VOL. VII

CROSS PLAINS, TEXAS, FRIDAY, NOVEMBER 3, 1916.

NO. 35

INSTITUTE WEEK AFTER NEXT

The Callahan County Institute will meet here from Monday, Nov. 13, to Friday, Nov. 17, inclusive. Seventy or more teachers will be in attendance, and a few speakers besides. Private families will have to help the hotels take care of these people, and we suppose they are already making arrangements to that effect. Some of the most prominent educators of the State are on program, and the final arrangements for their being here have been made. Dr. Bressler of the Extension Department of the University of Texas, Dr. Musselman, editor of the Texas School Journal, R. B. Cousins, president of the Northwest Texas Normal at Canyon, W. H. Bruce, president of the North Texas Normal, and State Superintendent W. F. Doughty will lecture at various times during this week. The program as printed will not be followed as to some of these speakers, some of whom will be allowed to lecture at night in order that the people of the community may have a chance to hear them.

This is about the biggest thing that the town has had, so it is said, and everybody should do his part to make the stay of these teachers pleasant. Come out and hear the lectures that interest you. Some of these men are well known as lecturers, especially Dr. Musselman. All are the most prominent educators of the State, and of course are the ablest men to be obtained.

The women of the town who can take care of any of the teachers during the institute, will please notify C. C. Hampton, secretary of the new commercial club, as to what accommodations they can give, in order that the teachers may be located upon arrival.

COMMOTION

The Ladies of Cross Plains have been having what Uncle Ep Bond calls a commotion. He said he had eaten crackers two days in succession and he knew he would have to eat them the third day if things did not change. All on account of the coming to our town of Mrs. T. A. Randals (known throughout the country as "Aunt State") who is an old friend and neighbor of many years gone.

There were three cars loaded to their utmost capacity, and we made a raid on Mr. and Mrs. Willie Butler and how we did wish for all of the hungry folks to help us eat that dinner. It was elegant and a sight to see, and all so good.

In the afternoon we took leave of our estimable Host and Hostess, with many regrets because there were good things enough for supper and breakfast—but O, we could not stay.

We also stormed Mrs. Jim Coffman one afternoon and had toothsome refreshments that everyone enjoyed. Well I will say many of you know the pleasure it is to be entertained by Mrs. Coffman and Mrs. Butler.

Alexander Hamilton
First Secretary of the Treasury

When eleven years old he was put to work as errand boy in a bank. By study,

industry and thrift he learned the business, saved enough to make profitable investments, became prominent in the Revolution, signed the Declaration of Independence and was first Secretary of the Treasury.

If you are ambitious to get ahead in the world, begin by saving a part of your regular earnings, for money paves the way to the desirable things of life.

MOVING WATER PIPE

Drew Hill and Poley Williams, who have charge of the waterworks, under the orders of W. E. Spencer, owner of the system, are taking up about 10,000 feet of pipe preparatory to moving it to Rotam. Originally the town has had six miles of pipe but this 10,000 feet together with other pipe that has been removed before will leave us less than 20,000 feet.

Miss Wilda Shackelford of Putnam is here the guest of her brother Joe.

6858 BALES IN COUNTY

There was ginned in Callahan county prior to October 18, 1916, 6,858 bales of cotton, compared with 4,110 bales to same date last year.—S. E. Webb, Agent.

EVERYBODY BUYS A BUTCHER KNIFE

We sold 21 of our celebrated hand-hammered Butcher Knives last Saturday. The quality of these knives sell them. Come and get yours; you take no risk; every one guaranteed.

DELEON A PEANUT TOWN

W. A. McGowan was in DeLeon Tuesday. He says that town has bought more than 100 cars of peanuts to date, its record for one day being twenty cars. The price corresponded with that given there. Only 165 bales of cotton had been marketed. DeLeon claims to be the biggest peanut market in the State, and in the world, if we remember correctly.

IMPROVING HOME

J. W. Payne, public weigher-elect, is busy improving the house he lately bought on south Main Street, by adding a story and an extra room. He is giving the house a modern roof. He has moved to the place.

The Review and The Semi-Weekly Farm News for \$1.75.

HONOR ROLL

Jesse Copeland of Burkett last week paid for his Review. Jesse formerly lived just east of town and of course he finds The Review his home paper in a double sense.

J. T. Riggs of Burnt Branch last week paid for his Review and Dallas News. Mr. Riggs is in the peanut business this year, and says he has nothing to grumble at.

J. B. Ellis of Liberty has paid for The Review and Dallas News. He is well pleased with his new home near Liberty. His peanut crop, which is his staple crop, is good.

A. R. Harris of below Burkett was in town last Friday, and while here paid his Review considerably ahead. Arch has been taking this paper for three years, and we are glad to hold him as a reader.

Mr. and Mrs. Jim Cross of Burkett were in town last Friday. Mr. Cross paid for his Review while here. They formerly conducted the Central Hotel at this place. Mr. Cross planted only 20 acres in cotton this year, but picked seven and one-half bales, which is a fine yield.

R. Zircle of Burkett also remembered The Review on Saturday with subscription money, and said more would come later.

T. D. Pope of Dressy has paid for another year's Review to follow him to Stabro N. M.

J. C. DeBusk of Burnt Branch has paid for The Review, for himself and his father-in-law at New Waverly, Texas, also The Dallas News for himself. Mr. DeBusk says that the Review can tell more about this country than he can in letters. What is said in the paper about the crop, and conditions here is not exaggerated, he says.

Perry Boyle of Burkett is another new reader we are pleased to keep. Perry is a great reader of stories, read, paid for stories, not the kind The Review sometimes conveys.

J. K. Gafford of Cross Cut has paid for his Review and has our thanks. The Review thanks Mr. and Mrs. W. R. Wright of south of town, for cash on subscription for themselves and for their son, Rev. C. C. Wright of Wheeler, Texas.

Henry Thate, Sr., of south of Dressy, paid for his "several" year of The Review Monday, Mr.

NEW RECORD FOR ONE BALE

S. B. Webb, Uncle Sam, of Liberty, last Saturday sold a bale of cotton to Higginbotham's for the neat little sum of \$123.05 and the seed for \$26.95, making a total of \$150.10, the biggest total for cotton and seed so far reported. The bale brought but 18c per pound, and weighed 685 lbs. Uncle Sam is supposed to live in the weevil district, but a few bales like this would indicate otherwise.

T. D. POPE TO NEW MEXICO

T. D. Pope and family have chartered a car and were to have left yesterday for their new home at Stabro, New Mexico. Mr. Pope bought a farm in that state last summer before selling out here. His stock and household goods went in the car, he and his family going in his Ford. We are sorry to lose this family but wish them well in their new home. They have ordered The Review to follow them.

Chemical Constituents

The consideration of the Chemical Constituents of silage has been based almost entirely on its value for dairy stock. It must be remembered however that silage has proved equally good for fattening steers, sheep and hogs and in small quantities it takes the place of dry grain for horses. It is coming to be an all-round feed for the live stock on the farmer of the Progressive farm, even the hens like it and thrive on it.

Begin now Mr. Progressive farmer your plans for a Silo next spring or summer, we offer you the "Coos, all Heart Cypress" silo AS THE BEST.

Here's hoping that the professor defeats and jurist next week.

The San Angelo National Bank has employed an expert on farming for one year who shall give his entire time to the subject of farming in Tom Green County. His services are always to be at the command of the farmers.

Halloween has come and gone, Goblins, hobgoblins, ghosts, spirits and chimeras dire were omnipresent on the night of the 31st. Those who are more or less abstracted who went out on the streets that night got some pretty good surprises, if not scares.

Remember the election on Saturday, Nov. 7, a date fast approaching. Friends of the administration will do well to see that all Democrats come out and vote. Locally, the bets are two to one in favor of Wilson. This is figurative, no bets have been made, but Wilson has that advantage over Hughes, in the estimation of voters.

As far as Cross Plains is concerned, king cotton has abdicated and the erstwhile lowly peanut has taken the throne. A number are speculating in the nut. Every available building has been requisitioned for warehouses for its storage. The daily or hourly fluctuations in its price are watched with the usual interest given to the cotton market.

The bloody European war goes on apace with victory leaning to the side of the Central powers in the Balkans the last two weeks. The Roumanians and the Russians, who have been trying to come their aid, have been receiving some pretty hard knocks at the hands of two armies, composed of Germans, Turks, Bulgars, and Austrians, under the command of two great German generals, Falkenhyn and von Mckenson.

We know a few in this country, and they are prosperous, who have always kicked against the times, saying they were hard. Their faces have become elongated and their digestions disordered, such is the effect of the mental attitude on the body. But they have had to give it up this time; temporarily they see the good of life. There are no grouches now; at least, we fail to recognize them in passing.

The people of Cisco, Rising Star, Baird and other near-by towns seem to have awakened to the value of good roads, good roads meetings being a common occurrence with them. Baird and Cisco think they can, or may get on the Automobile Highway from Fort Worth to El Paso. Their location logically puts them on the route, and though Cross Plains is thirty miles from the proposed route we hope these towns get it. Probably when we get through with marketing our various big crops this year we can take up the subject of roads. Every man in town and the country is too busy just now with his peanuts, or the sowing of his fall wheat and oats to think of anything but his work.

If there is ever was a time when the Democrats could hope for victory with the G. O. P. undivided, this should be the time. A Democratic administration, for the first time in years, has been unusually blessed with prosperity; people used to believe that Republicanism and prosperity were synonymous, that Democracy and good times were antonyms. This old superstition has been exploded in the Wilson administration. The country is rolling in wealth; business men are pleased, and no one knows that a change could make things better but possibly worse. 'Tis a bad policy to swap horses in mid stream, so Abraham Lincoln said.

HOUSE JOINT RESOLUTION NO. 30

The Review is in receipt of a good article from J. F. Boren, superintendent of the Baird schools, on House Joint Resolution No. 30, but as this article has about the same purport as the one Mr. Gantz had in The Review last week and as its length was rather prohibitive, we have left it out. The adoption of this amendment will not put a tax on any community or county the privilege of voting a tax of \$1.00 on the \$100.00 valuation. Those that believe in letting one community or county determine what is best for it should certainly vote for this amendment. Oklahoma has a limit of \$1.50, Louisiana \$1.60, New Mexico \$1.00, Texas should have at least \$1.00; she now has 50c. Vote for the education of you children and posterity. Remember that a vote for education cannot be wrong; to vote against it may be a civic and a moral wrong.

OFTEN LOST SIGHT OF

We call attention to a few of the points that are often overlooked when selecting a school to attend.

System Of Shorthand: Most schools teach the old Pitman system which was published in 1832. The Tyler Commercial College teaches the famous Byrne Simplified, which is a modern system that produces greater speed and accuracy than any other system and in less than half the time. We give the student the choice of writing the Byrne Simplified with a pencil or on the typewriter. When written on the typewriter, we call it Steno-typewriting. Steno-typewriting is the stenographic marvel of the age. It is printed shorthand.

Systems of Bookkeeping: most schools teach a theory course the student reads about what someone else has done, and posts his work theoretically. The students of our school have to transact every item of business for which they make an entry, they learn to do by doing; they buy and sell goods, write deed, mortgages, drafts and all kinds of commercial papers, ship goods just as they would in actual business life. They not learn a only thorough course of Bookkeeping, but they obtain a practical business training as well, this business training is worth as much to them as a course of bookkeeping, and it costs nothing extra.

Positions: We secure positions for every worthy graduate; we fully realize that practically trained students, placed in good paying positions are the strongest advertisement a school can put out, and that this kind of advertising brings in over 75 per cent of our new enrollments.

Write the Tyler Commercial College, Tyler, Texas, for large free catalogue, giving facts and figures that will convince you of the wonderful cash producing education given by this America's largest business training school.

She professed religion at sixteen years of age and joined the Methodist church.

She was married to J. S. Ray December 28, 1864, in Heard County, Georgia, who survives her.

To this union were born ten children, all of whom survive her. They are: Mrs. T. F. Mercer, Atwell, Texas, Mrs. Idella Tierney, Gorman, Texas, Mr. W. J. Ray, Band, Texas, Mrs. G. T. Wright, Scranton, Texas, Mrs. W. R. Bridges, Post, Texas, Mr. J. H. Ray, Ashland, Oklahoma, M. H. Ray, Cottonwood, Texas, Mrs. R. M. Strayburn, Clyde, Texas, Mrs. W. J. Glenn, Oplin, Texas, Mr. M. F. Her remains were laid to rest in the Cottonwood cemetery Oct. 19, 1916, Rev. C. C. Andrews conducting the funeral services.

While heads are bowed with gray they are also bowed to the will of Him, who doeth all things well. And our hearts are cheered with the thought that the loss is her eternal gain.—Rep.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give
