News From Boys In Armed Forces

The following men in the service have been added to The Star's subscription list since last week:

Glynn Gibson with the U. S. Navy in the Pacific sent by his mother, Mrs. A. W. Gibson.

Lieut. Morris H. Cooke, Ellington Field, Texas where he is taking his advanced flight training. Sent by his sister Mrs. Dupree Bryant.

Lieut. Thaxton McGowen and Lieut. Carroll McGowen both in the Dental Clinic of the U. S. Navy in the South Pacific sent by their mother Mrs. J. H. McGowen.

T-Sgt. Jessie C. Hart, who has recently landed in England sent by his mother Mrs. Fred Hart. Sgt. Hart is a radio gunner in the Army Air Service. He has been in the service since .

Lieut. J. L. Hawk and family visited Lieut. Hawks grandmother, Mrs. M. Pearce and family this week. They were enroute to San Antonio.

S-Sgt. Durwood Harris U. S. Army in Australia sent by his wife who is dividing her time with her parents Mr. and Mrs. Homer Walker Baird, and Mr. and Mrs. W. S. Harris of Oplin.

Mrs. J. T. Loper has had several letters the past week from their sons Sgt. Jerry, Lea and Aubrey Loper, who are with the U. S. Marines in the South Pacific.

Sgt. C. C. Blakley with the U. S. Army is another Baird boy who has recently arrived in England with the armed forces. His aunt, Miss Evalyn Blakley had a letter from him a few days ago.

Cliff N. Harris Seaman 2-c with the U. S. Navy Air Force writes The Star force that he is ok—has had some interesting experiences in the North Pacific and some not so interesting.

Mrs. John H. Owens of Abilene is a new subscriber to The Star. Mrs. Owens' only son Sgt. Bobby Owens is with the U. S. Army Air Force in North Africa.

Mrs. Ace Hickman had a letter from her son, S-Sgt. Reaves Hickman who is with the U. S. Army in Sicily in which he says he is "not on a sight seeing trip."

Robert Warren with the NavyShip Repairing Department at Mare Island Calif., as a civil service worker is at home for a two weeks stay awaiting transfer to another port.

Pfc. Jim Bob Denny with the Army Air Corps now stationed at Brookly Field, Mobile Ala., is at home for a 15-day leave with his parents, Mr. and Mrs. Roy Denny. Jim Bob took his first mechanical training in the University of Minnesota and later was stationed at Lincoln, Neb.

S-Sgt. William Kenneth Lahm son of Mr. and Mrs. J. B. Lahm, former residents of Baird, now living in Ajo Arizona, is now serving in the U. S. Army as radio operator and gunner in England. Sgt. Lahm is a grand son of Mr. and Mrs. G. H. Corn of Baird.

Mrs. Chas W. Coats of Cottonwood was in Baird Monday. She tells us her youngest son S-Sgt. Chas W. Coats Jr., with the Army Air Service is now stationed at Foster Field, Victoria, Sgt. Coats' father is a veteran of World War I, serving overseas in the 53rd Amm. Train.

To Locate Permanent Site For Pioneers' Reunion

The officers and committee recently appointed to make plans for securing a permanent place for the Callahan County Pioneers to hold their annual reunions met in the County Library at the courthouse last Saturday afternoon.

The following investigating committee was named:

Jack Scott, Cross, Plains, Chairman
M. G. Farmer, Baird
Roy Armor, Oplin
Fred Heysler, Putnam

The four county Commissioners', H. A. Warren, Pre No. 1, Baird; Lucian Warren, Pre. No. 2, Oplin; O. D. Allen, Pre. No. 3, Putnam and Jack Lacy Pre. No. 4, Cross Plains, were added, to the committee who will look over different sites in the county suitable for a place. There are several places suggested. It is the desire of the officers of the association that the place for this purpose be located as near the center of the county as possible and accessible to all parts of the county.

This Investigating Committee will report to the officers and standing committee sometime within the next few weeks.

BABY GIRL BORN TO MR. AND MRS. HORACE ELLIOTT

A baby girl was born to Mr. and Mrs. Horace Elliott Wednesday, Aug. 18th at the Callahan County hospital. The little girl has been named Shirley Ann.

The father is with the Seabees in the Southern Pacific and it will be several months before he will get to see his baby girl.

J. H. Winters New Executive of Public Welfare

The State Board of Public Welfare has announced appointment of John H. Winters as executive director of the State Department of Public Welfare. Mr. Winters was not an applicant for the job but was requested to accept the position, the board stated. The appointment was made by unanimous vote of the board.

Mr. Winters has been commissioner of Potter County for six years and is now serving his fourth term. He is the only county commissioner to ever be elected president of the county judges' and commissioners' association of Texas, his term expiring in November 1942. He is an Amarillo businessman. He has served on the Amarillo public school board, the Amarillo college board of regents and has been a consistent champion of public welfare as a county official and as the state president of the county judges' and commissioners' association.

The new executive director is 41 years of age, is married, and has a 21 year old son, Sam, who is in the Naval ROTC of the University of Texas. Mr. Winters was born and reared in Stephenville where his mother still lives. He attended the John Tarleton Agricultural College of Stephenville, and Simmons College, Abilene. He has resided at Amarillo for the past 22 years. He will arrive in Austin Monday to take over the duties of his office.

Mr. Winters accepted the job at a salary of \$5,000 per year, the board stated. The officials announcement of the board explained that since the attorney general has ruled that the executive director is a state official, it is felt that the salary should be paid out of the state appropriation rather than with federal money. The salary is itemized in the state appropriation at \$5,000 and when paid with state money is limited under the law to this figure.

PRESBYTERIAN SERVICES

Rev. S. P. Collins, pastor will preach at the Presbyterian Church Sunday at both the morning and evening service.

BONDS OVER AMERICA

For years our government has worked to improve conditions for our citizens everywhere. Bonneville Dam in Oregon is one of hundreds of projects erected for our benefit.

Bonneville Dam

Keep in Step Buy War Bonds

In Russia the Soviets with the help of American Engineers harnessed the waters of the Dnieper River. Hitler's Huns marched in and the Russians destroyed their greatest work of this generation.

Leta Coppinger And Jas. F. West Married At Stamford

The marriage of Leta Coppinger of Abilene and James F. West, oil man of Stamford, took place Wednesday evening in the parsonage of the First Baptist church at Stamford, the pastor, the Rev. Miles Hayes reading the service at 7:15.

Gwendolyn Gray and Art J. Frazier of Abilene served as attendants to the couple.

The bride wore a turquoise blue Wragge suit, with veiled off-the-face felt hat and other accessories in black. Her flowers were gardenias, worn as a corsage at the shoulderline of her suit.

Miss Gray wore a gray ensemble with black accessories and corsage of red rosebuds.

Mrs. West is a daughter of Mrs. Minnie T. Coppinger of Cottonwood, long-time resident of Callahan county. Manager of the Gift Shop of Ernest Grissom's Mrs. West has been connected with that department store for ten years.

West is a son of Mr. and Mrs. J. H. West of San Diego, Calif.

The couple will live on West's ranch, two miles east of Stamford.

TEXAS 4-H CLUB BOYS WILL CONDUCTING SWINE DEMONSTRATIONS

Members of the Texas Boys' 4-H Clubs who are conducting swine demonstrations, will produce the equivalent in pork of the food budget of 50,000 fighting men in 1943. This estimate is based upon preliminary reports from County Agricultural Agents.

This spring 1500 purebred sows and boar pigs were placed with Texas 4-H Club boys. These added to the 1080 likewise placed in 1942, and the 784 in 1941, makes a total of 3,364 breeding hogs in the hands of the Club boys. Of this number Callahan County Club boys received several pure bred sows, and the increase in pure bred breeding stock has resulted in 50 swine breeding demonstrations.

It is expected that the Club boys having these demonstrations will produce approximately 500 pigs during the coming year.

FORMER METHODIST PASTOR VISITS HERE

Rev. W. Y. Switzer of Sayre, Okla., made a short visit in Baird Friday of last week. Rev. Switzer is a former pastor of the First Methodist Church of Baird, serving as pastor here during World War I.

Rev. Switzer was a special friend of the late W. E. Gilliland, Editor of The Star, and made the office a pleasant visit. Among other old friends he met were: E. C. Fulton, Bob Norrell, M. G. Farmer, and B. L. Russell, Jr. He was enroute to Comanche, his old home to attend a home-coming of the Methodist Church and said when he reached Albany he could not resist driving by Baird, where he and his family spent some happy years.

Transportation Meeting To Be Held In Sweetwater

John W. Reed, District Manager, Office of Defense Transportation, San Angelo, Texas, said today that a very important meeting is scheduled for Saturday, August 21, 1943, at 1 P. M. to be held at the Blue Bonnet Hotel in Sweetwater, Texas, for the specific purpose of discussing motor transportation conservation measures relating to the cotton seed industry and for the selection at the meeting of tow definite and separate committees.

One of the committees is to represent the cotton seed and cotton seed products industry and will be known as the Cotton Seed and Cotton Seed Products Industry Committee. The other committee will consist of cotton compressors, warehousemen, dealers and ginners and is to be known as the Cotton Industry Committee.

Definite action will be taken at this meeting that no doubt will materially affect the operation of this particular business and each member of the industry to whom it effects is given the opportunity to be present and participate in very necessary and important discussions and proceedings.

Mr. Thomas R. Haggard, O. D. T. Regional Farm Vehicle Specialist, Dallas, Texas, is to be present and will fully explain the provisions and possibilities of the program and will render any other said possible to the industry. We trust that nothing shall prevent the presence of all interested parties, Mr. Reed said.

MOHAIR SHEARING SEASON IS ALMOST HERE

With the fall mohair shearing season almost here, and there being no decline in the number of screw worm flies, heavy damage can be expected.

However, some goat raisers are using control methods which are very practical and have resulted in keeping the screw worm infestation to a minimum.

Several Callahan County goat men used the following plan with good results during last fall's shearing season:

All goats that received cuts or scratches during the process of shearing, are marked with red paint or some other suitable material before being released.

When shearing of the flock is completed, all goats that are marked should be separated and put in a separate pen, or a small trap pasture until the following day; at which time all goats should be treated with Shear-62.

If the goats are treated at the time the cuts are made, bleeding will wash off some of the treating material, thereby resulting in a re-infestation in a short time.

When the blood is allowed to dry as outlined in the plan good results were received.

Mr. and Mrs. Gaston Wylie and little son and Mrs. Vileta McGowen of California are home on a visit

Oplin Sailor On Ship Which Sank Jap Sub

J. D. Turner, gunner's mate third class on the patrol chaser which the Associated Press reported recently sank a Japanese submarine in the Pacific, has returned to his base after spending a 30-day leave with his parents, Mr. and Mrs. Earl Turner, of Oplin.

Turner and his shipmates earned leaves for action they saw aboard the 170-foot PC-487. The patrol chaser on duty in the Pacific, rammed, depth-charged, shelled and sank a Japanese submarine which approached a convoy moving into a Pacific base.

"The patrol boat, under the command of Lt. Gordon Cornell, was one of a number of escort craft guarding a convoy. It rammed the submarine twice, tearing off its periscopes, antenna and net cutter the first time and rolling the sub on its side the second time. Eight times the chaser fired with her deck guns to increase the havoc wrought by depth charges and six rounds were observed to pierce the sub's hull and conning tower.

"The sub chaser was slightly damaged by the ramming but suffered no personnel casualties. Lieutenant Cornell was awarded the Navy Cross for his part and three other members of the ship's company received the Silver Star medal," the Associated Press report said.

M. K. & T. Ry. Hearing To Be Held Sept 3rd. In Cisco

The Interstate Commerce commission has set a public hearing at Cisco, September 3, on the application of the Missouri, Kansas and Texas railroad for abandonment of the DeLeon to Cross Plains line of the Texas Central system.

The hearing will be at the Laguna hotel, according to F. D. Wright, attorney for the local towns which claim that this is no time to abandon railroads when there is so much need for transportation of peanut crops and other hauling that is a war necessity.

Representatives of Rising Star, Cross Plains, DeLeon and other communities along the line, recently visited Dallas for a conference with railroad attorneys. Another preliminary conference is scheduled to be held this week.

The railroad in its petition declares that it annually loses more than \$18,000 on the line which was built in 1911. About 3 trains weekly have been running recently.

CHURCH OF CHRIST

The Church of Christ will begin their meeting Aug. 22, at Rowden and will continue through Aug 29th, and maybe longer.

Bro. Buford White of Abilene, will do the preaching. Everyone is invited to attend.

MIDWAY NEWS

The Methodist Revival is in progress this week. Everyone is invited to attend the services beginning at 9 o'clock each evening.

Corporal and Mrs. C. W. Hallmark of Dunn, Texas, are parents of a baby daughter. She is the granddaughter of Mr. and Mrs. Albro Wilson and has been named Sandra Louise.

Mr. E. B. Hopper has returned home after a visit with his brother at Midland.

Marines Home From Guadalcanal

Cpl. R. C. (Sonny) Wristen and Sgt. R. D. (Robert) Wristen, cousins, are both home on furlough from the South Pacific where they were in service for over a year with the U. S. Marines.

Robert sailed from the east coast June 5, 1942 both landing on Guadalcanal Aug. 7th. Both were in major battalions on Guadalcanal and Tulagi. After several months service on these islands the boys were sent to a non-combat area for rest.

While the boys, who are double cousins, knew each other were on the islands they never met until they were on board ship enroute home.

Sonny Wristen came home some two weeks ago and Robert came in last week end. Sonny is the son of Mr. and Mrs. Henry Wristen. His father died a few days after he landed on the Pacific coast and he came home to attend the funeral.

Robert is the son of Mr. and Mrs. Charlie Wristen former residents of Baird now living in Rockwood where he is now visiting. After a 30-day furlough the boys will report for duty Sonny going to San Diego, Calif., and Robert to New Rivers, North Carolina.

Sonny Wristen says he met Jerry Loper and Edgar McBride in the Australia area.

Word Received From War Prisoners Of Japan

Mrs. Roy H. Davidson, of Abilene received word last Saturday that her husband Lieut. Roy H. Davidson, Jr., prisoner of war of the Japanese, who said he was well and is working for pay in the prison camp at Osaka Umeda Bunsho in Japan.

The message, on a typewritten post card, was a form sent by the Imperial Nipponese Army, with an official Jap postmark.

The prisoner was captured in the fall of Bataan. The War Department some months ago sent word Davidson was a prisoner, notifying his wife three weeks ago he had been moved from the Philippines to Japan.

Mrs. Davidson is the former Robbie Windham, daughter of Mr. and Mrs. John Windham.

Mr. and Mrs. C. W. Music of Dudley community have received a similar letter from their son, Pfc. Lawson A. Music, who is a prisoner of the Japanese government in the Philippines.

Mr. and Mrs. Everett Emerson Hunt, route 2 Clyde, have received a card signed by their son, Sgt. Benton M. Hunt, 23, stating he is a prisoner of the Japanese in Osaka, Japan.

Hunt entered service in November 1939 and received his first training at Barksdale field, La. He was transferred to Georgia, and from there was sent overseas. After the fall of Bataan, he was reported missing in action and had not been heard from for 15 months.

An Air Corps ground mechanic, Hunt received his high school training in Commerce.

FIRST BAPTIST CHURCH

Rev. W. L. Massager, Pastor of the Carbon Baptist Church will preach at the Baird Baptist Church Sunday morning in the absence of the Pastor, A. A. Davis, who is away in a Reveal Meeting at Long Branch Church, near Carbon.

The general public is cordially invited to hear Rev. Massager, Sunday morning.

EPISCOPAL SERVICES

Rev. H. H. Black will hold services at the Episcopal Church on the first Sunday on each month at 2:30 o'clock in the afternoon.

Mrs. G. C. Page and daughter Elaine of Dallas have returned home after a visit with Mrs. Pages parents Mr. and Mrs. C. W. Conner.

COUNTY HOUSEWIVES URGED TO INCREASE DAILY FAT SAVINGS

One tablespoonful of waste household fats saved every day by each of Callahan County's 3,044 families during the second year of the WPA fat salvage campaign would provide enough glycerin to make 146,112 anti-aircraft shells, it was estimated today by the largest single collector of this vitally-needed war material. "Although only a fraction of this amount has been saved daily by the average family," said T. A. Connors head of the Great Atlantic and Pacific Tea Company's national meat department, "the steady increase in contributions is very encouraging. During May and June housewives turned in at our company stores as much waste fat as they did during the drive's four opening months, and our total collections for the year were more than 4,000,000 pounds."

Indications are that nationwide results of the campaign's initial year, ending the first week in July, totaled more than 65,000,000 pounds of household fats, passed on OWI reports for the first eleven months. This is one-third of the annual quota for the nation of 200,000,000 pounds.

Texas is asked by the government to salvage 727,500 pounds of fats each month.

WOMEN ARE OFFERED A RAY OF HOPE—ON HOSE

Women who have been complaining about the heaviness and thickness of rayon hose have been offered a ray of hope.

The Bureau of Human Nutrition and Home Economics in Washington has announced that greater quantities of full-fashioned, moderately fine rayon hose are to be produced this fall. Since April when the original order for rayon hosiery was issued, only heavy yarns have been made into 39-gauge stockings—But now lighter yarns will be used in 39 gauge hose.

Dorothy Wilkerson, Home Dem. Agent, explains that gauge to the number of stitches to one and one-half inches of knit fabric. The higher the gauge, the finer the stocking.

If rayon stockings are knit of acetate rayon, they may be one and a half inches longer than those made from other types of rayon. That is because acetate rayon does not stretch as much as the other kind. That will make the acetate rayon stockings 3 and one-half inches in length in comparison with the average 29 inches length.

News about socks is that they will be limited to seven colors. And hence forth, the length of the sock will depend upon foot sizes. For instance, a foot size 8 will have a leg measuring seven inches. This information will be of special interest to farm women and girls who now wear socks far more than in former years.

CULL YOUR FLOCKS

A hen will normally consume approximately 6 to 7 lbs. of feed a month, and by culling the low producers from the laying flocks, feed can be saved. A hen which cannot lay more eggs, than the cost of keeping her, is a burden on the dwindling feed supply.

By culling now, a large quantity of meat could be released to the market. In addition, it would give producers the opportunity to remove all early moulting birds which as a rule are not profitable during the periods of high feed costs. Usually early moulters, are slow moulters and sometimes moult again in the fall, giving non-laying periods.

Old hens that have slowed up in production, together with all weak and emaciated hens and pullets, those

which show sagging abdomens, the coarse male-type hens, and those birds which have grey-eyes, showing indications of range paralysis, should also be removed and marketed.

Declining production is evident by shriveled combs, and by yellow beaks and legs.

Precaution should be taken in culling young birds for grey eyes, normally are of a grey color before they come into production.

BOTULISM

A poison so powerful that a teaspoonful is enough to kill 40,000 guinea pigs is not a good thing to take chances with, a leading Texas biologist has said in warning Texas homemakers against the hot water method of canning for non-acid vegetable. This method does not destroy the bacteria that cause botulism.

The entire text of a statement on the subject by Dr. A. C. Chandler, professor of biology of Rice Institute, Houston, and advisory chairman of the Houston and Harris Co. Nutrition Committee, has been circulated among the county home demonstration agents of the Texas A. and M. College Extension Service. Dr. Chandler's statement is in harmony with recommendations on home canning given by Winefred Jones, extension specialist in food preservation.

Dr. Chandler believes that the chances for accidents are too great to be worth the risk if people undertake to can non-acid vegetables or meats by the boiling water bath method. "Outbreaks of botulism will almost certainly occur," he says. "It is like having rattlesnakes on your golf course, you may keep your ball on the fairways and treat the rattlesnakes with impunity, but sooner or later somebody a little less careful will suffer. By comparison (with botulism) rattlesnake venom is only mildly poisonous."

Bacteria that cause botulism grow in non-acid vegetables when strictly protected from air. Dr. Chandler says there is one case on record where the spores survived heating and germinated after 22 months. The poison produced is so deadly that a person has been known to die after eating one piece of a string bean.

Miss Jones says this evidence gives strength to the many warnings Extension Service workers have issued about hot water bath canning of non-acid vegetables.

CLOTHING CONSERVATION

Clothing is catching the war-spirit a new government conservation order means there will be an increase in the output of clothing for women and children from the available supply of cotton, rayon, and wool.

For the duration women can expect to be well dressed in simple clothing, says Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service. She explains that the control on materials for dresses is planned so that peg top skirts and evening skirts will be narrowed down. And to help save material, trimming allowances will be figured on the square inches of fabric used in a dress.

Bows, ruffles, revers, jabots, and the like are restricted in width and thickness, and cuffs are to be made with only two buttons and button holes. For two-piece suits, double-breasted fronts and bi-swing backs have been abandoned on jackets. Pockets have been limited to two, although more flaps for more "false pockets are permissible."

The specialist says culottes, as well as reversible, lined or quilted skirts are gone for the duration.

There are other changes which homemakers may expect. For instance percale and dress goods that weigh four ounces per yard with a thread count of 80 in the warp and 80 in the filling may no longer be made for civilian use. These materials favorites among homemakers for children's clothes and house dresses, are needed for the manufacture of such things as underwear for the armed forces and surgical goods.

FOR SALE—Gas Range. See Mrs. Haynie Gilliland.

POULTRY RAISERS

Quick-Red Poultry Tonic is positively guaranteed to eliminate all blood-sucking parasites—it is good in the treatment of Roupe and Coccidiosis, a Worm Deterrent and one of the Best Conditioners on the market. Sold and Guaranteed by the City Pharmacy, 30-4t.

STOP SCRUBBING FALSE TEETH

Kleenite ends messy, harmful brushing. Just put your plate or bridge-work in a glass of water, add a little Kleenite. Presto! Blackest stains, tar-nish, food film disappear. Your teeth sparkle like new.

Get KLEENITE today at CITY PHARMACY HOLMES DRUG COMPANY or any good druggist.

County Agent's Column

W. M. Meador, County Agent

POULTRY DISEASES

Lukosis, or range paralysis, has been more prevalent in the poultry flocks in Callahan County, during recent months than other poultry diseases.

Infestation causes an abnormal growth of blood cells, occasionally, it takes the form of what is called the big liver disease, and other times it appears as a tumor.

On rare occasions it takes the form of enlargement of the bones, especially, the shanks, which becomes greatly distorted in size. The disease is transferable through the egg from the adult to offsprings from infested to non-infested birds, by bites of external parasites such as blue bugs, fleas, and mites.

The disease manifests itself wherever it strikes for example, if infection appears in the eye, the grey eye form of range paralysis is present. The pigment of the iris immediately around the pupil also becomes jagged.

Therefore, we have four distinct forms in which we find range paralysis, namely: Enlarged liver, enlarged shanks, grey or pearly eye, and paralysis of the wing or leg.

Although no medical treatment has been found for the disease, the controlling of external parasites through a good program of sanitation and spraying is recommended.

For spraying the house and roosts use 1 part of carbolineum to 4 or 5 parts of kerosene.

As a further precaution, keep young pullets from sharing poultry houses with other birds. If this is not possible, a thorough culling of birds should be made before the pullets are allowed to house with them.

PLANTING IRISH POTATOES

For fall planting of irish potatoes, home gardeners may select seed from those harvested in the spring. The smaller potatoes, about the size of a 25c or 50c piece, may be planted whole. Larger sizes should be cut into pieces half the size of a hen's egg, just before planting.

Sometimes difficulty is experienced in getting fall potatoes to come up. This condition may be overcome by spreading the potatoes out in a cool, shady place, and cover with straw, deep sand, or old sacks. Keep them moist for 5 to 7 days, until sprouting begins, then plant immediately.

In preparing the soil, clean off all weeds, and grass. Weeds turned under this time of the year will heat and cause the soil to dry out.

If supply of barn yard manure is available, spread a coating over the soil and apply manure 5 or 6 inches deep.

500 lbs. of seed potatoes will plant 100 ft. of row, but don't plant in dry soil. If necessary, irrigate a day or two before planting. In planting, open furrows 4 to 5 inches deep and drop the seed 14 inches apart. Cover as soon as possible after dropping.

FARMERS AND RANCHMEN WILL SOON BE PLANTING WHEAT, OATS AND BARLEY

Callahan County farmers and ranch men will soon be planting wheat, oats and barley, for pasture to help relieve the shortage of protein feeds. The need for these pastures never has been greater than this year.

These crops when tender and green will provide feed that will analyze 15 to 20 per cent protein. Thus, small grain pasture would be classed as a high protein roughage.

High protein in the roughage, calls for less in the grain mixture. When in balance, the percentage of protein in the grain mixture, ad-

NOTICE OF SALE OF REAL ESTATE BOUGHT BY THE STATE OF TEXAS AT TAX SALE

Whereas, on the 14th day of November, A. D. 1940, the State of Texas, County of Callahan, City of Baird and Baird Independent School District recovering a judgment in Cause No. 97, in the District Court of Callahan County, Texas, the 42nd District, against Sanger Investment Company, foreclosing tax lien on the herein-after described property and there-after an Order of Sale was issued in said cause and said property was offered for sale thereunder on the 7th day of January, 1941, and there being no good and sufficient bid, said property was bid in by the State of Texas, a Taxing Unit and party to the judgment for the sum of \$140.07 for the use of itself and other taxing units and more than six months after the period of redemption has expired since said sale; and whereas, Callahan County, one of said taxing units, has made a written request to me to sell said property at public outcry to the highest bidder for cash as provided for in Article No. 7345-B Section 9, of the Revised Civil Statutes of Texas; therefore, I, the undersigned sheriff of said Callahan County, will on the first Tuesday in September, same being the 7th day of September, 1943, at the Courthouse doors of said Callahan County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day proceed to sell at public auction for cash to the highest bidder, all the right, title and interest of all taxing units participating in said original judgment at the time of said judgment in and to the following real estate, situated in the City of Baird, County of Callahan, and being:

Being Lot 11, Block 5, RR addition to the Town of Baird, Callahan County, Texas, as shown on map or plan on file in the County Clerk's Office, to which reference is hereby made for any and all purposes.

I write letters in the nearly-dark

THIS is part of an actual letter from a soldier overseas:

"It's not the big things that you miss out here. It's the little things. Like street noises. Or an electric lamp. Where we are there ain't no such. Since I'm on duty all day, I write letters in the nearly-dark. Funny, how you can miss a common, ordinary light bulb."

Here in West Texas, folks take electric service for granted. We take for granted that, when our fingers flip the switch, the lights will blaze—*instantly!*

The fact that we do take electricity for granted is a tribute to the men and women who supply it.

They've made it dependable—and they've made it cheap.

Today the average West Texas family gets *twice or three times as much electricity for its money as just fifteen years ago.*

We're sorry, soldier, we can't do much about sending you electricity over there. But our power is helping train more men . . . helping build the weapons of war with which you will win the victory.

This we are doing the American way . . . under business management and free enterprise. We're in the war, as you are, fighting to dispel the darkness of state slavery—the Nazified system of centralized bureaucratic socialism that threatens all free people.

DON'T WASTE ELECTRICITY JUST BECAUSE IT'S CHEAP—and isn't rationed! Don't waste anything. Get thrifty again! Insist that the money you pay in taxes not be wasted on unnecessary bureaucratic agencies.

Mr. Garner joined them here the past week and they left a few days ago for Ballinger where Mr. Garner has accepted a position as superintendent of the Ballinger Junior high school.

NOTICE OF SALE OF REAL ESTATE BOUGHT BY THE STATE OF TEXAS AT TAX SALE

Whereas, on the 14th day of November, A. D. 1940, the State of Texas, County of Callahan, and the City of Baird, recovered a judgment in Cause No. 61, in the District Court of Callahan County, Texas, the 42nd District, against John C. Brown and the unknown heirs and representatives of John C. Brown, foreclosing tax liens on the hereinafter described property and thereafter an Order of Sale was issued in said cause and said property was offered for sale thereunder on the 7th day of January, 1941, and there being no good and sufficient bid, said property was bid in by the State of Texas, a taxing unit and party to the judgment for the sum of \$328.95, for the use of itself and other taxing units and more than six months after the period of redemption has expired since said sale; and whereas, Callahan County, one of said taxing units, has made a written request to me to sell said property at public outcry to the highest bidder for cash, as provided for in Article No. 7345-B, section 9 of the Revised Civil Statutes of Texas; therefore, I, undersigned sheriff of said Callahan County, will on the first Tuesday in September, same being the 7th day of September 1943, at the Courthouse door of said Callahan County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day proceed to sell at public auction for cash to the highest bidder, all right, title, and interest of all taxing units participating in said original judgment at the time of said judgment in and to the following real estate, situated in the City of Baird, Callahan County, Texas, and being:

- 1st Tract:
Lot No. 3, in block No. 44, RR addition to the town of Baird, Callahan County, Texas.
- 2nd Tract:
Lot No. 4, in block No. 44, RR addition to the town of Baird, Callahan County, Texas.
- B. O. Brame, Sheriff, Callahan County, Texas. 37-3t.

CARD OF THANKS

We wish to take this method of thanking our friends and neighbors for their help in deeds and words of comfort spoken during the long illness and death of our dear husband and father. We want to thank the railroad men for their help, for the many beautiful flowers, for the many nice meals served, we want to thank you.

May God's richest blessings and comfort be with you, is our prayer.
Mrs. W. H. Wristen, And family.

FOR SALE—Gas Range. See Mrs. Haynie Gilliland.

"Renegotiation" Might Touch You

Under no other circumstances is the fine spirit of neighborly cooperation shown to better advantage in a rural community than in the case of fire or other calamity. This friendly spirit is not based upon personal interest, but upon the deep sympathy that just naturally arises in case of disaster. Of course, there is a personal interest if the fire threatens our own property, but we like to think this unity of spirit in our rural life is typical of America.

There is this same community of interest between industry, labor and agriculture, although sympathy for each other's troubles seldom comes to the surface.

Every farmer knows that his best market for the produce of his farm is our local domestic market. He depends upon this domestic market to consume over 90 per cent of what our American farms produce each year. If anything happens to his domestic market, like the depression and loss of employment in the early thirties, agriculture is at once affected. On the other hand, if anything happens to the buying power of agriculture, industry is hurt just as badly.

Right now congress is considering the renegotiation of all government contracts. The law was passed on April 28, 1942. Some people are urging that these new renegotiation bureaus should examine contracts made long before the law was passed.

Take the case of a contract made in 1940. The work has been done and paid for; taxes have been paid to the government on the profits, if any; labor has been paid and the money balance distributed either in repairs to plant or perhaps paid in dividends to stockholders.

Danger of Retroactive Measures.
Suppose that some thing happened to our local store, or even to our farmers themselves. Suppose the prices we received for our crops, or the conservation payments by the government for 1941 or 1940 were suddenly to be "renegotiated." Every farmer has either fed out or sold his crop, purchased new machinery or perhaps painted the barn, or bought a new dress for his wife. If, under a retroactive law, he were suddenly put up against the threat of renegotiation, all of his credit, and perhaps even his investment would be disturbed.

No one wants unfair profits or excessive dividends out of war contracts. Investigation has shown that over 95 per cent of industry and business made no excessive profits out of the war. Certainly no farmers have received excessive prices for farm crops.

Now Is the Time for Unity
We want to get on with this war. We must have unity. Unity is based upon mutual confidence in our government and in each other. We are all looking forward to a return of peace after the war has been won. We will then want to resume our domestic markets, replace worn-out farm machinery and resume our normal trade relationships. Industry and business will need all of their American ingenuity and strength to provide jobs which, in turn, furnish our domestic market after the war.

True, renegotiation at present is applied only to industry and contracts with the government. But we all recognize the good old American principle that what is sauce for the goose is sauce for the gander.

If business contracts can be renegotiated under a law passed long after the business contracts were made, how about the sanctity of our own contracts?

Just now the fire seems far from our own neighborhood, but if we look closely, our domestic markets, both now and after the war, are involved. We can well take time off to show a little neighborly spirit and help put out the fire.

The Peoples' Edict

Money to pay for the war, yes; but no money for frills in the civil operations of any of our governing bodies. That is the edict of the American people.

Deliver us from evil

Figure It Out Yourself. How can you effectively join in saving all the little children of the world from human slavery, death and injury from the Nazis and Japanese? Put more and more of your pay into war bonds every payday. Your savings will go to war in the form of war equipment and other munitions. How much more should you put into war bonds? The only ones who can answer that are—you and your family. It's up to you to decide just how much more you'll do to win the war.

If you were fighting in the Solomons or in Africa or forcing a landing in Europe you'd like to feel that the folks at home were back of you—all the way—you'd be proud of your family and your friends if you knew they were buying war bonds not at 10 per cent or 15 per cent, but with every cent beyond that which they need for necessities.

U. S. Treasury Department

VARIETY MEATS AID IN WAR MENU PLANNING

| Kinds | Characteristics* | Food Value | Buying Guide | | Preparation |
|------------------------------------|--|--|--|--|--|
| | | | Av. Weight | Servings | |
| Liver (beef, calf, pork, lamb) | Calf, lamb, pork livers more tender than beef. Calf and lamb livers milder in flavor than pork and beef. | Richest source of iron. High in phosphorus, A and B vitamins, quality protein. Some vitamin D. | 1 beef — 10 lb. 1 calf — 2 1/2 lb. 1 pork — 3 lb. 1 lamb — 1 lb. | 3/4 to 1 lb. for four | Braise, fry or broil. |
| Kidney (beef, calf, pork, lamb) | Calf, lamb and pork kidneys more tender, of milder flavor than beef. Veal and lamb kidneys sometimes cut with chops. | Rich source of iron, phosphorus, Good source vitamin A. Excellent for B vitamins, quality protein. | 1 beef — 1 lb. 1 calf — 3/4 lb. 1 pork — 1/2 lb. 1 lamb — 1/8 lb. | 4 to 6 3 to 4 1 to 2 1/2 to 1 | Stew, braise, broil or grind for loaves or patties. |
| Heart (beef, calf, pork, lamb) | Beef heart is least tender but all hearts must be made tender by proper cooking. | Rich source of iron and phosphorus. Excellent for B vitamins and quality protein. | 1 beef — 4 lb. 1 calf — 1/2 lb. 1 pork — 1/2 lb. 1 lamb — 1/4 lb. | 12 to 16 2 to 3 2 to 3 1 | Braise, stuff and braise, stew or grind for loaves or patties. |
| Tongue (beef, calf, pork, lamb) | May be purchased fresh, pickled, corned, or smoked. Make tender by proper cooking. Pork and lamb usually purchased ready to serve. | Good source of iron, phosphorus, B vitamins and quality protein. | 1 beef — 3 3/4 lb. 1 calf — 1 1/2 lb. 1 pork — 3/4 lb. 1 lamb — 1/2 lb. | 12 to 16 3 to 6 2 to 4 2 to 3 | Simmer in seasoned water until tender. Remove skin; serve as desired. |
| Tripe (beef) | First and second stomachs of beef. Plain and honeycomb, latter preferred. Purchased fresh, pickled or corned. Make tender by proper cooking. | Good source of quality protein. | Plain — 7 lb. Honeycomb — 1 1/2 lb. | 3/4 to 1 lb. for four | Pre-cook in water to make tender. Then broil, fry or braise. |
| Sweetbreads (beef, calf, lamb) | Divided into two parts: Heart and throat sweet-breads. Tender and delicate in flavor. | Good source of riboflavin (vit. B2) and quality protein. | 1/8 lb. | 3/4 to 1 lb. for four | Pre-cook in water to help keep and make firm; Broil, fry, braise or cream. |
| Brains (beef, calf, pork, lamb) | Very tender and delicate in flavor. | Good source of iron, phosphorus, B vitamins and quality protein. | 3/8 lb. | 3/4 to 1 lb. for four | Pre-cook in water to help keep and make firm. Then scramble, fry or cream. |

*All variety meats are practically boneless and have high percentage of edible meat.

This handy chart on variety meats is designed to assist the housewife in solving her wartime meat problems. The variety meats are deserving of special consideration because they are high in food value and may be prepared in many appetizing dishes to supplement the usual chops, steaks, stews and roasts.

THE STAR WANTS NEWS OF SOLDIER BOYS

The Star wants news of all Callahan County Boys in service. We have received many compliments in recent weeks on the news given, many boys in the service writing home that they enjoyed reading the column.

It is rather difficult to get news and we ask that parents or members of the family of boys in the service please send us this news. Just mail us a post card with the name of the soldier, giving his rating and branch of the service he is serving in and where he is serving. The Star is making a special rate of \$1.00 to boys in service—and are sending around fifty copies each week to boys in service.

Please give us news of the Soldiers, Sailors and Marines.

The Baird Star

FOR SALE—Three practically new Coolers (capacity 100 lbs. ice); Two Cook Stoves. See Mrs. J. H. Terrell in Terrell home in N. E. Baird

Before leaving for Hollywood and a probable movie career, pretty Elsie Roberts, National Bond Queen and University of Houston coed, did her part for the Texas Deposit Bottle Round-Up. Dressed in typical Texas costume, Elsie loaded into a basket all the milk, carbonated beverage and beer bottles in her home, mounted the beautiful Palomino horse, on which she is pictured, and rode to her beverage dealer. "Keeping deposit bottles working is not only a patriotic duty," Miss Roberts said, "but I'll get my deposits back which can be invested in War Stamps"

SHERIFF'S SALE

You women and girls who suffer from simple anemia or who lose so much during monthly periods that you feel tired, weak, "dragged out"—due to low blood-iron—Start at once—try Lydia Pinkham's TABLETS. They're one of the greatest blood-iron tonics you can buy to help build up red blood to give more strength and energy and to promote a more refreshed and robust bloodstream for women who

lack precious blood iron. Taken as directed—Pinkham's Tablets are one of the very best and quickest home ways to get iron into the blood. Many medical authorities state the form of iron used in Pinkham's Tablets is far more readily absorbed into the blood—so is better for you than some other iron-forms. Just try Pinkham's Tablets faithfully for at least 30 days. Then see if you, too, don't remarkably benefit. Follow label directions.
