City Council Designates This Week As 'Clean-Up Week''; Asks Co-operation

S. F. Bond, Mayor, announced the Mrs. Fred V. Tunnell past week that the city council had Named Chairman Of designated this week as "Clean-up Week" in Cross Plains and had made arrangements with the local high school senior class to haul off all trash gathered by city residents. Mayor Bond asks all residents to co-operate in this clean-up program and stated that all debris should be placed in containers in the al-

levs or at the curbs in both the business and residential sections of the city. Members of the senior class stated this week that they would

begin their trash hauling chores at noon on Friday and everyone is requested to have their trash ready by this time. Money derived from this contract will be used by the seniors to help finance their annual trip, taken after their gradua-

Residents here are urged to cooperate with the City Dads and Let's all fall in and do our best members of the high school senior to rid our premises of unsightly and class in the annual city-wide cleandisease-breeding debris while it is up program which has been set for possible to get it hauled off free this week end. On Drillstem Test

Johnson & Warren No. 1 Claude M. McAnally, John H. Pickens Survey 221, is a prospective discovery from a Canyon sand eight miles west of Cross Plains in Callahan County.

Operators are F. Kirk Johnson of Fort Worth, and L. A. and Coy Warren of Cisco. Operators were waiting on ce-

ment after setting 5½ inch casing at 1,831 feet. The hole is bottomed at 1,835 feet. Completion will be from an open hole. No. 1 McAnally was drillstem tested in the Canyon at 1,831-35

feet. Gas came to the surface of the ground in three minutes. Oil flowed in 23 minutes at an estimated rate of 10 barrels of oil per hour. Flowing pressure was 300 pounds. Shutin pressure was 710 pounds.

Same operators spotted No. 1 Mrs. Josie Brown as a wildcat eight miles southwest of Baird on a 177.72 acre lease.

THE BAYOU PHILOSOPHER SAYS NEW PILL TO WARD OFF EFFECTS OF ATOM BOMB IS BIG MISTAKE

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou apparently has his tongue in his cheek this week, although there's always the possibility it could be something else, say chewing tobacco.

Dear editar:

The trouble with scientists is that they're always workin against each other and for every step one of em makes toward progress another one of em takes a step to head him off. We don't get anywhere.

Take the atom bomb. Here we had a fine instrument of civilization, you might say the peak of civilized ingenuity in so far as eliminatin more people at Mrs. Borden made her home at one time is concerned, civilization these days you know bein measured not only by the greatest good going to Littlefield in 1949 to live for the greatest number but the greatest number. bumped off in the shortest time.

The atom bomb, you might say, was the ultimate dream of the first cave man who dropped a rock funeral services were held at the off of each other and cowerin us into final world peace. And what happens? We spend billions of dollars and endless hours of scientific research to get it perfected and then what?

Some scientist not willin to let well enough alone gets busy and invents a pill to counteract the effect of the atom bomb's most valuable aspect, its ability to send mysterious rays out and kill people merely by radiation. Accordin to an account I read in a paper yesterday, all you have to do now is take this pill before an atom bomb goes off and, if you're out of the immediate vicinity where the thing explodes, you're safe from the devastating radiation that used to make the bomb such a masterful instrument of slaughter.

I tell you, that pill has set us back twenty-five years. Now we've got to start all over again and work out something to add to the bomb that'll overcome the effects of the pill, and as sure as we do some scientist will develop another pill to overcome that, and civilization will be right back where it was before. I wish scientists would make

Yours faithfully,

Alcoholic Needs Hope And Help To Take It

BY AN ALCOHOLIC (Third of a Series)

In most illnesses, the patient realizes he is sick and is willing to do anything suggested to bring about recovery. Not so, however, with the usual run of alcoholics.

They will test the patience of a saint and resist every effort to help them. This stubbornness is a part is usually the way the vain apof their affliction. They have lost proach ends. the ability to understand the

vive. Experience has shown that | thetic, down-to-earth pastor may some person outside the immediate be able to rouse the drinker's confamily circle is a better prospect cern as to his desperate situation and need for help. to work on the alcoholic victim. The threats, pleas and promises

The family will always make the which have come from the family in the past were in vain. The big mistake of pitting their love drinker resents these appeals and against his love for alcohol, not considers them as interference or realizing that the alcoholic's illness nagging. Getting drunk or drunker makes alcohol the most important thing in his life. He can't shut off the compulsion to drink as one would turn on or off the water faucet. It's not that simple. The very first approach to an alcoholic is an

important one. It should be made by someone with kindness and understanding, but never without firmness.

Don't expect any miracle at the outset. It would be foolish to think that the rebuilding of the alcoholic's character (and this must be done) which has been years in developing badly, or rather going to pieces, can be done in a week, six weeks, or even six months. Recovery for the alcoholic is a

slow job and there are no short cuts. First of all, he must be persuaded, calmly and clearly, to accept his condition as he would if informed he were a victim of heart disease or tuberculosis. And he must realize that he can be helped.

The drinker should be convinced that he cannot recover alone. He has to be shown that he has a serious drinking problem, or will have if some preventive action is not immediately employed. Once faced with these facts, he must decide to do something about it.

The alcoholic is an extremely selfish person. He thinks only in terms of self. Faced with an "either -or" ultimatum which would carry with it some kind of penalty were he not to try the treatment suggested, he might agree, though purely from a selfish motive to avoid the penalty.

Regardless of the insincerity of the victim's decision to try some program of help, progress can be made. There are numerous instances on record where such counterfeit or phony intentions in the beginning blossomed into a sincere desire to recover. Exposing these hard - shelled

Carbon Paper at the Review

BIG BEAN BLOW

BIG BEAN BLOW—an electrically powered blower pours out a squirt of castor beans onto a mountain of the Anderson County new crop that will be used next year for planting some 50,000 acres. Half of this big pile is oil, for which hundreds of vital uses have been developed. The 500,000 pounds being moved into a new metal storage Quonset at Elkhart for cleaning and treatment brought Anderson County growers \$50,-000. This is the first year of castor bean production in this area. Notwithstanding extreme drouth conditions during the months of production, the crop promises big returns here.

A farmer in Houston County, on sandy soil, one acre, hulled out 1,785 pounds and he expects 600 pounds more after frost. Maybe this crop is worth looking into.

This Bank is interested in promoting better agriculture in this County. Come in today and start that Bank account.

Washington "As It Looks From Here OMAR BURLESON Congressman 17th District

In the absence of Congressman Burleson, who is now back home, the column for this week is being written by his office staff.

After the Congressman visits with his mother in Anson, he will cover as much of his District as possible. He said before leaving that he expects to at least visit in all the County Seats of his twelvecounty District, and in as many of the other towns and communities as time will permit.

The Congress recessed on April 2nd until Monday, the 13th. According to those who set the order of business, there will not be very carnival featuring a water ski show much activity during the week of and speedboat racing contests, and the 13th, although there is a pos- was climaxed by the crowning of sibility that the Appropriations Bill the Cherry Blossom Queen by Mrs

for the Interior Department will come up for consideration during the latter part of the week. It is Burleson's expectation to remain back home during this week and return about the 18th of April. It is hoped that the Congressman will have the opportunity of seeing many of you while he is there. This is the first chance he has had to leave Washington since the Congress convened, and likely it will be the last time before the Session ends.

Washington in April is perhaps at its most beautiful-and certainy at its most populated.

Over 500,000 visitors from all parts of the country were in town last week for the biggest Springtime tourist attraction-the annual Cherry Blossom Festival.

This year's celebration was held from April 8th through the 12th, and the schedule of events included a Spring fashion show, a torchlight parade of floats bearing the princess representatives of the various States and Territories, a water

Wayne Cox, Lawton, Oklahoma cowboy, flying high off the back of "High Noon". This famous bucking horse is one of the Bob Estes' string of bucking horses to be seen at the Callahan County Sheriff's Posse Rodeo in Baird April 30, May 1-2. Eisenhower.

pilla dece

Texas' lovely representative in the pageant was Miss Betty Ann Kil-

day, 18-year-old daughter of Congressman and Mrs. Paul J. Kilday of San Antonio.

Visitors report that the affair was' just perfect—except for one small detail. It seems that in scheduling the festivities, the planners completely overlooked Mother Nature and her "mind of her own." The unprecedented warm and wet weather brought forth the blooms a full two weeks before they were expected, and little was left of their loveliness by the time of the

festival. The younger generation, too, had their day" in the Nation's Capitol last week. On Easter Monday, President Eisenhower revived an old and honored Washington custom and threw open the gates of

the White House for an "Egg Roll." The "ticket of admission" was a basket of colored eggs, and no adult was admitted unless accompanied by a youngster. Some 19,000 guests responded to the President's invi-

tation to roll eggs on his lawn, and both he and the First Lady, as well as their small grandchildren, took part in the fun. White House gardners report that

the lawns will recover from the eggshell barrage, and state that the grounds will be much improved for their egg shampoo. Few casualties were reported, and kiddies "missing in action" were quickly returned to their anxious parents by the White House police force. It was the first Egg Roll in 12

years. The practice was discontinued during the war years and the period of White House renovation The event was so successful, it will likely be brought back again next year by popular demand.

Veterans ? Box

Q-If I take on-the-job training under the Korean GI Bill, will my monthly GI allowance be for the same amount, throughout my training course?

A-No. Under the law, your allowance will be reduced at fourmonth intervals, as your training progresses.

Q-Both my wife and I are World War II veterans. I used by GI loan entitlement to buy a house. Now we want to sell, and buy a larger house. Could my wife use her entitlement for a GI loan for the second house? A-Yes. Both you and your wife

are individually entitled to GI loans. The fact that you've used your loan entitlement would not prevent your wife from using hers. Q-I have been awarded a disability compensation rating by the VA, but I think I should be entitled to a higher rating. I plan to appeal. Is there any time limit on filing my appeal? A-Yes. You must appeal to VA's

Board of Veterans Appeals within one year from the date VA mailed you the notice of your original rating.

Q-I have a permanent plan of National Service Life Insurance policy. Is it possible to exchange it for a term insurance policy for the same amount?

A-No. Permanent plan policies may not be exchanged for term policies under VA regulations.

Mr. and Mrs. Wayne Grable are visiting in the home of her parents. Mr. and Mrs. Howard Gary. They will return to Great Lakes, Illinois, where he is stationed with the navy

WMU Association Meet At Cottonwood Thursday, April 23

The regular quarterly meeting of the Woman's Missionary Union of Callahan Association will be held at the First Baptist Church of Cottonwood on Thursday, April 23, beginning at 10 a.m. Guest speaker for the day will be Mrs. O. B. Woodrum of Abilene, District 17 WMU president, who will represent Hendrick Memorial Hospital. She will also present the new plan of WMU work in Texas.

Local WMU presidents will report in the morning, and standing committee chairmen will give their reports in the afternoon. Special music will be furnished by Mrs. Ray Plumlee.

Mrs. Norman Coffey of Cottonwood, Association WMU President, will preside at the meeting.

Visiting with Mr. and Mrs. Fred Wilson Sunday afternoon were Jim Conner and son, Jimmie, of Rising Star.

Mr. and Mrs. Donald White and little son of Lovington, New Mexico were week end visitors with their parents here and at Burkett. Donald received treatment in a Brownwood hospital a few days for an eye infection. They returned to their home Tuesday afternoon.

Your Senator Reports

(Senator Lyndon B. Johnson, writing from Washington, gives a weekly report on happenings in the National Capitol as they affect Texas and Texans.)

Peace Or A Sword

Are we on the road to peacereal peace? That is the major question before all of us.

The Russians have indicated a willingness to settle some of the questions that have kept the Korean War alive. Possibly there will be a Korean truce by the time this appears in print.

Of course, we are ready for a truce on honor. able terms. Every American wants to end the Korean fighting at the earliest possible moment. We cannot, however,

permit the pros- Senator Johnson pects for a Korean truce to lull us into a false sense of security that Chamber of Commerce, and T. E. will cause us to weaken our defenses.

We must be vignant-ready to discuss and accept proposals that will lead to real peace, but refusing to let down our guard.

Our Government Is Strong Our system of government has weathered all the storms of its history. It is a system resting upon three pillars-a legislative branch that is a deliberative body and not a grand jury; a judiciary that determines the guilt or innocense of those accused of breaking the law; an executive who conducts the charming 18-year-old daughter of business of the United States and its relations with other countries. day of San Antonio.

Let one wage guerilla warfare against the others, and our freedoms are weakened. Let one surrender its rights and authority to and Mrs. J. B. Howser and child- home here until about two years another, and our freedoms are gone. ren, Farmington, New Mexico; Mr. Whatever we be Democrats or and Mrs. Cecil Long, Byrds; Mr. on Wednesday, April 8, at the home Republicans, it will certainly serve and Mrs. J. J. Patterson of Carlsnone of us as Americans to use the bad, New Mexico; and their son, in La Marque. tactics of the jungle against our Gene, a student at ACC, Abilene; fellow Americans. Still less will it another son, Donald Ray from Fort serve us to use these tactics to tear Hood, and his friend, Bobbie Larry down the great foundations of our from Carlsbad, New Mexico and government.

We cannot tear down the foun- Blackwell.

dations without pulling down the house itself. If we pull down the house, we will all be buried in the ruins.

Can We Cut The Budget?

The budget can and should be cut. We must not forget that 87 cents of every Federal dollar goes to pay for past wars, foreign aid, defense, veteran's aid, and interest on the national debt. Even in the field of defense, there is much waste that should be eliminated. But it is hard to make any astronomical cuts out of that 87 cents Any saving will be welcomed by the hard-pressed taxpayers. But we are headed for a letdown if we look for "big savings"-savings that will balance the budget-this year.

Canadian River Dam Secretary of the Interior McKay learned about the Panhandle's Canadian River Dam project last week.

The educational job was done by Joe Jenkins, former Mayor of Ama-

rillo and now President of the Johnson, editor of the Amarillo Globe-Times. They were favorably impressed by Secretary McKay's interest. Rex Baxter, Manager of the Amarillo Chamber of Commerce. also was in Washington, had earlier visited the Secretary with Mr. Johnson. Mr. Jenkins attended a Civil Defense conference while here.

Texas Princess

former pastor here, officiating. He More than 150 Texans came to was assisted by Rev. Quint Farley. my office Wednesday night of last "Uncle Jimmy", as he was known week to a reception for Betty Ann by everyone, had many friends in Kilday, Texas Princess for the this community. He had been a Cherry Blossom Festival. She is the resident of Pioneer since 1914, coming here as a farmer. He was em-Congressman and Mrs. Paul J. Kilployed by the Texas Company for many years, serving in Oklahoma

and California and here as field Visitors in the home of Mr. and superintendent. He was retired GI Bill. Mrs. E. M. Long Easter were Mr. about six years ago and made his ago. Mr. Morgan passed away of a daughter, Mrs. Bill Copeland

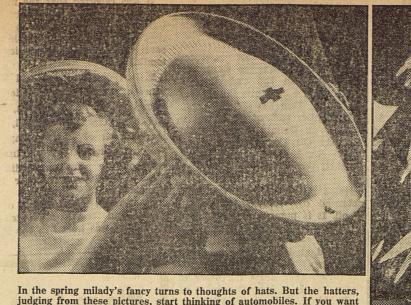

Mr. Morgan was born in Brownwood on February 1, 1879, the son of John and Susan Morgan. He was married to Mrs. Fannie Wester-Mr. and Mrs. Charley Long of man on September 2, 1916. To this union were born three daughters: Mrs. Jack Richardson of Pico California, Mrs. Heyward Jeffcoat of Columbia, South Carolina, and Mrs. Bill Copeland, La Marque Other survivors include his wife two sons by a former marriage, J. R. (Dick) Morgan who is now in South America and R. R. Morgan of Pasadena, California; two stepsons. C. E. Westerman of Lynwood California and C. C. Westerman of Artesia, New Mexico; two sisters; 16 grandchildren and five great grandchildren.

Uncle Jimmy was loved by all who knew him. He was a great lover of sports, hunting and fishing being his hobby. He also had a great interest for football.

Mr. and Mrs. Gilbert Tonny of San Angelo spent a few days with her parents, Mr. and Mrs. Lonnie

Gray, here last week. Delma Dean and C.

Motoring Accessories Style Novel Millinery

judging from these pictures, start thinking of automobiles. If you want to be a real wheel, advises one milliner, try a hub cap off the family car. A little satin lining, says he, and you've got Hubba Cappa Hatta, what? Another designer found the Chevrolet hood ornaments an inspiration for the job at the right. Could be he's giving us the bird.

Funeral services for James F Morgan, 74, were held here Sunday The death of a veteran will be afternoon at 2:00 o'clock with the considered as having been due to Rev. Tom Flippin of Andrews, a a service connected disability when the evidence establishes that such disability was either the principal or a secondary cause of death. --Vets--

Veterans discharged from service because of "service-incurred disability" need not meet the 90 days active duty requirement in order to qualify for education and training under Public Law 550-the Korean --Vets--

A recent change in VA regulations, concerning reinstatement of

USGLI, provides that no interest on premiums in arrears will be required if reinstatement is effected within three months from the due date of the premium in default. --Vets--

Cases are being encountered in which Korean veterans are losing out on a presumptive dental rating because dental examination is not made within one year after discharge . . . these cases should be carefully followed so the year does not expire without some avail-

able evidence. --Vets--

Claims covering loss of personal effects by Navy personnel must be submitted by their survivors before July 3, 1953-if the death and loss occured prior to July 3, 1953.

--Vets--

All men finally reach the metallic lapsed permanent plan NSLI and age: "Gold in their teeth, silver

in their hear, and lead in their Mr. and Mrs. Jim Hutchins and pants." --Vets--

Our war dead since April 19, 1775, day. totaled about 1,005,000. Highway accidents since 1900, total about 1,-012,000 or about 7,000 more.

who are employed in Haskell with a construction outfit, were home over the week end.

The revival at the Pioneer Baptist Church closed on Sunday night. Good crowds were present at each service and Rev. Quint Farley brought the inspiring messages. On Sunday night the pastor and male members set the wheels in motion for the organization of a Brotherhood at the church. All men of the community are urged to come and join them in this fellowship. In the revival there were two rededications and one admission by letter. Mrs. Mack Gray and Mrs. Jess Brown visited with their husbands at Alice, where they are working in the flax harvest.

Mr. and Mrs. Edward Pancake of Fort Riley, Kansas are visiting their parents, Mr. and Mrs. L. W. Pancake and Mr. and Mrs. S. O. Skinner. They will return to camp where Edward is assigned to the athletic division.

Several from here attended the funeral for Mrs. J. C. McDermett at Cross Plains last Friday.

Ralph Miller and family of Mc-Camey visited his parents, Mr. and Mrs. J. W. Miller, this week.

Mrs. W. W. Chandler has returned home after a few days in the Rising Star Hospital.

It looks now like we can clean up some of those fruit jars for the peach crop looks favorable at this time. Orchard owners are busy spraying their trees. With some rain and no high winds or hail we are sure to have a fruit crop this year.

A baby daughter was born to Mr. and Mrs. Bill Hester at the Rising Star Hospital last Sunday night. Mrs. Dow Flippin and children of Pampa were here visiting relatives over the week end.

Mrs. Eula Fore returned to Cisco to spend a few days with her sister, Mrs. Clara Huntington.

A. O. Harris attended the funeral of Uncle Jim Lee at Rising Star last Monday afternoon.

Mr. and Mrs. Joe F. Long of Carlsbad, New Mexico spent the past week end with Mr. and Mrs. E. M. Long.

Progress in finding and producing oil is an old story to the oil country. Nearly everybody has heard about the oil industry's day-to-day miracles in exploration and production.

Now we all have a new series of miracles to wonder at the transformation of petroleum hydrocarbons into chemical products of astonishing variety. These chemicals from petroleum have even added a new word to the American vocabulary - petrochemical.

Progress in the field has been amazing. The capital investment in new industries based on the petrochemicals has mounted to hundreds of millions. The new plants have created thousands of new jobs. And petrochemicals, as an industry, have provided a wider, a more complete, use of the country's oil resources.

Butadiene and butyl for synthetic rubber, toluene for TNT, solvents, aldehydes, and many other petrochemicals even alcohols-are now produced in oil refineries. For example, the Humble Company, at its Baytown, Texas, refinery, is building facilities to manufacture paraxylene, the raw material for the new fabric called dacron.

The day may come, and very quickly, when you can be clothed from tip to toe in synthetic fabrics derived from petroleum; when petrochemicals provide the rubber for your tires, the plastics for your car's interior fittings, the fabric for the seat covers, the vehicle for body paint and polish.

The petrochemicals spell progress . . . progress to which the oil industry contributes research, capital, manufacturing facilities and, most importantly, an enterprising spirit.
