some of the scriptures offered by the Jacksons as proof text, have little or no direct or real relationship to their subject; except in their mixed up imagination. Like the scripture the devil quoted to Jesus, all of them are authentic, but as Satan was doing, they too are misapplying them. Without question, 29. some of them prove, as do other scriptures, that the Godhead is one: a point I in no way desire to deny; but absolutely none of them prove that there is only one PERSON in the Godhead.

Starting next week, be it God's will, I shall begin to show the truth and harmony of the scriptures on the subject; starting with the scriptural fact that the term God is plural, (Gen. 1:26). Just a note for those who are complaining about my straight forward defense of the -- truth that makes men free: all who can't stand the heat should not stand too close to the fire; or go with the fearful and warm by the fire of the enemy, and deny that you even know Christ, (Luke 22:54-62). Live by the social gospel, which proclaims that Christians should learn to co-exist with all forms of evil. Please read and absorb the principle taught in (Jer. 12:5).
