

THE CISCO WEEKLY CITIZEN

VOLUME THREE

CISCO, TEXAS, FRIDAY, JANUARY 27 1932

NUMBER 23

City Commission Session Without Friction Jan. 24

Everything passed off smoothly at the meeting of the city commission Tuesday night. Nothing of passing importance was transacted except ordering printed notice of the charter amendments election for April 4, and the adoption of the resolution fixing the salaries of the mayor and commissioners in accordance with the action of the body Jan. 10. The resolution placed the mayor's salary at \$50 per month, instead of \$150; the commissioners' at \$20, other than those serving full time, which was reduced from \$150 to \$100 per month. However, this reduction was not retroactive, and not applicable to the present incumbents, but will apply only to the ensuing term, provided the amendment affecting the commissioners' salaries is defeated.

The commission authorized steps to be made at the dam for passage to and from the swimming pool.

Another important act of the commission was the extension of the remission period of penalties and interest on delinquent taxes till May 31. This remission will only apply to 1932 taxes. All commissioners voted for this extension except Commissioner Elliott, who voted "No". This action was taken on Commissioner Henderson's motion.

Seale Has Modern Suite of Offices in The Eppler Building

Convenient and commodious in their appointments and equipment are the suite of offices recently opened by Dr. Hubert Seale, M. D., in the Eppler building, at 616 Avenue D, just one door north of the Dean Drug Co. The building was leased by Dr. Seale, and fitted up according to his ideas of what would constitute ideal quarters for a modern practitioner, who believes in affording the maximum of comfort, both for himself and his patients, which he has planned and executed well in his endeavors.

Visiting this modern establishment Thursday, we inquired of this physician and surgeon the inspiration of the selection of the ground floor, and the busiest section of Cisco for offices for a medical practitioner? Replying to this query, Dr. Seale said:

"Realizing that my practice justified a more convenient and larger place to take care of my patients, and that the public preferred a more convenient location to convey their sick than that afforded on a second floor, with a flight of stairs to climb; and that a physician, like any other business man, was justified in providing a more convenient location to receive his patients, and that better service could be rendered in properly fitted quarters, was the inspiration that led me to locate on the ground floor, and in the busiest section of the city.

"And in planning this suite of offices I have endeavored to add every feature that would facilitate the proper treatment of my patients and add to their comfort and convenience. So this building was selected, and I feel that I have been fortunate in securing such a desirable location, which I have fitted up with modern equipment in the laboratory, hospital recovery rooms, operating rooms, office and reception room. Thus equipped I will be able to render better service to the people who are in need of a physician, or for the treatment of all diseases of the eye, ear, nose and throat. And as I am permanently located in Cisco, I have a long lease on the building, and builded for the future, as well as the present."

Shown through this splendid suite of offices the Citizen editor visited the two hospital recovery rooms, the laboratory, the three treatment rooms,

MAKE THE LAGUNA HEADQUARTERS FOR ALL CONFERENCES

"We want Cisco people to make the Laguna a general meeting place for Cisco people to meet their business friends for conferences, as well as for social gatherings," Manager Don Burger told the Cisco Citizen, when discussing Cisco's modern hostelry recently.

"We have every facility at the Laguna for Cisco people to entertain their friends, or for meetings to discuss business matters or those things that pertain to the welfare of the city. The mezzanine floor or roof garden is at the service of the public any time. Cisco ladies' clubs and other functions will find the mezzanine floor ideal for impromptu or informal gatherings, and larger functions can be held in the roof garden. Then an ordinary business deal may be discussed in the lobby, or on the mezzanine floor, or if they prefer, nothing can be a better incentive for negotiating a deal than while enjoying a refreshing cup of coffee, or a business man's lunch at the Laguna coffee shop.

"But whether Cisco people are bent on a social function, or just a short business conference, we offer the facilities of the Laguna for their meetings of every nature whatsoever. Just make your business or social appointments for the Laguna, and you will find how happily they will terminate. The Laguna is a Cisco enterprise and the management wants Cisco people to make use of its every facility," Mr. Burger said.

The only penalty for not paying your car license tax by Tuesday evening is to quit running your car. But if you fail to pay your poll tax you can't vote in the 1933 elections. Better pay your poll tax first. You can walk until you raise the dough for your car license but you can't vote for one whole year if you fail to get a poll tax receipt before February 1.

the office, after having to wait the doctor's dismissal of a patient whom he was treating when we arrived. But this was not irksome, for we found that the delay was short, so comfortable were we in one of the easy chairs in the reception lobby, which is done in attractive designs of interior painting and decoration. The reception lobby has polished hardwood floor, and is comfortably furnished with tables, easy chairs, chairs and table for the little folk, and supplied with current reading matter for the comfort and entertainment of patients awaiting their turn for medical treatment.

Dr. Seale succeeded Dr. M. C. Carlisle when Dr. Carlisle left here 18 months ago, and has been unusually successful in his profession. That his practice has increased since his occupancy of the ground floor location, is apparent from the increased number on the waiting list that may be seen at all hours in his reception lobby, justifies the conclusion that the move was a wise one, and demonstrates that he had the proper inspiration that induced him to change his location to the ground floor of the busiest section of Cisco.

CISCO CITIZEN PASSES TO R. W. H. AND IDA KENNON BY PURCHASE

The Cisco Citizen, name, good-will and subscription list has been purchased by R. W. H. and Ida Kennon, who recently acquired this publication by purchase from C. M. Nichols. For the past year R. W. H. Kennon has been publishing the Citizen under a lease contract with Mr. Nichols, who has owned the Citizen for some time past.

The Citizen will continue to be published by the present editor-manager, R. W. H. Kennon, who will carry out the policies heretofore maintained, that of working for the best interests of Cisco and the Cisco country. It will be the purpose of the Citizen to fight graft and grafters wherever they show their fangs, and to battle for those citizens who may be styled the more unfortunate.

At all times the Citizen will be free and untrammelled; controlled by nor supporting no faction other than those who want the best for Cisco. If you are for Cisco, the Citizen is for you. But if you are selfish and desire personal profit at the expense of the people, don't be surprised if the Citizen will oppose your schemes, as the Citizen will be absolutely independent upon all public matters. If you would like to see an independent newspaper in Cisco, the Citizen solicits your business, for no paper can fight the battles of the people without financial support.

Wood Burners Are So Numerous That Ashes Becoming A Nuisance

So many people have taken out their gas burners and installed wood burners that the wood ashes are becoming a nuisance, according to the discussion at the commission meeting Tuesday night. Commissioner Elliott stated that some disposition would have to be made of these ashes, as many were dumping them in the alleys, and on vacant lots, in such profusion that they threatened to become a nuisance. "I hardly think and ordinance is necessary at this time, but if many more install wood burners some measure will have to be adopted to take care of this waste," Elliott stated. It was reported that some residents were dumping the ashes in their garbage cans for the garbage collector to cart away, but as that was not his duty, he would not be required to handle them.

DEATH MESSAGE CALLS MR. STARR TO NEBRASKA

At the time of his death young Starr was with the federal engineers at Tullah, La., from which place the remains were shipped to his old home in Nebraska. Mr. Starr will journey direct to the Nebraska city, where the funeral will be held Saturday.

Deceased has visited the Starr home here in the past, and will be remembered by those who met him on that occasion.

The consumption of dairy products in the rural sections of this state should be increased for the sake of economy and for health protection.

Have you paid your poll tax? You have until Tuesday evening to qualify yourself to exercise the privilege of the ballot.

Cisco Chamber of Commerce Elected R. L. Poe President

HUGE THROGS ATTEND OPENING OF NORVELL & MILLER'S GROCERY

In the past this well known business house has been recognized as headquarters for the farmers of the entire Cisco trade territory, and in the transition this feature will be retained, for it will be hard indeed to divorce the proprietors and the farmers, who have been so intimately associated for years. L. B. Norvell, senior member of the firm, tells the Citizen that every provision will be made to make the new establishment just as comfortable for their country customers as in the days of the past. The firm will continue to buy country produce, all that is brought here, as they have always done, thus continuing to supply a market for what the farmer has to sell. For with the Bankhead Feed Mill and Norvell & Miller, Cisco has always maintained a market for all manner of things the farmers raise and offer for sale. Sometimes the market has not been as good as either the buyers or sellers desired, but they have furnished a market.

This condition will continue. But we were speaking of the throngs that crowded the Norvell & Miller store all day Saturday--not for just a few hours after the store opened for business--but from the moment the store opened in the morning till the doors were closed Saturday night, the house was crowded with buyers eager for the bargains advertised. This sale demonstrated two things--that proper advertising pays and that there is money in the country when quality merchandise is advertised. Both of these facts were demonstrated in the Norvell & Miller sale. They thoroughly advertised their grand opening, and they offered the public quality merchandise at prices in accord with the times.

One might think that this vast throng were largely composed of sight-seers, but not so. They were buyers, and the stock was sold out in many lines several times that necessitated trucks visiting their warehouses and local wholesale establishments to restock in merchandise that had been completely sold out.

Norvell & Miller carried a full page in the Cisco Citizen and Daily News, which was supplemented by page circulars from the Apex Printery. The Cisco Citizen carried the glad tidings to the large territory in the Cisco country served by this newspaper, well as into the homes of practically every resident of the city. The result was all that the proprietors could hope for, and was a demonstration of what effective advertising can accomplish, and therefore gratifying to the newspapers that broadcast this store news.

The friends of H. O. Westerfeldt will regret to know that he is again confined to his home with his old physical trouble, but will be glad to learn that he is considerably improved, and word from his home yesterday stated that he would be able to be out within a few days.

that money is an unknown quantity with many, but nearly everyone of our readers have something they can spare, so remember your newspaper the next time you come to town.

PAY YOUR POLL TAX IN CISCO SATURDAY

Or it may be best to get your citizenship certificate today, as C. S. Karkalits, deputy tax collector, will be in Cisco today and Saturday, where he will be located in the First National bank, for the purpose of supplying you with a receipt for your poll tax that will qualify you to have a voice in any election that may be held this year. Do it now. It will be too late after next Tuesday. Having a deputy come here to collect poll tax is quite a convenience to our citizens, extended them by Collector Cooper, otherwise all would have to go to Eastland for that purpose.

TO THE FARMERS WHO READ THE CISCO WEEKLY CITIZEN

We are still accepting any kind of farm products that we can use in payment for the Cisco Citizen. Butter, chickens, fresh or cured meats, vegetables, black eye peas, potatoes, pumpkins, or anything you have to eat is still legal tender for your subscription. Many of the farmers have been reading the Citizen for the past year. Now is the time to show that you appreciate the paper by bringing in something we can use. We know

BIBLE THOUGHT FOR TODAY

We must not become discouraged, either, for our reward is not to be obtained without much struggling. When things become difficult or monotonous the temptation is to drop them. No one ever achieved success that way--so hold on.

—Arthur Hamilton.

LOTIEF WANTS ADVICE

A communication from our floral representative, Cecil A. Lotief, addressed to the Citizen, requests advice from his constituents as to their wishes regarding his support of the sales tax provision, submitted by Governor Ferguson. Lotief expresses his doubts about the sales tax being a wise provision, but being a representative of his people, he wishes to reflect their sentiments. The Citizen wishes to commend Representative Lotief. It is really refreshing to know that that the 107th district has a representative of the people in the legislature, who wishes to reflect the sentiment of those who elected him.

As Lotief says "this is a tax, the same as the property tax," and as he was elected on a platform of reducing taxation--rather than raising taxes, we hope many of his constituents will advise him to fight this tax the same as if it was an additional tax on your farm.

The Citizen is rather disappointed in the governor submitting a provision for raising revenue by saddling an additional tax on the smaller tax payer. We were led to believe there would be levies--if needs be--only on those interests that show a profit. A sales tax will be a levy on those things the consumer buys, and as a poor man will consume about as much as his well-to-do neighbor, consequently he will pay as much to support the government as will the man of means. After the sales tax was defeated in the last congress we were in hopes it was forever buried, but now comes our own governor, elected on a lower tax platform, and proposed an addition tax on a people who are crying for relief. We sincerely hope the legislature will defeat the proposed tax, and look to more fertile fields for additional revenue, should it be essential.

But it is rather strange that our representatives are constantly seeking additional sources of taxation to "balance the budget"--God save the mark--rather than diligently seeking methods of reducing governmental expenses. "Balance the budget," if you will, but do it by

CHRISTIAN SCIENCE CHURCH SERVICES

"Love" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, January 29, including First Church of Christ, Eastland.

The Golden Text is from I John: "Beloved, let us love one another; for love is of God; and every one that loveth is born of God, and knoweth God."

Among the passages to be read from the Bible will be the following from Romans 12: "And be not conformed to this world; but be transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect will of God."

The following citation together with others from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker, Eddy will also read: "Anatomy, when conceived of spiritually, is mental self-knowledge, and consists in the dissection of thoughts to discover their quality, quantity, and origin. Are thoughts divine or human? That is the important question. This branch of study is indispensable to the excision of error. The anatomy of Christian Science teaches when and how to probe the self-inflicted wounds of selfishness, malice, envy, and hate. It teaches the control of mad ambition. It unfolds the hallowed influence of unselfishness, philanthropy, spiritual love. It urges the government

of the body both in health and in sickness. The Christian Scientist, through understanding mental anatomy, discerns and deals with the real cause of disease" (p. 462).

O'FLAHERTY'S NEWSPAPER

A. B. O'Flaherty's newspaper, the San Angelo News, has reached the exchange desk of the Cisco Citizen. The friends of this former Cisco newspaper man will be glad to learn that he is again in the newspaper game, his proper place, where he won brilliant success in the past. For many years Mr. O'Flaherty was manager, and later owner of the Cisco Daily News, which he took over in a merger with the Cisco American, a newspaper established by the editor of the Citizen in 1920, and later sold to him. During his direction of the Daily News the success of that publication was almost phenomenal, and it continued to prosper until he sold to the present owners, the Marsh-Fentris interests, owner of a string of newspapers in Texas.

The San Angelo News, we predict, will reflect the genius of its present owner as time glides by, but hardly to the same extent as that manifested by the Cisco Daily, owing to the difference in business and financial conditions.

But O'Flaherty is a newspaper man of exceptional ability, and the Citizen predicts it will not be long before he will have his publication in the center of the journalistic map of this section of Texas. That's our wish, as well as our prediction.

CASH AND CARRY GROCERS

Announce the opening of a market for cream producers. Commencing Saturday morning, Jan. 28, we will pay CASH for all cream brought to our store. No waiting to get reports from sales. You bring in the cream and receive the cash. This will enable the farmers to dispose of their surplus cream for ready money.

We will also pay the highest market prices for all fresh merchantable country produce that we can handle. Farmers of the Cisco country are cordially invited to make our store headquarters while in town. Cisco people are invited to visit us. Let's get acquainted.

We give below a few of our Grocery Bargains. Read over the list, compare our prices, and let us fill your next Grocery order. Other merchandise not listed is priced at correspondingly low figures.

BEARMAN FELICITATES ELSER ON RECEIPT OF ROOSEVELT GREETINGS

Mr. J. A. Bearman, who delivered the principal address at the recent business men's smoker, at the Hotel Laguna roof garden, during his talk felicitated one of Cisco's distinguished citizens, Mr. Max Elser, one of the best known gentlemen of West Texas, when he referred to him as having recently been signally honored by being one of the very few in this section who were complimented by having received New Year's greetings from Hon. Franklin D. Roosevelt, America's most distinguished citizen.

"This distinction and other honors which have come to Mr. Elser makes us all proud to claim him as a resident of our city," were substantially some of the nice things Mr. Bearman had to say about this honored octogenarian. "If for no other reason than that this Ciscoan had been singled out of all the several thousand other Cisco people to be the recipient of greetings from our in-coming president, is sufficient to cause all of us to feel a bit chesty over such a distinction coming to one of our fellow-townsmen. But when we remember other accomplishments that Mr. Elser has achieved we have reasons to be doubly proud.

"Mr. Elser now is enjoying the fruits of a useful life, in the sunset of his career, but in his age of activity he has accomplished much. Probably we owe the present oil activity, and the prosperity due therefrom, to Mr. Elser more than

Donovan Announces For Commissioner In April Election

Probably there is no better known citizen of Cisco than Jonah Donovan, who has made his home in Cisco for a long period of years, and is well informed of general statue and resources of the city, in a more minute detail than probably any other man. For a long period of years he served the city in the same position he now seeks, and when his term of office expired a year ago he was recognized as one of the best informed members of the commission. The possibility of the adoption of the fourth amendment to the city charter reducing the salaries of the commissioners, is not a deterrent to him in seeking the office, as it was his motion to serve without pay that was defeated in the preceding administration.

But the Citizen feels it is not necessary to introduce Mr. Donovan to Cisco people, or dilate on his qualities as a man and an official. He is again seeking the office of city commission-

any other individual, for he it was who secured the first oil leases in this section, having at one time several thousand acres under lease in Callahan, Shackelford and Eastland counties, and it was from this beginning that the present oil development is doubtless due. Then, too, among other achievements of this honored citizen was the construction of over 1500 miles of telegraph lines in Texas, especially the lines from Fort Worth to El Paso, and from Denison to Austin.

"Now that gentleman is in the sear and yellow leaf of a well-spent life, it is a pleasure to recall the last distinction that has come to him, which is a compliment any of us would be proud to claim."

er, and outlines his policies in the following announcement:

To the Citizens of Cisco:

I hereby announce my candidacy for commissioner of this city, subject to city election of April 4th, 1933.

If elected I will place the interests of this city above personal and political preferment. I will favor strict economy in every branch of city administration, and will use my best efforts and ability to promote the best interests of this city in all matters presented to your commission. I would not be a candidate for this office except for the fact that it is my opinion that Cisco is in a position to prosper with sound administrative measures looking to the interests of the business and individual needs of our citizens. With a combining of efforts and budget expenditures much may be saved to this city and a service rendered that will meet the requirements demanded.

Having resided in this city for many years, and having a personal interest in its success and a desire that its citizens may prosper, and with the solicitation of my friends, I feel that I am justified in requesting your consideration and support for this office. I invite the interested citizens to discuss the issue with me, especially, prior to this election, that I may have a fuller knowledge of your desires, and if elected, that I may be in position to serve your interests in an official manner.

Soliciting your support and influence, I am

Sincerely,
W. JONAH DONOVAN.

CISCO REBEKAH LODGE INSTALLED OFFICERS

Newly elected officers of the Cisco Rebekah lodge were installed at the meeting January 19, and included the following.

Noble Grand, Mrs. Bobbie Adams; vice grand, Miss Lois Threet; warden, Mrs. Ruth Powell; conductor, Miss Elouise Ray; chaplain, Mrs. Laura

COUNTY FEDERATION WILL MEET IN CISCO SATURDAY

The County Federation meets in Cisco Saturday, and all West Ward P. T. A. Teachers, mothers and friends are urged to be present at 2:30 p. m. Saturday. The meeting will be held at the High School auditorium.

Cisco's organization is hostess for the out of town visitors, and an interesting program will be given by the children, and speakers from other chapters.

Every one is invited, come and learn what is being done in our county.

Refreshments will be served at the close of the program.

Ladies on the committees are: Program, Mrs. Homer Slicker, A. E. Jamison, E. H. Varnell, and C. E. Yates. Refreshments, Mrs. Edgar Butts, A. J. Leach, McPherson, Ball, Alsop and Wood.

JOHN POTTER

Charter Amendments To Be Submitted To Voters on April 4

After a lapse of about seven months the people of Cisco will have been graciously permitted to vote on two amendments petitioned for by the required number of qualified voters, and four initiated by the city commission. Rather seven months will have passed from the time these petitions were filed with the city secretary until they will have an opportunity of expressing their approval or rejection of the changes they desire in the city charter. If this act on the part of the commission can be justified, every person in Cisco would be glad to know on what grounds the commissioners have defied the people and denied them their rights, under law, to have a voice in changing their city charter, after they have complied with every requirement of the statutes made and provided. So far as the Citizen is informed neither of the commissioners have offered any reason for this delay, unless Commissioner Clements spoke the sentiment of his associates at the commission meeting Jan. 10 when he said: "I did not want the election called because I wanted to draw my salary."

We can understand why any person would dislike to have his pay stopped, but we fail to understand how an officer can reconcile his act with that of his official oath.

But Cisco people have been patient and waited. Everything comes to him who waits, we are told, and after seven months delay the election will be held. By resolution the commission last Tuesday night ordered notice of the election on the amendments to be published, designating April 4 as the date on which the election will be held. This is the date of the election for mayor and two commissioners, and in addition to electing these officers the voters will have an opportunity of voting for or against the six amendments that will be submitted.

Briefly the amendments provide for retention or abolishing the chamber of commerce, the zoo, and the band; the gagging of the mayor, by not allowing him to vote in the sessions of the commission; reducing the commissioners salary from \$20 to \$12.50 per month, and prohibiting full time salaries to members of that body; and another amendment provides for the initiative, referendum and recall.

Some of the members of the present commission, the Citizen is informed, have reversed their attitude on the recall, as practically everyone, during the "love feast" Jan. 10, condemned this as "vicious," or "dangerous." Members, we are told, are on record before they were elected, strongly endorsing the recall. One said to have published statement that "he wanted it applied to him if he did not track the law."

Homer McDonald In Race To Be Elected City Commissioner

The Citizen is authorized to announce the candidacy of Homer S. McDonald for the office of city commissioner, in the general election to be held April 4. This gentleman is one of Cisco's most prominent young business men, possessing the mental qualifications to fill the position he seeks, and with the courage of his convictions to assist in administering city affairs in the interest of the entire citizenship. He has lived in Cisco since he was six years of age, and therefore a resident long enough to understand the needs of the city, as he is familiar with prevalent conditions that will enable him to know just what should and can be done. As he is well known to practically every voter in the city, we hardly think it is necessary to introduce him further, but let him tell what he stands for in the following announcement:

To the Citizens of Cisco:

At the solicitation of many of my friends, I hereby announce my candidacy for commissioner of this city, subject to city election of April 4th, 1933.

It is evident that the interests of this city demand certain reforms of administration. A reduction of city expenditures, further lowering of the taxable values of the property of our

citizens, and a combining of efforts and departments.

If elected to this office I am not seeking employment, but rather with a sincere desire to use my efforts to promote the interests of this city. Believing that Cisco has opportunities which will only be realized by a united effort of our citizens, it is my desire to serve with an administration equal to this demand.

I fully appreciate the fact that the problems confronting us at this time are many, and it will require sound judgment and a combined effort to overcome. I solicit your support and influence in my behalf to my advancement to the important office of this city, and if elected, I will further seek your counsel on our mutual problems. Sincerely,

H. S. McDONALD.

Excavation Federal Building Nearing a Finished Condition

J. H. Latson, Cisco contractor, who has the job of making the excavations for the basement and foundation of Cisco's federal building, has practically completed the job, and this finished, way will have been cleared for pouring concrete for the foundation. E. Albert Jenson, construction superintendent for the H. W. Underhill Construction Co., of Wichita, Kans., who have the contract, is superintending all the work as it progresses. He and Mrs. Jenson and little daughter are domiciled at the Laguna hotel.

The excavation will be 117 feet long and 78 feet wide, varying in depth of 12 to 8 feet.

Two Locomotives That Made Civil War History

The old wood-burning locomotive known as the "General" has long been on display at Chattanooga. The equally famous "Texas" is housed at Atlanta. In Civil war times some enterprising Union spies stole the "General" while it stood with steam up on a siding near Big Shanty, Ga. The Confederate engine crew were having breakfast at a tavern near at hand. By handcar and afoot they followed up the track until they found and commandeered the old freight engine. "Texas," and then the real chase started.

Box cars on fire were rolled down grade on the single track line by the fleeing federals. Heavy rains were falling, but they managed to set fire to a bridge at Chickamauga over which the "Texas" scooted just before it crashed. At last the Unionists set the "General" in reverse and sent it speeding southward while they took to the woods. The southerners reversed the "Texas" just in time to avoid a collision, and then managed to capture these enterprising spies.

Manna Found No Favor With Wanderer in Asia

Iraq is not all plain and marsh; there are forests in the north, which yield even the "divine" food of the Hebrews in the wilderness. For the first time, in Bagdad recently, I saw manna (sap of the European flowering ash), and I did not hanker for a fraction of an omer of it. A look, a taste—and the mercy of Jehovah!

It is exhibited in burlap, a blackish mass, hard and insipid. Even made into a candy, plentifully powdered with sugar and packed in wooden boxes, it is no more than acceptable: "Turkish delight" makes it bitter with envy.

When the Bedouin Arab tasted first the crude product and then the candy, he said: "My boot, if cooked with sugar, will be toothsome." He preferred pickled locusts.—Ameen Rihani in Asia.

Revised Motto

In the olden days imperial Spain inscribed on her coins a picture of the pillars of Hercules, which stood on either side of the straits of Gibraltar.

These mighty rocks marked the western boundary of the empire of Spain. Beyond these rolled the mighty, unexplored ocean. On the scroll over the picture of the pillars of Hercules they inscribed the words Ne Plus Ultra—nothing beyond. After Columbus, the man of mighty faith, discovered America, Spain struck out the negative, leaving the inscription, Plus Ultra, "more beyond." For every earnest soul there is always more beyond. Strike out the negative and make Plus Ultra your motto.—Montreal Family Herald.

The Firefly's Light

The light produced by the firefly is believed to be caused by the oxidation of gases in a series of air cells located on the abdomen of the insect and not, as originally believed, the result of the presence of phosphorus. There are many types, including the beetle in the United States, known as the lightning bug. In tropical countries, the insects are much larger and their light much more brilliant.

The glow worm of Europe is a species of lightning bug of which the female has no wings. Because of this, the female and the larvae, while still possessed of the mysterious power of light, are usually termed glow worms.

Truncheon Only Weapon

A wooden truncheon, or staff, made of cocus wood, 15 inches long, with a leather strap to secure it to the wrist, is the traditional weapon of the metropolitan police of London. Revolvers are kept only at the stations, to be issued in special cases where there is reason to believe that encounters with armed criminals are likely to occur. Mounted police have longer truncheons. The metropolitan police orders provide that truncheons are to be used only in extreme cases, and whenever used by a constable must be submitted to the station officer for subsequent inspection.

Toys Children Favor

A comprehensive survey leads to the conclusion that building blocks are the favorite toy for children up to the age of seven. Drawing and painting materials rank high. With little girls' dolls and housekeeping equipment are favorites. Sand and clay for modeling retain the interest of most children. Mechanical toys, on the other hand, are soon discarded. Adults usually enjoy the mechanical toys more than the children for whom they are purchased.

Three Commissioners Precincts Are Heavy in Debt, Audit Shows

Initiated by the two new commissioners, Arch Bint of Cisco, and H. V. Davenport of Ranger, the members of the commissioners court, on the organization of that body, requested Auditor W. S. Michael to prepare a statement setting forth the exact financial condition of each of the precincts of the county separately. Auditor Michael has completed his report, which has been furnished the court.

According to this statement the commissioners precincts 1, 3, and 4 will start this year under the burden of heavy debts, while precinct No. 2, with Bullford Gray as commissioner, does not owe anything.

The report as prepared by the county auditor, is given in full below:

Precinct No. 1, Due in 1933

Int. on time warrants	\$ 214.99
Time Warrants due Feb. 15	3,163.00
Interest due Sept. 15	30.00
Total time war. and int.	\$ 3,407.99
Old deficiency warrants	3,615.96
Deficiency warrants, 1932	9,085.47
Total deficiency warrants, interest not included	12,701.43
Claims held and now due	2,527.76
Total due in 1933	18,637.13
Due 1934—time warrants	1,000.00
Int. on time warrants	30.00
Total due in 1934	1,030.00
Total indebtedness	\$19,667.13

Precinct No. 3, Due in 1933

Time warrants due Mar. 15	\$ 1,000.00
Interest due March 15	45.00
Interest due Sept. 15	30.00
Total warrants and int.	1,075.00
Old deficiency warrants	1,382.40
Deficiency warrants 1932	5,714.90
Interest not included	7,097.30
Total due in 1933	\$ 8,172.30
Due 1934—time warrants	1,000.00
Interest due Mar. 15	30.00
Total due in 1934	1,030.00
Total indebtedness	\$ 9,202.30

Precinct No. 4, Due in 1933

Time warrants	\$ 2,000.00
Interest due Feb. 15	120.00
Interest due Aug. 15	60.00
Total warrants and int.	2,180.00
Deficiency warrants, 1932	3,352.56
Total due in 1932	\$ 5,532.56
Due in 1934—time warrants	2,000.00
Interest due Feb. 15	60.00
Total due in 1934	2,060.00
Total indebtedness	\$ 7,592.56

CISCO FOLK IDENTIFIED WITH WELFARE MOVEMENT

Mrs. Pettit and Rev. E. L. Miley were among those who identified themselves with the county child welfare group that was organized in Eastland Dec. 20. Walter Harwell, of Ranger, was made chairman; Mrs. Joseph M. Perkins of Eastland, vice chairman, and Rev. Miley, of Cisco, as secretary-treasurer. A membership committee, composed of Walter Harwell, Rev. Miley, Mrs. P. Pettit, of Cisco; Mrs. Howard, of Rising Star; Mrs. Joseph M. Perkins, of Eastland; Mrs. Saunders Gregg, of Ranger, and Mrs. Stubblefield, of Gorman was also appointed.

The object of the group is to look after and improve conditions of children, especially those laboring under social, parental or other handicaps.

ADMINISTRATOR'S NOTICE TO CREDITORS AND DEBTORS

To those indebted to or holding claims against the estate of J. E. Dunaway, deceased:

The undersigned having been appointed the administrator of the estate of J. E. Dunaway, deceased, late of Eastland County, Texas, by the Honorable Clyde Garrett, county judge of Eastland county, on the 9th day of January, 1933, during the regular term of said county court, hereby notifies all parties indebted to said estate to come forward and make settlement, and those having claims against said estate to present to him, within the time prescribed by law, at his residence, Midland, Midland county, Texas, where he receives his mail.

This 17th day of January, 1933
G. W. DUNAWAY
Administrator of the estate of J. E. Dunaway, deceased.
Jan. 27, Feb. 3, 10, 17

Do not permit your dairy herd to stay out during cold, rainy weather. Such practice will cost you extra feed and at the same time will reduce production.

BOBBY BURKETT, PAGE

For the second consecutive session of the legislature Bobby Burkett will serve as page. Last session he was named page, and served through that session. His re-appointment at this session is just another compliment to this manly little fellow. He is a son of Mr. and Mrs. Omar Burkett, of Cisco, his father being district oil and gas supervisor.

Present prices of hogs should encourage home killing and curing of sufficient meat to supply all home demands. Your county agent will furnish you any information you need on this subject.

Your future herd depends on your present bull. Use only production bred dairy bulls if you wish to increase the production of your future herd.

ABOLISH COUNTY STATE FUNCTIONS PETITIONS URGE

Petitions are now being circulated in Eastland county to abolish much of the waste in state and county administration. One of these is to the commissioners court the other to the legislature.

The commissioners are petitioned to abolish and discontinue certain expenses, which are not believed to be authorized by law, and include:

County auditor's department; payment of all deputies other than payments from salaries of their superiors; Elimination of stamps and other supplies; delinquent tax fees to anyone except county attorney; allowance for gasoline, etc.; purchase of law books except for necessary records; discontinuance of support to people able to work and closer scrutiny of all accounts; reductions of commissioners' salaries; elimination of display electric lights and advertisements, and abolish county and home demonstration agents.

To the legislature the petitions call for the following reforms:

Elimination of industrial accident board; banking commissioner; game department; state highway patrol; courts of appeal; one district court in Eastland county and adding five other counties to the court retained; elimination of county auditors; county treasurers, insurance, agricultural departments and county agents; district oil and gas supervisors; county superintendents by placing the duties of the office on the county judge; merging the offices of tax assessor and collector; elimination of fee system and fixing county officials' salaries; passing of enabling acts to make effective recent amendments to constitution; reduction of all salaries 25 percent; making it a felony for any officer to charge for stamps, gasoline, cars or other equipment not provided for in the constitution; elimination of all unnecessary boards and bureaus now supported by taxation; submission of amendments to reduce representation in the legislature fifty percent.

The petitions will be at convenient places, and if they appeal to you look them up and sign them. Some of the matters have been provided for in the amendments adopted in November. Others are the reforms most people have been clamoring for, so if you are sincere, sign one of these copies that they may be transmitted to the proper destination as soon as possible.

MR. AND MRS. HEIST VISIT THE VALLEY

Mr. and Mrs. M. D. Heist, of near Putman, have just returned from the Rio Grande valley, and while there were guests of Mr. and Mrs. W. R. Tomlinson, of Donna. Mrs. Heist was in Cisco Monday, and stated that they were most hospitably entertained at the Tomlinson home, where they have a splendid citrus orchard now producing. The Heists own some nice oil property in the shallow pool north of Putman, and also have holdings in the Winter Garden of Texas, which they visited on their trip. Their property is located at Caterina.

CISCO CAMP N. 500 W. O. W. INSTALL NEW OFFICERS

At the first regular meeting in Jan. of the Cisco Camp No. 500, Woodmen of the World, the following newly elected officers were installed to serve during 1933:

Consul Commander, L. A. Martin;

Well Known Cisco Woman Passed Away Tuesday Afternoon

The passing of Mrs. Josephine Elizabeth Kincaid Tuesday afternoon was no less a shock than a bereavement to the many friends of the family, which only became known generally early Wednesday morning, as few of our people were aware of her illness being of such a serious nature. Death was from a complication of maladies that had caused her health to be impaired for more than a year, although until quite recently she was able to drive into Cisco and attend to all business affairs.

In the passing of Mrs. Kincaid is removed from our midst one of the most widely known and oldest citizens of the Cisco community, in point of residence, as she came to this place about 43 years ago, where she has resided continuously ever since. She died at her country home, one and a half miles north of Cisco.

As Josephine Elizabeth Van Dusen she was born on Heads Prairie, in Robertson county, July 13, 1874, and would have reached her 59th year had she lived until her next birth anniversary.

She was thrice married, first to R. W. Kleiner, Sept. 1, 1889, to which union nine children were born; the five surviving are Charles J. Kleiner, John H. Kleiner, W. William Kleiner, Matthew Henry Kleiner, of Cisco, and Mrs. Ethel E. Atkinson, of Eastland. Her first husband died December 22, 1902.

She was married the second time to Joseph A. Woodward April 12, 1905, and by whom she was the mother of two children, both survive. These are J. A. and H. O. Woodward. Mr. Woodward died Oct. 8, 1908. The date of her marriage to Mr. Kincaid was not given to the Citizen. Other than her own children she is survived by nine grandchildren, one great grandchild, and one brother, M. W. Van Dusen, of Dallas.

She was a member of the First Methodist church of Cisco, where the funeral services were held Wednesday afternoon at 4 o'clock, conducted by Rev. W. B. Kramer, of the Twelfth Street church, and Rev. O. O. Odom, of the First church. Burial was in Oakwood cemetery immediately after the funeral services, under the direction of the Wippen Funeral Home. Pall bearers were selected from old friends of Mrs. Kincaid and the family, and were: Alex Spears, William Reagan, L. H. McCrea, F. D. Wright, W. H. Mayhew, W. Frank Walker, J. A. Bearman, of Cisco, and H. D. Gorhan, of Abilene, active.

T. J. Dean, J. H. Stamps, Joe Wilson, Howard D'Spain, Dr. W. P. Lee, Judge D. K. Scott, A. L. Mayhew, Arthur Grist, W. H. Kittrell, C. H. Fee, Alex J. Ward, Dr. F. E. Clark, J. E. Spencer, E. P. Crawford, M. D. Paschall, Sr., J. H. McDonald, H. S. Drumwright, W. W. Moore, B. W. Patterson, R. Lee Poe, W. J. Walker, F. E. Harrell, Connie Davis, Max Elser and L. A. Harrison, honorary.

EARL EDWARDS OPENS CAFE IN I.O.O.F. BLDG.

The Edwards Cafe, in the Odd Fellows building, opposite John H. Garner's, recently opened by Earl Edwards, is now in full swing, feeding the many friends and former patrons of Mr. Edwards, who established the Edwards cafe in the Hartman building about one year ago. This cafe was sold, and Edwards returned to Moran, from whence he originally came to Cisco, but his family remained here all the while. Now he is back with us.

The Edwards cafe is featuring 35 cent dinners and 25 cent plate lunches. He is soliciting your business in an ad in the Citizen this week.

If you have run down shallow production, and desire to better your condition in some manner with it, write full description of lease and equipment to Box W, Citizen, Cisco, Texas, and we might work out something of mutual interest.

Adviser Lieutenant, J. E. Bates; Banker, J. E. Proctor; Financial Secretary and Clerk, F. E. Shepard; Escort, E. L. Wisdom; Watchman, C. J. Stephens; Auditor, Lee Smith.
