Coleman Production Credit Assn. Reduces Interest Rate

COLEMAN — The Board of Directors of Coleman Production Credit Association approved the reduction of the Association's interest rate from 7.75 percent to 6.50 percent, effective March 1.

Under the Association's variable interest plan, this means that the new rate will apply to all of the present loan balances as well as all new loans made after that date. President Charles R. Hickman states that this plan was adopted in 1968 so that interest rates could stay in step with the money market in New York City.

The Association borrows its money from the investing public and has to pay the "going" rate. "Due to the fine record of the Production Credit System, we are able to borrow ample funds at a reasonable rate of interest," Hickman adds.

"This flexible manner of borrowing assures the members that they will have money available at the lowest possible cost consistent with sound business practices," Hickman explains.

The Association has a loan volume of over \$5.5 million, with a net worth of \$1,064,000 and serves Coleman, Brown, Callahan, Taylor, Runnels and Concho Counties. The Association makes short and intermediate term loans on all types of agricultural operations to farmers and ranchers in its territory. Loans are made to cover operating costs, livestock purchases, improvement costs and intermediate term land loans.

With Hickman in the Coleman office as Vice President, Sammy D. Edgington; Mildred S. Kinney and Virginia Jackson. Members of the board of directors include Ernest T. Pitzer of Abilene, chairman; Wade Carter of Ballinger, vice chairman; Amos Porter of Blanket, R. E. Edgington of Cross Plains and Allen E. Turner of Whon.

At the Ballinger office are L. D. Hollingshead and Marjorie Wheeler. At the Abilene office is Katie Brown, and Mrs. Willie M. DeHay is at the Brownwood office.

Miss Debbie Hass, Baird, is the Callahan Co. Sheriff's Posse Queen of the RCA Rodeo. The queen candidates are being ac-

cepted by the queen chairman and Sheriff's Posse directors. No queen is selected for a riding club. Sweethearts are chosen by proper vote of Riding Clubs and they become eligible to run as Queens to reign over major show.

The Coleman RCA Rodeo in July follows the Baird Rodeo. The annual invitation received by the Sheriff's Posse Riding Club is always accepted, and plans were made for the ride from Baird to Coleman, with the usual camp-out on the Morris Ranch, near Jim Ned Creek. A committee met with Mrs. Morris prior to Sunday's meeting and Mrs. Morris stated the Sheriff's Posse Riding Club is always welcome.

The Junior Rodeo will be held the usual dates this fall.

Information will be available this Sunday regarding membership dues, uniforms, and any other information regarding riding clubs.

OFFICIAL PROCLAMATION

By
PRESTON SMITH
Governor of Texas

Austin, Texas

GREETINGS:

Special observance of increased emphasis on our education system has been marked annually for twenty-one years by a Public Schools Week in Texas.

During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our tomorrow's leaders with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

THEREFORE, I, as Governor of Texas, do hereby designate the period of March 1-5, 1971, as
PUBLIC SCHOOLS WEEK
In Texas.

(SEAL)

UNION USUALS and UNSUALS

Hi neighbor! How's the weather over you way? I tell you sure cold over this way. Rained some here last night, don't know how much.

Last Sunday afternoon, Ollie Burnam, Burette and Johnnie May Ramsey and Veda Yarbrough went over to Cross Plains to visit Aunt Annie Bishop. She was felling better she has the shingles, had them about two weeks. Hope she is feeling a lot better by now for those things are not very pleasant.

Last Tuesday, Louise Isenhower took a car load of women up

to see her mom and dad, Mr. and Mrs. Frank Allyn in Trent. Those going were Gertrude Petty and Dovie Pruet of Putnam, Fay Wood of Cisco, Ollie Burnam and Veda Yarbrough of Union community. We all took a covered dish, pie, cake, salads, relish and different other things to eat. Mrs. Allyn made a delicious rice and broccoli casserole and baked ham, and some real good green pinto beans, a delicious lemon pie and lots of other goodies. The Allyn's have moved into their lovely home from the ranch, into Trent. They have their yard ready for setting out shrubbery and planting flowers and sodding grass. They have such a lovely place.

Both Mr. and Mrs. Allyn underwent serious surgery during the time the house was being moved. Mr. Allyn is in his '80s, and Mrs. Allyn in her 70's, but now both are doing OK and are enjoying being in their new home in town. We really enjoyed being in the home of Mr. and Mrs. Allyn. They are wonderful people, and we wish for them many more happy years in their new home.

Spending the weekend with John and Roma McIntyre were Mr. and Mrs. E. E. Stagner of Levelland, and their son Mike of Austin. Mike is in college at Austin. They also visited a while with Veda Yarbrough.

Saturday afternoon, Roma McIntyre, Wilda Stagner and Veda Yarbrough went over to the Flea Market at Putnam.

Ollie Burnam had Sunday dinner with Mr. and Mrs. Jesse Overton and Uncle Tom Butler. Mr. Butler is home now doing very well. Some days he doesn't feel so good.

The Burette Ramseys had the 88 party Thursday evening. Present were Mrs. Emma Jean Allen, Mrs. Fred Bankston, Mr. and Mrs. C. H. Binom of Moran, Ollie Burnam and Veda Yarbrough.

Guess I better say good night.

The stars still shine on Texas

In the beginning, the stars shone all over America. Then something happened. As the air slowly got dirtier and dirtier, the day came when you couldn't see the stars. First in Pittsburgh. Then Los Angeles. Then New York. Then Detroit. Then Cleveland. But the stars still shine on

Texas. Because Texas air is clean. And at Lone Star, we're doing our best to keep it clean. One thing we're doing is supplying the cleanest burning fuel known to man. Pure natural gas. And we've equipped 400 of our service trucks to run on liquefied petroleum gas. (This means 97% less pollution than if these same trucks were running on gasoline.)

And we're going into factories and plants and working with manufacturers to develop incineration systems that will drastically reduce industrial pollution. The stars still shine on Texas. Let's all work to keep the stars in the sky.

National FFA WEEK February 20-27

involved in America's future

AGRICULTURE Is The Strength Of Our Nation..

FFA Week Feb. 20-27

Agriculture is our most vital industry, using more workers than the combined employment in transportation, public utilities, steel-making and the automobile industry. This shrinking number and proportion of our farm population has led some people to conclude that agriculture is of minor importance today.

- Such a conclusion overlooks the contribution agriculture makes to our nation.
- (1) American agriculture gives our people an abundant and nutritious supply of food at prices which are cheaper in terms of human effort expended than any other major country of the world.
 - (2) Our farm produce is important in the leadership role of building a better world and helping create political, social and economic structure suited to nations whose people desire freedom from oppression and want.

To attain this productivity has required sound agriculture education programs, not only for the farmers, but also for those who provide his production supplies and for those who transport, process and distribute the farmer's produce.

Vocational Agriculture and the Future Farmers of America organizations contribute substantially to this program.

Through study of Agriculture in High School, and participating in activities of the Future Farmers of America organizations, many members are preparing themselves for promising careers in farming and rural leadership, or in one of the many off-farm agricultural occupations. During this, National Future Farmer of America Week, we each salute these hard working FFA members, and extend best wishes to each of them for success and happiness in the agricultural occupation of his choice.

ORDER FOR CITY ELECTION
Clyde, Texas
April 3, 1971

I, G. E. Eager, Mayor of the City of Clyde, Texas, do hereby order that an election will be held in said City on the 3rd day of April 1971, for the purpose of electing two (2) Aldermen and a Mayor for said City.

In accordance with an order adopted by the City Council of said City, said election shall be held at the City Hall in Clyde, Texas.

G. E. Eager, Mayor

Deadline for City Offices
March 3, 1971 - 5:00 P. M.

Persons wishing to become candidates in the City Election to be held Saturday, April 3, 1971, have until March 3rd at 5:00 p. m. to file their names of candidates submitted to be printed on the election ballot, and must be accompanied by a petition with 5 percent of the number of voters in the last City Election.

Officers to be filled: Mayor, and Two (2) Aldermen.

The State law on City elections holds that "candidates names must be submitted to the City Clerk or Secretary at least 30 days before election day. The Secretary has a mandatory duty to have ballots printed not later than 20 days before election day."

If one primary election is held, which is true in Clyde's election, the only remaining method which a candidate may get their name on the ballot is to file as independent candidates.

Independent candidates names are filed through petitions signed by legally qualified voters equal in number to five percent of votes cast in the general City election.

G. E. Eager, Mayor

The program was titled "A Challenge to Laughter" - and it was just that. Roll call was answered with a funny story, or tale on a friend or self.

Following the program the annual creative auction was held. Each member brought an article either sewing, baking or crafts. A total of \$37.85 was collected.

A donation of \$10.00 was made to the new Junior High School Library, in honor of Public School Week.

Clyde Beta Club Holds Installation

CLYDE — Monday, the Beta Club Chapter held Spring installation for new members: Kathy Stacy, Candy Drake and Bobby Gray, senior; and John Bonine, sophomore.

The Beta Flight ceremony carried the Club Plane to the higher altitudes of cultural attainments as Scott Kniffen, flight captain, urged his crew and passengers to fly above the mediocre. He cited an instance when a rodent was known to be gnawing in a ship during flight. There was no time to try to locate the rodent, no place to land; the pilot knew that rodents live on the ground or under it and cannot tolerate the heights. He took his plane higher and higher, holding the ship there in the rarified altitude until he gnawing stopped. So those who set their goals high were urged to live above the obstacles that eat away at their talents and powers.

The Beta Club was honored with guest speaker, Karen Moss, a student at Hardin-Simmons, who gave an interesting "teletcast" on Venezuela. She had lived in Venezuela with her parents, who are missionaries, for 11 years.

The "flight" was concluded with refreshments served in the "air terminal" cafeteria.
