The Christmas season has once again been put behind us but many memories of families being together during this special time, and the happy and excited looks on children's faces as they finally get to see u maybe even dreamed about would be a reality, will be long remembered and cherished in hearts and minds of many of us. We can always knew, too, that the true meaning of Christmas, Jesus Christ's birth, is with us to the end. He said in His word He would never leave us nor forsake us. What a great promise. Of all the gifts we received or will receive, the best gift of all is the gift of God's only Son who died that we can live. Praise His name for a love se wonderful and strong. What a wonderful Savior.

> A second Texas site targeted by the feds is in Swisher County

#### Who's In D.C.?

The chief lobbyist in Washington D. C. for Texas government drew sharp criticism last week for her plan to move back to Austin and run her northern oflice from The Texas Capitol.

Texas Republican Party Chairinan George Strake accused Sarah Weddington, a Democrat, of moving back to Texas to prepare for a statewide political campaign. Saying she should stay in Washington to watchdog several billions of dollars in federal funds, Strake pointed out that "Texas taxpayers should not have to finance the political grooming of Sarah Weddington".

Governor White defended his appointce by saying the director of Some 20 of Bullock's "options" state-federal relations traditionalwere estimated to save Texas a iy splits time between the state and naiona leapitals.

WFEKLY Health Tip COUGH MEDICINE

The cough reflex clears our airways of mucus, dust, etc. A cough medicine to suppress coughing is warranted during the early stages of colds or flu when the airways are dry -- then coughing is unproductive. However, when there is mucus in the chest, it must be removed by coughing and we should not give cough-suppressant medicine. Not removing the mucus can lead to pneumonia or lung abscess.
