'High School Memories Needed'

By VANDA KING
Editor

No one has sent in their collection of high school memories to share with everyone. Come on now and help get the spirit of the good ole days going.

I just happened to recall a few incidents that I know several of you will remember. How about the Monday morning we came to school and "someone" had moved all the books from the lockers to the upstairs rooms in the high school building.

The rearranging alone was quite a task, but the amount of confusion it created demolished the day's schedule. I certainly don't want to give anyone ideas for yet another ordeal, because if the guilty had ever been caught they would have been nailed to the wall. Just thought I'd see if you were moving backwards now.

I always call this the "bat story." You girls who took homemaking under Evelyn Scott will know just what I refer to. This was back when the old homemaking building was still around and a little bat was flying wildly about the building.

All the girls were screaming and it was a state of hysteria. I can still picture Mrs. Scott with broom in hand, on the chase. It seems like the little creature landed on someone's head, I thought it was Mrs. Scott's. This detail may be blurred, someone help!

I talked to Mrs. Scott several weeks ago in the Review. She looks terrific.

Oh yes, remember the slumber parties at the Homemaking Cottage? You couldn't imagine such these days. (The Homemaking Cottage was the pink building which was replaced by the Ag building.)

This memory is a personal one, that I guess I will never forget. One day after band practice I walked out to my car (my parent's car, I never wanted one) and to my surprise it had been tied to the poles next to the cafeteria's east entrance, with my Dad's rope, no less.

Well, I thought it was kind of funny, until the two culprits (you know who you are) refused to untie the rope. I recall demanding some assistance and instead received a slight paddling over one of their knees.

There had been a John Wayne movie at the Pioneer Drive-In which featured Wayne paddling his most famous leading lady, Maureen O'Hara. The scene seemed perfect for teaching another female a thing or two (they thought).

Finally, they untied the car and I flew out of that old parking lot and down the two whole blocks to my house. Looking back in the rear view mirror, I saw the late Mr. Paul Whitton, Superintendent at that time, in the

dust and probably gravel from the hasty departure. He walked home every evening from school.

I thought I'd had it. He would call me into his office for sure, but he never did. Looking back, he probably witnessed the whole episode and understood my fury.

Monday I received a very complimentary note from his daughter, Linda Whitton Hill, and it was great to hear from her.

Remember all the fun on the bus riding to the ball games? The race for those back seats! The gab sessions were great and on the way home at night the sing-a-longs were really neat. We used to sing, "Give Me That Old Time Religion," "Them Bones," "C.P.H.S. School Song," and "Teen Angel" was a popular hit.

Isn't it neat how all the old songs have new arrangements by popular artists. My kids can't figure out how Mom knows the lyrics to the latest hits as soon as they are released.

Please send in your recollections. Let's have some fun with these and intrigue others to attend the 1991 Homecoming!

Look for the old photo inside this edition. Your face may appear at some time. Keep watching!

August 10 Election Site Change Announced

House Bill 2885, passed by the 72nd Legislature, was signed by the Governor on June 7, 1991. This bill had an immediate effect clause, and as a result, the bill became law on June 7, 1991. The bill requires each school district in the state to hold an August 10, 1991, election regarding tax exemptions for county education districts.

The legislature also passed two proposed constitutional amendments (S.J.R. 42 and S.J.R. 5) that will require each county in the state to hold a constitutional amendment election on the same day. The Secretary of State's Office has been in communication with the county clerks, and has recommended joint elections with the school districts in their counties.

The first proposal addresses the taxation of all personal property in particular cars, pickups, boats, etc. The second and third proposal addresses an increase in the residence homestead for both the regular and disabled individual.

The Cross Plains ISD is advising all voters to vote AGAINST the first proposal and FOR the second and third proposals.

School district voters may vote absentee at the courthouse in Baird from July 22 through August 6, 1991 during regular office hours.

The August 10 election site has been changed from the Cross Plains Community Center as announced last week to the Cross Plains City Hall.

Dear Editor:

I'm a very lucky person, because I have a special (retarded) child who's loving and caring.

I'm writing because so many people don't know anything about special people. When your child is with a special child, the special child is the same age as your's, even if the child is two years old. The special child is two. If your's is twenty, so is the special child.

Some people might let two small children fight, but you don't let a special child because they would be locked away for being dangerous.

People that don't know about special people, but know someone that has a special child, should ask about it, or even read about it.

Thanks.

Road And Bridge Fee Remains At \$5.00

Callahan County Commissioners, during a regular meeting Monday, July 22, voted to keep the county road and bridge fee at \$5.00.

The commissioner's court unanimously voted to set the county road and bridge fee at \$5.00, not the \$10 that could have been collected on the fee.

Texas counties can collect up to \$10.00 for the fee that is collected when the vehicle license registration is renewed. The fee is used to make repairs of roads and bridges within the county.

Other items brought before commissioner's court included:

— Commissioners discussed finding a replacement for Tom Ivey to the board of directors of the Callahan County Tax Appraisal District. Ivey had to resign as a director of the appraisal district after accepting a position with Callahan County as the Veterans Service Officer. Several names were discussed but commissioners tabled the item until they could find a replacement to serve on the board.

— Commissioners met with Callahan County Sheriff Bill Skinner to discuss tire purchases that are being billed to Callahan County. Several sheriff's department personnel are purchasing tires and receiving the county discount and not paying for the tires or paying late. Sheriff Skinner said that he would take care of the matter. No action was taken.

— Commissioners also talked with Sheriff Skinner about radio equipment charges made to the county that are

amounting to \$600 monthly. The charges are for moving radio equipment from one vehicle to another or repairs to the dispatch equipment. No action was taken.

— Commissioners discussed a resolution to allow resale of land parcels obtained in delinquent tax sales. The item was tabled by the court until the commissioners can talk to the county's delinquent tax attorney.

— Commissioners were informed that Precinct #2 Commissioner Lowell Johnson donated a 1964 model water truck to the Eula Fire Department.

— Commissioners discussed the 911 emergency telephone rural addressing contract with Shepard Surveying Company. The contract to use the company to perform the addressing will be revised so the county can pay as the work is done and 15 percent will be withheld until the job is completed to the county's satisfaction. The contract will also have a clause that says the commissioner's court will have a say over how the money is distributed on anything the company sells, such as lists of the addresses or maps of the residences or numbered county roads.

— Commissioners voted to have the City of Baird remove a large flag pole located on the courthouse lawn. The large flag pole was purchased by the Baird Chamber of Commerce and donated to the county. However, county officials declined the donation, citing the county already has a flag pole on the courthouse lawn.

— Commissioners voted to allow County Clerk Darlene Walker and Tax Assessor/Collector Wauneta Estes to attend an election school in Austin August 14-16.

— Commissioners voted to allow County Treasurer Dora Hounshell and assistant to attend a state treasurers conference in Abilene September 16-19.

Volunteer Firefighters Attend School

By RICKEY CAROUTH

Rickey Carouth and Bill Reed attended the 62nd Annual Texas A & M Firefighting School at College Station, Texas. The school is divided into four weeks of classes; 5,000 firefighters from as far away as Alaska and England participated at the 57 acre facility.

Carouth and Reed attended Firefighters 2 and 3 from July 22-27. The emphasis of this session was on oil field fires, industrial fires, multi-story buildings, automobile fires, and learning new techniques to reduce water damage.

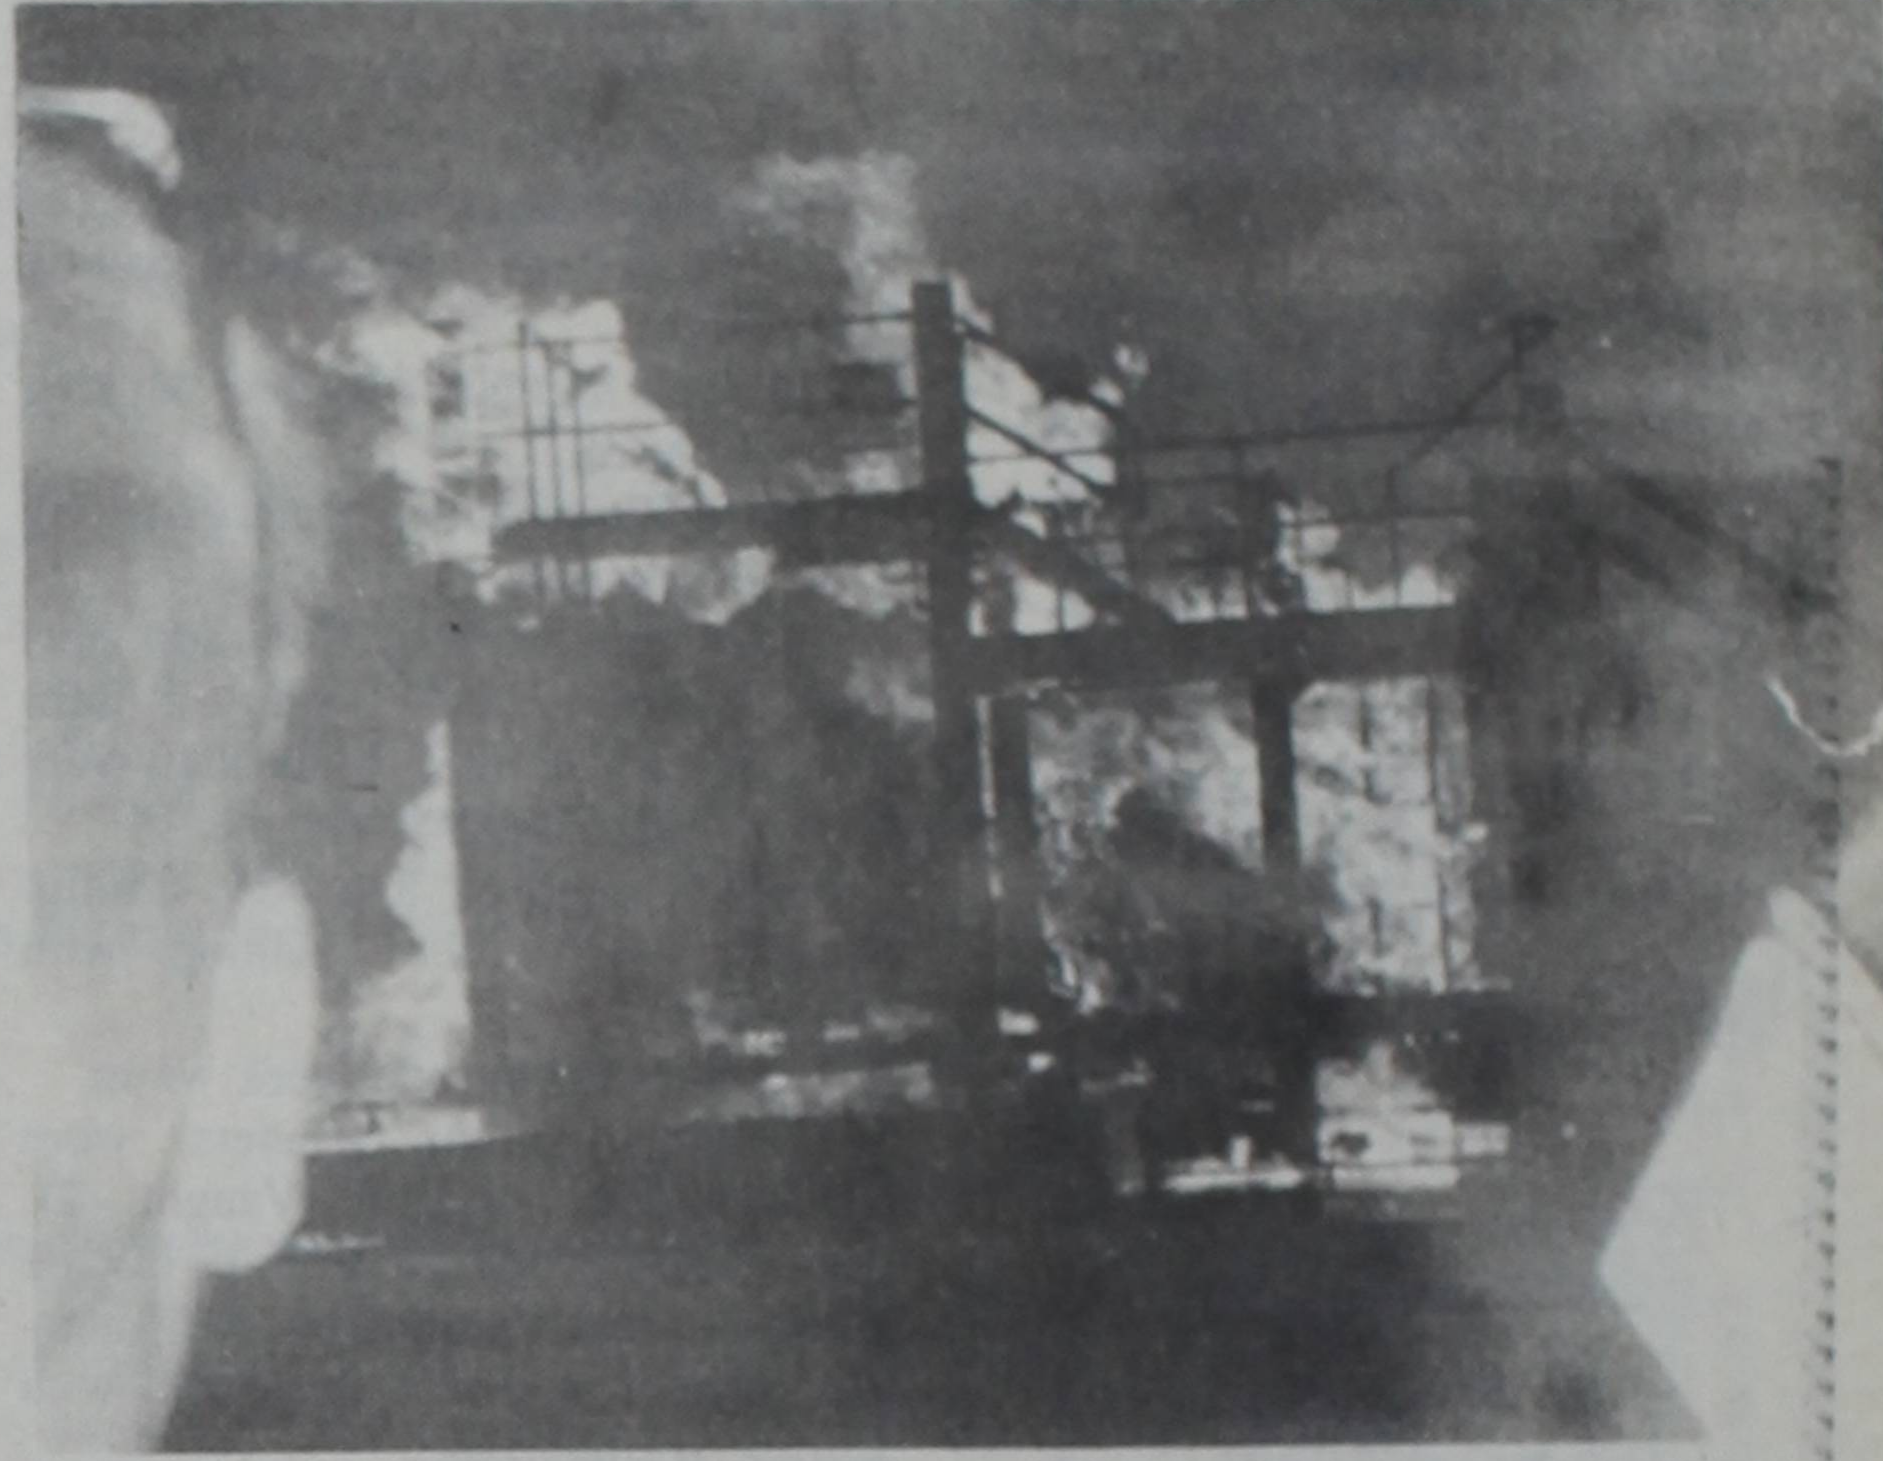

The instructors stressed the importance of protective clothing and air tanks to reduce the risk of smoke and chemical inhalation. They used equipment similar to what would be used in this area.

The firefighters put out actual fires. They walked into buildings that were between 1500 and 1700 degrees; they put out "oil field" fires that were up to 3500 degrees.

"I would like to see someone without training walk up to this fire and try to put it out," said Carouth, pointing to a picture of a blazing two-story oil field loading dock. "You couldn't make yourself walk into it."

Of the 2,900 people who attended the classes, 29 people were injured, although none seriously.

Firefighting is extremely dangerous work and periodic training is essential. Carouth and Reed would like to thank the Farm Bureau, the City of Cross Plains, and individual supporters for sending them to the training program.

Burkett News

By FREEDA BURKETT

The Burkett area received showers of rain the latter part of last week that amounted to a few tenths of an inch to an inch in some places throughout the Burkett Community and throughout the Burkett surrounding area. Then Sunday afternoon a thunderstorm came across this part of the country from a north-northeasterly direction to a southwesterly direction. It came through with a tornadic type high wind that whipped tree limbs in various directions and to the ground. The wind storm was accompanied by one to one and a half inches of rain over the entire Burkett area, according to farmers and ranchers that were contacted. Bill Hunter reported 2.2" rain Saturday and Sunday.

R.T. Watson 2.8" Saturday and Sunday. His car and pickup garage received wind damage when a fourth of the garage roof was blown away.

Mark Williams reported 2 1/2" rain and high winds.

The Bevo Webbs reported 2 1/2 inches rain and high wind. Just about everyone in Burkett received about 1.2" rain Saturday and 1 to 1 1/2 inches during the storm Sunday. No damage here was reported.

D.J. and Lois Turner were in Irving a few days last week attending the funeral of his brother, Clyde, Tuesday, June 23. Burial was in Oak Grove Memorial Gardens in Irving.

Sympathy goes to D.J. and Lois. R.T. Watson attended the Golden Wedding Anniversary party honoring Mr. and Mrs. Dick Thrasher last Sunday.

Montie Jennings' visitors over the past week were Mr. and Mrs. Elvin Hutchins and Brent Ray of Bangs, and Jeff Hutchins and son, Harrison of Stephenville, and Alvin Hutchins of Cross Plains visited Wednesday.

Lula Havner of Bangs visited Thursday to Sunday. Wilburn Havner of Bangs and his son, Russell Havner of Snyder visited Thursday evening.

Nita Thate visited Friday evening and Letta Vallier and Murlene Shazula of Abilene visited Saturday evening.

Jerry and Sandra Biehl and friend of Early visited W.B. Bludworth and Dalton and Lucille Gould last Thursday.

Russell, Eli and Alisa Gould of Abilene spent the weekend with the Dalton Goulds.

Eureta and Jody Whitley of San Saba visited and had lunch with her father, Lat Mountain, and sister and husband, Lovera and Jack Strickland.

Freeda Burkett spent Friday noon to Saturday evening with her sister and

husband, Clairene and Clint Edgar of Millersview.

Those on the sick list the past week were the Marty Callaway family, and June Walker has a cold and virus. She visited Sterling at "Caring Inc." in Brownwood Sunday, and he and others there also had colds and were not feeling so well.

Mike and Linda Brady spent the weekend in Crawford visiting friends, John and Carolyn Pricer. They left Sunday for San Antonio where he attended a Band Directors meeting.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

Last week's issue of the Review was especially interesting to me. I'm not positive just in what year (or 'which' year) I worked at the Review. I believe Benny Glover was the editor and Mr. Jack Scott was our publisher. Some time, I edited a column "Plain Talk." I have only a faint recollection of that column. I hope the Project Pride organization will keep up their good work.

I had the west side of my acres plowed up last week — and prayed for rain — and the rains came, for which I'm grateful.

We had good attendance at First Baptist on Sunday. Our pastor stressed the 'evil works' going on around us daily — how we are to avoid them. Our bulletin gave reasons to oppose the lottery — very important.

My daughter called me on Saturday. I appreciate her concern for my welfare. She sent me a package of family pictures last week. I'm really thrilled over them — the new grand baby is just precious!

Betty Beggs was her usual gracious self on Monday. She had visited Ms. Novilia Barton on Saturday evening. On Thursday she attended an art class where very interesting pictures were shown. On Friday, Mr. Jerry Beene of Romney visited them.

Ms. Jewel Foster reported some interesting people visited her on Satur-

day of last week. Her son, Charles, and three of his neighbors have motorcycles — and they all came here to visit her. That was a special treat for her. I believe they live at Baird.

I had a nice chat with Marianne Taff. Two of their grandchildren, Amber and Andrew, returned to Phoenix, Arizona last weekend — they had been here about two months. Nick and Mack Jr. spent last weekend with them. They visited Mr. Sam Balkum during the weekend and he has had open-heart surgery.

CARD OF THANKS

Card Of Thanks

The Rising Star Chamber of Commerce and Agriculture and Rising Star Roping Club would like to express their appreciation to the Cross Plains Roping Club for the use of their electric eye during their July 4th Junior Rodeo.

Both organizations were grateful for the cooperation from a neighbor community.

Card Of Thanks

We have completed another successful year of Little League and a big THANK YOU goes to the businesses and people of the community for their support of these young people.

We were able to do a lot of improvements on our existing fields and construct a new Pee Wee Field. Without help from everyone, we would not be able to make improvements each year.

To each person who allowed their children to play, coached, worked in the concession stand or press box, umpired, picked up trash or just came by and ate a hot dog or hamburger and watched a good game. THANKS, it takes everyone.

We appreciate everyone who participated in the future of our children.

LAKWOOD NEWS

By BETTY WESTERMAN

We are all saddened by the loss of our Board Member and fellow golfer, J.D. Green. He was always there to work and do whatever needed to be done to improve our golf course. He has been a real asset to the club for the past several years.

We were all glad to see J.D. play in our Thursday scramble two weeks ago. He hasn't been in good health for some time now, so he wasn't able to play much. It's great that he could play one last time. He enjoyed golf more than anything, and I think he has taught us all at one time or another.

Two years ago when my son was only 3, he always tried to play golf with our bigger clubs. J.D. went home and fixed up an old wood, cut off a shaft, and made it just Landon's size. It looked like a brand new club. Landon was so proud of that club, and could hit the ball so much better. He played just about every day with it. Later J.D. made him an iron and putter, too. They are all too small now, but we will always have them and remember how happy J.D. was to make them for his Little Buddy.

J.D. always called Landon his Little Buddy, so he called him Big Buddy. He sure will miss you, Big Buddy, as we all will. Everyone at Lakewood shares your loss, Virginia. God bless you and all of your family.

As John Paul said Friday, we know that J.D. is now playing golf at that big golf course in the sky. He might even make a hole in one.

MELANOMA

Now that the earth's ozone layer is thinning, skin cancer is increasing. Melanoma, a dangerous skin cancer, often begins with a pigmented mole, injured by sunburn or excessive ultraviolet light. Blistering sunburns among teenagers are most likely to result in skin cancer later in life. The protection of a sunscreen lotion is essential.

Need Help With Insect Plight?

Insects of all kinds have plagued homeowners, gardeners, and agricultural producers all year. Grasshoppers and webworms have dominated the area for the past few months and now another insect is being found in damaging numbers, the common bagworm. The common bagworm attacks a long list of trees and shrubs but its feeding is most destructive on arbor vitae and cedars. Many beautiful and ornamental plants around homes, public buildings, in parks and cemeteries are defoliated and killed each year by the feeding of these larvae. The young larvae construct small bags of silk in which are incorporated bits of leaves or twigs. As the larva grow, the size of the bag is increased correspondingly.

Chemical control or hand picking of the bagworm is usually effective. Dursban, malathion, or diazinon is recommended for control of this pest.

You can expect another generation (3rd or 4th) of webworms around the first week of August. This generation will probably be larger and more destructive than the last two previous infestations because of number buildup. Orthene seems to be the only chemical that is working with any regularity on the webworms.

For more information on insect control, contact the County Extension office at (915) 854-1518.

ROWDEN Cross Plains Elementary '91-92 School Supply List

By MRS. N.V. GIBBS

Part of the community had an inch or more of rain this week. Clouds built up two or three afternoons, but no rain for the south area.

Vernie Belle Mauldin had just recently put their name on their mailbox, and Saturday afternoon a couple by the name of Luther and Janice Mauldin of Rising Star saw the name Mauldin on their return home from a family reunion in Sweetwater. They drove to the house and the four tried to figure out if they were kin. They had not had any knowledge of being kinfolks.

Irene Masters of Snyder visited her parents, Gene and Vernie Belle Mauldin, Monday and Tuesday. She came with peaches and black-eyed peas, which they put in the freezer. A grandson, Kenneth Mauldin of Abilene, had dinner Sunday in the home. Kenneth's parents, Roland and Faye Mauldin, and Bill and Jane Coats of Baird have been on a vacation trip to Arkansas this week.

A fish and vegetable dinner was served at the Tony Steele family home Saturday. Those bringing the fresh channel catfish were Lee and Jean Jernigan of Lake Proctor. Opal Steele of Clyde, Jamie Hutton of Cross Plains, and this writer were their guests.

Joyce Odom's children and grandchildren all were home last Sunday. They were Ralph and Ginny Trevey and their children, David, Scott and Jennifer of Snyder, Ivon Odom of Stephenville, and Charles and Nancy Palmer and son, Michael of Clyde.

Emma Johnson and Lizzie Burks report the death of Dovie Neff of McAdoo, whose funeral was held Monday. Mr. Neff was first married to Mary Burks, a sister to Emma and Lizzie. John and Frances Lowry of Abilene visited Emma and Lizzie this week.

Visitors of Bob and Kathy Dye this weekend were her mother, Anna Denny, and her granddaughter, Diana Buzbee, and two children of Mason.

Edna Dye and her grandson, Douglas Dye of Abilene, spent the weekend at Possom Kingdom Lake with his parents, Tommy and Erlene Dye, who recently purchased a beautiful home near the lake.

Deloras Yarborough of Waco visited Robert and Dorothy Watson Friday. This is the family that Robert built a house for in Waco.

THE PIONEER PATCHWORK

By IRMA MILLER

The community received 2 1/2 inches of much-needed rain by noon Sunday. Thunderstorms were still around, so additional showers may have moistened the area further by the time you read this column.

Members of the Merrill family met in reunion at Lake Brownwood last weekend. Mrs. Lorain Merrill said relatives from this community and from Houston and Sonora visited together at the lake.

Frankie and Oliver Smith and Jean Fore enjoyed the Western Musical at the American Legion Hall in Rising Star Friday night. It was real good, clean entertainment. Saturday morning they went to Ranger and visited with Frankie's daddy. Saturday night they went to Echo to the musical there, and it was really good music.

Jean and James Alexander's grandchildren, Jackson and Will Alexander of Richardson, spent the week enjoying a visit here with their grandparents on the farm.

Novilia Barton, of the community, visited on Saturday with Lottie Sooter. Novilia Barton also visited with Nell and Joe Fleming on Wednesday of last week.

Elaine Pancake accompanied her son, Daney Ratliff and his wife, Iris, and Elaine's daughter, Dru and husband, John Eppard, and their daughter, Danielle, all of this community, to Weatherford Saturday. They all went to Trinity Downs just to see Daney's horse run in a race. Josh Pancake, Bill's and Elaine's grandson, of Las Vegas, visited this summer with them and with Jana, David, and Justin Hinkle of Cross Plains. He went home Friday.
