

Fifth Amendment to Charter Presented for Commissioners Recall

An amendment to the city charter was proposed to the city commission Tuesday night, providing for the recall of the mayor and commissioners, when R. W. H. Kennon asked that the commission accept the amendment to be proposed to the electorate without the legal formality of securing the required signatures. The reason why the draft of the amendment was presented without signers was in conformity with the action of the commission at the called session recently in which the commission suggested that all proposed amendments be submitted at this meeting in order that all could be advertised at the same time.

Mr. Kennon stated this to the commission, and asked whether the body would waive the legal requirement, and if so the amendment would be considered submitted in its present form, otherwise it would be withdrawn and signatures sought.

Commissioner Clements stated that he had told some one if the recall amendment was ordered it would have to contain the required signatures, but personally he did not object to receiving it without the required signatures.

Commissioner Burnett said it was all the same to him, whether it contained the signatures or not.

Commissioner Henderson said he favored holding the amendment over till next meeting and considering it with others that might be offered, and if rejected ample time would be given to permit its circulation for signers before the amendments would be submitted to the voters.

Elliott Opposes Recall.

Commissioner Elliott said he was opposed to the recall as he believed it would result in confusion and turmoil, while if the commission was not hindered in its plans he thought the people would become reconciled, and realized the administration was really working in the interest of the city.

Mayor Berry inquired if any others had any amendments to offer, that all might be considered together. The members said they had heard of others, but none were presented.

Clements' motion that all amendments be held in abeyance till the next meeting carried.

The petition is now being circulated for signers.

The proposed amendment would amend section 9 of article 5, and is as follows:

Article 5 — Recall of Mayor and City Commissioners.

"Section 9. Recall of mayor or city commissioners procedure—election of successors. The mayor or commissioners of this city may be recalled and removed from office by the electors qualified to vote for a successor of such incumbent as herein provided. The procedure to remove such officers shall be as follows:

"A petition signed by the qualified voters entitled to vote for a successor to the officer sought to be removed, equal in number to at least twenty per centum of the entire number of persons entitled to vote in said city, as appears from the county tax collector's rolls for the year ending January 31, next preceding, demanding the recall of such officers shall be filed with the city secretary, provided that such petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers to each of such papers shall make oath before an officer competent to administer oaths that each signature

is that of the person whose name it purports to be. Within five days from the filing of such petition the city secretary shall examine the petition and from the list of qualified voters ascertain whether or not said petition is signed by the requisite number of qualified voters, and he shall attach to said petition a certificate showing the result of such examination. If, by the secretary's certificate, the petition is shown to be sufficient, it may be amended within ten days from the date of such certificate. The secretary shall, within ten days after such amendment is filed, in case one is filed with him, make like examination of said amended petition, and if his certificate shall show same to be insufficient, it shall be returned to the person filing same, without prejudice, however, to the filing of a new petition.

"If the petition be found sufficient the secretary shall submit the same to the city commission without delay, and the city commission, in the event the officer fails to resign, shall order and fix a date for holding the said election not less than thirty nor more than forty days from the date of the secretary's certificate to the commission that a sufficient petition is filed; provided, that, if an election is to be held within the city for any other purpose within sixty days from the date of said certificate, then said recall election shall be held on the same day. If the officer in question resigns, no election shall be necessary and the vacancy shall be filled by the commission as in other cases of vacancies.

"The city commission shall or cause to be made publication of notice and provided for holding such election, and the same shall be conducted, returned and the result thereof declared in all respects as other city elections. Any officer so elected shall hold office only during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself and, unless he requests otherwise, in writing, the secretary shall place his name on the official ballot without nomination. The names of other candidates for such position shall be placed on the official ballot by petition in the manner provided by law for a place on the ballot. At such an election the candidate receiving a majority of all votes cast for such office, according to the rules regulating the election of such officers shall be declared elected.

"At such election, if some other person than the incumbent receives a majority of all votes cast for such office, the incumbent shall thereupon be deemed removed from office upon the qualification of his successor. In case the party who receives a majority of all votes cast at said election shall fail to qualify within ten days after receiving notification of his election, the office shall then become vacant. If the incumbent receives a majority of all votes at such an election he shall continue in office and shall not be subject to any other recall for any grounds existing prior to said election.

"Section 10. District judge may order election. Should the commission fail or refuse to order an election as herein provided for the recall of such an officer when all the requirements for such election have been complied with by the petitioning citizens, in conformity with this charter, then it shall be the duty of any one of the district judges of Eastland county, Texas, upon proper application being made therefor, to order such election and to enforce the carrying into effect of the provisions of this charter."

Prize Winners of Dothan-Friendship Community Fair

Following are the prize winners in the Dothan-Friendship community fair, held last Monday, September 12:

Mrs. Arch Bint—Corn bread, cookies, painted quilt, first; peach preserves, second; peach jelly, first; plum jelly, second; pickled pepper, second.

Mildred Jones—Corn bread, second.

Mrs. E. M. Oney—Biscuit, chocolate pie, layer cake, catsup, onion pickles, peach preserves, strawberry preserves, canned blackberries, canned dewberries, peach sweet pickles, first and second; plum jelly, berry jelly, pickled peppers, first; grape juice, first; canned beans third; chunk pickles, second.

Mrs. Lucille Boshers—Biscuit, second; gold cake, quilt top, canned carrots, first; strawberry preserves, second.

Miss Pearle Donoway—Loaf cake, dried figs, fig preserves, first.

Mrs. Merle Sublett—Angel food cake, first.

Mrs. Addie Evans—Pieced quilt, first.

Mrs. L. M. Donoway—Pieced quilt, second; applique quilt top, first.

Mrs. Ruby Parmer—Pieced quilt, first; scarf, first and third; fancy pillow cases, first; peach sweet pickles, third; apple jelly, first; apple butter, second.

Mrs. W. L. Parmer—Quilt top, second; canned kraut, first.

Mrs. B. J. Camp—Quilt top, third; applique quilt, second; pillow, third; canned beans, second; canned grapes, canned okra, canned Irish potatoes, corn relish, tomato relish, first; canned corn, first and second; canned beef, canned sweet potatoes, first; canned dewberries, canned beets, third; canned cherries, first.

Mrs. Roy Farley—Pillow, first and second.

Mrs. Ina McCarver—Fancy pillow, first.

Mrs. Jack Reeves—Rug, first.

Ema Jane Hazlewood—Doll quilt, doll apron, first.

Yvonne Hazlewood—Doll dress, first.

Mrs. M. F. Choat—Hand made lace, first.

Mrs. Bob Key—Canned peas, canned gumbo, canned chicken, pepper relish, first.

Miss Beulah Harris—Canned beans, canned peaches, first; canned squash, canned plums, second.

Miss Estelle Bint—Canned tomatoes, first.

Mrs. C. H. Yeager—Canned tomatoes, canned peaches, second.

Miss Ida Hazlewood—Canned tomatoes, third.

Mrs. James Harris—Canned squash, canned beets, canned plums first.

Miss Loraine Donoway—Dried okra, dried apples, first.

Mrs. D. L. Donoway—Canned grapes, first; canned dewberries, second; strained honey, stuffed pepper, first.

Mrs. G. A. Swenson—Apple butter, first.

Mrs. Roy Ashburn—Canned beets, second; cucumber pickles, mixed pickles, chunk pickles, first; mixed pickles, second.

Mrs. Ina Richardson—Canned plums, third; canned apricots, first; canned peaches, third; tomato relish, second; chunk pickles, third.

Mrs. Travis Parmer—Cucumber pickles, second; pickled peppers, third.

Mrs. G. S. Swenson—Cucumber pickles, third.

Relics and Antiques

W. L. Parmer—Gun, 75 years old; chair, 70 years old.

Mrs. D. L. Donoway—China sugar bowl, 75 years old.

Field and Orchard

White corn—James Harris.

Surecropper corn—B. J. Camp, D. L. Donoway, W. L. Parmer.

Yellow Dent—B. J. Camp.

Popcorn—D. L. Donoway, B. J. Camp, D. L. Donoway.

"Taxpayers" Cites Statutes on Removal Public Officials

To the Editor of the Citizen:

At a meeting of the city commission on August 25th, I believe it was, a petition signed by 265 of our citizens, asking the commission to submit to the voters of the city the question of adoption of an amendment to the city charter reducing the compensation now being paid to the commissioners, and, although it was admitted that the petition had the requisite number of signers, the commission refused to then act on the petition, but postponed action thereon until the next meeting of the commission. The reason assigned for the postponement of action was, that the commission had in mind one or more amendments it purposed submitting to the voters. At this meeting one of the commissioners in lusty voice, declared that "I would like to see the color of the man's hair that can throw me out. I have done nothing that I am ashamed of."

The law under which the city is chartered gives the voters the right to petition for submission to the voters of an amendment to the charter; and when a petition signed by the requisite number of qualified voters, the law makes it the duty of the commission to submit the question of the proposed amendment to the voters of the city. When the commissioners were inducted into office they took an oath by which they swore that they would faithfully discharge the duties of their office according to the constitution and laws of the state. Did they faithfully discharge their duty when they failed to promptly act on the petition? It is quite clear that they did not.

Is it not passing strange that the commissioners did not think of their proposed amendments when they hatched out the three amendments which have been published in a local paper? This was mere camouflage—a smoke screen—used for the purpose of deceiving and hoodwinking the public; every one in Cisco knows the purpose the commission had in view, and knows quite well it was not for the welfare of the public, but for the purpose of serving their own selfish interest.

That man must be entirely destitute of all sense of shame who can recall and remember without

a blush of shame having deliberately ignored and trampled upon the legal rights of those who are feeding him and his family. Insofar as gratitude is concerned, our commissioners are evidently bankrupts.

Court Machinery Baldheaded

It may be true, as said by the commissioner above referred to, that he "would like to see the color of the man's hair who can throw him out;" he no doubt is fearless on this score; but there is an ancient adage to the effect that "where there is least fear there is frequently most danger." I seriously doubt whether he would like to see the judicial machinery grinding this kind of grist; yet it is within the range of human probability that such grist may find itself at the mill, Courts are hairless.

For the information of our city fathers I quote from our statutes relative to grounds for removal from office. CIVIL STATUTES:

"Art. 5972. INCOMPETENCY. By incompetency as used herein is meant gross ignorance of official duties or gross carelessness in the discharge of their duties."

Art. 5973, OFFICIAL MISCONDUCT. By "official misconduct" as used herein with reference to county officers, is meant any unlawful behavior, wilful in its character, of any officer intrusted in any manner with the administration of justice, or the execution of the laws, and includes a wilful or corrupt failure, refusal or neglect of any officer to perform any duty enjoined upon him by law."

"Art. 5974. The two, preceding articles shall apply also to mayors and aldermen."

Article 95 of the Penal Code is as follows:

"If any officer of a county, city or town, or any person employed by such officer, shall fraudulently take, misapply, or convert to his own use, any money, property or other thing of value belonging to such county, city or town, that may have come into his custody or possession by virtue of his office or employment, or shall secrete the same with intent to take, misapply or convert to his own use, or shall pay or deliver the same to any person knowing he is not entitled to receive it. "Shall be confined in

(Continued on Page Two)

CITY COMMISSION WILL FORCE COLLECTION OF WATER RENTALS

After disposing of the charter amendments by postponing all action till the next meeting, the city commission last Tuesday night gave consideration to other matters. Before doing so, however, the commission received the report of Dr. W. P. Lee, city health officer, who stated that the general health of the community was excellent. He reported six births and three deaths during August. One case of diptheria, with one home quarantined, but the patient being past the danger stage the quarantine had been lifted.

Dr. Lee reported that toxoid was still being administered, but with the completion of the present treatment about six hundred children will have been immunized against diptheria.

All health hazards have been abated by the hearty cooperation of the citizens, Dr. Lee said, wherever called to their attention.

The fruit and vegetable ordinance was held in abeyance for the time being, by the action of the commission.

All of the commissioners were present at the opening hour with the exception of Commissioner Elliott, who was a few minutes tardy. When he arrived one of the members facetiously inquired if "he had been attending a dark lantern meeting?"

Craddock Controversy

City Attorney Grantham read a

letter from Judge B. W. Patterson regarding the litigation pending with W. H. Craddock in which the land on the Twin Lakes are located is involved, in which Patterson inquired if the commission would be willing to have an agreed judgment entered in the case, giving title to Craddock after the new settling basin is built. The settling basins are located on this property. No time limit was set by Judge Patterson.

Clements suggested that the city go into court and ascertain who owns the property unless Craddock would give the city the use of the land for an indefinite time, or until the new settling basin could be built.

Elliott stated that he was not in favor of any lawsuit that could be avoided.

Burnett stated that he would not be in favor of any judgment except one entered on the order of the court. That he was not in favor of agreeing to any judgment to give the city's property away.

The city attorney was instructed to confer with the plaintiff's attorney and attempt to reach an agreement whereby the city might use the old settling basins for an indefinite period, or until the new basins could be built at Lake Cisco, and if no agreement could be reached that the matter would have to be adjudicated in the court. J. C. King, Katy agent, requested

Rabbit Show Will Feature Eastland County Farm Fair

The forthcoming county fair for Eastland county, to be held at Eastland Sept. 21 to 24, promises to excel all previous county exhibitions, which will feature all manner of farm products, art and needle work, curios, etc. Exhibits are now being gathered which, despite the recent heavy rains, promise to be of a superior quality.

One of the most interesting features of the County Fair this year will be the Rabbit Show, sponsored by the Eastland County Rabbit club. A nice list of cash prizes has been arranged, and in addition there are nearly 60 special prizes, in merchandise, offered by the business men of Cisco, Eastland and Ranger. These were solicited by John A. Garrett, Cisco's rabbit and pigeon fancier.

The Rabbit Breeders' association has arranged a prize list with rules, regulations and terms of entry, a copy of which may be secured by applying to H. L. Owen, president, Eastland, or to any of the officers of the association.

The cash awards will be from \$1 to \$3.50, and will be in first, second and third prizes for each class, and in addition there will be a \$2 prize for champion buck and champion doe. These prizes will be supplemented by the special prizes offered by business men.

Special Prizes

Following is a list of the special prizes and the names of contributors:

Exhibit from greatest distance, Miller-Lauderdale, Cisco, shirt; Boston Store, Cisco, pair silk hose.

Largest exhibit: Bankhead Feed Mill, Cisco, 100 pounds Rabbit Ration.

Best Display: Gulf Service Station, Eastland, 5 gallons gas; J. C. Penney Co., Eastland, pair overalls.

Champion buck, all breeds: Corner Drug Co., Eastland, kodak.

Champion doe, all breeds: Beatty Drug Co., Eastland, \$1.50 bill-fold.

First senior N. Z. white buck: A. J. Ratliff Feed Co., Ranger, rabbit mugg.

First senior N. Z. white doe: Oil City Pharmacy, Ranger, electric clock.

First 6 to 8 N. Z. white buck: Norvell-Miller, Cisco, 50 pounds of rabbit food.

First 6 to 8 N. Z. white doe: M-System, Ranger, 50 pounds flour.

First junior N. Z. white buck: Eastland Furniture Co., wall picture.

First junior N. Z. white doe: Mickle Hdw. Co., Eastland, 4 water and 4 food crocks.

Second senior N. Z. white buck: United Dry Goods Co., Eastland, pair overalls.

Second senior N. Z. white doe: Economy Store, Eastland, pair ladies' silk hose.

Second 6 to 8 N. Z. white buck: Leach store, Cisco, 2 food crocks; Perry Bros., Cisco, 2 food crocks; McDonald Hdw. Co., 2 water crocks.

Second 6 to 8 N. Z. white doe: Crigler Pashchall, Cisco, 5 spools salt; R. H. Boon, Cisco, 5 spools salt.

Second junior N. Z. white buck: Wolf's, Eastland, half gal. paint.

Second junior N. Z. white doe: The Men's Shop, Eastland, shirt.

Third senior N. Z. white buck: Eastland Chronicle, 25 hutch cards.

Third senior N. Z. white doe: Pickering Lumber Co., Ranger, pint paint.

Third 6 to 8 N. Z. white buck: Love Barber shop, Ranger, haircut.

Third 6 to 8 N. Z. white doe: Mills Bros., Ranger, can Todzy & Shaker.

Third junior N. Z. white buck:

BIBLE THOUGHT FOR TODAY

If thou shalt do this thing, and God command thee, then thou shalt be able to endure, and all this people shall go to their place in peace.—Ex. 18:23.

O Love divine, thou art with us,
And we, thy children, bless,
Each other, and by healing show
Reflected loveliness.

—Eleanor T. Norton in S. C. Sentinel

"What sweet enjoyment it is to be able to shed a little happiness around us! What an easy and agreeable task is that of trying to render others happiness."

NOT IN THE GOVERNOR'S CALL

The Texas house of representatives turned down a proposition for a moratorium on debts by sustaining a point of order, as it was not submitted in the call of Governor Sterling. What has that to do with it? Didn't the legislature lose a week in scrapping over probing the election? 'Twasn't in the governor's call. Neither was the limiting of county and district officials' salary, but the house voted down a proposition to limit such salaries from \$12,500 to \$6,000 per annum.

HULING'S PLAN TO BREAK THE DEPRESSION

A Fort Worth man, H. C. Hulings, has advanced a plan, if adopted by the federal government, he says, will give the country a mild dose of inflation that would not only break the depression, but wouldn't cost the government a red cent, other than printing the bonds. This plan was first published in the Fort Worth Press and later advocated by Liberty magazine as a means of paying the soldiers' bonus. But Hulings, it seems, did not suggest that the veterans be the vehicle to start this machinery going, but to be in general use. However, should this or a similar plan be adopted for paying the bonus, even an Andrew Mellon could not claim it would discredit our currency. Hulings says:

"There are in this country, according to various estimates, 4,000,000 families in dire need; 1,000,000 homes in process of being broken up thru foreclosure—an almost demoralizing situation.

"Uncle Sam should find a way to give each of these families help to the extent of \$1,000. And here is the way I would have Uncle Sam do it:

"Pick out these families and give them, thru a local agency, 10 bonds of \$100 each. And now—for example, John Jones owes his grocer \$75 and he wants to use one of these bonds to pay. Jones goes to the post-office, buys a \$1 stamp provided for the purpose, attaches it to the bond, gives it to the grocer and receives \$25 in change. There's the start.

"The grocer, in turn, owes the wholesaler. He, too, buys a \$1 stamp, attaches it, and passes the bond along with proper discount. And so on down the line, until the bond has changed hands 99 times, with each user attaching a stamp which bears his name and address. Then the 99th man turns it to the government, and receives \$100 in cash.

"A number of people have been benefitted, the government has received \$100 from the sale of stamps and has had the use of the money during the life of the bond, which should be five or six months.

"The bond bears no interest, and so it can't be hoarded. It is to the interest of the user to pass it."

Commenting on the Hulings plan, the Fort Worth Press says:

Hulings points out that no one is out anything except the person accepting the bond and he is out only the purchase of the \$1 stamp, which could be considered as applying to discount.

Hulings sees many ramifications to the plan. It would, he says, create jobs, expand credit, put money into circulation, and help pay off the soldiers' bonus. This latter phase is the one being stressed by Liberty magazine.

The government could use the bonds to buy land, a team of horses, a cow, and chickens for the destitute soldier and his family—or he could be paid off with the bond itself—and either way the nation would benefit from a period of inflation.

More than that, Hulings believes, the plan could be put in use by a state or county—or even a city—if a city, state or county could be found willing to try the experiment.

Hulings has offered his plan for what it is worth. His motives are purely patriotic, untouched by any thought of selfish interests.

But what will Uncle Sam do about it?

Hulings doesn't know. He only hopes that city and state organizations will force it to the government's attention—or that other magazines will see fit to follow Liberty's lead. So far, he says, he has found no flaw in the plan. Maybe you can find one.

How is your wood pile? Winter is just around the corner. If the Community Natural hijackers put on their threatened gas rate you may get a bit cold this winter. You won't be able to pay that \$5.15 before you can enjoy the beneficence of their 50 cent rate promised under their sliding scale.

A TAXPAYERS' TAMMANY CLUB

Last April the local taxpayers organization of Cisco won what they thought was a great victory, when they captured control of the city council in the municipal election. Now, all is not going very well between the city officials and their constituents. The taxpayers organization is reported to have been virtually taken over by those whom the membership elected to office, and they are attempting to convert it into a strictly political club, making it a sort of local Tammany Hall institution.

If these ambitious amateur politicians are successful in putting their plans over they will achieve the most fruitless and useless victory imaginable, for after they shall adopt their constitution and by-laws, which it is said will bar all newspaper men from membership in the organization and forbid affiliation with the county and state taxpayers' association, they will find only themselves left facing a lot of empty chairs, as the real taxpayers will quietly withdraw from the taxeaters club and proceed to form their own organization, in which no person holding public office will be permitted even honorary membership, which is what ought to have been done in the first place.—Taxpayers Voice.

The league had previously passed such a rule, making those who have been elected to office only honorary members, but it seems that the Tammany bunch has ignored that provision in the rules of the league, and have organized an inner circle that has, on one occasion at least, dominated the meetings.

But should the official bunch prevail in their apparent desire to control the league, the result will be as the Voice predicts—they will have empty chairs for their constituents.

Exhibitor of the largest number of rabbits who has not won another prize: Texaco Jones, Eastland, 5 gallons gasoline.

"Taxpayer" Cites the Statutes on Removal of Public Officials

CONTINUED FROM PAGE ONE

the penitentiary not less than two nor more than ten years."

All penalties accrued on delinquent taxes belong to the city. The waterworks and the water in our lakes belong to the city, and we are being taxed to pay for them, as well as to pay the salary of one of our commissioners, and of those who are operating the waterworks and for electric current to pump the water. And all the fish in our lakes belong to the city; and the commission has fixed the price of fishing permits at 25c per day and \$2.00 per annum.

Tax Penalties City Property

Neither the city commission as a whole nor any member thereof has the legal right to donate or give away penalties on delinquent taxes, water and fishing permits. Last year the city commission made a donation of penalties which accrued on delinquent taxes to the amount of several hundred dollars, and has signified its intention to the donation again this year, but to a different party. It is current rumor on the streets that the commission, or some one or more of the commissioners have been, and still are, donating water to a number of persons; that fishing permits are being distributed among the favored many, without money and without price; and that, at a recent banquet or entertainment given by the city commission to the employees of the city, a large quantity of ice cream was purchased, charged to and paid for by the city.

I do not state it to be a fact that water is being donated, that fishing permits are being given away or that ice-cream provided for a party was paid with funds of the city, but such is current rumor on the streets. An investigation by the grand jury will develop the truth or falsity of these rumors. I pay my taxes, have never been delinquent; I pay for all the water I use and I paid \$2.00 for my this year's fishing permit, and these donations and discriminations are not just my idea of faithfully discharging the duties of office, and, besides being illegal, are wholly unjust to those of us who pay for what they get.

Charity is all right, and generosity is entirely commendable, provided that in exercising these noble principles one uses his own money and property. But even a public officer should be just before he is generous. I do not know of any rule of law that makes an exception of officers. All of us know that it is quite easy and painless to be generous with other peoples' money and property, but it is not commendable, and, besides, it is more or less dangerous.

Skating on Thin Ice

As I stated above, I do not say

Manhattan Cafe

(Opposite Daniels Hotel)

OPEN DAY and NIGHT

FIRST CLASS MEALS AND SERVICE AT DEPRESSION PRICES

Postal Telegraph Office in Building

that it is a fact that the city commission has been donating water, distributing free fishing permits, or that it paid for picnic ice cream with city funds, but that such is the current rumor on the streets. However, if it be true that the commission, or any member or members thereof, have been donating and giving away funds or property of the city, or paying for ice cream with city funds, I say if this, in fact, be true, then it seems to me that some one is skating on very thin ice. A casual reading of the Article of the Penal Code copied above will show that it is a criminal offense to give to any person not entitled to receive them, money or property belonging to the city. And then, too, those members of the city commission who are not execution proof—who own property subject to execution—will probably be required by the succeeding administration to account for all property and funds misappropriated, and to make good the loss, if any sustained, by the city. For the law not only makes it a penal offense to donate or give away the city's property and funds in the exercise of charity and generosity but will hold them liable for any financial loss from such misappropriation, for misappropriation is nothing less than conversion. It occurs to me that our city fathers should watch their steps, for unless they do some one may find himself in trouble. Our people are patient and long suffering, as the past year demonstrates; but it is said that "a worm will turn when stepped upon," and a baldheaded, hairless man might start the ball rolling, if he should grow impatient over the arbitrary action of the commission in refusing to grant the people what they have a legal right to demand; and if the ball should start to roll it would require prophetic vision to tell when and where it would stop.

State Convention of Taxpayers Meet at Waco Tomorrow

DALLAS, Sept. 16—Great interest is being shown in the State Taxpayers Association of Texas all state meeting to be held at Waco, Hilton Hotel, Saturday the 17th. Geo. B. Latham, secretary, stated reports indicate that all county taxpayers associations will be represented by large delegations and that this will be the most important meeting the association has held since it was organized nine months ago.

The meeting will be opened at 10 o'clock, by Pres. D. M. Jones, Saturday morning. Plans will be presented by J. T. Newsom, state organizer and chairman of the steering committee for a five year program for the work of the association for economy in city, county and state offices, and for the reduction of taxes. More than 200 business men and the largest taxpayers in the state have been invited to meet with the steering committee at 4:00 o'clock P. M., today at Waco, Hilton Hotel, to advise and assist in planning the five year program. Committees will be appointed to formulate and plan for bills to be presented to the next state legislature at Austin for merging

of bureaus and departments, reduction of salaries and economy in all county and state offices.

Reports will be made from each county association as to the nominees of the state legislature and nominees of the county commissioner's courts as to their friendliness and co-operation with the State Taxpayer's program.

The association through its work has saved more than \$25,000,000 (twenty-five million dollars) by lowering rendition values, reducing tax rates, placing on tax rolls properties heretofore escaping taxation, cancelling unsold bonds, defeating proposed bond issues and emergency warrants, and cutting expenses through commissioners courts.

The taxpayers and citizenship throughout the state today are invited to be present at both meetings—the steering committee today, 4:00 o'clock P. M., and the state meeting Saturday 17, at 10:00 o'clock A. M., at the Hilton Hotel, Waco.

R. R. COMMISSION TO GET DATA ON GAS CO.

AUSTIN, Sept.—The Texas railroad commission has decided to send its engineers to obtain evaluation data affecting properties of the Community Natural Gas company to determine fairness of rates it proposes to charge in approximately 90 small towns served by it.

The commission concluded a hearing of testimony before it in an effort to arrive at a conclusion as to reasonable rates the company had put into effect in unincorporated towns and places of 500 population or less.

Chester L. May of Dallas, vice president of the company, said one cause for the loss of money in towns complaining the new rates are excessive was that in many of them there is no water pressure, thus preventing the company from selling water heaters which would help build up the load.

We Must Cease to Finance Our Own Undoing—Hunter

Before leaving Wichita Falls to attend the state convention Tom F. Hunter, who ran a close third in the governor's race, gave out a statement of what the Democratic platform should contain, and what laws should be enacted to safeguard the interest of the people. It will be noticed that he has consistently avoided the trap that caught and dammed Clint Small. In refusing to be ensnared in entangling alliances he has shown that sagacity that has stamped him as a leader, one in which everybody has perfect confidence. Despite the fact that he was eliminated in the July primaries, he is without question, the most popular Democrat in Texas today.

Stating his position on matters vital to the people Mr. Hunter said in a pre-convention interview:

"At Lubbock I will concern myself only in a constructive program for the relief of the plain people. Fundamentals not prejudice, should be our objective. Our passions should not control us in times of distress, contentment of our people being of so much greater importance than our whims. We must be aware that the organized predatory interest have in the past spent more than \$1,000,000 a month thru one advertising agency, schooling the 99 per cent that own less than 40 per cent of our wealth into a designed line of thought that they might make our government a business of profit while we, divided upon prejudices, called it politics. We must cease to finance our own undoing.

"May I plead for the united brain effort of the convention for a full, constructive program for the next two years? I suggest the following as a part of that thought:

Land Values Destroyed
"This Democratic convention realizes that real estate, our basic wealth, can no longer carry the tax burdens put upon it.

"That excessive taxation has destroyed both the loan and sale value of our real property.
"That our social progress depends largely upon home ownership and to foster home ownership at least two-thirds of our present tax burdens must be removed from our farm and city homes—in fact, from all real estate.

"That some two-thirds of our

state's wealth escapes or pays but little tax.

"That our ox-cart tax system is antiquated and must be supplanted by a blended system that will require all who live in Texas or who do business in Texas to pay in proportion to their ability to pay.

"Taxes must not only be reallocated but a retrenchment in expenses must be had for tax reduction. Texas must get her expense account within her means.

"That the state ad valorem tax must be abolished. The blended system adopted must be designed to reach all industries proportionately, all values tangible or intangible.

"That our tax system must treat Texas as one unit for state tax purposes and not 254 units. The beneficiaries of our state governmental conveniences and protection must pay proportionately for that which they receive.

Destroy Monopolies

"Combines of wealth that never die must be required to pay a graduated tax that individuals of only some 30 years' business life have equal opportunity with them. Mergers should not be encouraged. Monopolies must be destroyed.

"Earnings of utility companies must be restricted to a fair return on their present replacement values. Their water stock claims must be disproved. They must treat the plain people as fairly.

"Methods for raising revenue for

city and county governments other than the ad valorem tax must be provided.

"It must be a penal offense for one holding state office of emolument to take pay or compensation from a corporation.

"A graduated tax must be placed upon chain stores, fixed on the number of stores and upon gross sales. Care must be used that holding companies of the East can not evade this tax. Independent business must be preserved that our people be not reduced to the ranks of masters and servants.

"Many of our commissions, bureaus and departments of government must be abolished. Some may be consolidated. Duplications in office shall be eliminated. Our governmental family should be a working body and not a political machine."

200 FORT WORTH FOLK SAID JOIN PHONE FIGHT

The Fort Worth Press today said: Two hundred telephone subscribers in Riverside have volunteered to have service discontinued unless lower rates are given, Henry G. Wills, attorney, said today. Wills is chairman of a special in-

vestigating committee from the Riverside Civic League, appointed to lead the fight for reduced phone rates.

The committee will call on N. H. Moore, telephone company manager, next week and present the league's demand for cheaper service.

"When we get 5000 people in Fort Worth to take out their phones, you can expect some action," declared Wills.

H. O. Westerfeldt and R. C. McCann spent Monday in Fort Worth.

Can You Afford to Do Without Electric Range Superiorities?

The amazing superiorities of modern Electric Cookery are many and varied! . . . And they are so important, to your health and to efficient home-management, that Electric Cookery deserves your serious consideration . . . AT ONCE!

Modern Electric Cookery means more healthful meals—for all the vitamins and food elements are cooked in . . . not boiled away as in old-fashioned methods. Food flavors are sealed in, too—making meals far more tasty and appetizing.

With an Electric Range, food-shrinkage is reduced by more than 20 per cent! . . . And less expensive cuts of meat can be used, with remarkable results, due to the superior cooking method! These advantages mean large cash savings each month!

—And Electric Cookery brings happy leisure hours, the automatic controls do all the cooking . . . you merely prepare your meals and entrust their finished perfection to the scientific accuracy of this remarkable Electrical Servant!

You'll also appreciate the coolness and cleanliness of modern Electric Cookery. The heat is confined to its job of cooking, so there's no surplus to make your kitchen unbearably hot . . . and with clean electric heat there are no blackened pots and pans to scour or sooty walls and curtains to clean.

From the standpoints of Health, Convenience, Leisure, Economy, Coolness and Cleanliness . . . can you afford to do without Electric Range Superiorities?

. . . The Answer Is "NO" !!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know there are many cases where electric cookery actually decreases the total of electrical and gas bills.

Merchants to Stage Free Rodeo to Farm Friends of County

Cisco will be host tomorrow to its country friends and patrons when all out of town folk will be given a free rodeo in appreciation of the patronage extended Cisco merchants and business men. All persons living in the Cisco trade territory may secure tickets absolutely free by applying to any of the merchants, as practically every business house has secured tickets to be given to their country friends and customers.

No, there is no catch in this one. The business folk of the town are staging this rodeo absolutely free to their patrons, and you will not be required to spend a thin dime to get a ticket for yourself and family. Just go to your merchant friend and tell him you are ready to take in the rodeo, and he will promptly give you the necessary admission ticket that will entitle you to see all that's going on.

Rodeo Just A Beginning

P. L. Ullom is chairman of the arrangements committee that is responsible for the show, and has everything arranged to give you all the thrills you anticipate.

This rodeo is the entering of the thin edge of the program Cisco folk expect to put on to convince those living in this territory that we are your friends, and are more than willing to do all things necessary to show their appreciation for your friendship and patronage. The Citizen is aware that much is yet to be done to convince our country friends that Cisco merchants are their friends, but the Citizen is convinced that every business man has resolved to show their appreciation in a more material way hereafter.

This rodeo is but a social feature—just a bit of refreshments as an appetizer for the more substantial

CITY COMMISSION WILL FORCE COLLECTION OF WATER RENTALS

(Continued from Page One)

ter was referred back to the board for an adjustment.

Must Collect Water Rentals

J. B. Ely made a statement that he was indebted to the water department in the sum of \$42, but was unable to pay. "A previous administration had laid a pipe line through his nursery," he said, by which he was damaged more than the amount due the city, but wanted to settle the account, if possible, by the city allowing him what damage it thought equitable, or he would sell the city nursery stock to beautify city property. The commission voted to have Ely file his bill for damages and the matter be adjusted by allowing him credit on his water account.

Henderson read a communication from the city employes offering to donate one day's pay each month to emergency charity, if approved by the commission, with Mayor

feast that their trade extension scheme contemplates.

Better Market Aim

The Citizen realizes that Cisco merchants have not provided an ample market for your produce in the past, but they have come to a realization of their short-comings and propose to make amends. Plans are already on foot to create a market for the farm products that should be sold in Cisco. If all works out as contemplated Cisco will pay top prices for everything the farmer produces even before the present season is over. These plans call for Cisco being the top cotton market in the Oil Belt, the best place to sell every farm product, and in capacity volume. So, come in Saturday, meet your friends, take the wife and kids to the rodeo show, then, after you have enjoyed the sport, if you are

Berry as custodian of the funds. At this juncture Elliott reported there was about \$175 still in the welfare fund.

During the washout on the Texas & Pacific, Henderson said, the town was filled with tramps who congregated here, all hungry enough to rob a bank or cut a throat, but by feeding them he believed he had averted a series of lawlessness of an undetermined seriousness at a cost of a little more than \$3.75.

The water commissioner was instructed to either collect water bills or take out the meters and cut the water off. Some, it was reported, were in arrears of \$200 or more, and it was not treating the prompt payers right to allow these bills to accumulate. The Cisco Country club was one of the large delinquents, the commissioner reported. Those who can't pay in the coin of the realm, the commissioners stated, would be given work.

in need of merchandise drop in on your merchant and place your order.

The Cisco Citizen extends a cordial welcome to all of its friends and subscribers to make this office headquarters while here tomorrow.

VICTORIOUS DELEGATES RETURN FROM LUBBOCK

Cisco's delegation has returned from Lubbock, where they attended the state Democratic convention, wearing their laurels of victory after seeing Mrs. Ferguson declared the nominee for governor.

The returning delegates report that our ftorial representative-elect, Cecil A. Lotief, was given an ovation after his address to the convention. Some said it was second only to the silver-tongued C. C. McDonald.

The delegates included (all Ferguson supporters) Will St. John, J. M. Williamson, L. B. Campbell, Omar Burkett, J. T. Denton, Coe McLeRoy, Walter Miller, W. J. Armstrong, Judge J. D. Barker, Dr. R. C. Bowen and C. R. West.

VISITORS ARE AMAZED AT WONDERS OF LAKE CISCO

Mrs. Mabel Hail, accompanied by her son, Erwin Hail and a young lady friend, were dinner guests of Mrs. W. H. Kittrell last Sunday, while enroute to San Angelo.

In the afternoon Mrs. Kittrell and Miss Lucy induced them to visit Lake Cisco, which, when once seen, proved most amazing to these visitors. Mrs. Hail stated she was most agreeably surprised at what she saw, as she never dreamed that Cisco had such a wonderful resort. "If the rest of the state knew what you have here Cisco would be the most popular resort in Texas," Mrs. Hail told her hostesses.

The visitors were old friends and relatives of Mrs. Kittrell while all lived in Huntsville, as Mrs. Hail was reared by Mrs. Kittrell. Mr. Erwin Hail is a radio celebrity, whose voice has been heard by many local radio fans.

RANGER FLOUR MILL NOW RUNNING ON FULL TIME

And we are going to keep running this time, with the same miller and the same good flour. We will exchange flour for wheat, barley, oats, ear corn, shelled corn, maize heads, or threshed heads. Can use a little bright peanut hay. Also do feed grinding, and grind the best corn meal in the county.

Remember we have the best equipped small mill in the country, and as good a miller as any big mill. So bring us your grain and take home your flour, or store it with us and get it as you need it.

FOR SALE OR TRADE—Complete farm outfit consisting of horses, harness, wagon, planter and all necessary implements to commence farming. Will trade for other property of equal value. Prefer good truck. HAYDEN COOPER, Cisco.

MISSION FESTIVAL WAS OBSERVED HERE SUNDAY

The congregation of Grace Lutheran church, Cisco, observed the annual Mission Festival here last Sunday. The services were held at the city hall auditorium, as the local church was too small to accommodate the throng expected.

At these annual events usually there are representatives from Albany and Abilene, which, when augmented by the local congregations and others, required a commodious auditorium to seat the congregation. However, the audience was not as large as anticipated, Abilene not being represented. But despite the absence of Abilene representatives, the auditorium was comfortably filled with members of the Albany and Cisco churches.

Christ Church, in the German community of which Rev. E. Speyer is pastor, will observe the Mission Festival at that church Sunday, September 25, so the Cisco Citizen is informed.

MR. AND MRS. O. P. WEISER RETURN TO THEIR HOME

The Citizen is glad to announce that Mr. and Mrs. O. P. Weiser have returned to their splendid farm home, a few miles south of Cisco. Mr. Weiser and his estimable wife, are two of our most valued friends, as well as splendid citizens, and their numerous friends will be glad to know that they are again with us, and this time for keeps. We loaned this couple to Del Rio for a short while, as we never anticipated their loss entirely, and their return is just like a come-back from an extended visit. The Weisers own a valuable farm out in the German community, and their home has been famous in times past for the generous hospitality of this estimable couple.
