

Darwin Harrell 'Andy' Anderson Known Here Passed Away Monday

Darwin Harrell 'Andy' Anderson, age 69, died Monday, December 21, 1992 at Humana Hospital in Abilene. Services were held at 2 p.m. on Wednesday at Higginbotham's Funeral Chapel in Cross Plains with Rev. Knox Waggoner officiating. Burial was in the Cross Plains Cemetery.

Born March 20, 1923 at Lueders to Almer A. and Ethel Ruth Conger

Anderson. He married Wanda Atwood on May 30, 1946 in Coleman. He was a former resident of Cross Plains and lived in Abilene for the past 23 years.

He proudly served his country in the U.S. Army during World War II in the South Pacific.

Anderson was employed by Pool Drilling Company, Callahan County, Patton Equipment, and retired from the City of Abilene as a heavy equipment mechanic.

He was a former Councilman for the City of Cross Plains and member of the Cross Plains Volunteer Fire Department. He was active in the original Cross Plains Riding Club. He was a member of the First Baptist Church.

Preceded in death by his father, Almer A. Anderson.

Survivors include his wife, Wanda Ruth Atwood Anderson of Abilene; one daughter, Vanda King, the editor of the *Cross Plains Review*; his mother, Ethel Anderson of Cross Plains; one sister, Geraldine 'Jeri' Renfro; three grandchildren, Blandye Harris of Abilene; Leah King and Kye King both of Cross Plains; and a host of other family members.

Pallbearers were Jeb Hughes of Midland, Todd Watson of Dallas, Eddie Edington and Benny Peacock of Albany, Stuart Sowell of Cross Plains, and Donald Franklin of Abilene.

Baird CPA Gets Bid For Annual County Audit

Sheriff Still Wants Vehicle Expense

Callahan County Sheriff Bill Skinner will end his term of office in disagreement with Callahan County Commissioners after commissioners voted unanimously to deny Skinner's request for vehicle expense reimbursement by the county.

Skinner met with county commis-

sioners during a regular court meeting Monday, December 10, requesting he receive \$400 per month in vehicle expenses because he was continuing to use his own vehicle to conduct official county business.

The county sheriff, who was defeated in the Democratic Primary by Eddie Curtis, met with commissioner's court Monday morning for what will be the final time before his term expires at the end of December.

Skinner, who has been in an ongoing disagreement with the commissioner's court over expenses in the sheriff's department, said "the county should reimburse me on vehicle expense."

In November of last year, in an effort to do away with vehicle expenses in the sheriff's department, the commissioner's court purchased four new vehicles for the sheriff's department.

The county sheriff told the commissioners that he actually needed five vehicles and got only four cars from the county. Therefore, Skinner said he continued to use his personal vehicle to conduct his sheriff duties and was entitled to the vehicle expense reimbursement of \$400 per month. "If all my men (deputies) were stationed at Baird, it wouldn't be a problem," using the four vehicles, Skinner said. However, since he has deputies stationed at Clyde, Cross Plains, Eula and Baird, the county sheriff said he was unable to rotate the four vehicles among himself and his deputies.

"I don't want to fuss with ya'll," Skinner said over the reimbursement, "I do think I should be allowed this much."

The sheriff went on to say he has been sheriff in Callahan County 16 years and this would probably be the last time he would go before commissioner's court.

After Skinner left the commissioner's court meeting, the county commissioners stated the sheriff and commissioners had an understanding back in November 1991 the four vehicles purchased would disallow any vehicle expenses given for using personal vehicles. "We made it plain he use one of the four vehicles," one commissioner said.

County Judge Bill Johnson and Commissioners Lowell Johnson, Tommy Holland, Roy LaFoy, and Joe Ingram voted 5-0 to refuse Skinner's request for vehicle expense reimbursement.

Before leaving the meeting, the county sheriff also discussed with the commissioner's court what to do with two boats and one boat trailer owned by the sheriff's department. Skinner said one of the boats was purchased by his department to perform dragging operations on drowning victims in the county. He noted the boat was used only once for that purpose.

Judge Johnson said commissioners had two options, to leaving the boats with the sheriff's department or advertise for bids to sell the boats. Commissioners agreed to leave boats with the sheriff's department and have the incoming sheriff decide what to do with them.

Other items brought before the commissioners included:

— Commissioners voted 5-0 to accept the audit bid from Jon Hardwick of Baird to perform the annual county audit for \$4,800. Commissioners accepted the low bid of Hardwick over bids from Jon Herod of Clyde for \$5,000 and a bid of \$6,500 from Condeley and company of Abilene. Herod had performed the audit last year.

— Commissioners voted 5-0 to approve an amendment to the Child Welfare contract with Callahan County to include Title 6 of the 1990 Civil Rights Act involving the American Disabilities Act. The amendment to the contract would not involve any additional expenses to the county.

— Commissioners voted 5-0 to approve a standing order whereas several bills the county receives each month be paid without approval of the commissioner's court. Some of the bills approved for standing order included the paying for county fees, taxes, EMS, donations, on-site inspections, and salaries. Commissioners agreed since the bills needed to be paid no matter what, they voted to have certain bills be paid without their approval.

— Commissioners voted unanimously to approve an 11 day holiday schedule for all county employees. The dates the courthouse will close and all county employees receive a holiday is said to be similar to those holidays of the Federal Reserve Bank. The county holidays include January 18, 1993 for Martin Luther King Day, February 15 for President's Day, May 31 for Memorial Day, July 5 for Independence Day, September 6 for Labor Day, October 11 for Columbus Day, November 11 for Veteran's Day, November 25 and 26 for Thanksgiving, December 24 for Christmas and January 1, 1994 for New Year's Day. Commissioners agreed not to take Good Friday in April, but instead take two days of Thanksgiving holiday.

— County commissioners voted unanimously to change the county's hospitalization insurance carrier from Lamar Life to the Principal Group. The change is expected to save the county about \$2,000 a month on insurance premiums. The Principal package was available through June Salyers of Salyers Insurance in Abilene. Felix Manion of Manion Insurance in Baird also presented a proposal from Traveler's Insurance, however, commissioners decided to go with Principal's package.

'A Caroling Christmas'

By OZELLA HUDDLESTON

Jesus said, "It is more blessed to give than to receive."

The night was beautiful, crisp, exhilarating. The kind of night that makes you happy just to be alive.

We left the church and drove slowly, top speed 35 mph, where we parked cars and climbed on a trailer filled with hay.

Our coordinator had to have a helping hand from one of Santa's helpers. She is still trying figure out how teenagers can jump and land in the seat. Finally a bucket was used in this boarding process. It seemed to be easy for her to roll out.

We turned the corner and stopped at the first house. The 91 year old lady opened the door and exclaimed, "Why, there's Santa Claus, "Santa assured each individual, he and his helper, a small elf, were from the North Pole." He expressed his appreciation of much better weather down here.

Did your ever serenade an empty house? The lights were on inside, as well as the porch light. We sang two songs, knocked on the door and made a lot of noise. We didn't think the house would appreciate our singing so we walked next door.

The lady came to the door immediately! She listened with a smile on her face and tears in her eyes. Santa along with his helpers, wished her a Merry Christmas, and she told us we had made it so. Her exact words were, "It will be now."

Our hearts rejoiced that God could use us to bring joy to others.

By this time we were really getting into the swing of things and Mr. Claus had almost perfected his "HO-HO-HO's."

Back on the hay, up in the pickup and car, and we were off.

The trailer was an old truck bed that went from side to side instead of straight in a row. The person who pulled it, we won't call any names, would swing in a wide arc around the corners. The trailer veered left and the passengers veered right while the clutched hay, rail and each other to keep their seats.

Our driver watched through the rear view and kept us laughing with his vivid descriptions.

We stopped at the Housing Unit where we made several stops to sing. Here we were joined by a fidal, gave the singing a nostalgic aid.

When Santa asked the residents what they wanted for Christmas, health seemed to have first priority.

We stopped at the home of an 89 year old, who was really surprised,

pleased and tearful. Again her wish was for health.

Our next stop was the Nursing Home wher Santa stole the show. He was greeted with love, laughter, and joy.

We came down Highway 36 to make our last stop. Wenn we assembled we realized Santa was no longer with us. He had taken his wife, who was leading our singing. We carried on, but it was a pretty weak effort.

We returned to the church for sandwiches and games.

Caroling, it's a tradition we seldom keep anymore.

Santa, keep practicing your ho, ho, ho's. Mrs. Claus keep your voice in tune, hustle up another elf and invite us to join you again soon.

Did we have fun? Yes we did. Were people blessed? We pray they were.

The cost was free to us. The cost to God was great. He shared with mankind His precious Son. We sing praises so we can share joy, laughter and the greatest of all gifts, love.

Here are some of the personal responses to the private serende.

Jessie Casey

Oh boy, I really enjoyed it. I never had anything like that happen to me before.

When I realized what was happening I grabbed my tape recorder, so I have most of it on tape. It sounds real good.

Faye Chambers

It was wonderful and they did a beautiful job.

Claudia Mae Watkins

I enjoyed them very much. I used to do that when I was younger and now I'm detting a return on it.

Juanita Thornton

I really enjoyed it.

Ida Mae Marshall

Best treat in the world. Like Christma was right here. I really enjoyed it. Made me feel so special and thought of. It brought tears to my eyes. You couldn't have pleased me more.

She wanted to thank the young people for coming by, and when told it was their idea, she said, "Oh, I how they will do it again next year. I just wish I could have seen their faces. They were so happy and excited. I just couldn't believe there were that many young people that care about us older people."

She was also very appreciative of the adults who take the time, have the patience and love, to work with young people.

Colonial Oaks Nursing Home

Frances Wolf, director of Colonial Oaks Nursing Home, said, "The residents really enjoyed the carols. One dear lady was overjoyed to see Santa face to face. She stil shows her pleasure when his name is mentioned.

Ethel Anderson

I Couldn't get my robe on quick enough to see what was doing on, and Kozy, my grandchildren's little dog, was barking loud. The yard full of singers brought tears to my eyes and it really made my day. Kozy was howling along with the fiddle and I couldn't hear the pretty music as well. I am so glad you stopped by.

Tonya Johnson 3rd Runner-Up At Pageant

Oplin's own Tonya Johnson was third runner-up at the Miss Rodeo America Pageant contest held in conjunction with the National Finals Rodeo held in Las Vegas December 5.

Miss Johnson, a Clyde High School graduate and daughter of Callahan County Commissioner Lowell and Winona Johnson of Oplin, was able to compete for Texas in the Miss Rodeo America title after winning the 1992 Miss Texas Rodeo competition.

Twenty-seven contestants were entered in the national pageant in which Miss Johnson was third runner-up. She said she was given a \$3,000 scholarship, a belt buckle, boots, ear rings and gift certificates for being third runner-up in the pageant. Sherry Hannigan of California, won the pageant competition and was crowned Saturday night, December 5.

Contestants for the Miss Rodeo America title were judged on personality, appearance and horsemanship. Contestants were also asked to sell raffle tickets for a saddle given away during the rodeo, of which Tonya said she sold the most of any girl—618 tickets.

Tonya said she will continue to represent the Miss Texas Rodeo until June of this year. In fact, she said her busiest time for personal appearances will be coming up in the next several months

ASC Committee Elected At County Convention

Bryan Farmer, a well known Callahan County farmer, was elected chairperson to the county Agricultural Stabilization and Conservation Committee at the county ASC convention, held on Thursday, December 17, 1992.

Mike Winfrey, a peanut producer, was elected vice-chairperson and Scotty Scott, a wheat producer, was elected as a regular member. These three persons will serve for this coming year.

Farmer, a wheat producer from the Eula area, has been involved in growing wheat since high school. Bryan is a partner in J & B Farms, with his dad Jack Farmer. Together they have consistently produced some of the best yields in the county. He also is involved in hay production and runs a cow/calf operation. A custom farming operation rounds out the partnership. Farmer will begin his second year on the ASC committee this coming year.

Vice Chairperson, Mike Winfrey produces peanuts in the Cross Plains area. Winfrey also farms wheat and has a cow/calf operation. On Thursday, December 17, 1992 he was re-elected to his 2nd three-year term by farm producers from his area.

Scotty Scott, from the Baird area, rounds out the three person committee. Scott, a member of Sunnyslope Farms, farms wheat and feed grains jointly with his brother Barton Scott. Additionally he also operates a stocker calf operation. Scotty will begin his 3rd year on the ASC committee.

The county ASC committee is responsible for local administration of government farm program such as the wheat, feed grain and peanut programs, commodity loan programs, disaster programs and conservation programs, including the CRP program and annual conservation programs.

Eligibility for participation in all programs administered by ASCS is established by law without regard to race, color, religion, sex, age, national origin, marital status, physical or mental handicap.

ROWDEN NEWS

By MRS. N.V. GIBBS

Frost Thursday morning was almost like a covering of snow, it was a cold morning. We should be used to the cold weather as winter is here. Santa travels in the kind of weather, so maybe he won't forget all the little children who are expecting a special toy.

Gene and Vernie Belle Mauldin visited Dorset and Lee Harris in Baird one day this week.

Robert, Dorothy and Cody Watson were guests at a Christmas party at the Silver Brook Ranch of Helen Graves, Wednesday night.

Robert and Dorothy Watson were in Fort Worth, Friday to visit Robert's brother Eddie Watson and family.

Emma Johnson had one visitor during the week, Mrs. Joe Odom of Baird. She works for Concept of Care program. Emma received food and useful clothing.

Visiting the Tony Steele family were the David Thalmann family, his wife Sandy and two children of Carrio.

My wish for all the readers of this column, over the years, is peace, joy and a Merry Christmas.

85-Year-Old Man Is World's Busiest Pen Pal

ROBERT MISHEK

Each week, hundreds of letters around the world fill Robert Mishek's mailbox. Living in Waseca, Minnesota, he stays in touch with adults (including Senior Citizens) from countries like England and France as well as more obscure parts of the world like Milawai and newly formed Eastern European nations.

Men and women are writing him asking him to help them become Pen Pals with adults living here in the United States. Robert Mishek is recognized as the world's most experienced Pen Pal.

Fifty-eight years ago, Mr. Mishek established the Student Letter Exchange for students who wanted to write other students in foreign countries. As he approached his 85th birthday and still very involved with the world of Pen Pals and letter writing, he envisioned a Pen Pal program for adults...especially Senior Citizens. All his life his very favorite thing to do each day has been to open his mail.

Writing and receiving mail has been his passion. And so last May he began to write letters...and within a few weeks he had written letters to over 4,000 friends and contacts in over 100 different countries.

Now his mailbox is deluged each day with requests from every continent...from adults between the ages of 50 and 90 years old...asking him to help them find Pen Pals in the United States. And so, at 85 he has begun the important work of helping people...one by one...have the opportunity to exchange letters. He knows, from experience, that the basis for world understanding stems from the personal contacts made by individuals. World understanding has no age limit.

Mr. Mishek has begun a search here in the United States, for adults who would like to write letters to other adults in foreign countries. He is anx-

On Sunday the Colonial Oaks Nursing Home had their annual Christmas party for their clients, families and friends. Santa Claus appearance and greetings was a big hit with all who attended the festivities. The staff, Pioneer Pentecostal Church, and the Cross Plains Garden Club are to be commended on the wonderful job they did to make the day full of many happy memories.

Mrs. Bertha Wheeler was released from the Humana Hospital on Saturday after being in there for several weeks with illness. She is now residing at the Colonial Oaks Nursing Home in Cross Plains.

Mr. and Mrs. Turner Simpson were in Giddings visiting with their son and daughter-in-law, Mr. and Mrs. Vernon Simpson from December 10th through the 15th. Vernon took his parents down to visit with her sister, Mrs. Flora Thornton in Victoria that Saturday and return to Giddings on Sunday.

Mr. Jimmy Brown of Abilene visited with his brother, Mr. and Mrs. Wayne Brown on Friday.

THE PIONEER PATCHWORK

By IRMA MILLER

The Pioneer Baptist Church hosted their Christmas program on Sunday night was enjoyed by all.

Jewel Foster attended the program, and appreciated and enjoyed the fellowship very much.

Novilia Barton was visited during the week by Nell Fleming, and Novilia visited Myrtle Wilson in Rising Star. She reported that Nell Fleming of the Pioneer also visited Myrtle.

James and Jean Alexander's visitors this week are their daughter Star Appleton of Corpus Christi with her two daughters and a friend, Carolyn Marcus, also of Corpus Christi.

Frankie and Oliver Smith and Jean Fore visited with Frankie's daddy, Mr. Perry Vinson in Ranger, on Friday. On Saturday they went to Cisco to attend the Christmas recital in which their granddaughter, Laura Rankin, sang a solo. Their daughter, Roxie Nance was visiting them Monday, from San Angelo, and her husband and children were expected to arrive later.

Lottie Sooter's children, from Lubbock and from Abilene were visiting at her house on Monday.

Laverne Hutton reported that she and Cowan had their family Christmas party on Saturday, with guests numbering 30 at dinner.

Visiting Nell and Joe Fleming were Sam Fleming on Wednesday and Mr. B.J. Anderson of Rising Star on Saturday afternoon. JoVeda Watson of Byrds Store, spent the day Thursday. Bobby Nell Brown came Sunday and brought a big plate of beautiful Christmas cookies. Janell Purvis of Cross Plains visited on Thursday.

John and Irma Miller were visited on Friday by her brother and sister-in-law, Dean and Carol Brannan of Coleman. On Sunday John and Irma sang for the sizeable crowd at the Colonial Oaks Nursing Home Christmas party and enjoyed music by Ruby McCowen and her sons, Burly McCowen of Abilene and Bob McCowen of Cross Plains. Santa came to the party, and everyone enjoyed seeing the Christmas gifts distributed and had refreshments afterward.

FINAL PLANTING DATE FOR SMALL GRAINS

December 15th is the final planting date for Wheat, Barley, and Oats. Producers requesting to file a "Prevented Planting" claim must file one by December 30th. For a "Prevented Planting" claim to be approved, you must have been prevented from planting the crop during the entire planting period due to a natural disaster. The prevented acreage must be certified when the request is filed.

ACP SIGN-UP

The county committee is accepting ACP applications for cost-share assistance for conservation practices on a continuing basis. The first approval period will end on January 15th, 1993. All applications on file as of January 15th will be considered at the February 4th, 1993 county committee meeting. Eligible practices are: Waterways, Diversions, Terraces, Grass Seeding, Mechanical Brush Control, and Tanks. If you plan on planting grass you should make an application now, since this will be the only approval period for grass seeding.

SOIL TEST REQUIREMENT FOR GRASS SEEDING PRACTICES

Anyone planning to establish grass, a current (within the last 12 months) soil test is REQUIRED and must show MINIMUM FERTILIZER REQUIREMENTS before the fertilizer is eligible for cost-shares. Be sure when you send in a soil sample for testing, you specify on the information sheet that the soil test is for ASCS use and MINIMUM REQUIREMENT for establishment is needed. If the soil test does not show MINIMUM requirement, then the producer must secure another soil test that indicates the minimum fertilizer for establishment. Soil test requiring "0-0-0" will make fertilizer ineligible for cost-shares. Make sure you send in and receive the sample back BEFORE you apply fertilizer!

HOLIDAYS

With the Holiday season upon us, our office will be closed on the following days:
Friday, December 25th in observance of Christmas.

Friday, January 1st in observance of New Year's Day.

DISASTER PHASE II AND PHASE III

Sign-up for Phase II and Phase III will continue until February 12, 1993. Phase II applications are limited to crops planted in 1991 for harvest in 1992. Phase III applicants will have a choice of filing claims for any one of the 1990, 1991, or 1992 crop years, excluding any year for which they have already received or will receive a disaster payment. Phase III includes all commercially grown crops. Producers with Phase II and Phase III disaster applications will receive an advance payment equal to 50.04 percent of the computed disaster loss as soon as all supporting documentation is received and application for payment is approved.

1993 WHEAT, FEED GRAIN AND COTTON SIGN-UP DATES ANNOUNCED

Secretary of Agriculture Edward Madigan announced on November 19th, 1992 that the 1993 acreage reduction program sign-up for wheat, feed grains, and cotton will begin March 1, 1993 run through April 30, 1993. Set-aside for wheat, barley, and oats has been set at zero percent, 10 percent for corn, and 5 percent for grain sorghum. A preliminary announcement of 7.5 percent set-aside for upland cotton has also been announced.

CONSERVATION COMPLIANCE

Producers who have requested or will be requesting any USDA program benefits are reminded that if they bought, leased, rented, crop share, or are thinking about buying, leasing, renting, or crop sharing a farm or ranch, then they need to IMMEDIATELY check with SCS about the conservation plan on the farm or ranch in question. The plan was formulated with the previous occupant and stays with the land regardless of the status of the subsequent occupant.

In some instances, there is not a plan at all and this could prohibit a producer from being eligible for any USDA benefits. If you plant an agricultural commodity on land that does not have a plan prior to the planting of the crop, you could be ineligible for any USDA benefits, on all farms in which you have an interest, including all counties you farm in, for 1 year!!! This means no conservation cost-shares, deficiency payments, FCIC insurance, commodity loans, and FmHA loans - just to name a few. Check with us or SCS first - before you plant!

The United States is the world's leading leather producer.

FANCY THAT

(NAPS) - The next refrigerator you buy may help you protect the planet! Most refrigerators today are made with urethane foam insulation that contains chlorofluorocarbons (CFC's). These are chemicals, which, scientists say, deplete the ozone layer and contribute to global warming.

Researchers at Owens-Corning, however, have come up with a new kind of fiber glass insulation concept that's CFC-free, six times as energy efficient as urethane foam and lets designers make appliances with thinner walls for more interior space.

BY

In addition, because it's dramatically more energy efficient, it can help appliance manufacturers meet higher government energy standards at a lower cost to consumers.

WEEKLY Health Tip

DRINK WATER

Pure water (minerals yes, contaminants no) is the best health drink, and diet drink (no calories). Water is needed to keep the blood fluid, saliva and digestive juices flowing. Water flushes the kidneys, bladder and urinary tract to eliminate toxins and avoid infection. Water is an 'anti-wrinkle' agent by keeping body cells fully hydrated. Six to eight glasses of water are considered necessary to replenish body fluids.

SSI Is For Children, Too!

When you think of a person getting disability benefits from the government, what image comes to mind? You probably think of a person who has lost the ability to work as a result of a medical condition or injury. Although that is a possibility, it hardly

presents a complete picture. For example, there are about 6 million people with a variety of physical and mental impairments who receive disability benefits from Social Security. About 3 million of them are getting Supplemental Security Income (SSI) benefits and more than 450,000 of current SSI beneficiaries are children with disabilities.

SSI, which is administered by Social Security, makes monthly payments to people with low incomes and limited assets who are 65 or older, or to people who have a disability, including children. Of course, most children don't have income and assets of their own, but the Social Security Administration considers those of the parents for children under age 18 when deciding if they are eligible for SSI. The SSI payment rates vary on a number of factors and can get quite complicated, so I suggest anyone with limited income and resources who has a child with a serious disability should contact the Social Security office.

A child is considered "disabled" for SSI purposes if he or she has an impairment that limits his or her ability to function and perform daily activities similar to those that healthy children in the same age range usually do.

Disability claims can take several months to process. But there are special rules that allow Social Security to make immediate payments to parents of children with severe disabilities.

There is also a possibility that children who were turned down for SSI in the past may now be eligible. If your child was turned down for SSI disability benefits between January 1980 and February 1990, or if your child's benefits were stopped for medical reasons, check with the Social Security office about having the claim reviewed again using the new rules.

You can apply for SSI for your child by calling 698-1360 for an appointment. You can expedite the claims process if you have the child's Social Security number and birth certificate available when you apply. You also will need to provide records that show your income and assets. In addition, bring along the names, addresses, and

telephone numbers of all doctors, hospitals, clinics, and other specialists your child has visited.

If you would like general information about SSI benefits for children, call the toll-free number 1-800-772-1213 business days between 7 a.m. and 7 p.m. and ask for a copy of the pamphlet, *Social Security and SSI Benefits For Children With Disabilities*.

Mike Winfrey Named To County ASC Committee

Mike Winfrey, a well known Callahan county farmer, was named to the county Agricultural Stabilization and Conservation committee by delegates to the county ASC convention, held Thursday, December 17, 1992.

Local administrative area (LAA) boundaries were set then by the ASC committee in compliance with changes required by the Food Security Act of 1985. LAA's help provide farmers with effective farm program administration through local representation. The delegates also elected Jimmy Joy and Kenneth Sowell to three-year terms as first and second alternates to the county committee. Terms begin January 1, 1993.

Thirty-three year old, Mike Winfrey is a peanut producer from the Cross Plains area. He also grows wheat and runs a cow/calf operation. This will be Winfrey's 2nd term to the county ASC committee.

Jimmy Joy and Kenneth Sowell also farm in the Cross Plains areas. Both are peanut producers and run cow/calf operations.

The county ASC committee is responsible for local administration of government farm program such as the wheat, feed grain and peanut programs, commodity loan programs, disaster programs and conservation programs, including the CRP program and annual conservation programs.

Eligibility for participation in all programs administered by ASCS is established by law without regard to race, color, religion, sex, age, national origin, marital status, physical or mental handicap.
