'What About Hunger At Home?'

By VANDA KING
Editor

Watching the television movie "God Bless the Child" recently, moved me with compassion for the homeless and starving United States residents. Comfortable in our little community, we do not have any homeless families and the problem seems more distant.

The plight of the young mother and daughter who experienced overwhelming odds in the "real" world was shocking. Can you imagine carrying everything you owned around with you in a large bulky suitcase, while waiting in endless lines for a bed for overnight, or for a meal in a soup kitchen? These situations are horrible and demonstrate complete disregard of fellow human beings.

Most of us have been led to believe that the majority of the homeless population are either drug addicts, alcoholics, mental cases, etc., but that is not always the case. Even if it is, these people need assistance in combating their diseases. More than anything, what about their children?

The despair and depression they express is real. They must feel as if no one cares and there is no way out. What a discouraging outlook for the youth!

The United States is the first country to reach out to people in distress due to natural disasters or wars all over the world. Personally, I feel that is the reason the United States has enjoyed personal liberties for so long. But is anything being done concerning our own hungry and homeless?

If you read the statistics on the cost of the Desert Storm parade which cost approximately \$12 million, you wonder where the priorities are. I do not begrudge the parade for the soldiers. It was a wonderful honor to their service, but the cost was extravagant.

Our troops returned from assisting Iraqi and Kurdish children, but who is going to help ours? Surely there could be more compassion for our own countrymen.

Picture yourself being turned down for shelter and the use of a bed for one night, even if it had filthy linens. The frustrations of not being able to find a job and provide for your family would create terrific tension. This causes the level of violence to increase, resulting in even more traumatic problems.

But, never being able to stop the vicious cycle of poverty would be disheartening.

During the commercials of "God Bless the Child," I looked around my home and felt relieved to have a roof over my children's head, and ashamed for not appreciating it more.

I don't know what I expect from this article, but I would like to make the public aware of the suffering, and to hope that a plan of action will be successful to relinquish the physical and emotional pain for the seemingly forgotten people.

Video tapes of foreign people who are homeless and starving are commonplace on television, but seldom shown are the United States citizens. Maybe it is just too embarrassing to see how we treat our own?

NEW BUSINESSMEN — Rodney Rudloff (from left) and Brandon Smith open fireworks stand.

B & R Fireworks — New Business 'Out' Of Town

Entrepreneurs Brandon Smith and Rodney Rudloff have opened a new business this week, B & R FIREWORKS, located 3/4 mile from the Cross Plains red light on Highway 279 South, near Brandon's home.

The young men have literally begun building the business from the ground up. They designed their building, purchased materials, and built it with their own hands, with expert supervision from their granddad, Wright Price. The "stand" was built in Mr. Price's airplane hanger/shop and then brought to its present location.

Brandon and Rodney have already learned much about the business world, and that going into the FIREWORKS business is not a simple matter. After many phone calls and paperwork, they have a Tax Use License from the State Comptroller, and will be making reports to that office. Also, they have obtained a Fireworks Retail Permit from the State

Fire Marshal, along with books and pamphlets of rules and regulations!

Other important skills they are learning are ordering, stocking, pricing, taking inventory, keeping daily records, and keeping a complete set of books with expenses and income to figure net profit.

The boys hope to make their business a success so that they can keep it going for the few years they have left in high school, and possibly keep it through college. Most of their profit will be saved and used for that all-important college education.

They are now open for business, day and night, through midnight July 4, with an abundance and variety of FIREWORKS!

Rodney and Brandon invite everyone to come out and see them, and support their new business, while celebrating the birth of our nation, July 4, in style!

Brenda Franke Recipient Of Sorority Scholarship

Each year the Beta Sigma Phi Sorority awards a scholarship to a member of the graduating class who competes in their essay contest.

Three subjects were presented to the students and Brenda chose "AIDS" for her paper. Her winning efforts secured a \$300 scholarship to be used at an institution of higher learning of her choice.

Miss Franke is the daughter of Mr. and Mrs. Raymond Franke of Cross Plains.

The essay in its entirety is as follows:

AIDS

At the present rate of growth, the entire population of the United States will have AIDS within twenty years (Will Controlling AIDS Undermine Civil Rights? 116). For many people this may be an alarming statement; however, if one is to understand AIDS and its effects on society, this apprehension can be greatly reduced. Due to the public's fear of AIDS becoming a major epidemic, often compared to the 14th century bubonic plague, AIDS is becoming a controlling factor in their lives; therefore, this paper is to present the reader with the facts about AIDS and increase public awareness that can keep that statistic from becoming a fact.

The first step is to understand what actually causes AIDS. AIDS, which stands for Acquired Immune Deficiency Syndrome, is an infectious disease that results from the effects of a tiny virus called Human Immunodeficiency Virus (HIV). This enters the body and attacks unsuspecting blood cells called T-cells, which are the cells of the immune system that fight off infection. Once this virus enters the cell, it

is prevented from doing its job. This is a result of the HIV taking over the T-cell, shutting it down, and using the cell itself to reproduce the harmful HIV (Weekly Reader 4-5). Once enough cells have been destroyed, the human immune system is shut down and the result is AIDS; however, the reader needs to understand that AIDS itself does not kill (What You Should Know About AIDS — Brochure). A person who has developed AIDS has practically no immune system, leaving him vulnerable to common protozoas and germs which can cause serious infections. Most AIDS patients die from Pneumocystis carinii pneumonia or Kaposi's sarcoma, a form of cancer (Weekly Reader 8).

First described in 1981, scientists have learned that many people have AIDS and are unaware that they are infected (Weekly Reader 3). The virus may remain dormant in the body for possibly ten years (What Everyone Should Know About AIDS — Brochure). For these reasons, the public needs to be aware of how AIDS actually spreads and take appropriate precautions in their lives.

It is a proven fact that an AIDS victim cannot spread the virus by casual contact. This means that attending school, hugging or kissing, sharing eating utensils, and sitting on the same toilet seat will not spread the virus (EastWest 58). In fact, it is fairly hard to contract the disease, because it is spread through blood and other body fluids. Also, it cannot survive long outside the human body; therefore, the people most at risk are those who have several sexual partners (because of the exchanging of body fluids), IV drug users (since contaminated blood may get under the skin), and pregnant women passing it on to their children (due to the sharing of the mother's infected blood) (Weekly Reader 11-12).

This all leads to the second step, which would be taking precautions against AIDS. Eighty-five percent of the people who contract AIDS are IV drug users or homosexual males (Weekly Reader 14). If the public would take care in the future, AIDS could be reduced greatly. IV needles, tattoo guns, and razors, which can all break the skin and spread AIDS, should be used with caution and the user forewarned of their sanitary conditions (Weekly Reader 10). Also, the number of sexual partners should be reduced, and one should abstain from homosexual activity; yet, if a person proceeds to be promiscuous, he should at least use a condom containing non-oxynol 9, which has been proven to kill the AIDS virus (Weekly Reader 20). This alertness alone could reduce AIDS to an almost insignificant number.

A third step in understanding AIDS would be becoming familiar with its symptoms. Some early signs of AIDS are recurring fever (including night sweats), unexplained rapid weight loss, swollen glands in the neck or groin, excessive tiredness, continuous diarrhea (lasting longer than 2-3 weeks), thick coating on the tongue, dry cough, and shortness of breath. If any of these signs occur, a doctor should be consulted and a blood test taken (What Everyone Should Know About AIDS — Brochure).

The fourth and final step concerning AIDS is the progress toward a cure. Today, someone who is infected with AIDS will remain infected for life; however, drugs such as azidothymidine (AZT) have prolonged the lives of AIDS victims by an increase of 50%. Also, there have been studies conducted on a drug that acts as a decoy which will cause the dangerous HIV to attach to it instead of the precious T-cell. Even vaccines are being worked with, but the problem concerning them is that the AIDS virus can easily mutate, inhibiting the vaccine from working (Weekly Reader 25-26).

Without a present cure for AIDS, only public knowledge and caution can stop this deadly virus. In April 1989, there were 94,280 cases of AIDS reported and 54,402 deaths. The predicted statistics for the year 1992 increase drastically to 365,000 cases of AIDS with a possible 263,000 deaths (Weekly Reader 4). Only

Reading Program Has Begun

The Cross Plains Library got its summer program off to a good start Wednesday, June 19, with forty-two students, grades 1-6, enrolled. The theme this year is "Camp Wanna-Read."

During the summer twelve resource persons will introduce games, crafts, songs, and stories on the theme. The first week Susan Holland and Mattie Faye Wilson presented materials on "Camp Wanna-Read." Other camps are Camp Wild, Camp Pow-Wow-Wow, Camp Munchabunch, Camp Corral, Camp Create, and Camp Tra-La-Boom.

Other resource persons for the activities are Pam Hutton and Kay Campbell; Sarah McGowan and Rhonda Swift and Amanda Sowell; Cam Morgan and Pat Stephens; Linda Mulvane and Kim Childers; and Ann Higginbotham and Brenda Cosper.

Those helping each week with refreshments, checking books in and out, and shelving are Susan Holland, Linda Mulvane, Pam Hutton, Kay Campbell, Deonna Altman, D'Evelyn Childers, Joan McCowen, and Jill Winters. Mattie Faye Wilson is again in charge of singing. Do the kids love that?

For a sample, drive by at 10 a.m. on Wednesday mornings to hear the Pledge of Allegiance and singing on the sidewalk.

As incentives the student receive coupons for each five books they read. Again this year merchants are providing those incentives. Those participating are the Dairy Bar, Village Market, Skinny's, Collum's, Dairy Queen, Food Plaza, Lakeway, Cliff's Texaco, and Connie's Cuts and Curls.

In addition, Arby's in Abilene and KTXS-TV, Channel 12 are helping to promote the reading programs. Each week a drawing will be held in participating libraries.

The winner will receive a coupon for a milk-shake or Polar Swirl at Arby's. In August the Abilene Library is having a fair. There will be games and prizes for all. Also, there will be a drawing for tickets to Six Flags. The out-of-town libraries will draw for tickets for two families.

More and more groups are supporting the Summer Reading Programs. Hats off to all who recognize the importance of continuing reading through the summer and are willing to give time and energy to help.

public awareness can possibly reverse the threat of a nation-wide epidemic resulting in the entire population having AIDS and stop these statistics from becoming cold, hard facts.

AIDS is a subject that needs to be dealt with, in my opinion, with the utmost urgency. If the public were to allow it to continue, it could become uncontrollable and overpower the world's future — ultimately leading to the absence of a future.

Only one in four AIDS patients has any kind of medical insurance to pay for health costs. Government officials estimate that the lifetime cost of treating a single AIDS patient is between \$50,000 and \$60,000 and that by 1991, medical costs for all AIDS patients may reach as high as \$8.5 billion. Most mothers of children with AIDS are extremely poor. A year of hospital care for a child with AIDS can cost more than \$250,000. Some infants with AIDS spend their entire lives in hospitals because they have nowhere else to go (Weekly Reader 28-29). As AIDS patients multiply and their lifespans increase, so will government expenses increase. I believe that it would be far less expensive in the long run to accelerate government and private funding for AIDS research in the hope that some day soon a cure will be found.

sugar, and blood pressure screens were performed. The screening clinic was responded to well. The 184 guests who registered represented Cisco, Baird, Rising Star, Cross Plains, and Abilene.

"We were very appreciative of the large number of residents who attended. Thank you for showing your support," Payne remarked.

Bill and Kim Ulmer, owners of Mediplex from Abilene, were ill and were not able to attend. They sent their regrets and hope to meet with the community at a later date. Bobby Dusek, vice-president of Mediplex, Paul Nelson, administrative manager, and Beth Hanley, Branch Supervisor (over all the branches), all of Abilene, were present.

A great start seems evident for the new business addition and Cross Plains welcomes their services and employment opportunities.

New Handbook Provides Guidance For Victims Of Catastrophic Or Terminal Illness

AUSTIN — Texas citizens and their families who have been struck by catastrophic or terminal illness must make many difficult decisions. The Texas Young Lawyers Association has produced a handbook to inform Texans of their rights and provide guidance when faced with these decisions.

The handbook titled, "Practical Considerations in Dealing with Catastrophic or Terminal Illness," identifies and discusses issues which deal with insuring that patients' desires regarding health care and the continuation of life are met and carried out in a way which is acceptable to a health care provider. Information on basic estate planning, guardianship, directives to physicians (living wills), and durable powers of attorney is included.

The handbook also addresses the growing cost of health care in sections about Medicaid and Medicare. Medical coverage under personal and group insurance and through public services and community resources is also discussed. Tax considerations also apply to many planning situations involving a family member who is seriously ill and a separate section is devoted to this issue.

The handbook is free. To obtain a copy write to: State Bar of Texas, Communications, P.O. Box 12487, Austin, Texas 78711; or call (512) 463-1520.

Burkett News

By FREEDA BURKETT

The Burkett Community Center Board of Directors, Jack Strickland, president, Virgil Burkett, vice-president, Lucille Cross, secretary-treasurer, "Low" Golson, Freeda Burkett, Walter Walker, and Joe Hanke Jr. were pleased with the turnout for the school homecoming. They all were active in getting the center in 'ship shape' for the affair. Not just these worked at it. A great number of ladies and men in the community pitched in and worked hard. Some young people use the gym to play volleyball, so they were the first to start shaping up. They mopped the floor and lifted the long heavy tables off the bleachers where they put them while playing ball. That was their share of the work.

The ladies and men did more cleaning in the auditorium, the kitchen, rewashing everything in it and the bathroom.

The men, after helping inside, went out and cleaned the entire school ground. They did a great job mowing it and other work.

The ladies arranged all the tables and then, using blue and white flowers, streamers and balloons (the school colors) they did a beautiful job of decorating. The building looked fantastic and received many compliments from the homecomers.

As was mentioned in last week's news, a group of men were chosen to examine the roof of the building that leaks badly in rainy weather and that is causing bad trouble to the building. In order to keep using the Community Center, which is actually the gymnasium of the school which is all that is left of the school building when it was sold and taken down. It has been repaired three or four times, but it never worked. We hope these local men can think of a better way to fix it so it will work. Of course, it will take money to do it, and we hope whatever it takes can be acquired. We are all proud of our Community Center and the ex-students really feel like they are "at home" when they walk inside to celebrate each three years — the next one being the second Sunday in June 1994.

When the cost of building repairs were being discussed at the business meeting, school homecoming president Henry Burkett asked Freeda Burkett to go back to the desk where she registered guests and start a campaign for raising money for the building. Quite a few people had left and others were leaving, but all she contacted were happy to help and gave generously of what they had with them and it amounted to \$361. I understand another person donated \$100, and perhaps others gave some while there and since then.

As secretary-treasurer of the Burkett Community Center Board of Directors, Lucille Cross wishes to thank everyone at the homecoming for their interest in keeping the building useable. This is admired greatly of those that live so far away and use it so seldom but want it in good shape for homefolks to have and to use for their community supports, for young people to play volleyball in, ladies quilting, and many other uses, especially for their homecomings where the entire community turnout to enjoy it with them. Donations mentioned were from local people as well as visitors that day. Lucille hopes this good start will inspire others to take a part so that the work that should be done can become a reality and a boost to our community. She says "Thanks" again to all of you.

Mildred Low and Wayne Brown graduated together and had their class reunion at the Flagship Restaurant at Lake Brownwood. Mildred's sister, Catherine Steinkort and friend, Bernice Morgan, accompanied them and they all had a good time and good food.

Mildred Lowe reports her Sunday evening guests who enjoyed a musical and singing at her home. Those present were her sister, Catherine Steinkort of Watauga (near Fort Worth), Wanda Jean (Jennings) Nichols of San Antonio, Rowena Anderson of Santa Anna, Lena Bland of Cross Plains, Hollis Adams of Denton and his sister, Lucille Bohnstedt of Burkburnett, Juanita and Sonny Davidson of Northern California, LeRoy Walker of Colorado Springs, Colorado, Bernice Morgan of San Angelo, and the following, all of Burkett, Roy and Wanda Clark, Terri Bushnell and girls, Nikki and Mandy, Walter and Melba Walker, Andrew Walker, and the hostess. The musicians were Sonny Davidson, Mildred, the hostess, Wayne Brown, LeRoy Walker, and W.B. Bludworth. Mandy and Nikki Bushnell sang some specials and all the guests sang along with the music when they knew the songs and just sang for the joy of singing.

Most of those mentioned above attended the School Homecoming that day.

Get well wishes go to Esther Bures who entered Coleman Hospital Mon-

day of last week. Her condition seems a bit better.

Tom and Betty Byers of Lawrenceburg, Tennessee spent the past week here with their son, Tommy Byers and family, his sisters, Esther and Velma, and brother, Dan. They did not know Esther was sick when they left home.

Young and their daughter, Cindy Meyers, and granddaughter, Amy Meyers of Arlington. They all enjoyed a lovely luncheon and lots of visiting.

Sympathy goes to the family of Mrs. Verna Swan who passed away at a nursing home in Cross Plains. Services were held at Higginbotham Funeral Home Chapel with Tom Cosper officiating Thursday, June 13, at 2 p.m. Burial was in the Burkett Cemetery.

Special sympathy goes to her only surviving sister, Eula Webb of Cross Plains, who entered Humana Hospital Friday and underwent a five-hour surgery. The surgery was serious and she has suffered severely the past few days, but seems to be feeling better today, Monday. Get well wishes go to her.

The family and friends of Zelma Strickland of Beeville send get well wishes to her. She is having knee surgery at the Brownwood Hospital. She will be staying with her mother, Ruby Hubbard, through July while recovering. Noel Weaver of Shreveport, Louisiana spent Sunday night with his sister, Ruby and niece, Zelma. He came to Burkett Monday and visited with friends a while before leaving to visit other family members.

Guests in the Birdie and Gill Helms' home during the School Homecoming weekend were Finis and Ruby Brown of Fort Worth, Clyde and Ila (Wesley) Trout of Tokio, Texas, and Wayne and Vivian Harris of Midland. Wayne and Vivian were enroute to their Lake Brownwood home, and they all attended the homecoming.

Sunday luncheon guests at the Gould home were Marty and Glenda Callaway and boys, Brooke and J.J.

Those attending the wedding of Paul Neeb and Frankie Letney of Cross Plains were Joe E. Burkett who performed the ceremony and Mary Burkett, Jo Davee, Yuna V. Burkett, Wilda Tomlinson, and Mary Burkett's granddaughter, Samantha Tabor.

Opaline Pope left Friday a week ago for Fort Worth to visit friends, Harold and Tressa Martin. They took Opaline to Louisiana to pick up her granddaughter, Amy Pope. Opaline and Amy plan to be home this weekend.

Don't forget to vote in the Coleman Hospital District Election this Saturday, June 29. Those in the Burkett precinct will vote at the Burkett Community Center.

The Burkett 42 Club met at the home of Otie Mayo of Coleman Thursday, June 20. Those present were Ernestine Watson, Vera Pearl Bunnell, Ila Mae Marshall, all of Cross Plains; Lillian Brown, Zora DeBusk, Jo Davee, and Lucille Gould, all of Burkett. The hostess for next month will be Lucille Cross of Burkett.

Mrs. Roy (Wanda) Clark was dismissed from Brownwood Hospital Monday of last week, June 17, after spending eleven days there. She had fluid drained from her lungs, and while there she broke out with shingles that is causing pain and discomfort. She is recuperating at home. We send get well wishes to Wanda, hoping she will begin to feel better soon.

The children of R.T. Watson helped him celebrate his 86th birthday and Father's Day Sunday, June 16. Joe and Jack Watson and his daughter, Patsy Hill, attended church services with him. Luncheon guests included Joe, Jack and Patsy, and others were

Jake and Guy Watson and Charles Coburn. The Connellys, Chris and Tommy Mac and their families visited in the afternoon. R.T. received telephone calls that day from his daughter, Bobby Collett, and Staci Watson. R.T., you are wished many more happy birthdays.

Esther Byers was dismissed from Coleman Hospital Monday, June 17, after a week's stay there. She went back one day for X-Rays and other tests. Get well wishes go to Esther.

It was a pleasure to everyone to have Bill Strickland at the Church of Christ service Sunday morning. Joyce is too ill to be left alone, so their daughter and husband, Jan and Ken Baker, stayed with her so her father could attend church services. Jan is such a help and comfort to them. Bill says it's only with her love and help that they can get along day by day.

C.L. and Juanita Davidson of Sonoma, California spent two weeks here with her mother, Wanda Clark and Roy and her sister, Terri Bushnell and children. While here they bought a place a few miles west of Burkett and plan to eventually make their home there. They were here during the time Wanda was hospitalized and had to leave for home the day she was dismissed.

Mike and Janice Turner and son, Cliff of Coahoma, spent Tuesday to Sunday afternoon at the home of his parents, D.J. and Lois Turner, who were away from home for those few days.

The Mike Turners attended Sunday morning service at the Burkett Church of Christ.

Jackie Dodgen of Whon spent the weekend with his grandparents, Dalton and Lucille Gould.

Randy and Deanna Golson and son, Travis of Cisco, spent the weekend here with his parents, Billy Paul and Peggy Golson. Deanna and Travis attended church services with Peggy.

Mike and Linda Brady arrived home Saturday the 22nd after a two-week vacation trip and brought his father, Barney Brady, home with them for a visit. Mike's father accompanied them to worship services at the Burkett Church of Christ Sunday. We expect to get more news about Mike and Linda's vacation trip for next week's news column. Other visitors at the Sunday church services included Horace, Wilma and Leslie Hounshell of Bangs.

Landon Pope had Daniel Bushnell, his friend, as guest at church services.

Recent visitors of Mrs. Virgie Adams were Virgil and Evelyn Adams and son, Patrick of Houston, Mattie, Shawn and Misty Bradford of Comanche, Mr. and Mrs. Carl Campbell of Odessa, Lon and Lorene Gray of Coleman, and Dale and Misty Bradford of Proctor. Dale and Misty stayed overnight with Virgie.

Doyle Edwards of San Angelo visited the Virgil Burketts Tuesday morning of last week.

The Williams Family Reunion was held Saturday and Sunday, June 22-23, in the Burkett Community Center where 50 members of the family enjoyed being together. They contributed \$100 to go in the new roof fund for the Center. The cost of repairing the roof is being investigated, and in the meantime, the roofing fund is growing. At the homecoming many generous gifts were dropped in the "kitty" or handed to an official to put it in for them, and at that time no names or amounts were written down, but stand assured your gifts were appreciated very much. Those gifts amounted to \$429.

Since then Estill Allen gave \$100 and Thelma Joyce Allen gave \$100. Every gift to this fund is appreciated.

Rev. and Mrs. Wright Price and Mrs. and Mrs. W.O. Walker went to the Little George Havens Camp meeting Saturday night. It was a good service with Country Johnny Mathis giving his testimony in song and the Rev. Joe Price preaching the message. Bro. Joe Price is a great preacher and one who preaches the Bible and believes the Bible.

Billy Walker from Nimrod spent a night with his grandparents, Andrew and Doris Walker last week. While he was here he worked for his Uncle Walter a day.

Also visiting Andrew and Doris Walker Sunday evening were Lavel, Billy, and Lewis Walker from Nimrod; Leveld's grandson, Patrick, and a friend of Leveld's, Hazel Lee. Saturday, Andrew and Doris visited Glenn and Barbara Gray at Brownwood.

Donations to the Burkett-Adams Historical Cemetery Association Fund made by Tina Bolick \$20; Frankie Sortland \$10; and Jewel Tabor \$1,000 were greatly appreciated. This is a permanent fund which uses only the interest produced from the invested funds to meet the expenses of the cemetery in the future.

Clyde Journal Newspapers are now available at the Cross Plains Review.

Letters TO THE EDITOR

To The Editor:

In 1942 I graduated from Cross Plains High School. With the 50th anniversary of that event coming up in 1992, an attack of nostalgia has gripped me! I hope there are others of that year interested in locating as many classmates as possible for a reunion. If there is anyone else who would like to help organize such a project, I'd appreciate any input. We all have many pleasant and some painful memories of our school days.

Sadly, I am not a "letter writer", and, though I've thought of them often, have not kept in touch with any of the kids I graduated with.

I'm looking forward to hearing from some of these "kids" and learn what has happened during the past 50 years...my, that sounds like a long time, doesn't it?

Thank you for your assistance in this endeavor.

Sincerely,
Mary Jane Stafford Barclay

RACHEL CHILDERS

Local Child Attends Texas Lions Camps

Rachel Childers, 8, the child of Don and R'Evelyn Childers, of Cross Plains, recently attended the Texas Lions Camp in Kerrville, Texas. Sponsored by the Brownwood Downtown Lions Club, the camper rode horses, went swimming and even camped out under the stars while enjoying fun and fellowship with other children.

Located on 500 acres of beautiful hill country, the camp serves children who are visually or hearing impaired or have physical disabilities, ages 7 through 16. Camp programs are adapted, if necessary, so that everyone may participate. A well-trained staff supervises each camp activity at a ratio of one counselor to two campers.

The Texas Lions Camp is a non-profit organization funded by generous individuals interested in providing challenging programs for handicapped youth. This service is provided free of charge to eligible children. For more information, or if you know of someone who can benefit from these programs, call your local Lions or call or write: Texas Lions Camp, P.O. Box 247, Kerrville, Texas 78029-0247 (512-896-8500).

Kiwanis Provide Funds For 3 Beds At Meek Children's Hospital

The Major Emphasis Program for Kiwanis International this year is **YOUNG CHILDREN, PRIORITY ONE**, a program designed to help young children prenatal through age 5. In addition to each club selecting a project under this MEP theme, each Kiwanis division also selects a project.

The project selected this year by Division 35 Clubs of the Texas-Oklahoma District of Kiwanis International was a major donation to the Children's Miracle Network Telethon. The eighteen Kiwanis clubs in Division 35 made up of two clubs in Sweetwater; one club each in Haskell, Stamford, Albany, Breckenridge, Ranger, Eastland, Cisco, and Cross Plains; three clubs in Clyde; and five clubs in Abilene with 100% participation in the project, gave \$7500 which will purchase three beds for the Meek Children's Hospital at Hendrick Medical Center.

These funds came from the club's special fund-raising events held during the year. Leading Division 35 activities this year including the Major Emphasis Program have been Lieutenant Governor James Jennings; Major Emphasis Chairperson Barry Rushing; and Children's Miracle Network Telethon Chairperson Nancy Miller who led Division 35 Kiwanians in presenting the \$7500 check to Nancy Estes, director of the Meek Children's Hospital Foundation, on Sunday, June 2, during the Telethon.

During 1990, 8,920 patient days were extended to 3,004 patients, from approximately 25 counties in the Big Country area served by the Meek Children's Hospital at Hendrick Medical Center.

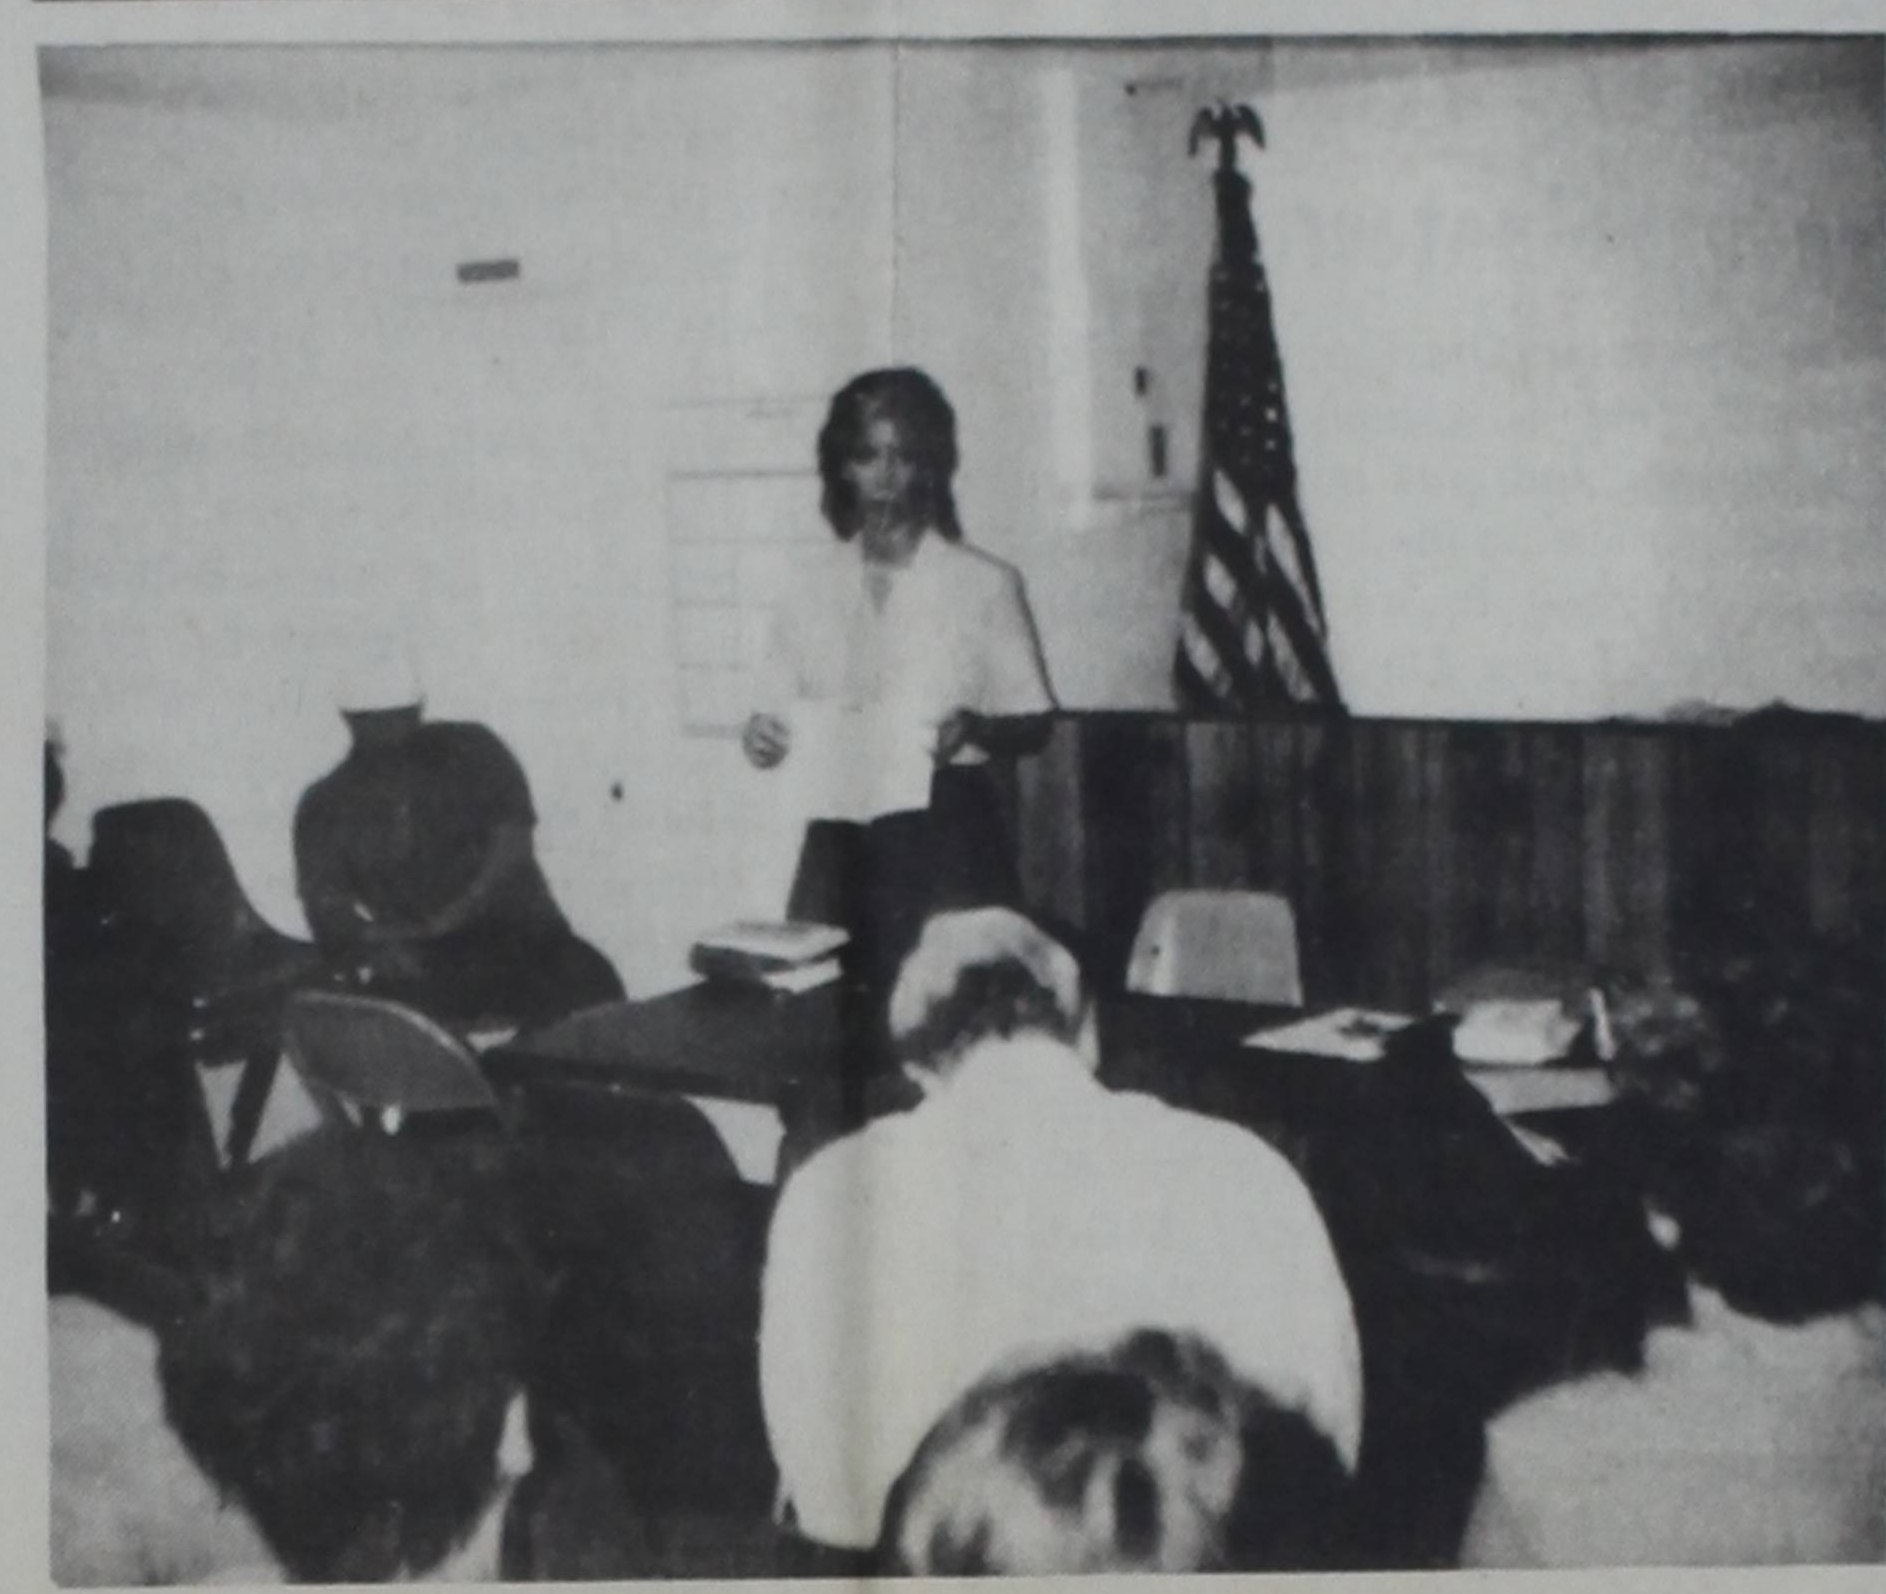

Clyde Chamber Musical Planned For July 12

The Night Musical has been rescheduled for Friday, July 12, at 7:30-10:30 p.m. There will be ice cream, popcorn, and cold drinks for sale. This is a fundraiser for the Clyde Chamber of Commerce. They will be located on the lot west of the Museum building. There will be no seating available, so be sure to bring your folding chairs.

Gene Kniffen will furnish the entertainment. He has several area bands which will be performing. He has always brought a good variety of entertainment. This will be the first musical to be held at this location. Parking will be on the lot East of the building. The Clyde Chamber of Commerce thanks the Catholic Church for this. They hope there will be a good turn out for this. It will be a night of good entertainment, eats and visiting with friends. Also, they hope to have the office of the Chamber open for people to see what we have planned for the Museum.

The booths for the October Fest are going fast. If you need one you can reserve a booth by calling the Chamber office Monday — Friday 1 to 5 p.m. There are only a few left with electricity. They are reserved first come, first served. As was in the *Clyde Journal* last week, the location for the Fest this year has been moved to the lot west of the football field. There is nice shade and more room than they have had.

At the musical they will be having a drawing for a microwave, basket of groceries, and a turkey. These will be given away by drawing from a donation box. Donation tickets are \$1 each and available from any Chamber Board member and also will be available at the musical. You must be present to win. So mark your calendars and come on out for a night of fun and you may be the lucky person at the drawing.

GUEST SPEAKER — Nicki Harle, editor of the *Big Country Travel Guide*, addressed Chamber members.

Ophelia Merrill gave a report of the Cruise Night set for September 14. It will be held annually on the second Saturday in September. The committee is working hard and has activities that will last all day. Betty Lewis mov-

ed that we use a radio station in Brownwood for a remote and also to advertise in a magazine for classic automobiles. The committee will decide which station to use.

The Chamber will sponsor the Hay Ride during the Christmas Village every weekend in December. More information will be given later.

The Homecoming T-shirts will be ready around July 15. They will be ready to sell upon arrival.

Mike stated that the Chamber wishes to promote Cross Plains and the local businesses. In order to do this he encouraged everyone to pay their annual dues, which are due July 1. He recommended that the ones paying monthly to pay quarterly or yearly if possible.

Scholarship Opportunities

AUSTIN — College-bound 1991 Texas high school graduates seeking careers in science, mathematics or engineering have another opportunity to apply for scholarships before classes begin this fall.

The National Science Scholars Program is offering \$976,000 in new scholarships to the country's high school graduates to pursue studies in physical science, life science, computer science, mathematics or engineering at colleges and universities. The program will award individual scholarships of up to \$5,000 a year for four-year and five-year science, mathematics and engineering programs.

To apply for the scholarships, students should contact their local high school or school district office. School districts are scheduled to receive application materials the week of June 17. Application forms also will be available from the state's 20 regional education service centers. Completed applications from school districts must be received by the Texas Education Agency by 5 p.m. July 3.

A state panel will evaluate scholarship applications and nominate at least four applicants from each of Texas' 27 congressional districts. At least one of the nominees will be female. Nominations will be submitted to the U.S. Department of Education by July 12. Two students, including at least one

female, from each congressional district will be awarded scholarships. President George Bush will announce the scholarship recipients September 30.

The National Science Scholars Program is authorized by the Excellence in Mathematics, Science and Engineering Education Act of 1990. The program is designed to recognize meritorious students who excel in science, mathematics and engineering by providing scholarships for students to continue their studies at the postsecondary level. The program also aims to strengthen the leadership of the United States in science, mathematics and engineering by attracting men and women into the fields and encouraging them to pursue teaching careers in these areas.

State Veterans Housing Benefits To Increase September 1

AUSTIN — The maximum amount available through the Texas Veterans Housing Assistance Program (VHAP) is expected to more than double from \$20,000 to \$45,000 on September 1 as a result of new legislation signed into law by Gov. Ann Richards.

"Increasing the maximum loan amount to \$45,000 brings the program more in line with the realities of today's economy," said Garry Mauro, who serves as chairman of the Texas Veterans Land Board.

The Texas Veterans Housing Assistance Program currently makes 30-year, fixed-rate loans at 8.5 percent for the purchase of a new or existing home.

Mauro said Texas veterans can combine a Texas VHAP loan with a conventional, FHA or VA loan to get a lower overall mortgage rate and lower payments.

Tentative approval has also been given to the VLB to raise the maximum loan available through the Texas Veterans Land Program from \$20,000 to \$40,000. Mauro stressed, however, that this action cannot be taken without additional approval from Congress. Mauro said changes in federal tax law are required to increase the ceiling and he is currently working with the Texas delegation to accomplish this.

Mauro said boosting the home loan limit to \$45,000 will "provide a financing alternative for low-to-moderate income veterans who are currently locked out of the housing market."

When the Veterans Land Program was initiated in 1949, the land board set the loan limit at \$7,500. On the average that was good for the purchase of about 150 acres.

"If you apply a conservative inflation rate to those figures, the equivalent figures in today's market would be a \$39,000 loan limit. And that same 150-acre tract now goes for \$103,000 at today's prices."

The land loan ceiling was last raised in 1979 from \$15,000 to \$20,000. The home loan program was created in 1983 with a \$20,000 ceiling.

The Texas Veterans Land Program will lend eligible Texas veterans up to \$20,000 at 7.99 percent interest to purchase at least five acres of land.

Texas To Receive 11.4 Percent Increase In Community Funding

WASHINGTON — The State of Texas will receive \$54,328,000 from the Department of Housing and Urban Development to implement its Community Development Block Grant (CDBG) program for the next year in rural communities throughout Texas, U.S. Sen. Phil Gramm announced today.

Gramm said the new funding amounts to an 11.4% increase over the current year level of funding.

The senator said the funds will go to the Texas Department of Community Affairs to implement the "Non-entitlement" share of the CDBG program for smaller cities and counties. Individual cities and counties within Texas will compete for the funds.

Non-entitlement cities are cities that have populations lower than 50,000, Gramm noted. Cities and counties use CDBG funds to carry out a wide range of community development activities directed toward neighborhood revitalization, economic development, and improved community facilities, services and infrastructure.

A total of 154 Texas cities and counties received Non-entitlement CDBG funds in 1990.

MINUTE
MUSINGS

By ESTHLOY S. DICKSON

Oh, what a beautiful morning! Yes, I feel like singing. Well, I come from a 'singing family'. There is a nice breeze blowing and the birds are singing.

I've talked to both my children this past week — it is good to know that they are all well. I'm anxious for Lisa Dawn to return from her trip to Russia — an extraordinary experience for one so young!

We had good attendance in Sunday School and church on Sunday. There were fifteen 'old' ladies in my class, including one visitor, Ella Dean's sister.

My friend, Suma Dill, called me through the week. She had just had a 'checkup', and was pleased to learn that her cholesterol level and blood pressure were satisfactory.

Sally Roady was cheerful and sweet this morning. She visited in Rising Star this week with her brother, Gene Hicks, and in Cross Plains with Betty Hicks, also with Mr. Mack Childers. Grandson, Charlie of Abilene, visited them this past week.

Betty Beggs didn't answer this morning — they were in church on Sunday — I hope they are all well. Jewel Foster didn't answer — she was in Sunday School and church on Sunday.

Several telephones were not answered this morning — others had no news to report. I do hope my friends will call me when they have something to add to this column. I appreciate my good neighbors.

Breeding Reunion
Held Recently

The Breeding descendants met at Rose Park in Abilene for their annual reunion. They all enjoyed a wonderful lunch together. The young people and a few adults enjoyed the swimming pool.

Arleita Jones had made a family tree with one limb for each of the children of Mr. and Mrs. H.L. Breeding. It was very interesting to add our children, grandchildren, and great-grandchildren to the limbs of the tree, a family member reported.

They are looking forward to their meeting next year.

Those who attended were Ione Breeding, Troyce and Edith Breeding, Ronald, Donna and Cammi Breeding, Donald, Frances and Jennifer Breeding, Aline Hale, Darrell Hale, Bill, June Breeding and three grandchildren, Jeff, Dana and Tucker, Ardis Scrivner, Eddie Smith, Charlene, James, Ronni, Thurman, Betty, Tim, and Amanda Scrivner, Lynn, Margaret, Casey and Lacy Mosier, Sarah Adams, Dub and Nancy Jones, Larry and Arlieta Jones, David, Sharon, Joshua and Holly Jones, Olivia Jones, Pauline Matthiessen, Bill, Carene, Tracy Schaffner, Shane, Cynthia, Zachary, Braden and Ambrie Schaffner, Joe and Pauniece Oglesby, Ora Breeding, and Bill, Connie and April Plummer.

LAMB WORKSHOP — Bob Winfrey of Kempner High School in Sugar Land and Cody Winfrey of Cross Plains (center) recently attended a Lamb Management Workshop on the campus of Tarleton State University.

Sponsored by the University's Department of Agricultural Services and Development, the seminar was conducted by Prater Gibbs (left), owner of Fast Forward Enterprises, Prater, who has shown grand champion animals in

numerous shows across Texas, discussed cover selection, feeding, fitting and showing. At right is Ag Services and Development chairman Dr. Don Knotts. (TSU News Service photo)

Lakewood is still having its weekly golf scrambles on Thursday. We tee off at 6 p.m., so try to call in by 5:30. We want to be sure and get your name in.

We are having an 18 hole ABCD draw scramble this Sunday, June 30. Tee off time will be at 1:30 p.m., so be there or call in by 1 p.m. Entry fee will be \$5 for members or a green fee for non-members. The 18 hole scrambles are always lots of fun, so come out and play with us.

We had a total of 32 teams in the Two Person Tournament two weeks ago. Nine of these teams were local. Those teams playing were Bill Porter-Skippy Williams, Lynn and Chris Porter, Terrill Harris-Sherry Bowden, John Ely-Bill Slaymaker, Ronald Hilburn-David Hargrove, Ken Horan-L.K. Byrd, Billy King-Lester Wyatt, Richard King-Gary Westerman, and Kyle Coker Sr.-Terry Taylor.

In the Championship flight the team of Nichols-Mehaffey of Cisco-Eastland won first place. Winning second was Morris-Morris of Abilene, and in third place was Towry-McPherson of Clyde.

The First flight had our only local winners. Hilburn-Hargrove tied with May-May of Stephenville for first place. They decided to split the prize instead of having a playoff. Winning third place was another local team, Harris-Bowden.

In the Second flight Roark-Coursey from Bangs were the winners after a chip off. This gave Strawn-Newhouse of Comanche second place, and Rogers-Wright from Abilene third.

Don't forget the Guys and Dolls tournament July 6-7. We need more local teams so we can have a full tournament.

THE PIONEER
PATCHWORK

By IRMA MILLER

The ladies of the quilting club worked Tuesday on the Double Wedding Ring and on the Puss in the Corner pattern quilts.

Several members of the community attended the open house hosted by May and D.P. Jones in their pretty new all electric home on Sunday.

Frankie and Oliver Smith went to Benbrook Thursday to visit with Mr. and Mrs. Herschel Ware. Oliver and Herschel played golf at Carswell AFB and Oliver and his partner won first place, receiving a monetary prize. Roxie and Joey Nance of San Angelo visited Frankie and Oliver on Saturday.

Barbara and Bob Powell helped serve refreshments at the Mediplex Open House in Cross Plains Thursday.

Jean Fore, Jewel Foster, and Irma and John Miller joined the rest of the Cross Plains AARP chapter in their Texas Safari trip on Thursday. They saw lots of interesting and enjoyable sights along the roadside on the way to the exotic animal farm at Clifton. The first part of their tour was more like a zoo with caged animals. Later they drove through the "safari" and saw many kinds of animals, after which they spread their plenteous picnic, enjoying it in a shady shelter. They closed the day back at Cross Plains picnicking outdoors at the home of Frank and Frances Rone.

Weekly Health Tip

PRECANCEROUS POLYPS

A 4-year study of 58 persons with polyposis (precancerous polyps) found that patients consuming a high-fiber bran cereal daily reduced both the number and size of polyps in the large intestines, compared with those on a low-fiber cereal. Most effective was insoluble fiber as found generously in wheat bran and psyllium seed. A low-fat diet plus insoluble fiber cereals are advised to reduce the cancer risk from intestinal polyps.
