VANDALISM OF MAILBOXES IS REPORTED LOCALLY

Several rural mailboxes on Cross Plains Route 1 have recently been damaged by vandals.

Latest such vandalism was reported Friday in the Cottonwood area. Several mail patrons reported damaged or overturned mail boxes. One witness reported seeing a pickup fleeing from the scene. The vehicle was reputed to have some children or young people riding in the rear.

Any additional information as to the identity of the vandals should be reported to Joe E. Hanke, Jr., Cross Plains Postmaster, for appropriate action. Hanke noted that damaging a rural mailbox is a federal offense.

curred. Note the profuse delight of the Regional Governors commending the Mayor and assuring him that such socialist plans do NOT pose any threat to REGIONAL PLANS. Indeed they do not; they are Regional, big-government plans. More civil government costs not only in the above but in lost freedom, in a slavish mentality, and in the attack upon our precious and Christian and American traditions of a free people under God.

POINT 5: Not LOVE, but the insane desire to take other men's property and control and redistribute it according to their atheistic philosophy and claim to be kinder, more benevolent and merciful than even our Almighty God MARK such men and plans. They are not mentally healthy; they fear the future under God Who punishes sin and rewards righteousness. As Jesus stated so clearly, His disicples are not those who claim his name but those Who do His will. (John 8:31, 32) Let those who claim to love distribute THEIR own money for the programs they chose. Will the Baptists delight to have their wages taken to support the schools of the Methodists, the Mormons and socialists? Will the Socialists delight & now consent to the Baptists taking their wages to support their schools and charities? Why then do residents of Cross Plains propose and consent to taking other men's monies for their own uses and advantages? Good men pay their own way and give to those in need.

Lastly, the PROPOSALS and PLANS are hypocriti al and a denial of the church-profession of the Christian denominations represented in Cross Plains. Coveteousness, Theft, the worship of a false God and the following of a multitude to do evil are renounced by each creed! Just as more inflation, more taxes and more government are are denounced by the Mayor and other politicians when one talks to them of the 'mess' our land is in. But the telling mark is WHAT THEY PROPOSE and DO. Righteousness & Revival no more - than God's wrath, judgments and hell are NOT academic matters. What God will you serve? Your acts SHOW your real THEOLOGY. Is the destruction of our children, our homes, our land, our minds and souls worth 11/2 million? Or will you seek first His goverr. ment and His righteousness? (Matthew 6:33).
