'Garth, That's What They Call Me Back Home'

By VANDA KING

The long anticipated Garth Brooks spectacular was opened by the beautiful Martina McBride. She charmed the sold out crowd in the Taylor County Coliseum at Abilene in her shiny blue mini dress and white cowboy boots and a voice with great range. Her first performance in Texas, she presented her debut album, "The Time Has Come," which the title cut made the Country Top 20. "That's Me" is her second hit single. "So this is Texas. They said you were wild and crazy!" Martina expressed.

The 8,000 devoted Brooks fans cheered with the zeal reknown of Texas country western music enthusiasts, while the music, colored lighting, and smoky mist created a dramatic setting as Garth's band slowly emerged from the center of the stage.

The musicians stepped from the risen platform, as another enclosed cubical lowered revealing the man everyone longed to hear, Garth Brooks.

Dressed in a red and black vertical striped shirt with black inset, black jeans, boots and topped with a black hat, the handsome cowboy's appearance brought the crowd to their feet expressing their adoration of an Okie with a down home spirit.

Singing "Rodeo" from "Ropin' the Wind," young and old were stunned by the unique set, light effects, and terrific sound this popular entertainer could produce. He was even greater in person. The acoustics were complimentary and you could hear perfectly as Garth said, "Hello, Texas! Everyone doing okay?" His next selection was "Papa Loved Mama."

Then, he removed his hat, placed it to his chest, a trademark for Garth, stating, "Thanks for letting us come back to the great State of Texas to play." This was his second appearance in Abilene.

He explained that he had a terrible cold and felt badly, but for the next 90 minutes he would give the fans the show they came for, breaking into "Two of a Kind" and having fun on stage with his wonderfully talented band.

"You, guys, really get serious. I like that a lot," he remarked, and introduced a song from his first album "Garth Brooks" called "Alabama Clay." The lighting changed as he mentioned specific colors green and red in the lyrics of the tune.

Garth started the introduction of his band, which consists of all the original group with the exception of one. "I call them family," Garth noted. Of course, the bass player is his sister.

"What's She Doing Now," was next with flowers flowing to the stage under the scrutiny of many bodyguards. Garth gathered his tributes lovingly and you wonder what he does with the multitude of floral tributes.

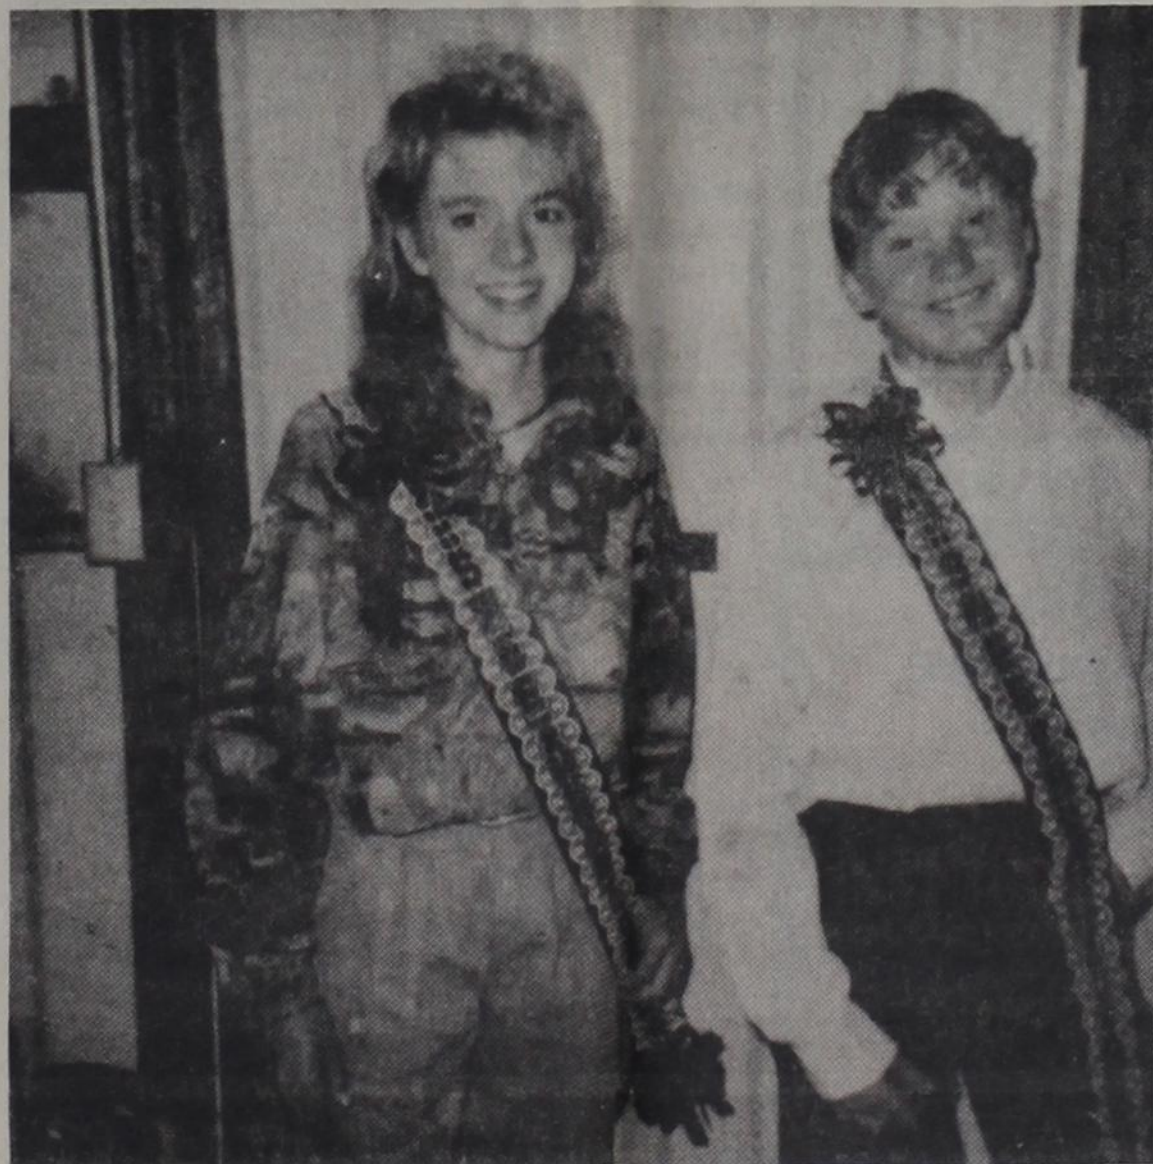

The lighting and dry ice smoke blowing almost faded him from sight, at least from our lofty top row, which was truly an excellent seating with full view of the entire stage, audience, plus you could stand the whole time if you preferred and never interfere with others.

"The Thunder Rolls" was by all means the most emphasized song with lightning and thunder realistically drawing you into the words of his most controversial production. The video focused on the every day problem of family abuse which Garth brought to the attention of the public, as perhaps no one else could. His family oriented ties are always evident.

The colorful designs that played on the specially designed stage was impressive and the men who coordinated the lighting effects contributed to the entertainment.

A standing ovation rewarded Garth and his staff. He looked out at the vast audience and said, "You, guys, really

ALREADY IN USE — Weight equipment is in place at the newest athletic facility for youth and community residents.

New Conditioning Facility Nears Completion

By CHARLES CHESHIR

One year ago, plans were approved by the local school board for the Buffalo Booster Club to work toward construction of a weight and conditioning room for our local school. Coach Doug Dallas, the school athletic director, believed such a facility was necessary to enhance all physical education and athletic programs in our school.

Generous donations by alumni, friends of Cross Plains, local businesses, and organizations have made the facility become a reality.

The addition of the training facility on the east end of the current gymnasium was constructed in four stages: 1. The foundation and floor; 2. The block walls matching existing gym; 3. The insulated metal roof; and 4. Doors, windows, and lights.

Superintendent Lee Thompson, the entire coaching staff, and the Buffalo Booster Club wish to express thanks to each donor, large and small, who made the facility possible, and extend an enthusiastic welcome to the entire community to visit and use the new weight room.

Within the coming year, special plaques of donors and memorials will be placed on the west wall of the new room. Many folks have given of their time and money to make this special project a reality, proving once again that Cross Plains is a "Caring Community."

The Booster Club wishes to express a special thank you to the following for donations of time, equipment, materials, and labor to allow the pro-

ject to be completed before the new school year began: The *Cross Plains Review* and Vanda King for helping with publicity and reporting progress through the year; Rickey and Sandy Carey for hours of time, hard work, and materials, wiring and installing conduit switches, and lights; Rex Beggs and Lynn Koenig for donating approximately \$1500 in welding and fabrication; Susan McNeel for typing and labels used in Booster Club mail-out; Warren Trammell for computer printed labels; Randy Foster for time, equipment, and labor; Doug and Christy Dallas for obtaining supplies and countless hours of painting; Melissa and Monty Richards for support and countless hours of fund raising; and Jack Scott and Richard Wilson for serving on the fund raising committee. Special recognition will be given later to all who have given cash contributions.

Final completion of the facility, including porches, sidewalks, and parking area, will be financed by future donations.

If you have not been by to see the room, do so soon, and if you have intended to contribute to its completion, but just haven't gotten around to it, please consider giving now. Make checks to Cross Plains I.S.D. and mail to: Buffalo Booster Club c/o Charles Cheshir, Route 1 Box 84 C, Cross Plains, TX 76443.

Garth

wanted to see me from far away." Only binoculars could trace his facial features from distant seats, but that did not matter to his adoring fans.

The fans clapped along as he performed the upbeat, "We Buried the Hatchet." The easy listening "The River" was the next selection with the stage light and reflecting swirls.

Garth related early performances featuring 3 and 4 hours singing per night and said, "Garth, that's what I go by back home. I always sing one song with only my guitar." He sat on the edge of the center stage and crooned "Unanswered Prayers." His band left the stage and Garth made this very personal.

A lady presented him a dozen red roses and Garth kissed her on the cheek, while the crowd screamed their approval.

Garth shared the fact that "The Ones the Wolves Pulled Down," which he performed next, was his favorite song on his favorite album "No Fences" and he regretted that it was not a single hit for him.

During this song men threw their hats on stage, demonstrating their appreciation of his efforts. He humbly picked up felt and straw hats and later explained that he would return their prized possessions, as he knew what they meant to these cowboys.

"Garth, that's what they call me back in Nashville," he noted to the laughter of the fans, went on to explain that his production company did not want him to perform any selections on his latest album. "Me being the kind of company man I am," replied to their request. "This is my tour."

"We Shall Be Free," a religious song was a hit with everyone. It related basic daily trials such as racism, guilt, and the right for freedom of religion. Garth's success, I feel, has always stemmed from his incorporation of his personal faith in all his interviews. He always speaks of God and gave him the glory for his accomplishments during the many Country Music Award programs. It is refreshing to see someone give credit to his Creator.

He sang his first single hit, "Much Too Young," and said "God Bless Chris LeDoux," his inspiration for singing.

LeDoux, a former World Champion bronc rider, and Brooks currently have a duet, "Whatcha Gonna Do With a Cowboy?" which is on the Top 40 chart. They were not even in the same studio when they recorded the single on LeDoux's latest album.

Garth's next tune, "If Tomorrow Never Comes," still receives many fan letters praising it. Brooks' silhouette was on the spotlight.

The next biggy was "Shameless," which he commented took everything he had to perform. He did his famous wiggle with his legs to the delight of everyone.

"Friends in Low Places" followed.

TREBIE WEST LAWRENCE
...weds Tye Lawrence July 25, 1992

West-Lawrence Wedding Held July 25, 1992

Trebie LeAnn West and Tye Rae Lawrence were married July 25, 1992, at Southgate Church of Christ. Paul Shero officiated.

The bride is the daughter of Mr. and Mrs. Wesley West of Ozona. The bridegroom is the son of Mr. and Mrs. Glenn Lawrence of Abilene.

Maid of honor was Tamel West of Ozona. Bridesmaids were Tamara Lawrence of Abilene and Connie Lewis of San Angelo.

Best man was Nic Ybarra of Houston. Groomsmen were Robert Willicutt of Odessa and Jeff Montgomery of San Angelo.

Ushers were Glen Millinger of Lubbock and Zane Gilbreth of San Angelo.

Mrs. Lawrence is a graduate of Ozona High School and received a bachelor of science degree from Angelo State University in 1992.

Her husband is a graduate of Eula High School and received a bachelor of arts degree from Angelo State University in 1991. He is employed by Community

Supervision and Corrections of San Angelo.

After a wedding trip to Puerto Vallarta, Mexico, the couple will live in San Angelo.

He and other band members ran around the stage while he occasionally rotated his fists in enthusiasm. The mysterious third verse was sang by the audience, along with Garth. It sounded great with all the voices.

A little five-year-old cowboy was placed on the stage and to his mom's pleasure, Garth presented him a whole guitar. They did not bust any guitars at this concert.

Taylor Mayne Pearl Brooks, he announced, was three weeks and 1 day old at that time. "Something so small can make such a big change. I hope God gives me the strength to do both parenthood and music, because my family always comes first for me." The crowd loved his dedication to family and his support could spur a return to the importance thereof.

Young men in the audience removed their hats and held them to their hearts in reverence to all the men "The Dance" featured. Lane Frost, one man in the video and a world famous bull rider, is a hero to many young cowboys. Garth, then, took all his flowers and waved goodbye to his fans.

Cheering and stomping their feet, the audience asked for an encore. He returned to sing the final song, which was another new one. Garth took a couple of bottles of water and sprayed them wildly on stage and picked up a spotlight and moved it slowly throughout every section of the coliseum.

Garth's showmanship was superb and his down to earth personality stole everyone's heart.

Thanks, Shelley (Key) Satterfield and Kala (Pill) Key, for offering the Garth Brooks tickets, and to my publisher, Don Tabor. It was a memorable evening for my daughter, Leah, and me.

In Memory Of Douglas Mc Archer

By SHARRON MERRY

A great man died on Sunday, a man of strength, great spirit, and a love of life.

He was our brother and son, and will not be soon forgotten.

As we reflect back on his life, many memories flood our minds. We think of his first words to Daddy being, "Daddy bog up," and the words came easily thereafter.

He had hemophilia and there were many episodes of bleeds and grief by us all over those days when Vitamin K was all that was available to stop his bleeding. As a result he was to walk on crutches from age 6 til death.

He was not allowed to attend school because of the hemophilia, but Daddy and Mother did not give up but taught him at home, and finally found a school that would take him. He was intelligent and swiftly skipped grades in school until he was in that appropriate grade. He had such a thirst for knowledge and was self taught in anything he did.

Although he may have been thought to be disabled by society's standards, he never seemed to let that keep him from tackling any job, going any place, or doing anything.

We still marvel at him working the midnight shift at the old Pancake Truck Stop, pulling himself up on those trucks, washing windows, and changing tires. He would come home after those long nights and carry Sharon and J.S. to school in that old red station wagon.

He loved family and fun, and every picture always captured him with that great grin that let you know it was great to be alive and savor all the ups and downs that follow anyone's life. He had nicknames for us like "Bud," "Sister," and "Mama-seta," and he always said them with affection.

He loved to do things with his brothers, and car racing was a passion. He could hardly wait for Fridays to

come to "Mama-setas" and get ready for the races. Mc, J.S., Dan, Ted, Guy, and Claude would work on that old race car and most of the time it only made a lap or two around the track; but that was OK, cause it was just as much fun for Mc to sit in the stands with his family as work on the race car.

Those happy days seem to be so distant; a dull memory compared to what was to come after.

We feel his death was untimely, and has left our hearts heavy as we try to deal with the loss of this man we respected and loved so much.

He gave so much to us. Unspoken things like inspiration, dignity, a zest for life, caring, and friendship that never faltered.

Yes, a great man died on Sunday, and though our hearts are grieving and empty without his presence, and our emotions high due to non-understanding of "Why this happened to our brother and son." We know at last he is at peace, in no pain, and walks without his crutches with our Daddy — what a great reunion that must have been.

As we lay Mc to rest today, a part of us goes with him also.

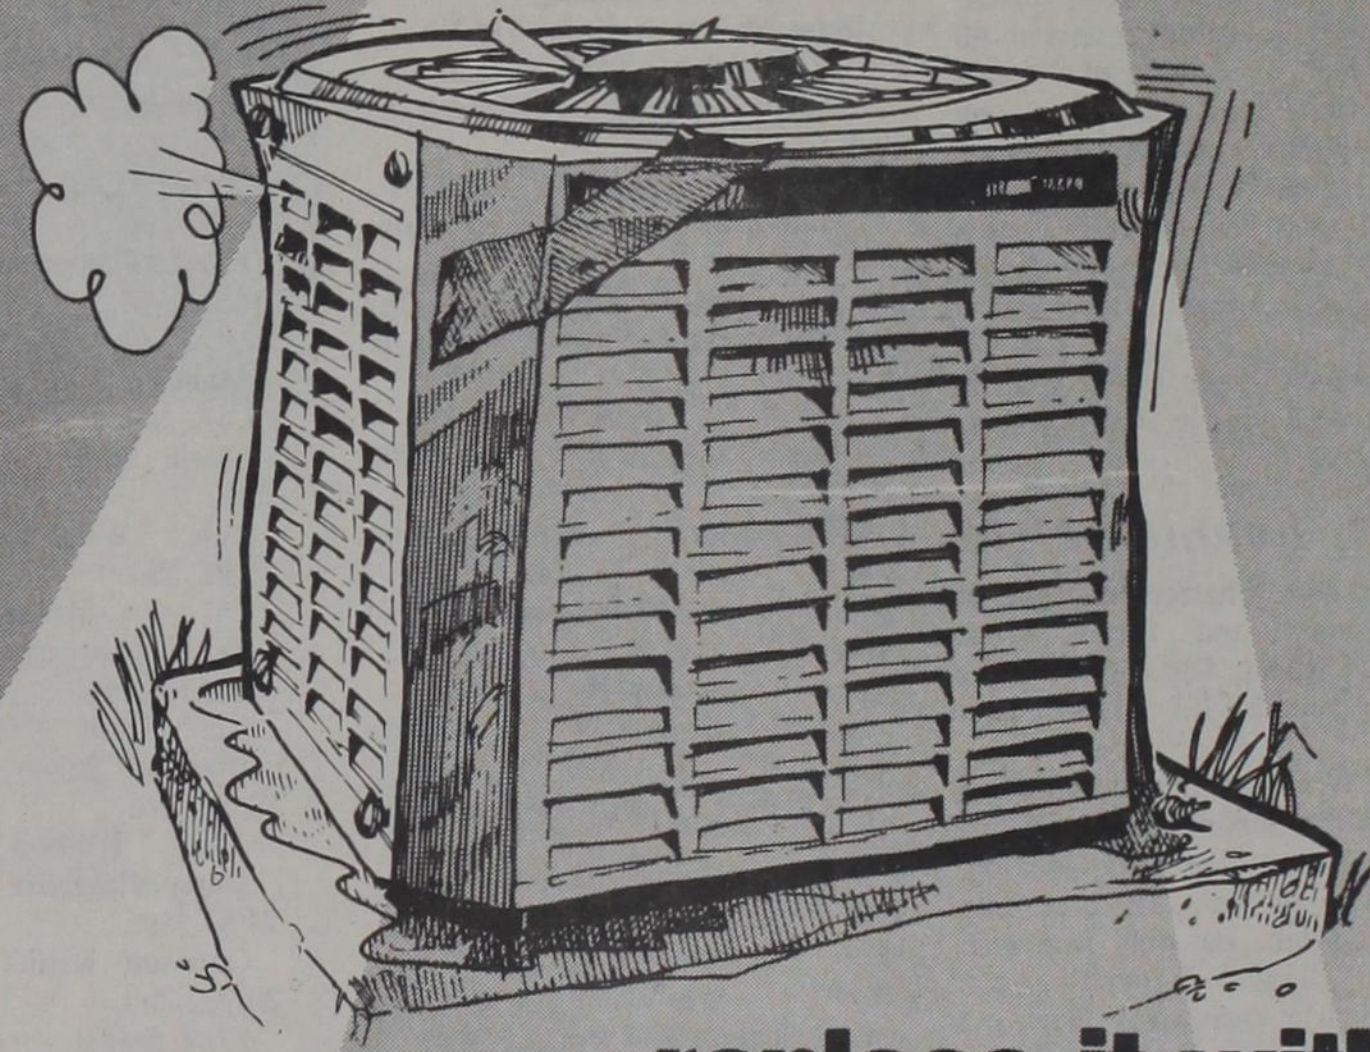

He touched us and that will never be forgotten.

WEEKLY Health Tip
INFANT FEET
Infant feet develop best without the constriction of shoes or socks. Specialists agree that infants need not wear shoes or socks until they start walking outdoors. When children do start walking, flexible sneakers or running shoes are better than traditional rigid shoes. They should be checked often for proper fit; a child can outgrow shoes in just 2 months.
Your better health is our concern.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This is a beautiful Monday morning — and I just can't realize that August is here! The eighth month out of twelve — we must make the most of every day while we have the time and effort.

I talked to my one son on Sunday. I got the impression that he is homesick — but not seriously, I hope. With a houseful of busy 'gals', he should be happy — and from his report, Karen is the busiest of all. She 'teaches teachers', and from all accounts, she is really good at that.

I saw our 'old' friend, Dorothy Odom, at the store the other day. I had not seen her in quite some time. When we moved here from Abilene, she ran the cafe downtown, and they were very helpful to us in many ways.

On Friday of last week, my tall, long-armed neighbor, Bob Roody, came in here and put new bulbs in my kitchen ceiling. I'm truly grateful to him. Sally reports that they visited Ms. Nettie at the nursing home nearly every day. Billy and H.A. Freeman of this area, and Artie and Bertie Freeman of Abilene had supper with them this past week.

Betty Beggs reported that they had enjoyed the Olympics on TV this week. Rex and Edith Beggs and children enjoyed the Garth Brooks show in Abilene on Friday. On Thursday, they attended the Junior Rodeo at Cross Plains. Betty reported that the George Taff family held their reunion this past week.

I appreciate a call from my long-time friend, Mrs. Dale Gary. Gena Fleming of Fort Worth visited her mother and father this weekend. My good neighbor, Mrs. Jewel Foster, was in Sunday School and church on Sunday. She had been unable to attend for awhile.

Mrs. Tillotson didn't have any special news, but she reminded me of the AARP meeting which is scheduled for this morning.

A strange sort of 'critter' has been flying around here this morning. 'It' is either a hawk or an owl — I don't know — he is a large critter — harmless, I'm quite sure, and interesting to watch.

Personals

Visiting J.P. and Nettie Clark, of Cottonwood, last week were Lawrence Hunt of Early and Otis and Ursula Hunt of Columbia, South Carolina.

Cheerleading Clinic Successful

By LORI DILLARD

This past week the Cross Plains Varsity Cheerleaders held a cheerleading clinic for girls from Kindergarten to sixth grade. They had a very successful week

with 28 girls in attendance.

The girls learned cheers, chants, and jumps, and performed a small pep rally for their parents the last day. They worked hard, but had lots of fun. They were an outstanding group and we hope to see them again next year.

Loans Now Being Accepted

TEMPLE - Don M. Newhouse, County Supervisor of the Farmers Home Administration (FmHA) in Taylor County, announced today that the Agency in Texas is now accepting applications through approved local lenders for rural housing loan guarantees.

This new Guarantee Program offers loan opportunities to families who by themselves are unable to afford a commercial loan, thereby extending the possibilities available to rural residents to obtain decent housing. Guaranteed Single-Family Housing Loans may be made for up to 100% of the value of a property, for which Farmers Home Administration guarantees 90% of this amount for the lender. This program offers opportunities not only to low-income families with incomes of approximately \$18,000 to \$38,000, yet to moderate-income families with incomes of \$23,000 to \$47,000 who are unable to obtain credit elsewhere. FmHA Housing Guarantees furthermore have a loan fee of one (1) percent which is less than the similar fee for FHA of VA.

Areas eligible to receive Farmers Home Administration funding include open country, communities with populations of 10,000 or less, and under certain conditions, towns and cities with populations between 10,000 and 20,000.

Applications for guaranteed rural housing loans should be submitted to local approved lenders of FmHA.

For more information, you are asked to contact Don M. Newhouse, as Newhouse currently serves Taylor, Runnels, and Callahan Counties. In Taylor County, he may be reached at 2203 Federal Building, 915-672-1181, in Abilene during the hours of 8:00 to 12 noon and 12:30 p.m. to 4:30 p.m. In Runnels County he may be reached on the 3rd floor of the Courthouse in Ballinger, 915-365-2428 on Tuesday during the hours of 9:15 a.m. to 12 noon. In Callahan County he may be reached

on the second floor of the Courthouse in Baird, 915-854-1049, on the 2nd and 4th Wednesday of each month during the hours of 9:00 a.m. to 12 noon.

FmHA, as the lending arm of the U.S. Government, has long been a source of credit for farmers, ranchers, and rural homeowners who have been unable to obtain credit through commercial lenders such as banks, savings and loans, Production Credit Associations, and Federal Land Banks. Farmers Home Administration has attempted to aid those borrowers as a Lender of Last Resort.

Stocker Cattle/Wheat Seminar August 10

A Tri-County Stocker Cattle/Wheat Seminar will be held on Monday, August 10, at 6:30 p.m. at Zentner's Daughter Steakhouse in Abilene. An excellent program is lined up, including Dr. Travis Miller of College Station and Dr. Bill Pinchak of Vernon.

Dr. Miller will present information on small grain forage varieties and grazing management. Dr. Pinchak, a range nutrition researcher, has conducted research on stocker cattle grazing in the Rolling Plains area for several years and has been very successful with his health program for incoming stockers.

Dr. Rob Harle, of Clyde, will present a brief presentation on proper inoculation sites. This is one subject that will be heard more about because of its importance to the entire cattle industry.

A number of area firms and businesses will be on the program as sponsors of the seminar.

A head count for the seminar is needed, because of the meal, and everyone is asked to call Greg Gengross, County Extension Agent, (915) 854-1518, or Joe Wilson (915) 674-1321 by August 6. Three years ago, they filled up and had to turn people away because of space limitation, so please call early.

State Agency Offers Interest-Free Home Improvement Loans

The Texas Department of Housing and Community Affairs (TDHCA) announced today that \$1 million is available statewide for home improvement loans. Eligible low income homeowners may borrow up to \$15,000 and pay no interest.

The purpose of the program is to assist homeowners in making permanent structural improvements to their home. Eligible improvements must enhance the livability of a home or correct a health or safety problem.

"The Home Improvement Loan Program will help Texans who have always wanted to improve their home, but have never had the opportunity. The monthly payment on a home improvement loan is very affordable because the borrower has a great period of time to pay back the loan and is not charged interest," said Paul R. Rodriguez, chairman of the board,

Texas Department of Housing and Community Affairs.

The term of the loans varies and depends on the amount of money borrowed. Loans between \$1,500 and \$5,000 have a maximum term of 10 years; loans more than \$5,000 and less than \$10,000 have a maximum term of 15 years; and loans more than \$10,000 have a maximum term of 20 years. The minimum monthly payment for a loan is \$25.

In order to be eligible, the borrower must meet qualifying guidelines, have a sufficient income to afford monthly payments and make no more than 80 percent of the area median income.

The 72nd Legislature created TDHCA by merging the former Texas Housing Agency and the former Texas Department of Community Affairs. The Community Development Block Grant was also transferred from the Texas Department of Commerce to TDHCA.

The Texas Department of Housing and Community Affairs is dedicated to helping Texans achieve an improved quality of life through the development of better communities.

Persons who are interested in the Home Improvement Loan may call the department's toll-free number, 1-800-792-1119.

**THE PIONEER
PATCHWORK**

By IRMA MILLER

The time has come to elicit again for our reading public the source of our column's name. It is about the Pioneer community residents who create quilts, many of them patchwork designs. The community has frequently been called an oil patch due to the oil boom which happened here in the 1920's. We see many peanut patches growing in the neighborhood. If you visit here, you may notice a few people wearing patched clothing. It will probably be very few, because women don't have much time nowadays to patch clothing. As for the patchwork quilts, they are secondary to the visiting which goes on especially at luncheon.

Jean Alexander invited all the quilting ladies to her home for a summer vacation season party on Monday, and they all had a good time. Star, Heather, and Andrea Appleton and Carolyn Marcus, all of Corpus Christi, were here with Jean and James on Monday for a few days' visit.

Frankie and Oliver Smith were visiting in Ranger on Saturday with her father, who was doing real good. On Sunday night, Ed and Sally McAnally of Cross Plains were visiting Frankie and Oliver after the four played golf in the afternoon.

Skip Jones, of Abilene, son of May and D.P. Jones, visited them this week, and off and on this week, Randy Wroble and children, Autumn and Andrew of Abilene, were visiting. Grandson, Pate Jones from Kansas is still with them for a summer visit.

Novilia Barton attended the Monday night party for the quilters at Jean Alexander's, and it was a highly enjoyable time for her.

Barbara and Bob Powell were home Monday from their Oklahoma trip, and feeling fine.

Laverne and Cowan Hutton made a trip Friday to Lubbock and Shallowater, visiting his mother and a sister and a couple of his brothers.

John and Irma Miller held their family reunion at Pioneer this year, and greatly enjoyed their visit with the 17 relatives and one friend in attendance.

**Private

Please call (915) 854-1518 by August 5 if you plan to attend the training.

50 YEARS TOGETHER — Dorothy and Albert Lovell.

**Mr. And Mrs. Albert Lovel
To Celebrate Golden
Wedding Anniversary Aug. 8**

Albert and Dorothy Lovell will be honored on their 50th Wedding Anniversary in the Fellowship Hall of the First Baptist Church in Baird on Saturday, August 8, 1992, from 2-4 p.m. They will repeat their vows at 2 p.m. with their son, Rev. Eric Lovell officiating.

Hosts will be their three sons, wives, and grandchildren.

Albert was born on February 27, 1921 at Cottonwood, attended Cottonwood School, and graduated from Cross Plains School in 1938.

Dorothy was born January 28, 1925 near Pioneer in Eastland County. She attended Cross Plains School and graduated in 1942.

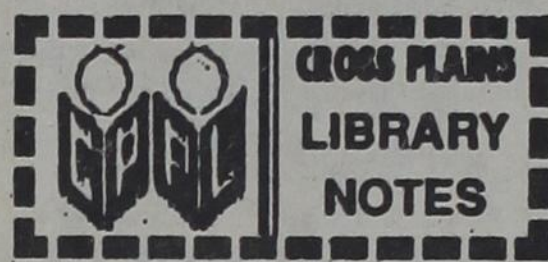

They met in October 1940 at a church service in Pioneer and were married August 9, 1942 at the Baptist Parsonage in Cross Plains by the Rev. C.E. Poe.

Albert enlisted in the Navy Seabees in 1942 and spent three years, during World War II, most of this time, at Guadal Canal and Okinawa and was discharged in November 1945. He, then, worked for Higginbotham Bros. and Co. for 5 years and 2 1/2 years for a John Deere dealer in Lovington, New Mexico. After moving back to Callahan County, he was elected Tax Assessor/Collector of Callahan County in 1960 and served in that position until February 1986, returning after more than 25 years as Tax Assessor/Collector.

Dorothy has been a devoted homemaker and a faithful worker in the Baptist Church, serving as W.M.U. director, Sunday School teacher, and various other places. She has been a volunteer to deliver meals for the Meals on Wheels in Baird for the past 14 years.

They have been blessed with three wonderful sons, Rev. Eric Lovell, Pastor of the First Baptist of Ackerley, with his wife, Joyce and daughter, Dana; Allen Lovell lives in Paint Rock with his wife, Phyllis and son, Bryan and daughter, Amber, and he is vice president of the First State Bank in Paint Rock; and Bobby lives in Baird with his wife, Gail and son, Aaron, and he is employed by Merchants Motorlines in Abilene.

Albert and Dorothy say the Lord has blessed them with a good life together and invite you to join them for this happy occasion.

By MRS. N.V. GIBBS

Rain gauges measured a little less than 2 inches to over 3 inches to the north of the Gibbs place. The Odom gauge was less than 2 inches. It was a most welcomed rain, even if the dirt roads did get muddy.

When Vernie Belle Mauldin was called for news Saturday, she reported they had a house full of company. All five of their children were home for the weekend. A few members were not there. The Carl Mauldin family of Rogers, Arkansas, Irene Masters and family of Snyder, Marjorie Brown and family of San Antonio, Roland Mauldin family of Denton Valley, and the Don Mauldin family of Las Vegas, Nevada. They had the visit planned for some time, but did not know if all could be there.

Don and Maryanna Harrell and Leigh attended the Garth Brooks Concert in Abilene Friday night. Leigh also spent last week at a family reunion of the Harrell family in Myrtle Beech, South Carolina.

James and Dorothy Reynolds attended Revival services in Cross Plains at the Believer's Fellowship Thursday night.

Bob and Kathy Dye were on a trip to Jamaca on their 32nd anniversary last week.

Weed Control

To qualify for full benefits on 1992 program crops, Scott Odom, County Executive Director of the Callahan County Agricultural Stabilization and Conservation Service, says farmers

must control weeds on cropland removed from production by the acreage reduction programs.

Odom said maintenance measures must begin soon after conservation

protection has been established on the land. "Farm program participants must not neglect the acreage and allow it to grow into weeds or to become a harboring place for insects and rodents."

Under the 1992 farm program contract, producers are required to use adequate control measures on ACR and CU for payment acres to prevent weeds, insects and rodents. They are also required to protect the designated acreage from wind and water erosion by planting approved cover crops or establishing approved conservation practices on the land.

"Keeping the land free from weeds is essential and farmers who fail to do so will be out of compliance and could lose payments and other program benefits," ASCS official Odom said.

Eligibility for participation in all programs administered by ASCS is established by law without regard to race, color, religion, sex, age, national origin, marital status, physical or mental handicap, political affiliation, or sponsorship club.
