

ROWDEN NEWS

By MRS. N.V. GIBBS

Conversation around this area is about the need for rain. Each week the ground gets drier.

Grandchildren, Chris and Colby Reynolds, of Midland have spent part of this week with their grandparents, Dorothy and James Reynolds and Jon and Betty Hardwick, of Baird.

Sterling and Joyce Odom were in Abilene last Tuesday where their daughter, Nancy Palmer, of Clyde underwent surgery at Hendrick Medical Center. She has done fine and was able to return to her home in Clyde Saturday. Nancy's sister, Jenny Trevey of Snyder, was at the hospital during the surgery.

Those visiting Emma Johnson and Lizzie Burks during the week were their nephews, Norban Burks, of New Mexico and W.M. Burks of Hurst. Leona Gary also visited in their home one day this week.

Robert and Dorothy Watson and sons, Wyatt and Cody, attended football games in Evant and Baird this week.

Tom and Lora Faye Harris attended the annual turkey supper and sale at the First Methodist Church in Cross Plains Saturday night. This is a well planned event that the members take part in each year.

Dorothy Reynolds drove to Stamford Thursday to visit her sister, Shine Griffin, who had undergone surgery the day before. Dorothy reported her doing fine on her birthday in the hospital.

Vernie Belle Mauldin visited Ima Gibbs in Baird during the week and also visited Marian Scott and young son, Miller Blain Scott.

Gary Mauldin of Stillwater, Okla., stopped by his grandparents' home while enroute to a new job in Odessa, Texas. Two other grandsons of the Mauldins were Russell and David Mauldin of Huntsville who visited overnight Saturday with their cousins and grandparents. All of the family had supper Saturday night in the Roland Mauldin home near Denton Valley. Stacy and her sister, Page Jinkens, of Abilene also visited in the home for the supper. M.L. Hughes of Baird was out to visit Gene Mauldin who has been on the sick list, but is now feeling better.

Halloween UNICEF Drive Successful

Mrs. Sandra Crockett and some of her 7th and 8th grade students recently have collected donations for UNICEF. The students not only received donations by going door-to-door on Halloween, but several Cross Plains businesses had UNICEF donation boxes in their businesses.

Everyone involved in collecting would like to thank those businesses and everyone who contributed.

The total earned was \$192.88. That

may not seem like much money, but it can help some kids. For example, it can help vaccinate 39 children against the childhood diseases or it can help 1930 kids who suffer from dehydration to receive a solution to treat them.

It's Over

By REGIE BROWN

A week ago, the Junior Class ended their first fund-raiser for the year. The fund-raiser was a success. The sales campaign lasted for several weeks. The class sold magazines, tapes, records, and compact discs.

Each class member received a different gift each due date if they sold the required amount of magazines or tapes. Some of the gifts that were available were monogrammed sunglasses, tape certificates, candy bars, and T-shirts.

According to class treasurer, Terrill Smith, the activity raised approximately \$675 for the class. The money raised will be used for various activities throughout the year such as the Junior/Senior Banquet.

Beauty Contest Date Set

Would you believe it's time again for the annual High School Beauty Contest! It seems like just yesterday that Ticia Wilson was being crowned Most Beautiful and Clay Richard was selected as Most Handsome.

The Senior Class is again sponsoring the activity, and sign-up sheets for contestants have been put out. Again this year, there will be a "Cinderella" contest which always adds interest (and humor) to the program.

Keep the 21st of November free on your calendar and be sure and attend. Time of the program and admission prices have not yet been set.

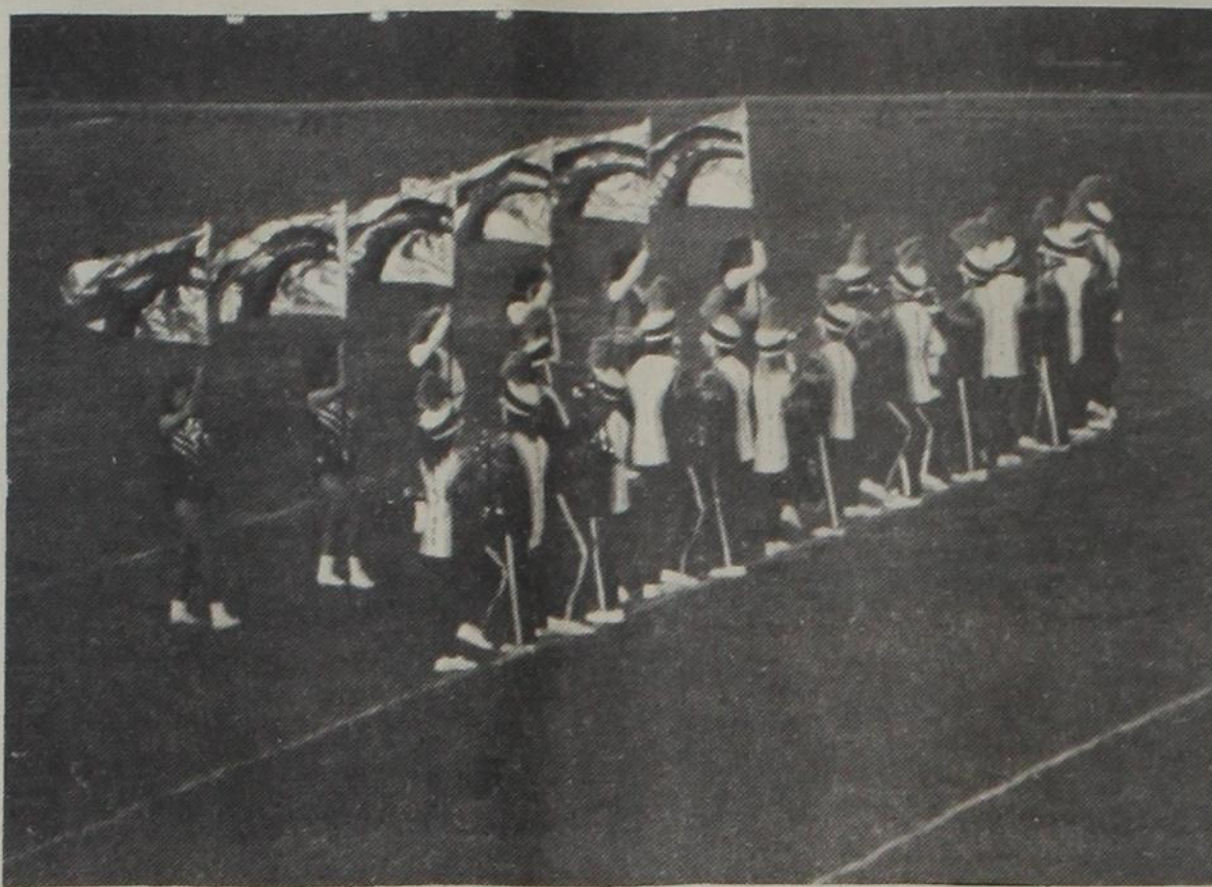

Another One

"Over The Hill"

The staff in the Elementary Building at Cross Plains celebrated two birthdays last week. There were such things as an "Over-the-Hill" cake, and black balloons, and "Over-the-Hill" jokes and comments that were seen and heard in the Elementary work room and office.

Without going into detail and divulging ages, I can touch base and tell you it was the Elementary Principal, Ray Womack, and Elementary Aide, Carolyn Glover, who were the birthday people.

Everyone enjoyed giving them a hard time, but they just took it in stride.

NEW FLAGS FLYING - The Cross Plains Marching Band makes their last performance of the year. Shiny new purple, gold, and silver flags were displayed by the Flag Corp.

N.U.T.P.O.B. - Here come the Buffaloes! The Varsity Cheerleaders are shown holding the run through for the last home game. If you have been wondering - N.U.T.P.O.B. stands for "Never underestimate the power of a Buffalo."

C.P. JV Football Team Has Rough, Yet "Good" Year

The season began for the Cross Plains' Junior Varsity football players over 10 weeks ago. It began with enthusiasm and a real desire to play football. There was, of course, also the hope of a winning season.

Those JV players worked hard all year. Each Monday, Tuesday, and Wednesday, before their game on Thursday, they practiced by going against the varsity during regular workouts after school.

Although, their won-loss record for the year was not what they had in mind, (they lost every game), the season ended with the same enthusiasm and desire to play as they had at the beginning of the year.

To prove my point, look at the last game which they played at

Goldthwaite. The team was given the options of not going if they didn't want to...but the character of the team wouldn't allow them to quit. They chose to go, even though only 11 members of the team were able to go.

On top of that, during the game, quarterback Chuck Letney received an injury to his knee and was unable to complete the game. The team continued to play with only 10. At one time Goldthwaite agreed to play with only 10, but soon went back to the 11th man.

And that is what the JV team was all about this 1987 season. As they move up to the Varsity, they will definitely be an asset. The following students were members of the Buffalo Junior Varsity Team:

Name	Defense	Offense
Kevin Clark	Guard	Lineman
Travis Jordan	End	End
Daniel Crockett	Cornerback	Quarterback
Maxy Thetford	Linebacker	Running back
Larry Wright	Guard	Lineman
Johnny Herrige	Linebacker	Running back
Jason Barron	Guard	Lineman
Billy Lee	Linebacker	Lineman
Chuck Letney	Free Safety	Quarterback
Donald Sibley	Strong Safety	Running back
Bobby Bomar	Guard	Lineman
Gilly Garrett	End	Lineman
Jerry McGough	Cornerback	Split end

O.L.M.A.T. Given To C.P. Students

By DARLENE HINESLY

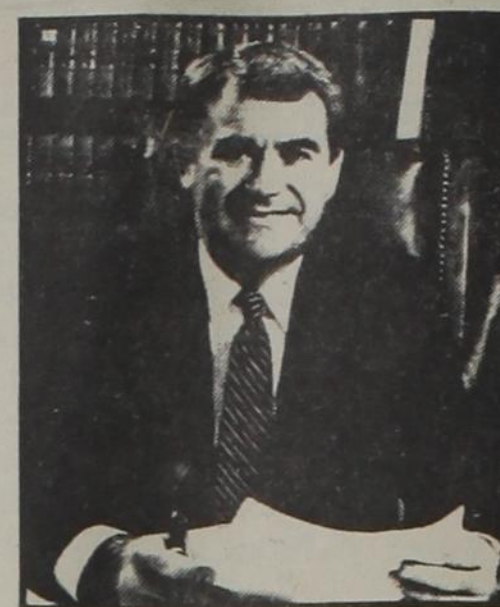

On Tuesday, November 3, the 2nd, 5th, and 8th grades at C.P.I.S.D. were given an I.Q. test. The test was the Lennon Mental Ability Test, more commonly called the O.L.M.A.T.

Mrs. Layman and Mrs. Higginbottom gave the test to the 2nd grade; the 5th grade test was given by Mrs. Golson; and Mrs. Crockett gave the

8th graders their test.

At the high school level the 11th grade was given the test on Wednesday, November 4. The test was given by the Cross Plains counselor, Mrs. Ann Watson, and was done during the English classes.

The O.L.M.A.T. is given to test the thinking skills of the students and is usually thought of as an I.Q. test.

Medi-Gap Insurance

Even with Medicare, many older adults face economic hardship from major medical expenses. The Medicare deductible, the 20% co-insurance, charges higher than Medicare's judgment of what's "reasonable", and costs for services that are not a part of Medicare coverage can place severe strains on personal budgets, especially for those living on fixed incomes.

waiting period means you would not be covered for an illness or condition during the first three months of the policy if you received treatment within three months before the effective date of the policy for that same illness or condition. Don't buy a policy with a waiting period of more than six months.

CHECK HOME CARE FIRST

Don't be pushed into buying more than one policy. There is little sense in paying twice for the same type of coverage. If an insurance agent tries to talk you into buying more than one Medi-Gap policy, you should call the State Board of Insurance and report it.

Before buying any policy, shop around. Talk with your insurance agent. Check with your friends. If you have questions about a particular company, you may want to check with the Better Business Bureau in your area concerning their track record. As with any major purchase, check it out before you buy.

FOR MORE HELP

If you have problems or questions about Medi-Gap insurance, or any other consumer question, call the Consumer Protection Office nearest you. Offices are in Austin, Dallas, Houston, San Antonio, McAllen, Lubbock and El Paso. The Attorney General's Office is the people's law firm. We're here to help you.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN—Texans voted last week to return to electing members of the State Board of Education...

The day before the election, a comprehensive media probe revealed that eight parties with major stakes riding on supreme court decisions have contributed nearly \$1.4 million to men sitting on the high court.

The news disturbed San Antonio state Sen. Frank Tejeda, who monitors judicial ethics. But when he asked two candidates for chief justice to return such contributions, they refused.

Texans vote again in March to elect, among other things, some new seats on the Texas Supreme Court, and Tejeda and outgoing Chief Justice John Hill will question whether justice is for sale when campaign contributions are needed.

Eight Big Ones

Those eight contributors include some lawyers and law firms well known and respected in Texas. No one has suggested, however, that the contributions were illegal.

Houston's Vinson & Elkins and Russell McMains of Corpus Christi, were involved in the megabucks Pennzoil-Texaco lawsuit. That suit was decided the day after the story broke last week.

Other names are Joe Jamail; Ernest Cannon; Helm, Pletcher, Hogan, Bowen & Sanders, and Abraham, Watkins, Nichols, Ballard, Onstad & Friend, all from Houston.

Also, the Pat Malone firm of San Antonio; Bill Edwards, David Perry and Anthony Constant of Corpus Christi, and Fisher, Gallagher, Perrin & Lewis, a Houston firm.

How Many Dollars

Records show that contributions from eight Texas lawyers and law firms account for nearly 18 percent of the campaign dollars received by current justices this decade.

Although he has been on the court the shortest time, former state Sen. Oscar Mauzy has received the most money from the eight parties, some \$327,420. Mauzy was elected last year.

Next highest is C. L. Ray with \$282,837. Ray was one of the targets of the House probe by Sen. Tejeda last year, along with William Kilgarlin who, reports

show, received \$174,578, third highest. Next is Raul Gonzales, the first Hispanic elected to the court, with \$141,000.

Other justices received gifts in the \$100,000 range, except for Franklin Spears, a frequent critic of such practices. Spears was last with \$27,950.

Two justices, Ted Robertson and Robert Campbell, are running for chief justice in 1988. Two others, Kilgarlin and Gonzales, are seeking re-election then.

Renting the Capitol

Yuppie financing has surfaced at the Texas Capitol.

A proposal to lease the Capitol for funds to underwrite its \$5 million renovation was called pathetic legal gimmickry, perhaps unconstitutional, by the chairman of the Texas Public Finance Authority.

Under the complex proposal, the finance authority would issue \$5 million in bonds to finance the State Preservation Board's renovation work.

The principal and interest on the bonds would be paid from "rent" paid by the Preservation Board to the Finance Authority.

The Preservation Board would lease the Capitol to the Finance Authority, which would sublease the building back to the Preservation Board. Neither would be in the business of operating the Capitol.

The Preservation Board would get its rent money from tax dollars appropriated by the Legislature.

Another Debate

Texas Democrats will hold a televised presidential debate next month at a site to be selected in the Rio Grande Valley.

Four candidates, Paul Simon, Jesse Jackson, Richard Gephardt and Bruce Babbitt have committed to participate.

Simon last week picked up the endorsements of former congressman and ambassador Bob Krueger and former U. S. Labor Secretary Ray Marshall.

Other Highlights

• Texas Civil Liberties Union hailed the Texas Supreme Court's ruling, 9-0, that mandatory employee polygraph tests, implemented in 1983, was unconstitutional.

• Comptroller Bob Bullock says a drop in Christmas retail sales would be the first indicator that the stock market crash has affected the Texas economy.

• The State Board of Insurance heard staff and industry recommendations for increases (16.1% and 43.5%, respectively) in workers' compensation premiums.

Musical A Success

The Putnam Community wants to extend their thanks to all the musicians for coming to the Musical on Saturday night and making it a success. A special thanks to R.D. Weeks for serving as Master of Ceremony and for sons, Robert, age 10 and Brandy, age 7 for stealing the show. Thanks to all who participated. There was \$772 raised.

THE PIONEER PATCHWORK

BY IRMA MILLER

The quilting club was 11 strong Tuesday. We finished the Wedding Ring and put in a Fan.

Jovita and Bill Watson and Glen Fleming and family had a couple of visitors - Nell and Joe Fleming - in their homes in Pampa and Jerry Fleming in McLain. As they came through Peducah, Joe and Nell also visited the cemetery where Nell's parents and grandparents are buried. They had a wonderful trip, Nell reports. Also, Jim Barnett and family had lunch with Joe and Nell yesterday, and Sam Fleming of Rising Star visited them on Monday.

Billie and H.A. Freeman had a visit from her sister and husband, Sue and Bob McNeil of Baird, and from her brother, N.A. and wife, Gettie Roady, of Anson last week.

Jean Fore's sister, Vi, came to see her from Marble Falls. Her sister, Bessie McDaniel, who has been with Jean for three weeks, returned with Vi on Monday.

Lottie Sooter's daughter, Martha Burgett, of Shallowater, died Sunday morning in the hospital where she had had surgery for a heart problem. We want to offer what comfort we can to Lottie.

Jewel Foster went to a family reunion of her father's family, the Akins, in Ben Wheeler. She saw first cousins she had not seen in years and some she had never seen. On the way she stayed overnight with a granddaughter in Allen. She had a good trip.

Gladys Sessums' daughter and granddaughter, Patricia and Rachel Witherspoon, of Lancaster visited the Sessums to do her annual baking. In years past, they have baked 40 to 50 dozen cookies. This time though, the three of them baked 52 loaves of bread in two days for the Christmas holidays. They have an assembly line method of baking.

Laverne and Cowan Hutton were in Brownwood on business Friday.

Need Help? Toll Free # 1-800-TEC-MARY

Dear Commissioner Nabers: I have recently been trying to resolve a problem with an unemployment claim and have made several calls to the state office of the Texas Employment Commission. Needless to say this has been somewhat expensive because the calls are all long distance. Isn't there some way I can get help without it costing me?

COMMISSIONER
Mary Scott
Nabers

TEXAS BUSINESS TODAY

J.B.
McKinney, Texas

management, etc.
Can you help me?

F.A.
Dumas, Texas

Dear J.B.: Your timing is superb! Beginning November 3, 1987 my office will have a toll free number - 1-800-TEC-MARY. If someone in my office cannot immediately give you the information you need we will route your call to a department that can help you.

Dear Commissioner Nabers: I'm really mad! I just bought an existing business. The state should be delighted because the old owner was about to take bankruptcy.

Now, however, the Texas Employment Commission tells me that I cannot have a new business rate of 2.7%. Instead they want me to assume the ex-owner's rate of 7.3%.

I consider my endeavor to be a new business - new owner, new

business is really new or just a continuation of a former business. The Texas Employment Commission must look to see if you acquired all of the former business. If you dispute the local Texas Employment Commission's finding that you acquired all of the organization, trade, or business of your predecessor, then you should request a Rule 13 Tax Coverage Hearing. The Commission will review all of the facts and give you a final decision on your status.

Texas has an experienced rated tax system. This means that an employer's unemployment tax rate depends, in part, upon the number of payable claims filed against its business. This tax rate, which may currently be as high as 8.44%, should be a consideration in purchase negotiations. Buying a business with a high tax rate can have unforeseen and expensive consequences.

Ms. Nabers represents 336,000 employers throughout Texas. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 Texas Employment Commission Building, 15th and Congress, Austin, Texas 78778.

Dear F.A.: The provision of the Texas Unemployment Compensation Act which applies to your situation is relatively new and many business people are totally unfamiliar with it. This is unfortunate because it can make a BIG financial difference to a company.

Section 7(c)(7)(A) states that if you, as an employer, acquire all of the organization, trade, or business of another employer and you continue operation of that organization trade or business, then you must assume the predecessor business' tax rate.

The factors you mentioned - new name, new owner, new management - are minor considerations in determining whether the

ODESSA WOMEN'S AND CHILDREN'S HOSPITAL BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

CALL (817) 725-7698 FOR APPOINTMENT

CROSS PLAINS WEDNESDAY, NOV. 25TH

A Service of THE CITY OF CROSS PLAINS

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments will be made from 9 a.m. to 7 p.m.

\$50⁰⁰

This price includes Radiologist's reading fee.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

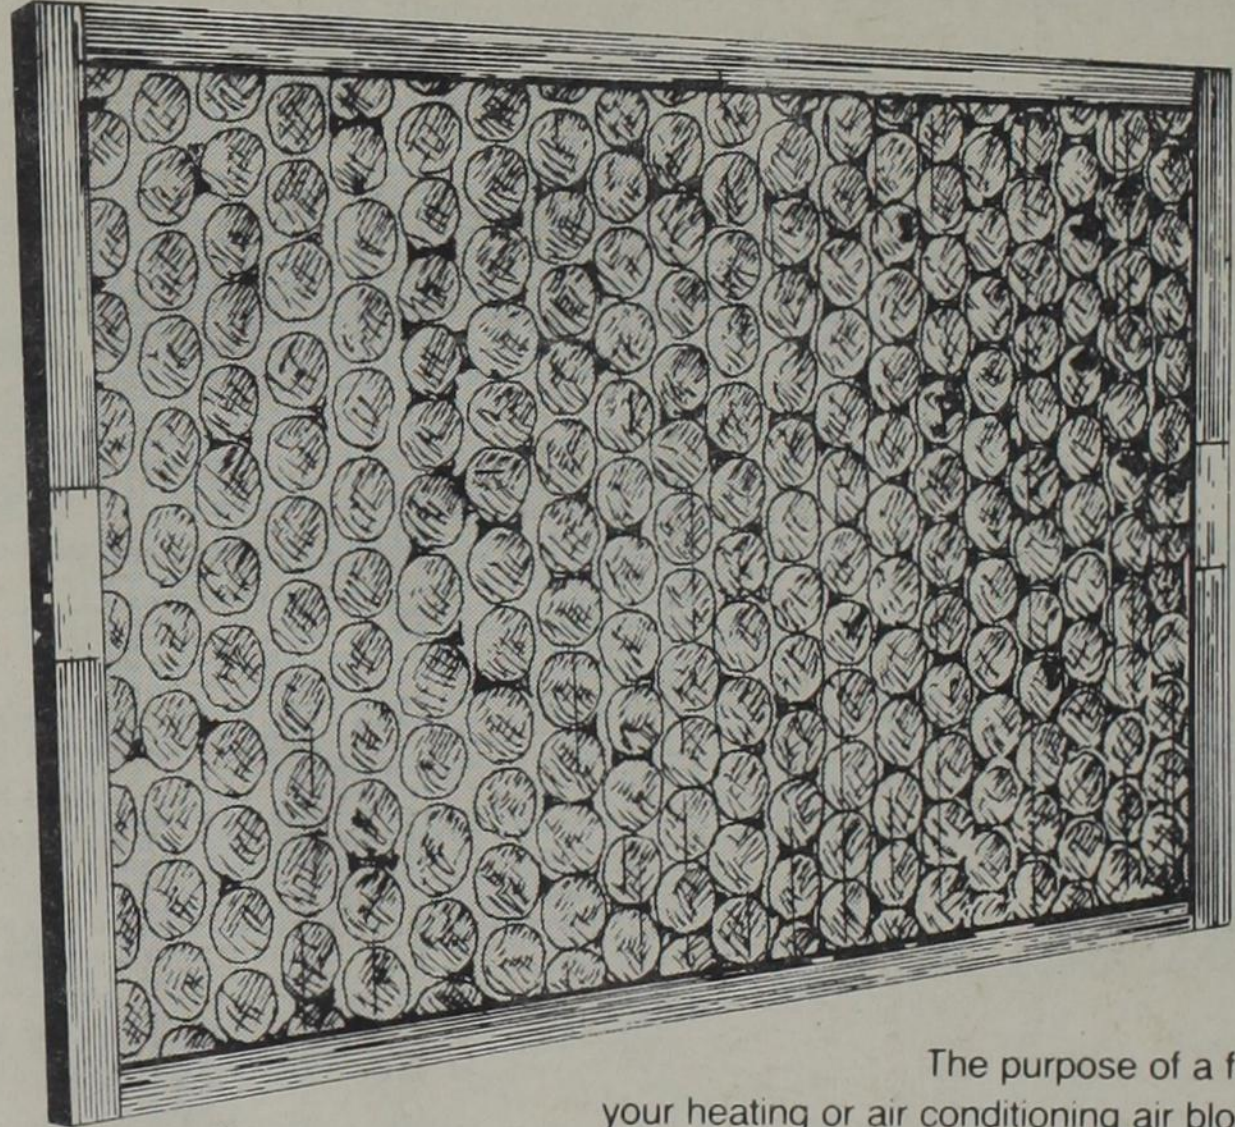

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Call (817) 725-7698 for more information.

CHECK YOUR FILTER

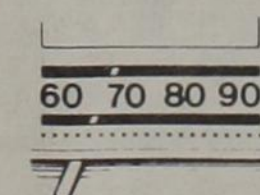

The purpose of a filter in your heating or air conditioning air blower is to catch dust or dirt before it can enter your unit. If your filter gets clogged, your unit will have to work harder to do the heating or cooling job required, and it will use more electricity.

To avoid damage to your unit and to save energy and money, be sure your filter is clean. WTU recommends checking your filter once every 30 days. Permanent types can be cleaned according to manufacturer's instructions, while non-permanent filters should be replaced.

A clean filter, along with other conservation measures you can do at home, will help you save energy and money!

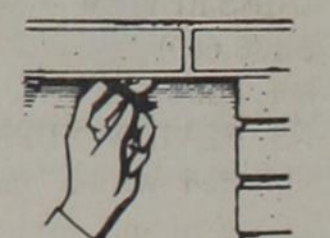

Set Thermostat at 68°

Set your thermostat at 68 degrees or lower. Turn it down at night and use an electric blanket. Turn it down even lower when you leave home for an extended period of time. Every degree you lower your thermostat will help to increase your energy savings.

Keep Damper Closed

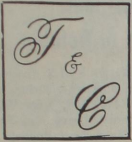

Tightly close the damper in your fireplace when you're not using it. The same draft that is needed to help make a fire burn could circulate through your fireplace and pull warm air out of your home.

For more conservation tips, call your local WTU office.

Remember REDDY Supplies the energy— but only YOU can use it wisely!
