GOVERNOR STEVENSON'S PROCLAMATION URG S RETURN OF DEPOSIT

BOTTLES. In the proclamation, just issued by Governor Stevenson, Texans are urged, during

the month of August, to conserve the existing supply of returnable deposit bottles by returning

them promptly to the dealers. Governor Stevenson's proclamation points out that the general

public, by returning idle milk, carbonated beverage, and beer bottles, which can be sterilized for

civilian re-use, will permit the glass industry to re-use even more of its facilities for the manufac-

ture of glass containers for food, and other items, required by the armed forces at home and

abroad. Mrs. Margaret McDuffie, the Governor's personal secretary, was photographed with him

at the time the proclamation was signed.

ASSESSOR -- COLLECTOR

EQUALIZATION BOARD.

Since the cream of our youth has marched off to war, things at home are hardly the same. Boys, overseas and stationed in the Continental United States, we miss you. Just as a souvenir, will you please sign your name and address on this ad and mail it back to us. We're collecting these for souvenirs and will display them to your friends back home. If it isn't possible to mail this, just stick it in your pocket and bring it back to us "some sweet day". A treat awaits you, if you'll do this.

In the meantime we send best wishes to you and all other boys from the Cross Plains area, who are fighting our country's war.

Write Name, Rank, Address, on lines Below Please

Wilson's Cafe

A Cash Reserve

It is always desirable to have a cash reserve in the bank. It will be even more desirable during the months and years ahead. Higher taxes are certain for everyone, including many who have never paid direct taxes before. There will also be other demands on family and individual incomes.

Many are in better position to fortify themselves against future demands for cash at this season than at any other time. On the farm, crops and livestock are moving to market at better prices. Others have increased income. Now is the time to increase your reserve-or to start one. This suggestion is passed on to depositors and friends with the sole thought of being helpful.

A little forethought may save much inconvenience. We especially invite the reserve accounts of new friends those whom it has not been our pleasure to serve before.

Citizens State Bank CROSS PLAINS, TEXAS

fingers flip the switch, the lights will blaze-instantly!

The fact that we do take electricity for granted is a tribute to the men and women who supply it.

They've made it dependable—and they've made it cheap. Today the average West Texas family gets twice or three times as much electricity for its money as just fifteen years ago. We're sorry, soldier, we can't do much about sending you

electricity over there. But our power is helping train more men helping build the weapons of war with which you will win This we are doing the American way . . . under business management and free enterprise. We're in the war, as you are, fighting to dispel the darkness of state slavery-the Nazified system

of centralized bureaucratic socialism that threatens all free DON'T WASTE ELECTRICITY JUST BECAUSE IT'S CHEAP—and isn't rationed! Don't waste anything. Get thrifty again! Insist that the money you pay in taxes not be wasted on unnecessary bureaucratic agencies.
