Almost No Grain Is Harvested Locally

What there was of a grain harvest in the Cross Plains area this year is over. Extremely cold weather last winter and lack of rain this spring combined to make this year's small grain crop effort a total failure.

One local grain dealer has

bought no local grain this year, and another has purchased no number one wheat. It was pointed out that graders were checking weight this year and most of the grain went for number two and three classifications.

What there was of a harvest is believed over, lasting about two weeks. In a normal year the harvest would just now be getting

started good and would continue for three or four weeks.

Adding to the woes of area grain farmers, the yields of fields that were harvested were also poor, again dry weather being blamed.

One observer stated that this year's crop appeared to be drought dead instead of being ripe in the fields.

Local Demos Favor Hance For Senate

Cross Plains and Callahan County Democrats were in step with most of the voters in Central and West Texas last Saturday favoring Kent Hance over Lloyd Daggett for the party's nominee for U. S. Senate.

Hance carried each box in this county and rolled up an 897-201 margin overall in the runoff primary.

That total stands to change when it, along with all boxes in the state, are re-counted in Hance's quest to change the outcome. Initial box by box count in the Hance-Daggett race was Baird 93-20, Clyde Precinct 2 415-115, Clyde Precinct 8 102-22, Cross Plains 128-18, Putnam 27-5, Eula 40-4, Denton Valley 25-12, Oplin 45-4 and absentee 22-1. Statewide totals had Hance trailing by 467.

Total vote in the county was 1,153, slightly heavier than expected, and 146 ballots in Cross Plains.

Voting for Place 2, Court of Criminal Appeals were W. C. (Bill) Davis and Roy E. Greenwood. The county favored Davis 285-451, and Cross Plains agreed 72-58. Seeking Place 3 on the same court were Bill White and Thomas B. (Tom) Thorpe with White carrying the county 548-384 and the city 80-48.

Eugene Kitchens claimed victory over Lloyd Barr, Jr. in runoff for Commission Precinct 1 by a 303-273 margin.

Urgent MP-Center Meeting Scheduled Here Thursday

There will be a Target Area meeting Thursday, June 7, at 7:30 p.m., at the Cross Plains Multi-Purpose Center. The purpose of this meeting is to elect three Target Area Representatives. These three representatives will serve on the CTO, Callahan Co. Policy Advisory Committee. One of these three representatives will be elected to serve as a representative on the board of directors.

These representatives can be anyone who lives in Callahan County, but must reside where the low income people live. "If we do not meet these criteria, which were mandated by the Texas Department of Community Affairs, we will not be in compliance due to a monitoring report that was performed by their staff. By not be-

ing in compliance we stand the chance of losing the funds for our Multi-Purpose Center, which provides programs sponsored by CTO," says Mike Zuniga, Jr., Executive Director of Central Texas Opportunities, Inc. of Coleman.

This program includes medical transportation, family planning, meals on wheels, weatherization and energy programs which pay the utilities for the low income families. Many organizations use the Multi-Purpose Center such as Social Security, health clinics, COG (Manpower programs), family reunions, Boy Scouts, Brownies and many others.

"So friends, please take a few minutes of your time and attend this meeting which is crucial to the survival of our center, urges Zuniga.

Blue Jays Retain Top Spot In L.L. Standings

Blue Jays have retained their hold on first place in the Cross Plains Little League pennant chase after two weeks of competition.

The top team put two more victories on the scoreboard to go with the two recorded in first week of competition. The Jays clobbered the Kilowatts 23-5 in opening action Tuesday of last week, and shaded the Cats 14-10 in first games on Thursday.

Buffs kept pace with the leaders by recording two triumphs last week. The Buffs remain one game behind the leaders, having lost to the Blue Jays during opening week. Cats fell victim to the Buffs 8-4 on Tuesday, and Kilos bowed to the Buffs 11-6 on Thursday.

Kilowatts jumped to a 4-0 lead in the first inning, but the Blue Jays rallied for six runs in the second and after tallying three in the third flooded home plate with 14 runs in the fourth.

Although never trailing, the Buffs could not get out of striking distance from the Cats in the nightcap May 29 in recording an 8-4 win. Leading 3-2 after two frames, the Cats knotted the score in the last of the third at 3-3, but Buffs rallied for a trio of runs in the top of the fourth, while the Cats could counter with only a single run. Buffs added two in the fifth for the final 8-4 count.

Bunching runs in the second and third innings in the curtain-raiser Thursday, the home-standing Blue Jays were leading the Cats 10-8 after three innings. The felines sliced a run off the fociet in the top of the fourth and knotted the score at 10-10 in the visitors' half of the fifth. Jays rallied for four in the home half of the inning for the final 14-10 score.

In the second game on Thursday the Kilowatts again jumped

to a lead, scoring all six of their runs in the top of the first frame. It took a while for the Buffs to get going, but the unit tallied seven runs in the third and added four more in the fourth for the final 11-6 count.

Competition in the Pee Wee League was not completely reported. Only result in that loop obtained was a 6-6 draw between the Cubs and Giants in a Tuesday contest.

FCC Approves Long Distance Rate Cut; Adds Help Charge

The Federal Communications Commission last week, as expected, approved AT&T's filing for a 6.1% across-the-board reduction in long distance calling rates and a new 50 cent charge for interstate directory assistance.

The rate reduction and the directory assistance charge both went into effect May 25. "Continental Telephone of Texas customers will begin realizing savings immediately on their long distance calls made on AT&T's network," said Loma O. Allen, Jr., or WATS. The FCC has estimated the reductions will save customers \$1.8 billion, while the 50 cent charge will generate \$140 million in revenue for AT&T each year. The reduction was ordered by the FCC earlier in May. As part of that order, the commission implemented the multiline business access charge effective May 25.

All single-party businesses with more than one line will be billed \$6 per line per month. If the businesses are party-line customers, the rate will be \$1.83.

"Contel will begin billing this 'business interstate access charge' in early June," said Allen. "The access charge represents a portion of the cost of a customer's telephone link to the local and long distance calling networks. In the past, the bulk of this cost was included in the rates paid for long distance service. The FCC ruled, however, that this subsidy was not related to actual costs and developed the access charge plan to take its place."

AT&T will charge 50 cents for calls made to interstate directory assistance, beginning with the third such call every month. Customers will be allowed two free long distance information calls each month.

This I Remember

By Jack Scott

Pausing to admire the new front on Tim Bishop's garage building recently, memory raced back to early recollections of the street intersection where it is situated.

There was once a concrete horse-trough in the center of the street there and boys often waded in the facility. The street was unpaved in those days and coming North one encountered a sandy, little hill about the corner of Main and 8th.

Fist fights were not uncommon along this street on Saturday afternoons in the long ago. On a few occasions the loser was pushed or knocked into the horse-trough. Always, though, the town constable arrived quickly and arrested the participating parties.

While reminiscing on these things, a couple of old timers chanced to pass, evoking other memories. If interested in little items concerning the pair, read on.

Claude Foster, 88, was a boy of only about 13 when the Higginbotham store building was being constructed in Cross Plains. There were no paying jobs to be had around his home near Cottonwood, so he came into town and hired out to mix concrete and carry it to bricklayers putting up the enormous walls.

He walked eight miles to work each morning and then hoofed it home at night. It was a test of Claude's physical stamina but was even harder on his only pair of shoes. The footgear just couldn't endure the long hikes and the constant exposure to the ravages of concrete mixing. Long before his first pay day the shoes were in tatters, being held on by numerous wraps of binder twine.

With the perseverance characteristic of his generation, though, Claude came through the arduous ordeal without a complaint. He was strong as an ox and ready for duty when a

little later he was called to military service during World War I. Given a rifle, taught to shoot and salute, he was sent to France to help stop the Kaiser. It was a hard life in the trenches of that great war, but Claude comforted himself with the thought that he had good shoes and didn't have to walk nearly as far to and from his work.

The rigors of his boyhood and the harshness of military combat, though, seem to have conditioned Claude well. 'Twould be hard to find a World War I veteran in better physical condition today than is this hardy, well-known, senior citizen.

Most people remember Lindsey Tyson as the man who owned and operated the meat locker-plant so many years. Some, though, recall his long tenure as city secretary, back in the days when one person did the entire job at City Hall. A scant few can think back to when he was manager of an ice plant, housed in the South Main Street building that now serves as James Lawrence's feed warehouse. Before any of these jobs, however, Lindsey had a most unusual occupation.

One of the federal government's first undertakings to put men to work during the Great Depression (even before P.W.A., C.C.C. and other well-known public works projects of that day) was a program to provide sanitary outdoor toilets to people in rural areas. There were lots of these little structures in Cross Plains and most all needed replacing when Lindsey took charge of the undertaking 50 years ago this summer. He began by going from door to door, taking applications for the facility. He soon had enough orders to hire a crew and keep busy. For more than a generation this area boasted the cutest little privies to be seen anywhere in Texas. 'Tis a shame that some of them are not still standing to attest Lindsey's versatility.

A Boulder APPROACH: OR how Hoover Gave a DAM.

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River. The Hoover administration provided it. 4,400,000 cubic yards worth. Enough concrete to pave a two-lane highway between New York and San Francisco. It was the Hoover Dam at Boulder City, Nevada. And it not only controlled flooding and irrigation, but today it generates power for Southern California, Arizona and Nevada. The cost: \$385 million. And one of the ways money was generated was by Americans buying government securities and taking stock in America. Today, you can take stock in America by buying United States Savings Bonds. It's easy when you join the Payroll Savings Plan. That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings. By Freeda Burkett

(Intended for last week)

The Burkett-Adams annual Memorial Service was held Sunday afternoon at the Burkett Cemetery with a good attendance. A lot of former residents were present as well as local folks.

Bobby Zirkle of Austin was speaker for the occasion, and he made an interesting talk on the subject of "Memories". Furman Kearley, minister for the Church of Christ was song director.

A business session was held for the election of directors of the Burkett-Adams Cemetery Association for the places whose two year terms expired at this meeting. They were Jack Strickland, Lucille Cross and Bill Strickland. Each of these were re-elected to serve another two year term.

Following the Memorial Service donations for the upkeep of the cemeteries were accepted by secretary-treasurer, Freeda Burkett and Lucille Cross. Donations there amounted to \$510.

The cemetery board appreciates the presence of everyone and for the many donations. NOTE OF APPRECIATION We would like to take this means to further express our thanks to the many good friends during our time of sorrow.

Thanks for all the beautiful cards and other expressions of caring and concern while Valarie was in the hospital and at home. You all helped make her last days, knowing she was much loved. We can never thank you for that. Valarie will be missed very much by us, her family, and her many friends, but I really believe she helped brighten all our lives. There were some people we missed when we sent Thank You cards, but there are so many that we can't remember during the first couple of days. So please accept our gratitude and thanks. It comes from our hearts. May God's richest blessings be yours.

Our Love and Respect To A Great Community. Benny and Sandra Callaway and family

CARD OF THANKS We would like to thank everyone for the kindness and help you gave us, for the prayers, the beautiful flowers, all the good food, cards and calls of sympathy and encouragement. We especially want to thank the ladies who served the dinner and helped in so many ways.

Southerly winds have dried up the moisture from last week ends showers. The drought situation is growing more severe each week. Grain harvesting was light this year due mostly to dry weather conditions. We are all praying for rain soon.

Mr. and Mrs. James Reynolds spent Saturday in Stephenville with their daughter and son-in-law, Tan and Janet Flippin. They also drove over to Glen Rose to see the country. John Carpenter of Azle and Ellen Reynolds of Cisco visited in the Reynolds home Sunday afternoon.

Those visiting in the Gene Mauldin home during the week were Mr. and Mrs. Roland Mauldin and son Kenneth of Denton Valley. Also Mark Burns of Potosi, Roy Mauldin of Eula and Blain Odom of the community. The Mauldins daughter, Irene Masters of Snyder returned to her home after spending part of last week in the home.

Julie Dye spent the week end in the Jack Swann home near Coleman Lake.

Sunday night dinner guests in the Don Harrell home were Bob and Cathy Dye.

Mr. and Mrs. Tommy Dye and son, Douglas, were in Red River over the week end with her parents, Dr. and Mrs. J. D. Strickland who were celebrating their wedding anniversary. The Dye's son, Gene, of Las Vegas also was there for the occasion.

Mrs. Charles Palmer of Clyde spent Sunday afternoon with her parents, Mr. and Mrs. Sterling Odom.

Mrs. Don Harrell treated her

daughter, Leigh with a picnic and visit to the Abilene Zoo last Wednesday. Other little friends and their mothers enjoying the outing were Mrs. Susie Slade and son, Evan and Mrs. Pam Welhausen and son, Clint of Abilene.

Carroll Burks and wife of Abilene stopped by the Lizzie Burks, Emma Johnson and Robert Burks home enroute home from a vacation trip to Alabama. Their daughter, Sherri, of Oklahoma accompanied them on the trip.

Mrs. N. V. Gibbs was in Abilene, Monday and visited Elveda Sikes and her son, Ernest Sikes.

Parlee Gibbs and her son Wesley Ash drove to San Antonio Monday to visit her husband, Gravel Gibbs who is a patient at Audie Murphy Veterans Hospital.

Pansy Johnson of San Antonio and Webb Andrew Johnson of New Mexico made calls to their mother, Emma Johnson during the week. Guy Caldwell of Abilene also stopped by the Burks home while being at his ranch.

The Don Harrell family were dinner guests of J. D. and Marie Harrell and their son, Jason Harrell Friday night in Abilene. The group attended the Dixie League baseball game that Jason participated as a player.

Visiting with Mr. and Mrs. M. F. Dill during the week were Ellen Simpson, Flora Thornton, Blanche Moore, Vida Paige, L. A. Richardson, Alton McCowen, Mrs. Dill's niece and husband, Mr. and Mrs. Howard White of Rising Star and Mr. and Mrs. Fred Dill and their grandson, Brandon Holcomb of Irving.

Leonard D. Jones, 41 Is Buried At Burkett

By Shirley Snodgrass

Graveside service for Leonard D. Jones of Odessa, formerly of Cross Plains, was held at 2:30 p.m. Friday at the Burkett Cemetery under direction of Higginbotham Funeral Home of Cross Plains.

Mr. Jones, 41, son of Mrs. Ruby (Jones) Williams, of this city, died at 5:01 p.m. Wednesday at Methodist Hospital in Houston after an illness.

Officiating the final rite was Rev. William Williams of the Church of Christ in Odessa.

Born June 13, 1942, in Brownwood, he married Sra. Bell Jan. 18, 1963, in Odessa. He was employed as an analyst for El Paso Products and was a member of the Church of Christ.

Survivors include his wife; his mother, Ruby Williams of Cross Plains; his stepfather, Gilbert Williams of Cross Plains; two sons, Ronnie and Blake, both of the home; a daughter, Dana Sue Jones, also of the home; a brother, Ronald of McClean; two nieces, Jennifer and Juhree Jones, both of McClean; and a step-sister, Jane Williams of Dallas.

Pallbearers were Elmer Hounshell, Horace Hounshell, Larry Hoover, Wade Cowet, Kevin Cowet, and Jim Prichard.

Mr. and Mrs. Andrew Walker and Paul attended the Trent and Gray family reunion at Hoards Creek Lake Saturday. This reunion is an annual affair.

Pat and Jennifer O'Brian and Michale of Abilene spent the week end with Mr. and Mrs. A. B. Neff.

Michael Hagar of Abilene spent the past week with his two aunts and uncle, Velma, Esther, and Dan Byers, and they all went to Robert Lee and spent Wednesday to Friday with their other sister, Cora Bell (Byers) Robertson and her husband.

Visitors in the home of Richard and Jan Pope Sunday were Mr. and Mrs. Ronald Pope and Randy Strickland of Cross Plains and Joe Pope of Stephenville.

Dalton and Lucille Gould had all their children home over the week end. They were Russell Gould and son, Eli of Abilene, Mrs. Linda Dodgen and daughter, Mellinda of Coleman and a friend of West Texas, and Marty and Glenda Callaway and son, Brooke, of Payerreville, N. C.

Visitors of Mrs. Raymond Jennings Sunday were Lula Havner, Kenneth and Brent Hutchins all of Bangs, Mrs. Marie Strawn of Grosvenor and Mr. and Mrs. Gene Havner of Longview.

Again the people of Burkett deserve a double "A" for being "Interested Citizens". At our Primary Election run off last Saturday there were 121 ballots cast! Jack Strickland, who was in the run off for Coleman County Commissioner, Precinct 1-A took 100 of those votes, and won the election for that place by a wide margin. There were 11 absentee votes which made a total of 132 ballots cast.

We, his friends and neighbors, are pleased and join Jack and Lovera in their pleasure and appreciation of their many friends for their support.

Sabanno

Well another week has gone by without rain. It looks a little like it today. I guess we all need to pray a little harder.

Last week was a tiring one. I was in Bible school. I really enjoyed it. I had forgotten how it was to keep up with 5 and 6-year-olds. We had visitors last week from San Angelo. They were E. E. Stark and Rose Chapman.

Visitors during the week with Jack and Robbie Rector were Mr. and Mrs. Everett Martin of Cisco, Mr. and Mrs. Ray Sims of Clyde, Mr. and Mrs. Gary Wilson and children of Rising Star, Pauline Switzer, Frank and Shirley Snodgrass, Bill and Idella Hollis, all of Sabanno. Jack is in fair condition. He has his good and bad days.

Bill and Idella Hollis's granddaughter spent the week with them. She is Sabrena Townsend of Abilene. Their other visitors were Bill and Lorene Ramsey and L. D. and Frances Gaston, all of Eastland.

Mr. and Mrs. Truitt Dawkins' visitors Tuesday were Nunnie Brooks and Oma Faye Cox of Cisco and Ophelia Lawson of Cross Plains. Tom Dawkins from Runnemed, N. J., came Saturday and will spend the month with them. Brent Key comes by often to see them.

Jim and Becky Blackwell and new grandson, little Jim, of Clyde came to see Arza and Nora Green Saturday. Gollie and Ruper Starr from Lake Tahoe, Nev., also visited them Saturday. Nora and Wanda Blackwell went to Abilene shopping Thursday. Arza and Nora went to Eastland shopping Friday, and came back through Cisco and visited Zed and Mae Green. They visited the Everett Clowers Sunday afternoon.

Troy and Mae Watson's visitors during the week end were Barbara Jo Kanady and grandkids, Kristen and Cathy, all of Rising Star, Mr. and Mrs. John Casey of Cross Plains, Sherie Wooten of Putnam, Sheryl Watson and Mike of Sabanno, Nan Verwarm and Cody of Ranger and A. C. Houson and Helen Humphry of Sabanno.

Delmer and Louise Fitzgerald and their daughter and family, Carlton and Louella Winkle and Sara and Laurie Scogins all left Tuesday and went to Ruidoso, N. M., and came back Friday. They reported a real good time.

Mr. and Mrs. Fred Coulter of Albany picked up their grandchildren at Brownwood and came back by Sunday and visited the L. J. Cokers. Frank and Shirley also came down for home-made ice cream. Hurry and make some more, Evelyn. It surely was good. Tommy, Vanda and Kye King and Opal Gattis ate lunch Sunday with Mr. and Mrs. Lester King Sunday.

I would like to apologize to Mr. and Mrs. Mack McConal for it was they who went to Austin to visit their children in Austin and not Bill Hollis like it read in last week's paper. I am sorry if I missed some of you, I called, but there was no answer.

Let's all pray for rain, and for the sick in our community.

NOW'S THE TIME TO CALL YOUR AIR CONDITIONING SERVICEMAN

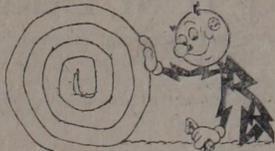

(Get a checkup before the heat's on.)

Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead. We know that many people wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a waiting list.

PROPER INSULATION... Keeps in the Cool Air You've Paid For

Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 18 in the walls are recommended for this area.

Check Caulking and Weatherstripping!

Check all windows and doors, install weatherstripping and caulking where needed. It will save on both heating and cooling costs. An almost invisible ¼" gap at the base of a standard 36" outside door is equal to a nine-square-inch hole in the side of your house. There are a number of easy-to-install felt and foam rubber products on the market to draft-proof doorways.

Ruby McCowen Pleads For United Monthly Jesus Talk

This is the announcement that I promised to make when I gave my testimony at the Multi-Purpose Center May 18th.

I feel that we Christians, pastors, preachers, teachers and laymen of all denominations, should come together once a month to talk about Jesus (The Saviour we all worship.) to praise Him and "exalt His name together" the only name given under heaven where by we must be saved" He said, "If I be lifted up, I will draw all men unto Me."

He was lifted up for us (on the Cross), and now we must lift Him up by showing our love for one another. For He said, "By this shall all men know that you are my disciples."

If you have love one to another and in His prayer in the 17th Chapter of John, when He prayed for His disciples, He also prayed for us of today because He said in the 20th verse, "Neither pray I for these alone, but for them also, which shall believe on Me through their word", and hear Him in the 21st verse where He says, "That they all may be one, as Thou, Father, art in Me and I

in Thee, that they may also be one in us, that the world may believe that Thou hast sent me." Jesus died for the world.

So it seems to me (and others that I've talked with) that His children must get together in love and prove to this lost and dying world out here that we are Christ's disciples so that they can come to Him. So, will you please come with me this third Friday night in each month to the Multi-Purpose Center in Cross Plains to lift Him up in songs, in testimonies, in prayers and praise, so that He can bless us and fill us with more of His love. He said "If we would draw nigh to Him, He would draw nigh to us" so let's do our part and we know that He will never fail us. He said also, to "Prove all things and hold fast to that which is good". The Methodists, Baptists and Church of Christ Christians used to have their summer meetings together when I was a little girl and we can do it too, if we'll all "Get back to our First Love". If we don't, we may fail to hear Him say, "Well done thou good and faithful servant." Please come, Ruby McCowen

LOLA PANCAKE IS PATIENT IN BROWNWOOD HOSPITAL
Lola Pancake of Cross Plains entered Brownwood Memorial Hospital as a medical patient Friday morning. She is expected to undergo extensive tests and treatment in the next few days. Her room number 416.

VALARIE

Valarie Dawn, light of our life,
Gave so much of herself, even in her strife.

So many lives she touched every day,
Spreading sunshine in every way.

Many things we don't understand, many things
we can't see,

But how can we complain after knowing Valarie?

A smile on her face, a twinkle in her eye,
She taught us all about love, before she said,
"Goodbye."

State Capital HIGHLIGHTS

By Lyndell Williams

(Intended for last week)

AUSTIN — The chairman of the Texas Railroad Commission last week said all-out war in the Persian Gulf would trigger new drilling in Texas.

"You don't have to go to Yale to figure out that if the supply is interrupted, then there's less oil, then there's less oil available, the price will go up and, as the price goes up, there's more domestic production."

Those simple words of wisdom from Mack Wallace put the finger on a situation being watched for several reasons, particularly officials in state government.

One thing Wallace could have tacked onto the end of his truism would have linked the Iran-Iraq conflict to Texas government: as domestic production increases, so do revenues for state coffers.

For months now, the dwindling state revenues have been blamed on the slump in oil production. In Texas, it has contributed to state losses from the severance taxes, and from sales taxes from petroleum industry related products. In cities dependent on that industry, such as Houston, Midland, Odessa, and several coastal towns, the slump contributed to unemployment and more loss of sales and tax monies.

Along the border, the devaluation of Mexico's peso due to the declining oil production also contributed to the economical slump.

For years Texans have taken the petroleum industry for granted, and now that it's missing do we really feel it? That's why legislators are expected to convene in Austin for a special session to raise taxes next month.

Sad Severances

A recent report by State Comptroller Bob Bullock explained some of the reasons for the drop in tax collections. For a decade tax collections surged upward at a pace of 10 percent or more above the prior fiscal year.

The growth of oil and gas severance taxes paralleled the rise in energy prices until 1982, when oil and gas tax income accounted for 27.4 percent of state tax income. Last year, for the first time in 20 years, tax collection from the two sources declined by 5.2 percent. Bullock's report indicates the severance tax will grow slowly at best, and probably will decline slowly with the drop in statewide oil and gas production.

Sales Tax Saga

Sales taxes usually contribute up to 40 percent of total state revenues, growing steadily over the past decade with annual leaps over 10 percent.

Last year, the tax fell by 4.5 percent. The problem was not in the retail sector, but in the non-retail portion which declined by 8 percent.

The non-retail decline included a whopping 31.4 percent drop in the mining industry, which has a very large oil and gas component.

Add to that an 18.1 percent drop in manufacturing, and a one percent decrease in construction.

Link To Oil

Bullock researched what wise Texas solons have known instinctively, but he linked revenues to oil in specific terms.

In 1982 about 11 percent of the sales tax collections came from some phase of the oil and gas industry.

An additional 19 percent of the sale tax was linked indirectly to petroleum.

Totaled up, that comes to 30 percent, or almost one-third of the sales tax has some link to the performance of the oil and gas in-

dustry.

In Dollars

In dollars, the state lost about \$300 million in potential growth in sales taxes last year due to the oil price slump, according to Bullock.

The peso devaluations cost border sales an estimated \$100 million in potential growth and the national economic recession took another \$170 million.

Consumption Taxes

Some taxes aren't based on the price of the product, but on the amount of the product sold. These consumption taxes include motor fuels, alcoholic beverages and tobacco and last year made up \$2.1 billion in tax collections.

Price inflation does not increase these revenues, but, in fact, cuts down their real growth. In addition, health concerns have slowed growth of the alcohol and tobacco revenues, Bullock says.

They have averaged a growth rate of 5.1 percent, but Bullock predicts that any increase in tax rates such as Gov. Mark White's planning, will further discourage consumption and modify the extra income that White and others are anticipating.

Election Issue?

By now, every conscientious citizen in Texas is aware that Bullock intends to run against White for governor two years from now. And careful news leaders know that White wants to hike teachers' salaries, thereby keeping a campaign promise.

Ironically, it's been White who has raised the tax issue, but look for Bullock to keep it alive.

Rather than let the issue die after a special session to raise taxes, Bullock may well press what could be a most legitimate issue of coming state campaigns: the need for fundamental changes in the tax system to offset the loss of oil and gas-related tax revenues.

Cottonwood

By Beverly Brown

Have you noticed the new additions in Cottonwood? If you haven't don't feel left out. They are going to be around for a long time. Two new 30 mile Speed Zone signs have been placed on the shortest highway in Texas, Farm to Market Road 1079, which runs east and west in the town city limits. Do slow down and drive carefully. The children are home for summer vacation, and family reunions are in progress for this year, with a lot of visiting children, who can be seen walking and riding their bikes. Watch out for the young people, and use caution in your travels.

Mr. and Mrs. Charles Dillard were honored with a surprise 35th Wedding Anniversary reception Saturday, June 2, at 7:30 p.m. in the Cottonwood Baptist Fellowship Hall hosted by their daughter, Miss Traci Dillard. Local Sisters Attend Nuptials In California Church May 26

Longtime Cross Plains residents, Mrs. Veda DeBusk and sister, Eula Webb flew to Long Beach, Calif., to participate in a large formal wedding ceremony on Saturday, May 26.

Joined were Miss Victoria M. Risica, daughter of Frank and Carmelo Risica, San Pedro, Calif., and Mr. Phil R. Cowan, grandson of Mrs. DeBusk.

Rev. Ken Gammons conducted the ceremony at St. Peter's by the Sea Presbyterian Church, Ranch Palos Verdes, Calif., before some 150 relatives and close friends.

The reception and dinner was held in the Windsor Room of the Queen Mary oceanliner, now docked permanently at Long Beach. The bride and groom left Sunday aboard the cruise ship Tropicale enroute to the Mexican Riviera for their honeymoon. Viki, a native of California,

grew up with two older brothers, Frank III and Richard, in Torrance, Calif. She met Phil two years ago at TRW Corp in Redondo Beach where both are employed. After the honeymoon, the newlyweds will reside in Rossmoor, Calif.

Although the pre-ceremony activities kept everyone jumping, our Cross Plains ladies were still able to take a whirlwind tour of TRW, Los Angeles International Airport, Hollywood, Knott's Berry Farm, Long Beach and Rossmoor. Friday evening, on the eve of the wedding, they were graciously entertained by the bride's parents in their San Pedro home overlooking the Pacific Ocean and Catalina Island.

Herschel and Marie Banks of Briggs visited Monday evening with Gene and Nelda Wilcoxon.

It is still dry, but we pray that God will bless His good earth with a soaking rain before this week's Review reaches our mail boxes.

Wasn't our nation so much better off before charity changed to tax-funded social programs? Let us consider the wisdom of the words of Abraham Lincoln:

You cannot help the wage earner by pulling down the wage payer.

You cannot help the poor by destroying the rich.

You cannot keep out of trouble by spending more than you earn.

You cannot build character and courage by taking away man's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves.

Following are a few of the ways our tax dollars are being used.

The New Ways Ministries received \$13,416 to study "the coming out process and coping strategies of gay women".

In 1979-80 the California State University's Center for Homosexual Education, Evaluation and Research received \$167,724 to study "civil liberties and sexual orientation".

Planned Parenthood which urges abortion on demand and provides abortion referrals to teens without telling their parents, received 12.8 million in tax dollars, more than half its budget.

In 1981 the Dept. of Education gave PUSH headed by Jessie Jackson, \$856,644.

The American Friends Service Committee who stands for total disarmament of America received \$506,000 in federal funds in 1980.

The National Council of Churches received \$495,775 from the Dept. of Labor in 1980.

The Marxist-led U. S. Student Association received \$107,630 from the Dept. of Education in 1982.

The radical feminist Gloria Steinem, co-founder and editor of MS Magazine, said "By the year 2,000 we will, I hope, teach our children to believe in human potential not God. The MS magazine is granted a non-profit, tax-exempt status and has its postage subsidized by the government. One issue contained 10 liquor ads, 6 ads to join gay or lesbian clubs, 2 ads for "pills, 6 ads for sexual aids, and one ad featuring nude women, yet this magazine is purchased by some school libraries.
