MESSAGE TO SCHOOL PATRONS:

The age old proverb is children are to be seen and not heard; and so it has become with the people of Cross Plains. I hope to become the voice of the people if elected to the Cross Plains School Board. The time is here for each of us to take an active part in our school and our children's education and welfare.

If elected, I urge each of you to come forth and let your ideas be known. What could be more important to us than our children?

I will strive to do my best for the people of Cross Plains, if elected. Always feel free to come forth and allow yourself to be heard. This is the job of each member of the school board, and I will try to the best of my ability to do it well.

TO CROSS PLAINS SCHOOL VOTERS:

I want your vote for a place on the school board.

Other than our churches, our school is the backbone of our community.

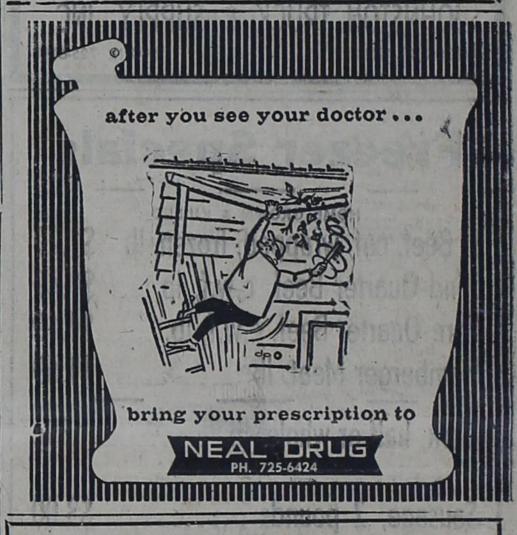

With our new school structure, we need new school pride and school spirit in our children and families. I'm for the discipline and for school rules set by our administration.

I've had children in our school system for 13 years with all interests: athletics, band, vocational agriculture, U.I.L. competition - these are all important for total child development.

PEOPLE OF C.P.I.S.D.:

What and how we teach our children today is what our country will be tomorrow. Our Board of Trustees has the great responsibility of seeing to it that our children receive the best we can offer them. For this to be accomplished, all decisions concerning our school district must be based on careful consideraion of our students, faculty, and supporting tax payers. If you choose to elect me as one of our trustees, I pledge to exercise plain common sense in carrying out the previously mentioned principles.

My policy is to weigh all the facts, consider the results of all the possible solutions and take my stand according to what I feel will be the best for all concerned. I follow common sense and reality, not crowds or radicals.
