Town Refuses Post Of Superintendent For Local Schools

Hommer A. Brown, Italy, Texas school head, who had been elected to the superintendency of Cross Plains schools, advised trustees Monday night that he was declining the offer here. Trustees immediately went into the consideration of other applicants.

Frank E. Rundell, of Smithville, a graduate of Baylor University, was elected football coach for Cross Plains high school at a meeting of the board of trustees Monday night.

Rundell played on the Austin high school, state championship team of 1942. He enrolled at Baylor University where he was a member of the Southwest conference school's squad three years. After leaving Baylor he was elected to the assistant coach job at Smithville, where he has been the past two years. Smithville, a class A team, went to the regional finals in 1949.

Rundell is a man 24 years old, has a wife and one child. He will be here Saturday and is expected to accept the place.

The board plans to continue its policy of closely screening the various applications for superintendent and not be rushed into an ill-considered appointment, the Review was told Tuesday.

Brown was in Cross Plains Saturday and talked with trustees and inspected the school plant, however, he delayed giving an answer as to whether he would accept until Monday. It was understood here that he had recently been elected principal of the Pleasant Grove school, a part of the Dallas City school system, and that he planned to take that place.

Graduates Honored At Banquet Tuesday

Ladies of the Baptist Church complimented members of this year's graduating class at Cross Plains high school with an annual banquet Tuesday night in the dining rooms of the church building. Rev. J. W. Chapman, pastor, acted as toastmaster. The program was rendered by a group from Hardin-Simmons University at Abilene.

The banquet is given each year by members of the Women's Missionary Society of the church, of which Mrs. A. W. Wright is president.

Honor Local Girl At A&M College

Miss Imogene Newton, daughter of Mr. and Mrs. L. E. Newton of Cross Cut, was selected by the cotton court of A&M College as one of the eight duchesses for the Royal Cotton Court at the annual Cotton Pageant and Ball at A&M College April 28.

The queen of the pageant and the duchesses were entertained over the week end by King Cotton and members of his court at several functions given in their honor.

Miss Newton is a senior at Texas State College for Women at Denton, and will receive her BS degree in Home Economics Education June fifth.

After graduation Miss Newton plans to teach home making.

MRS. C. R. COOK DOING FINE AFTER SURGERY

Mrs. C. R. Cook, who underwent surgery in a Fort Worth hospital Monday afternoon, was believed yesterday to be greatly improved and barring unforeseen complication was expected to be able to return to her home here within the near future. Physicians pointed out, however, that she would be required to rest for some time.

Mr. and Mrs. Jack Tunnell and daughter, Catherine, were in Clyde Sunday.

Guests in the home of Mr. and Mrs. L. M. Purvis Sunday were: Mr. and Mrs. W. M. Hayes of Merkel, Mr. and Mrs. Finis Walker, Mr. and Mrs. Harold Cargile, Mr. and Mrs. Sparks, and Miss Marian Walker, all of Abilene and Mr. and Mrs. T. H. Purvis of Cisco.

Contest To Name New Addition Here Closing Saturday Afternoon

A \$100 prize contest to name the new sub-division for Cross Plains closes Saturday afternoon at four o'clock. Judges will be handed the entries shortly thereafter.

The prize of \$100 worth of electrical appliances is to be given to the person submitting the winning name. If the winner becomes a home owner in the new addition the award will be increased to \$200 worth of electrical goods.

Entries should be written on

a plain piece of paper, placed in a sealed envelope and dropped in the contest box at the Review office. Anyone may enter, there are no requirements other than that all be dropped in the box at the Review office by or before Saturday afternoon at four o'clock. Judges for the contest are: Mrs. Fred Cutbirth, Mrs. A. C. Evans, Mrs. Mark Adair, Mrs. Roy Arrowood, Mrs. Oscar Koenig, J. M. Greenwood and S. F. Bond.

Local Couple Will Marry Here June 3

Mr. and Mrs. J. M. Greenwood have announced the approaching marriage of their daughter, Margaret, to Charles Coppinger, son of Mr. and Mrs. L. W. Coppinger, of Cottonwood. The wedding is to take place at the First Baptist Church here the evening of June 3, with Rev. J. W. Chapman, pastor, performing the ceremony.

Mr. and Mrs. Garrett Fomby, of Brownwood, visited here Sunday with friends and relatives.

Mary Billingsley Is Bride In California

Miss Mary Billingsley, daughter of Mrs. A. C. Billingsley of Cross Plains, became the bride of Greenville Lansdell, Jr., in Los Angeles, California, Saturday evening. The bride is a graduate of Cross Plains high school, where she was adjudged the most beautiful girl. For the past several years she has been a hostess on a Trans World Airline. The groom is a TWA pilot. Details concerning the ceremony will be published at greater length in the Review next week.

Local Band Scores High Last Week At San Angelo Contest

Cross Plains high school band returned from San Angelo Friday night, where the local organization made a very credible showing in the regional competition of Texas bands.

Placings were not in numerical order, each band being graded on merits of performances in various divisions. The local band scored a two in marching and four in playing. One was the highest mark obtainable.

When it is remembered that 22 of the band's 41 members are ward school students, these ratings are considered exceptional. Too, the competition was with many bands two and three times the size of the Cross Plains group.

Director Wendell Willis expressed himself as being delighted with the showing made by the Cross Plains band and asked that parents who provided transportation be especially thanked for their helpfulness. Among the adults making the trip were: Mr. and Mrs. Chester Glover, Mr. and Mrs. J. M. Greenwood, Mrs. Von Clifton, Mrs. George Wright, Mr. and Mrs. Glen Vaughn, Mrs. Ross Wagner, Mrs. Earl Montgomery, and Mrs. J. P. McCord.

3 Former Rowden People Die In Tornado At Clyde Friday

The little city of Clyde was ripped by tornado early Friday evening, killing five persons and doing thousands of dollars worth of damage. The tornado was the second in Clyde's history to take a heavy toll of life and property damage. The other was in 1938.

Killed in last week's storm were Bert Tabor, 65, his wife, 60, and their unmarried daughter, Annie Mae, 39. Their bodies were found

huddled in a corner of their demolished home, about a half mile southeast of Clyde.

Steve Walker, 63, and his wife, 67, were found dead in an orchard near their home, three miles northwest of Baird. Their home was totally demolished.

The swirling, bouncing, funnel-shaped cloud, second in 13 years for hard-hit Clyde, injured four more persons there—Mr. and Mrs. Jeff Griffin, and their two sons, K. D. and Kenneth. All four were taken to the Callahan County Hospital at Baird, where their injuries were reported as not serious.

Witnesses said the twister struck Clyde at about the same hour as the disastrous tornado of June 10, 1938 which killed 13 persons.

Mr. and Mrs. Bert Tabor and their daughter, Annie Mae, were well known in Cross Plains, having lived at Rowden until about five years ago, when they sold their place to Mr. and Mrs. H. P. Moon of this place and moved to Clyde.

Two daughters of the couple still live in the Rowden area, and rushed to Clyde Friday night soon after news of the tragedy reached here. The daughters are Mrs. Voncell N. Gibbs and Mrs. Sterling Odom. Another daughter is said to reside in Indianapolis.

Mr. and Mrs. H. S. Phillips, parents of Mrs. Bill Wagner of Cross Plains, reside very near where the tornado hit Friday night, however, they escaped injury.

Relatives of the Bert Tabor family barely escaped with their lives as the twister hurled down the highway.

They were Mrs. J. L. Tabor, Bert Tabor's mother; Clark Tabor and Mrs. Jewel Swanzey, brother and sister of Bert. With them was Mrs. Clark Tabor.

They looked out the window of the J. L. Tabor home, about 800 yards north of the fatally injured couple's home, and saw the black cloud.

"It's a tornado—let's get Bert," someone cried.

But they had no time for, the twister was almost on them when they saw it.

Property damage in the Clyde area as a result of Friday's tornado was estimated at close to \$58,800 by H. E. Swofford, Clyde real estate and insurance man.

The figures are based on damages of 14 homes and approximately 14 barns in the twister struck area. Damages to the buildings ranged from "slightly damaged" to "total loss."

Swofford said insurable losses alone had totaled \$8,800. Approximately \$50,000 of the buildings damaged were not insured.

An additional \$15,000 loss in the Eula-Clyde area was expected as a result of hail and winds that accompanied the tornadic blasts Friday evening.

Persons whose houses were damaged and estimated damages were: Mrs. Lula Bryant, total loss; Mrs. J. L. Tabor, roof blown off, furniture water soaked; Bert Tabor home, total loss; Robert Barton, rent house, total loss; Jeff Griffin family, house crumpled over, total loss; Murle Bales, house very badly damaged; R. S. Thomas, house badly damaged; W. B. Collett, house very badly damaged; Steve Walker home, total loss; Ike Driggers home, seams pulled, furniture water soaked; S. G. Windham, home heavily damaged; Mrs. A. C. Hooper, house demolished; H. F. Phillips, house slightly damaged; James Reed home, midway between Clyde and Baird, heavily damaged, roof blown off, furniture water soaked.

Andrew Young Laid Start First Home In New Addition To Rest On Saturday

Key City Builders, of Abilene, started construction here Friday on the first of possibly 30 or more homes to be built in the new subdivision along the northwest edge of the city. The dwelling now under construction will front the paved road from here to Cottonwood. The house is expected to be completed by the twenty first of this month.

Construction of other houses may be delayed until FHA and VA approval for the entire addition have been secured. In the meantime, though, surveying and opening of streets and alleys will likely get underway. The principal streets are to be paved throughout the addition.

Fort Worth Man Takes Over Phone Systems May First

E. O. Kizer, of Fort Worth, assumed management and operation of the Cross Plains and Rising Star telephone exchanges Monday morning, May first, pending completion of a deal for the properties with the Home Telephone and Electric Company. No change in personnel at either office was made.

Kizer, a long time employee of the Bell Telephone Company in Fort Worth, made a thorough inspection of the two exchanges last week in company with Frank Bearden, secretary of the Home Telephone and Electric Company, which has operated the systems since they were first installed here and at Rising Star about 40 years ago.

It was understood that there are now on file at the Cross Plains office 77 applications for telephones, and that the new owner will attempt to make connections as soon as possible. Much new equipment is being ordered for both the Cross Plains and Rising Star exchanges.

Funeral Tuesday For Local Lady's Mother

Funeral services were held from the First Methodist Church in Sweetwater Tuesday afternoon for Mrs. T. N. Minix, 76, mother of Mrs. Edwin Erwin, of Sabanno. Mrs. Minix died unexpectedly at her home in Sweetwater early Monday morning.

At the funeral service Tuesday afternoon the Rev. J. Edmund Kirby, Sweetwater Methodist pastor, officiated. Burial was made in the Sweetwater cemetery.

Mrs. Minix was born January 15, 1874, in Centerville, Tenn. She moved to Comanche County with her family when she was 10 years old. She was married December 19, 1895 at Sipe Springs and spent most of her married life in Eastland and Callahan Counties. Mr. and Mrs. Minix had been living in Sweetwater since 1946.

Mrs. Minix is survived by her husband; seven daughters, Mrs. Edwin Erwin of Cross Plains, Neilon Minix, Sweetwater; Mrs. Lloyd McBeth and Mrs. Olaf South, both of Roscoe, Mrs. Gene Cantrell of Abilene, Mrs. M. B. Gardner of Houston and Mrs. Bruce Jensen of Topeka, Kansas; two sons, the Rev. T. N. Minix, Jr., of Middlefield and Garth K. Minix of Houston; two brothers, L. T. Easley and J. D. Easley, both of Fort Worth; 14 grandchildren and seven great grandchildren.

89 Year Old Local Lady Hurt In Fall

Mrs. Charley McDermott, 89 year old Cross Plains lady, fell last week and broke her left arm in the elbow joint. She was taken to a Cisco hospital and the fracture set. She is now at the home of her daughter, Mrs. Howard E. Coburn in the north part of town.

Another daughter, Mrs. E. M. Silver, of Albuquerque, New Mexico, is coming this week to spend a few days with Mrs. McDermott.

Ellenburger Topped In Test On Outbirth

Cresless Oil Company was reported testing late Tuesday in their number one Fred Cutbirth, an Ellenburger wildcat, 10 miles west of Cross Plains. Location is 990 feet from the south and 330 feet from the west lines of section 208 in the Bartolia Garcia.

Free oil is reported to have filled the hole more than 300 feet after the Ellenburger was topped, however, operators withheld judgment on the hole until after electric logs had been run and probably acidization attempted.

ADMIRAL FAMILY ESCAPES STORM BEING IN CELLAR

The tornado which ravaged Clyde Friday afternoon hit the ground again near Admiral, doing considerable damage at the home of Mr. and Mrs. Rob Walker, who live about four miles north of Admiral. The Walker family was in the storm cellar at the time. The wind is reported to have blown away the cellar door.

De Leon Postmaster Wants To Stop Work Of Seismograph Crews In Testing Land

Tate Counts, De Leon Postmaster, comes out in the De Leon Free Press the past week in favor of putting a stop to the indiscriminate work of seismograph crews in testing for oil in this section of the state. Mr. Counts claims that such work is against the interests of the landowner and if it is done should be paid for it.

His article to The Free Press follows:

The time is at hand when the farmers and other citizens of Comanche county should do something about the seismograph crews that are operating here on the public roads. They are damaging our rural roads and bridges, obstructing traffic, and collecting information that may deprive the land owners in this vicinity of many dollars lease money in the years to come. For this privilege they are paying nothing to the county, and are not even repairing the damage that they are leaving.

I made an inspection yesterday of one of the bridges broken in by one of their heavy trucks. The bridge had been rebuilt less than two months ago and was in good condition. It will cost many dollars of the tax payers money to put it back in good condition again. This is the third instance recently that damages has been reported to me on bridges. It has also become their custom to drill in the road, and their slush pits and explosion is causing rough spots that will require much time and many dollars to repair. I have also noticed places where their instruments have been strung down the middle of the road, causing traffic to just do the best it can, sometimes partly in the ditch. Such a practice is unnecessary and dangerous.

The damage caused to the bridges and roads, especially during the recent mud, has hampered the delivery of the mail, causing one carrier to drive several miles out of his way, thereby delaying the mail. Our school buses are also suffering the same results.

The information that these companies are collecting may stop the leasing activity in this vicinity once and for all. If so, an important source of revenue to the land owners will be cut off from now on.

Therefore, under the circumstances, why shouldn't these companies pay for the right to examine our resources and for the damage to our public property. I suggest that all these operations be stopped by order of the Commissioner's Court immediately, and that they not be allowed to continue until an agreement is reached whereby the County will receive at least \$10 for each hole that is drilled. It would also suggest that each landowner require a payment of 50 cents per acre, before he allows his property to be invaded and tested.

I talked to County Judge Rip-petoe on the phone this morning, and he has assured me that the matter will be taken up by the Commissioner's Court and that the situation will be taken care of. Will as many as possible make your opinion to the Judge and Commissioners, and demand immediate action.

CITATION BY PUBLICATION

**Local Man Writes
From North Africa**

Mr. and Mrs. C. W. Proctor recently received a letter from their son, S/Sgt. Grant Proctor, who is stationed in North Africa, in which a number of interesting highlights were given. Excerpts from the missive are reproduced hereunder.

"Have recently come from Tripoli, one of the most interesting cities on earth. Some of the things I saw there are almost unbelievable. Their customs are so exotic.

"All unmarried Arab women appear on the streets with their faces covered with the exception of one eye. Married women uncover both eyes. Men dress in blankets and sheets, in about the same manner as we imagine was the custom in Biblical days.

"Vegetation here is similar as that to be found in many sections of the United States. I have seen growing onions, radishes, wheat, lemons, oranges and apples. Palm trees are abundant, as are also a number of other type trees which I was unable to identify.

"Some time soon I'll write you a more comprehensive description of this country. I'll probably be here for 18 months or more and should have an opportunity to point out some of the things of interest."

Health Department**

"Go in and out the window" is a line from a children's game which thousands of little youngsters have played for years. It may be used to describe something else, too, for flies like to go in and out windows. Dr. Geo. W. Cox, State Health Officer reports that fly infestation will be heavy this year. So, now is the time to kill those early flies—before they have a chance to produce thousands more during the summer.

These pests love to buzz around in uncovered garbage pails, stables, old privies, and in homes around uncovered food. Do you have a metal garbage pail with a tight fitting lid? Are screens on your windows and doors in good repair? Waste should be removed from stables often, for horse manure is one of the chief breeding places of flies. Children can help

Rowden News

By Patsy Crow

Jolana and Josie Faye Davis spent Monday night with Thelda and Velda Crow.

Many people in the Rowden community were sorrowed at the death of Mr. and Mrs. Bert Tabor and their daughter, Annie Mae, whose lives were taken in the storm at Clyde Friday evening. Mr. and Mrs. Tabor and daughter had lived in the Rowden community for quite a few years until they sold their place and moved to Clyde. Two of their daughters live here at Rowden. They are Mrs. Sterling Odom and Mrs. Vonceil Gibbs. Another daughter, Mrs. Gunderson, lives in a Northern state.

The Denton school will dismiss for this term on May fifth. There will be six graduates from high school and 18 from grammar school.

Those visiting Mr. and Mrs. Vonceil Gibbs and Judy and Mrs. Lela Gibbs Thursday night were Mr. and Mrs. Billy Rose and Bruce, Mr. and Mrs. Warren Price, Mr. and Mrs. Arthur Baker and Mr. and Mrs. Bill Hazel.

State Fair Plans Largest Price List In Event's History

Livestock premiums offered by the 1950 State Fair of Texas Mid-Century Exposition, October 7-22, are the highest in the 65-year history of the fair and are tops in the Southwest for livestock shows. Ben E. Cabell, general chairman of the state fair livestock committee, has announced.

Premiums total \$72,659, an increase of \$7,424 over those for 1949. The 1950 State Fair premium list will be available early in May and will carry an invitation to all pure-bred livestock breeders to exhibit their herds and flocks at the mammoth Mid-Century Exposition.

Twenty six breeds of livestock will compete for premium awards in the fullest program of any state fair in history, Cabell said. Star attraction will be the All-American Jersey Show and Junior Jersey Exposition, October 13-20, world's largest cattle breed show. More than 600 top-flight Jerseys from 35 states and Canada will compete for \$10,000 in premiums and 23 trophies valued at \$35,000.

The Regional Holstein-Friesian Show will be another big dairy cattle show, offering \$5,200 in premiums.

Premiums offered in the various divisions are: Beef cattle, (Aberdeen-Angus, Brahman, Hereford, Polled Hereford, Shorthorn), \$22-350; dairy cattle (Guernsey, Holstein-Friesian, Jersey, Milking Shorthorn), \$20,700; swine (breeding swine and fat barrows), \$4-636; sheep, \$2,923; Angora goats, \$850; horses (Palominos and quarter horses), \$5,650; special herdsman award, \$300; Junior Livestock Show, \$11,250.

A new horse show event has been added, the American Saddle Horse Show, with premiums put up by Texas breeders who are sponsoring the show.

Junior livestock premiums have been increased \$2,410 over the 1949 list, and a Junior Commercial Steer Show has been added.

Mr. and Mrs. J. L. Ferrell have returned to their home here after a two weeks visit in Dallas. Mrs. A. B. Carr and Rita Spears returned with them for a visit.

How will you have your peas?

These peas were kept uncovered for 7 days in an Admiral Dual-Temp Refrigerator. The cool dewy atmosphere has kept them tender, plump and moist.

These peas, taken from the same can, were kept uncovered for 7 days in an ordinary refrigerator. Exposed coils have drawn out the moisture until now they're dark, wrinkled, dry, hard.

Foods don't dry out... No dish covers are needed

Here's a refrigerator that's years ahead because it combines not one, but two fine ways to save food. It's a full size moist-cold refrigerator AND a 20" below zero home freezer

Adds days of freshness to all foods. In the big moist-cold compartment there are no exposed coils to rob foods of their natural moisture. In its cool dewy atmosphere you can store any food uncovered. Yes, even fish and cantaloupes. They will not lose their freshness and flavor and they will not share their scent. A sunny little ultra-violet Sterilamp helps purify the air.

More reasons for cheers! There's NO DEFROSTING. Coils are sealed in the walls of the big moist-cold compartment. There's not even a drip tray to empty.

It's a gift! 3 more cubic feet of space at no extra cost. More room for tall bulky items, more widely spaced shelves. Don't fail to see this new roomier, thrifter kind of refrigeration.

On display now. Admiral Refrigerators as low as \$189.95.

No defrosting!

NOTICE

There has been some ugly rumors circulated around Cross Plains area which we take this means to correct, certainly they were not born in truth.

It has been circulated that I was going to discontinue my Cross Plains operation; also, that I was looking for a new location; and I was dissatisfied with my employees.

Let me assure everyone that I have no intention of discontinuing my operation in Cross Plains. We like the people and they have proven that they like us and our service by the splendid patronage given us. I have been in Cross Plains a little over one year and it has been a most pleasant business relation.

As to moving from our present location, we think we have the best location in town and frankly we believe that someone else thinks so also. Mr. McCord, owner of the building where we are located, has been very nice and has granted every request we have made. We are not interested in moving.

As to our personnel, we feel that we are indeed fortunate to have people such as Mrs. Jean Fore and Mr. James Thomas representing us in the Cross Plains area. I have the highest regards for their loyalty, honesty, integrity, energy and ability.

I solicit your continued patronage with the satisfaction of knowing "I am here to stay".

Sincerely yours,

Matson Butane & Appliance Co.

Cost Of Addition Here May Run \$400,000; One At Baird \$300,000

The Key City Builders of Abilene, the firm now building the new residential addition in Cross Plains, has \$1,400,000 worth of building projects un-

derway in two other West Texas towns. Construction was started Friday morning simultaneously in Cross Plains, Baird and Anson. According to estimates made

by George Steakley, president of the Abilene concern, the Anson project will run \$700,000, the Cross Plains job \$400,000 and that at Baird \$300,000. Although the Cross Plains project was the last of the three undertaken, building began simultaneously with those in Anson and Baird and the addition here will likely be finished about the same time as the other two, Steakley opined.

The Anson addition will comprise 150 lots, the one in Cross Plains 70, and the one in Baird 54. Actual number of houses finally built will be dependent upon local demand in each of the three cities, and Steakley pointed out that his estimates of the final cost of each project was predicted upon experience the firm has had in Colorado City, Merkel and other West Texas towns.

Caddo Producer Is Believed Likely In Cross Cut Venture

H. S. Cole, Jr., of Houston No. 1 Bucey, offset to the Marble Falls discovery well in Brown County, four and one-half miles southeast of Cross Cut, set pipe last weekend to test the Caddo, where a good show of oil was encountered. The project, 2,330 feet from the north and 4,400 feet from the east lines of Section 140, R. Mitchell Survey, topped the Caddo at 1,931 feet. A good show was encountered at 2,046-60 feet. Total depth is 2,071 feet.

HIGGINBOTHAM'S REPORT MAYTAG PRICES LOWER

George R. Neel, manager of the Higginbotham store in Cross Plains, local dealers for Maytag washing machines, is in receipt of a communication from the Maytag factory at Newton, Iowa, advising of a nationwide price reduction.

The Cross Plains store is accordingly cutting prices on all types of Maytags effected in the new price schedule, and carries an advertisement to this effect on another page of today's issue of the Review.

Claude Mayes, Junior Ford and Otis Purvis were business visitors in Throckmorton Sunday.

Honor Bride-Elect At Abilene Shower

Honoring Lavonia Redden, formerly of Cross Plains, bride-elect of the Rev. Roger Duck, the WMU of the Temple Baptist Church in Abilene hosted a shower Thursday afternoon.

In the receiving line were the honoree and her mother, Mrs. E. L. Redden, and Mrs. W. T. Mitchell, Doris Price, Mrs. Clifford Linders, and Mrs. H. L. Weldon. Mrs. Robert Ramey, grandmother of the honoree, presided at the register.

The table was laid with a lace cloth and crystal appointments. The floral centerpiece of blue daisies in a crystal bowl was flanked with pink tapers in branched crystal candelabra.

Assisting in serving were Mrs. Carl Collum, Mrs. Melvin Landers, Mrs. E. D. Bardin, and Mrs. John Campbell.

Vocal selections were given by Mrs. Cecil Mitchell, who was accompanied by Mrs. Ed Brewster.

Blue iris and pink roses, carrying out the honoree's chosen colors, decorated the party rooms where 40 guests were entertained.

FORMER LOCAL GIRL IS BELIEVED SOME BETTER

Mrs. R. G. Bearden, the former Miss Barbara Weller, granddaughter of Mr. and Mrs. Joe Weller, who recently underwent brain surgery in a Dallas hospital, is believed to be slightly improved. Friends here are hopeful of her recovery.

Mrs. Bearden formerly stayed with her grandparents in Cross Plains and finished high school here.

NO CLOSED SEASON ON SQUIRREL HUNTING HERE

There is no closed season on squirrel hunting in Callahan, Coleman, Eastland, or Comanche counties, however, for most other Texans, Monday, May first, marked the day in which they could begin legally shooting this game.

The Commissioners of Coleman
County have let a contract for
constructing 18.66 miles of gravel
road in Precinct No. 2. The job
has been let to Arthur Smith of
Blanket. The sum of one hundred
thousand dollars is the amount to
be expended.

Coleman County was recently
awarded one hundred thousand
dollars by the State to be used on
highway No. 23, which is to con-
nect Coleman and Cross Plains
via Burkett.

The school census shows a total
of 688 children enrolled in the
Baird district for 1920, an increase
of 48 over last year.
Property loss estimated at \$150,-

000 was caused by a fire which
started in a livery stable at Gor-

flames were swept by a hard wind
toward the water works plant and
it was feared for a time that the
entire city would be wiped out.

vention, was received here with
vociferous expressions of approval.
It did not come as a surprise, how-
ever, as all confidentially expect-
ed that the band would bring home
the bacon.

The Prairie Oil & Gas Company,
just recently purchased the Mahl-
stedt-Mook Co.'s interest in the
Cross Cut section, completed their
well on the G. B. Gaines tract for
an estimated production of 200
barrels.

Rhodes & Highers got a 25 bar-
rel well on their G. B. Gaines
tract. The Keystone Drilling Co.
have seven million feet of gas on
their Williams tract in the Beck
survey.

Porter J. Davis of Cross Cut,
informs the Review that he has
placed an order for a 12,000 Egg
Capacity Buckeye Incubator, and
will install it in Cross Plains, for
custom hatching. It will be in-
stalled and ready for service by
the first of October, Mr. Davis
states.

An appeal to the people of
Callahan County is made this week
by Ross B. Jenkins, County Agent,
for funds to send a local farmer
in the Texas delegation to Wash-
ington to confer with President
Roosevelt on agricultural matters.
Steve N. Foster, of Atwell, has
been chosen to represent Calla-

han farmers in Washington and
will make the trip if the necessary
\$100 for expenses is raised.

Oil field operations in the vi-
cinity of Cross Plains have taken
on new life within the past few
weeks and now virtually every
lease in this locality is now under
a number of new tests going
down.

One of the largest independen-
tly owned oil field supply houses
in this section opened its doors
for business in Cross Plains
Wednesday. The firm is owned
and under the personal supervision
of E. M. Howard, veteran pipe
and oil field supply broker.

Clara Nell McDermott, daughter
of Mr. and Mrs. H. H. McDermott
of this place, and a student in
John Tarleton Agricultural Col-
lege, at Stephenville, has been
named associate editor of the
student publication the "J-Tac"
the Review was informed from the
college publicity office.

Cross Plains Buffalo Band cop-
ped top honors in the annual
Federation of Music contest at
Abilene the past week end, when
ratings of first division in march-
ing and second division in play-
ing were awarded the organiza-
tion. The band competed in the
class "C" division.

R. N. Sandlin of Abilene, deputy
state school superintendent, gave
high praise to the Cross Plains
school system Wednesday, when
he made his semi-annual inspec-
tion.

Billy Gray, student in McMurry
College, and son of Mrs. W. J.
Gray of Cross Plains, has been
offered a contract to pitch base-
ball for Oklahoma City of the
Texas League.

Durwood Varner, Cottonwood
youth who graduated from Cross
Plains high school, will be valedic-
torian at the Texas A&M Col-
lege at graduation exercises for
a group of 700.

PAYLOAD LEADERS

Cost less to operate per ton per mile!

Right from the start, you can figure on more payloads
because Chevrolet trucks take less time on the job...
cost less to keep up. They reduce total trip time with
extra high pulling power over a wide range of usable
road speeds. Advance-Design construction saves you
money on repairs. It all boils down to this: You can
depend on Chevrolet trucks to deliver the goods at
low cost per ton per mile. Stop in and see these new P-L
trucks now on display.

Brownwood Junior Chamber Of Commerce Regatta Girl

The Brownwood Junior Chamber of Commerce's 1950 Regatta Girl, Miss Barbara Stuteville, 18, takes a ride over the course for the running of the 16th annual Lake Brownwood Regatta Sunday, May 7. A full day of entertainment has been arranged for the occasion by Brownwood's JayCees. A model plane contest will start at 9 a.m. Entries in the Old Fiddlers Contest will start their competition at 10 a.m. The boat races will start at 1:30 p.m., and the day's events will be climaxed at 3:30 p.m. with the annual Regatta Queen contest.

Cub Scout Program Here Tuesday Night

A meeting of the Cub Scout troop was held in the American Legion Hall here Tuesday night with about 30 people present, some of which were parents of boys enrolled in the scout program.

For the entertainment a two act play was presented by a group of children, directed by Mrs. Ray Tyler and Mrs. James M. Campbell, den mother and assistant den mother of troop number one.

During a business session Mrs. Pete Robbins was elected secretary of the parents group which sponsors the Cub Scouts. Mrs. Frank McGary and Mrs. George Hutchins were chosen den mother and assistant den mother for troop three.

Next regular meeting of the group will be June sixth, at which time a program is to be presented by den number two.

Deep Oil Venture Begins Near Clyde

Robinson - Puckett, Inc. No. 1 T. I. Nixon is to be a deep wildcat two miles southwest of Clyde, in Callahan County, 330 feet from the north and 1,320 feet from the west lines of Section 63, BBB&C Survey.

Proposed depth is 4,800 feet with rotary.

JOE HOWSER REPORTED RECOVERING RAPIDLY

His many friends here will be delighted to learn that Joe Howser, who has been in a San Angelo hospital the past several weeks, is recuperating splendidly. In a letter from Joe Wednesday morning, the Review was told that he hoped to be able to come home in about four or five weeks.

Ranger Junior College and the Rope and Spur Club are sponsoring their first annual NIRA approved rodeo May 11, 12, and 13. There will be three night performances starting at 8:00 at the Ranger Jaycee Rodeo Arena. Officials of the college stated that they will make this an annual affair.

Mrs. J. L. Bonner and Mrs. P. V. Tunnell were in Abilene Wednesday.

Frank Bearden, of Balrd, was a business visitor here Wednesday morning.
