Home Town Gossip

Lenan Jennings, the scrap man, has got the Luncheon Club's goat this week. And to his credit he will go the distinction of being the custodian of the goat until the group meets again at the Baptist church dining room Tuesday, November 16.

Lenan was named "keeper of the goat" by his neighbor, Ira H. Hall, who was somewhat relieved to shift the responsibility. The goat is passed on at each meeting to some local business man who fails to attend the regular bi-Tuesday luncheon.

Four annual holidays observed by Cross Plains business men, two are docketed for this month. They are Armistice Day, November 11, which comes Thursday of next week, and Thanksgiving Day, which falls on November 25, last Thursday in the month.

Other annual holidays observed by business houses here are July 4th and Christmas Day.

A football game that is already approaching "heated rivalry" proportions is to be played between Cross Plains and Baird at the latter village on the afternoon of November 11. The game will be the first "away from home" contest of the season for coach Raymond Smoot's boys.

Baird is hoped to upset the Buffaloes by virtue of their more decorative trimmings of Clyde and Putnam. The Bears are reported to have gained strength the past few weeks as evidenced by their 10-0 stampede over Lorraine Friday. Nevertheless, the Buffaloes are conceding no quarter and Ray Plumlee and Herman Moore are enough midnight oil to strain themselves up scholastically. The game is in prospect.

The War Chest Fund in Cross Plains is still short of the \$1,200 quota but local people are living up to their reputation of giving generously to any war time assignment. Glance over names of the givers elsewhere on this page and if you have not already made your contribution figure out a place for yourself.

Fred Tunnell is accepting the funds for the chest and urges that all who have not responded call to do so within the next few days.

And incidentally, final figures are at last available as to the amount of bonds sold in Callahan county during the 3rd War Loan drive. The announcement was received from the Federal Reserve Bank at Dallas Tuesday. Sales amounted to \$350,955.00, and the quota was \$342,100, or \$8,855.00 more than was asked.

Congratulations Callahan county on another job well done.

It has been a good many years since the Review has gone to press without editorial support from the Eunice Hembree, news correspondent at Cottonwood. However, Eunice has left Cottonwood and is to Abilene to make her home. Her place will be hard to fill in our community and the Review regrets very much the loss of such a valued reporter.

Nomination for a most accommodating lady: Mrs. W. J. Gray, local telephone operator. On the job an hour a day she continues to perform her duties with courtesy and efficiency.

Yes, it seems that "Number One" sounds even kinder with the years.

You're a swell person Mrs. Gray and Cross Plains thinks a lot of you.

Turkeys, cotton and peanuts are being to market in Cross Plains and local buyers have been quite busy the past several days handling the produce.

Mr. Bobby Fincher left Wednesday morning for Fort Ord, California, after spending his furlough here with relatives and friends. His mother, Mrs. Cleo Fincher, of Abilene, visited here the first part of this week.

Explains Payment To Sellers of Milk Products

GOVERNMENT CHECK WILL OFFSET HIKE IN COST OF FEEDS

Payments To Be Made Each Month Upon Submission Of Facts By Producers

Rates of payments which will be made to Callahan county farmers and dairymen delivering whole milk and butterfat, to offset increases in dairy feed costs since September 1942, were recently announced according to information received by the county AAA office according to Sam A. Billingsley, Administrative Officer for AAA. Payments will be made at the rate of fifty cents a hundredweight for whole milk and six cents a pound on butterfat. Payments on sales of butter will be eighty percent of the rate for butterfat.

Payment will be made by draft direct to the producer by the county AAA committee for the county in which the producers farm is located upon the submission of satisfactory evidence of the quantity of milk or butterfat sold, according to Billingsley. For dairy producers selling whole milk to cooperative associations, milk distributors etc.; the statement normally furnished the producer will constitute satisfactory evidence, provided it shows the quantity of whole milk delivered. The receipts furnished by creameries for butterfat will be accepted as satisfactory evidence under the plan outlined by the AAA administrator. Producers who retail milk will need to substantiate their claims by submission of customers lists, number of cows and amount of feed bought. Producers who sell butter to consumers, local stores, etc., will need to obtain receipts from the buyers.

Payments for October will be made early in November and payments for November and December will be made early in January according to Billingsley. The War Food Administration has announced that the program will be in effect for October, November and December.

Youth Paroled To Father Monday By Judge M. S. Long

Speedy West Texas court action at Baird Monday reunited a worried father and his erring son, and permitted them to begin their long trip home and avowed rehabilitation of the wandering youth.

In the toils of the law because of his implication in an automobile theft case, the youth, 15, was taken before the grand jury, then faced kindly Judge M. S. Long who paroled him to his waiting father.

The youth had previously refused to tell the whereabouts of his family, but in speaking of his grandmother, gave authorities a clue which led to location of his parents. It was the first meeting of the newly impounded grand jury for this term of 42nd district court.

ARMISTICE DAY AND THANKSGIVING WILL BE HOLIDAYS HERE

Public Urged To Remember Closing Dates And Buy Its Needs Accordingly

Two of the four annual holidays observed by Cross Plains business concerns are to be taken this month. The first will be Armistice Day—November 11—Thursday of next week, and the second, Thanksgiving Day, November 25, the last Thursday in this month.

Business men in regular bi-weekly luncheon at the Methodist church Tuesday at noon voted to observe both days and C. R. Cook, secretary of the club, was designated to circulate a petition among business houses in order that every proprietor be given a chance to sign up.

With World War number two so prominent in our minds, we have begun to realize a keener appreciation for Armistice Day and in tribute to those warriors of '18 and to those now fighting for a continuation of American freedom a full holiday seems fitting and appropriate, declared one member of the club.

PUTNAM AND CROSS PLAINS TIE 6 AND 6

Playing without the services of two regular backfield men, Cross Plains High school Buffaloes fought to a six-all deadlock in a non-conference game with the Putnam Panthers here Friday night. Both teams failed to convert after the touchdowns.

Putnam received the kick-off and marched straight down the field for a touchdown without ever losing possession of the ball. Junior Tatom, ace of the Panther backfield, lugged the leather into pay dirt.

Cross Plains' counter came in the second quarter after a sustained drive had carried to the visitors' three yard line, from which point Johnny Gray plowed through to cross the double stripe.

Both Putnam and Cross Plains made several other strong threats but on each occasion the attack bogged down just short of pay-off territory. On one occasion, Aaron Jones intercepted a Putnam pass and sprinted out into the open. After a 54 yard run he was overtaken from behind by Junior Tatom, who was really the wheel-horse of the visiting team.

First downs were also tied at nine apiece. Putnam had a net gain rushing of 124 yards to 114 for Cross Plains. The visitors tried five passes, connecting once for 10 yds. and getting one intercepted. Cross Plains took to the air only twice and both heaves fell incomplete. Putnam was penalized four times for 40 yards and Cross Plains twice for 10.

AIR WAC RECRUITMENT TEAM TO BE IN CROSS PLAINS NOVEMBER 29

All the glamor and adventure of service with the Army Air Force is now being offered to young women between the ages of 20 and 50 years. Captain Arthur Foules and his AIR-WAC recruiting team from the Big Spring Bombardier School will visit Cross Plains on Monday November, 29th, for the purpose of recruiting AIR-WACS to relieve experienced soldiers for combat duty on fighting fronts all over the world.

Each and every seasoned soldier of the Army Air Forces is desperately needed to take part in a great smashing aerial offensive against the Axis, but the task of keeping 'em flying here at home is of such vital importance that it cannot be released for combat unless he is replaced by an AIR-WAC.

According to the Captain Foules, thousands of AIR-WACS have already replaced soldier technicians in many of our Army Air Forces training fields, but many more thousands are needed for these important assignments. Given the same training advantages as the men, AIR-WACS have already proved their ability to handle any task assigned to them, however, difficult of technical.

At this very moment thousands of our strongest and finest young men are engaged in bloody battles from which many will never return, while many of us sit comfortably at home doing very little to help our boys win, and secure in the knowledge that the war is "practically over". In reality, we have not yet begun to fight, and the fight for victory is a long hard one in which every man, woman and child must share if we are to survive as free people.

Miss Wilkerson outlined the 1944 year book and listed so many interesting programs and studies for the coming year.

Refreshments were served by the delightful hostess.

The next meeting of the Club will be November 10, the place of meeting to be decided later.

MRS. A. W. WRIGHT
HOSTESS TO LOCAL
CLUB OCTOBER 27th

The Home Demonstration Club met in the home of Mrs. A. W. Wright on Wednesday, October 27.

"Now is the time to cull your flock of hens, locate and get rid of the ones that are not laying, for the shortage of feed is a problem. Also watch your flock for insects, lice, fleas and also for rupe and other diseases," said Miss Dorothy Wilkerson, in a demonstration on Poultry Raising, giving bulletins on remedies of almost all kinds of diseases. Also tells how housing the flock should be considered one thing was stressed, plenty of ventilation, but be sure there are no drafts.

Miss Wilkerson called for experiences from some of the members.

Mrs. Jim Barr said her expenses on her flock of hens for one month was \$23. The income \$56. She raised 60 fryers to weigh 2 pounds from the 12th of April to the 14th of June. Pullets were laying now at four and one half months. That is the experience of one of the Club ladies. Most all of the Club members are raising everything possible at home to help in the war effort.

Miss Wilkerson outlined the 1944 year book and listed so many interesting programs and studies for the coming year.

Refreshments were served by the delightful hostess.

MORE POWER!

WE CHEERED, when Uncle Sam called on industry to work 24 hours a day, seven days a week, UNTIL THE WAR IS WON!

Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.

The electric industry throughout the nation is providing power where it's needed when it's needed... MORE THAN THE COMBINED TOTAL OF ALL THE ENEMY NATIONS!

This is in contrast to claims by proponents of social-

ization who predicted an immediate and disastrous shortage of electric power. The proof is:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90% of all the power commercially generated;
- Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
- The average home now gets over twice as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations electric systems owned by the public (through millions of small stockholders) have become indispensable in American homes AND IN AMERICA'S WAR EFFORT.

It has been possible because America's electric companies have been built and operated the American way—by good business management.

HEALTH SUGGESTIONS BY DR. GEORGE COX

In a statement issued this week by Dr. Geo. W. Cox, State Health Officer, it was disclosed that in the near future an intensified state wide education campaign will be instituted for the control of venereal disease.

"The venereal disease situation in Texas has been receiving the close attention of the State Health Department," Dr. Cox stated, "and it has become apparent that with the heavy concentration of military forces now within the borders of this state, the scope of the control program must be broadened. One of the most essential measures in this respect is the education of the public to the danger involved."

Every possible means for informing the public will be used, with emphasis placed on newspaper publicity, radio lectures, posters, pamphlets, leaflets, and personal information disseminated at venereal disease clinics throughout the state. Although there are now 138 treatment centers and clinics operating in the state, Dr. Cox indicated that if additional facilities are needed for the treatment of infected persons, more clinics will be established when the need is ascertained.

Special educators, doctors, and case investigators from the State Department of Health will be available for consultation and assistance in those cities and communities in the state most urgently needing help.

Mrs. Fred Heysler, of Putnam, and Mrs. T. J. Lydya, of Stephenville, visited Mrs. George Scott and Mrs. C. R. Cook Monday afternoon.

Sgt. Boswell Burks, son of Mr. and Mrs. Tom Burks, of this city, was recently transferred from an air field in California, to Ellington Field, near Houston, where he was first stationed in the aircorps more than two years ago.

"Now is the time to glamorize krait. No doubt during the next twelve months there will be a shortage of fruit. This should merit our best use of all foods that are good sources of vitamin C. This immediately reminds us of canned tomatoes and sauerkraut.

Home Town Gossip

Methodist churches at Cross Plains, Cottonwood and Putnam have new pastors today as a result of the assignment of appointments announced for the Central Texas Methodist Conference in Fort Worth last week end.

To Cross Plains comes Rev. H. C. Bowman, who for the past four years has served as pastor of the Santa Anna Methodist church. He replaces Rev. C. D. Wooten, who had been here three years. The Rev. Mr. Wooten was shifted to the Missouri Avenue church in Ft. Worth and moved his family and household possessions Thursday, the same day Rev. and Mrs. Bowman moved in to the local parsonage.

Coming to the Cottonwood-Putnam charge is Rev. Lee Roy Baker, formerly of the Cleburne church. The Rev. Mr. Butler is a nephew of Rev. S. A. Baker, who conducted a successful revival meeting for the Cross Plains Methodist church in the Summer of 1942.

Returning to Burkett for his fourth year is Rev. L. M. Lawton. In addition to the Burkett church which is half time, the Rev. Lawton also fills appointments at Echo and Byrds.

To Pioneer for a second year was returned Rev. L. L. Broughton, who also serves the churches at Burnt Branch, Macedonia, Cross Cut and Sipe Springs. The Rev. Mr. Broughton makes his home at the parsonage in Pioneer.

To Rising Star for a second year was returned Rev. C. Y. Butler.

During the pastorate of Rev. Wooten in Cross Plains the church ended every conference year with all bills paid and the church budget met in full. It was in his first year here that an outstanding obligation on the church building was settled. Since, improvements have been made to both the interior and exterior of the church building and to the parsonage. In addition to his activities in connection with the church, Rev. Wooten was a leading factor in all civic endeavors, especially in war quotas which the community has been called upon to meet.
