NUMBER 41

3RD. Bond Drive Is Now Under Way

The THIRD WAR BOND DRIVE is on and Baird's War Bond committee is getting the ball rolling and when the last day of September rolls around The Star is confident Callahan County's quota of \$342,100-000 will have been reached and over-subscribed—Callahan County has never failed on raising her prescribed quota in any drive, and we will raise the amount this time.

C. B. Snyder, Jr., prominent young ranchman, is chairman and D. J. Anderson well known retired railroad man, a veteran of World War I, is vice-chairman of Baird and trade territory, in this drive, and is devoting their entire time to directing the drive.

The following have been named as executive committee, Colonel Dyer, Howard Farmer, Bob Norrell, E. L. Woodley, Hugh W. Ross, N. M. George, L. L. Blackburn, Ace Hickman, M. H. Perkins and W. L. Henry. Others will be added to this committee.

Working committees are being organized who will make a close canvass of the city and territory. We will be able to give a complete list of all workers next week.

A rally will be held on Main Street in Baird on Saturday afternoon, Sept. 18th from 3 to 4 o'clock. A program is being arranged. There will be some entertainment from Camp Berkeley.

All business houses are asked to close for that hour so that every citizen may participate in the rally. **WHAT YOU WILL BE ASKED TO DO**

You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go All-Out For Invasion by investing in Extra War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one extra \$100 War Bond. Those who can, must invest more—thousands of dollars' worth more. Each and every one must do his full part.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds . . . Extra Bonds this month.

WORD'S SAFEST INVESTMENT

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for ever \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September, 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price, par and accrued interest.

Other securities: Series "C" Savings Notes; 1/2% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G".

Chairman Snyder and Vice-Chairman Anderson very earnestly ask for the cooperation of EVERYONE IN BAIRD AND TRADE TERRITORY in this drive—Back the Attack

YOU CAN'T FAIL THEM NOW!

Every day INVASION battles are taking the lives of gallant boys fighting under the Stars and Stripes.

Your dear ones—sons, husband, sweetheart, father, brothers, relatives and friends—are, or soon may be, engaged in those bloody battles where the scythe of the Grim Reaper flashes in every volley of the guns.

The 3rd War Loan of 15 billion dollars must pay for the equipment, ammunition and food our boys need so desperately—and you must raise the money!

Buy at least one EXTRA \$100 War Bond in September besides your regular bond purchases. Go all-out with every dollar you can scrape up and keep right on slapping every cent into the world's safest investment—War Bonds!

Make the 3rd War Loan a quick success—back up your soldier, sailor or marine ALL THE WAY!

BACK THE ATTACK WITH WAR BONDS

PROCLAMATION

WHEREAS, September 9, to October 1 has been proclaimed as the time for the Third War Loan Drive, and WHEREAS, it has been decided to hold a Bond Rally in the City of Baird, to help raise our quota: NOW THEREFORE, I HUGH W. THE STAR WANTS NEWS OF SOLDIER BOYS

The Star wants news of all Callahan County Boys in service. We have received many compliments in recent weeks on the news given, many boys in the service writing home that they enjoyed reading the column.

It is rather difficult to get news and we ask that parents or members of the family of boys in the service please send us this news. Just mail us a post card with the name of the soldier, giving his rating and branch of the service he is serving in and where he is serving.

The Star is making a special rate of \$1.00 to boys in service—and are sending around fifty copies each week to boys in service.

Please give us news of the Soldiers, Sailors and Marines.

Your Income Tax Report

Hon. W. A. Thomas, Collector of Internal Revenue for this District today issued a last minute warning to Federal income taxpayers that if they fall within certain classes they are obliged to file with the Collector of Internal Revenue a Declaration of Estimated Income for the year, and to make a payment on the outstanding amount on or before this coming Wednesday, September 15, 1943.

It is estimate dthat about one-third of Federal income taxpayers are obliged to make this declaration. The purpose of the declaration is to go all people on the "pay-as-you-go" current tax payment basis.

Generally speaking, those who are obliged to file are single persons subject to withholding who earn over \$2,700; married people subject to withholding who earn over \$3,500; people with estimated income sufficient to require the filing of an income tax return including over \$100 from sources other than wages or salary subject to withholding; and people who were required to file an income tax return for 1942 and whose wages subject to withholding for 1943 are expected to be less than such wages for 1942.

People who are required to make a Declaration but fail to do so will find 10 percent added to their tax. All persons should study the forms to determine whether or not they are liable for filing Declarations. One-half of the estimated tax should be paid on September 15 and the remaining one-half on December 15, except in the case of farmers who must pay their entire tax on December 15 at th time they file their declarations. The penalty for failing to pay an instalment when due is an additional \$2.50 or 2 1-2 percent adde dto the tax, whichever is greater.

There is also a penalty for making a substantial underestimate of the amount of tax due. People other than farmers whose estimate is more than 20 percent off will have to pay a penalty of 6 percent on the amount underestimated. Farmers are given wider leeway, being allowed to be 33-1-3 percent off before the same penalty is asserted, and not being required to file declarations until December 15. For the purpose of Declaration, a far-defined as a person 80 percent of hose income is derived from farming, including income from the raising of livestock and crops, breeding, and son on.

Collector Thomas urges every income taxpayers to study carefully the instructions recently received from him, with a view to making certain whether or not he or she is obliged by the law to file this September 15 Declaration and make an income tax payment at that time.

CHEVROLET MECHANICS' ANNUAL EXAMINATIONS

Results just tabulated show that the seventh annual written examinations for Chevrolet service mechanics, conducted throughout the country during the summer months, broke all previous records in attendance and a new all-time high in the number of men qualifying for diplomas, according to William E. Holler, general sales manager, Chevrolet Motor Division of General Motors.

Final reports showed that a total of 16,686 mechanics participated in examinations held in 1943 cities and towns throughout the country and that 89 per cent, or 14,816, were a awarded Approved Mechanic certificates, indicating that they had successfully passed the rigid test of their knowledge of basic and special-

ized wartime automotive maintenance service methods and techniques.

"During the seven years that the Approved Mechanic plan has been in operation, Chevrolet mechanics have been groomed for their annual national oral examinations throughout the year," said Mr. Holler "But since the country has been at war, we have concentrated on training all service men in the new techniques and developments designed to assure the maintenance of cars under the changed conditions brought about by the war emergency.

"The unprecedented scope of this year's examinations and the excellent results obtained are most significant when the universal manpower shortage and other war-born difficulties are considered. It becomes clearly apparent that the men who are devoting their time and talents to the maintenance of essential wartime motor vehicle transportation are taking their jobs more seriously than ever before.

"In this war, as never before, the millions of passenger cars and trucks on the home front must serve the great an dcombined efforts of our men on the vast and far-flung fighting fronts. Food and other vital necessities must be hauled, war workers must be transported to and from war plants. The men who maintain the vehicles engaged in this vital service are essential to the successful conduct of the war," Mr. Holler concluded.

WHY ADVERTISERS SHOULD RUN WAR BOND LINAGE

1. Winning the war is vital to the survival of their business.
2. Financing of the war is primary. It is the basis of all war efforts.
3. War bonds and stamps must be sold in tremendous volume to the public to control inflation. That control is essential to the stability of business.
4. Consistent and extensive local newspaper advertising with its complete coverage, extraordinary influence in its territory, and excellent record of productivity is necessary to obtain adequate sale to the public.
5. Purchase of war bonds and stamps will build a tremendous reservoir of reserve buying power that can sustain and stimulate business after the war.
6. Bonds bought by the public will be a reserve against possible unemployment and unrest during the period of conversion to a peace-time economy after the war.
7. A donation of advertising space gives the Treasury more than the value in dollars and cents because it encourages even greater investment in bonds and stamps.
8. Participation in advertising war bonds and stamps is good will advertising inserted under most favorable conditions.
9. The cost of advertising is a deductible item for income tax purposes.

"THANK GOODNESS!
Here's one thing that hasn't changed!"

Reddy: You're exactly right, Lady! Every other civilian service has been affected because of the war, but not electricity! It's still on hand every moment to make life easier and more pleasant for you!

Lady: Did you say, "easier"?

Reddy: Yes, that's what I said. You see, Lady, we realize what an important and patriotic person you are, with your Red Cross work, the Motor Corps, besides that very vital job out in the kitchen.

Lady: But it's the least I can do for the war effort.

Reddy: Of course, it is, and your electric company is now serving Army Training Camps and war-time industries, but it has also pledged itself to go right on serving you. Electric refrigeration keeps the food for your family safe and healthful; electric cookery retains vitamins and other valuable food elements essential to good health. Then there is your sweeper, iron, washer, and many other electric appliances, all at your finger tips to save your time and lessen the labor.

Lady: Whee, that's a big job!

Reddy: You bet it is, but it's our contribution to the War and to you. All of it adds up to friendly, dependable service at low cost.

Lady: And that sounds mighty good to me and my budget—and it's more than you can say about most items, since the war began.

Ever think about Running a Factory?

If you've ever run a farm or dairy or store, there are a lot of things about running a factory that you'd find pretty familiar. Things like working any and all hours, training green help, planning for months ahead without letting the planning interfere with the job of the moment.

These are the responsibilities of management. And the peculiar American ability to meet and lick these problems means a lot today, both on the food-producing and weapon-producing fronts.

Ability to manage isn't picked up overnight. For good management is a skill just as much as good workmanship—learned the hard way.

It won't be forgotten overnight, either. For it is these men who, on farm and in factory, have actually produced the things from which our high living standard is derived, who can and will, by working together, give every American a more abundant life in the peacetime years to come. *General Electric Company, Schenectady, N. Give Them the Right of Way

It may be a 48-Hour Pass for some of them. Just enough time for a visit with the folks, and then back to camp. And, too, it may be that last furlough home before being shipped out. These boys in our service deserve to have the right of way to the seats on the trains. Please do your best to plan your trip so it does not interfere with theirs.

If you must travel, then please plan your trip in mid-week. Purchase your ticket in

advance. Take the accommodation that is available. Carry only one bag. Check ahead other baggage you might need. See that all baggage is properly and plainly labeled, so it will not go astray. Cancel reservation promptly if your plans are changed. Every train is crowded.

You will do yourself a kindness and help our boys in uniform if you will follow the above suggestions.

NOTICE OF SALE OF REAL ESTATE BOUGHT BY THE STATE OF TEXAS AT TAX SALE

Whereas, on the 14th day of November, A. D. 1940, the State of Texas, County of Callahan, City of Baird, and Baird Independent School District, recovered a judgment in Cause No. 97, in the District Court of Callahan County, Texas, the 42nd District, against Sanger Investment Company, foreclosing tax liens on the herein-after described property and thereafter an Order of Sale was issued in said cause and said property was offered for sale thereunder on the 7th day of January, 1941, and there being no good and sufficient bid, said property was bid in by the State of Texas, a Taxing Unit and party to the judgment for the sum of \$140.07, for the use of itself and other taxing units and more than six months after the period of redemption has expired since said sale; and whereas, Callahan County, one of said taxing units, has made a written request to me to sell said property at public outcry to the highest bidder for cash, as provided for in Article 7345-B, Section 9 of the Revised Civil Statutes of Texas; therefore, I, undersigned sheriff of said Callahan County, will on the first Tuesday in October, same being the 5th day of October, 1943, at the Courthouse door of said Callahan County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day proceed to sell at public auction for cash to the highest bidder, all the right, title and interest of all taxing units participating in said original judgment at the time of said judgment in and to the following real estate, situated in the City of Baird, County of Callahan, and being: Being Lot 11, Block 5, RR addition to the Town of Baird, Callahan County, Texas, as shown on map or plat on file in the County Clerk's Office, to which reference is here made for any and all purposes. Lot 12, Block 5, RR addition to the Town of Baird, Callahan County, Texas, as shown on the map or plat on file in the County Clerk's Office to which reference is here made for any and all purposes. B. O. Brame, Sheriff, Callahan County, Texas. 41-3t.

SURGICAL DRESSING ROOM OPENS MONDAY, SEPT. 13 The surgical dressing room will open Monday morning. There is a quota of 30,000, 2x2 sponges, which should be completed by Sept. 30. Cross Plains have opened their surgical dressing room and one carton of 4x8 sponges was sent to them to be completed, which with the dressings made in the Baird surgical dressing room will complete the August and Sept. quota. It is hoped that every one who possibly can will be in the room to work Monday so as to complete the work and be ready for the next quota.

GOOD RAIN FALLS Good rains have fallen over all parts of Callahan County the past week. The fall at Baird was reported as 2 inches. The south part of the county had much heavier rains.

MANGY HOGS Oftimes mange stunts the growth of young hogs, delays fattening, and in some cases causes death. Mange hogs shipped to market are usually sold at a discount as the skin over valuable cuts is mangy, causing the grade and consequently the selling price to be low. Lice have similar effects on hogs. A good treatment for mange and lice is the application of lime sulphur dips to the entire herd for mange and the application of used lubrication oil for lice. Lime sulphur may be spread on the hogs by crowding them into a small pen, and applying the liquid to the entire herd at one time, or it may be used as a dip. In case the hogs have lice and mange at the same time, it may be advisable to mix one pound of lime sulphur to 12 gallons of used oil and pour this into the wallow. This would be repeated weekly until the mange and lice clear up. If the mange is not sured in a reasonable length of time the animal will have to be dipped or sprayed with the lime sulphur. Care must be taken in using oil on wallows for the cure of lice. Over-exercise or hot sun will injure the animal, following an oil bath. To avoid this danger, provided plenty of shade, handle hogs with caution, and clean the wallow after the oil has been used a couple of days. Re-charge with clean water in about 10 days, and in about 10 days repeat the oil treatment. Pigs with badly infested spots of mange should receive special treatment. The spots should be soaked with hot soapy water until soft, then lime sulphur applied. Many think that scratching is part of a hogs natural life, but, close inspection of a scratching hog will usually reveal lice, or mange. The lime sulphur solution should be prepared according to the manufacturers direction.
