott also participated and placed 12th. Congratulations to Scott on his fine achievement at the State Fair.

Lights From The Christian World

By Josephine Cleveland

A certain family worked together to cultivate a large garden and were able to produce most of their food on a portion of their ranch land. How pleased the parents

were to have a supply of food to feed their large family.

Their children were now grown. Whenever the children gathered for a reunion they often laughed over their childish antics and reflected upon the more serious occasions.

One such memory was of their mother who left an indelible impression upon her children.

"Wash up, children," their mother would say, "it is suppertime."

They quickly scrambled to their respective seats on the long bench on each side of the table.

Hungrily they eyed the hot biscuits and gravy, the heaping plate of tempting red sliced tomatoes and the large platter of fried chicken. Nevertheless they knew they must sit quietly and wait until their father mumbled the "blessing."

Quickly their mother laid the fried chicken neck on her plate as she passed the plate with the better portions to her children.

As adults this gesture on the part of their mother lingered in their memory. They realized she did not like to eat the chicken neck any better than they; but her love for her children compelled her to take the lesser,

USING PARLIAMENTARY PROCEDURE FOR BETTER MEETINGS
 HOW TO GET GOOD SPEAKERS, HOST, AND INTRODUCE THEM

You are invited to attend this county-wide Leadership Workshop. A big effort is being made to include all officers and members of all organizations in Eastland County.

The Workshop is being sponsored free to the public by the Eastland County Program Building Committee.

The purpose of the workshop is to help the people of Eastland County develop good leadership qualities so that they may serve more effectively as officers and members of the organizations to which they belong.

Cong. Stenholm Named to Committee

Congressman Charles W. Stenholm has been elected secretary of the

Democratic Research Organization, an 82-member coalition of Congressmen dedicated to promoting a conservative political philosophy in the U.S. House of Representatives.

content in knowing that they received the best that she had to give.

The song writer expressed it well when he wrote:

"If that isn't love
 Then the ocean is dry.
 There's no stars in the sky,
 And the sparrows can't fly."

The Bible speaks of the way of love, "and now abideth faith, hope, charity, these three, but the greatest of these is charity (love)" - I Corinthians 13:13.

Joining Stenholm as officers of the group are Congressman Jim Jones (D-Okla.), president; Ronnie Flippo (D-Ala.), vice president; and Kent Hance (D-Tex.), treasurer.

As an officer, Stenholm will also be a member of the steering committee, completed by 3-5 regional directors, that will determine future roles and directions of the organizations.

Professor's Prayer

by Dr. Glynn Hopkins

Dear God, Thank you for the VASTNESS and magnitude of your creation in outer space.

For the millions of stars that you have hung at night, whose beauty is unsurpassed in majestic splendor, whose blanket of soft light provides a gentle cover over our earth,

whose twinkle is awe inspiring in the various shades of blues, yellows, and reds, whose streaking appearance of fire across the night skies is your announcement that you have everything in complete

control and harmony.

For the Dazzling brilliance of the teamwork of the stars as they never fail to direct the journeys of humanity who drift upon the waters of the oceans below.

For the Glorious path of the Milky Way Galaxy that has no beginning or end. For the gentle resplendence of a breathtaking view of the Heavens when the moon rests in her circuit.

Thank you God for the stars, their order, symmetry and perfection. AMEN (LET IT BE SO).

People Things

ANOTHER CISCO city employee bites the dust. That was the caption of a news item on Abilene's Channel 9 television Wednesday night. And a headline in the Abilene Reporter-News Thursday read: "Fired Cisco Secretary Discusses Job 'Lapses'."

Doesn't that sort of rub you the wrong way? Too many of Abilene television and newspaper articles concern items played in such a way as to make them appear sensational. That's our considered opinion. The only thing they covered at the Tuesday meeting was the distasteful angle.

This newspaper seeks to cover city council meetings and report on all of the action — not just the sensational. A man who neither lives nor votes in Cisco but who attends all council meetings suggested the local newspaper wasn't properly covering the sessions in answer to a question of "why does Abilene send reporters here?"

A television reporter was asked "how did you know about this meeting?" And he replied to a council member that he was tipped "by one of you but I can't tell you who."

Let's hope that the situation at city hall will calm down and that we as a community can get on with work for progress.

It is not too surprising to hear and read that Councilwoman Louise Allison is at odds with the city manager. She openly criticized former City Manager John Boland at meetings, as you know if you attended.

THERE WILL be a family gathering this coming Sunday at the Rudolph Schaefer home and he decided there should be something special to eat. So Mr. Rudolph got

out his fishing pole and went off to his favorite (and secret) fishing hole the other afternoon. He caught three catfish that weighed 23 pounds. The largest, a 15-pounder, he took over to Oscar at the barbecue store. The fish was skinned and wrapped with cheese cloth and cooked with Oscar's special sauce.

So when Misses Paula Schaefer, 26, of Austin, and Sherry Ray, 25, Cisco, attend the party Sunday to hear the happy birthday song sung to them, they'll eat barbecued fish. And Grandfather Rudolph will lead the song. Out-of-towners due are the Gene Schaefer's of Lubbock and the Joe Ed Schaefer's of Arlington. . . . Joe Ed recently enjoyed a big game hunt up in the Canadian Arctic Circle country. He brought home a moose head and 200 pounds of meat.

THE J.C. Fletchers were at State Fair in Big D last Saturday and were sitting and sipping a Coke near the football stadium entrance at half-time of the Texas-OU game. Out came some folks from Oklahoma. They were disgusted and offered the JCF's their tickets. So the JCF's saw the second and best half. . . . The Archie Chammesses saw the Texas-OU game and the Cowboy-SF game on Sunday over Big D way last weekend. . . . Mrs. Bill Wright, a Texas-ex, also was in the stadium.

SUPT. JAMES Couch and CHS Principal Jim Puryear were in Brownwood on Thursday for a meeting of the District 10-AA committee hearing on the disturbance at the Eastland-Dubin football game last Friday night. The committee found no Interscholastic League Rules violated. . . . CHS' Lobos go to Dublin this Friday night and the Abilene newspaper picks Dublin to win by one point. . . . The CJC Wranglers go out to Roswell, New Mexico, to play NMMI Saturday night.

THIS AREA'S very first post office, the old residence out at the McKinney place west of town, was reserved when Dr. Chief Brown sold that 360-acre tract recently. The old house was Red Gap's first post office. And it will be moved to town and preserved, reports Dr. CB. There will be a report with pictures later. . . . Mrs. Cora Plumlee of the Eastland Nursing Home, accompanied by her sister and niece from California, visited Mr. and Mrs. Porter Nunley last Thursday. . . . Mr. Hubert Kennedy of our town is a patient at the Dyess AFBase Hospital and is in satisfactory condition. His sister, Mrs. Thelma Bosworth, visited him the other day.

TRUSTEES OF the Cisco Independent School District approved the purchase of 10 new typewriters for the business classes at CHS, made changes in plans for a heat pump at intermediate school's new addition, and added a ramp for the use of wheel chair folks there at their regular meeting last Monday night. . . . Firemen answered a grass fire alarm out Lake Cisco way on October 8th. . . . CofC Manager Gene Abbott was in Mineral Wells on Thursday to attend a conference of managers from cities in this region.

City Manager Turpin To Fulfill Obligation

(Continued From Page One)

Mr. Turpin said that city hall business hours are from 8 a.m. until 5 p.m., Mondays through Fridays, and the doors will be open. He added that they would also be open in times of emergency. One of his obligations as city manager, he said, was to protect city equipment and records "and I intend to fulfill this obligation."

Mr. Turpin said reaction of the business community and senior citizens has been positive. "I appreciate the

expressions of support, and I will work hard to do the right thing," he said.

Statements by one council member that he was "sick and tired of unrest and undue publicity" were highly commended by many citizens, Mr. Turpin said.

The city manager's recommendations were supported by a five-to-one council vote, he noted.

Mrs. Allison's reaction to the meeting and its aftermath is contained in a "Letter to the Editor" elsewhere in The Press.

In 1972, Paul Ruffin was awarded the Mississippi Arts Council Poetry Prize, and 1978, he received the *Kansas Quarterly* Poetry Award. He is the current president of the Texas Association of Creative Writing Teachers.

Please accept our invitation to hear this fine poet.

Brother E.A. Sherwood To Conduct Morning Service At 1st Christian Church

Brother E.A. Sherwood returns to conduct the morning worship service at the First Christian Church (Disciples of Christ) Sunday, October 19, in celebration of the week of the ministry.

Sherwood was the minister for seven years at First Christian before retiring in 1978. Shortly after his retirement he accepted a call as minister to the First Christian Church in Wetumka, Oklahoma.

The week of ministry is an annual event in the Christian Church (Disciples of Christ). This event provides the church the opportunity to celebrate its mutual ministry, encourage youth to consider a church vocation, and honor those who have given their lives to Christ and the church in ministry.

Following the morning worship service there will be a church dinner sponsored by the Apostle Group. Cost for the dinner will be \$3.00 for adults and \$1.75 for children. The proceeds from

Annual Bazaar Of CWF To Be Oct. 31 & Nov. 1

The annual bazaar of the Christian Women Fellowship of the First Christian Church (Disciples of Christ) will be held October 31 and November 1, in the fellowship hall of the church, 303 West 8th. The members have been working all year on various handmade items and there will be a bake shop. Breakfast and lunch will be served both days.

Make plans now to come and Christmas shop from 7:30 a.m. until 5:30 p.m.

the dinner will be used for the Outreach Ministry of the Apostles at Christmas.

The congregation extends an invitation to all to come and join in this celebration and/or dinner of honoring E.A. and Reba Sherwood for their ministry.

Senior Citizen's Nutrition Menu

A ging catches the blame for a lot of health problems that older people get. Practically everybody says: "He's sick, or she's sick...just old age." Even older people lay the blame for health difficulties at the door of aging. Many accept what happens to their bodies and health as inevitable, meanwhile expecting the medical profession to try to correct whatever went wrong. But the process of aging does not cause illness, aging is not a disease. If it were, every older person would be sick.

The body is a wonderful machine, and it may be maintained through three major health habits:

Eat Right: Food is fuel for the body and we must get as much mileage out of it as possible.

Rest Right: Sleep is only part of the rest. Relaxation and leisure times are other types of rest.

Right Activity: This includes a program of regular physical exercise coordinated so all parts of the body are affected.

The programs for the week were presented by Danny Yates and Ben Hubert. These two young men attend the Cisco Junior College. Jackie Eudy, Vida Killion and A.E. McNeely played the dinner music during the week. On Friday, the Clyde Brymer Band presented their country and western music.

The menus for the week are:

Monday--swiss steak, whipped potatoes, peas and carrots, jello/topping, bread, butter and drink.

Wednesday--meat with sauce, steamed rice, broccoli, pears halves, bread, butter and drink.

Friday--beef and macaroni, mixed vegetables, lettuce salad/french dressing, fruit cobler, bread, butter and drink.

Everyday--Coffee and juice between 9-10.

Ruth Cartee, Director

CofC MANAGER Gene Abbott, center above, is pictured with BI Secretary-Treasurer Ed Woisard, left, and James W. Porter, director, as they toured the Burgess plant here Monday.

BURGESS Industries' two top executives, President Don Rogers (left above) and Executive Vice President Jack Davine were in Cisco Monday to inspect the local Burgess-Manning plant.

Burgess Officials Tour Factory Here

Seven officials of Burgess Industries and its subsidiary Burgess Manning division spent a half day Monday in Cisco inspecting the firm's huge plant here. The group was from the Dallas headquarters.

Heading the inspecting party was Don Rogers, chairman of the board and president of Burgess Industries; Jack Davine, executive vice president of Burgess Industries; and Larry Newman, executive vice president of Burgess Manning.

Others in the party were Ed Woisard, secretary-treasurer, and James A. Knox, George J. Fix, Jr., and James W. Porter, all directors of Burgess Industries. The group came to Cisco in a motor home and went on to Wichita Falls to inspect a company plant there.

Johnny Cagle, local plant manager, took the visitors on a tour of the Cisco plant, which turns out industrial noise silencer equipment weighing from 40 to 40,000 pounds. The factory occupies nearly two city blocks of space. In addition, Burgess leases two buildings elsewhere in Cisco.

A company spokesman said the board was well pleased with the Cisco operation. The firm has been here some 12 years and owns its buildings and land, including space for possible expansion.

CISD Board Meets

The Board of Trustees for the Cisco Independent School District met in regular session October 13, 1980. The Board conducted the following business: 1) Approved the minutes of the September meeting; 2) Approved the current bills for payment; 3) Approved a request for a hardship transfer of two students; 4) Requested bids for the purchase of ten new typewriters for the high school; 5) Approved the purchase of new kitchen ranges for the high homemaker department; 6) Reviewed the progress of the intermediate school classroom addition and authorized minor changes; 7) Approved the employment of an additional 2nd grade teacher.

In addition, the Board also received reports and discussed pending delinquent tax litigation, plant renovation, state curriculum recommendations, transportation, and the establishment of gifted and talented programs.

The Board of Trustees meet each month on the second Monday, 7:30 p.m., at the School Tax Office, 610 Avenue D. Members of the Board are Emmett Rich, Charles Humphries, Shirley Smothers, Donald Gorr, Willis Parker, Roy Hathaway and Johnny Cagle.
