FIGHTS BOLL WEEVIL

J. H. Bowman who is making a crop on Mrs. W. R. Irving's farm four miles northeast of town had last week picked four bales of cotton off fifty acres of land, and states he will make as many more. Mr. Bowman last year near the Star gathered about 11 bales off sixty acres in the weevil-infested country. His yield this year is indeed light, but when it is recalled that some of his nearest neighbors will not make scarcely anything his crop looks goods. He says that he came from Central Texas where the weevils have been prevalent for some time, and that he knew something of the methods used in combating them. He plants in March if possible, but this year on account of the cold weather he did not plant until the 14th of April, finishing on the 16th. He advises continual plowing and the use of posion and the picking off and destroying of affected forms and bolls. Everything must be done to fight the weevil and everything helps. If he could have continued to plow after the rains in August, he states, that he believes he would have made seven more bales. Our rains came the 9th of August at which time he had 25 bales of torma on his cotton.

The coming year he will work P. Smith's farm just north of town. He means to plant only 20 acres to cotton and will use every means to defeat the purpose of the weevil, stating that he saw no reason why he should not make 10 bales off 20 acres. 10 bales off 20 acres will be as easily made and gathered as 10 off 50, for while the 20 acres intensely cultivated will require about as much work as the 50 acres under the old regime, the 20 acres of cotton will be much easier picked. Those who for any reason mean to raise cotton in the weevil-infested district (and what districts are not infested?) next year, might do well to study Mr. Bowman's methods.

OIL WELL ASSURED

Sufficient Leases Almost Secured To Begin Work At An Early Date.

J. M. Houghland of Chicago, who is representing a well-known and responsible oil firm, and who has been working here for the past thirty days or more securing oil and gas leases, states to The Review that he lacks but little having leased a sufficient amount of land to begin drilling for oil in the near future. His people are to begin operations within a certain length of time, and he says that they stand ready to put down the test well, as per agreement, just as soon as their crew which is now busy at another place can finish and get here, which will be from 60 to 90 days. He is well pleased with the way land owners of this section are taking to the proposition. His is the fairest

BIG CROPS GENERALLY

Texans and citizens of all other states should be prosperous this year. Our cotton crop may be short, but that means that, under the circumstances, we will get more clear money out of it than we got out of it in 1914. The Government Crop Report, under date of Oct. 7, gives some unusually interesting figures on the crops for Texas and the United States. This year's yield, according to the Government estimate, exceeds that of last year in corn, wheat, and oats. In potatoes the U. S. last year made about 38 millions more bushels than in this year, while Texas is making 16 millions more bushels than in 1914. Price, Oct. 1, to producers, 105 cent as against 113 cents last year.

Expressed in millions the estimates are as follows:

Corn—State: October 1 forecast 176, bushels; final estimate last year 125, bushels; price, October 1, to producers, 62 cents; year ago, 79 cents.

United State: October 1 forecast 3,030, bushels; final estimate year ago, 2,673, bushels; October 1 price, 70.5 cents year ago, 78.2 cents

Wheat—State: Estimate this year, 21, bushels; final estimate last year,

The World in Epitome Shown by Displays in the Vast Exhibit Palaces at the Panama-Pacific International Exposition.

Today the great Panama-Pacific International Exposition at San Francisco is being widely exploited throughout the world by the millions of sight-seers who have visited the exposition since its opening on February 20th last as the most beautiful, comprehensive and interesting universal exposition that the world has ever known. The wonderful exhibit palaces house the treasures of the earth, while the grounds, planted to millions of rare bulbs, are a gorgeous mass of color and fragrance. To the visitor entering the gates for the first time, either by night or day, the scene is certain to hold the newcomer spellbound, as the vast panorama unfolds bit by bit before the gaze and the eye wanders from one beauty spot to another in an endless chain of amazing surprises. Entering the main gate at Scott street, for instance, the visitor sees the great Fountain of Energy directly before him, its giant sprays sparkling and flashing in the light of the warm California sun by day, or assuming the appearance of masses of flowing flames by night under the powerful beams of the great batteries of searchlights trained upon this work of art. As the spell is lifted the eye falls upon the Tower of Jewels, the great center piece of the exposition, and again attention is arrested until the eye has conquered the dizzy heights of this gem-studded tower every cornice and figure sending forth its share of dazzling lights.

The world's advance in all branches of art, science and industry is amazingly portrayed in the exhibits. Among the electrical exhibits, for example, is the Audion amplifier, invented by Lee De Forest. Through this invention the visitor in the Liberal Arts palace is enabled to converse over the long distance telephone with his relatives at the farthest section of the Atlantic coast and may hear the voice of the speaker in greater volume than was actually given into the transmitting telephone. The intensity of the sound is increased by passing through heat waves. Today it is possible for an orator in New York city to address through the telephone a large audience at San Francisco, the sound being increased so that it is of power great enough to fill a large hall. This single advance in the development of the telephone is paralleled in hundreds of other lines. The railroads have made low round trip rates and ample and reasonable accommodations are to be had in San Francisco and the adjoining cities.

ARTS AND CRAFTS OF 10,000 YEARS AGO SHOWN IN THE TEHUANTEPEC VILLAGE AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION

The Tehuantepec village on the Zone at the Panama-Pacific International Exposition is a bit of the oldest civilization of the world brought to San Francisco from the country of the Aztec ruins in Central America. Beautiful carpet weaving is shown, together with onyx cutting, clay and wax modeling, ancient dancing and singing, pottery making and coloring and other arts characteristic of the people. A typical garden is open to the visitor in the concession in which is to be seen the landscape art of this people.

LIBERTY BELL AT COTTON PALACE

Famous Relic Will Be Exhibited At Waco, November 17

LAST CHANCE TO SEE BELL

Will Be Kept in Philadelphia After Return From Present Trip—Woman's Day on Same Date.

Waco, Texas—The famous old Liberty Bell whose iron tones announced the adoption of the declaration of independence away back in 1776, will be in Waco on Wednesday, November 17. That will also be Woman's Day at the Cotton Palace. The double attraction of having the Liberty Bell here and the festivities of the ladies all on the same day, will bring a record-breaking crowd from all parts of the State. Every man, woman and child in McLennan and adjoining counties will want to see the most celebrated bell in the world. This will probably be the last opportunity they will ever have of seeing the bell. It has been practically decided when it is returned to Philadelphia from the Panama Exposition not to allow it to go on another trip.

The bell is transported on a specially constructed car and is in charge of a corps of the largest policemen in Philadelphia.

It has been suggested that all public schools in McLennan and adjoining counties be closed on that day so that the children will have a chance to see the most wonderful relic in America.

The general dimensions of our beloved relic are: 12 feet circumference around the lip, 7 feet 6 inches around the crown; it is 3 inches thick in the part nearest the lip and 1 1/4 inches thick in the thinnest part nearest the crown. The clapper is 3 feet 2 inches long. The entire weight is 2089 pounds.

Don't fail to visit Waco on Wednesday, November 17, and see this rare relic.

FIFTEEN THOUSAND WOODMEN EXPECTED.

Biggest W. O. W. Rally Held in Texas Scheduled for Thursday, November 18, at Cotton Palace, Waco.

Waco, Texas—Preparations are being made for the biggest W. O. W. rally at the Cotton Palace on Thursday, November 18, that has ever been held in Texas. Members of the Woodmen of the World from all parts of the state will be present. From present indications it is estimated that over 15,000 members of that order will be here. The railroads have made exceedingly low rates for the boys, and they are arranging to run special trains to suit their convenience. Special trains have already been arranged over the Santa Fe from Cleburns and over the Cotton Belt from Tyler. Others will be announced later. These trains will leave Waco in time for the visitors to get back home in time to be on the job the next morning.

Choppers, forget your troubles. Come out for a day at the South's Most Unique Exposition. Meet your own "Texas" Will Fraser, the head of the Perfected Woodcraft, Sovereign Banker Senator Morris Sheppard, Mrs. Emma Manchester, Supreme Guardian, and Miss Dora Alexander, Supreme Clerk of the Woodman Circle; Head Consul and State Manager, R. H. Mc Dill, Jurisdiction of Texas, and the rest of the men and women who have made our great order and its auxiliary.

All members of Woodmen bands and members of the Uniform rank, if in full uniform, will be admitted free to the Cotton Palace grounds on November 18th.

Come see the team contest and especially the W. C. Field Drill, hear the speeches, get new enthusiasm in the cause of Woodcraft. Attend the receptions to the Sovereign Commander and Supreme Guardian, the two persons who more than any others have been responsible for the growth of the order. Witness the regimental drill of the Third Regiment.

Big street parade at 11 o'clock in the morning. This will be one of the features of the day. Parade will assemble at Eighth and Washington streets.

Never in the history of Woodcraft have more valuable cash prizes been offered than will be given this year by the Cotton Palace management. The prizes are as follows:

For best field drills by Uniform Rank companies: 1st prize, \$75.00; 2nd prize, \$50.00; 3rd prize, \$30.00; 4th prize, \$20.00.

For Uniform Rank Bands: 1st prize, \$100.00; 2nd prize, \$50.00; 3rd prize, \$25.00.

For Camps of the W. O. W. having largest number of members in line of march and attending Cotton Palace: 1st prize, \$25.00; 2nd prize, \$15.00; 3rd prize, \$10.00.

For the Camps of the W. O. W. having largest per cent of membership in line of march and attending Cotton Palace: 1st prize, \$25.00;

2nd prize, \$15.00; 3rd prize, \$10.00.

For the Groves of the Woodmen Circle giving exhibition drill: 1st prize, \$30.00; 2nd prize, \$20.00.

Camps entering for largest attendance and largest per cent members in line and attendance, notify in writing by Nov. 17th, giving number of Camp, location of Camp, number of members reported from Camp on report for October. Send notice to J. D. Alexander, State Field Man, W. O. W. Address Waco, Texas, Box No. 863.

J. A. MOORE, Sheriff.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable

Callahan County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Callahan, if there be a newspaper published therein, but if not, then in any newspaper published in the 42nd judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 42nd judicial district, for four weeks previous to the return day hereof, Clifton L. Vigil, whose residence is unknown, to appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Callahan at the Court House thereof in Baird, Texas, on the 8th day of November, A. D. 1915, then and there to answer a petition filed in said court, on the 24th day of Aug., A. D. 1914, in a suit numbered on the docket of said Court No. 1253, wherein W. A. Gilliland, Plaintiff, and Clifton L. Vigil, defendant. The nature of the plaintiff's demand being as follows, to-wit:

That on or about the 21st day of August, A. D. 1914, he was lawfully seized and possessed of the following described land, situated in the County of Callahan, State of Texas, holding and claiming the same in fee simple, to-wit: 100 acres of land out of subdivision No. 6, of the George M. Vigil survey, No. 798, abstract 523, patented to the heirs of George M. Vigil, on May 23rd, 1861, by patent No. 477, Vol. 12, Bounty Warrant No. 1323, described by metes and bounds as follows: Beginning at the northeast corner of said G. M. Vigil survey No. 798, thence south 1002 varas to the place of beginning for this 100 acre tract; thence west 563 vrs. to corner; thence south 1002 vrs. to corner; thence east 563 vrs. to S. E. corner of said subdivision No. 6, same being the S. E. corner of this tract; thence north 1002 vrs. to the place of beginning, containing 100 acres of land, more or less.

2. Plaintiff alleges that he has had and now holds peaceably the land claimed, and adverse possession of the same, using and enjoying the same for a period of more than ten years, after defendant's cause of action of right to said land, if any, they have, accrued, and before the commencement of this suit.

3. Plaintiff further alleges that he has claimed said land and premises under deeds duly registered in the Deeds Records of Callahan County, Texas, and has had peaceable, continuous and adverse possession of the land and tenements hereinafter described, using and enjoying the same and paying all taxes due thereon, for a period of more than five years after defendant's cause of action or right to said land, if any, he had, accrued before the commencement of this suit, said land and premises so claimed and held by this said plaintiff being described by metes and bounds as follows: Beginning at the northeast corner of the said G. M. Vigil survey, No. 798, abstract 523, by virtue of Bounty Warrant No. 1323, and patented to the heirs of George M. Vigil on May 23rd, 1861, by patent No. 477, Vol. 12, thence south 1002 vrs. to the place of beginning for this 100 acre tract; thence west 563 vrs. to corner; thence south 1002 vrs. to corner; thence east 563 vrs. to the S. E. corner of subdivision No. 6, of the said G. M. Vigil survey, and being the southeast corner of this 100 acre tract; thence north 1002 vrs. to the place of beginning, containing 100 acres of land, more or less.

4. This defendant, Clifton L. Vigil, is asserting or claiming some adverse interest or claim to said land and premises, which is a cloud on plaintiff's title.

5. This action is brought as well to try title as for damages.

6. Wherefore plaintiff prays the Court that defendant be served with notice of the filing of this suit as required by law, and that he be compelled to answer this petition; that on final hearing hereof he have judgment for the title to the above described tract of land and premises, and for damages and costs of suit, and for such other and further relief, special and general, in law and in equity that he may be justly entitled to, etc.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Baird, this, the 10th day of Sept., A. D. 1915.

THE STATE OF TEXAS, To the Sheriff or any Constable of Callahan County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Callahan, if there be a newspaper published therein, but if not, then in any newspaper published in the 42nd judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 42nd judicial district, for four weeks previous to the return day hereof, Clifton L. Vigal whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Callahan at the Court House thereof, in Baird, Texas, on the 8th day of November, A. D. 1915, then and there to answer a petition filed in said court, on the 24th day of August, A. D. 1914, in a suit numbered on the docket of said Court No. _____, wherein E. B. Gillet, plaintiff, and Clifton L. Vigal, defendant. The nature of the plaintiff's demand being as follows, to-wit:

That on or about the 21st day of August, A. D. 1914, he was lawfully seized and possessed of the following described land and premises, situated in Callahan County, Texas, holding and claiming the same in fee simple, to-wit: 92 acres of land out of Subdivision No. 6, of the George M. Vigal Survey No. 798, Abstract No. 523, patented to the heirs of George M. Vigal on May 23rd, 1861, by patent No. 477, Vol. 12, Bounty Warrant No. 1328, described by metes and bounds, viz: Beginning at the Northeast corner of said G. M. Vigal Survey No. 798, thence south 1002 vrs. thence west 563 vrs. to the place of beginning of this tract; thence south 1002 vrs. to corner; thence west 518 2-3 vrs. to corner of subdivision No. 6 of the Vigal survey, and being the southwest corner of this tract; thence north 1002 vrs. to the northwest corner of the subdivision No. 6 of the G. M. Vigal survey; thence east 518 2-3 vrs. to the place of beginning, containing 92 acres of land, more or less, and

Plaintiff alleges that he, and those under whom he holds title, claiming to have good and perfect title to the land above described, has had and held peaceably the land claimed, and adverse possession of the same, cultivating, using and enjoying the same for a period of more than ten years after defendant's cause of action or right to said land, if any they have, accrued, and before the commencement of this suit.

Plaintiff further alleges that he, and those under whom he holds title, claiming to have good and perfect title to the land as above described and being the same tract hereinafter described, and says that he and those under whom he claims and holds title, and now holds title to said land under

deeds duly registered in the Deed Records of Callahan County, Texas, and has had open and peaceable possession, and continuous and adverse possession of the land herein mentioned, using and enjoying the same and paying all taxes due thereon, for a period of more than five years, after defendant's cause of action or right to said land, if any he had, accrued before the commencement of this suit, said land and premises being described as follows: Being a part of subdivision No. 6, of the George M. Vigal survey No. 798, Abstract 523, patented to the heirs of George M. Vigal on May 23rd, 1861, by patent No. 477, Vol. 12, situated in Callahan County, Texas, and described by metes and bounds as follows: Beginning at the northeast corner of said G. M. Vigal survey No. 798; thence south 1002 vrs. thence west 563 vrs to the place of beginning of this tract; thence south 1002 vrs to corner; thence west 518 2-3 vrs. to corner of subdivision No. 6, and same being the southwest corner of this tract, and also the S. W. corner of subdivision No. 6; thence north 1002 vrs. to the northwest corner of said subdivision No. 6, and also being the northwest corner of this tract; thence east 518 2-3 vrs. to the place of beginning, containing 92 acres of land, more or less.

That the defendant, Clifton L. Vigal, is asserting or claiming some adverse interest or claim to said land and premises, which is a cloud on plaintiff's title to said land, as above described.

This action is brought as well to try title as for damages.

Wherefore plaintiff prays the court that defendant be served with notice of the filing of this said suit, as required by law, and that he be compelled to answer this petition; that on final hearing hereof, he have judgment for the title to the above described land, and premises, and for damages and costs of suit, and for such other and further relief, special and general, in law and in equity that he may be justly entitled to, etc.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Baird, Texas, this, the 10th day of Sept., A. D. 1915. A. R. DAY, Clerk District Court, Callahan County, Texas.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Came Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Married

G. J. Zeissel of Knox County and Miss Mary Hanke, daughter of Mr. and Mrs. A. Hanke, a well known family living three miles south of Dressy, were married at the home of the bride at 9 a. m., Tuesday, Oct. 5, a Catholic priest of Ballenger performing the ceremony. We understand the ceremony was after the manner of the Germans, the contracting parties being of German nationality. Quite a few of the friends of the Hanke family in the neighborhood and Cross Plains were present, as well as were Mrs. Katie and Lizzie Zeissel of Knox County, mother and sister of the groom. The young couple, accompanied by the mother and sister of the groom, left Saturday for their home at Munday, where Mr. Zeissel is a prosperous farmer. On account of not having the particulars we are a week late reporting this event. We are, however, sincere in wishing them many years of happiness.

BURNT BRANCH NEWS

A light rain fell here Monday night.

Nearly all our farmers are ready to go to breaking land for another crop, as there was very little cotton made in this section.

J H Warren is still busy at the sorghum mill. He had fine cane and is making some very fine syrup.

R C Hightower and children have gone out near Trent to pick cotton.

Mrs. F A Warren has leased her tract of land, formerly held by Henry Harris, to Lee Payne. Major Payne is building a nice two-room house on same to be occupied by Will Drury and wife. Lee will stay on the Martin Jones farm.

Whit Narron has moved from the Duncan farm to the Lee Morris farm recently vacated by Drew Meriman, who has gone west.

Willie Riggs moved Tuesday to Coleman county near Novice.

Willie Drury and sisters Misses Etta Mae and Mary Lee returned Saturday from a cotton picking trip.

J C Ford has a child right sick with bronchical trouble.

Henry and Ernest Riggs and Echols Ford returned Saturday from a cotton picking trip. The lost mentioned and Frank Drury left Sunday in Frank's car for appointments west.

Cheap Paint

There are 1000 "cheap" paints and a dozen really cheap ones.

That double word "cheap" is the cause of wasting more money than good paint costs, two or three times over.

Cheap paint is good paint; there is no other; no other is cheap.

The two words sound alike but their meanings are opposite. "Cheap" costs double. Cheap is Devoc.
