Chamber Hunters' Supper Nov. 6

A beautiful Remington .270 rifle, contributed by Hanner Chevrolet, will be given away Saturday, Nov. 6 when Baird Chamber of Commerce hosts the annual Hunters' Supper. The supper, attended by hunters and land owners, is the Chamber's way of expressing appreciation for the business that hunters and visitors bring to Callahan County.

The supper is sponsored by First National Bank of Baird, Brenda and Larry Cauthen, Clyde Farm and Ranch, Wichita Falls Production Credit, Baird Motor Inn, Callahan County Farmers Co-op, Wes-T-Go Convenience Stores, Grumpe's Specialties and Peoples State Bank. Tickets for the rifle, a Model 700 BDL with

walnut stock, will be on sale until Friday afternoon at the Chamber office, from board members and at the following businesses: First National Bank, Allsup's, Wes-T-Go, Baird Motor Inn, Union Hill Steakhouse, Baggage House Restaurant, Clyde Farm and Ranch Supply, Thrifty's Food Mart, Hanner Super Center and Callahan County Co-op. Tickets are priced at \$2 each or six for \$10.

A bake sale to help raise funds will also be held during the supper.

Everyone is reminded to bring baked goods to the Activity Center Saturday afternoon.

The Old Fashioned Christmas Committee needs assistance to complete plans for the holiday project. A spokesperson said help is needed now to continue with proposed additions to activities slated Dec. 11.

For information call the Chamber office at 854-2003. The office is open from 9-5 p.m. Monday through Friday.

Bears Survive Halloween Scare, Beat Bronte 30-27

By Mo Gonzales
What a game. The Baird Bears played host to the Bronte Longhorns Friday night at the Bears' Den. Baird entered the contest ranked #4 in the state, 8-0 on the season and 3-0 in district play. The Longhorns came in at 6-2 and 2-1.

The Bears received the opening kick-off, which was kneeled by Curtis Lehew in the end zone. The Bears took over at their own 20 yd line and went 3 plays and out, and were forced to punt. The punt was blocked by the Longhorns and the ball rolled out of bounds at the Bears' 25-yd line. Bronte took only 3 plays to score the first points of the contest. P.A.T. failed and Bronte led 0-6.

Logan Russell returned the next kick-off to midfield and the Bears looked ready to get down to business, but on the first play from scrimmage, the ball was fumbled and Bronte fell on the pigskin. Bronte couldn't produce a first down, as the Big Red Wall rose to the occasion, and was forced to punt. The Bears again started from inside their own 20-yd line, but couldn't get anything going and were forced to punt. The Longhorns again blocked the punt, but an alert Jonathan Parr fell on the ball in the end zone giving Bronte a safety instead of the sure touchdown. Bronte

0-8. Baird elected to kick-off from the 20. On Bronte's next possession, Logan Russell intercepted a Longhorn pass to set up Baird at

midfield. It took the Bears only 8 plays to hit pay dirt on a Lee Harle 10-yd run. The 2-point try failed. Bronte led 6-8 at the end of the 1st quarter.

The offense took over, and marched down the field 79-yds. For a 22-yd field goal by Russell. The Bears had their first lead of the game. 9-8 Baird, with 8:01 left in the 2nd quarter.

The Longhorns were forced to punt on their next series, due to continued outstanding play by our Red Defense. This fine line has delivered again and again this season, and deserves another mention: Seniors Jason Gomez and Jr. Gomez, Juniors Mike

Thankyou

We would like to say thank you to everyone who helped make the Haunted House a huge success. We appreciate the time spent, the lights used as well as the other props. Special thanks to K.D. Griffin for use of the building and to the Theater Arts Class for the tours through the Haunted House. Without everyone's support it would not be possible.

Thank you,
Directors Baird

Wake Up Call!

By Julia Worthy

How do you feel about the pills, capsules, shots, or whatever else your doctor prescribes for your health?

Do you read the sheets of information your pharmacists is required to furnish with every prescription? Or do you bother?

Yes, we trust our doctors, but recent circumstances have us queasy about how far that trust should go.

In the latter part of '98 our family was hit with the news that our oldest grandchild is a dope addict.

Why? Why? Why? "Jane" was an outspoken anti-drug person. How did this happen?

From her sixth-year, Jane suffered vicious migraine attacks: intense pain, super-sensitivity to light, vomiting; medications soon lost effectiveness.

When Jane was twenty-three, her doctor prescribed an inhalant, Stadol, with no caution that misuse could be addictive.

Jane whiffed the spray and never looked back. This was truly a "miracle." Her migraines disappeared magically. Life was wonderful!

But it took more and more Stadol to "work," and Jane began seeking other doctors. Some questioned her and wrote a prescription anyway; some obliged with a prescription and no questions.

Jane is minus her work, minus her finance, minus her apartment, minus her savings and minus her confidence and self-respect. She has family love and as much support as we can offer. How much confidence she has in us is questionable.

Stadol's history is similar to other "miracle" drugs that have been hailed as non-narcotic: Seldane, a main culprit, Demerol, Darvon-all of which were prescribed and have sent many

abusers to the U.S. Public Health Hospital at Lexington, Kentucky.

Luminal, Nembutal, Amytal, and Seconal as well as Dariden, Noludar, Quaalude, and Sopor, all hailed as "non-narcotic" and "safe," now have tarnished claims.

Butorphanol, source of Stadol, was introduced in 1978 for injectable use to control pain. Butorphanol is 25 to 50 times more potent than morphine to which it is chemically related. Against advice of its investigative committee, which voted 12-2 against, the Food and Drug Administration allowed it to be marketed as non-narcotic.

In 1992 Bristol-Meyer Squibbs asked, and got, approval for a butorphanol nasal spray. Trademark: Stadol. The nasal spray derived from butorphanol is five times more potent than the injectable form.

During the three years after the butorphanol nasal spray hit the market following advertising in a "major promotional campaign," the number of adverse reports on use of butorphanol rose from 60 per year to about 400 annually. Dependence and/or addiction represented the most common adverse reaction to the wonder drug.

That's the story of Jane and Stadol, a prescription medication.

Does any of this make you wonder about any medication your family takes? Maybe your mother isn't verging on Alzheimer's it may be a side effect from one of those pills for her ills or a bad interaction between different medications.

For years, the National Council on Patient Information and Education has been promoting a "Get the Answer" campaign.

Youth Tour Winners -- Ryan McMillin (left) and Chris Potter.

Taylor Electric Co-op Trip Winners Named

Taylor Electric Cooperative held its annual Youth Tour contest on Tuesday, October 26 at their office in Merkel. The two winners were Ryan McMillin from Clyde and Chris Potter from Merkel. The winners receive an all expense paid trip to Washington, D.C. next summer. Taylor Electric has been sponsoring students for this contest

since the early 1960s.

The entrants were required to give a speech on the subject, "You are a news reporter with time travel capabilities, travel to any past event and give a report for the Taylor Electric News." There were some interesting speeches given and we would like to thank the students that participated.

Baird, Clyde Win, Cross Plains Loses

Baird beat Bronte, 30-27; Clyde won over Merkel, 41-7; and Cross Plains was at Santa Anna.

Book Fair Nov. 1-5

AT ISSUE: *Newspapers*

1. Press freedom: whose right is it, anyway?

The freedom of the press guaranteed under the First Amendment to the Constitution is meant as a protection for the people, not for the media. It was intended to guarantee that the public has ready access to information. Only well-informed citizens can make reasoned judgments about their government.

Exercise your freedom. . .

Locate and read news stories and opinion columns about a national problem.

- How might these articles lead to citizen or government action?
- How do you think newspapers provide national leadership?
- Identify statements that oppose any action that may have been taken by government, public or private groups to address the problem.

3. Privacy

There is a delicate balance between the individual's right to privacy and the public's right to know. Both are important enough to be guaranteed by the Bill of Rights. Newspapers strive to handle information in a way that is responsible and fair to all involved.

Exercise your freedom. . .

Locate articles about the following events or people. Explain why the public has the right to know this information. Or explain why you think the story should not be published.

- Vote taken in U.S. Senate
- Health violation of local business
- A new school policy on safety
- A celebrity's argument with a spouse

5. Censorship

Newspapers in this nation experience a degree of freedom virtually unequalled in the world. That doesn't mean that outsiders have not tried to control their content. In fact, the press is often at odds with the government, big business or other special-interest groups.

Exercise your freedom. . .

Have students "censor" the paper by cutting out of it anything that is critical of government or government officials, everything related to courts except verdicts and anything that would not be public knowledge without the First Amendment. Discuss what's left in the paper.

2. Watchdog for the public

A. Politics and government - The press is free to cover what happens in government at all levels: local, state and national. It serves as the eyes and ears of voters who cannot attend all government meetings and functions.

B. Consumer safety - Likewise, newspapers and other media investigate and alert consumers to faulty or dangerous products.

Exercise your freedom. . .

The founding fathers of this country were concerned that the government might use its power to take advantage of private citizens. They wanted to be sure that voters knew what the government was doing.

Explain why it is important for citizens to receive news about the following:

- National official (The president, a senator, Secretary of Defense, etc.)
- State official (The governor, Secretary of Education, etc.)
- Local official (The mayor, county commissioner, city council member, etc.)
- Services agency (Mental health/Mental Retardation, Children's Services, etc.)
- Lobbying group (National Rifle Association, Common Cause, etc.)

4. Ethics

Editors and reporters are well aware of the impact of their decisions regarding what stories to cover and how. They try to be fair and responsible. They also strive to avoid slander or libel. Not only would they put the newspaper in financial and legal jeopardy, but they would also undermine its credibility. Newspaper managers also face the problem of how to balance editorial and advertising content. The two are handled out of separate departments to avoid a conflict of interest.

Exercise your freedom. . .

A free press ensures that citizens will have access to information about all kinds of situations. But the citizen must be careful that the information he or she reads is accurate and objective. The reader needs information about where the reporter got information for a story.

List the names and occupations of people who are mentioned as sources in a news story. Explain why they would or would not be good sources for the story.

Hudson received treatment in Hendricks Hospital, in Abilene, last week.

Jane Connally received treatment in Hendricks Hospital, last week.

Delores Midkiff had surgery in Hendricks Hospital in Abilene, last week.

Twenty members of the Moran Birthday Club met last Thursday night at the Trading Post Cafe in Moran for the October meeting. The Happy Birthday song was sung to Mr. and Mrs. Jim Butler who had birthdays in September but were not present for the meeting. No one present had a birthday in October. Reminiscing of the Moran School and the buildings and fence around the school was very interesting and informative for some of the members had not gone to school in Moran. Those present were Mr. and Mrs. Dan Mouldin, Mr. and Mrs. Buster Cottle, C.L. Miller, Eloise Zuspahn, Bessie Thomason, Mr. and Mrs. Marvin Kays, Mildred Smith, Elma May Huskey, Mr. and Mrs. Jim Butler, Donna Moore. The next meeting will be on Thursday night, November 11 at the Trading Post Cafe in Moran. Come and enjoy an evening of fun and fellowship.

Ten members of the American Legion Auxiliary enjoyed a hamburger supper with the members of the American Legion at the regular meeting of the groups last Monday night at the American Legion Hall. Mary Edwards gave the blessing for the meal. Following the meal, Mrs. Edwards called the meeting to order and Mae Delle Jones gave the opening prayer. The Pledge to the Flag and the Preamble to the Constitution was repeated in unison. Brenda Butler, Secretary read the minutes of the last meeting and Dorothy Tollefson, Treasurer, gave the treasurer's report. Mildred Smith, Poppy and membership Chairman gave a report to the Poppy fund and the number of members who had paid their dues. Those who attended the Convention in Snyder gave a very interesting report on the convention. The Division President

will be a guest for the November meeting and all members are urged to attend. The traditional Thanksgiving dinner will be served with Turkey, dressing and all the trimmings. Other various items of interest for the group was discussed but no action was taken. Those present were Mary Edwards, Brenda Butler, Dorothy Tollefson, Mildred Smith, Mae Delle Jones, Delores Midkiff, Penny

Collinsworth, Lorea Kays, Elma May Huskey and Margaret Ann Edmison.

If you have not done any Christmas shopping, better get busy for two months from today, Monday, Oct. 25, will be Christmas Day.

The Moran School will have a Fall Festival on Nov. 4th, at the Moran School. Booths will be available with prizes and food. Make plans now to attend and support the school.

The weather continues to be cool and dry in the Moran area. In the

mornings, one knows that winter is almost here and as mornings are cool and a light jacket for the weather is good to have around. A good rain would be most welcome.

Seven members of the Moran Amity Club were in Throckmorton Saturday for a District Club meeting. Those attending were Mmes. Lorea Kays, Brenda Butler, Joy Boverts, Audrey Brooks, Mildred Smith, Margaret Ann Edmison and Elma May Huskey.

The Moran School to date had 119 pupils enrolled. Moran has a growing school so lets support the school.

Mr. and Mrs. Leroy Mason and Mrs. W.C. Weske of Abilene visited with Mrs. Gladys Matthews, recently.

ON THE ROAD

With
Wonder Woman
&
Tumbleweed

It finally came through. A load going to New York City. So many other drivers have told us horror stories about NYC. One driver said he hated going there in summer months because truckers have to shut the motor down while they are being loaded or unloaded. And in some parts of NYC you don't want to sit with your

windows down and doors unlocked.

We also heard other drivers say not to stop for red lights in certain areas. And if someone knocks on a door ignore them. We heard about a US Xpress driver who stopped at a convenience store at 4 a.m. and was murdered for the truck and contents in the trailer. Drivers have said they looked

Bronx Apartments in New York City.

in the mirrors and saw the doors of the trailer open up and people were taking things out of the truck as they drove down the road. A smaller truck with someone standing up in the back was catching things as they were being thrown out.

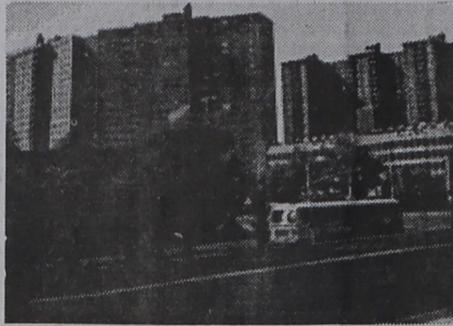

After much prayer--so we knew we were surrounded by angels of God--we took off. We had to pick the load up in Sidney, Ohio from Alcoa Products. We had to be there at 3:30 p.m., but after we got there the warehouse manager said they had not even started loading the trailer we were to take--check back after 9 p.m. So we go to sleep because this means that Tumbleweed will be driving all night long.

After looking at a map we found out the five stops we have to make are in Fishkill, New York (located northwest of NYC), Hicksville, New York, and Freeport, New York, both located on Long Island. Across the bay we could see the skyscrapers of the big city, and the deplorable apartment buildings I've read about.

We went over George Washington Bridge in to Queens and the

Bronx. We saw sights where movies have been made, and West Side Story could have been filmed in one section we went through. Laundry was hanging from a line coming out of apartment windows.

The load carried us on to Bergenfield, New Jersey, then to Clifton, New Jersey. The streets through this area are not big enough for two trucks to drive by each other. Once a truck was coming up on the right and slammed on his brakes when he realized the side mirrors were going to hit.

New York City Apartments in Queens.

Everyone had a strong accent and the New York drivers were always making fun of the hillbilly drivers, which in turn gave these drivers an excuse to cut down New York

and their drivers. We had a load from Clifton, New Jersey to Oswego, New Jersey. This was on July 9 and it was raining with the wind blowing. The

MY ANGEL
On a cold winter morning
Snow drifting slowly to the ground.
You look out your frost covered window
To see the icicles hanging all around.
A little mother kneels beside her bed
A tear stain pillow is all that needs to be said.
For God called His little angel home

To join other angels gathered around His throne.

She prayed for guidance from above
That in her heart may be His love.
An empty space that cannot be filled
A broken heart that needs to be healed.
She dreams of that glorious day
When the Lord calls all His children away.
There will be no more sorrow, trouble or tears
And His love will be with us throughout the years.

"SINUS" is serious . . .
SNORING isn't funny . . .
SLEEP APNEA is deadly!

Persistent "sinus" and nasal obstruction are often the CAUSE of a *deadly duo* of snoring and sleep apnea, even in children.

Laser throat procedures (uvulo-palatoplasty) often address only part of the problem.

Home monitors for diagnosis, and office procedures for treatment, are available to combat this *terrible trio*.

1999-2000 Harvest Recommendations

This map illustrates the recommended harvest rates for each county. These are general recommendations, and may or may not reflect how closely what would be recommended on any one particular ranch. For more information on how closely these recommendations apply to your land, contact your nearest Parks and Wildlife Biologist.

Recommended Deer Harvest For Counties

Landowners and sportsman are reminded that the general deer hunting season in Eastland County will begin, on Saturday, Nov. 6, 1999 and run through Sunday, January 2, 2000.

As in the past, no special antlerless deer permits or tags will be required for harvesting antlerless (doe) deer in Eastland County. Only the appropriate tag from the required hunting license will be necessary. Annual fall deer surveys are conducted during August and September each year to determine overall deer density, reproduction and sex ratios. Because it is impossible to survey each individual

ranch, standard survey lines are established and conducted each year. By collecting this trend information over a period of years, it is impossible to make density estimates and general harvest recommendations for a particular area. It should be stressed

that these harvest recommendations are very general. Deer densities may vary greatly in a given area, even between adjoining ranches. A ranch which is overstocked, overgrazed, and/or over hunted will not support as many deer as a well managed ranch where selective harvest is practiced.

Therefore it is important for each landowner to look

Homeowners Of Leaking PB Plumbing Get Help From National Settlement

(ED. NOTE: Correct phone number is 800-392-7591.)

One of the most successful consumer settlements in United States history provides Texas homeowners with replacement of leaking polybutylene (PB) plastic plumbing systems and reimbursement for property damage.

The \$950 million

settlement in Cox v. Shell Oil Company, a national consumer class action, provides relief for homeowners with PB plumbing with qualifying leaks in PB plumbing installed since 1978. Since the program began just over four years ago, the Consumer Plumbing Recovery Center (CPRC) has spent over \$700 million and replumbed almost 250,000 U.S. homes nationwide. Since the national settlement was approved on November 17, 1995 by the Chancery Court for Obion County in Union City, Tennessee (Civil Action 18,844), the CPRC has received claim forms from 42,400 Texas homeowners and replaced over 28,115 plumbing systems and yard lines in the state free of charge.

For individuals who purchased their homes after August 21, 1995, this is especially important because they must notify the Consumer Plumbing Recovery Center by December 31, 1999 of their intention not to participate in this settlement and seek another remedy. Those homeowners must file an "Exclusion Request" card signifying their intention to opt-out

close to his existing deer herd and decide how many deer need to be harvested, if any. The bag limits established by the Texas Parks and Wildlife department are intended to be used as broad guidelines which will accommodate most areas of the county. Even though the legal bag limit in Eastland County is 3 deer limit 1 buck, there are several areas where few if any deer need to be removed. The landowner can and should make the final decision as to how many deer and what sex may be taken from the property.

If further information concerning recommended deer harvest or wildlife planning, contact Wildlife Technician, Danny Davis at 915/643/5977 in Brownwood.

plastic and flexible pipes. The pipes are joined by plastic or metal fittings held in place by small aluminum or copper bands about the size of a man's wide wedding band. Inside the home, a person can determine whether PB plumbing exists by inspecting pipes in the attic, crawl spaces, or water heater closet (the system often is hidden under insulation). Consumers should check outside their homes for blue, gray or black piping at the water meter or where the pipe enters the structure. PB pipe should not be confused with PVC or

or they will automatically be covered by the terms of this settlement.

PB plumbing systems were installed in millions of homes and structures in the U.S. beginning in the late 1970's. Texas homeowners who have had a leak in their PB plumbing or who purchased their home after August 21, 1995 should contact the Consumer Plumbing Recovery Center's toll-free number (800) 392-7591 to speak with a representative or to obtain a complete printed settlement notice. The complete notice also is available on the internet at www.pbpipe.com.

"We have one goal with this settlement, and that is to provide eligible consumers with a remedy for qualifying leaks in polybutylene plumbing," said Donna Koestner, Claims Manager of the CPRC. "Our representatives are prepared to move quickly when we hear from a homeowner or property owner who can be helped by the CPRC and this settlement."

Many consumers are reporting that the claims process is far simpler than they anticipated, according to the CPRC. The same holds true for the replumbing process.

The PB plumbing system is most easily identifiable by its gray,

The Reader Who Cares

By Wanda Lee Beck Skinner

Malthie D. Babcock said, "Our business in life is not to get ahead of other people but to get ahead of ourselves." Our world would be a much better place for all if each of us would just be busy being the very best we can be. Our worse enemy is probably the person within us. We often allow doubt, fear, and disappointment to stop us every day. Dare to replace that doubt with faith, that fear with a new courage, that failure with success, and that disap-

pointment with happiness and contentment. This will keep you so busy you won't even realize or care that another person is more successful, in fact you can even share in the joy of the victories of others when you are at peace with yourself. Maybe one of the aims in our life should be to content with what we have and just be glad we are so blessed. Count your blessings today and do what you can to increase those blessings for yourself and for others.

Senior Citizens' News

The Baird Senior Citizens has had a good week and weekend. The Garage Sale and Bake Sale was a great success including the good rain. We are grateful for the rains and for those many citizens that gave us the support and help so needed. There some we would like to give special thanks to, but words are not adequate. Some of the best cooks in the world live here in Baird.

Wednesday, the 4th of November, the planned shopping trip will be in Abilene to Wal Mart and United. Any one wishing to go, be at the center (we are meeting at the Baird's Activity Center on Walnut) or call us at 854-1637 if you would like to go with us.

On the 5th of November which is Thursday, we will be going for an Autumn Drive. Anyone who would like to take a drive in the country to see our fall colors, please meet us at the center at 1:00 PM or call us in order to have us to pick you up.

We will be having a day to do some crafts on the following Tuesday of the 9th. Then on Thursday the 11th, the Seniors will hear a message from a Veteran and we are encouraging all to take time to reflect on Veteran's day. Those Veterans will be our special guest.

Thanksgiving Dinner will be the highlight on Friday the 12th. Please set aside time to come by to visit our center and enjoy the prepared traditional dinner. Please call as soon as possible so we can make sure we prepare enough. Our phone number is 854-1937.

As in the previous weeks, dominoes is the main game on Mondays and Skipbo on Wednesdays. Then the Friday highlights will be a game of Bingo. The final blackout game has been paying a cash reward. Come to see us and enjoy life a little more.

We want to leave you with this thought: "Kindness is the mightiest force in the world..."

Scranton

The quarterly meeting of the Scranton Community Center will be held at 6:00 p.m. Tuesday, November 2, 1999 at the community center. A work day was held Saturday, October 23 for the purpose of screening in the two entrances. Work was to be finished on Wednesday, October 27. Please try to attend the meeting November 2.

Men In Service
 Marine Pfc. Chris E. Maddox, a 1995 graduate of Cross Plains High School, Texas, recently completed basic training at Marine Corps Recruit Depot, San Diego.
 Maddox successfully completed 12 weeks of training designed to challenge new Marine recruits both physically and mentally.
 Maddox and fellow recruits began their training at 5 a.m., by running three miles and performing calisthenics. In addition to the physical conditioning program, Maddox spent numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat and assorted weapons training. They performed close order drill and operated as a small infantry unit during field training.
 Maddox and other recruits also received instruction on the Marine Corp's core values -- honor, courage and commitment, and what the words mean in guiding personal and professional conduct.
 Maddox and fellow recruits ended the training phase with The Crucible, a 54-hour team effort, problem solving evolution which culminated with an emotional ceremony in which the recruits were presented the Marine Corps Emblem, and were addressed as "Marines" for the first time since boot camp began.
 Maddox joins 41,000 men and women who will enter the Marine Corps this year from all over the country.

Rudder, Curtis Lehew, Bucky Rivera, Josh Curtis, Clay Smith, Todd Vestal, Derek Floyd, Franklin Gomez, and Ronnie Rivers. Logan Russell made the Longhorns pay as he returned the punt 88-yds for a TD. The 2-point attempt failed. 15-8 Baird, with 4:01 left in the 2nd quarter. That was the end of the action for a while, and the half ended.

Baird received the 2nd half kick-off, but couldn't manage to keep the ball as both teams traded punts. On Baird's 2nd punt of the 3rd quarter, Bronte partially blocked it, and the Longhorns took over at the Baird 20-yd line. It took Bronte 5 plays for the TD. The P.A.T. failed. 15-14 Baird.

It again only took Bronte 5 plays to hit pay dirt with a 44-yd pass for the TD. P.A.T. failed. 15-20 Bronte, at the end of the 3rd quarter.

As they have all season, our fine offense buckled down and their efforts paid off. The line is anchored by Seniors J.J. Carrillo, Ty Wilson, Dustin Watson. Juniors also doing a great job on the line are Jonathan Parr, Coleman Vestal, and Brandon Frankens. Downfield blocking is provided by Seniors Jeremy Gonzales and

Logan Russell and Juniors Kelby Robinson and Jack Pruet. The Bears went on a 9-play 80 yd drive, and Lee Harle scored on a 1-yd run. The 2-pt. conversion was good on a tipped pass as Jeremy Gonzales made a diving catch in the back of the end zone to make the score 23-20 Baird. 8:33 gone in the 4th quarter.

The Longhorns then went on a 16-play, 79-yd drive to score the go-ahead TD. The P.A.T. was good. 23-27 Bronte with 1:37 remaining.

The time had come to fish or cut bait. A short kick-off set the Bears up at their own 35 yd line. It was cardiacity from here to the end of the ballgame. The first play of the series was a pass from Harle to Russell, good for 15 yds. Russell stepped out of bounds, stopping the clock. The next play was like something from a dream. The Bears on the field, Carrillo, Wilson, Watson, Parr, C. Vestal, Harle, Gonzales, J. Rivera, Jack Pruet, Russell, and Ronnie Rivers, all knew that victory was hanging in the balance. They kept their composure, dug down deep, and got tough. The ball was snapped. At a time such as this, every block is crucial, and every single block held. Longhorns were down all over the field as the Bears did their jobs. Harle had all the time in the world to throw the

51-yd pass, and Russell was right on the money to catch it. Perfect pass, perfect protection, perfect play. P.A.T. by Gonzales was good. 30-27 Baird. Bronte couldn't manage anything and the Bears ran out the clock as Harle took a knee with the ball at the Brone 1-yd line.

Justin Rivera, though hampered by a dislocated thumb, still managed to rush for over 100 yds. Kyle Hogue is planning on playing the first game of the playoffs. Logan Russell is this week's Abilene Reporter News' All-Around Player of the Week for his outstanding game.

The Bears played hard and tough as they were put to the test, but they responded like champions. Baird is now 9-0 for the season and 4-0 in district play, with 1 game remaining. As the Bears tune-up for the play-offs, they need our support and best wishes. Come out and support these young champions as they represent their school and town with pride.
