AMY WELCH and JUSTIN TERRELL

Welch And Terrell State Champions — National Qualifiers

Amy Welch, daughter of Ken and Dixie Welch of Cross Plains, has participated in the Texas High School Rodeos during the past school year in break-away roping and girls cutting. She qualified for the State show held in Abilene, Texas, last

week in girls cutting. During her competition at the State show, she won the first go of the girls cutting and the short go round also. Her total points from each go was enough to give her the State High School Rodeo Girls Cutting Championship. Amy applied for and received a High School Rodeo Association Scholarship, which she will use attending Tarleton State University.

Justin Terrell, son of Jerry and Glenda Dominy of Cross Plains and Larry Terrell of Tennessee, has participated in the tie-down roping and boys cutting competition during the past school year, placing in both events during this time. He qualified for State in the boys cutting event. Justin won the second go and the short go round of the State Finals in boys cutting, giving him enough points to tie with Chad Glenn of Sulphur Springs, Texas, for the Texas State High School Boys Cutting Championship.

Amy and Justin both won two hats and Gist belt buckles for winning each go round of the cutting competition, Gist champion buckles for winning the state finals, and each were presented trophy saddles during the national qualifiers brunch on Sunday morning. Both students will attend the National High School Rodeo Finals to be held in Gillette, Wyoming during the last week of July. We wish both of them good luck during the finals and a safe trip home.

Please pick up plates to go before 7 p.m. The menu will include barbecue, potato salad, red beans, cole slaw, bread, pickles, onions, peppers, cobbler, coffee, and tea.

Mailbox Vandals Spur Grief

Mailbox vandalism comes in a variety of shapes and sizes from the placement of objects inside a mailbox to theft or destruction of the receptacle.

Carriers and customers report finding a variety of articles for their mailboxes other than mail that are usually easily removed and do not disrupt mail delivery.

On the other hand, firecrackers, shotgun pellets, baseball bats, rocks or an occasional vehicle usually cause enough damage to warrant an interruption in mail service until the box is repaired or replaced.

U.S. Mail receptacles and the mail in-

side are protected by federal law. The violations are felonies which carry penalties of three to five years imprisonment and \$1,000 to \$2,000 fines.

The best way to prevent the destruction and vandalism of mailboxes is through education. Parents with young children should take a few moments to explain the importance of an individual's mail to them. They should also let older children know that what may be intended as a harmless prank is actually against the law. The prankster can end up in jail, and the customer has to pay for the repair or replacement of the damaged mailbox and mail.

C.P. Residents Respond To Community Development

By VANDA KING Editor

Tuesday evening, June 14, residents attended a Community Development meeting at the Cross Plains Community Center, presented by West Texas Utilities and hosted by the local Chamber of Commerce.

Representatives of organizations, businesses, city council, and the school district expressed their willingness to participate in a proven program that leads to action, to building local economy and skills as community leaders.

David Scott, area development representative for West Texas Utilities, presented a step-by-step guide including determining strategy readiness, building the action team, getting a community checkup, building action strategies, writing community business plans, moving to action, and monitoring the agenda.

Positive support for the program was evident and those present voiced a willingness to move forward. Volunteers for a steering committee were requested and approximately twenty-five signed up. An executive committee will be formed from this group.

As many as three major projects may be chosen to promote the growth and continued strong existence of the community. Brain storming sessions will be held at a later meeting to arrive at the main objectives and every group in the community will be included in achieving the goals.

Information regarding grants and loans for financial needs will be available through the assistance of Mr. Scott. A brighter future for Cross Plains is possible through cooperation and dedication. Everyone's support is needed!

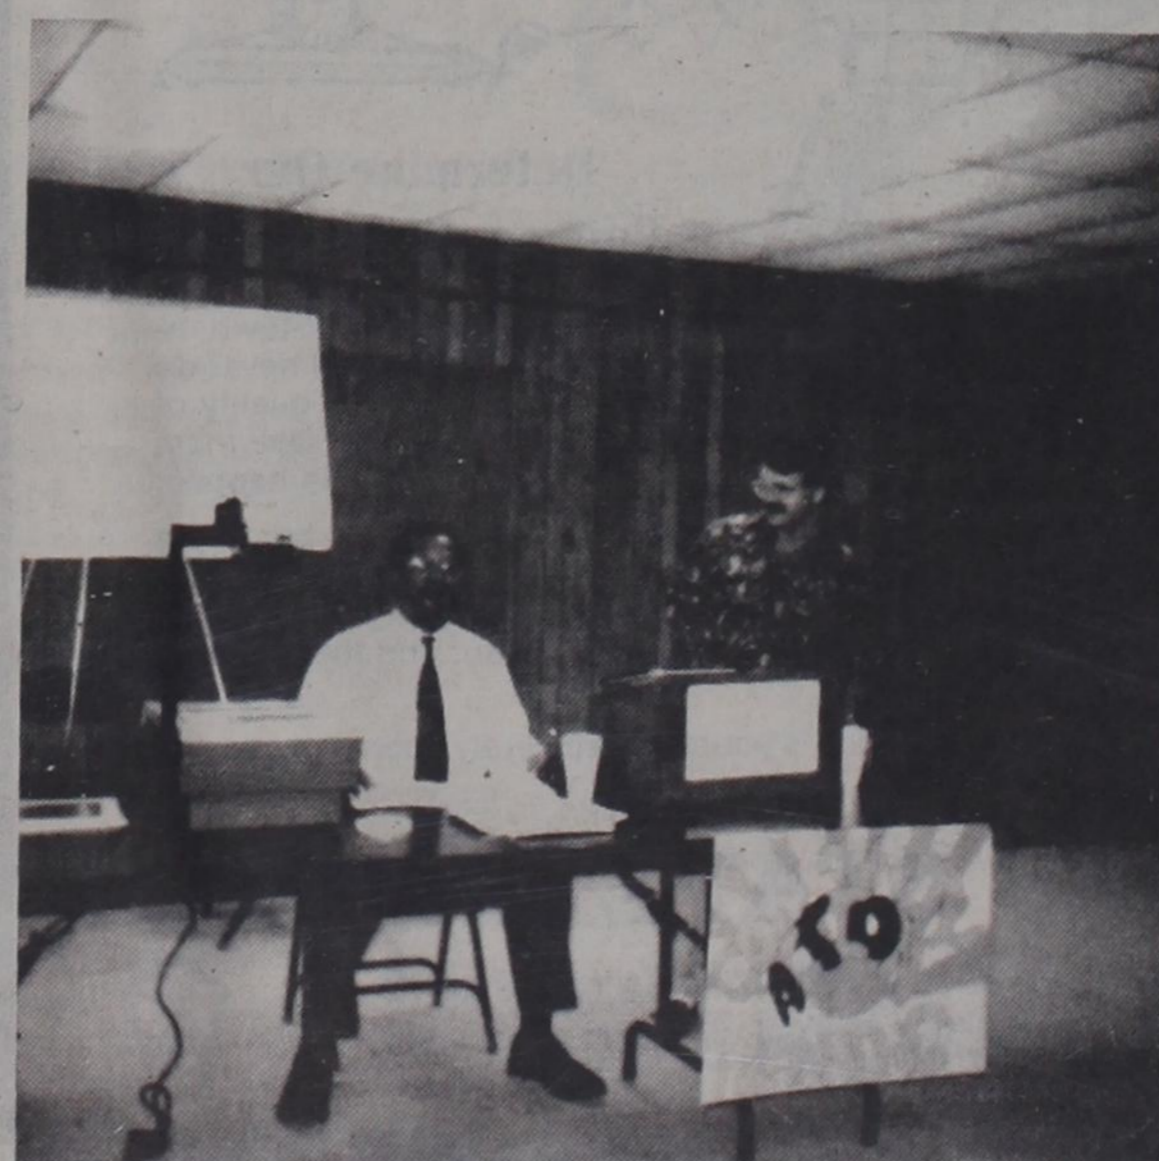

The Cross Plains Chamber of Commerce appreciated everyone who attended and is eager to begin this new adventure. A "Caring Community Looking Towards the Future" is an attitude that can save this little town from extinction, which has been the fate of so many small communities.

COMMUNITY ACTION MEETING — David Scott (left), program developer, is being introduced by Tim Dillard, Cross Plains Chamber of Commerce President.

The Texas Folklife Festival Is Looking For Folks!

SAN ANTONIO — Some 22 years ago, O.T. Baker and his small band of staff and volunteers set out for towns across the state, rounding up Texans who had preserved the ethnic traditions and pioneer skills which helped form the Lone Star State. In 1972, the first Texas Folklife Festival featured 2,000 participants who shared their food, crafts, music, dance, and stories with Festival visitors. Now in its 22nd year, the Festival, which is August 5-8, is looking for NEW folk who can join with charter members and long-time participants in demonstrating their skills and crafts to visitors of all ages.

If you have a "new" old skill or a craft that's been handed down through the decades and would like to share your knowledge, the Folklife Festival is looking for you. Whether your specialty is handcrafting a saddle, making hominy, tinsmithing, or any of the hundreds of pioneer skills required in early Texas, come join this fun and educational event and help preserve the ethnic and cultural folkways of Texas.

For more information about participating in the 1994 Texas Folklife Festival, write the Texas Folklife Festival, Institute of Texan Cultures, P.O. Box 1226, San Antonio, Texas 78294.

Rodeo And Golf At Cisco Junior College

Rodeo and golf will be added to the sports available at Cisco Junior College this fall. The CJC Board of Regents authorized the two new programs during its June 14 meeting.

"We feel that rodeo and golf will be popular additions to our intercollegiate athletic offerings," stated Chuck Lawrence, who was designated CJC athletic director during the same board meeting.

Limited scholarships will be available in both sports. Anyone interested is encouraged to contact CJC by calling (817) 442-2567.

The golf team will be a men's sport, but rodeo will have slots for both men and women.

Agriculture instructor Herman Glueck will coach the rodeo team while Lawrence will add golf to his head football coaching and administrative duties.

Other intercollegiate sports at CJC include football, men's and women's basketball, and women's volleyball.

"We are proud of our athletic program at CJC. It offers opportunities for young people to continue with their athletic interests while receiving a first-class education," concluded Lawrence.

RRC Sets Texas Gas Production Allowables

AUSTIN — Railroad Commissioner Chairman James E. (Jim) Nugent, and Commissioners Mary Scott Nabers and Barry Williamson forecast Texas oil production for July at 1,700,377 barrels per day, based on purchaser nominations, and set gas production allowables for prorated fields in the state to meet market demand of 194,043,685 Mcf (thousand cubic feet).

For prorated gas fields, the July 1993 allowable represents an increase of 22,002,975 Mcf when compared to actual production of 172,040,710 Mcf in July 1992. In setting the July 1993 allowable, the Commission used historical production figures from July 1992 and producer forecasts for July 1993 demand, then adjusted the figures to account for such factors as well capability, new wells in a field, etc.

Nugent, Nabers and Williamson also reviewed oil companies' July nominations to buy a total of 1,700,377 barrels of Texas oil per day. The nomination total, a decrease of 7,167 barrels daily when compared to June 1993 purchaser nominations, estimates Texas oil purchases in the coming month. July 1992 nominations totaled 1,787,386 barrels daily.

Nugent reported that crude oil and petroleum products imported into the U.S. averaged 8,566,000 barrels per day for the month of April 1993. This was an increase of 499,000 barrels per day from the same period a year ago.

The next statewide oil and gas production allowable hearing will begin at 2 p.m. on Tuesday, July 20, at the Railroad Commission in the William B. Travis Building, 1701 N. Congress Avenue, in Austin.

BREAKTHRU

By Bob Pipes, preacher
Cross Plains Church of Christ

A little boy asked his father how wars started. "Well," he began, "suppose America quarreled with England and..." "But," interrupted the boy's mother, "America doesn't quarrel with England." "I know," said the father, in an irritated tone, "I'm only using a hypothetical case." "You're misleading Johnny," she screamed in reply. "I am not!" he growled. "Never mind," said the boy, "I think I know now how wars start."

Do you have "wars" around your house? I wonder what effect they have on the ones who live there? I wonder how they might be prevented? It would be quite a breakthrough to most homes to learn the solution — or better yet, the method of prevention. Perhaps there has to be a certain amount of sparks but it should be an exception rather than the rule. Just like in our lives, we get angry but we should not let it lead to sin, Ephesians 4:26. Perhaps a lot more understanding and patience and love would help as much as anything — but that's easier said than done isn't it? Paul speaks about an exercising of our senses, Hebrews 5:14, so maybe a lot of exercise — an exercising of our good sense would make the qualities like love, patience, self-control, understanding, kindness, peace, goodness, meekness and long-suffering take the place of numbers. And yes, forgiveness as number ten!

Come "exercise" with us as we try to learn and practice these qualities. We really do care! And remember — VBS is July 12-16, 9-11 a.m.

Vitamins Important As You Age

Vitamins and nutrition are thought to be most important for children. However, as we age we do not absorb vitamins from food as well as when we were young. Dr. Chandra of the World Health Organization found that even with a balanced diet, 25% of people over 65 are not getting all their necessary vitamins. He also found that they were less likely to become ill if they took a daily supplement containing recommended vitamins and minerals.

Your better health is our concern.

Pioneer And Surrounding Community Schools Reunite

The 73rd Annual Pioneer, Liberty, Cook, Sabanno, Curtis, Gunn, Peak, Hickman, and Crocker Schools Reunion was held Saturday, June 12, 1993 at the Cross Plains Community Center in Cross Plains, with 90 persons registering. President Bob McCowen called the meeting to order. Vice-President Vernon Phillips gave the invocation; Secretary-Treasurer Betty Haslam read the last minutes; and Irma Miller gave the Pioneer Cemetery report.

Hazel Marsh was the oldest lady present at 93. Clois Webb and Marion West tied at 85 as oldest men present. Maureen Coon traveled the farthest to attend, from San Diego, California.

Memorial services were conducted by Laverne Hutton and Betty Haslam. (Kate Watson compiled the list.) Lilburn Tate and James Wolf passed the hats for donations, and Saturday, June 14th (2nd

chosen for their award-winning abilities from a field of 500 Dairy Queen co-workers.

Attending with her contestants was Manager Ophelia Merrill.

The Richeson Rally began at Graham's Gateway Inn, with a parade led by Director of Operations David Stanton, bearing the official torch; Stanton was followed by the contestants, company executives and representatives of International Dairy Queen. The Rally featured competition in several soft-serve dessert categories, including the various sizes of cones, sundaes, Blizzards, and Royal Treats.

To be invited to the Rally, contestants were required to win their store and subsequently, their division play-offs. Each division is comprised of approximately 150 co-workers.

The Rally was held on June 9 and 10, with a social evening and dinner at Richeson's Rimrock Ranch, to which all participants were invited.

Other rallies are planned: follow-up soft serve competitions, as well as hot food and customer service.

Saturday) 1994 was the date set for their next reunion.

Three \$5 door prizes were awarded, according to registering numbers. Those winning were JoVeda Watson, Majorie West, and J.W. Fore. Bill and Lucille Hester catered the noon meal.

President McCowen was ousted from office after demanding free travel expenses, including air travel: at least one month all expense paid, yearly vacation to Hawaii or elsewhere, a swimming pool and golf course, and at least \$200,000 retirement pension if and when he decided to retire. He hadn't really had time to complete his list of demands. McCowen said, "Don't believe all you read!"

Bill Pancake was then elected new president; Vernon Phillips, Vice-President; and Elaine Pancake, Secretary-Treasurer. The meeting was then adjourned.

AGRICULTURAL SEMINAR — Chandra Scott (right) of the Cross Plains ISD in Callahan County attended a two-day seminar on Land and Range and Pasture judging held on the campus of Tarleton State University. Conducted by Tarleton faculty members Dr. Clyde Stahnke and Dr. Roger Wittie (pictured

NEWS FOR VETERANS

Secondary Effect of Cold Injury:

The Veterans Health Administration has recently researched medical literature dealing with the delayed effects of cold injury. Their review is summarized in **CLINICAL PROGRAMS INFORMATION LETTER (IL 11-92-006)** dated November 2, 1992.

The term "cold injury" denotes permanent damage to skin tissue or blood vessels because of freezing. In severe cases, there may be a loss fingers or toes. Veterans who are service-connected for cold injury face an increased risk for developing the following conditions at the site of original injury: peripheral neuropathy, squamous cell carcinoma of the skin (at the site of a scar from a cold injury), arthritis, or bony changes such as lesions. Service-connection for these conditions may be in order under 38 CFR 3.310 if they arise in the area of a cold injury incurred during military service, and there is no apparent nonservice-connected cause. If the manifestations of diseases are consistent with these conditions secondary to cold injury, service-connection may be granted even if the other extremities or the body as a whole is affected by similar nonservice-connected conditions. An opinion from the

examining physician in this regard will be material and cannot be ignored. When considering the possibility of intercurrent cause, reasonable doubt, as defined in 38 CFR 3.102, will always be resolved in the Veteran's favor.

Both the fact that the veteran sustained a cold injury during military service and the site of the injury must be established before secondary service-connection can be considered. No claim should be denied unless service-connection by all other means has been considered. If the claimant is an ex-POW, service-connection on a presumptive basis (38 CFR 3.309 (c)) as well as a direct or secondary basis must be expressly considered. Even in the absence of official records, lay or other evidence that a condition was incurred or aggravated in combat may be accepted as sufficient proof of service-connection provided that it is consistent with the known circumstances of such service. (38 CFR 3.3049 (d)).

JoVeda and Bill Watson of Byrds Store, and Jim and Charlene and family had lunch with Nell on Sunday. Nell's place suffered some damage from the small tornado the other day. It blew over two sheds and twisted the top out of a peach tree. She is thankful there was no further damage.

SENIOR CITIZENS STATS

By MARIE HORTON

We were so happy to hear from our dear friend, Cora Howland. We love her and still miss her. She is ever in our thoughts.

Visitors from Brownwood were Les and Fay and Jewel Foster's son and daughter-in-law, and Gladys McIlroy.

Hazel Ware was back, and we always enjoy the ones we haven't seen in a while. Welcome to you all!

Lois Garrett's sister, Jo Davee from Burket, is in the nursing center at Rising Star. I'm sure she would enjoy her friends dropping by to visit her. Speaking of Lois Garrett, have you seen her yard?

BEAUTIFUL! It's the prettiest one I've seen. Drive by. It will give you a thrill after all the dry weather we have had to see such an Oasis.

Marie Dillard is still pretty bruised up after her fall, but she is a little better than she was. We hope she continues to improve, and all the other Seniors who have been out. Hurry back to us. We miss you.

Hope to see you all back with us Monday. Have a good weekend.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This is a very dreary Monday morning — as cloudy and humid as it is, I'll have difficulty smiling through these 'musings.'

Sally Roady was cheerful this morning. They had a nice weekend with their children coming in — George was there from Dallas, Cindy and Charlie visited often. Mr. Mac Childers visited one day. They were in church services Sunday morning — Dr. Don Newberry of Brownwood brought an interesting message.

All last week, Betty Beggs participated in Art Club work with children — a tremendous experience. On Sunday, Mr. and Mrs. Randy Beggs of Eastland had supper with J.T. and Betty. On Saturday, J.T. and Betty visited his father at Morton Valley.

My chat with Helen Tillotson just made my day! She is so cheerful, and she enjoys her family activities. They celebrated their Father's Day in the Joyce Burleson home. Ronnie Hutchins was at home for the weekend.

Mrs. Jewel Foster enjoys having her children nearby. They visit often — they keep her place clean and neat — that pleases her very much. She was in Sunday School and church on Sunday.

Also visiting that weekend was Marvin's parents, Jack and Marie Sykes of Fort Worth. Dorothy Mosley of Cross Plains accompanied the Mosleys and the Sykes to Abilene on Sunday afternoon.

The next weekend, Rex Mosley of Lubbock visited his parents, Marvin and Kay Mosley. Mr. and Mrs. Mosley returned to Lubbock with Rex for a four day visit. The Mosley's grandson, Zachary of Lubbock, returned with them for a two month visit.

Zachary, age 5, spent the past week in Cross Plains attending Bible School and a Little League baseball game. Zachary has also been enjoying visits with his grandmother's cousin, Dorothy Mosley of this city. He has been visiting with his great-great aunt and uncle, Wilda and Wayne Dennis, and briefly with their two daughters, Glenda Davis and Vickie Stevens of Balch Springs and Dallas respectively.

On Thursday afternoon Marvin, Kay, and Zachary Mosley zipped over to Rising Star for a visit with another of Zach's great-great aunts, Opal Gattis. Zachary's great-grandmother, Iris Dennis, is a former resident of Cross Plains. She now resides at Bender Terrace in Lubbock.

He is taking in all the sights and sounds in and around Cross Plains, especially the chickens, cows, horses, goats, etc., which are pretty scarce in Lubbock proper, to which he is accustomed.

Visitors in the B.F. Hutchins home on Saturday before Father's Day were: Tom and Lynette Mitchell, Tony and Sheri Widner and girls, Whitney and Courtney, and Lance Edwards from Graham; Bob Hutchins and Teri Arnold from Waco; and Gale and Beth Arnold from China Spring and Boxtown.

All enjoyed a fish fry.

W.R. works where they drill water wells, some as deep as 800 feet. She also remembers the bus trip home, leaving there in the early morning and making the trip in one day.

Edna Dye made a trip to Lafayette, Louisiana to visit her cousin, Mary Lee Cantille. Her grandson, Douglas Dye, accompanied her on the trip. She reported seeing beautiful country in that area.
