Home Town Gossip

From L. R. Pearson, state representative from Callahan county, comes a humorous sketch, asking "Who does the work in this county?" It appears hereunder:

Population of U. S.	135,000,000
People 65 or older	37,000,000
Balance left to work	98,000,000
People 21 or younger	54,000,000
Balance left to work	44,000,000
Balance on U.S. Payrolls	21,000,000
Balance left to work	23,000,000
Those in armed forces	3,000,000
Balance left to work	20,000,000
Government holders	19,800,000
Balance left to work	200,000
People in hospitals, asylums	126,000
Balance left to work	74,000
Blacks, Hobos, Etc.	62,000
Balance left to work	12,000
Persons in jails	11,888
Balance left to work	2

Two people left to work, you and I, and you'd better get a wiggle on. I'm getting tired of running this country alone.

Of Buster Richardson was in town over last week end and while here divulged that in a recent golf tournament held in his present hometown of Junction he was runner-up in the first flight. Those who recall Buster's boys and "corn crows" at Philpoe club here are quick to predict that his game has improved seasonally, or either, the people around Junction don't go in for golf in a big way.

Three Cross Plains youths experienced a hazardous situation one night last week. They were enroute to Fort Worth, traveling East of Weatherford, when without warning 12 shots struck their car in a flash, wounding one of the occupants and frightening the driver. The car was brought to a rapid stop and the frightened but innocent youths looked down the business end of weapons leveled on them by highway patrolmen. It was later explained that their car had been mistaken for one believed to have been driven by the robber of the Meigsfield bank robbery in this city.

Former citizens returning to Cross Plains seldom fail to compliment the recent improvements along Main Street. We who live here and have watched the new buildings go up are prone to forget the former appearance of our Main Street. With four new buildings, another going up and still another planned, last year's paving extension and a dozen or so improvements to old establishments, Cross Plains' principal street now presents a much nicer picture than a few years ago. However, such is true of the community as a whole.

Cross Plains big annual picnic is but a little more than a month in the offing. Firemen are rounding up plans to make the celebration attractive to people of all ages. The dates are July 17 and 18.

It is reported the Russians have now developed and perfected the fastest jet plane in the world. It is said to travel 600 miles an hour. It was described as a research plane, a single-seater fighter, and the article stated it was developed with the aid of German scientists taken to Russia by the Soviets.

VOYS MAY 31 UNITE FORMER LOCAL MAN AND ABILENE GIRL

Horace G. Paschal, son of Mrs. Orman Paschal of Abilene and former resident of Cross Plains, was united in marriage May 31 to Miss Anna Brockling, also of Abilene. The bride wore a dinner dress of blue tulle with white and brown accessories and a corsage of white gardenias. She was attended by Miss Jeanette Paschal, sister of the groom, who was frocked in light blue with black accessories and a red gardenia corsage. Mr. James Brockling, brother of the bride, served as best man for the groom.

Mr. Paschal is an ex-cary man having served two and one half years in the Pacific theatre. The bride will make her home at 1416 Gortownwood street in Abilene where he is employed with the Rural Electrification Administration.

Two Local Churches Start Vacation Bible School Here Monday

Vacation Bible Schools will start at two Cross Plains churches Monday morning.

The instructional programs for children of all ages get underway at the Church of Christ and the Baptist church here. The Church of Christ school will run for one week and that at the Baptist church two weeks.

An eight day school was previously held by the Methodist and Presbyterian churches here.

Both churches with schools starting Monday morning extend an invitation to children to attend all classes, which are to be held in the mornings only. Workers have undergone special preparation for each of the schools and curriculums of educational and religious interest are assured.

Verdict Near On 3rd Test In New Field 5 Miles West Of Town

Although break-downs have delayed progress, the Ferguson & Ingelsworth number 2 Huda Water-Ellenburger oil test is nearing the contract depth and verdict is expected within a week.

McJ. Ingelsworth refused to predict yesterday the completion date, however, he did say that if the present test pays off as well as either of the other two wells drilled on the block, five miles West of town, another try will be staked shortly.

The discovery well on the Bannan-Thomas tract has a potential of 80 barrels daily and the number one Huda Wallace, just across the road, 240 barrels daily through choke.

Cross Plains Squad Will Play Burkett There Next Sunday

Cross Plains baseball team notched another victory Sunday afternoon when they defeated the Silver Valley squad seven to three. High spot of the game was a circuit blow by Mickey Bannum. Cross Plains left fielder, in the sixth inning, hit a home run over the fence behind the bat and Norman Coffey on the mound.

District Court Starts June Term At Baird On Monday

Forty second district court opened June term at Baird Monday morning with District Judge J. R. Black presiding.

Grand Jury was investigating the theft of pipe from an oil lease near Putnam and was expected to find bills for trial in the present term. The trial of Homer Le May, charged with theft of "one animal," has been set for trial June 11. The case resulted in a mistrial at a previous term of court. Le May is charged with the theft from H. A. Versip April 3, 1945.

Buddie Bloss, 32, living southeast of Abilene, charged with assault with intent to murder Graves McGee, a neighbor, on Sept. 11, 1946, in southeast Abilene, is slated to go to trial during the term. District Attorney Thomas E. Hayden said, however, a few cases of illness among witnesses may cause another postponement.

Grand Jurors for the current court term are: C. W. Sutphin, Baird; M. L. Hughes, Baird; Norman Coffey, Cottonwood; Floyd Buchanan, Rt. 1 Cisco; Doyle Burchfield, Cross Plains; H. E. Swafford, Clyde; Frank Windham, Opalin; Neal Dillard, Cross Plains; Clint Brasher, Rt. 4, Cisco; R. H. Morrisset, Rt. 1, Abilene; E. H. Williams, Putnam; A. L. Breeding, Rt. 1, Cross Plains; Fred Long, Cross Plains; F. L. Smith, Rt. 1, Clyde; Joe E. Jones, Admiral and Clifford Taylor, Rowden.

Local Couple Marry Sunday Afternoon At Home Of Bride

Miss Mary Jo Harris and Clovis Thompson, both of this city, were united in marriage at the home of her parents in the Northeast part of town Sunday afternoon at four o'clock with a church of Christ minister from Abilene, officiating.

The couple was attended by Miss Vernell Westerman as bridesmaid, and Louis Woody as best man. Mrs. Lovell Moses, sister of the groom, served as matron of honor. Only members of the two families and a few close friends were present for the ceremony. Immediately following the rites, the bride's parents were hosts at an informal reception in their home.

The bride is the daughter of Mr. and Mrs. A. F. Harris and a graduate of Cross Plains high school. The groom is the son of Mr. and Mrs. Leonard Thompson, who live in the Southwest part of town. He is an ex-serviceman having spent several years with the Marines in the Pacific theatre of operations.

The couple will make their home in Waco, where he is employed by a mail order concern.

Peculiar Egg Is Laid By Chicken On Mauldin Farm

The peanut has risen in prominence in recent years but no one knew that the influence of the erstwhile lovely goober was known by the poultry population. That is, until this week when one of the prize layers on the M. M. Mauldin place, South of town, deposited a large south shaped egg in her nest.

The egg is now on display at the W. T. Cox produce store on South Main Street, where it was brought by Mauldin.

MRS. NORMA SAUNDERS RETURNS HERE AFTER ATTENDING DAUGHTER

Mrs. Norma Saunders returned to her home here Tuesday from Roswell, New Mexico, where she has been at the bedside of her daughter, Phyllis, who is convalescing from injuries received in an automobile accident several weeks ago.

Although Phyllis still remains in the hospital, she is recovering rapidly and is considered recovering rapidly. She suffered a fractured right hip, fractured pelvis and burns on her face and arms from the vehicle exhaust pipe.

Fort Worth Girl And Former Local Man Married On Saturday

Randall J. Aiken formerly of Cross Plains and a grandson of Mrs. J. G. Aiken of this city, and Miss Alice Marshall, of Fort Worth, were united in marriage Saturday night at the Polytechnic Methodist church in Fort Worth with the Rev. Floyd E. Johnson, of Gatesville, reading the marriage ceremony.

The bride is the daughter of Mr. and Mrs. Clyde M. Marshall of 4101 Avenue J, Fort Worth, where a reception was held after the wedding. The groom is the son of Mr. and Mrs. C. V. Aiken, formerly of Cross Plains and who now make their home at 1194 Arch Street in Fort Worth.

Mrs. W. D. Barney, organist, played the wedding prelude and accompanied Mr. Barney, who sang "Ah Sweet Mystery of Life" and "Blessed." Greenery backed the altar which was flanked by baskets of white gladioli and white tapers.

Mrs. J. Frank Jordan was her sister's matron of honor. Other bride attendants were Mrs. Clyde M. Marshall Jr. of Comanche; Mrs. Paul Irwin, Mrs. Roy L. Brock, Miss Janice Rogers of Breckenridge; Mr. Al K. Marshall, best man, and Messrs. Clyde M. Marshall, Jr. of Comanche, Owen Benson of Junction and Edward Abernathy of Nacogdoches, were groomsmen. The women wore pastel marquisette gowns with pastel veils caught to their hair with flowers, and carried colonial bouquets of blue and yellow carnations.

The bride wore a white satin gown made on princess lines with an illusion veil which fell from a flower wreath. She carried a bouquet of lilies of the valley and stock. The bride was given in marriage by her father.

At the reception, cakes and fern surrounded the table which centered a table laid with an Italian network cloth and lighted by white tapers in crystal holders. Mrs. Mildred Corley presided at the guest book and Mrs. Charles Mitchell at the punch bowl.

After a short trip, the couple will live in Austin. The bride wore away a beige dress with brown accessories and an orchid corsage.

Guests included Messrs. and Mrs. J. K. King of Donbey, Okla.; Ira K. Marshall of Collinsville; Miss H. F. Roth, T. C. Rogers and Jess Pipkin, and Misses Judy Via and Jean Bain, all of Breckenridge; Mr. Darwin Norris of Cisco; Mr. Nell Wolfe, Mrs. J. G. Aiken and Mrs. J. C. Graham of Cross Plains; Mr. and Mrs. G. M. Richardson and son of Junction.

Methodist Pastor Returned To Cross Plains Pastorate

Members of the Cross Plains Methodist church and citizens of the community as a whole were elated Monday morning to learn that Rev. D. L. Barnes had been returned to the local church for at least another year.

Assignments effecting other Methodist churches in this vicinity as announced at the Central Texas Methodist conference in Fort Worth Sunday were as follows: Burkett, Rev. J. W. Tiekner; Seranton and Desdemonia, Rev. H. J. Sanders; Pioneer, Rev. M. S. Pate; Rising Star, Rev. C. W. Pittman; Putnam, Rev. W. B. Swain and De Leon, Rev. C. D. Wooten.

Methodist appointments are now announced in June each year rather than in October as formerly. The change was made to eliminate the confusion caused pastor's children in moving from one place to another in the middle of a school term.

During Rev. Barnes pastorate the Cross Plains church has shown appreciable growth in every phase of religious work and members of the congregation as well as local people in general felt that his return to the pulpit here meant continued advancement for the Methodist program here.

Review Gets Newer Type Headletter to Make Reading Easy

Perhaps you've already noticed. The Review presents a somewhat different appearance this week, created by the installation of new head letters to replace those formerly used. Instead of the old 24 and 36 point—all capital letters—used since mechanical typesetting was first installed in Cross Plains 19 years ago, news stories are now decked with 24 and 42 point capital and lower case letters. The new face of type is designed to make reading easier and boost the paper's eye-appeal.

Standard Oil Company of Kansas this week abandoned their deep oil try on the Young ranch, 12 miles Southwest of Cross Plains after drilling to a depth in excess of 3,000 feet. It was understood here that permission to abandon the well at a depth less than that contracted was given with the understanding that operators would return to the property and drill another well sometime later in the year.

Formations were reported running low, indicating the test would miss the Ellenburger pay. The operator is reported to have had drilling obligations in Taylor county which demanded moving equipment there soon as possible.

Barker and Lenz were awarded four year contracts to carry the mail on routes from Cross Plains to Cisco, from Cross Plains to Abilene, and two routes out of Abilene. Claude Miller, of Cross Plains, has sub-contracted the Abilene routes and will move there to assume duties before the beginning of the next fiscal year, July first.

Award Contracts On Star Mail Routes To And From This City

Awards on contracts for star mail routes to and from Cross Plains were announced this week. C. A. Barker, who has been serving the star route from Cross Plains to Cisco for the past eight years, and L. A. Lenz were successful bidders on four routes, including the one which Barker has been serving.

Barker and Lenz were awarded four year contracts to carry the mail on routes from Cross Plains to Cisco, from Cross Plains to Abilene, and two routes out of Abilene. Claude Miller, of Cross Plains, has sub-contracted the Abilene routes and will move there to assume duties before the beginning of the next fiscal year, July first.

Mr. Barker asked the Review to express his appreciation to star route box holders for the courtesies and cooperation extended him in his long tenure as mail carrier in this section and promised a continuance of his very best efforts.

Dick Montgomery and Will McMillan returned to Cross Plains last Saturday with one of the nicest strings of fish seen here this year. They had 28 pounds of bass and channel catfish, all of which were caught on artificial lures out of a lake near Talpa.

Gives You Texas

Oddest news lately came from Rhode Island, from Pawtucket. The very name of that place is odd, isn't it? They arrested a man for laughing—and fined him too. Doesn't look like a man has much freedom left if it's against the law to laugh, does it? What this old world needs is more laughs. With all the high prices, high taxes, strikes and world bonuses, they ought to pay a man a bounty for laughing.

Like the two men who were talking, one said, "A man who hides behind a woman's skirt is a coward" and the other said, "A man who hides behind a woman's skirt these days is a magician." A man who can find anything to laugh about these days is really good.

There ought to be a law that he has to tell us what he's laughing about, so we can laugh, too. Like the man who was poor in spirit and in physique. He went to a doctor and the doctor said, "I'll examine you for \$10." He said, "All right, I'll help you look for it and, if you find it, I want half." Rhode Island is so little it would just make a waterfob for Texas. Why, Rhode Island is so little a man has to step over into Connecticut to have room to change his mind.

I read somewhere that Rhode Island is the most densely populated state in the Union and, judging from the Pawtucket happening, the people of Rhode Island really must be dense.

We invite that Pawtucket man to come to Texas where there is plenty of room. He can go out into the great spaces of some of our Western counties where, if the inhabitants were placed in a line an equal distance apart, the human voice wouldn't carry from one man to the next one in line. Or he can come to one of our Texas cities where he can laugh to his heart's content and nobody will even hear him. We have so many car horns honking, ambulance sirens sounding, fire bells ringing and six shooters firing that Gabriel will have to blow his horn a second time just especially for the cities of Texas.

Fine a man for laughing, in deed? Wouldn't it be more sensible to fine a fellow for being grouchy, grumpy and foul-mouthing? Give me the person who can see the silver lining in the clouds that overhang life.

The line of the poet will have to be changed to read, "Laugh and the world laugh with you—except Pawtucket!"
Am I going to Pawtucket? Brother, don't make me laugh!

Robert Smith was a visitor in Brownwood last Saturday.
Patty Moon entered Hendricks hospital at Abilene Sunday where she underwent minor surgery Monday morning for cholecystitis.

Teddy Walker has returned to Denton where he will attend the summer session at NTSTC.
Miss Betty Jean Browning has arrived here from Denton where she received her degree June 2 from TSCW.

County Agent Column

Hoppers Hatching

Partners of the county are being urged by this office to start control measures against millions of grasshoppers that are hatching now.

Poison bait put out now to kill the young hoppers can prevent a lot of damage to row crops. Grasshopper infestations were large last season and the hatch this spring points to another big year for the insects.

An early start on grasshopper control is being encouraged now because the insects, at present, are young and easy to kill; they are bunched together very near the hatch and therefore very little bait will kill them; and they are still on the edges of fields and have not, as yet, done any damage to row crops.

Information received from the USDA Bureau of Entomology and Plant Quarantine office at Waco, grasshopper survey show that the insects have shown up in large numbers in the following counties: Cook, Jack, Archer, Wichita, Clay, Wise, Denton, Dallas, Collin, Hunt, Kaufman, Ellis, McLennan, Falls, Robertson, Brazos, Burleson, Hayes, Washington, Austin, Bastrop, Gonzales, Karnes, Guadalupe, Caldwell, Travis and Williamson.

Abilene SS Office Changes Location

The Abilene office of the Social Security Administration is now in a new location, Rooms 308 and 309 of the Abilene Post Office Building. The move from the old location at 255 Alexander Building was made on May 30 and May 31.

For almost eight years the Abilene field office has served the public in its counties of this area from the Alexander Building location. It was opened here on December 18, 1939.

The Social Security field office administers the Federal program of old-age and survivors insurance and has three principal functions: (1) handles all types of benefit claims; and it issues new and duplicate social security account number cards; and it gives assistance to wage earners in consumer and industry, and to their employers in making sure that accurate social security wage records are kept for each employee.

Odd Reptile Is Found In Banana Stalk Here

One of the most unusual reptiles ever seen in this section was captured by a local grove man Saturday morning.

Mr. W. H. (Buck) Huntington was inspecting a stalk of bananas when a small snake about eight inches long was noticed. Dickie darted back grabbed a jar and seized the snake into it before he had a chance to thoroughly examine it. The reptile was of varied hues and had four legs with web like feet. Its head tapered slightly, resembling a number of the cobra species, however, no one in Cross Plains who saw the snake was able to account for the legs and feet.

Forrest (Mooney) Sedt, former Cross Plains man, who delivered the snake to Huntington with the bananas took the bottled reptile back to his company's headquarters in Cisco and promised to attempt to learn its identity.

Mr. and Mrs. Bernie Moore were Abilene visitors last Friday.

Newly-Paved Highways Open Scenic Territory

This page of pictures showing scenic views of highway 36 near Cross Plains is reproduced here through courtesy of the Abilene Reporter-News.

NEW PAVING CUTS DISTANCES—The Gulf Coast is nearer Abilene by two additional all-paved routes with completion of 42 miles of hard-surfacing—28 miles between Cross Plains and Abilene on No. 36 (the 36th Division highway) and 14 miles on No. 279. Highway 36 connects Freeport on the Gulf and Abilene. It now is paved all the way except 15 miles between Rising Star and Comanche.

Scenes along the new routes shown here are:

TOP LEFT—Monument in memory of the late Bishop Garrett of the Protestant Episcopal church, first preacher to work in that area—It is off No. 36 a mile east of Dudley.

TOP CENTER—Junction of No. 36 and U. S. 183, 28 miles from Abilene; straight ahead to Abilene, right to Baird and Albany, left to Coleman.

TOP RIGHT—Spring blossoms over the country-

side between Cross Plains and the junction of No. 36 with 183—Baird-Coleman highway.

ABOVE—A landscape study from No. 36 between Abilene and Dudley.

RIGHT—A rustic peep at placid Lake Brownwood at a point near the 36th Division memorial monument in the state park.

BELOW—Scene on No. 36 from a hilltop near Abilene, where the highway sweeps into Pecan Bayou valley.

BELOW, RIGHT—Entrance to 36th Division State park, along Lake Brownwood shore, that has become one of southwest's most beautiful and popular vacation spots. See story inside. (News Pictures by Don Hutcheson).

ALATHEAN CLASS ENJOYS SOCIAL WITH MRS SCOTT

The Alathean class of the Baptist Sunday School met Friday, June 6, in the home of Mrs. George B. Scott for their regular monthly social and business session.

Mrs. Earl Smith opened the meet- ing, reading from the twelfth chapter of Romans for the devo- tional. The secretary's report was read by Mrs. Fred Dill.

After a short business period, the group was favored by a vocal duet presented by Mrs. W. A. Strickland and Mrs. J. M. Green- wood.

Refreshments of sandwiches, ice cream, olives and lemonade were served to the following: Mrs. Greenwood, Mrs. Strickland, Mrs. Maggie Cook, Mrs. H. H. Strahan, Miss Steele, Mrs. J. H. Strahan, Mrs. Smith, Mrs. Dill, Mrs. Mamie Swafford, Mrs. A. J. Mathis, Mrs. Kate Powell and Mrs. Scott, the Luettees.

Mount Aso, said to be the largest terrestrial volcano in the world, erupted violently the past week.

Also is located in the central part of Kyushu Island in the Pacific Ocean.

The report said the mountain was belching smoke 6,000 feet in the air and hurling stones and gravel 300 feet from the mouth of the crater.

Mrs. W. R. Thompson Wednesday night of last week.

Mrs. Clyde Brown received an injured leg Saturday in a fall.

The Barkett Home Demonstration Club met Tuesday afternoon at the home of Mrs. T. C. Strickland. There were 16 present and the county agent.

Theatre Program Next Week Brings A Variety Of Stars

Friday and Saturday at the Plains Theatre veteran movie comedian Shepp Howard adds much to the gaiety of the film, "Blonde Knows Best", in the role of a near-sighted process server who has a penchant for smashing eye-glasses as he blunders on the trail of Big Wood. On the same bill Wild Bill Elliott will be seen in the "California Gold Rush".

Sunday and Monday, June 15 and 16, Bette Davis and Claude Rains star in the picture, "Reception", a dramatic story of a woman who loves two men. Tuesday only, "The Jungle Princess", with Dorothy Lamour and Ray Milland, is thrill-packed with a stampede of a maddened elephant herd, a battle waged by manlike chimpanzees and the charge of a tiger. Dorothy saves Milland from a man-eating tiger, takes him to her cave and nurses him back to life. They fall in love and she returns to civilization with him, the aftermath of which is a mad scene with his former betrothed.

Wednesday and Thursday Dinah Shore, popular song stylist, downs everybody with her numbers in "Till the Clouds Roll By".

The Scout Trail

By J. C. Hutson

Scouts of our troop following the scout trail stopped off for an overnight Thursday night at their camp location on the Foster place South of town. Camp was set up and supper prepared, followed by scout games and demonstrations. Just after breakfast the next morning tents were pulled down, camp was broken and the scouts returned to town.

About 10 of the scouts in our troop will leave Sunday afternoon at 1 o'clock for Camp Tonkawa and a week's stay of sleeping out, hiking, swimming, and all the fun that goes along with camp. Mr. Placke and Mr. Lackey, our leaders, were at Camp Tonkawa a few days ago making arrangements for our week's stay up there.

Added to our camping gear were six pup tents purchased by the troop a few days ago. We have been busy making tent poles and stakes for them and getting them ready for Camp Tonkawa. Next week's SCOUT TRAIL will be written from Camp Tonkawa.

By Mrs. Ben Riffe

Mr. and Mrs. Nathan Foster and boys spent part of last week with Mr. and Mrs. Ray Foster near Wilson. On their way home Friday they visited with their grandmother, Mrs. Minnie, in Sweetwater.

Mr. and Mrs. Ben Pillans and family spent the week end with his sister, Mrs. Bob Kincaid, and family at Snyder.

Mr. and Mrs. Harvey Black and Harriette of Putnam visited in the Gus Black home Sunday night and attended singing.

Mr. and Mrs. Howard Shaw and children of Sundown accompanied Mr. and Mrs. Jim Howes to the Brownwood lake Friday. They spent the week end fishing. There were others in the party whose names we failed to get.

Grady Spoles was called to the bedside of his mother, Mrs. Ben Spoles, at Hearne Friday.

Mr. and Mrs. R. F. Hutchins and children spent Sunday with Mr. and Mrs. Luster Foster near Cross Plains.

Mr. and Mrs. Steve Foster of Cross Plains spent Sunday afternoon with Mr. and Mrs. Roy Tatum.

Mr. and Mrs. Clint Brashear and Selva Joe transacted business in Abilene Saturday and visited with Mr. and Mrs. Delmar Lavender.

Mr. and Mrs. Ben Riffe and Mr. and Mrs. R. W. Purvis spent Sunday with Mr. and Mrs. Keeton Riffe in Cisco.

Rev. and Mrs. Maurice Treadwell of Foster visited her parents, Mr. and Mrs. Perry Purkie middle of last week. They left their young son with Mr. and Mrs. Purvis and are now in Brownwood where Mr. Treadwell has undergone a major operation.

Mr. and Mrs. Buster Foster and children of Cross Plains visited in the E. P. Foster home Friday night.

Mrs. Truman Foster entertained the young people's Sunday school class Wednesday night of last week. Games were played and ice cream was served to those present.

Mr. and Mrs. J. D. Goble and son and Mr. and Mrs. Truman Foster visited friends in Abilene over the week end.

Mrs. E. W. Havens and girls and Mrs. Billy Dan Havens of Baird visited with Mr. and Mrs. Ebb House over the week end.

Mr. and Mrs. Arden Strahan of Cross Plains spent the week end in the home of her mother, Mrs. Truet Foster.

Mr. and Mrs. Ebb Rouse and two girls were met at the Cisco lake Sunday by the following relatives and friends: Mr. and Mrs. Billy Havens, Mr. and Mrs. E. W. Havens, Mr. and Mrs. J. M. McWilliams and Dortha Bruce all of Baird. They enjoyed a picnic lunch and skittles.

Baby Nell Trimble and her girl friend, Betty, of Brownwood attended the singing Sunday night.

Jim Wessel was a business visitor in Llano first of the week.

Mrs. C. R. Cook and Mrs. Eli Powell were in Brownwood one day last week.

Mr. and Mrs. S. A. Walker and daughter, of Westbrook, were guests in the home of Mr. and Mrs. V. C. Walker here this week.

Mr. and Mrs. Tommy Holden, Jr., of Snyder, were guests in the home of Mr. and Mrs. O. R. Edmondson here Sunday.

Freight Cars Go Modern

Demonstrating the ease with which a 'Roller Freight' car can be moved, two St. Louis girls, Janet Feuerborn, in striped sweater, and Maxine Hanebrink, pull the car from a dead standstill. Pioneers in developing anti-friction bearings on railroad rolling stock, the Timken Roller Bearing Company turned their efforts toward making fast and dependable freight service a reality. 'Roller Freight', a lightweight, bearing equipped car, is the answer. The first streamlined train and the first Diesel-powered streamliner were equipped with roller bearings and the success was so marked that today the bearings are standard on new orders.

Shippers will welcome the new cars for the smoother action means less damage in transit and fast on-time schedules. Railroad operating men cheer the reduced maintenance, added availability of equipment and an increase in equipment life.

Mr. and Mrs. Ray Plumlee, students in an Abilene college, spent the week end with parents here and at Pioneer.

Mr. and Mrs. Ray Jones and daughter, of Grand Falls, Texas, visited friends and relatives here this week.

Medical Association Big Aid To Science

The contribution to medical science to the welfare of the American people has occurred gradually over many years. Some of the most important of these have not been little published, and are not as widely known as they should be.

New York Times recently ran an article on the Century of American Medical Association. It observed that it had disagreed with some of the associations policies. But pointed out, "during the long years when the government was different to the quality of food and drugs and the patent medicine was in his day, the association was a bulwark of protection. Quacks were paraded, edacious standards were raised, drugs were appraised, hospitals & schools approved and disapproved, a first class medical publication was made indispensable means of knowledge, nostrums exposed as the fruits they were, fads were ridiculed. For all these things the public has reason to be grateful.

"It is a fine job you have done in showing the public has reason to be grateful. It is a fine job you have done in showing the public has reason to be grateful. It is a fine job you have done in showing the public has reason to be grateful.

NAVY FUNDS GET 11 PER CENT CUT

The house appropriation committee charted an economy course for the navy last week which it carried out will slash its total funds by 11 per cent, but give it every penny it asked for research and for its reserve forces.

The budget cut would entail a possible reduction of 40,000 in the strength of the navy and the marine corps, the dismissal of hundreds of civilian employees and a shut-down of some shore establishments, among other economies.

The committee sent to the house floor for debate this week a \$5,135,481,000 appropriation to finance the navy for the fiscal year starting July 1. The total is \$377,339,200 below what President Truman requested in new funds and \$1,175,300,841 below what the navy had for this year.

The house committee called for a 7 per cent reduction in the \$1,344,171,000 for pay and subsistence and slightly greater cut in the \$200,000,000 Marine pay and subsistence.

The Agricultural Department announced last week food processors will be allowed more sugar this year for canning fruits and vegetables and for producing sweet pickles.

Fruit canners will get 100 per cent of their 1941 base use of sugar compared with 90 per cent in 1946. Sugar also will be allowed for packing pickled cucumbers, cauliflower, onion, watermelons, and for sliced and brandied fruits and sweet cabbage, carrots, and pickled beets.

Processors of dried beans, frozen fruits and vegetables will be allowed to increase the sugar content per unit of these products. Fidelity is simply daring to be true in small things as well as great. - Henry Van Dyke

**Old Settler's Reunion
Slated For August 15**

The annual 'Old Settler's Reunion', which will be held this year at Hickman park at Baird, was set for August 15, in a meeting of officers and directors of the Callahan County Pioneers Association in Baird last week. Last year the reunion was held at Baird also.

B. H. Freeland, on behalf of the Baird Junior Chamber of Commerce, extended the invitation to the Association to hold the all-day celebration at Baird, and it was accepted.

Committees named to make arrangements for the annual affair, which is held to honor old settlers of the county, were: Publicity, J. Marvin Hunter, Baird; Jack Scott, Cross Plains; J. S. Younger, Putnam; J. R. Ward, Clyde and Hamilton Wright, Abilene.

Concessions: Fred Heyser, and Beta Freeland.

Parking: S. S. Nichols, Baird, to choose help as needed.

Coffee: Dr. V. E. Hill and Ace Hickman, Baird.

Master of ceremonies: B. H. Freeland and Fred Heyser.

Program: Mr. L. L. Blackburn, Baird, chairman; Randall Jackson, Baird; Earl Hays, Clyde; S. S. Harvill and O. D. Strahan, Cross Plains.

Nominating committee: Roy Hendrick, Edna; J. B. Eubank and Hugh McDermott, Cross Plains.

Comptroller: Court was designated to provide ice water.

A final meeting will be held Saturday, August 2, at 2:30 p.m. at the courthouse to receive committee reports and complete plans.

Meet the boss!

MEET BABS BROWN, the Boss. We don't mean Mister Brown's boss, either. We mean our boss—and a very nice one, too.

Sound odd to you? Well, it isn't. It's a solid fact that your electric light and power company is owned by a lot of people like Babs Brown—and Bob Brown—yes, and yourself.

Housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen—people from all walks of life have put some of their savings into electric companies such as ours. They're the direct owners.

But there are countless indirect owners, too—and many of them have no idea of their stake in the electric industry. They are the people who have savings accounts or life insurance policies—and that means nearly everybody. It works like this: When banks and insurance companies accept your money they must invest it safely, wisely. And because business-managed electric companies have a long record of faithful public service, much of this money is invested in utility companies on physical property installed and dedicated to the public's service. So you, too, are probably one of our bosses.
