STANDARD TIME RETURNS: TURN CLOCKS BACK 1 HOUR

Standard time returns to the United States early Sunday morning, therefore requiring clocks to be turned back one hour when retiring Saturday night.

The hour's sleep lost last spring when the nation went on Daylight Saving Time will be made up. By the clock, for the next six months the sun will come up an hour earlier than it has the past six months.

Failure to re-set clocks will simply mean that you might arrive at church, work or for an appointment an hour earlier than is necessary.

3.50 Inches Rain Showers Fall Here

Showers, ranging from a deluge to gentle rain, have brought smiles to most faces in the Cross Plains area with 3.50 inches being gauged at one site in the city.

The rain may have been the drought breaker hoped for.

A thunder shower struck Cross Plains Saturday morning pouring an average of 2.50 inches over

the city. Two other gauges showed 2.20 inches and 2.80 inches within the city. Madie Fortney, who lives just east of town, reported 4.10 inches Saturday and .50 on Monday. No report was made on Tuesday.

Various gauges throughout the township showed varying amounts in the showers which fell on the locality on Monday and Tuesday mornings. One reported .40 on Monday and .60 on Tuesday, another inch, and four day (including Sunday) total of 3.50 inches.

Only possible damage of the rains to the agricultural industry could be to the peanut crop which was in harvest when the rains came. All other aspects were believed to have benefitted, and most area stock tanks are now full and ran around spillways.

Area report listed Burket as getting two inches through Monday, and Willie Henderson said

Carolyn's Corner

By Carolyn Glover

The sight and sounds of children dressed in Halloween costumes for trick or treating in the neighborhood is something we look forward to each year. And for the children, going door-to-door for treats is the high point of Halloween festivities. The original idea of trick or treating is simple: either you give a "treat" or endure a practical joke on your property.

Today we see that this sort of activity can be destructive and could also be viewed as a mild form of blackmail. To emphasize the positive aspects of Halloween, some communities are emphasizing the constructive meaning of "trick" as a brief entertainment. So for the favor of being entertained by the child, the adult gives a treat.

Parents can also call this activity "Trick and treating" or as many children already say "trick and treating." For young children, disguises are tricks enough to merit a treat. The child visiting neighbors to ask "Guess who I am?" can both surprise and delight.

For older children simple magic tricks such as palming a coin, are fun and entertaining. Children learn easy tricks from friends, games or books or magic from the library.

Active tricks like singing a short song, reciting a limerick, juggling or doing an imitation of the character their costume represents can also be fun for older children.

The traditional treat of candy is also changing in some communities. Neighbors are giving homemade cakes, cookies or doughnuts, fruits, nuts, popcorn and other harvest time foods. Often they'll place an address label on the wrapped treats so parents will know who they came from.

Other people are giving inexpensive nonedible items for treats such as coloring books, crayons, pencils, fast food coupons, baseball cards and novelty items.

Along with changes in trick and treats, some communities and neighborhoods have publicized guidelines and hours for the activity. These can serve to help all members of the community have a fun, safe, positive trick 'n treat celebration.

As above was in a newsletter from Tedra Ulmer, Extension Entomologist with the Texas Agricultural Extension Service in San Angelo.

Do you or your mate snore? Snoring is really not very funny, to the snoring or to the one who has to listen. Below are some causes of snoring.

Snoring occurs when there is an obstruction to the free flow of air through the passages at the back of the mouth or nose. This can be caused by (1) Poor muscle tone in the tongue and

It Was A Struggle, But Darlene's Ceramics Opens

Editor's Note: There is a ceramic shop located north of town named Darlene's Ceramics Factory which has a terrible time becoming a reality. Dar-

lene Stevenson and husband, Glenn, opened the business about a month ago, but following is a portion of the struggle it took to accomplish the feat, as authored by Mrs. Stevenson.

About a year and a half ago we were visiting my folks, Al and Garland Lewis, here and were out driving around. We went out to see the old place at Cottonwood, then just driving, decided to see the new paved road, FM 3265. They hadn't been down since it was paved. Came across the Jake Carter place where the house had burned just a few months past. Didn't even stop, and then later back in Houston know-

occasion for the responsible farmer-chosen team of ASC community committee members.

The ASCS community committee election will be conducted by mail from November 23 to December 3. Voters may also get ballots at the ASCS county office by turning in a total of five or more petitions, farmers in each ASC community have the opportunity to prepare the slate of nominees themselves, according to Mr. Odom.

State Capital HIGHLIGHTS

By Lyndell Williams

(Intended for last week)

AUSTIN — The battle between Texas Democrats and Republicans to see which party could register more voters ended last week, but the winner can't be declared until after Election Day.

The biggest voter registration contest in Texas history will probably result in 700,000 new registrants, bringing the estimated statewide total to 7.5 million voters.

Surveys of each party indicated that neither could count on a significant advantage among new registrants.

Phase two of the election — the Get-Out-The-Vote effort — is already in full swing.

In taking the voter pulse, analysts concentrated on key strongholds, or consistent precincts, for either party. The theory is that if 1,000 new voters are registered in a precinct that is traditionally strong for either party, the odds favor that party picking up support from the new voters.

In urban areas, San Antonio reported about 33,000 new registrants; Houston, about 17,000; Rio Grande Valley 26,000; El Paso, 21,000; and Fort Worth, 7,500.

High Court Hispanic — Meanwhile, Governor Mark White continued to break Texas historical barriers with his appointments by naming the state's first Hispanic to the Texas Supreme Court.

A former migrant-farmworker, Gonzales earned his law degree from the University of Texas and worked in the Houston City attorney's office before becoming an assistant U.S. attorney for South Texas. He was a Brownsville state district judge until 1981, when White's nemesis then-Gov. Bill Clements named Gonzales to the 13th Court of Appeals.

Inmates, Waste Dumps — In other actions last week, White:

— Accused the federal government of playing too much politics in selecting a nuclear waste dump site for Texas and charged should be scrapped for a new one.

Among items White listed in a letter to the U.S. Energy Secretary was the failure of the feds to share information and consultation with the state.

— Announced that Texas is considering swapping troublesome prison inmates with other states to break up inmate gangs blamed for rising prison violence.

Education Chief

Outgoing Commissioner of Education Raymun Bynum was branded a saboteur of school reform by Gov. Bill Hobby. The incident was noteworthy because Hobby made his remarks to the 15 new state school board members only minutes before Bynum welcomed them at their swearing-in activities.

Hobby told them the state education establishment was trying to sabotage the school reforms approved by the Legislature this summer.

Bynum, who has steadfastly held to his opinions of the shortcomings of those reforms, last month said he would step down as early as possible.

"I think I have been painted as a non-reformist, but I have done more (for reform) than any other commissioner" he said. When White heard of Hobby's remarks the next day, he "seconded the motion."

Mattox, Local Prosecutors

Texas Attorney General Jim Mattox is meeting opposition from Texas local prosecutors in his effort to get the authority to prosecute some criminal cases. The Texas Constitution gives him only the power to prosecute civil matters, but he wants to go after Medicaid fraud and organized criminals.

"Ten percent of every dollar spent in the Medicaid program is fraudulent," Mattox said. "We investigate the cases, then we turn them over to local prosecutors, and if we don't continue to help them, the cases don't get prosecuted."

Ileta Jones Is Laid To Rest Here Friday

Funeral service for Mrs. Edgar (Ileta) Jones, 87, of Cross Plains was held at 2 p.m. Friday at the Higginbotham Funeral Home Chapel.

Mrs. Jones died at 8:40 p.m. Tuesday, Oct. 16, at Hendrick Medical Center after a short illness.

Officiating the final rites was the Rev. Roy M. Locher, pastor of the First United Methodist Church in Cross Plains. Burial was in the Cross Plains Cemetery under direction of Higginbotham Funeral Home.

Born Feb. 3, 1897, in Beety, she married Edgar M. Jones May 20, 1917, in Cross Plains. She was a member of First United Methodist Church.

She was preceded in death by a daughter, Mavis Smith.

Survivors include her husband; two sons, Weston of Mokena, Ill., and Leonard G. of Poolville; a sister, Lavenia Nichols of Big Spring, eight grandchildren; and five great-grandchildren.

Pallbearers were Dick Dillard, Donald Duke, Jimmie Lee Payne, Joe Hanke, Noah Johnson and Bobby, Jack McCowen.

County District Attorneys — Mattox painted Medicaid fraud as often involving prominent members of a community, who local prosecutors are reluctant to go after for political and other reasons.

But at a recent meeting of the Texas Association of County and District Attorneys, the membership voted unanimously to oppose Mattox's plan. Spokesman disagreed with the Mattox statement that political considerations determine which cases go to court. Under the Texas Constitution, prosecutors are in the judicial branch of government, and the attorney general is in the executive branch.

Mrs. Mark Walker, Sharon and Shirley and Mrs. Benny Glover, Pamela and Sheryl were Brownwood visitors Saturday.

Callaways Reune At Lake Cabin 2 Days

The lake cabin of Mr. and Mrs. Henry Callaway at Lake Brownwood was the reunion place October 13 and 14 for 83 relatives and friends of the Callaway family.

The planned 3,800-foot test is on a 162-acre lease and spots 1,134 feet from the south and 330 feet from the west lines of J. Lavine Survey 850.

Four brothers and four sisters were re-united ranging in age from 65 to 81 years.

Relatives came from Washington, Oregon, California, Arizona and Mississippi.

3,800-FOOT WILDCAT SLATED AS NO. 3 L. D. WESTERMAN

Firecock Co. of Cross Plains will drill No. 3 L. D. Westerman as a proposed 3,800-foot wildcat in the Lil' Audrey (Comyn) Field three miles north of Cross Cut.

The planned 3,800-foot test is on a 162-acre lease and spots 1,134 feet from the south and 330 feet from the west lines of J. Lavine Survey 850.

Mrs. Henry Callaway of this city said that everyone enjoyed the reunion so much that another one will be held in August 1985.

Buffalo Band Droys To 1st In Marching
Cross Plains High School Buffalo Marching Band earned a Division III Rating in University Interscholastic League Marching Contests at Stamford last Saturday.
For the past two years the Buffalo Band had been a top marching unit in Class A in this section of the state, and competed in state UIL contests in Austin, although failing to place either time.

Denise Flippin, a band twirler and daughter of Mr. and Mrs. Thomas Flippin, earned a Division I Rating in solo and ensemble contests Saturday. The high school sophomore will be eligible to compete in state contests later this year.
No other details of the Stamford contests were immediately learned by the Review.

Garmond and Lou Parrish's son, Vic Parrish of New Braunfels, and Camille Scott of Shertz visited them during the week end. Vic was recently promoted to Supervisor at River Gardens, a home for retarded adults in New Braunfels.

S.S. Overpayments Must Be Reported

Many Social Security Retirement beneficiaries are overpaid every year because they earn more money than they thought they would. There are some simple things you can do to prevent being overpaid, or at least minimize an overpayment in the making, says Glyn Hammons, manager of the district Social Security Office in Abilene.

If you are over the age of 62 and will attain age 65 in 1984, you can earn up to \$5,160 in 1984 without the risk of being overpaid. If you are over 65 this year, but under age 70 you can earn up to \$5,960 without risk of being overpaid. If you think you may earn more than \$5,160 or \$5,960 this year and you haven't told Social Security, you should contact your nearest Social Security office now and let them know how much you expect to earn, Hammons noted.

Also, if you think you are going to earn more than you previously told Social Security, you should let them know right away. You may prevent being overpaid. For example, if you previously told Social Security you thought you would earn \$7,000 in 1984 and now it looks as if you will earn \$7,400, let them know right away. Otherwise you could be overpaid as much as \$290, he explained.
The preventing of an overpayment is a lot less painful than the collection of an overpayment, so please report your earnings promptly and as accurately as possible, Hammons emphasized.

Jay Don Poindexter, Wade Parker and Steve Ellis, also members of the Callahan County 4-H Shooting Sports Project Group, have been named to the all-state team in the senior divisions of the 1984 Texas Trap and Skeet Postal League.

In making the announcement, Bullard said that these 4-H'ers were selected based on shooting scores during June, July and August.

Selected to the all-district team were Shawn Moreland in the sub-junior skeet division, Britt Gardner in the junior skeet division, Jay Don Poindexter, Wade Parker, Steve Ellis, John Ball, Darren Uzzell, and Randy Chrane in the senior skeet division and Wade Parker, Steve Ellis, Jay Don Poindexter, John Ball and Randy Chrane in the senior trap division.

The State Postal League was organized by the State 4-H office, Texas Agricultural Extension Service. Participants' scores were mailed in by each of the competitors.

Greg Gerngross of Baird, County Extension Agent, said that the league was enjoyed by all participants, and that it complemented the local 4-H Shooting Sports Project.

He said that the shooting sports project has many avenues of participation besides just shooting. These avenues include participation in club meetings and activities, leadership, citizenship, public speaking, project record keeping, record book awards program and other competitive events.

Any person between the ages of 9-19 interested in joining 4-H to participate in the Shooting Sports Project should call the County Extension Agent's office for more information.

Gorman Pins 30-18 Loss On Herd In 8-A Loop Tilt

Gorman kept its top billing in District 8-A football last Friday in dealing the visiting Cross Plains Buffaloes a 30-18 defeat.

It was the fourth consecutive victory for the Panthers in 8-A, and the Herd dropped to 1-3 in the league.

Although in defeat, Head Coach Ron Lankford praised several Bisons. One was Lance Clawson who picked up 131 yards rushing on 11 carries. Two of his trips went for touchdowns of 70 and 68 yards. On that strength the Abilene Reporter-News selected Clawson Class A Player of the week. The junior is the son of Mr. and Mrs. Doyle Clawson.

Coach Lankford also noted John Fred McWilliams as outstanding on defense, making several tackles in the Gorman backfield. Twice he sacked the Panther quarterback, Tom Sibley, another senior, also played outstanding defense, Lankford noted.

He continued that the Cross Plains offensive line did a good job opening up some holes in the Gorman defensive line, allowing the Buff backs to rush for 249 yards.

The first quarter was scoreless, but Gorman rang up eight points on the first two plays from scrimmage in the second quarter. Later in the period a Panther swiped a Buffalo aerial and ran it back for a touchdown. Conversion try failed, and Gorman led 14-0.

Lankford said that on the first play from scrimmage after Gorman's second TD, Clawson scored his 68-yard tally on a sweep. "Flocking on that run was beautiful, picture perfect. The line and backfield did a fantastic job on that play," the coach stated, adding "only one player touched him and he outran him." Tom Sibley's attempted kick was blocked leaving the score 14-6.

Gorman scored again just before halftime on a short drive and the two bonus points pushed the score to 22-6 at halftime. The hosts round out scoring in the third quarter on a sweep and two bonus for a 30-6 margin.

Clawson countered again in the third period on a 70-yard run up the middle, as the line opened the hole and he again outran

would be tacklers.

Bisons scored again with just seconds left in the contest. Halfback Tom Sibley claimed a 55-yard drive on a five-yard sweep. Attempted two-point conversions failed after both second half touchdowns leaving the final count 30-18.

Sophomore starting Cornerback Jesse Sibley suffered a broken thumb.

Bisons travel to Goldthwaite Friday for another contest with the Eagles who are tied with Evant for second place in 8-A. Lankford looks forward to real tough, good football game starting at 7:30 p.m.

Darlene's

ing we were selling our business, Niagara Therapy Equipment and wanting to leave Houston, the folks called to say this place was in the paper for sale. Well, we got excited and came up and took a look, and it was love at first sight.

Polly Carter's old plaster shop had been closed for years, but due to the fact I already had one kiln and was doing ceramics in a third bedroom in Houston, we decided to open up shop. It would be a super way to meet our new neighbors. So we cleaned and cleaned, and oh yes, poured floors in the shop, then winter hit and oh my, how hard. We were still going back and forth to Houston every two weeks due to Glenn's eye doctors, two transplants and three surgeries, and hadn't sold our house.

Well, let me tell you everything froze solid, and if it had not been for such good neighbors, the Galvians, we'd really been ready to leave. We hauled water for a week or more, then moved in to my folks for a week or so. Boy oh boy, what a first winter.

So you see our little shop has been set back again and again. At last we thought we could see the light if it had been hot and dry, and hotter and drier. Ah yes! Then came August 13th after two months wait, our slip machine arrived. Yes, yes, Elois and Yvonne came down for the official unboxing, a waited event a big deal.

Now, we have been busy pouring new things almost every day. And when our Christmas tree arrived were just about ready. Now everyone is invited to Darlene's Ceramic Factory to take advantage of offerines in an ad elsewhere in today's Review.

Mrs. N. V. Gibbs visited Mrs. Leila Gibbs in the Baird rest home last Tuesday.

Booster Club Wants Track Plan Advice

Athletic Booster Club met the evening of October 16 in the high school building with 11 members and two coaches present. Main topic of discussion was plans for a track field.

Some years ago the booster club began a fund to build a track field and some money goes into this fund each year. However, the cost for building a track field rises every year. The past few years the coaches have been buying the boys and girls to Rising Star to workout for track events. There are lots of people walking for their health and the streets could be dangerous. With all this in mind the Booster Club would like to make the track field in Cross Plains a reality. The boosters believe there is a need in Cross Plains for all ages.

The Athletic Booster Club wants to make a special invitation to all who are interested in getting a track for the Cross Plains people, to be present at the next meeting, Tuesday, Oct. 30, at 7:30 p.m. in the high school building. First step is trying to find the best possible place to locate the project. Plans have been drawn to locate on the football field and the practice field. However, adequate room seems to be a major factor. Plans may be seen at the high school building or at Western Auto Store. Other sites have been studied. Input from other interested people is needed, and attendance at the next meeting is requested.

The public is invited to peruse materials on that day at the Region 14 Education Service Center, 1850 Albany Highway in Abilene. Although no appointment is required, an advance phone call to (915) 876-8201 would be helpful if the reviewer is interested in examining a particular item. Every effort will be made to see that materials are available to interested persons, says Dr. Thomas Lawrence, executive director.

Boy Scouts Vie In District Camforee

Cross Plains Boy Scouts were a part of the Southern District Fall Camforee held at Hord's Creek, west of Coleman, October 19-21. Local Scouts participating were Roger Rudloff, Mike Eppard, Aaron Pope, David McKenzie and James Reed. For the Scoutmaster the most memorable happening was the Saturday evening meal which the Scouts prepared entirely on their own. "We ate our fill with plenty left," said Baylis Pope.

Cottonwood

By Beverly Brown

It was a blustery, cold dark night, not even the stars or the moon were out, that Halloween night in the 1930's. The little ghosts, goblins, witches and monsters were anxiously awaiting their friends to arrive so they could be on their way. The area we lived in was out in the country. The only visible lights in the area were coming from a neighbors home and an occasional porch light in the far distance. No one in our crowd was afraid of anything. We had the boys to protect us.

We started out on our trip a foot with a flash light to aid us. Saying good-bye to Mom and Dad at the back door, we headed down the long hedged drive way to the road. A white, ghostly figure loomed over the hedge moaning and wailing ghostly sounds and moving above us. Yells and screams filled the quiet darkness accompanied by the sounds of rushing feet retreating in the direction they came from. We beat the ghost to the house, just in time to see Dad come in the front door with the sheet over his arm. Memories from the past on the pathway of life, growing up in the country.

Drive with care Halloween night, and be on alert for the ghosts and goblins who may be lurking in the community. Keep your eyes peeled for the "Creeper". It has been spotted or reported since summer of 1974.

The community received a good hard rain starting early Saturday morning. "Cottonwood Hill" reported 3 inches, in town 2.75 to 2.50 inches fell and southward at Glenn Champions and north at John Purdie place 2.50 inches were recorded. Tanks were flowing over and near to cresting the tops in the western part of Cottonwood. The creek south of Cottonwood was flowing under the bridge, which we haven't seen in quite a while. A welcomed sight. We are counting our blessings and thanking God for this needed rain.

Mr. and Mrs. Blanton Childers attended the graveside services of their nephew, Ronnie Childers, of Lubbock on Saturday in Odessa. Ronnie recently visited with his aunt and uncle. He passed away at 5:15 p.m., October 18th. Funeral services were held in Lubbock.

Mrs. Ethel Anderson and Barbara Sowell were in Abilene on Wednesday where Ethel had an appointment with her doctor. On Friday, Tresean and Joe Martin, Carrie Conger of Cisco and Ethel had dinner at the Dairy Queen and went to Cisco to see her brother, J. D. Conger. On Sunday she had dinner with her daughter, Gerry and Rufus Renfro, at their home. Stuart and Barbara Sowell, Matt, Mandi and Malysa, stopped by to see her Sunday morning.

Welcome to the Cottonwood Community, Linda and Curtis Cooper, formerly of Jacksboro. They are living in the old Oglesby place.

J. P. and Nettie Clark enjoyed a visit from Stella Davidson one day last week. Sunday afternoon the Clarks visited with Linda and Curtis Cooper, their new neighbors. J. P. and Nettie had dinner Sunday at the Dairy Queen with Chuck and Dettie B. Woody.

Miss Malysa Sowell celebrated her 6th birthday on Thursday, Oct. 18th, with a party at her home. Those attending were, Mrs. Genevieve Sowell, Mrs. Ethel Anderson, Mr. and Mrs. Rufus Renfro, Carrie and Sonya Renfro, Matt, Mandi and Mom and Dad, Barbara and Stuart. Happy belated birthday, Malysa.

Mr. and Mrs. Wendell Betley of Comanche stopped by to see their aunt and uncle, Mr. and Mrs. Wayne Brown, Saturday afternoon.

Thank you, to all those who made donations of food, baked goods items and to Sav-On Grocery for their generous donated articles to the Rehab Night & Chili Supper at the Cottonwood Community Center and to the Ladies Club. Thanks to all those

(4) Obstructed nasal airways (often caused by colds, allergies, sinus infections, or deformities of the nose and nasal septum. The most exaggerated form of snoring is known as obstructive apnea, that is loud snoring interrupted by frequent periods when all airflow stops.

For mild or occasional snorers, try the following self-help remedies: (1) Exercise daily, (2) Avoid alcohol, tranquilizers, sleeping pills and antihistamines before bedtime, (3) Avoid sleeping on the back—sew a pocket on the pajama back to hold a tennis ball, (4) Tilt the head of the bed upwards, (5) Allow non-snoring mate to get to sleep first.

Since I am not a snorer (or at least I don't think I am) I haven't tried these remedies. If snoring really bothers you, you might try one of these

Burkett Items News

By Freeda Burkett

We are all so thankful for the good rain that fell here Friday night and Saturday morning. About 2 inches was measured in Burkett. Enough fell at the head of our Pecan Bayou to raise it enough to make it run over the dam here, and cleaned our water supply pool. Our water supply was beginning to be a very severe problem but we should soon be getting clear, clear water for home use.

Today, Monday, the weather is cloudy and showers and drizzling rain has been falling all morning, so it looks like our rain is not over yet, hopefully.

The Burkett-Adams Cemetery Association has received the following recent donations for the upkeep of the cemeteries: Cary and Mary Hightower of Cisco \$25; J. O. and Peggy Bradford of Proctor \$5. These gifts are appreciated very much.

The Burkett Community Supper Saturday night was well attended and so enjoyable. Those missing it, missed a treat. Many of those present were from out-of-town, including Mr. and Mrs. Allen Eland of Andrews, Mrs. Beulah (Burkett) Adams and daughter, Joan ("Pard") Noack of Lovington, N.M., Walter and Melba Walker of San Angelo, Gilbert and Ruby Williams, Lois Garrett, Lorene Jennings, all of Cross Plains, Mr. and Mrs. Collin Campbell of Carbon, Henry and Charlene Burkett of Lake Brownwood, Robert Eubank of Houston, Lydia Burkett of Brownwood, H. O. and Annie Merle Trent, Bill Laws, Carl Bludworth, J. C. Boyle, Allene Needham, Virginia Wood, Edna Helms, Mrs. Charlie "Skeet" Trewitt, Tina Whittington and Johnnie Crump all of Coleman, and Charlene Tapman of Belton, daughter of Mrs. Trewitt.

Entertainment of Country-Western music and singing was furnished by J. C. Boyle, Bill Laws, Robert Eubank, W. B. Bludworth, and Johnnie Crump. These musicians and singers outdid themselves and it truly could be said they put on a really entertaining show for everyone.

The committee making the arrangements for the supper were Jack and Lovers Strickland, Jim and Lynn Porter, Cleo Porter, Edna Helms, Carl and Ina Bludworth and Cody Hounshell.

Ima was not able to attend because of her health, and Cody was away visiting her children. Lucille Cross served in Cody's place.

Lucille Cross, secretary-treasurer of the Community Center, reported \$36 from the "kitty" at the supper, which goes for the upkeep of the building. She expressed appreciation in behalf of the entire Community Board for this nice boost to the center fund, and adds that without the generosity of all those that help financially, we would not have such a nice place to meet.

Guests in the L. E. Mountain home Sunday were Mr. and Mrs. Jody Whitley and grandson, Michael Todd, of San Saba, Mr. and Mrs. Gary Briggs and boys of San Angelo and Mr. and Mrs. Jack Strickland of Burkett.

Following is an item meant for last week's news.

The United Methodist Church observed Layman Day Sunday. Zora DeBusk was the Lay Leader. Yuna V. Burkett was Lay Speaker. Raymond Cross took the offering, and several prayers were led by others present.

FLASH! We have been asked to make a correction of the date on some of the invitations mailed out for the pink and blue shower for Mrs. Bob (Sylvia) Edgington. The correct time and date is this Saturday, Oct. 27th, from 2 to 4 p.m. at the Burkett Baptist Church.

Roy Clark was hospitalized in

Coleman Wednesday evening last week suffering injuries sustained in an accident as he drove onto the highway from his chop across from the Burkett Bayou Store. His pickup truck and a large truck collided. He was dismissed from the hospital Sunday evening and he is recuperating at the home of his daughter, Terry Bushnell, and family. Get well wishes to Roy.

Mrs. Dalton Gould accompanied Mr. and Mrs. Benny Callaway of Cross Plains to North Carolina last week for a few days visit with their children and grandson, Marty and Glenda Callaway and son, Brooke.

Mrs. Veda DeBusk and Lois Garrett of Cross Plains, Jack and Zora DeBusk and Jo Davoe visited their aunt, Mrs. Beulah Carmichael, Sunday afternoon and helped her celebrate her 94th birthday at the home of her son and wife, Howard and Catherine Carmichael of Owens.

En route home they stopped to visit their cousins, Lydia and Mable Eubank. Mable was recuperating from recent eye surgery. Their brother and wife, Mr. and Mrs. Bransford Eubank, were also visiting his sisters. They reported a wonderful time, all the cousins having the opportunity to be together and especially being with their aunt on her very special day.

Visitors in the home of Virgil and Freeda Burkett Saturday evening were Mrs. Beulah Adams and Joan Noack of Lovington, N. M., Walter and Melba Walker of San Angelo, Jim Burkett of Brownwood, Henry and Charlene Burkett of Lake Brownwood, Anna Golsen and Raymond Cross, local. Beulah and Joan spent the night in Coleman with her niece and husband, Annie Merle and H. O. Trent. Before they left Sunday afternoon for home, they enjoyed a dinner out at Tradewinds with the Trents, the W. D. Walkers and the Virgil Burketts.

Mrs. Addie Newton spent the week end in Clyde with her son L. D. Walker, and family.

Pete Walker is on the ailing list. We hope he will be feeling better soon.

Mr. and Mrs. Ed McAnally kept their young grandson, Ryan, over the week end while his parents, Eddy and Cindy McAnally of Snyder, went to Dallas to pick up their new car.

Evidence Of Identity Needed For SS Card

Nearly everyone in the Big Country area who applies for a Social Security number remembers to bring evidence of age and citizenship, but many forget to bring evidence of identity, Glyn Hammons, Social Security manager in Abilene said recently.

Evidence of identity is always requested before the Social Security number can be signed, no matter how young the person is, Hammons said. This rule applies to infants and small children as well as adults.

A person applying for a Social Security number usually needs at least two pieces of evidence; one to establish age and citizenship and the other to establish identity.

The best evidence of age and citizenship is a public birth certificate established before a persons fifth birthday which was issued by a U. S. State or local government. A foreign born person needs the appropriate immigration or naturalization records as well.

Some people find it difficult to find evidence of identity for infants or young children, Hammons said. Examples of documents that can be used include paper birth announcement; day care or nursery school record; adoption record; or doctor, clinic, or hospital record.

Older children can use school records, membership in Boy Scouts or Girl Scouts or other youth organization, report cards, ID card of welfare case record.

In fact, any document that gives enough identifying data to establish proper identity can be used.

Parents who apply for a Social Security number for a child must also provide evidence of their identity in addition to the required evidence for the child.

Only original documents or copies certified by the issuing agency can be used. Uncertified or notarized photocopies are not acceptable.

U. S. citizens applying for a replacement Social Security card to replace a lost card need evidence of their identity, while foreign-born persons need evidence of current U. S. citizenship or lawful alien status as well as evidence of identity.

People repairing name changes need evidence of identity under both the old and new names before a new card can be issued.

Although people 18 or over who are applying for a Social Security number for the first time must apply in person, others may apply by mail. Social Security will promptly return all original proofs to the applicant. Documents issued by the Immigration and Naturalization Service should not be mailed.

More information about applying for Social Security numbers can be obtained at the Abilene Social Security office, located at 142 S. Pioneer. The telephone number is (915) 698-1360. A free leaflet can be obtained which tells about other evidence that can be used.

FmHA Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by this summer's drought and extremely high temperatures are being accepted at the Farmers Home Administration (FmHA) office located in Baird, or in our Eastland Office. FmHA county supervisor Jack Phillips said last week.

Callahan County is one of 115 in Texas recently named by Secretary of Agriculture John R. Block as eligible for loans to cover part of actual production losses resulting from the drought.

Phillips said that farmers may be eligible for loans of up to 80 percent of their actual losses, or

the operating loan needed to continue in business, or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5 percent; interest rate is 8 percent on the balance borrowed over that amount. For farmers who can obtain commercial credit but who choose to borrow from FmHA, the interest is 13.75 percent.

As a general rule, a farmer must have suffered at least a 30-percent loss of production to be eligible for an FmHA emergency loan, Phillips said. Farmers participating in the PIK or federal crop insurance programs will have to figure in proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until June 3, 1985, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly carry over into the new farming season, Phillips said.

FmHA is a credit agency of the U. S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U. S. citizens, and to farming partnerships, corporations or cooperatives in which U. S. citizens hold a majority interest.

The FmHA office in Baird is open from 9 a.m. until 12 noon every second and fourth Wednesday of each month. The office is located on the second floor of the courthouse in Baird. The FmHA office in Eastland is open daily, Monday through Friday, from 8 a.m. until 5 p.m., and is located in the Farm Bureau Building on Highway 90 East.
