A Blessing, And Curse

By DON TABOR
Publisher

Name something that's a curse as well as a blessing.

The first thing that comes to mind is credit cards (before everybody starts correcting my grammar, I'm referring to them in the singular).

At times, they can save your bacon. Some years ago, Art Lawler and I went with another guy to the Colonial golf tournament in Fort Worth, which lasted four days. Our only transportation was the guy's car and we were also overnighting in the guy's camper trailer in a trailer park there.

We were totally at his mercy as far as transportation and lodging went.

The first day of the tournament, the guy disappears on us, lock, stock, car and trailer.

Being as how both Art and I worked for The Abilene Reporter-News, neither of us had much cash, but before total panic set in, I remembered I had a credit card.

We rented a car and a motel room with it and made the rest of the tournament fine. Later, Art even paid back his share of the costs.

But I've also just got through paying bills, and that's where the curse part comes in. The credit card companies make it too easy for us to use them.

Along with their bills come flyers barking everything from video cameras to night lights. You even have to tear off one of their "bargains" before you can use the return envelope to mail their payment. They make it so easy.

And, you don't even have to use your own money to make the payments. They usually send along a couple of "checks" you can merely sign for payments. Of course, these checks are going to have to be charged against your account, and you're eventually going to have to pay the piper.

And this piper can get a little testy when he's not paid. In fact, he's not above charging you 18 per cent interest when you get behind in his payments. That's nearly twice the going rate.

But if you're on time with your payments, he's quite the gentleman. In fact, he'll be more than happy to send you some more credit cards so more members of your family can charge some more stuff.

Sept. 30 Last Day For Crop Insurance

September 30 is the last day to apply for crop insurance for barley, oats, and wheat in Callahan County according to Ardell Kalmbach, a Representative of the Federal Crop Insurance Corporation (FCIC).

Recently a new crop insurance plan, called Actual Production History (APH), became available to farmers for specific crops. It is designed to promote actuarial integrity and fairness on a producer-by-producer basis. "Using your own farm records or other available sources of information, an APH Yield is determined for each crop produced.

The higher your individual APH Yield, the more insurance protection you are offered," explained Kalmbach, "And the lower your premium rate."

Since no one crop insurance policy is best for every situation, individual and financial needs must be considered before buying insurance.

"To find out more about the program, contact an authorized insurance agent," urged Kalmbach, "As the deadline to apply for crop insurance is September 30."

Rain Doesn't Dampen Spirits, or Buffs, in Opening Win

By VANDA KING
Editor

The Buffaloes started the season off with a WIN! A 7-0 score over Blanket kicked the team off to a great start. Coach Mike Permenter said the Buffs hadn't won the first game of the season in many years.

Cross Plains had a total of 16 first downs. The total offense yards were 277 including 205 yards rushing and

72 yards passing.

Darin Apple led the team with 130 yards rushing on 9 carries. He ran 80 yards to make the touchdown which won the game. Apple also booted the field goal for the extra point. It was definitely his night to shine. He was, however, plagued with muscle spasms which dealt him misery.

Robbie Wheeler rushed for 27 yards on 4 carries; Alan Fleming rushed for 21 yards on 9 carries;

James Ames rushed for 16 yards on 3 carries; and Cody Odom rushed for 14 yards on 3 carries.

Chris Brown caught 4 passes for a total of 44 yards. Clay Richardson caught 1 pass for a 28 yard gain. Gregg Weiss, quarterback, completed 5 out of 11 passes for 72 yards with 1 interception.

The defensive was led by Shane Bubenik with 5 tackles and 6 assists. Jesse Sibley recovered 1 fumble with 15 assists; Casey Williams made 1 tackle, 1 fumble recovery and 10 assists; Cody Odom made 2 tackles, 1 fumble recovery and 6 assists; Alan Fleming made 2 tackles 7 assists and David Taylor made 2 tackles and 7 assists.

Blanket tallied 170 yards total offense with 144 yards rushing and 26 yards passing. The Tigers had 10 first downs to their credit.

Loyal fans brought their raincoats and umbrellas and watched throughout the intermittent rain.

The stadium was full of spectators and there seemed to be more enthusiasm.

The cheerleaders were well drilled and the banners they prepared for the team to run through were terrific.

The band, twirlers and flag corp were not in uniform due to weather conditions, but they were giving it their best. The twenty-five dedicated members are hanging tough.

Coach Permenter would like to thank everyone who came out and supported the Buffaloes. He invites you to come to Rising Star Saturday night for the next game. Game time will be 8:00 p.m.

Buffalo Pep Rally Saturday

The Cross Plains High School Buffalo Pep Rally will be staged downtown beside the Citizens State Bank on Saturday, September 13, beginning at 10:00 a.m. The Football Team, Cheerleaders, Twirlers, Flag Corp and Band will all be represented.

The students invite the entire

community to come and boost the Buffalo moral. The team is off to a great start winning the first ball game. Everyone knows "Nobody Stops Big Mo!"

The Buffs will be playing the Rising Star Wildcats Saturday night at their homecoming game beginning at 8:00 p.m.

Misti Davis Has Top Lamb

Misti Davis showed her lamb to first place in the Market Lambs - Heavy Weight - Southdown Purebreds at the West Texas Fair Stock Show on Saturday, September 6. Her lamb was also the Champion of Southdown Purebreds Show.

She represented the Cross Plains

FFA. Misti is classified as a Sophomore.

George Ahlschwede, Extension Sheep and Goat Specialist of San Angelo, was the judge of the event.

Misti is the daughter of Mr. and Mrs. Don Harris of Cross Plains.

County Seeks \$78,500 Cut

County Commissioners have called a public hearing for Thursday, September 18 from 6-8 p.m. in the commissioners courtroom at the courthouse in Baird, for taxpayers input concerning Callahan County's 1.198 million dollar budget for the 1986-87 fiscal year.

Commissioners have spent the last couple of weeks trimming the budget after the county lost \$56,000 in federal revenue sharing money and \$10 million in tax value in the county due partly to the oil slump.

County Commissioners also had to come up with \$57,000 for the indigent health care program forced upon them by state officials.

Commissioners have agreed to present a budget which sees \$78,500 in expenditure reductions by the county.

The cut likely to be felt by most county residents is the elimination of funding for dumping at the regional sanitary landfill in Abilene. The county had been paying \$16,000 a year in fees for residents to dump free of charge at the landfill. All county residents dumping trash at the landfill will have to start paying themselves. Funding for the sanitary landfill fees had been coming from revenue sharing money.

Commissioners also cut the salaries and benefits of some county employees hours which will result in a saving of \$27,600.

County employees hours cut included: county librarian three hours a week, county extension agent's secretary four hours a week, closing the Veteran's Administration office one additional day and not replacing an employee who had resigned in the tax collector's office.

Commissioners plan to operate the county library hours to afternoons on weekdays and keep the VA office open two days a week.

Another bid budget reduction will be seen in the county constable expense fund. Commissioners hope to pay constable for the number of citations issued. Constables were being paid a salary of \$1 a month and \$285 expense allowance. Revenue sharing money had been used to pay the constables also.

The program of killing coyotes inside the county and paying \$5 per animal will be eliminated. Savings by eliminating this program will amount to \$3,500. Money used to pay for this program had been coming from revenue sharing.

Commissioners also voted to eliminate funding to the Clyde and Cross Plains Libraries. This will amount to a saving of \$4,400. Each library had been receiving \$2,200

from federal revenue sharing money.

County fire departments will also feel the wrath of the budget cuts. Commissioners expect to save \$3,000 by eliminating funding to the Clyde, Baird and Cross Plains Fire Departments. Each department had received \$1,000 each year from money the county received from revenue sharing.

Commissioners also cut \$1,500 off the donation made to the Callahan County Nutrition Program. The Nutrition Program along with the Meal-On-Wheels Program will only receive \$3,000 each from the county coffers. The Meals-On-Wheels Program will receive the same amount of donation. Funding for these two programs had been coming from federal revenue sharing money.

The county jail will also feel the blade of budget axing in the amount of \$1,500 for the jailer's transportation allowance and a \$1,200 saving expected from jail food and kitchen supplies.

Other reductions commissioners hope will be made include: saving \$4,000 a year in telephone expenses; saving \$3,000 in office supplies by using a purchasing agent; and saving \$1,500 in eliminating some equipment service contracts.

The only service to see an increase in the amount of funding by the county will be an increase from \$850 per month to \$1,000 per month given to the Citizens Emergency Medical Service in Clyde.

A bookkeeping reduction in the budget in the amount of \$52,000 is also planned by the commissioners. The savings will be made when the county transfers half of the four county commissioners salaries from the general fund to the precinct funds. Half of the commissioners salaries will be taken from the precinct funds because of a surplus of funds in the precinct accounts.

With all the budget cuts, the tax rate will still be 6.9 percent above the effective tax rate. Commissioners are hoping for a .3050 cents per \$100 tax rate which is 12.5 percent over last year's tax rate of .2712 cents per \$100 of valuation.

Although the county is asking for a 6.9 percent increase over the effective tax rate of .2852 cents, the only increase in the indigent health care tax rate of .0213 cents. There was no indigent health care tax last year. There will be a reduction in the general fund tax rate to .2128 cents, a .5 percent decrease from the effective tax rate. The County Farm to Market Road tax rate of .0709 cents is also a .7 percent decrease from this year's effective tax rate of .0714 cents.

WTU Giving Refunds

West Texas Utilities customers this month are receiving refunds and also paying less for the electricity they use.

The double-barreled relief comes from a continued decline in the Company's boiler fuel costs, which by law are passed on to the customers. The Company is refunding over \$5 million — an average of about \$11 per customer — in retail revenues collected in excess of actual fuel costs over the past several months. At the same time, the amount charged customers for fuel is being reduced.

The fuel cost refund is the third within about a year for WTU, thanks mainly to the decline in the price of natural gas, WTU's main boiler fuel. A further decline in fuel costs is expected when WTU's new coal-burning Oklaunion Power Station goes on line late this year.

"The cheaper coal should partially offset an anticipated increase in base rates necessary to pay the plant's construction costs," Don Welch of Abilene, vice-president and director of customer services, said.

Commission at WTU's request, brings WTU's standard residential summer rate down below average for investor-owned utilities in Texas.

WTU customer now will pay \$72.59 for 1,000 kilowatt-hours, compared to \$80.01 under the old fuel cost factor, and \$40.55 for 500 kilowatt-hours compared to \$44.26. The average reported by the PUC for eight investor-owned utilities in August was \$76.55 for 1,000 KWh and \$40.72 for 500 KWh.

WTU's average rates for an entire year now are even lower. Including both summer and winter rates, the 12-month average would be \$68.84 for 1,000 KWh and \$38.67 for 500 KWh. The summer rates run from May 1 through October and were established by the PUC to encourage energy conservation during hot weather.

Coal deliveries are now being made to the Oklaunion plant, which is nearing completion eight miles southeast of Vernon. WTU's share of the plant's generation will be equal to about one third of the Company's total existing generating capacity, which comes from eight major gas-fired power stations.

Band Boosters Concession Listed

The following is a list of workers for the Band Boosters concession. We have a much smaller band this year, which means fewer workers, so please work the date assigned to you. If it is impossible for you to work, please find your own replacement. You might call someone else on the list and trade games with them. We tried to put Jr. High parents on High School games so everyone could

watch their own children.

The underlined names are the ones in charge and will be responsible for their workers. They need to contact the workers a few days before the game to make sure they know they are working. The one in charge will be responsible for getting the ice also. Each worker will need to bring 2 lbs. of chili and 1 dozen brownies or Rice-Krispies. The change will be brought to the concession before game time.

Please be sure to be at the concession at least one hour before game time as we start having customers about 30 minutes before the game starts, and it takes about 30 minutes to get everything heated. Thank you for working to help our band be GREAT!

DON'T SHOOT AT POWER LINES!

NEVER SHOOT AT POWER LINES or the insulators that hold them, because the result could be a dangerous downed electric line. A severed line could cause a serious electrical outage, and the downed line itself could be extremely hazardous.

ADDITIONAL SAFETY TIPS:

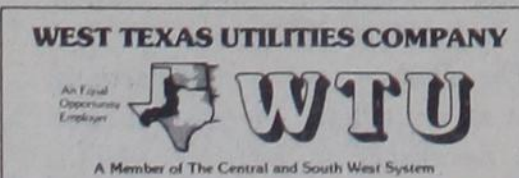

• **Use Power Tools Wisely**
Be sure wiring is in good condition and all circuits are grounded. Never use electric tools in the rain or on wet surfaces. Also, when buying new equipment, look for the "UL" seal of approval from Underwriters Laboratories.

• Keep Children Away from Electrical Outlets

Don't let small children play near electrical outlets. A child could put some object in an outlet when you're looking away. A wise safety precaution would be to put safety caps in all wall outlets.

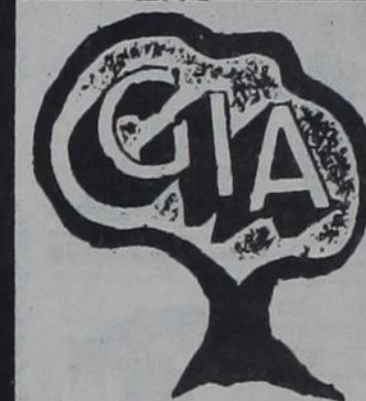

• Always Disconnect Cords by Pulling on the plug

When disconnecting electrical items, be sure to pull on the plug — not the cord! If you pull on the cord, you'll eventually wear it out and expose hazardous wires. Also, don't overload extension cords or outlets.

Remember REDDY Supplies the energy — but only YOU can use it safely!

TEAGUE — NORTON ENGAGEMENT

Teague-Norton To Wed September 19

Mrs. David Brock of Abilene and Mr. Floyd Teague of Merkel are announcing the engagement and approaching marriage of their daughter, Jenny, to Robert Norton, II., son of Mr. and Mrs. Bob Norton of Cross Plains.

The wedding ceremony will be September 19 at the Church of Christ, North Main Street, Cross Plains at 7:30 p.m.

Jenny attended school at Cross Plains High School. Robert is a 1986 graduate of Cross Plains High School.

The couple will reside in Cross Plains where Robert will be working

at Bob's Garage with his father. All friends and relatives are invited to attend the wedding ceremony.

Son Born To Tan And Janet Flippin

Tan and Janet Flippin of Stephenville are proud to announce the birth of their first child, a son, born September 5 at 5:12 p.m., in Stephenville General Hospital.

He has been named Reynold Andrew Flippin. He weighed 7 pounds and 15 ounces and was 22 inches long.

Rainfall in the Community has varied, the highest amount being around two inches in the south area while some to the north had only an inch. Whatever was gauged was needed and all are thankful that the drought was broken.

If you were watching Channel 12 on TV Saturday morning, you probably saw the Cross Plains Buffalo Band performing in the West Texas Fair and Rodeo Parade in Abilene.

James and Dorothy Reynolds were in Stephenville Friday afternoon late when their daughter, Janet, gave birth to a son. The first for Janet and Tan Flippin. The baby has been named Reynolds Andrew and will be called Drew. He is the Reynolds third grandson. Congratulations, Janet and Tan.

Visitors in the Gene Mauldin home during the week were Frank and Cora Payne of Baird and on Friday Roland and Faye Mauldin of Denton Valley had lunch with Gene and Vernie Belle.

Ivon and Vickie Odom and children, Dustin and Brittany, of Pioneer visited in the Sterling Odom home.

Mrs. Tommie Harris visited her Mother, Mrs. Ivon Odom, in the Cross Plains rest home Saturday.

The big News from the Don Harrell home was their daughter, Leigh's, first day in school at Baird. She liked the thought of riding home on the bus soon. Company last weekend in the Harrell home was Melissa Andrews and son, Billy, of Austin.

Some dove hunters were out during the week. There may not be as many birds this year due to the dry summer and less grain or Milo was planted.

Sunday night visitors in the Robert Watson home were friends of Robbie Watson, Mr. and Mrs. Zander Rasbury and their twin babies, Cody and Colt, of Eula.

Friday Robert and Dorothy Watson made a business trip to Fort Worth. They stopped in Ranger where they visited relatives. A nephew, Rickie Beck, of Robert and an Aunt of Dorothy, Mrs. Barbara Long.

Mrs. Gene Mauldin visited Mrs. Finley in Baird one day this week.

Mrs. N. V. Gibbs was in Clyde Friday afternoon visiting her Aunts, Jewel Swamy and Anna Bell Tabor. In Baird, she visited Fay White and also at the Baird rest home visited Ruby Russell and Nell Curtis.

Johnny Pointer of Cross Plains spent Friday night with Bill Steele.

Edna Dye was in Abilene last Sunday with Tommy, Erlene and Douglas Dye. The occasion being Douglas' birthday. The group ate out at the Hunanas Chinese Restaurant.

Bob and Kathy Dye spent Labor Day weekend in Dallas at the Registry Hotel and enjoyed sight-seeing of that area. Julie spent the weekend with a friend in Baird.

One week of school has gone by. There are only three homes that have children in the Cross Plains school. The Tony Steele's, Chris West children and Don Harris. It seems like fewer children each year. The Bob Dye, Robert Watson and Don Harrell families have transferred to the Baird District.

Robert and Dorothy Watson had four sons in College this fall. Robbie

Janet (Reynolds) Flippin is formerly of the Rowden Community and is the daughter of Mr. and Mrs. James Reynolds. Tan grew up in the Pioneer Community and is the son of Mr. and Mrs. E. J. Flippin. Great-grandparents are Bill Henry of Baird, Winnie Flippin of Pioneer and Mr. and Mrs. E. W. Rutledge of Brownwood.

Both Tan and Janet are graduates of Cross Plains High School and Tarleton State University.

Janet is employed in the Lipan ISD and Tan is employed by Southwestern Life Insurance Company and is attending Southwestern Seminary in Fort Worth.

The family make their home at 107 Doublehorn, Stephenville.

Davis Participated In Rescue

Navy Seaman Apprentice Jimmy W. Davis, son of Butch Davis and Sandra Carr, both of Cisco recently participated in the rescue of 21 Vietnamese refugees.

The combat store ship, USS San Jose, homeported in Guam, was off the coast of Subic Bay, Republic of the Philippines, when a small boat drifting without power was sighted. Upon reaching the distressed vessel, the San Jose crew discovered that the refugees had been adrift 22 out of the 24 days they had been at sea. The 21 refugees were immediately brought aboard the Naval ship and given medical treatment for malnutrition and exposure.

A 1984 graduate of Cross Plains High School, Cross Plains, he joined the Navy in August 1984.

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Bike-A-Thon Coming Soon

St. Jude Children's Research Hospital officials announced today that Ms. Mary Dunn will chair the hospital's "Wheels For Life" Bike-A-Thon in Cross Plains. Dora Smith, Nora Odom, Vickie Johnston and Bobby Johnston will be assisting Ms. Dunn with project.

This ride will raise funds to support the hospital's battle against childhood cancer and other illnesses begin studied there.

Founded in 1962 by entertainer Danny Thomas, St. Jude Hospital has become the world's largest center for the study of childhood cancer and is the only institution dedicated solely to the treatment and study of catastrophic childhood diseases. The hospital is non-sectarian and interracial.

In addition to direct treatment of patients throughout the United States and 29 foreign countries, St. Jude has provided the world's doctors with the best ways of treating their own young cancer patients. This lifesaving knowledge is given freely and with no charge to any other hospital or private physician.

St. Jude Hospital's dramatic progress has been made possible primarily by voluntary contributions raised through events such as the "Wheels For Life" bike rides organized by concerned citizens all over America.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Cur-

rently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual-insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

PIONEER NEWS

By ESTHLOY S. DICKSON

This month is sort of an anniversary for me - ten years ago this month, I resigned from my position on the Review staff.

I joined the staff on August 8, 1971 - I was there five years, two months. I have pulled a folder from my filing cabinet labeled "Plain Talk" - do you remember "Plain Talk"? I edited that column from January through September, 1976 - it was a darned good column, if I do say so!

It makes me kinda blue to re-read those columns - so many friends have passed on to a Brighter Land - Edwin Baum, Jack McCarty, Clyde Wilhelm and that sweet Benny. Benny was about the age of my daughter - he called me "Mrs. Dickson", never "Esthloy" - his mother taught him to respect his elders.

I also wrote about Jack and Juakana Scott, Prof. Edmondson and Bobbie, Imogene Cox, Lucille Smith Clark, also Ted, Dick, David and John - they were helpful co-workers - Chester and Ressa Glover both were helping out when I joined the staff.

In these 1976 columns, we wrote of our Bicentennial celebration. Now we are celebrating our Sesquicentennial

year - I can hardly spell it - I can't say it without stuttering.

Congratulations to Mr. and Mrs. F. L. Merrill on their Golden Wedding Anniversary - I'm glad Saturday was a beautiful sunny day - the weather has been terrible ever since.

Mrs. Ethel Brown's niece, Olene Simmons and Hazel Coon of Rising Star visited her on Thursday. Others visiting through the week were Lou Grider, Rolan Jones, Evelyn Monsey and Georgia Graham, all of Cross Plains, and her neighbor, Helen Tillotson.

Visiting Mr. and Mrs. J. T. Beggs last Saturday were Mrs. Ina Smith and son, Mark and a friend all of Fort Worth, also Mr. and Mrs. George Mack Taff of Pioneer, and Mr. and Mrs. Rex Lee Beggs and family of Cross Plains.

Mr. and Mrs. George Mack Taff were in San Saba on Friday of last week, they went to Abilene one day. Visiting them were Richard Taff, Shelley and children of Midland last week.

Several neighbors did not answer their telephones on Monday morning. I learned on Sunday that Sally Roady's father, Howard Hicks, is now in the local Nursing Home.

The weak and uneducated haven't started doing this yet, but the Yuppies will transition them in due time.

If you happen to be one of those people who did not dig this paper out of a trash can, you probably know I'm talking about the fashionable trend toward placing words in the wrong places in sentences. Usually it's a noun in the slot where verbs once resided. But other atrocities are now an everyday occurrence. I've committed an atrocity myself once already. We're you attentioning?

Social workers, self-help business people, politicians and Hollywood actors are leading the way, as usual.

Social worker: "You say you feel like killing yourself, and I hear where you're coming from. But first, let's language this out and see if we can repress the depression."

Those who jumped after listening to such "languageing," can be forgiven. Call it justifiable suicide.

I don't know why yuppies have to talk like this. I'm still trying to figure out why they wear tennis shoes with three-piece suits. They're selling a frightening language, though, and it's all too easy to pick up.

For instance, you probably carried to work today, and you and your friends are planning to engine on down to New Orleans for the weekend.

The three couples really ought to network about this first, you know. The drive is long and it's fairly predictable you'll be fatiguing long before you get back.

Just thinking about suitcasing, socking, underwear and having to clothes in general, makes me tired. I'd much rather weekend by booking. Besides it helps you intellect.

An emaciated friend of mine says he plans to marathon, then hill and finally wind up doing water. Each to his own leisureing, I suppose.

"By the way, I was noticing how brown you are. Have you lamped recently?"

"No, but I didn't shirt for two weeks while we were beaching."

"Well, how are you two marrying these days? I know you guys were disarraying there for a while."

"Oh, things are better now that he's

started churching. He's still not choiring, though, and his mom has started to over-religion."

"Well, one of your problems, if you don't mind me businessing where I'm not supposed to, is that you were televisioning for four hours every night. Perhaps you should have been dialoguing and soft-lighting it a bit more."

"Oh, all he wants to do is figure out who will be presidenting after Reagan leaves the White House. He worries that the country will Bush, or even Kemp, when it ought to think about Hart-ing, or at least lacocca-ing."

I think you see what we're moving toward here. It just sneaks in while you're not watching. It's leaking all over society, even as we newspaper. It'll be mainstreaming soon and then it'll be dooming.

My suggestion for the press is that we get our media-ing straightened out to leadership a healing.

To nutshell it for you, we need to journalism more carefully. We need to begin fundamentalizing. Even the best of us could basic more than we do.

I never thought it would refresh so much just to idle in the amphitheater and Shakespeare for a couple of hours the other night, but it was just plain Alka Seltzering.

Now there was a man who knew how to language. If you can't Shakespeare, you're really not into comprehending.

My hope is that this disease won't spread to sports. "Now that's defending, Al. About time, too. During that first half Danny White was Staubaching the Eagles silly..."

If it gets into education, we're all dead. "Children, we're going to test, then art for the rest of the day. You people who have to physical in the gym, must do your completing by 2 p.m. to eligibilize yourselves.

Country music? "I knew by her eyeing she was minding on cheating."

To paraphrase Patrick Henry, liberty me of yuppies, or funeralize me forever. Copyright © 1986, Art Lawler

Weekly Health Tip

CALCIUM

Calcium is an essential mineral for all parts of your body. Calcium builds bone and teeth in combination with phosphorus and vitamin D. It aids in blood clotting, is needed for nerve, muscle and heart functions. Milk products (cheese), nuts, seeds, whole grain cereals and dandelion and other greens are rich in calcium. Diets of the elderly need calcium and vitamin D to avoid bone weakening and spinal shrinkage.

Your better health is our concern.

"When it comes to building a new home, I'll offer you a great deal!"

As a matter of fact, I'll build for you and offer you an optional completion allowance of up to \$2000.00 for permanent improvements to your home. Who else will offer you a deal like this?

James W. Walter, Chairman of the Board

Install a well and septic tank or hook up to existing utilities. Buy new carpet or landscaping. It's up to you what you do with this allowance. It's your option - and you'll have more home for less money than you ever thought possible. Come in today for a GREAT DEAL and a monthly payment you can afford.

No Down Payment to qualified property owners
Instant Fixed-Mortgage Financing
No "Points" — No Closing Costs
— No Loan Application Fees

That's right! When Jim Walter Homes is your builder, you pay no money down, unless you want to. But you never pay points, closing costs or other fees that add to the cost of financing your new home. When the expense of all these items is totaled, it's like adding to the rate of financing. This could add 2 or 3 percent, even more.

Acclaimed by "Builder" Magazine as the nation's largest builder of detached, single-family homes for the second consecutive year

to the cost of your new home. So don't be fooled. What you believe to be a low financing rate might actually be substantially higher than my low fixed-mortgage financing that has no closing costs or other fees added on.

Open Weekends
Jim Walter Homes is open daily and on weekends. Come in. Let us show you our display models. Let us tell you how we build on your property up to 90% complete. We finish the outside. Then you finish as much or as little of the inside as you like. The more you do for yourself, the more money you'll save. We build homes with two, three or four bedrooms, one or two-bath models. There's one to suit your family's dream of a new home.

Choose your home from the more than 20 models available. Tell us how much finishing work you want to do and let us quote you the exact cost and your exact monthly payment for the home of your choice. We can begin construction almost immediately, almost anywhere that you own property.

Completion allowance option is a limited time offer and may be withdrawn without notice.

MEDEVAC AMBULANCE SERVICE

When every moment counts in an emergency, many Brown, Comanche, Coleman, Eastland, and Mills county residents have learned to call the MEDEVAC AMBULANCE SERVICE. They are located at the administrative office at 1501 4th, call (915) 643-4936, or the emergency number call (915) 646-1010.

When Ed Freeman the owner, began his business, he had but one goal in mind: to provide an ambulance service unequalled by any other to the people of this area. They provide 24 hour emergency ambulance services, and non-emergency transfer services to the surrounding area.

Keeping up with the continually changing challenges of emergency services is a priority with all involved. Drivers and attendants are highly

trained, with paramedics or emergency medical technicians being dispatched in most instances.

Having modern equipment is as important as trained personnel. One of the services ambulances has been outfitted with an advanced life support systems. This system works in conjunction with area hospitals, with whom attendants stay in contact.

All ambulance personnel and ways of work meet the guidelines set forth in Senate Bills 385, and 906 of the State of Texas.

No one wants to have an emergency, but if you should, Ed Freeman asks that you call the MEDEVAC AMBULANCE SERVICE at (915) 646-1010, for emergencies, or (915) 643-4936. Remember, there's no price you can put on a human life!

Recent guests in Esther Johnson's home were Jo Robards and her husband, Jim of Arlington, Cliff Greenbauer of Baton Rouge, Louisiana, Reecie Golden and friend of Gatesville, Scott Greenbauer and wife, Tammy, of Spring, Steven Robards, Clayton and Donna Robards and son, Jason, of Arlington.

Mrs. Ruby McCowen's visitors last weekend were Jim and Ida McCowen and Todd McCowen of Rankin, Howard and Charlene McGowen of Brownwood and Danny McCowen of Andrews.

Mrs. McCowen has recently returned from a two week vacation trip to the mountains in New Mexico with her grandson and wife, Mark and Sheila McCowen of Odessa.

COTTONWOOD NEWS

By BEVERLY BROWN

Temperatures dropped to a nippy coolness during the morning hours Sunday. It has been drizzling and cloudy most of the day. Felt like time to get those chain saws going and wood cutting season is upon us. Last Tuesday the rainfall in the local vicinity averaged from 1½ inches to 3 inches.

The following is an article written by Barbara Albrecht. They have a humming bird feeder on their front porch which has its attraction for several of these delicate, tiny birds. It brought to mind, I wondered, how many of the folks around have these feeders placed at their homes and take time to watch the daily happenings and activities of this precious gift God created.

Did you know there are more than 400 kinds of humming birds known to exist? Only 19 kinds live in the United States and all but one of these are found in the western and southwest states.

They fly quickly and can dart upward, downward, backward or

forward with remarkable speed.

The female prefers a position high in the branches of a tree to build her nest. She usually lays two tiny white eggs about the size of navy beans. The young hatch in about two weeks, they have no feathers and cannot see. Within three weeks they are fully feathered and strong enough to leave the nest.

The males are very bold and unafraid of even enemies that are larger than him. They are a very aggressive and protective little bird. We have had one in particular that through the years had laced claim to our humming bird feeder. He hides on a small leaf in one of our Althea bushes and guards the feeder. If an "intruder" attempts to sample the sugared water, he attacks with the speed of a bullet, but comes to a screeching halt if it turns out to be a red wasp. We have received a lot of knowledge and enjoyment from the simple man-made humming bird feeder and wanted to share it with others.

The sugared water does not have to be colored and once you pick a place for your feeder, do not move it. They'll find it and every year come back to that same spot expecting to find it there.

In this day and time of violence, crime, pain and suffering, we can receive peace and serenity from the perfection of God's beautiful hand work of making the humming bird.

Mr. Jesse Bigbee return home on Sunday after undergoing surgery at the Brownwood Regional Hospital last Wednesday. Jesse and Hazel stayed from Friday, when he was released from the hospital through to Sunday with their daughter and family, Melanie and Ken Clonts and boys in Brownwood.

Mrs. J. P. (Nettie) Clark received phone calls from the family in Phoenix and cards from the family in Canyon and Clyde on her birthday Friday. Bob and Cookie and Brian Robinson were down Sunday to have a belated birthday celebration for Mother and Grandmother. She received beautiful gifts from the children.

Mr. and Mrs. Bob Robinson and Brian of Clyde visited with his mother and husband, Mr. and Mrs. Ted Fann, on Sunday.

Mrs. Ethel Anderson spent Saturday night and had dinner with her sister, Mr. and Mrs. Wes Holcomb. On Sunday, Ethel was at her daughter, Gerry and Rufus Renfro and Mr. and Mrs. Doug McCorkle of Abilene came by to visit with them.

Mrs. Stuart Sowell, Matt, Mandi and Malysa had dinner with their grandmother and great-grandmother, Mrs. Ethel Anderson.

Matt and Blake Nickerson of San Antonio are visiting with their grandparents, Mr. and Mrs. Bill Nickerson, Sr.
