## One Vacancy Is Left In Local School Faculty FOR 3RD WAR LOAN ON SEPTEMBER 9TH

Is Largest War Time Quota Ever Assigned Callahan County In Any Conflict

Faced with the greatest war time quota ever assigned them, Callahan countians are buckling their belts in preparation for a "last ditch fight" to raise \$342, 100,00 in the third war loan drive beginning September ninth.

Feeling was general over the county yesterday that there had possibly been some mistake in setting up so large a quota for this county in view of the fact that ond war loan drive was \$187,00.00, whereas the object for the forthpared with thirteen billion in the last campaign. Callahan county's current quota is approximately 95 percent greater as compared with a call over the nation for only about 13 percent more funds than the drive last spring.

"The task is really a Herculian one, however, there is nothing for everything we have and raise the money as is expected of us", said County Judge B. H. Freeland, chairman of the drive for this coun-

SMITH'S DRUG STORE

# Thank You..

FRIENDS OF THE CROSS PLAINS TRADE TERRITORY

It is not every time you come into our store that we can take care of your requirements. Many, many items that this store ordinarily carried in its shelves are now being used by the armed forces and cannot be had, at any price. We do not complain about that, but we are trying as best we can to keep our stock complete insofar as possible and at the same time not interfere with the war program.

But we do appreciate our patrons and friends. This store is trying to show its gratitude by giving courteous and prompt attention to all calls. The war will be over some day-and when that time comes we want the customers of this store to be able to say that THE CITY DRUG was just as solicitious during the busy days of war as at any other time.

This is our sincere attitude and we emphasize that we will maintain service and attention at all timesregardless of what the problems may be, at least insofar as it is humanly possible to do so.

# WARNING!

The city council has received numerous complaints and objections to the manner in which cow pens, chicken yards and like premesis within the corporate limits of the city are maintained.

It is the desire of the council to cause no one embarrassment or impose upon them any undue hardship, however, the complainers are within their statutory rights in demanding that objectionable odors and unsanitary conditions in general be removed. It is therefore, ordered by the council in session Tuesday night, August 17, 1943, that city ordinances governing the aforementioned premesis be rigidly enforced and that this warning be duly publicized.

Within the next few weeks it is planned that a representative of the State Health Department visit Cross Plains and make such inspections as he deems feasible toward safeguarding the public health. Property owners and householders should take heed to have their premesis in satisfactory sanitary conditions, and the city council feels that in giving this warning the public should be duly warned.

BACK TO SCHOOL

The ever increasing demand for trained work emphasizes the need for every boy or girl to go back to school and complete the educational equipment that is needed to enable them to meet the challange of these troubled times. "Back to School" is not a mere slogan, but now has greater emphasis than ever before. Go back to school in September, and go back to school here in your home county, where you can secure higher education conveniently and economically. Go Back to school in Daniel Baker College, a class A college, with more than a half century of service back of it. Make your arrangements now to attend Daniel Baker College this year.

## DANIEL BAKER COLLEGE

FALL TERM OPENS SEPTEMBER 14, 1943

This Co-educational Christian College is now concluding a very successful summer school with a large class of graduates. It offers the youth of Brownwood and surrounding counties the very finest college training, with courses leading to many professional activities in addition to the Fine Arts, and is prepared to give a service which will meet the educational requiremnts of those who just now are thinking "back to school" in September, as well as those looking toward special war work.

A CHRISTIAN COLLEGE WITH A CHRISTIAN PROGRAM

For fifty-three years Daniel Baker College has carried forward a program of Christian training for the youth. It was founded by a pioneer citizen who saw the need for the maintenance of Christian principles in the education of young people, and throughout its history has maintained not only the highest academic standards, which give its graduates enviable ranking whereever they go, but has kept constantly in the foreground of its work a definite Christian faith in its practical application. You are invited to attend such a college and participate in such a program.

Because of war conditions. beginning with the Fall semester of 1943, Daniel Baker College will offer for the duration accredited courses of Freshman and Sophomore work only. We offer the usual liberal arts courses: Bible, Education, English, Home Economics, History, Mathematics, Mechanical Drawing, Public School Music, Spanish, Speech Arts, Social Sciences, Natural Sciences. In the Music Department, Piano, Violin and Voice.

All work offered in Daniel Baker College is now and will continue to be fully accredited and can be transferred to any standard college or university.
