Three Day City Wide Clean Up Set Next Week

CITY DIVIDED INTO 3 AREAS; WAGONS HAUL AWAY TRASH

Tuesday Devoted To Business Section, Wednesday South Side, Thursday The North

To forestall the possibility of an outbreak of infantile paralysis, which has beset several other Texas cities, a genuine clean-up campaign has been set for Cross Plains Tuesday, Wednesday and Thursday of next week.

Acting upon the recommendation of Dr. Eli Powell local health officer, members of the city council in session Tuesday night laid plans for an extensive clean-up program, and are asking the unanimous cooperation of every citizen and property holder.

Wagons will be contracted by the city and will haul away rubbish without charge to merchants and householders. First day of the clean-up—Tuesday—will be dedicated to the cleaning of the business section and wagons will collect rubbish from alleys and streets in the downtown area. Merchants are being asked to see that the grounds in rear of their premises are clean and that cans and trash are piled in an accessible spot for collection by the wagons.

Second day of the clean-up drive—Wednesday—will be primarily devoted to the South section of the city, all that which lies South of 8th Street, and wagons will work in that area. Where the alleys are open, householders are requested to place rubbish there, however, if there is no usable alley some other easy-to-reach place should be utilized.

Final day of the campaign—Thursday—wagons will be in the North part of town and the same program will be followed.

It is pointed out that there is always the possibility that trash collectors will overlook some piles due to the fact that there can be no uniform place of collection as all alleys are not open. In the event that these oversights do occur, householders should telephone the city office, and the wagon working nearest the by-passed property will be immediately dispatched to make the necessary pick-up.

At the conclusion of the clean-up campaign, a committee from the city council will accompany the local health officer on a tour of inspection. Property not placed in a thoroughly sanitary condition will be subject to the legal penalties of falling to comply with measures to safeguard public health.

"We do not propose to work a miracle, however, the health of our children and our neighbors' children demand that we take every possible precaution," says W. D. Smith, sanitary commissioner, "and the friendly, enthusiastic cooperation of every citizen is urgently requested."

Regional health officials reported last week that at the present time Callahan county is leading the district in at least two communicable diseases—mumps and measles—and it is feared that unless an effective clean-up program is carried out at once this area may be victim of more deadly diseases.

Chairmen For Americanism Drive

B. H. FREELAND
Chairman of the National American Endowment drive in this county is B. H. Freeland.

Final Rites For Mrs. F. A. Warren Said Here Monday

Mrs. F. A. Warren, 76, who died Sunday in Lubbock after an extended illness, was laid to final rest Monday afternoon in the family plot of the Burnt Branch cemetery. Services were conducted from the Cross Plains Methodist church with Rev. D. L. Barnes, pastor, officiating.

Mrs. Warren was born in Arkansas, January 1, 1872, and moved to Paris, Texas, at the age of 15. She came to the Cross Plains area in 1890 and made her home west of town until 1944 when she moved to Lubbock. She was married to James H. Warren in 1890, who preceded her in death.

Survivors include: two sons and two daughters: Harry Warren of Abilene, and Homer Warren of Abilene, and Mrs. Annie Haddock and Miss Velma Warren, both of Lubbock. Other survivors are one sister, Mrs. D. P. Leslie of Temple, and one brother, Rev. P. T. Richardson of McAuliffe, Texas, as well as four grandchildren and one great-grandchild.

Funeral services will be held at 2:30 p. m. Monday at the home of Mrs. M. C. McClure in Spur. Burial will be in the Spur cemetery. Arrangements were in charge of Higginbotham's, Cross Plains.

Former Local Man Held In Brownwood Jail After Shooting

George Barnum of Brownwood was treated in a hospital in that city Sunday night for a 22 calibre rifle bullet wound in the calf of the left leg.

Police arrested Isaac N. Bishop, former Cross Plains man who now lives at Brownwood, and found a 22 rifle which they believed was used in the shooting. Bishop was turned over to county authorities.

Barnum was said to have been at his home when the shooting occurred. He was not seriously hurt, it appeared.

Bishop moved to Brownwood from Cross Plains last December.

Homes of Bishop and Barnum are near each other and Bishop was at his home when police arrived.

The Brown county Sheriff's Department said a doctor will examine Bishop to determine if he is sane, and if he is found sane, charges will be filed against him in connection with the shooting. He is in the county jail, the Sheriff's office reported.

Prominent Taylor County Man Comes Out For Congress

Gib Sandefer Announces For Seat Vacated By Russell; Served Overseas With ARC

Gib Sandefer, rancher, lecturer and former business manager of athletics of Hardin-Simmons University, and for years manager of that institution's world famous Cowboy Band, has announced his candidacy for Congress from the 17th district, and is planning an intensive campaign throughout the district prior to the Democratic primaries July 27, 1946.

Sandefer, known throughout the world as "That Fellowship Man of Texas," doesn't make any claims of being a great statesman, nor does he have any designs for reforming Congress or the world.

Soldier Poppies On Display Now At Higginbothams

The local American Legion Auxiliary is preparing a display of the origin and meaning of the soldier poppy to be displayed in the furniture window of Higginbotham Bros. & Co. store, Poppy Day will be Saturday May 25 when poppies will be distributed over town by members of the local Legion Auxiliary and funds derived from their sale will go toward aid of disabled veterans of the two World Wars and widows and children of those who lost their lives.

"A flower of hope for the living, as well as of tribute to the dead," is the way the memorial poppy should appear to us, explains Mrs. Raymond DeBusk, president of the chapter.

"There is a story behind each little red poppy which the citizens will wear on Saturday in honor of the war dead and disabled," said Mrs. DeBusk, "and as they are made by hand, no two of the flowers are exactly alike. Some come from the hands of men who were hurt 28 years ago in the battles of the first war. Others have been shaped by young veterans, injured in Europe or the Pacific in the second conflict who made poppies this year for the first time. If we could know the stories of all those veterans, old and young they would make an epic of service and suffer and all of us should be proud to wear them."

The poppies have been received at American Legion headquarters here and will be on the streets Saturday morning.

Bible School Will Start Next Monday At Baptist Church

A Vacation Bible School will start Monday morning at the local Baptist church with an attractive program of instruction and entertainment in store for children from four to sixteen years of age. The school which is to continue through two weeks will offer instruction in several crafts as well as training without doctrinal influence, in the Bible.

Teachers and officers have been undergoing special preparation for the past two weeks in readying themselves for the school.

First Friday of the school will be devoted to a picnic for all those in attendance, and on the second Friday a commencement program will be held at which time diplomas and certificates are to be presented to those who successfully complete prescribed training.

South Main Street May Get 3 New Buildings Shortly

Three new buildings for South Main Street became a possibility this week as one property owner announced his intention of constructing a modern brick edifice and two others were reported considering building projects.

Ray Tyler has razed the frame building between Sims Drug Company and the Modern Beauty Shop prior to erecting a brick building.

A. H. McCord, who owns the lots just South of the telephone building, is planning to construct a building on that property. To J. M. McMillan is considering razing two frame buildings which he owns on South Main and replacing them with stone or brick.

As soon as materials become more abundant, Cross Plains is expected to see a number of improvement and beautification projects get underway.

MRS. HUGH McDERMETT SUFFERS THREATENED HEART ATTACK MON.

The condition of Mrs. Hugh McDermott, who is suffering from a severe heart ailment, was considered somewhat improved Wednesday.

Becoming violently ill at her home early Monday morning with a threatened heart attack, she was for two days in a serious state. She is being attended by a local physician.

Mrs. McDermott was recuperating from a shoulder and leg injury received several days ago, when a car in which she was riding became involved with another vehicle on the main street of the city.

BAPTISTS TO HAVE DINNER ON GROUND

Annual "Round-Up" day of the Cross Plains Baptist Church will be held Sunday, and all members and friends of the church are being invited to be present for Sunday School and church Sunday morning.

High spot of the day will be dinner under the tabernacle at noon time. A baptismal service will be held in the afternoon.

The Sunday School has set a goal to have 200 present Sunday morning. Although this will represent more than an 80 percent increase over the average attendance, officers and teachers feel that it is thoroughly possible and are working diligently toward that end.

MRS. ORAN McCLURE PASSES TUESDAY AT HER HOME IN SPUR

The Review learned, shortly before press time, of the death of Mrs. Oran B. McClure Tuesday night at her home in Spur after an extended illness.

Funeral services will be conducted Friday afternoon in Spur.

Mrs. McClure is well known in Cross Plains and this vicinity and is a sister of T. E. and Jack Baum. Mrs. Martin Neeb and Mrs. Robert Cunningham of this city, M. C. Baum of Dickens county and Mrs. Rivers Arrowood, Corpus Christi.

Details will appear in a later issue.

CONGRESS CONTEST HOTTEST BUT LOCAL RACES LOOK CLOSE

Although Only 16 Days Left To Get In, There May Be More Aspirants Out Yet

With only three unopposed races in the county, political interest in Callahan county appears headed for new heights by time for voting in the first primary, less than two months in the offing.

Most discussed race is, of course, that of Congressman from the 17th Texas district, for which the incumbent Sam Russell did not seek reelection. A seventh candidate, Gib Sandefer of Abilene, and well known throughout West Texas, announced himself a candidate this week. Already in were: W. W. Blanton of Shackelford county; Robert B. Herring, Stephens county; Omar Burleson and Ted Miles, Jones county; and R. M. (Bob) Wagstaff and Bryan Bradbury, Taylor county.

Of the strictly local races, most talk is centered on the Sheriff's race which offers three candidates: W. A. Petterson, incumbent, and S. S. (Nick) Nichols, and H. S. Parker. Political observers point out, however, that interest is always keener in the Sheriff's race than most others.

Only other county race offering more than two candidates is that of Assessor-Collector in which three are pitted. They are: Mrs. T. W. Briscoe, incumbent, and M. H. (Bob) Joy and O. C. (Clyde) Yarbrough.

Running without opposition are County Judge J. Lester Farmer who is seeking reelection, Bruce S. [unclear], and Mrs. Corrie Driskill for District Clerk.

Other opposed races in this county are: R. C. Chrisman, incumbent, and Bill White for County School Superintendent; and Mrs. Will McCoy, incumbent, and Presley Reynolds for County Treasurer.

Commissioners races over the county, which like the Governor's race and that of Sheriff always claim a good share of interest, are again much discussed this year. Only precincts one and four, though, offer opposition, as Clyde T. Floyd and I. G. Mobley, respectively are unopposed in precincts two and three. Precinct four which includes Cross Plains, Cottonwood, Dressy, Atwell and Caddo Peak, offers J. M. (Jim) McMillan, incumbent, and Claude E. Foster.

Last day to file for county and precinct offices is June 15, third Saturday in next month. Rumors the past few days indicated that additional candidates for county places might announce before the deadline.

IRA HALL RESUMES WEIGHING SERVICE

Cross Plains is no longer without weighing facilities. The scales owned by Texas Milling Company were placed back in operation Tuesday morning by I. H. Hall and are now ready to accommodate vehicles with loads of virtually any size.

On another page of today's issue of the Review, Mr. Hall carries an advertisement in which he states that he's "Back in business and anxious to weigh any and all loads and that there has been no increase in weighing charges."

James Williams Loses Life In Navy Air Crash

Mrs. John T. Baum received word Tuesday evening that her grandnephew, James Williams, a member of the Naval Air Corps, was killed May 18 in a plane crash at sea while making a carrier landing. His body was not recovered.

James was the eldest son of Mr. and Mrs. J. W. Williams of Lufkin and a grandson of the late Mr. and Mrs. W. A. McGowan, his mother the former Ollie McGowan. He spent the early part of his life in Cross Plains before the family moved away. His father was an employee of the M.K.&T. Railway here.

Williams is survived by his wife and one child of Washington, D. C., his parents, and one brother, Jack Williams, also serving in the navy. Complete details of his death were unavailable.

CROSS CUT-COLEMAN BASEBALL GAME TO BE PLAYED SUNDAY

A baseball game will be played on the Cross Cut field Sunday afternoon, May 26, between Cross Cut and a Coleman team, announces C. A. Jackson.

The Coleman team is playing a return game. Cross Cut was defeated at Coleman last Sunday.

L. W. Westerman was in Abilene Tuesday.

FUNERAL SERVICE FOR BARNETT BEHELD HERE MONDAY

Funeral services for the infant daughter, born May 19 in an Abilene hospital, of Mr. and Mrs. Pete Barnett of Albany were held here Monday afternoon at 2:00 p. m. from the Higginbotham Funeral home with Minister Tex Stevens of Abilene reading the rites. Burial was made in the local cemetery.

The baby was the granddaughter of Mr. and Mrs. E. A. Barnett, rural residents of Cross Plains.

Mrs. Barnett is the former Geraldine Caswell of Shreveport, LA.

Mr. and Mrs. Walter Westerman of Loco Hills, New Mex. arrived here this week for a visit with relatives and friends. Mr. Westerman is employed in an oil refinery and is at present time on a two-weeks vacation.

Personals

Mrs. M. E. Howell was a business visitor in Coleman last Friday.

Mr. and Mrs. V. E. Lee of Melrose New Mex., spent Mother's Day with Mr. and Mrs. Earl W. Pyle.

Mrs. Caille Johnson of San Antonio is visiting her parents, Mr. and Mrs. Jim Cross.

Mr. and Mrs. Hesse Browning of Brownwood visited here last Thursday.

Fred Tunnell flew to Galveston Sunday to attend a banker's convention.

Mrs. J. Lawson of San Antonio is visiting her parents, Mr. and Mrs. E. E. Wilson.

Jimmie Kate Howell, student at NTSTC in Denton, is spending a few days here with her parents, Mr. and Mrs. M. E. Howell.

Mr. and Mrs. J. A. Caton have returned after he was at market in Dallas and Mrs. Caton visited in Fort Worth.

Mr. and Mrs. Hulon Barr visited here last week.

Mrs. Jimmy Miller of Ft. Worth spent last weekend here.

Mr. and Mrs. Tom Burks visited in Abilene Thursday.

Mrs. M. E. Howell was in Gorman last Saturday.

W. A. Petterson, Callahan county sheriff, was in town one day last week.

Polly Moon spent the week end with friends at Baylor University in Waco.

John Cox of Brownwood was a business visitor in town last Saturday.

Mr. and Mrs. Mark Andir were in Dallas on business first part of the week.

Captain and Mrs. Donald M. Weaver and little daughter, Donna, of Greenville, S. C., are visiting her parents, Mr. and Mrs. G. R. Neel.

Homemaking Style Review Presented Tues. Eve., May 7

The Homemaking girls of the local high school presented their annual style review entitled "Fashion Follies" on Tuesday evening, May 7th, in the high school auditorium.

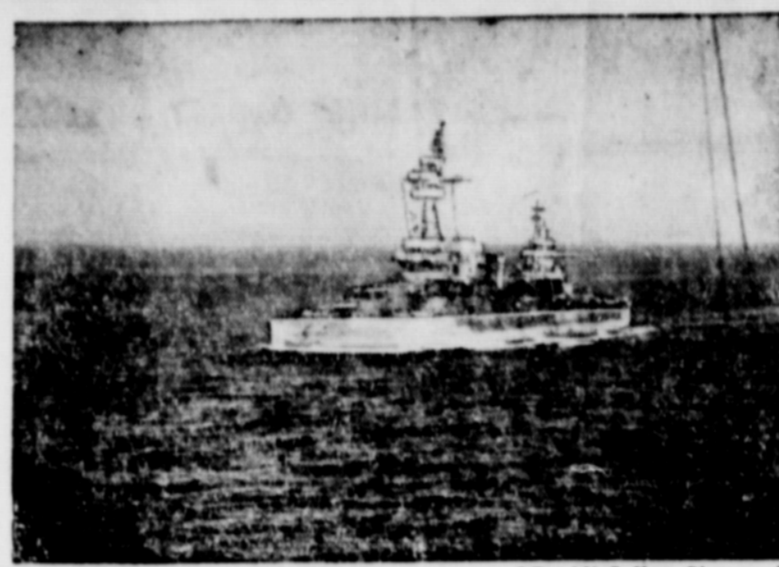

Fifty-six girls participated in the affair, modeling 106 garments made in homemaking classes this semester. Also, 31 costumes representing trends in styles from Colonial to the present time were shown. Costumes for the show were collected from people in Cross Plains, San Antonio, Odessa and Brownwood.

Mrs. Preida Glenn, Gaylor Sander and Bonnie Lou Huntington provided special music.

Girls making winning dresses in the Homemaking II class were as follows: first, Jennell Joy; second, Jerry Mitchell; third, La Nell Sheppard; and fourth, Margaret Duke. These dresses were judged by Homemaking students from Rising Star high school, assisted by their instructor, Mrs. Henderson.

Girls winning places on their dresses in Homemaking I class were: first, Alona Huntington; second, Pat Huntington; third, Roylene Arrowood; fourth, Peggy Raughter; fifth, Neida Purvis, and sixth, Ruby Hill. These dresses were judged by Homemaking students of Burkett high school assisted by their instructor, Mrs. Earl McQueen.

Mrs. Galloway presented medals to girls making first place dresses and to the "best all around girl" in Homemaking I, Roylene Arrowood; and "best all around girl" in Homemaking II, Little Bell Scott. Best all around girls were selected through secret ballot by members in the department, several weeks ago, however the names of the winning girls remained a secret until the night of the style show.

Official U. S. Navy Photograph

The ship that has been lost to more royalty than any other, the battleship USS New York, is the fourth of four U.S. battlewagons in the target unit. The New York, which served as flagship of Battle Squadron Six with the British Grand Fleet in the North Sea during World War One, has played host to King George V, the Prince of Wales, and the now-Emperor of Japan. In World War Two, she supported the North African landings, did convoy duty, and took part in the pre-invasion shelling of Iwo Jima and Okinawa.

MRS. ADDIE GRAHAM RETURNS HERE AFTER FIVE WEEKS ABSENCE

Mrs. Addie Graham has returned to her home here after five weeks in Fort Worth at the bedside of her daughter, Mrs. Glendora Dawkins, who underwent serious major surgery there.

Mrs. Dawkins, well known here, is reported convalescing normally now, though improvement was at first slow.

Bryan Bennett, who is employed on a ranch at Almagordo, New Mex., is visiting his family here.

Elsie Kennon, granddaughter of Mr. and Mrs. Bob Young, underwent an appendectomy in a Sweetwater hospital last week. She is recovering normally, reports Mrs. Young, who has just returned from her bedside.

CHECK UP ON ELECTRIC LAMPS, SAYS COUNTY HOME DEM. AGENT

Since electric lamps should be arranged in home for the best service and for attractiveness, Loreta Allen, County home demonstration agent, advises housewives to make check-ups in their own homes for possible improvements.

Be sure there is enough light when and where it is needed, Miss Allen says. A table lamp should be equipped with a bulb or bulbs totaling at least 100 watts. And a floor lamp with a reflector should have a minimum of 150 watts. Lamps should always be bright enough for tasks for which they are used.

Lamp shades should all be flared to spread light over a wider area. Any lamp shades with dark-colored linings should be removed as they soak up as much as 50 percent of the light that would otherwise be reflected for use.

Height of table lamps is important. They should be tall enough to spread light over the intended area. Glare, also, should be checked on. An unshaded bulb should be used only in storage rooms, clothes closets or similar places.

Lamps should be arranged to avoid shadows. For close work, the light should come from the left for right-handed persons and vice versa for those who are left-handed. Sharp contrasts of light and dark within a room are hard on eyes as they must keep adjusting to different amounts of light. Lamps with glass or plastic reflectors under the shade will do away with these contrasts.

Lamps properly arranged will bring less eye strain and more beauty Miss Allen concludes. They bring attractive furnishings and color combinations to life.

ridge and Woodson over the week end.

Mr. and Mrs. John Tolleson and Mr. and Mrs. Pete Essary are visiting in Fry this week.

SWING OF SOUTHWEST FARM MARKETS

Most southwest farm products brought stronger prices last week compared to the week before, except cotton and tomatoes, according to USDA's Production and Marketing Administration.

Cotton prices dropped about \$2 a bale during the week but regained some of the losses Thursday. Spot market activity increased. Demand was good for light offerings. Reported sales in the 10 spot markets totaled 93,000 bales for the week compared to 65,200 bales for the week before and 69,800 bales for the same week last year.

More poultry and eggs arrived at southwest markets last week than the generally fair to good demand could absorb. As a result, egg prices showed a weak undertone, but heavy hens were steady.

Grain prices went up five to 25 cents per bushel and 18 cents per hundredweight for sorghums last week in line with new OPA ceiling. Supplies were light and demand good. Also, protein feed prices went up from \$7.50 to \$14 per ton. Demand relaxed as farmers began to sell more of their livestock and poultry, but most prices stood at or near ceiling.

Most southwest cattle markets reported gains over last week's close. Trading was active for light receipts. Medium steers and yearlings brought \$13 to \$14.50 per hundred pounds at Houston; \$14 to \$14.50 at San Antonio; \$13.75 to \$15 at Fort Worth; and \$13.50 to \$15.50 at Oklahoma City. Bulk medium and good slaughter steers and yearlings realized \$14.50 to \$16 per hundred pounds at Wichita. Steers predominated in the Denver market most of the week with good and choice offerings selling as high as \$16.10 to \$17.16. Cows were prominent at several markets with common and medium grades quoted at \$8.50 to \$11.50, Houston; \$9 to \$11.50, San Antonio; \$9.50 to \$11.75 at Fort Worth; and \$9.50 to \$12 at Oklahoma City.

Good demand for light hog receipts kept butchers at ceiling at nearly all markets. Stock pigs and feeders were steady.

MAY 25TH LAST FOR H. D. MEMORIAL ORDER PLACES

The Home Demonstration Agents of Callahan county are working hard for their order for the H. D. Memorial Order Places. Miss Loreta Allen, County Home Demonstration Agent, says that members that may 25th orders will be receiving their apples.

L. Glenn Expresses Hope of Peace In New Song, "Hymn Of A New Age"

The "Hymn of A New Age" is to be sung to the Battle Hymn of the Republic as written by Dr. J. L. Glenn. It was used at V-J Day services held at the Presbyterian church here when Japan capitulated. The song, as well as the address delivered by Dr. Glenn at the same service, has been published in Presbyterian church magazines.

HYMN OF A NEW AGE (Tune—The Battle Hymn of the Republic) Lyric by James L. Glenn

We have heard the lustful call of war from lands beyond the sea. Nations round the world have brewed the foulest fate of history. Millions gird the globe with death and waste its wealth for victory.

We never can forget; South Sea Islands, Land of conflict; South Sea Islands, Fields of bloodshed; South Sea Islands, Graves of comrades; We never can forget.

Nature's primal blast is loosed and countless hosts of men must die. Threats of doom have marked the earth for ruin before the Prophet's eye. He has heard the bells of judgement toll across the distant sky.

We never can forget; Okinawa's Kamikaze; Hiroshima's hour of judgement; Nagasaki's threat of doomsday; He never can forget.

All the nations of mankind to God have sworn that wars must end. Creed and Race have pledged to Him that they will not recur again. Peace upon the earth, they swear, will reign within the hearts of men.

We never can forget; Iwo Jima, Land of conflict; Iwo Jima, White with crosses; Iwo Jima, Graves of comrades; He never can forget.

We beseech Thee, Righteous God, O Thou who marked each comrade fall. Hear our cause and grant Thy Kingdom, Sovereign God, O Lord of all. Give to us the peace we seek, O gracious God, to Thee we call.

We humbly beg for Peace; God, Almighty Judge of Nations; God, Eternal Lord of Nations; God, the Righteous Court of Nations; We humbly beg for Peace.

L. Glenn Expresses Hope of Peace In New Song, "Hymn Of A New Age"

The Home Demonstration Club of Callahan county was the first to order for songs for the May 25th demonstration. Miss Loreta Allen, Demonstration Agent, members that May 25th orders will be received for apples.

The Home Demonstration Club of Callahan county was the first to order for songs for the May 25th demonstration. Miss Loreta Allen, Demonstration Agent, members that May 25th orders will be received for apples.

HYMN OF A NEW AGE (Tune—The Battle Hymn of the Republic) Lyric by James L. Glenn

We have heard the lustful call of war from lands beyond the sea. Nations round the world have brewed the foulest fate of history. Millions gird the globe with death and waste its wealth for victory.

We never can forget;
South Sea Islands, Land of conflict;
South Sea Islands, Fields of bloodshed;
South Sea Islands, Graves of comrades;
We never can forget.

Nature's primal blast is loosed and countless hosts of men must die. Threats of doom have marked the earth for ruin before the Prophet's eye. He has heard the bells of judgement toll across the distant sky.

He never can forget;
Okinawa's Kamikaze;
Hiroshima's hour of judgement;
Nagasaki's threat of doomsday;
He never can forget.

All the nations of mankind to God have sworn that wars must end. Creed and Race have pledged to Him that they will not recur again. Peace upon the earth, they swear, will reign within the hearts of men.

He never can forget;
Two Jima, Land of conflict;
Two Jima, White with crosses;
Two Jima, Graves of comrades;
He never can forget.

We beseech Thee, Righteous God, O Thou who marked each comrade fall,
Hear our cause and grant Thy Kingdom, Sovereign God, O Lord of all.
Give to us the peace we seek, O gracious God, to Thee we call.

We humbly beg for Peace;
God, Almighty Judge of Nations;
God, Eternal Lord of Nations;
God, the Righteous Court of Nations;
We humbly beg for Peace.

Dr. Cox Gives Points To Aid Polio Control

Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in certain sections of the state.

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis may be another of the several gastrointestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the house-fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to promote and maintain sanitary septic tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain those standards approved by the State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed immediately.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the State Law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in the home the same sanitary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excess from excess and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is illness. Polio cases should be quarantined for 14 days and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When symptoms appear, a physician should be called immediately.

Government Places Parcel Weight and Size Limit on Mail

Most classes of merchandise will not be accepted for parcel post mailing if they weigh more than 11 pounds or if their combined length and girth exceeds 60 inches, Postmaster General Robert E. Hanft announced last week. The action is taken because of curtailed train service due to coal shortage during the current strike.

Normal limit on weight is 70 pounds and measurement limit, both length and girth, is 100 inches.

This drastic action will be lifted as soon as the coal strike is settled, and full railway service restored, the Post Master General added.

SHOULD BE PRAISED

The railroads of the nation should be given a word of praise for the excellent manner in which they hauled tons and tons of high explosives and huge quantities of poison gas during World War II and not a person killed in handling them.

In its annual report for 1945, the Association of American Railroads said that in one month of 1945 the railroads handled more military explosives than during all of World War I. Summed up, the railroads handled some 50,000,000 tons of explosives to say nothing of the poison gas, which we say is a most wonderful record.

Plan On Peanuts In 1946

Guaranteed Prices

For You

PEANUTS

Again This Year

With 90% parity as of July 1, 1946

GUARANTEED peanut prices of

about \$2.25 or more per bushel—

means good profits for the PEANUT

FARMER again this season!

Graded Shelled Peanuts for Planting

BUY SEED THAT HAVE PROVEN CONSISTENTLY GOOD OVER THE YEARS

We are now accepting bookings on our seed and offer you Grades No. 1's; No. 2's, and Pee Wees. These seed will be more uniform in size than ever before; and of very good quality. Come in and look such as you need; and know that you will have the size you want when it is time to plant.

Poor Stands Prevent Large Yields

TREAT YOUR SEED

This year more than ever we should guard against poor stands. The guaranteed high prices for peanuts this fall will justify growers to use pre-caution so buy treated seed wherever you buy. You can treat your own seed, but we have special equipment for seed treating, and can probably do it more economical.

Report of Experiment Station

Peanut experiment station tests—from the Experiment Station at Stephenville, and from Georgia Experiment Stations, as well as growers from this area who have been planting treated seeds for several years—prove that treated seeds will help to assure maximum yields. Tests show that 2% Ceresan is probably best adapted for this and surrounding counties, however, we will be equipped to treat seed with either Ceresan or Arason.

Growers We Want To Buy Your Peanuts

We've surely appreciated buying peanuts from you growers of the Callahan County area for the past year—and look forward to buying your crop this fall. We'll always be glad to discuss any of your peanut problems or help you in any way that we can!

REDDY KILOWATT
Your Electric Servant
TRADE MARK REG. U.S. PAT. OFF.

I'm Reddy Kilowatt, your electric servant. I live in all electric outlets. (I'm going to call them "Reddy Boxes" from now on—because you'll always find me in the nearest box, Reddy to serve you electrically.)

So I suggest, Mr. and Mrs. Homebuilder, that you put plenty of "Reddy Boxes" in that new home you're planning to build—or in that house you're planning to remodel. Then I can be at your elbow (your nearest Reddy Box), Reddy for work or play whenever you want me.

Before going too far with plans, talk to your electrical contractor about adequate wiring for plenty of "Reddy Boxes."

West Texas Utilities Company

VETERANS QUESTION BOX

Q. If a veteran dies before discharge from service, may a burial allowance be awarded by the Veterans Administration?

A. When a veteran of any war, discharged or released from active service under conditions other than dishonorable, a veteran of any war in receipt of compensation or pension, or a veteran of other than wartime service discharged for disability incurred in line of duty or in receipt of pension for service-connected disability dies after discharge, the Veterans Administration may pay for burial and funeral expenses and transportation of the body to the place of burial, a sum not exceeding \$100.

Q. What veterans are entitled to special privileges under the homestead law of the United States?

A. Any veteran who served not less than 90 days, and who was honorably discharged and makes a homestead entry, is entitled to have the term of his service in the armed forces, not exceeding 2 years, deducted from the 3 years' residence required under the homestead laws. Further information may be secured from the General Land Office, Department of Interior, Washington 25, D. C.

Q. May a veteran who has no service-connected disability be entitled to a pension?

A. A veteran may be paid a pension for a non-service-connected disease or injury only if the disability resulting therefrom is rated as permanent and total, and providing such condition is not due to the veteran's own willful misconduct. The veteran must have more than 90 days active military service terminated by a discharge under conditions other than dishonorable.

Cross Plains Review

Publisher — Jack Scott
STAFF
Clyde Bunnell, Mrs. M. Moon
L. G. Morris, Robert Smith
Telephone Number — 114

Any erroneous reflection upon the character, standing or reputation of any person, will gladly be corrected if brought to the attention of the editor personally at the office, Eighth Street, Cross Plains, Texas.

Entered as second class mail matter at the Postoffice at Cross Plains, Texas, April 2, 1900, under act of March 3, 1879.

Mrs. J. P. McClung of Hamlin is visiting with Mr. and Mrs. O. M. Smith this week.

Sharon Baum of Hobbs, New Mex., is visiting her grandparents, Mr. and Mrs. Joe Baum.

Minister Texas Stevens of Abilene filled his regular appointment at the Church of Christ Sunday morning and evening.

Donnell Clark and Billy Mae Copping, have arrived here after attending the past term at John Tarleton College in Stephenville.

THREE-YEAR-OLD VICTIM OF HUNGER. Like countless European children, little Stoyan is a wartime victim of starvation. His Yugoslav mother and father were too busy fighting the Nazi to care for him. America's famine emergency campaign is directed at erasing pictures like this.

Local Rodeo Group Forms Association Limiting Liability

Stockholders in Cross Plains Rodeo Association held a business meeting recently and named officers to serve for a period of one year. The newly elected officials are: H. H. McWhorter, president; Bernice Nichols, secretary; Olan Montgomery, vice-president; Clarence Edington, Earl Montgomery, W. T. McClure and Henry Wilkes, directors. Fred Stacy was named to have charge of the selection and presentation of sponsors at rodeo attractions. Concessions will be in charge of W. A. Hockaby and Harve Wilcox. Arena directors are to be Henry Wilkes and Sam Windham. An agreement was reached by the directors whereby any shareholder desiring to sell his stock must receive the approval of at least three members of the board of directors sanctioning the trade. It was likewise agreed that new shareholders must also be sanctioned by at least three members of the directorate. Present plans call for the forming of a cooperative organization setting liability of the shareholders to be no more than their original payment in stock. All checks are to be drawn by Hugh McDermott, Bernice Nichols or Olan Montgomery.

S. F. Bond Gives Historical Data On Cross Plains

This week there appeared in the Western News Week, published at Amarillo, a news story based on an interview with S. F. Bond and dealing in historical data of Cross Plains. The full article appears hereunder: "Back in 1885, with the sun in partial eclipse the first corn was planted in Callahan County by the father of Samuel Foster Bond, who had arrived from Georgia. "S. F. Bond has seen the town expand from a crossroads store through its oil boom population of 2,000 in 1925, to its present stable size of 1,500. "Born in Mississippi in 1873, Bond still operates a grocery store here. He recalls a year-old post office, a store, and crude gin here in 1884. The town was located on Comal County school land. When Texas joined the Union it retained its public land and these homesteads attracted the pioneers to Cross Plains. Originally situated on roads leading to Camp Colorado, Belle Plains, Fort Worth, Fort Richardson, Fort Griffin, and to Camp Concho (now San Angelo), the crossroads on the plains was named Cross Plains. "When the 'Katy' railroad extended its line to pass nearby in 1911, land owners pooled their land, laid out a new townsite, sold lots and moved the town to its present location, there to enjoy a railroad boom. "Oil was discovered in 1920, and the Vestal was the first big well brought in. By 1922 when the Pioneer field came in the population reached 2,500, but in 1925 the real boom came when oil was discovered inside the city limits. Depression then took its toll of population and homes, followed by the war which halted expansion. Now in 1946 new homes and business buildings are being built and the town continues to show a steady growth.

Burkett News

MRS. MERRELL BURKETT
The annual Cemetery meeting will be held at the local cemetery on the first Sunday in June as announced by Jack Brown. Every one is invited to attend. An interesting program is planned for the occasion.
After forty-nine years service here as barber, William Colvin has sold his equipment and building and is retiring from the business. Mr. Colvin relates the following incident as happening during barbering career here: On February 17, 1897, C. H. DeBusk of Cross Cut at that time came for a hair cut before he became married that day. Twenty-six years later on December 12, 1923, his son, Clayton DeBusk, got his hair cut before his wedding that day, and two weeks ago the young Mr. DeBusk drove the distance from Dalon to get the last shave and haircut before Mr. Colvin closed his shop for the last time.
Mrs. W. T. Byrd has been ill the past several weeks and was taken to the hospital in Coleman last Saturday.
Miss Eureka Mountain, daughter of Mr. and Mrs. L. E. Mountain, became the bride of L. E. Brigg, Jr., of this place, at Abilene last Saturday. They are making their home in Burkett.
Mr. and Mrs. V. C. Adams are at Tucson, Ariz., where they attended the funeral of her father, F. H. Parker, who had suffered an extended illness before his death.
Cpl. Bill Moore, who is stationed at Dallas spent the week end here with his wife, the former Miss Catherine Herring.
Mrs. Deel Edington received a cablegram Saturday from her husband, who is stationed at Korea, China, stating he would sail May 30 for home. Corporal Edington has spent the past year on South Pacific Islands and in China.
Friends here are happy to learn that John Campbell has heard from his son "Too Little" Campbell of St. Louis.

who was rumored missing about two weeks ago. He is now stationed at Shanghai, China.
Mrs. Ruby Chambers and little daughter of Cross Cut visited in the Lee Henderson home during the past week.
Miss Bonita Mountain of Fort Worth spent the week end here with her parents, Mr. and Mrs. L. E. Mountain.
Miss Ruth Garner, daughter of Rev. and Mrs. F. O. Garner of Gustine, spent the weekend here with friends.
Mr. and Mrs. Bert Evans have as their guest their daughter, Mrs. Howard Chatham, and infant daughter of Abilene.
Guest in the home of Dr. R. F. Pearce last week and included Mr. and Mrs. L. R. Pearce and children of Bangs and Mr. and Mrs. Wade Pearce and son of Fort Worth.

CROSS PLAINS FEED MILL WILL INSTALL MODERN MACHINERY
New equipment has recently been received and will be installed at the Cross Plains Feed Mill within the next few weeks. The Review was told yesterday by Earl Caraway, owner. The new machinery consists of a one ton feed mixer, with which the firm will soon prepare its own feed, and a large 16-inch feed mill. Mr. Caraway is planning to enlarge his place of business as soon as the necessary building material can be obtained. He told the Review that he would buy grain this year.

HOLD THAT BLONDE AT PLAINS THEATRE SUNDAY AND MONDAY
Something new in comedy teams headed by the Plains Theatre when Eddie Bracken and Veronica Lake arrive next Sunday and Monday in Paramount's "Hold That Blonde!" Although Bracken and Miss Lake were together in "Out of This World" and "Bring on the Girls," this is the first time they are co-starred.
The story of Hold That Blonde concerns the doings of a rich kleptomaniac who always gets into trouble when he is caught putting back the things he has unwittingly lifted. Bracken plays the unfortunate millionaire.
Veronica Lake is seen as an unwilling member of a gang of jewel thieves. Her path crosses that of Bracken when she is on a forced mission to steal a fabulously valuable diamond. Bracken steps in, having fallen in love with her and refuses to let her go through with the theft. He insists on doing it himself. With the jewel thieves and the detectives on his trail, and Veronica on his mind, there would seem to be plenty of occasion for laughter.
According to advance reports, Hold That Blonde is one of the funniest pictures produced within recent months.

To Users of City Water, Gas And Sewer Facilities

Tuesday night while studying the annual audit of the City of Cross Plains, it was brought to the attention of the City Council that there are several consumers of water and gas who are permitting their bills to run delinquent for extended periods of time.

For the information of citizens in general it is pointed out that virtually no tax monies whatever are available for the operation of this municipality.

Cross Plains has been fortunate in that it has enjoyed one of the lowest gas rates in the Southwest for a number of years.

Consumers are requested to appreciate the problem with which the city council is confronted and comply with the aforementioned policy by remitting promptly for all utility services.

Something new in comedy teams is headed for the Plains Theatre when Eddie Bracken and Veronica Lake arrive next Sunday and Monday in Paramount's "Hold That Blonde!"

Yesteryear - - IN THE OLD HOME TOWN

Interesting items taken from files of the Review 20 years ago, under date of May 21, 1926.

New uniforms for the Cross Plains ball club are to arrive this week. With the organization perfected and in new suits, it will be a good bet that teams which beat them will have to be good.

Sunday the team went over and engaged the Putnam Spudders in a fast game and had the game won until last half of the ninth inning when the Spudders rallied and took the game by a score of 5 to 4. A return game will be played here Sunday week. The Rising Star team will be here this coming Sunday.

A half dozen new residences are now under construction here and a dozen more are to start within 30 days. That's better!

Mrs. R. J. Garner entertained at a charmingly appointed bridge luncheon at her home Wednesday, complimentary to Mrs. Harry E. Baker who leaves this week to make her home in Coleman. Covers were laid for eight and the color scheme of pink and white carried out with sweet peas. Favors were tiny pink suitcases with candy. Bridge prizes were won by Mrs. George M. Wilson and Miss Hamel Dorr.

Fire was discovered in a room at the Grace hotel Monday afternoon and there was quite a bit of excitement for a few minutes, but with prompt and thoughtful work on the part of the management and others who were in the hotel and adjacent buildings, flames were ex-

The Review is informed that Lee Barnett and Miss Zeina Grisson of Sabauvo were married Monday, May 10. We extend best wishes.

Mr. and Mrs. Henry Sendorf left Monday for Havana, Cuba.

Mr. and Mrs. Wm. Neeb, Mr. and Mrs. Sam Barr and Chas. Hempill and family were among those fishing last week.

Melms, Henderson, Long, Cavanaugh, Freeman, Eubank and Boden of Drossy were among those shop ping here last week.

The first Air Mail Service letter reaching Cross Plains was received by Grandma Kenady. It came in the first service of the recently established Chicago - Ft. Worth route and was from her son, Kernean, of Oklahoma City. The envelope bore a special air-mail-service 10c postage stamp and date indicated that the letter was mailed from Oklahoma City at 4:30 p. m., May 12, arriving here by train route service from Fort Worth at noon the next day.

George Erwin secretary of the Cross Plains Singing Convention, states that new song books have arrived and will be ready for use at the next convention meeting.

Mrs. Luke Westerman and children visited in Cisco this week.

Mrs. Lee Seward entertained a number of friends last Friday evening. Mrs. A. G. Crabb and daughter, Miss Vernie, were honor guests.

They plan to leave about June 1 to spend the summer in the northern states.

Will Thate's store at Burkett was entered Saturday night by burglars, who took all the sugar and meal in stock. Nothing else was disturbed, it was said.

Oak Lewis and son and Judge Harrell and mother motored to Brownwood Monday.

Dr. G. R. Lindley and family spent several days last week with Mrs. Lindley's parents in Mason county.

Mr. and Mrs. Orin Barr of Oplin spent the week end with relatives here and at Cottonwood.

Phil Anderson and family have returned to Cross Plains from Bertram and Phil will be associated with Orrell-Dobson Chevrolet Company as salesman. He was formerly with Higgenbotham's.

Will Butler spent last Sunday with his brother at Clyde.

Rev. W. J. Mahew of Haled will deliver the class address and award the diplomas to this year's graduating class at the Methodist church on the following Monday night.

Those graduating this year are Misses Yumette Sipes, Christine and Catherine McGowan, Velma Barr, Aleta Walker and one boy, Bailey Wilson.

School closes here Friday.

Chicken thieves have been operating here of late, and many chicken raisers are laying traps to catch the thieves—and when they do, the guilty party or parties are likely to face a serious charge. It may be a charge of shot—that would be more effective, so it would be best to catch the invaders and let the law mete out justice to them. G. E. Nicholson and Mr. Freeman who live in the northeast part of town, lost most of their flock last

4-H GIRLS GAIN POISE BY DEMONSTRATING USE OF DAIRY FOODS

Four girls are gaining self-confidence and poise through public speaking in the National 4-H Dairy Foods Demonstrations.

For their demonstrations, participants learn ways of utilizing and preparing dairy foods in relation to family dietary needs. They may select any dish or combination of dishes using milk, cream, cheese, or butter. Through showing others what has been learned they develop teamwork and sportsmanship.

Awards for exceptional demonstrations are donated by the Kraft Foods Company. They comprise silver and gold medals to each county champion individual and two-member team demonstrators, respectively. The state champion individual and team members, selected from the county winners, each receive a \$50 U. S. Savings Bond.

The demonstrations are conducted under the direction of the Extension Service of the State Agricultural College, the USDA cooperating.

Spare stamp No. 49 in Ration Book No. 4 is now good for five pounds of sugar beginning May 1. It will remain valid through August 31.

Statistics indicate that more than 1,000 sufferers of pneumonia annually in the United States would recover were they not addicted to tobacco.—Facts for Living.

BOYCE HOUSE
"Gives You Texas"

Texas had had many colorful figures on the bench—like Judge Roy Bean the saloonkeeper and Emanuel Dulbs the buffalo hunter—but history has rather slighted Colonel Smithers (we'll call him that), who was justice of the peace at Fort Griffin when that town was the liveliest spot on the frontier.

Justice Smithers was a former army officer. He held the rank of colonel during the war between the States, but with the close of hostilities he had to step back to his permanent rank as lieutenant. He came to Fort Griffin for a tour of duty shortly after the war and after a time resigned and settled down near the fort to make a home.

The judge was well regarded in the community and when the citizens came to see the need of a justice of the peace he was elected to office without opposition—and held the post until the fort was abandoned and the Griffin "flat" became a country village.

The ex-colonel, so say those who knew him, was one of the boys', always ready to take part in a game of chance, or go on the rounds of the saloons—and more than once, after a festive night, he appeared on his bench in the morning sporting black eyes and a swollen countenance. But this didn't, in the least, interfere with his administration of justice.

Sitting back in his chair, he would assess a fine on his comrades of the night before without the slightest hesitation, notwithstanding their looks of astonishment and their muttered comments. But they knew better than to protest too openly for the Colonel used more than law books to back up his decisions.

He kept in the pigeon holes of his desk—prominently placed so that all might behold—an ornate brass-barreled horse pistol and a long-bladed Turkish knife, and when the effects of too much fire-water made some of his defendants obstreperous, Smithers emphasized his decisions by letting his right hand rest near the butt of the pistol or the haft of the knife. It seemed that the weapons—commonly called "The Colonel's peacemakers"—had the desired effect for the justice never had to use them. The big horse pistol became almost legendary.

As one cowboy described it:—"The Colonel mows prairie grass for his hen nests with that gun. He just fills it to the muzzle with bird shot, then steps down into a gulch so that his arm can come on a level with the grass, then gives a sweeping motion as he pulls the trigger and down goes the grass."

Anyhow, such stories were told that none among those coming up for arraignment ever dared question the judge's ruling—especially after getting a glimpse of him sitting on the bench picking his teeth, as he sometimes did, with that terrible Turkish knife.

EAT MORE GARDEN FOODS SAYS COUNTY HOME DEM. AGENT

"A good way to help save food for shipment overseas is to eat more of the foods now in abundance", county home demonstration agent says in a few suggestions on preparation of the many vegetables on the market.

One of the vegetables in good supply is spinach—that green noted for its vitamin A. For spinach preparation Miss Allen advises cutting off the root before washing. Then using two pans of clear water, lift the spinach from one to the other until the leaves are free of all grit. Cook spinach in very little boiling water and in a covered pan over a low fire for 5 to 10 minutes until the leaves are tender. Some of the more tender leaves may be used raw in a salad.

Cauliflower, also in the plentiful vegetable list, is also noted for its vitamin C content—especially if eaten raw. The flowerlets add a color contrast to green salads or served with carrot strips and radishes, makes a good relish dish. As to cooking cauliflower, 10 to 15 minutes is sufficient. The shorter the cooking time the whiter the vegetable will be and the more food value saved.

Still another vegetable plentiful at present is celery. Two varieties now on the market, are Golden Heart, the bleached type, and Pascal, which is green in color. Pascal has gained popularity of late because it is more tender and less stringy. The inner branches of the stalk are good for out of hand eating or in salads. The slightly coarser outer branches are excellent in soup or in bread dressings with meat, or in combination with other cooked vegetables.

Some root vegetables in good supply are beets, turnips, and rutabagas.

H. D. AGENT DISCUSSES PRESSURE COOKER PANS

With pressure cooker sauce pans coming to the market, housewives may find it hard to decide what type to buy. Loreta Allen, County home demonstration agent, offers the following suggestions:

The advantages of cooking with steam are well known, says Miss Allen. It saves fuel, and meat and vegetables cooked under steam pressure can be cooked in about one fourth of the time it takes to cook them by other methods.

In buying a pressure sauce pan ease of operation is a primary consideration. It depends largely upon the seal—on the way the cover is closed so that it's steamtight.

In one type of pan on the market, the flexible lid is sealed with a spring. In another type a flexible band is used to clamp the lid to the pan. A third type is a bayonet type of lock. For sealing this type the handles must be brought into parallel position and locked with a slight turn.

Miss Allen says that either aluminum or stainless steel is satisfactory for a pressure cooker sauce pan. Any construction that makes the sauce pan hard to clean should be avoided. Where there's a rubber gasket, it should be resistant to cooking oils and fats.

If a utensil in which an entire dinner can be cooked at once is desired, a four-quart cooker will be adequate for the average family of four. If it will be used for meats alone or vegetables alone, a three-quart or smaller size will do.

Mrs. W. O. Smith was in Dallas on business this week.

Conor Elliott of Brownwood was in town Monday.

H. C. Freeman, Jr., was a business visitor in Ft. Worth last week.

Mr. and Mrs. Jack Whitehead have moved to Brownwood to make their home. Mrs. A. D. Smith purchased the house they were tenanting and will move it into Cross Plains.

CALLAHAN HAS MOST CASES MEASLES AND MUMPS IN DISTRICT

In a 12-county area clustered about Abilene 175 cases of communicable disease were reported by the Abilene-Taylor County Health Unit Saturday.

Measles were high in the list, with 58. Callahan county reported 30 of these. Mumps was a good second with 27 cases, with Callahan county again ranking top.

Mrs. Effie Gibson has gone to Odessa to visit her daughter, Mrs. Ray Huber.

Gib Sandefer— (Continued from page one)

Sandefer, a son of the late Dr. Jefferson Eric Sandefer, president of Hardin-Simmons University for 31 years, and of Mrs. Sandefer, virtually grew up on the campus of the institution his father headed for almost one third of a century.

In the years that followed Gib was business manager of the school's athletic program and as such was able to bring nationwide recognition to Hardin-Simmons University. He also was manager of the colorful Cowboy Band, and it was due to his genius in making the right "contacts" that the band toured 12 foreign countries on three continents, travelling some 500,000 miles spreading the tradition of the Texas cowboy in music and spirit.

After returning to this country, following overseas service, Gib made a 42-state tour for the War Advertising Council in behalf of the American Red Cross. In recent months he has continued to further his worldwide fellowship and educational ideas as a speaker for the National Dinner Clubs and the American Legion.

Speaking of the forthcoming campaign, Gib says, "It's going to be a pleasure to do business with the voters of the 17th district and I am looking forward to having a little fellowship with the people represented in these 12 counties."

Sandefer presents a concise, yet comprehensive platform for the consideration of the people of the 17th district. It follows: For GI Joe and his sister, Jane—the help and encouragement of a grateful country in every way that can be accomplished. For the "disabled": All they need, at whatever the cost.

For the farmer and stockman—a legislative program geared to their needs, responsive to their wishes, and guided by their advice and consent, administered as far as possible by the farmers and stockmen themselves. Through boards representing their local or regional interests.

For the small business man—Recognition as the mainstay of the American system, assistance and encouragement whenever he needs it, protection against the powerful forces that would destroy his existence, and a minimum of governmental interference in the conduct of his business.

For national defense—An adequate and alert military establishment, backed by continuing research and experimentation, offered and manned by professional soldiers, paid a decent wage, given an equal break in privileges, and made to feel that their career is as honorable as it is ancient.

Foreign affairs—The principle of the Golden Rule, extended to all nations, all-out cooperation with peace-loving people who desire only the rights of mankind and the enjoyment of peace and plenty.

Labor—Maintenance of the principles of collective bargaining, with a sharing of responsibility by labor, industry and government; the promotion of live-and-let-live attitude between capital and labor, with the rights of the public to be recognized and protected.

Ob—Continuance of the practice of conservation through cooperation of state and federal government, and the protection of the interests of the producer, landowner and consumer—which in the long run are identical.

Private enterprise—Government's chief concern should be to serve as umpire, to protect the young and the weak against the strong, the honest from the dishonest, and the good from the bad—with as little governmental control and regulation as possible.

CARD OF THANKS

We would like to take this method of thanking every one who was helpful and offered words of sympathy to us in our hour of bereavement at the death of our mother and sister. Harry and Homer Warren Velman Warren Mrs. F. M. Haddock Fletcher Richardson
