The Atwell Memorial Day and Homecoming is scheduled for Sunday, May 29, beginning at 10:30 a.m. at the cemetery shelter with

Mrs. Ned Moore, the former Ruby Pillans, of Hamlin and Lawrence Pillans of Houston as speakers for the event. Those attending are being asked to bring a covered dish to be spread at 12 o'clock.

It was pointed out by Nathan Foster, secretary of the organization, that as usual the bread, plates, ice and drinks will be furnished by the association.

### First Methodists Hear Local Guest Speaker

Cross Plains First United Methodist Church had an outstanding service last Sunday. Mrs. Ruby McCowen was the speaker for the day.

She and her son, Bob McCowen, played two hymns on the piano and the guitar. Mrs. McCowen then shared with the congregation her personal testimony as to how she became a Christian in her early married life.

Her sincerity and charm captivated the congregation as they listened with great interest. She said she had a song that the words were given back to her as she could not find them in any hymn books. While she didn't sing it during the service, many stayed afterwards to listen as she shared it with them.

Also in the service was Pete Kenimer who will become the new pastor of the local church in June. The present pastor, Bill Reed, will assume the pastorate of the Stebbenville Oakdale and Morgan Mill churches.

### EVANGELICAL METHODISTS SLATE V. B. S. JUNE 6-10

The Evangelical Methodist Church will be conducting daily Vacation Bible School June 6-10. This will be for ages 3 through 6th grade, according to John Swift, pastor of the church.

## Pioneers To Reunite Here On August 13

Callahan County Pioneers will hold their annual reunion in Cross Plains again in 1983, according to word from the Board of Directors of the Callahan County Pioneer Association.

This year's gathering is again scheduled to be held under the big

Live Oak trees in Treadway Park (City Park) Saturday, August 13. Last year the county pioneers met in conjunction with a Fourth of July celebration held in Baird.

The 42nd gathering will, barring inclement weather, see old settlers gather through the midpor-

tion of the day.

There are many details of the reunion yet to be worked out, and the directors have scheduled another meeting for Tuesday, June 7, at 7 p.m. in Putnam, according to the report received here.

The Board of Directors of the Callahan County Pioneers Association is composed of Ida Mae Waddell of Putnam, Jud Gilliland and Felix Manion of Baird, Jim Hatcher, Jr. of Abilene, E. K. Coppinger, Richard Wilson, Susan McNeel and Karen Melson, all of Cross Plains, and Knox Wagoner and Turner Simpson of Cottonwood.

Persons interested in staging the old settlers reunion are invited to attend meetings of the organization.

It was understood that once again Cross Plains Roping Club will stage a junior rodeo in conjunction with the gathering of the old settlers.

### PIONEER GAME NIGHT IS CARDED FOR THURSDAY

Game night at Pioneer is scheduled to be held Thursday, May 26, at the Community Center, and everyone is invited to attend. Starting time is 6 p.m.

"Come, bring a covered dish of your choice, and enjoy the fun," a spokesman for the event said.

### Shower On Saturday Yields .40 Of Inch

A thunder shower which fell in Cross Plains early Saturday morning was measured by at least two gauges in the city at .40 of an inch.

Accompanied by some lightning, and one observer said a small amount of hail fell at his place, the rain fell in typical spring-shower fashion. It brought the total rainfall to that date to 10.80 inches, 1.80 of which had fallen in May.

Mrs. N. V. Gibbs at Rowden reported light showers. G. T. Dawkins at Sabanno said he got .50 of an inch, and Beverly Brown at Cottonwood said measurements ranged from .70 to .90 over that community.

Annual Memorial Day services will be held Sunday, May 29, in the Burkett Cemetery for the Burkett-Adams Cemetery Association. Starting time will be 2 p.m.

Rev. Bill Reed, minister of the First United Methodist Church in Cross Plains and Burkett, will bring the memorial address, according to officials of the Burkett-Adams organization.

It was pointed out that in the event of inclement weather the gathering will be held in the Burkett Community Center building.

There will be a business meeting and election of directors dur-

ing the afternoon session. Preset Burkett-Adams Cemetery officers are Jack Strickland, president; LeRoy Williams, vice-president; and Frosda Burkett, secretary-treasurer.

### American Flags To Be Placed On Graves

The Ladies Auxiliary to the Veterans of Foreign Wars, No. 3273 Brownwood, Texas, has paid half the cost for the United States flags to be placed on the graves of all the veterans who are buried in the Burkett and Adams Cemeteries.

A most interesting history of the cemeteries has been compiled from information contributed by various citizens of the locality, especially Lat Mountain.

If you are interested in pertinent facts concerning ones buried in the cemeteries, plan to attend. The Rev. Bill Reed, pastor of the Methodist Church at Burkett and Cross Plains, will present the program at 2 o'clock, Sunday, May 29, at the Burkett cemetery. If inclement weather exists, the service will be at the Community Center.

This is the first planned reunion of the schools, and the committee hopes many ex-students will attend.

### Carolyn's Corner

By Carolyn Glover

Here I am back in the corner after a week's rest. Space did not allow for this column to run as last week was the Senior edition of the Review. Congratulations and best wishes are extended to Seniors who graduated Friday night, as they start a new journey in their lives.

Following is a poem given to me by Minnie Swann of this city. It was written by T. W. Nichols of Bowie, Texas, a special friend of Mrs. Swann and is entitled "When You Are At The Wheel".

A car is fine and surely will last

But it's easy my friend, to drive 'em too fast, Don't ever make eighty, don't make sixty-two, Forty or fifty is a speed that will do.

When you're making sixty on a road

you don't know, And hit a soft shoulder, then over you go, Then up to the hospital, with a knot on your head, Or maybe sometimes, they might find you dead.

So stick to the rule, always think ahead, Control your car, and there's nothing to dread, Don't drive along slothful, don't just be a heel, It's all up to you, when you're at the wheel.

★ ★ ★

One morning last week, Esthloy Dickson was driving to her place when she turned in at Mrs. Strahan's place to get her daily paper. As she rolled the car window down, she was surprised (more like shocked) to see a snake squirm up and out of the door, over the window, and down the door on the outside. She was so frightened that she sat very still and held her breath until she saw it slither off through the grass and out of sight. She said she could just hear Mr. Mac (the late Cleveland McDonald) say "It was just a harmless little grass snake"; but to Esthloy a snake is a snake and she is afraid of them all!

Politeness means a lot to me. I believe one should also exercise politeness when using the telephone. Have you answered the telephone and when you say "hello", the receiver goes click? I always assume the caller has the wrong number and wishes to say nothing. It is always nice to say "I'm sorry, I have the wrong number."

Another thing that is aggravating is for some one to call and when you answer, they will say "Who is this?" You tell them and instead of identifying themselves they hang up. When the person you are calling answers his telephone, you should always identify yourself before carrying on your conversation, or if the person with whom you

number before, you can obtain the application at your local Social Security office. In addition, you will need to submit evidence of both age and identity. Acceptable evidence of age is a public or hospital birth certificate or a religious record of birth or baptism. For proof of identity, acceptable evidence includes a driver's license, school ID card, marriage and divorce record, or any other document providing identifying data. Proof of age such as a birth certificate cannot be accepted as proof of identity. You may apply for the Social Security number by mailing in the application and proofs to any Social Security office or by bringing them in person. However, if you are 18 or over and have never had a Social Security number before or you are not a United States citizen, you must apply in person.

If you are not a United States citizen, you should bring in your birth certificate if its available and either your Alien Registration Card or your U. S. Immigration Card. If you are authorized to work by the Immigration and Naturalization Service, we can assign you a Social Security number to use for work. If you are a lawfully admitted alien but are not permitted to work, you can be issued a Social Security number but it cannot be used to work.

If you have already been issued a Social Security number and have lost the card, a replacement card can be issued. Again, you can obtain the application at any Social Security office. The only evidence you will need to submit is evidence of identity. If your name has changed due to marriage, you can also apply to have a new card with your corrected name. In order to change your name, you must submit documents showing both your old and new names. If your name is be-

ing changed due to marriage, normally the marriage license will be sufficient as it will show both names.

## State Capital HIGHLIGHTS

By Lyndell Williams

(Intended for May 25 Issue)

For two years Texas legislators have known that cuts in federal funds would hamper state government budgeting and last week lawmakers learned the latest report indicated federal aid here fell by more than \$420 million in 1982.

The decline was 50 per cent greater than the average loss to all states under the Reagan Administration's cutbacks.

Also last week, legislators discovered that the fragile \$30 billion proposed budget now in conference committee may still have to be trimmed by some \$220 million.

Lawmakers expect to free up the needed revenues by reducing the state's contribution to the Teachers Retirement System from the present 8.5 per cent to 7.1 per cent of teacher salary.

### Higher Taxes?

The scrappy budget yet to be finalized still has some lawmakers, and particularly Gov. Mark White, pushing for a major tax hike, especially to increase teacher salaries.

White has lobbied House Speaker Gib Lewis in several private meetings to relent on his decision to halt all tax hike bills in the House. Across the rotunda, Lt. Gov. Bill Hobby, who presided a hike was needed months ago, has remained publicly silent, perhaps waiting for Lewis to act.

Since by law all tax bills must originate in the House Ways and

Means Committee, Lewis' stand is all-important in the tax debate. Forecasters see no tax bill coming out this session.

### White v. Bullock

Meanwhile, Comptroller Bob Bullock continued snapping at White's heels last week, criticizing the governor for failing "to put his name" on any tax proposal and failing in leadership.

Bullock, who announced he would run against White in '86, before White even took office in January, would love to see White come out solid for higher taxes. Bullock would use the issue against him on the campaign trail and White, who well knows the trap Bullock is goading him into, has already made several public statements which make him appear unsure of his course. Some wise heads predict White will wait until a special session to raise taxes.

### Veto, Gasohol

White is also losing on another of his pet issues: making the Public Utility Commissioners elected instead of appointed. He has gone as far as threatening to veto the bill unless the election clause is included, but lawmakers don't seem to be giving in. In his search to find allies, he has also threatened to veto the Railroad Commission sunset bill.

Other action in the White-Bullock saga includes:

—White authorized Texas to repay \$50 million in federal loans used for state unemployment benefits. The state, on former Gov. Bill Clements' initiative, borrowed \$452 million when high unemployment drained the Texas fund.

—Bullock supported a bill to repeal the tax break on gasohol, saying state government could gain \$1.5 million if the tax were reinstated. Bullock immediately drew good-natured but determined fire from Agriculture Commissioner Jim Hightower, who said Bullock "was more fun than a

## How To Shrink A \$600 Repair Bill To \$25

Everywhere you look these days, it's \$600 for a transmission job here, \$400 for engine repairs there. It's gotten to the point where even the remote possibility of major repairs is enough to worry anyone.

Until now. Because now you can cut those worries down to a more manageable \$25. And keep them that way for up to five full years.

Introducing the Ford Extended Service Plan—for purchasers of Ford or Lincoln-Mercury cars or light trucks.

Here's how it protects you. The Extended Service Plan covers thousands of parts, including major repairs. And promises no parts or labor charges, except a small \$25 deductible each time you bring your car in. No matter how many different covered parts need to be fixed.

Which means you can go to any one of 6,500 Ford or Lincoln-Mercury Dealers across the U. S. and Canada, and the most you'll pay is \$25 for any covered repairs.

Plus there's much more. With plans ranging up to 5 years/50,000 miles of maximum protection. See your Dealer for all the details on how to shrink car repair worries down to size.

Ask for the Extended Service Plan by name. It's the only one backed by the Ford Motor Company. For courteous assistance, call or see

## USDA Asks Comment On Rates Of Peanuts

The U. S. Department of Agriculture has asked for public comment on adjustments to loan and purchase rates of 1983-crop peanuts, according to Everett Rank, executive vice-president of USDA's Commodity Credit Corporation.

CCC supports quota peanuts at \$550 per ton and additional peanuts at 185 per ton. Adjustments cover differences in peanut type, quality and location and other factors, Rank said.

Details on the adjustments appear in the May 11 Federal Register. The deadline for written comments is June 10.

Comments may be sent to the director, tobacco and peanuts division, ASCS/USDA, 5750-S, P. O. Box 2415, Washington, D. C. 20013. Comments will be available for inspection during regular business hours in room 5750-S of USDA's South Building.

Scott Odom, county executive director of the ASCS office at Baird, passed this information along to Callahan peanut growers.

## Burkett News Items

By Freeda Burkett

The Burkett Community supper last Saturday evening was enjoyed very much by a good attendance including several people from out of our area. The music by the Burkett Playboys was very good, as was the abundance of food and the fellowship together. Gene Christian of Coleman was a guest musician and played with the Burkett Playboys.

Mr. and Mrs. Henry Coffee of Amarillo spent Wednesday to Friday here with his mother, Mrs. Winnie Melton, and sister, Mrs. Miriam Kuebler and son, Jim. They had attended a family reunion of Mrs. Coffee's family in Arkansas and came on here for a longer visit. But it was cut very short when their children in Amarillo called to tell them that their place had been hit by a hail storm that had done extensive damage to their home, and the water was leaking inside. They hurried back to have it repaired, and called back to tell his mother that within an hour after they arrived home another hail storm

struck and intensified the damage that had been done. We are sorry that anyone is hard hit by storms, and it is regretted very much that one is hit two times in a row.

Mrs. Addie Newton attended the funeral of Mr. Cecil Walker in Big Spring last Saturday. He passed away at a hospital there last Thursday after a long illness. Cecil was a son of the late Doctor Walker of Burkett and was raised up in this area. He was an uncle of L. D. Walker of Abilene and James Walker of Little Rock, sons of Addie Newton. Cecil is survived by one sister, Mrs. Lola Stutts of Luling, and one brother, Carson Walker of Abilene.

Mr. and Mrs. Russell Gould and Eli of Abilene and Mrs. Linda Dodgen, Jackie and Melinda visited in the home of their parents, Mr. and Mrs. D. R. Gould during the week end.

Pete and Oma Walker and Ora (Cover) were in Eastland Monday of last week visiting Oma and Ora's sister, Mrs. Myrtle Byrd.

Mrs. Fred Sparks of Coleman, wife of our Star route mail carrier, has returned to the hospital in Coleman. Her condition is serious and we do send our best "get well" wishes to her.

Sunday visitors of Bill and Jo Davee were her cousins, Mr. and Mrs. Lawrence Moore of Brownwood, her nephew and wife, Mr. and Mrs. Jerry Angeley of Lake Brownwood, and sister, Mrs. Lois Garrett of Cross Plains.

## Girl Known Locally Is Award Winner

The United States Achievement Academy has announced that Rhonda O'Banion of Fairfield, well known in Cross Plains, has been named a 1983 United States National Award winner in home economics.

Miss O'Banion is the daughter of Mr. and Mrs. Frank O'Banion of Fairfield, and she is the granddaughter of Mr. and Mrs. Dan Applin of Cross Plains.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students. Miss O'Banion was nominated by teacher coordinator Rhonda Bangs at Fairfield High School.

She will appear in the United States Achievement Academy Official Yearbook, published annually.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and attitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

## Bufs Win Pair; Stretch Lead In L.L. Flag Race

Bufs captured a pair of victories in last week's Cross Plains Little League action and moved into a stronger position atop the standings ladder after two weeks of competition.

The leaders beat the Cats 9-1 on Monday, and shocked the Kilowatts 24-3 in the week's second night of play on Thursday. Other pair of triumphs was recorded by Blue Jays in a 22-5 romp over the Kilowatts, and the Cats edging the Blue Jays 11-10.

Action began Monday in the Pee Wee League. Angels blanked the Cubs 3-0 and Giants shaded the Braves 2-1, according to scores reported. On Thursday the lone result posted showed the Braves nipping the Angels by a 1-0 score.

Blue Jays claimed initial victory of the season Monday in the curtain-raiser by blasting the Kilowatts 22-5 in a three-inning contest called after three because of time limitation. Kilos knotted the score at 3-3 in the top of second before the Jays flooded home plate with 12 runs in the home half of the inning.

Bufs defeated the Cats 9-1 in the nightcap Monday. An altered schedule was played last week to avoid conflict with school and other activities.

er activities. First three Bufs up in the last of the first scored enough runs for the win, but the team added two in the third, one in the fourth and three in the fifth. Initial Buff scores were by Gillman, C. Wyatt and M. Thetford, who got aboard on a walk, an error and a single respectively. Lone Cat score was made by T. Smith who walked with two away in the fifth.

Cats rallied for a pair of runs in the top of the six to take an 11-10 win from the Blue Jays in first tilt Thursday. The eventual winners led 7-0 going into the home half of the third when four Blue Jays scored, C. Walker, K. Clark, T. Abernathy and T. Flippin. J. Collier and M. Strickland scored a run each in the fourth and fifth for the Cats, but Jays' C. Walker scored in the fourth and five more crossed home plate in the fifth. The first of those was J. Ames who belted a lead-off home run. Trailing 9-10 first two Cats up in the sixth tallied, C. Pope after being hit with a pitch and T. Smith who doubled. Blue Jays could not score in the sixth.

**Pioneer News Items**

By Mabel Halsell

Solomon said "—there is a season and a time to every purpose under the heaven". Graduations from all levels of learning, are the focus of attention in no unlimited ways. Photographs and autobiographies, in local newspapers, our receiving of announcements. (I received one announcement from a person I never knew.) news columnists writing their views; all signaling the TIME of graduation. If you did not read Art Lawler in last Thursday's Abilene Reporter News, a quote from him is thought-worthy.

After a tirade on parent-graduate relationship, he writes, "These people walk like adults, look like adults, and feel like adults. All they lack is experience and not all know how experience is attained.

Which is why we (as parents) worry." What about the time factor here? Yes, it takes time to get that necessary experience—A life-time in some cases.

There will be many grads going into the work force soon. From my notes I found guides for getting employed.

1. Be careful about personal appearance.
2. Listen more, talk less. Diogenes said, "One mouth, two ears—"
3. Give a good handshake; never double with a woman employer.
4. Don't reach too high for the first job. If you say, "I want to be President", you may be talking to the Vice-President.
5. Have a realistic future with stated goals.
6. Have good eye contact.
7. Give three positive and three negative characteristics about yourself. Best wishes to all Graduates!

Making Running Water Run  
Men work on earth at many things:

Some till the soil, a few are kings;  
But the noblest job beneath the sun  
Is making RUNNING WATER run!

Some may extol the glamor boys  
Who bring you heat and light and noise,  
Delivered through a pipe or wire  
To make your living standard higher.

New kilowatts may light your house  
And gas may cook your quail and grouse.  
And fry your meat or even boil it—

# Coleman Historical Group Invites Local Participation

Editor's Note: The following item comes from Ralph Terry, chairman of the Coleman County Historical Commission, and invites folk of the Cross Plains area who may have "roots" in Coleman County to contribute to the historical write-up or possibly buy a book. His article follows.

The Coleman County Historical Commission is now working on a comprehensive history of Coleman County and its people. The book will cover a general history of the county, histories of the schools, communities, and other special topics, such as early county records; but the bulk of the book will be made up of histories of individual families. Anyone who has roots in Coleman County, whether early pioneers or recent arrivals, may work up a story of their family during its stay in Coleman County, with a few representative photographs, for inclusion in this volume. This should be done as soon as possible as the deadline is set for June 15, 1983. Some extra time will be allowed if we know you are working on your history.

The end product will be the work of hundreds of people, to which each will be given credit for this work. This information will be printed in a high-quality book, which will contain 400-600 pages with about 1000 photographs of excellent reproduction. This book is now being sold by pre-publication. If you desire to purchase a copy, you must pay for it in advance, as only the number ordered will be printed. Send \$45 today to reserve your copy...they will be mailed in early 1984.

If you have any general infor-

mation or photographs that you think would make a good addition to the book, or if you would like to have a guide to writing your family history (please send a SASE), or if you would like to order a book...write Coleman County Historical Commission, P. O. Box 958, Coleman, Texas 76834.

# Local Green Thumb Ladies At Cisco Meet

Dessa Higgins and Verna Dean Childers of Cross Plains were among 125 Green Thumb Workers who attended a special alcoholism training session at the Senior Center at Cisco May 10.

In a film entitled "They Do Recover", viewed by the Green Thumbs, former Congressman Wilber Mills, Doc Severinson of the "Tonight Show" and Ralph Waite of "The Waltons" discussed the development of their alcohol problems and the paths they followed to find relief.

The Green Thumb folk also heard a program update from assistant state director John Wilingham of Waco.

Mrs. Higgins and Mrs. Childers, connected with the Cross Plains Multi-Purpose Center, are among 1,000 persons age 55 and over employed with Green Thumb in community service across the state.

# Cottonwood Canning School Is Thursday

There will be a canning school held Thursday at the Cottonwood Community Center in conjunction with the regular meeting of the Cottonwood Ladies Quilting Club. The Quilting Club will hold its regular meeting from 9 a.m. to 4 p.m.

A home demonstration agent will be on hand to begin testing pressure cookers. Everyone is invited to have their cooker tested whether a member of the club or not, it was pointed out.

The club and any guests will spread a covered dish meal at noon, and guests are welcomed for the luncheon by bringing a covered dish.

After the meal the agent will give new hints on canning procedures and practices.

Visitors with Mr. and Mrs. M. F. Dill during the past week were Clarence Wilcoxon, Wayne Dennis, Bernie Moore and L. A. Richardson, all of the community.

# Sabanno Cemetery Work Day Canceled

Sabanno Cemetery Association in the past has had a work day at the cemetery once a year in May, but due to the health and age of our people, it has been decided to have it cleaned by someone else. G. T. Dawkins, president of the Sabanno Cemetery Association, made that announcement this week.

The Sabanno resident continued that if there are those who would like to have part in helping keep our cemetery looking nice, please send contributions to our treasurer, Mr. Edwin Erwin, Route 1, Cisco, Texas 76437.

"I thank you who have supported the cemetery down through the years," Dawkins emphasized.
