CROSS PLAINS, CALLAHAN COUNTY, TEXAS

Local School Band Goes To San Angelo Contest This Week

Director Wendell Willis will take his Cross Plains high school band, drum major, majorettes and bag bearers to San Angelo this week end to compete in the regional music festival of the Texas Interscholastic League.

The 42 piece marching band will compete with other one year organizations throughout the region, including such organizations as: Big Spring, Gorman, Lorraine, Mollie and Hamlin.

Judging will be by points in various phases of competition rather than an all-around championship. All phases of each band's performance will be judged and criticized by competent authorities. Willis explained to the Review.

Students who will make the trip to San Angelo are: Bobbie Wright, D. T. Crockett, Benny Ray Glover, Bill Chapman, Norman Vaughn, Dorothy Montgomery, Carolyn II. Worth, Lahoma White, Billie Taylor, Billy Wright, Martha Martin, Sara Austin, Carl and Charles McCord, Betty Jo Montgomery, James Barnard, Ruth McCall, Glendora Raughton, Jimmie Lane, Peggy Miller, Jackie and Jimmie Paulk, Mary Lamanack, Bobby Souder, Gene Greenwood, Tommy Clifton, Billy Sam Schaffner, Tommy Van Pel, Morris Cavanaugh, John Wagner, Charley Javens, C. W. Bell, Marcille Rich, Mary Ada Cavanaugh, Barbara Ramsey, Joan Hall, Shirley Moore, Willie Jean Wright, Barbara Hutchins, Emma Dee Worthy, Ann Baum and Marie Smith.

Meeting Of Lions Delayed One Week

Regular semi-monthly meeting of the Cross Plains Lions Club, originally scheduled to be held Thursday night of this week, will be delayed until Thursday night of the following week, May fourth, the Review was told yesterday.

More Apply For Soil Conservation Benefits This Week

O. B. Fortune, B. B. Huntington, and W. L. Lawrence have recently made application to the Central Colorado Soil Conservation District for assistance from the Soil Conservation Service.

Mr. and Mrs. Jim Will Wilson, of Houston, plan to move to Cross Plains soon after May 15. He will be engaged with his father, Olan Wilson, in stock farming here.

"DUB" McCLURE SENDS \$100 TO HELP SECURE FIRE FIGHTING EQUIPMENT

Cross Plains volunteer fire department was ready to abandon efforts to secure rural fire-fighting equipment this week, until W. T. (Dub) McClure, one of Callahan County's largest land owners who operates a machinery business in Abilene, sent word that he'd give \$100 on the proposition and asked Fire Chief V. C. Walker to "continue the campaign".

"Get you a petition and see all the rural people in that area," McClure urged, "nearly everyone will want to help; who knows when the equipment will be needed and where".

At present the local fire department is restrained from taking the hose truck and equipment from the city limits.

30 New Homes Will Go Up In Cross Plains

A new addition, expected to accommodate more than 30 new homes, was assured for Cross Plains this week as the Key City Builders, of Abilene, bought 15 acres and took option on five more, along the northwest edge of the city. Construction will likely get underway within three weeks, the Review was told by George Steakley and C. E. Bentley, president and secretary respectively of the Abilene concern.

A contest is being launched this week for a name for the new sub-division. \$100 worth of electrical appliances will be given the person submitting the winning name. The prize will be increased to \$200 if the winner becomes a property owner in the new addition. Anyone may enter, merely by submitting the name in writing. Entries will be accepted at the Review office, however, they must be in a sealed envelope.

The following persons have been named on a committee

to choose the winning entry: Mrs. Fred Cutbirth, Mrs. A. C. Evans, Mrs. Mark Adair, Mrs. Oscar Koenig, Mrs. Roy Arrowood, J. M. Greenwood and S. F. Bond.

Purchase of property on which the sub-division is to be located was completed Monday afternoon between Steakley and Mr. and Mrs. S. O. (Olan) Montgomery.

Steakley told the Review that arrangements are being made to secure either FHA or GI loans for those who wish to build homes in the addition.

At present the site lays just outside the city limits, however, an agreement has been reached between city officials and the Abilene men whereby it is to be annexed and all city utilities extended to the area.

It is possible that as many as 50 houses will be built, depending upon the demand, and the first several units will probably be started before sales are completed to prospective home owners.

72 Get Diplomas In School Exercises To Be Held Next Month

Seventy two students will receive diplomas during commencement exercises at Cross Plains schools next month. 52 will receive certificates from grammar school and another 20 will get high school diplomas.

Just before going to press the Review learned that average grades had been figured for all candidates for graduation and that Cecil Barton will be valedictorian of this year's class. He nosed out Mary Alice Applin for the distinction with an average of 91.40, as compared with her's of 90.04.

Valedictorian and salutatorian of last year's graduating class were Marie Havens and Patti Sue Huntington respectively, however, in 1948 the honors went to two boys, Robert Smith and Roger Williams.

Students who are to graduate from high school are: Mary Alice Applin, Ellawayne Byrd, Betty Jo Mayhew, June Morgan, Gale Murphy, Peggy Rhymes, Jean Smith, Doris Tension, Wanda Weaver, Bobbie Wright, Juskana Graves, Cecil Barton, A. W. Booth, Clarence Carter, Keith Coburn, Clyde Coggin, Jr., Eugene Grider, Jr., Billy Pancake, James Paige and Billy Wright.

Candidates for grammar school graduation are: Lois Bellar, Katy Bryson, Bonnie Cowan, Ruby Jean Dillard, Louise Falkner, Ileen Foster, Shirley Freeman, Mildred Gage, Ruby Green, Venita Jo Golsen, Corene Jones, Billie Ann Kilgore, Neva Luster, Delma Jean Luttrell, Betty Jo Montgomery, Peggy Miller, Joyce Neeb, Delma Jean Newton, Jackie Paulk, Rosa Pierce, Wilda Queen, Marcille Rich, Vivian Robinson, Barbara Watson, Billie Ruth Woody, James Barnard, Kenneth Beeler, C. W. Bell, Earl Brown, Gene Bush, Billy Busby, Leonard Bodine, Arthur Coats, Leonard Coffey, Joe Coppinger, D. T. Crockett, Edwin Franke, Harold Dean Hinkle, James Oscar Koenig, Carl King, George Lowry, Weldon Newton, Gorman Parrish, Jimmy Parson, Billy Sam Schaffner, Tommy Smith, Kenneth Tension, Clarence Wilson, Elzie Wilson, John Wagner, Benny Ray and Sammy Hill.

Beautiful Patch Of Blue Bonnets Can Be Seen At Rouse Home

Most Texans agree that there are no prettier flowers than blue bonnets, the state wild flower, but one Cross Plains home offers something entirely different in this line.

At the home of Mr. and Mrs. W. C. Rouse in the southeast part of town a number of red flowers have been planted at intervals throughout a beautiful blue bonnet patch. The effect is that of a bouquet.

Local Phone System May Be Sold Soon

Reports to the effect that the Home Telephone & Electric Company's exchanges in Cross Plains and Rising Star had been sold to a Fort Worth man were unconfirmed Wednesday, however, it was understood that a transaction is now in the making and may be completed within a week or 10 days.

E. O. Kizer, who is considering the purchase, and Frank Bearden, secretary of the corporation which owns the exchanges, were in Cross Plains Wednesday inspecting the properties.

J. M. Greenwood was a business visitor in Midland, Crane, Alpine and Big Lake last week.

Forty per cent of all gasoline consumed by motor vehicles is used by trucks and buses.

Horace Brown, Italy, Texas, School Head, Is Named Superintendent Of Local System

W. E. (POP) LUSK

W. E. (Pop) Lusk, veteran Cross Plains teacher, is rounding out his nineteenth year in the local system and his thirty-fifth in the schools of this area. In addition to his unusual record as a teacher, Lusk enjoys the distinction of having driven a school bus more than a million miles without a single accident which resulted in personal injury to his passengers.

Drive-In Theatre Planned For Cross Plains-Rising Star

A drive-in theatre is in prospect for the Cross Plains and Rising Star movie fans, and plans are going forward for the outdoor amusement attraction to be erected on highway 36 midway between those two towns.

Lee Welch, owner of the Star Theatre at Rising Star, and Bob Vaught, owner of the Plains Theatre in Cross Plains, have joined hands in a partnership to build the theatre.

Welch and Vaught have already purchased most of the equipment for their drive-in theatre and have it stored pending construction which will start as soon as the building location is selected.

Dr. and Mrs. Moreland C. Baldwin and baby, of Plainview, were guests in the home of his parents, Mr. and Mrs. W. B. Baldwin, here this week. Dr. Baldwin went on to Dallas to attend the annual convention of the Texas Dental Society, however, his wife and child remained here for a longer visit.

Seven Step Peanut Program Is Explained Here Tuesday

The seven step peanut program was explained here Tuesday afternoon to 61 local farmers by E. A. Miller, Texas A&M Extension Service agronomist, in a meeting held in the Veterans Vocational School on the second floor of the building.

Pertinent points of the peanut program as included in the 1950 Farm Bill were outlined yesterday by Pat Cagle, and are listed hereunder for the interest it is felt the explanation will contain for peanut growers of the Cross Plains area.

The Bill allows growers the privilege of planting peanuts in excess of allotments for crushing into oil and meal.

For the purposes of price support, growers will be considered a cooperators, if he did not exceed 1947 picked and thrashed acreage; and will be entitled to support prices on allotted acreage. A penalty will not be required on excess peanuts produced by a cooperators

which are delivered to, or marketed through, an agency or agencies designated by the Secretary of Agriculture.

If the Secretary of Agriculture determines that the supply of any type of peanuts are insufficient, excess peanuts may be sold by such designated agencies or used for purposes other than crushing; and any profits derived therefrom will be distributed among growers of such type of excess peanuts.

Any acreage of peanuts harvested in excess of the allotted acreage for any farm, for any year, shall not be considered in the establishment of the allotment for the farm in succeeding years.

Markets will be available for excess peanuts grown by a cooperators.

"Contact your County PMA officials for further particulars; as applied to your individual farm. Follow 'The Seven Steps To Higher Yields and Greater Profits From Growing Peanuts,' Cagle advised.

Fruit Crop Will Be Far Better Than At First Believed Here

Despite late freezes which were believed at the time to have done extensive damage to orchards throughout the Cross Plains area, Doss Alexander believes this year's crop will approach record proportions. Alexander who has one of the largest orchards in this section of Texas, reports one field of fruit trees so heavily laden with fruit that it may be necessary to knock off part of it. Elberta peaches are particularly promising at the Alexander orchards.

TELEVISION RECEPTION REMAINS EXCELLENT AT JAMES CAMPBELL HOME

Television reception from a Fort Worth station continues better in Cross Plains than for most towns so far removed from the broadcast site, according to a check-up with James M. Campbell, owner of this city's first and only television set.

Campbell says he believes by lengthening his antenna much of the "snow" which sometimes smudges his screen will be eliminated.

NO CHANGES ANNOUNCED IN POSTAL SERVICE HERE

No changes in postal services for Cross Plains have been announced as a result of the recent curtailment policy announced by the Postmaster General.

Grain Crop Will Be About 50 Percent Of Usual Farmers Say

Local farmers contacted by the Review in town Saturday afternoon were agreed that grain prospects were considerably brightened by the recent two inch rain which blanketed the Cross Plains area.

Although the moisture arrived too late to make more than a half crop, the consensus was that about a 50 per cent harvest would be realized. Pasture grasses got a good boost from the recent rains too, farmers and ranchers agree.

Everything Set For Annual Baird Rodeo

Perry Hughes, secretary of the Callahan County Sheriff's Posse Rodeo Association, was in Cross Plains Tuesday afternoon and told the Review that everything is in readiness for the third annual rodeo to be held in Baird May fourth, fifth and sixth.

The show will again be produced by Bobby Estes and his string of Lone Star Ranch bucking and roping stock used.

PEGGY RHYMES IS IN RISING STAR HOSPITAL

Miss Peggy Rhymes, of Cross Plains, was taken to a Rising Star hospital last Saturday suffering with an attack of appendicitis. Her many friends will be glad to know that she is doing very nicely.

With the election of Horace A. Brown, Italy, Texas, school head, as superintendent for the Cross Plains system, only one post remains to be filled to complete the school faculty for the 1950-51 term here. It is that of football coach. Brown was elected to the local superintendency by the board of trustees in special session here Friday night after three members of the board had visited Italy the day before, talked with trustees and patrons, and inspected his work there.

Designation of a coach is expected to be made by the school board within the next week or 10 days. 23 other members of next year's faculty had been previously named, indicating that next year's teaching staff will total 25.

Brown was elected after 14 applicants for the school superintendent post here had been closely screened, the Review was told by W. J. Carpenter and Junior Ford, president and secretary respectively of the school board.

In a telephone conversation with Brown Monday morning the Review was told that he would advise the Cross Plains board Thursday whether or not he would accept the place here.

"I have since been elected to another school and must make up my mind which of the two places to take," he said.

Brown told the Review that he is a man of 45 years of age, holds a bachelor of arts degree from Oklahoma University, an MA from Texas University and that he has done work on his PhD at the latter school. He has been at Italy the past seven years, and prior to that was at Morgan six years. Previously he had served as principal at Whitney, Texas and taught two years in Oklahoma. His family consists of a wife and one child.

Luncheon Club To Meet Tuesday Noon

Regular monthly meeting of the Chamber of Commerce Luncheon Club will be held next Tuesday at noon in the dining room of the First Baptist Church, it was announced yesterday by Doyle Burchfield, secretary.

All business and professional men of the city are urged to be present, as a number of important matters are to come up for discussion.

Cross Cut Sector Continues Active With Development

H. S. Cole of Houston has filed potential of 25.67 barrels of 42 gravity oil and 17 per cent water for the No. 1 J. H. Kellar, Brown County discovery four and one-half miles southeast of Cross Cut. That project was originally drilled as the William and Paul Moss No. 1 L. R. Smith-J. H. & Minnie Kellar. Cole has purchased the approximately 600 acres in that section originally held by the Mosses in that area.

The No. 1 Kellar was completed on pump through 120 perforations at 2,720-50 feet. Total depth was 2,760 feet. Casing was set at 2,750 feet. The well was treated with 1,000 gallons of acid. Gas-oil ratio was 200-1. Location is 330 feet from the north and east lines of the Kellar tract in Robert Mitchell Survey 141.

Cole was drilling below 1,520 feet, looking for the Caddo in the No. 1 Bucey, an offset to the discovery well 2,330 feet from the north and 4,400 feet from the east lines of Robert Mitchell Survey 140. It is due to test the Marble Falls. Permitted depth is 3,500 feet with rotary.

Local Man Undergoes Surgery On Thursday

John McGee of this place was carried to the Baird Hospital last Wednesday afternoon and underwent major surgery Thursday. His condition was reported to be very critical. Friends will be glad to know that he is recovering very nicely.

The Boy Scout "Jamboree City" at Valley Forge, Pa., next June 30 to July sixth will have its own water supply of 800,000 gallons daily.

Billy Mack Coppinger of Abilene spent the week end here visiting with his parents.

Mr. and Mrs. Bob Weehunt of Monahans were visitors here Sunday.

Texas Keeps 2 Hound Packs Just To Hunt Down Mountain Lions

Austin—The hubbub over Oklahoma City's escaped leopard pointed up the fact that Texas, minus the ballyhoo, is constant stalking an animal almost as vicious. This creature is the mountain lion, oftentimes known as the panther or cougar.

Two employees of the Game, Fish and Oyster Commission maintain two dog packs for the primary purpose of controlling the lions along the Mexican border on and westward past the wilds of the Davis Mountain country. Two regular game wardens also specialize in the use of traps to remove marauding lions from their districts.

The combined kill of both trapping and stalking is not high, but the work is considered highly desirable by ranchers and farmers and is credited with controlling the big cats which are the most ruthless of the varied Texas predators.

Actually, some of the commission hounds had been alerted to help in the Oklahoma City hunt when it seemed that other dogs were having poor luck. The pack custodians were described as being very eager to take their hounds to the Sooner State and probably would have given clearance had not the leopard returned to the city zoo from which it had fled.

Mountain lions are controlled in the Texas wilds by dint of the most painstaking kind of work by both man and his faithful ally.

FORMER LOCAL COUPLE PARENTS OF BABY GIRL

Mr. and Mrs. Eddie Petty, of Dublin and formerly of Cross Plains, are parents of an eight pound baby girl, born Saturday in a Dublin hospital. The little lady has been named Charlotte Dianne. Both mother and child are doing splendidly. Mrs. Petty will be remembered here as the former Miss Dorothy June Coppinger.

Mr. and Mrs. H. P. Moon, Mrs. Dick Montgomery, Miss Hazel Ogilvy, and Miss Jeanette Harlow attended the Ice Capades in Fort Worth Sunday.

Fred Tunnell attended the convention of the South Plains Bankers Association in Lubbock last week end and visited in the home of Mr. and Mrs. Fred J. Tunnell while there.

The seven seas are the North Atlantic, South Atlantic, North Pacific, South Pacific, Arctic, Antarctic and Indian Oceans.

The 10,500,000 tons of steel used by automotive firms last year could have provided the structural framework for about 175 Empire State buildings.

the hound. Bob Snow has one pack that works up and down the Mexican border and Fred Moore, stationed at Sierra Blanca, has another pack. Moore covers the Davis Mountain, Sierra Diablo Mountain, the Eagle Mountain areas and the country east of Big Bend National Park along Maravillas Creek. In addition, two experienced state Game Department trappers are kept in the field constantly. They are John E. Hearne, at Cotulla, between San Antonio and Laredo, and Herbert Ward, at Catarina, northwest of Laredo.

The Director of Wildlife Restoration explained that the dogs are held in readiness to pick up the trail when marauding lions are reported by ranchers, farmers and other persons. For the trappers, there is a day-by-day routine trying to outguess the wily cats. They may set the big double spring traps at a carcass plant where the beasts have killed livestock or big game. One of their favored tricks is to find trace of lions, maybe even a footprint, and make a blind set of a trap. The trappers have found that the huge predators invariably return to an old route, even though they may be gone for weeks during which they cover scores of miles.

Traps usually are attached to a six foot chain which has a double forked hook at the end. As the cat drags the trap along, it inevitably catches in the brush. The Director of Wildlife Restoration said that unlike wolves and coyotes, members of the so-called cat family give up comparatively easy and seldom struggle desperately to escape a trap.

The lion hunters, using dogs, usually find their prey cornered by the pack or forced into a tree. The big cats cannot run very fast, barring a short distance. The hunters swing into action with their guns just as soon as possible after the cats are brought to bay to spare the hounds from savage rushes by the beasts.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding." The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

SEED SAFETY

EVERY BAG IS MACHINE SEALED!

DID YOU KNOW THE BLUE TAG MILL IS ONE OF THE OLDEST SEED PROCESSORS IN TEXAS WITH OVER 41 YEARS EXPERIENCE

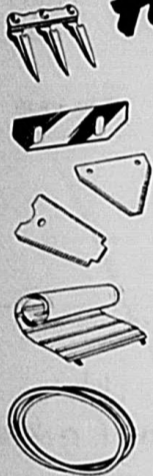

TERMINAL GRAIN CO.

Forty one years in Fort Worth, Tex

Calling all combines for a

CLEAN FAST HARVEST

You harvest more and cleaner grain when your McCormick harvester-thresher is properly adjusted and all parts are in good working condition. Be sure of a fast, clean harvest this season—all season long by giving your harvester-thresher a complete checkup now. Let us inspect guards... sections... canvases... thresher teeth... sieves... shakers... in fact, all working parts.

We will do this for you now—ahead of the busy harvest season and will replace all parts needed with IH quality-tested parts, engineered for your McCormick harvester-thresher. Then you will be ready-to-go and keep going when your first grain ripens.

Remember, only IH parts give you original McCormick harvester-thresher performance.

Those visiting in the K. B. Robbins home over the week end were Mr. and Mrs. Edd Robbins and daughter of Coaldale, Penn., Mr. and Mrs. Oliver Robbins of Ventura, Calif., Mr. and Mrs. W. H. Robbins of Snyder, Mr. and Mrs. Elton Jennings of Fort Worth, Mr. and Mrs. Joe Robbins and family and Mr. and Mrs. Pete Robbins of Anson.

Mrs. Hallie Smith of Huntsville, Arkansas, is visiting Mr. and Mrs. Bill Cross.

Mr. Batchelder of Richmond, California, visited Mr. and Mrs. Bill Cross Sunday and preached at the Methodist church Sunday.

PEANUT MARKET WEAKER

Peanuts and peanut meal and oil weakened slightly at southwest markets this week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Demand for shelled peanuts continued slow and prices slipped 1/4¢ a pound below a week or a year ago. No. 1 shelled Spanish peanuts were quoted at 17 to 17 1/2¢ a pound in Texas.

Demand for peanut meal and oil was slower this week although supplies were light. Meal of 41% protein content was priced at \$61 to \$63 per ton, f.o.b., Texas mills. These prices were unchanged to \$1 a ton lower than the previous week but \$3.50 to \$5.50 higher than last year.

Prime crude peanut oil sold in Texas at 14 1/2 to 14 3/4¢ a pound.

Demand for seed peanuts increased sharply in Texas this week following general rains. Planting should become active in the southern section of the state although probably not as much early acreage will be planted as originally intended.

F. R. Anderson was in Rising Star Monday afternoon.

CARD OF THANKS

James Yarbrough, of Sulphur Springs, was a visitor here in the home of his parents, Mr. and Mrs. W. P. Yarbrough.

Thanks to my friends and neighbors for their visits, cards and letters and flowers during my recent illness. I will always remember you.
Henry C. Williams.

Burkett News

By Mrs. T. C. Strickland

The WSCS met Monday evening with 10 members present. The meeting was called to order by the president, Mrs. Roger Watson. The song "Must Jesus Bear the Cross", was sung by the group, followed by a prayer by Mrs. Watson. The devotional was given by Mrs. S. D. DeBusk. The third chapter of the book "Women of Scripture", was given by Mrs. Cora Belle Koenig. The fourth chapter will be given by Mrs. Ralph White next Monday. Business session followed the book study. The minutes were read by the secretary, Mrs. T. C. Strickland. Officers for the next year were elected at the last meeting as follows: president, Mrs. Cora Belle Koenig; vice president, Mrs. Roger Watson; recording secretary, Mrs. T. C. Strickland; treasurer, Mrs. Jack DeBusk; promotion secretary and secretary of literature and publications, Mrs. T. C. Strickland; secretary of children's work, Mrs. Burkett; secretary of spiritual life, Mrs. J. E. Burkett; secretary of supply work, Mrs. Hattie Adams; secretary of youth work, Mrs. T. C. Strickland. Those attending the meeting were Mmes. S. D. DeBusk, Jack DeBusk, Roger Watson, Cora Belle Koenig, Hattie Adams, Net Cross, J. E. Burkett, Ralph White, T. C. Strickland and Miss Fannie Strickland.

The Children's Bible Club met Monday evening with 17 children and three leaders present. The singing was led by Jane Godwin and Lafayette Burns with Mrs. J. E. Burkett at the piano. The memory verses and prayer were led by Mrs. Jack DeBusk. The Bible story visual aid was led by Mrs. Roger Watson. A recreation period was enjoyed by all attending. Refreshments were served to the following: Lafon Jones, Lavera Mountain, Shirley Underwood, Joan Underwood, Jane Godwin, Lafayette Burns, Mary Zelma Strickland, Jeannie Evans, Anita Strickland, Geraldine Burns, Bonita Strickland, Sonja Evans, Yvonne Morgan, Norene Strickland, Max Watson, Billy Watson, J. Pat DeBusk, and the leaders, Mrs. J. E. Burkett, Mrs. Jack DeBusk and Mrs. Roger Watson. All children of the community are invited to attend the Children's Bible Club each Monday evening.

Aunt Mary's Quilting Club met Wednesday, April 19, in the home of Mrs. R. T. Watson. Four quilts were finished. A covered dish lunch was served to the following ladies: Mrs. D. R. Keefer, Miss Eula Ray Keefer, Mrs. W. M. Key, Mrs. E. C. Key, Mrs. B. W. Webb, Mrs. L. J. Knight, Mrs. J. E. Hanke, Mrs. W. C. Henderson, Mrs. Earl Gray, Mrs. Callie Gray, Mrs. Lon Gray, Miss Merle Dean Koenig, and four visitors, Mrs. Jim Helms, and Miss Betty Helms, Mrs. Jim Burnet, Mrs. J. C. Sample of Cross Plains, and Mrs. Tommie Connelly. The next meeting will be at the home of Mrs. D. Bludworth May third.

Rev. Frank Stone filled his regular appointments here Sunday morning and evening. Singing was well attended Sunday evening. Several visitors from other places attended. Mr. and Mrs. S. D. Wilson, of Buffalo, visited her father, Cye Burns, and other relatives Sunday and they also attended the singing. Mr. and Mrs. J. W. Morgan visited their son, Garland and family, at Santa Anna Saturday night. Mrs. Minerva Eubanks, of Coleman, visited her sister, Mrs. S. D. DeBusk, Sunday. Mr. and Mrs. Rex Holland and children, Jerry, Michael and Brenda, and Mrs. Alva Holland visited relatives at Blackwell Sunday. Mrs. Norman Farr and daughter, Diana Kay, of Cross Plains, visited her mother, Mrs. Hulda Wes-

Census Takers Are Gathering Data On Nation's Education

Among inquiries being made of Americans in the 17th Decennial Census is one which will concern the highest year of school completed. This enumeration also will ascertain the number of children and youths attending school.

Ten years ago, the 16th Decennial Census revealed that the average American 25 years old and over — that is, old enough to have finished his formal schooling — had completed 8.4 years of school, or slightly more than the elementary grades.

Some portent of what the 1950 Census statistics may reveal about the education attainment of the average adult American is found in the results of a sample survey the Bureau of the Census made in 1947. By 1947 the median year of school completed had risen to 9.0 years, or the completion of one year of high school. The 1947 median for males was 8.9 and for females 9.3 years of school completed.

In 1940, the median number of school years completed for males 20 to 24 years of age still attending school was 14.0, and for females 13.7. In 1947, the median for the comparable group of males had declined to 12.8 years, whereas that for females had risen to 14.0 years. The decline in the median for males was due to the interruption of their schooling by service in the armed forces, or employment in war industry during the years of World War II.

The statistics from the 1950 Census on educational attainment will reveal whether or not the "G. I. Bill" was successful in helping enough war veterans to remain in school a sufficient length of time to raise the educational level for these enrolled males up to the 1940 level.

At historic Valley Forge, Pa., 40,000 Boy Scouts will hold their second National Jamboree in their 600 acre "tent city" from June 30 to July sixth.

The New Real Estate Dealer Box 1388 Cross Plains, Texas

Yesterday.... In The Old Home Town...

Some of interest taken from the Review of 30, 25, 15, 10 years ago.

30 YEARS AGO
May 7, 1920

Long Cross Plains will be freed from a state of darkness to a state of light by reason of the fact that an electric light system is in operation, work on which began this week. S. F. Bond,

who is installing the system, has had the streets surveyed, and has hands out now digging holes for the posts. Electric lights and gas in town will make Cross Plains a more fit place to live.

Higginbotham Brothers & Co's. store in Cross Plains was burglarized Saturday night, something between fifteen hundred and two thousand dollars worth of silks,

skirts, pistols, etc., being taken. The store was entered through the rear door, which was opened with a plank as a lever.

This is the first time in the history of the town that a burglary of any magnitude has been reported. Fifty dollars reward is offered by the management for information leading to conviction of the guilty parties.

Messrs. J. H. Smith and C. C. Carmony of Dublin have bought the Sam Sipes ice house on the right-of-way and are preparing to open an ice business here at once.

We are glad to welcome the establishment of this new enterprise and wish it a success. The town needs ice.

Any woman showing a poll tax receipt will be permitted to vote in the primary election on May 1, according to Claud McCallum, chairman of the Dallas County Democratic Executive Committee.

25 YEARS AGO
May 1, 1925

The churches of the town will hold a joint service on the streets here Mothers' Day, May 10. Rev. Collins, Presbyterian pastor, will make an address, and the band will give some special numbers appropriate for the occasion. A joint service was conducted last year and it was very impressive.

Saturday was a busy day in Cross Plains, following the fine rain on the day before. Many farmers needed implements, and about 30 planters were sold in addition to many other implements. With the prospects of a good crop, the business outlook is very promising, and in addition, the oil industry here is developing into a big business.

Moore & Wilson have spudded in on their Westerman No. 2 C. O. Moore is drilling at 400 feet on his west Gafford No. 1. Gillman & Mc Murry and Wilson are having trouble with gas at 1100 feet on their Teston No. 2, and are drilling at 850 feet on their Teston No. 3. Crabb, McNeel and Tom Bryant are drilling at 475 feet on their Elsberry No. 3, in west part of field.

District State Highway engineer, Geo. Franklin, was in town Wednesday in company with Federal Highway engineer, Sexton and, with members of the local Chamber of Commerce, to make an inspection of the necessary grade improvements to prepare for the application of an asphalt top on highway 23 from the corner of main and 8th streets in Cross Plains to the city of Coleman.

15 YEARS AGO
April 26, 1935

Cross Plains schools will be brought to a close with the commencement exercises the evening of May 24, at which time 24 are to finish high school. Grammar school exercises are set for the night of May 23.

A general invitation to all women of this city was extended yesterday to be present at the Presbyterian church Monday afternoon, when Margaret Mozelle, a missionary to China, will speak and exhibit interesting items of Oriental life.

Miss Mozelle, who is regarded as a most interesting speaker as well as a successful missionary, is comparatively well known in Cross Plains. She is a sister of Mrs. J. C. Young, formerly of this place, and visited here a number of years ago.

Porter J. Davis' Red and White Grocery Store was in the process of remodeling Wednesday afternoon. Fixtures and shelving were being painted and re-arranged.

10 YEARS AGO
April 26, 1940

Bert Brown, constable for precinct six comprising Cross Plains, Dressy and Caddo Peak, announced yesterday that he would be a candidate for reelection to a second term.

Miss Rosa Van Lane, Miss Bobbie Lee Westerman, Mrs. Hulan Barr and Mrs. Claude Mayes were joint hostesses Thursday night of last week at a miscellaneous shower given in the home of the latter, honoring Mrs. Hub Freeman, who until her recent marriage was Miss Helen Grace Gray.

After having served 26,000 meals to school children, the W. P. A. lunchroom at Pioneer has won the respect and appreciation of patrons throughout the district, according to L. C. Cash, superintendent.

The crack Cross Plains high school band begins active schedule this week which will last through May 3. The musicians will journey to Abilene this week to compete in the annual Texas Federation of Music contest. They will take part in competition with other ensembles from throughout the state at Hardin-Simmons University.

George Washington laid the cornerstone of the national capitol.

London has escaped earthquake shocks so far because it rests on a bed of soft clay, according to beliefs.

Machines At Work

We use the most modern machinery available in the maintenance of accurate and current records concerning the accounts of our customers. We cannot eliminate, however, the human equation nor would we dispense with it if we could, for this factor lends emphasis to the spirit of service which characterizes the operation of a modern bank.

Thus, we note with appreciation the accurate performance of our machines but we point with pride to hands that press the keys.

AND WHAT DO YOU THINK OF VETCH?—C. H. Saidous, center, talks with D. C. Cox, left, Callahan County work unit conservationist, and James Dominy, district conservationist, about the way to work his vetch and rye, planted in 27 acres of orchards. Saidous, Baird stockfarmer, uses the vetch and rye to gather nitrogen during the winter and early spring, then plows them up for plant food and ground cover for his apple and peach trees.

Mr. and Mrs. W. H. Fort, of Lovington, New Mexico, visited in the home of her sister, Mrs. Fred Long, and with other relatives and friends here last week. Mr. and Mrs. Fort lived in the Dressy community more than 38 years ago.

So sensitive are radio beacons to external conditions that no vegetation is permitted to grow within 100 feet of the towers.

BIRTHDAY DINNER IS COMPLIMENT TO MRS. I. M. TENNISON HERE

A birthday dinner was given at the home of Mr. and Mrs. De'Otis Tennison, April 16, for his mother, Mrs. I. M. Tennison.

Those attending were: Mr. and Mrs. Same Lane and girls, Mr. I. M. Tennison and family, all of Cross Plains, Mr. and Mrs. I. V. Tennison and Nelda of Carbon, Mrs. Tennison's mother, Mrs. Minnie Decker, of Brownfield, and the hostess Mr. and Mrs. De'Otis Tennison and boys of Cross Plains.

OUT OF TOWN PEOPLE AT CHILCOAT FUNERAL

Out-of-town people who came here last week and accompanied the body of Mrs. Betty Mosley Chilcoat, 97, Cross Plains' oldest citizen, to Truscott for funeral services were: Mrs. Pauline Chilcoat, Fort Worth; J. P. Chilcoat and family, Sweetwater; R. L. Chilcoat and family Kermit; Mr. and Mrs. Sam Hill, Merkel; Mr. and Mrs. Killinworth, Cisco; J. B. Chilcoat and Mr. and Mrs. Irland Chilcoat, all of Fort Worth; Reid Chilcoat, Throckmorton; Mr. and Mrs. Barton Abbott, San Angelo; Mr. and Mrs. Homer Huston, Rails; Mr. and Mrs. Qualls, Abilene; Mrs. Edward Ratliff, Notree; Mr. and Mrs. Jack Barton and Mrs. Killinworth, Paducah, and Mr. and Mrs. Windell, Amarillo.

The English Crown Jewels are kept in the Tower of London.

The U. S. Children's Bureau is under the Department of Labor.

CARD OF THANKS

We wish to thank each and everyone of our many friends for their many kind deeds shown us in the passing of our mother. For the food and the beautiful flowers. May God's richest blessings be with you all.

Mr. and Mrs. P. J. Chilcoat and family
Mr. and Mrs. D. I. Hill and family.

Personals

Lee Glenn, of Rockwall, was a visitor here last week end.

Mrs. J. L. Bonner and children and Mrs. Fred Cutbirth were in Fort Worth Saturday.

C. R. Cook attended a Masonic observance in Fort Worth over the week end.

Thurman Armstrong, who is cashier of the Arp State Bank, visited his mother, Mrs. W. P. Armstrong, here over the week end.

W. J. Carpenter, D. C. Foster and Hadden Payne were business visitors in Italy, Texas, one day last week.

Mr. and Mrs. Claude Mays and Billy, and Mr. and Mrs. O. B. Edmondson and Eddy Don attended the Icecappades in Fort Worth Sunday.

Mr. and Mrs. Joe B. McAdams and son, of Houston, visited in the home of her parents, Mr. and Mrs. Ches Barr and with other relatives and friends here over the week end.

Call Physician If Chickenpox Noted Says State Doctor

Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharge from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours, the skin breaks out in small raised rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop completes its course from rose-pink spot to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning—Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first sign of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient has smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed.

An aviator becomes an Ace after he destroys five enemy planes.

County Agent's Column

By Oliver F. West

LICENSE REQUIRED TO USE 2,4-D

The recent rains have already caused the weeds and undesirable plants to jump up in the grain fields and many people have come to me with questions on how to use weed killers. Weed killers are very good, but every person should be familiar with the law on weed killers passed by the last session of the Texas Legislature.

The dealers who sell the 2,4-D and other hormone type weed killers as well as the users are required to have a license. Persons requiring a license are: 1. All persons wishing to apply any hormone type of weed killer for hire; 2. All persons who wish to apply them by plane; 3. Dealers who sell or offer for sale any hormone type of weed killer for commercial use; and 4. Distributing agencies selling direct to consumers.

Persons who are exempt from securing a license are: 1. Persons using ground equipment on their own land; 2. Employees of licensed persons; 3. Persons using hand manipulated equipment; 4. State and Federal Agencies; and 5. Dealers selling or offering for sale hormone type weed killers for yard or garden use not to exceed one quart or two pounds measure.

Here is a point that should be closely read through. All equipment that is used to apply these weed killers must be licensed except hand manipulated equipment. This means that any farmer or rancher who used a tractor and sprayer in the weed killing operation must have the equipment licensed.

A fee of \$25 must accompany each application for a license. If a license cannot be issued the fee will be returned. The license can be secured from the Commissioner of Agriculture, Austin, Texas.

There are other regulations concerning the selling and use of 2,4-D and the other hormone type weed killers. Persons planning on using weed killers should check on these regulations. A copy can be seen in the County Agents office.

Any person violating any of the provisions of this law and caught and convicted of doing it can be fined not less than \$100 or more than \$1,000.

Seniors To Spend A Week In Galveston

Fourteen members of the senior class of the Cross Plains high school and their two sponsors, Mrs. Travis Foster and O. B. Edmondson, will leave Monday May 22, for a weeks trip and vacation at Galveston.

These trips have been annual affairs the past several years for the seniors. The class this year will make the trip by bus. They plan to spend one day and night in San Antonio before going on to Galveston.

Those planning to make the trip this year are as follows: Gail Murphy, Bobbie Wright, June Morgan, Juakana Graves, Billy Mayhew, Ellowayne Byrd, Peggy Rhymes, Junior Coggin, Billy Wright, James Paige, Cecil Barton, Clarence Carter, Billy Pan- cake, and Keith Coburn.

Bill McMillan Home From Vet. Hospital

Bill McMillan is reported improving splendidly after returning home from a veterans hospital in Dallas. He will be required to continue resting much of the time and report back in 60 days, however, physicians are cheerful regarding his general physical outlook.

Preserve Food With Quick Freezing And Secure Best Results

COLLEGE STATION, April 18. — Quick freezing, both at home and commercially, is fast becoming the most popular method of food preservation. Homemakers like it because it is a time saver and the hot tiresome jobs that went with home canning are eliminated. Because of the newness of the method, research must be relied upon for the answers to many of the problems that arise. The Texas State Nutrition Council, according to Louise Mason, extension foods and nutrition specialist of Texas A&M College, has just released its 1950 recommendations on home freezing of fruits, vegetables, fresh poultry, meats and fish and cooked foods and flour mixtures.

She says the committee on food preservation of the State Council hopes the distribution of uniformly dependable information on freezing—based on the latest research findings—will help to improve the quality of frozen food. Its members believe a coordinated program between educational groups, locker plant managers, agencies and distributors of home freezing equipment will materially assist in this quality program.

The committee recommends that only high quality raw fruits and vegetables of suitable varieties be used for freezing and they add that fast and proper processing gives assurance of good quality if the product is used within a reasonable length of time. Only fresh poultry, meats and fish of high quality should be frozen.

The committee, in discussing the preparation of raw vegetables for freezing, answers the question of "why scald vegetables before freezing?" It was pointed out that research has shown enzyme activity is not stopped by low temperatures and ice formation and that vegetables frozen without scalding developed undesirable odors, flavors and colors. The enzyme action must be stopped if a frozen vegetable is to be palatable at the end of a reasonable storage period. Corn on the cob was better when frozen without scalding if it were frozen for no more than a month. Over scalded corn developed off-flavors. Steam scalding is not recommended for spinach because the thin leaves stick and clump.

Miss Mason says tests show that a high percentage of the ascorbic acid and vitamin A content of frozen vegetables was retained when they were properly scalded before freezing.

Air tight, moisture and vapor proof containers should be used for packaging. Many containers and wrapping materials are available that meet these requirements. The committee recommends temperatures for quick freezing of 20 degrees fahrenheit in still air and minus five degrees fahrenheit in moving air. It is important that the rate of freezing be rapid. Storage temperature should be 0 degree fahrenheit and long storage periods should be avoided.

Miss Mason suggests that you discuss with your local county home demonstration agent problems dealing with the freezing method for preserving food.

About 100 special railroad trains will bring 30,000 Scouts and leaders to Valley Forge, Pa., for their second National Jamboree to be held June 30 to July sixth.

SPECIALTY ACT TO BE SEEN AT BAIRD RODEO NEXT WEEK END—Miss Carolyn Coburn and her pony, said to be the nation's only trick horse which performs between buggy shaves, will be a regular attraction at each of the three night performances at the third annual Baird rodeo, scheduled May fourth, fifth and sixth.

Pioneer-Gunn And Sabanno H.D. Clubs Hold Joint Meeting

The Sabanno club members were guests of the Pioneer-Gunn Home Demonstration Club on Monday, April 24, in the home of Mrs. Doss Alexander. The Sabanno club brought nine members and one guest, Mrs. Will Parkinson. 18 members and five guests of the Pioneer-Gunn club were present. The visitors were: Mrs. Pearl Spencer, Mrs. W. M. Kirkham, Mrs. Nora Shirley, Mrs. Ada Alexander, Mrs. Lessie Stout of May, and Mrs. T. S. Mathews.

Mrs. Thelma Cheney reported on the last council meeting. Mrs. Joe Fleming gave an instructive sewing demonstration on laying, marking, cutting and finishing.

Announcement was made that Mrs. Cecil Barefield has donated 18 glasses for use in the club house and a vote of thanks was given.

Miss Clara Jo Hughes has been chosen nominee for queen of the day at the Horned Frog Derby in Eastland.

Refreshments of tea, punch and cookies were served to the 34 guests.

Next meeting will be held at the club house in Pioneer.

FAMILY GATHERING

Mr. and Mrs. V. C. Walker had all of their children and grandchildren here over the week end with the exception of one granddaughter. From out-of-town came Mr. and Mrs. C. L. Browning and children, of Fort Worth; Mr. and Mrs. Socrates Walker and two children, of Westbrook; Teddy Browning, who had just returned from Japan, where he was stationed with occupational forces.

SOCIAL SECURITY AIDS MANY BESIDES WORKERS GOVERNMENT DECLARES

More than six out of every 10 who receive monthly old-age and survivors insurance benefits are persons other than the worker.

The worker's social security card represents a family insurance policy that, under certain conditions, can pay insurance benefits to his wife, widow, children, or parents. Every worker who has ever had a social security card owes it to his family to let them know that they may be eligible for Federal insurance benefits in case he should die. Lack of this knowledge, failure to get in touch with a social security office at the death of a worker, may cost his survivors hundreds of dollars in insurance benefits.

Tell your family now that they should get in touch with the nearest social security office in the event of your death!

For further information about your family's rights and responsibilities under the law, write to the social security field office located in Abilene, Texas. Ask for your free copy of booklet No. 35 which tells how you and your family are protected by old-age and survivors insurance.

E. Glen McNatt, field representative of the Abilene office of the Social Security Administration, will be at the post office in Cisco at 2:00 p.m. on Thursday, April 27. Persons wishing assistance with retirement claims or death claims under the Social Security Act should call at that time for necessary help and information.

Mrs. Chas. L. Robinson, of Baird, visited in Cross Plains Tuesday.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Steve Broome, Defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Callahan County, Texas, to be held at the courthouse of said county in the City of Baird, Callahan County, Texas, at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, at or before, 10 o'clock A.M. of Monday the 12th day of June, 1950 and answer the petition of Blanche Broome, plaintiff, in Cause Number 10662 Styl-ed, Blanche Broome vs. Steve Broome in which Blanche Broome is plaintiff and Steve Broome is defendant, which petition was filed in said Court on the 25th day of April, 1950 and the nature of which said suit is as follows:

Plaintiff is suing for divorce, alleging residence of six months in the County and 12 months in the State of Texas, and plaintiff and defendant having been married on November 15, 1949 and separated on January 16, 1950, there being no children born during the marriage and no property accumulated. For grounds she alleges the marriage to be insupportable due to the cruel treatment, outrages and excesses of the defendant toward the plaintiff.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness my hand, this 25th day of April, 1950.

Mrs. Corrie Neithercutt,
District Clerk of the District Court, Callahan County, Texas

Issued this the 25th day of April, 1950.

Mrs. Corrie Neithercutt,
District Clerk of the District Court, Callahan County, Texas (41c4)

Sabanno

By Mrs. Edwin Erwin

Mr. and Mrs. Clifton Lusk and children, of Sidney, were Sunday visitors in the W. E. Lusk home.

Mr. and Mrs. E. E. Rich, of Cross Plains, were Sunday visitors in the home of Mr. and Mrs. Ecil Doss.

The Pioneer Home Demonstration Club invited the Sabanno Home Demonstration Club to meet with them. They accepted the invitation. Nine members and one visitor from our club went. We met at the home of Mrs. Doss Alexander. We all surely enjoyed being with them. Mrs. Fleming gave demonstration on cutting out dresses. We are expecting them to return the visit with our club in the near future.

Miss Alma Morris and Mr. and Mrs. Edwin Erwin attended a singing last Thursday night in the home of Mr. and Mrs. Lonnie Crawford in Rising Star. Had good singing and enjoyed meeting new singers.

We are sorry to report Mrs. Harris isn't doing so well at this writing. Her daughter, Mrs. Willie Doss came to be with her for while.

Mr. and Mrs. Jeston Lilly and daughter, of near Lubbock, are

visiting relatives here the past few days.

Donald Wiley, of Amarillo, is spending his vacation with his home folks, Mr. and Mrs. Bud Wiley.

Mr. and Mrs. Talmage Green and Mrs. B. L. Hock attended services at the Baptist church in Pioneer last Sunday.

E. L. Hock has returned home after a visit in West Texas.

The National Jamboree of 40,000 Boy Scouts at Valley Forge, Pa., June 30 to July sixth, will be the largest gathering of youth ever held in the Western Hemisphere.

"Jamboree 1950" is the telephone number of the 600 acre "tent city" at Valley Forge, Pa., when 40,000 Boy Scouts camp together next June 30 to July sixth.

Ways Outlined To Control Pond Moss

Do you want to control moss and other water plants and at the same time raise more and bigger fish? If so, you will be interested in the following formula given by Harley Berg, State Game and Fish Warden, stationed at Palestine.

In conversation with Bob Needham and Jack Jackson, the past week, Warden Berg, who is an authority on fish raising, stated that the use of the following formula will control the growth of water plants and moss and will make fish grow faster:

This formula is based on one surface acre of water and consists of 400 pounds of soybean meal mixed with 200 pounds of 20% commercial superphosphate fertilizer. He stated that the best procedure for putting out the mixture was to broadcast about half (300 pounds) in the shallow water (from two inches to two feet in depth) in the first application, and then add 60 pounds every 20 days thereafter until the total of 600 pounds per acre has been applied.

Snails have been known to diet for five years at a time.

THE AMERICAN WAY

Lefty Needs Glasses

Kelly And Sinatra Starred At Plains

Three gobs and their gals on a 24 hour leave in the Big City, set to songs, dancing and laughter—that's the entertainment spree offered in M-G-M's new Technicolor musical jamboree, "On the Town," headline attraction at the Plains Theatre Wednesday and Thursday, April 26 and 27.

Gene Kelly, Frank Sinatra and Jules Munshin are the sailors; Betty Garrett, Ann Miller and Vera-Ellen are the cuties who lead them on a scintillating sightseeing tour of New York in this all-star filmization of one of Broadway's biggest stage hits.

The plot thread hangs on Kelly's search for Vera-Ellen, whose picture as "Miss Turnstiles of the Month," he has seen on a subway

card and whom he meets briefly and falls in love with at first sight. But he loses her again and lines up his pals, Sinatra, Munshin, the harboiled but romantic lady taxi-driver Betty Garrett, and the glamorous anthropologist Ann Miller, to scour the town and find her. Before they are through they have demolished the skeleton of a prehistoric dinosaur at the Museum of Natural History, gotten into a jam at the top of the Empire State Building, covered such spots as Grant's Tomb, an assortment of night clubs and the Brooklyn Navy Yard, and end up in a wild police chase at Coney Island.

Ronald Amundsen discovered the South Pole.

In 1950 the U. S. Post Office Department will lose \$500,000,000 on its operations. That was the cost of the entire federal government in McKinley's time.

Get Sun Tan Slowly Says State Doctor

Summer weather is just around the corner and many Texans will try to acquire a sun tan as quickly as possible.

Dr. Geo. W. Cox, State Health Officer today released a statement concerning the danger of over exposure to the sun.

"Sun stroke is not thought to be due to the heat of the sun, but to certain direct effects of the sun on the human brain. It is likely to occur after the sun has shone excessively on the back of the head and neck," Dr. Cox explained. "This can be prevented by protecting the head and back of the neck from the sunshine," he added.

Dr. Cox asserted that exposure of the sun has some virtue since the action of the sunshine tends to kill the germs on the skin. Further sunshine produces vitamin D from the fats in the skin and this produced is absorbed and used by the body.

"In general the good effects of sunshine are not due to the heat rays but ultraviolet rays," Dr. Cox stated. "It must be remembered, however, that it is these same rays which burn the skin and extensive application of direct sunshine to the skin may produce painful and severe burns which actually may endanger life."

The State Health Officer advises those who wish to obtain an extensive suntan to get it by slow degrees. Expose small portions of the skin to the sun for a short period of time. When tanning is established, exposing a greater area for a longer period of time should prove safe and comfortable.

Mrs. Roy Arrowood was a visitor in Abilene Monday.

Mr. and Mrs. Von Clifton were visitors in Fort Worth over the week end.

Mrs. L. P. Foster and Mrs. George Scott visited in San Angelo Thursday of last week.

Mrs. Ross Wagner and her brother visited in Austin last week with relatives and friends. Their sister, Mrs. Emma Bernstein, who had been visiting in Austin, returned to Cross Plains with them for a few days before going on to her home in California.

THE POWER YOU NEED IS HERE

Mr. Businessman, Mrs. Housewife, Mr. Farmer, Mr. Industrialist... the low-cost, dependable electric service you need is here! In West Texas you know the power you need is yours to command... even before you need it.

That's because the West Texas Utilities Company, for 38 years, has been building ahead. New generating equipment, new power lines, new substations... all are here when West Texas needs them.

This policy of building for the future has been a major factor in the economic development of the area we serve. Today we are building for tomorrow's needs... so that the power you need will always be here.

Cottonwood Ready For Memorial Day

All plans are complete and everything is in readiness for memorial day services to be held at Cottonwood Sunday, May seventh. The program is to begin at 10 o'clock in the morning and continue until past mid-afternoon. Luncheon will be spread on the ground at noon time.

Memorial day services are an annual affair at Cottonwood, the purpose of which is to raise funds for the maintenance of the cemetery there. The event is broader in scope, though, in that it has become an occasion similar to a homecoming, with scores of former citizens returning to the community on that day for an annual visit.

Mr. and Mrs. Bobby Estes and Mrs. Robert Estes, Sr., all of Baird, visited in Cross Plains briefly Saturday afternoon. They were enroute to Houston where Estes was to buy rodeo stock to add to his Lone Star Ranch string.

Edward Pancake Home After Three Years In Service

Pfc. Edward I. Pancake, son of Mr. and Mrs. L. W. Pancake of Pioneer, returned home Saturday with a discharge from the army after nearly three years of service, the last 18 months of which was spent with occupation forces in Germany. Edward plans to enroll with his younger brother, Billy, at Texas A&M either during the Summer or Fall semester. Billy will graduate from Cross Plains high school next month.

Lou Costello Film Comes To Plains On Sunday For 2 Days

Lou Costello was knocked out by carbon dioxide gas during a scene of Universal-International's "Abbott and Costello Meet The Killer," which opens Sunday, April 30, at the Plains Theatre.

Costello was completely encased in a steam cabinet for a scene of the film. Instead of using real steam, dry ice was immersed in water, thus releasing clouds of white carbon dioxide vapor.

Although not poisonous like carbon monoxide, the CO2 cut off the oxygen supply in the cabinet.

After working in the steam box for 15 minutes, Costello complained of a headache, and a few minutes later he passed out, but was revived without ill effect.

Boris Karloff co-stars with Abbott and Costello in the film, with featured roles being handled by Alan Mowbray, Lenore Aubert, Donna Martell and Gar Moore.

Complete Gas Well In Cross Cut Area

Hickok & Reynolds Royalty Co. are completing the No. 1 J. M. Moore Heirs, Brown County wildcat four and one-half miles southeast of Cross Cut, as a gas well.

The well was shut in at last report. Operators estimate the well as a four million cubic foot well. Completion is being made in the Marble Falls in the vicinity of 2,750 feet.

Location is 1,040 feet from the north and 330 feet from the east lines of J. C. Bailey Survey 137.

The same operators were drilling below 700 feet in the No. 1 G. W. Williams, wildcat in the same general area, 660 feet from the south and 827 feet from the west lines of John Beck Survey 792. Permit depth is 3,250 feet with cable tools.

Toboggan sleds were invented by American Indians.

More than 530,000 motor vehicles are owned by federal, state and local government agencies in this country, not counting military vehicles.

One Of World's Best Salaries Said To Be Earned By President

Washington—Rep. Roy O. Woodruff of Michigan says President Truman is "one of the best paid men in the world today."

A private citizen, to match the standard of living now enjoyed by the President, would need an income of between \$3,000,000 and \$3,500,000 a year.

First off, Woodruff said, Mr. Truman has take-home pay of \$110,000 a year. Woodruff said some \$40,000 in taxes is taken out of Mr. Truman's basic salary, but that he gets an additional \$50,000 which is tax free.

"How many other men have a take home pay of \$110,000 a year?" Woodruff inquired.

Then he listed presidential services as follows:

"Forty-two "facilities" for travel, vacationing and entertaining including planes, 35 White House automobiles, the yacht Williamsburg, private Pullman car, and vacation retreats in Key West, Fla., and Maryland.

An estimated staff of 665 persons to run them at an annual cost of \$1,491,540.

A White House travel allowance of between \$33,806 and \$40,000, inclusive of air travel which is charged to the Air Force.

The yacht Williamsburg, "for which crew costs alone are \$190,000 annually."

The President's personal plane, the Independence, costing \$1,138,000 to build and about \$120,000 a year to man.

The President's private railroad car, costing between \$250,000 and \$350,000.

A destroyer escort for the yacht Williamsburg. Woodruff says it costs the Navy \$876,000 a year to operate a destroyer.

Secret service guards and White House police costing \$459,200 a year.

White House salary costs of \$998,254 a year for a staff of 225.

"By comparison," Woodruff added, "President Roosevelt in 1945 had a staff of 53 costing \$256,431, and President Hoover's staff totaled 37 at a salary bill of \$127,200."

And in addition to the regular White House fleet of about 25 cars, Woodruff continues, it is getting a "luxury fleet" of 10 new cars.

These, he said, are specially built limousines with gold-plated door handles, vanities and perfume cases.

A whitesmith is one who works with tin.

Washington's estate at Mt. Vernon comprised 2700 acres.

Jefferson Davis was president of the Southern Confederacy.

From 1613 to 1917 the Romanoff family ruled Russia.

The first flag to fly over Texas was the French flag in 1684.

Washington, D. C. became capital of the United States in 1800.

Lew Wallace, author of Ben Hur, was a Union General.

**Methodist Revival
Starts Tuesday At
Cottonwood Church**

Revival services will begin at the Cottonwood Methodist Church next Tuesday night at eight o'clock with Evangelist F. C. Batchelder, of California, doing the preaching. Only night services are to be held and the entire public is invited. The California evangelist will describe world conditions in the light of Bible prophecies. On another page of this issue of the Review an advertisement is carried in which the nature of services is more fully explained. Readers are invited to turn to this announcement.

Mrs. O. T. Byrd and daughter, Mary, of Mertzton, visited in the home of Mr. and Mrs. J. M. Greenwood here last week. Mary was a contestant in the regional declamatory contest at Brownwood and emerged first place victor. She will go to the state meet at Austin to vie for honors from the entire state.

POLIO PRECAUTIONS

RECOMMENDED BY
THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact the National Foundation Chapter in your area.

**Mrs. Jess Flippin
Home From Parley**

Mrs. Jess Flippin has returned from Cleburne, where she attended the District Meeting of Home Demonstration Clubs held there. Mrs. Flippin, a member of the Pioneer-Gunn Home Demonstration Club, represented Eastland County, one of the 14 counties comprising District Eight in Texas home demonstration work. While there she attended a "workshop" on government and helped elect new officers for this district. She will make a report to her home club, as well as to the East-

land County council on the meeting she attended and the work done while in Cleburne.

Spraying molten metal on worn metal parts is a spectacular new maintenance technique being employed by Westinghouse engineers. They use a new tool developed by an atomizer concern.

NUMBERED PEAK
Mount Everest, along with many other of the peaks surrounding it, once was known only by a number on the trigonometrical survey charts in the Indian government offices. Then it was discovered to be the world's highest peak, and named by Sir George Everest.

Pioneer
By A. O. (Slim) Harris

Mr. and Mrs. J. W. Foster visited with their daughters, Mrs. L. C. Cash of Baird, and Mrs. J. H. Day of Abilene last week.

Mr. and Mrs. Mathews of Paducah, spent the week end visiting their children, Mr. and Mrs. Jody Fleming and Mr. and Mrs. Dow Flippin.

Dean Gibson, student at A&M College, visited his parents, Mr. and Mrs. W. R. Gibson, over the week end.

Edward Panecake, who has been over seas with an ambulance corps returned home this week. He completed his enlistment and has been discharged from the service. He states that he is glad to be home after 19 months over there. He seems to be none the worse off for the trip.

The Baptist revival closed Sunday night. Large crowds attended each service. Rev. Harvel James did the preaching. A great spirit lifting revival was enjoyed by the church attendance.

Mr. and Mrs. Roy Acker were visited by Mrs. Wayne Acker and son, of Eastland, for a few days this week.

Rev. Luster, of Cisco, visited with friends here Sunday.

Sunday noon lunch guests at the Duke Mitchell home were Rev. and Mrs. Harvel Jones, and Rev. and Mrs. Tom Flippin and children.

Everyone should get his or her thumping knuckle in shape as there seems to be a lot of farmers putting up land and planting plenty of melons in this community.

Members of the Methodist church of Pioneer who attended quarterly conference at Scranton last Sunday were: Mr. and Mrs. E. L. Gardener, Mr. and Mrs. Calvin Roady, Mr. and Mrs. J. W. Foster, Mrs. Belle Lustad, Mrs. Will Kirkam, Mr. and Mrs. C. M. Sanders and Chester Lawson.

Tractors are humming all around in preparation of the anticipated planting time which is not too far away. The recent rains have made

it possible to go ahead with this kind of work.

The young son of Mr. and Mrs. Merlin Peterson has been very ill this week but is somewhat better at this time.

Mr. and Mrs. Mrs. H. C. Huntington have received word of a granddaughter born to Mr. and Mrs. Ralph Huntington of Hale Center last week.

Raymond Young of Baird was a business visitor here Monday.

Alexander Hamilton was the first secretary of the treasury.

**ADD NEW STREET LIGHTS
IN RESIDENTIAL SECTOR**

A number of street lights were being added in Cross Plains this week. It was reported Tuesday afternoon by L. F. Foster, local manager of the West Texas Utilities Company.

The street lighting project came about after the Chamber of Commerce sponsored a project to secure property owners to pay for the lights, billing the \$1.00 per month cost on water bills.

Mr. and Mrs. C. C. Holdridge and Mrs. Z. W. McClellan were in Brownwood Tuesday afternoon.

When the average person a mile, the leather soles of shoes support a cumulative pressure of 500,000 pounds.
