## Letter To Households (Multi-Child) National School Lunch Program; School Breakfast Program

**Parent/Guardian:**  
The Cross Plains school serves meals each school day. Children may buy lunch for K-5 — \$1.00, 6-12 — \$1.25 and breakfast for .50 cents. Children may also get meals free or at a reduced price.  
If you now get food stamps or AFDC for your children, your children can get free meals. If your total household income is the same or less than the amounts on the Income Chart below, your children can get free meals or reduced price meals. A foster child may get free or reduced meals regardless of your income. The reduce price is .40 for lunch and .30 for breakfast.

**TO GET FREE OR REDUCED PRICE MEALS FOR YOUR CHILDREN, YOU MUST COMPLETE AN APPLICATION AND RETURN IT TO THE SCHOOL. WE CANNOT APPROVE AN APPLICATION THAT IS NOT COMPLETE.**

**HOW TO APPLY**  
If you now get food stamps or AFDC for the children you are applying for, the application must have the children's names, a food stamp or AFDC case number for each child, and the signature of an adult household member.

If you are applying for a foster child, the application must have the child's name, the child's "personal use" income, and an adult signature.

If you do not list a food stamp or AFDC case number for all children you are applying for, then the application must have the children's names, the names of all household members, the amount of income each person got last month and where it came from, the signature of an adult household member and that adult's social security number or the word "non" if the adult does not have a social security number.

**Verification:** Your eligibility may be checked at any time during the school year. School officials may ask you to send papers showing that your children should get free or reduced price meals.

**Fair Hearing:** You may talk to school officials if you do not agree with the school's decision on your application or the results of verification. You may also ask for a fair hearing. You may do this by calling or writing: M. Lee Thompson, P.O. Box 669, Cross Plains, Texas 76443, (817) 725-6121.

**Reporting Changes:** If your children get free or reduced price meals because of your income, you must tell the school if your household size decreases or your income increases by more than \$50 per month or \$600 per year. If your children get meals because you get food stamps or AFDC, you must tell the school when you are not getting AFDC or food stamps for them. You may then fill out another application giving income information.

**Confidentiality:** School officials use

the information on the application only to decide if your children should get free or reduced price meals.

**Re-application:** You may apply for meals anytime during the school year. If you are eligible now but have a change in status, like a decrease in household income, an increase in household size, become unemployed or get food stamps or AFDC for your children, you may then complete an application.

**Handicapped:** Meal substitutions at no additional cost for children who meet the definition of "handicapped" will be served, provided physician has submitted a statement attesting to this fact and prescribing a substitute.

## WTU Presents 'Good Cents' Program

West Texas Utilities Company has introduced a new home construction program called Good Cents. The program is designed to provide greater energy efficiency and promote environmental conservation.

Under the plan, homes that are built to meet specific standards will qualify for rebates while providing greater savings on utility bills.

Over 300 utilities participate in the Good Cents program. Together they serve 25 million residential customers in 30 states. More than 600,000 Good Cents homes have been built in all parts of the country.

WTU Residential Marketing Manager Gary Throckmorton commented, "Another advantage to buying or building a Good Cents home, besides the low operating costs, is the special financing that is available. Fannie Mae (Federal National Mortgage Association) has approved a 'Stretch Lending Ratio' of 2% for homes that are certified by WTU. This means that buyers can qualify for a more expensive homes."

The program calls for the installation of high efficiency heating, cooling and water heating equipment, high levels of insulation throughout the home and measures to control air infiltration. WTU consultants can assist with proper sizing of all equipment for the greatest energy savings and provide the home builder with additional tips to ensure that the desired home comfort levels are met. The consultant will also inspect the home at various intervals during construction and

certify it upon completion.

The homeowner can expect to save 20 to 30 percent in operating costs compared to a standard home. Homes that use less energy save natural resources needed to produce electricity, which benefits the environment.

Anyone planning to build or buy a new home is encouraged to call your local WTU office to find out how Good Cents can benefit you. It just makes sense to building "Good Cents."

## Texas Would Benefit Substantially From Proposed EITC Expansion

The expansion in the Earned Income Tax Credit proposed by the Clinton Administration would be of significant benefit to low- and moderate-income working families in Texas. A large number of tax filers in Texas receive the credit.

• According to data from the Internal Revenue Service, one in every six Texas households that filed a federal income tax return in 1992 — 17.5 percent — received the EITC.

• Some 1.3 million working families with children in Texas received the EITC last year.

Under the Clinton proposal, both the number of working households eligible for the credit and the size of the credit would increase.

• According to data from the Department of Treasury, roughly 1.4 million Texas working families with children would be eligible for the EITC once the proposal was phased in fully. Most families already eligible for the credit would receive a substantial increase in their EITC payment.

• In addition, a sizable number of very low-income Texas workers without children would become eligible for a modest EITC payment. Somewhere in the vicinity of 673,000 such workers would become eligible.<sup>1</sup>

• Texas households would receive approximately \$733 million more in EITC benefits per year under the Clinton proposal than under current law.<sup>2</sup> These dollars would largely be spent in the Texas economy. The new dollars would be of particular benefit to local economies in areas with large numbers of low- and moderate-income working households.

<sup>1</sup> The figures on workers without children are broad estimates. Since the proposed credit for workers without children is new, there are no historical data on which to base state-by-state estimates. This estimate is based on the number of childless workers who would qualify nationally, as estimated from Census data, and the proportional distribution EITC families with children among states.

<sup>2</sup> The \$733 million figure is based on the official estimate issued by the Joint Committee on Taxation of the amount of additional EITC benefits that would be paid nationally under the Clinton plan when it is phased in fully. The figure assumes that the proportion of these new benefits that would go to households in Texas

would be the same as the proportion of current EITC benefits that goes to households in Texas. The figure is expressed in 1994 dollars.

## Farmers Home Administration Trying New Training Program

TEMPLE—"Farmers Home Administration is trying a new training program which could save thousands of dollars in training expenses, and improve the quality of loan services to our customers," stated George Ellis, State Director of Farmers Home Administration (FmHA). FmHA county supervisors and private lenders from all over the state will receive a videoconference training on the Certified Lender and the Guaranteed Loan Programs. This training will be received nationwide on August twelfth.

Participants will receive information from several national experts, work through case studies, and be able to ask the experts questions via telephone. This type of videoconference training is an innovative step for Farmers Home and should reduce spending and provide training to a larger selection of participants.

Ellis invites local lending officials to take part in this training so that they can become certified as a Guaranteed Lender.

"We see videoconferencing as a way to partner with the private sector, to encompass the breadth of Texas

instantly, and to convey the very best and latest information without increasing paper work or spending more tax dollars," stated Ellis.

Farmers Home Administration, as an Equal Opportunity Lender, makes loans or grants to individuals or groups and guarantees to approved lenders without regard to race, color, religion, sex, national origin, familial status, and handicap. Complaints of discrimination should be sent to: Secretary of Agriculture, Washington, D.C. 20250.

# ROWDEN NEWS

By MRS. N.V. GIBBS

Following all the dry weather, this area finally got some relief. Last Monday 1 1/2 inches fell at the Bob Dye place. Pasture fires were started by lightning this side of Denton Valley. A fire on each side of Highway 36 had smoke boiling up like rain clouds. The fire started below the Bonner, Cutbirth, McWilliams place. Fires also were on the Silver Brook Ranch. These fires rekindled for a day or two before they were brought under control. The Rowden area was not in the fire area, but the community thanks every person who had a part in controlling these fires.

This is a reminder of the 42 party in the Robert Watson home August 14 at 6:30 p.m. The women will furnish a sweet and tea or lemonade.

Bob and Kathy Dye received word that their grandson, Justin Patterson of Laurel, Mississippi, had fallen and broken his

right arm. Bob reported they soon would be visiting Julie, Bryan, and children.

Dorothy Reynolds was in Clyde for the funeral of her friend, Evelyn Fransar, in the Cherry Heights Baptist Church.

Nancy Palmer of Clyde visited her mother, Joyce Odom, last Sunday.

Company of Gene and Vernie Belle Mauldin was his nephew, Leon and Barbara Mauldin of Hurst. They were enroute to New Mexico to visit Leon's father, Morris Mauldin. Irene Masters of Snyder drove her mother, Vernie Belle Mauldin, to Abilene where she had a doctor's appointment on Monday.

Robert and Dorothy Watson and Robbie Watson made a trip to San Antonio Sunday and Monday where they visited their son, Kile, and his friend, Tammie Culpepper, and her parents, Mr. and Mrs. Culpepper of Pflugerville.

Tony and Judy Steele went on a sight-seeing trip to the mountains of Colorado last week.

## BREAKTHRU

By Bob Pipes, preacher  
Cross Plains Church of Christ  
433 N. Main At 12th  
(817) 725-6117

I'm taking a break from the usual "Breakthru" articles in order to make everyone aware of a special series on "FAMILIES" that will be shared at our Activity Center, 617 East Fourth St. (Hwy. 36), on Tuesday evenings, 7-8 p.m., beginning September 28th, continuing each Tuesday evening through November 2nd.

Do you at all join me in being concerned about families and family life in our community? Even if your family is "alive and doing well," would you not like to insure its well being? I could state several statistics — even facts! — that would remind us of the fact that we are living in very troubled times — that are pulling at our moral fiber! I do not think I need to make such a list; I would rather tell you what we plan to do about it...

In the six weeks series you will have the opportunity to share in discussion on the following topics: God's Design for Families; Helping Family Members Grow; Planning Family Activities; Setting Family Goals. Each class member will receive a free workbook — there is no cost at all to any member! Dad, Mom, the children (age 10 and up), and grandparents are all in the same class. In each session there's a great deal of discussion and participation, sometimes in smaller groups. There will be reading and underlining of scriptures in the Bible, sharing of experiences, talk of how to put biblical passages into practice in individual lives and in families. And during each week, families will be encouraged to do activities together. Members of single-member families, including grandparents, will be able to contribute greatly as your experiences are drawn upon — and you, too, will receive much other good from the series.

Think about it. Pray about it. I'll tell you more about it in the weeks to come...

## ADVERTISE IN THE CROSS PLAINS REVIEW

4 — Cross Plains Review

### AHA Endorses Aspirin

The American Heart Association recently gave the regular use of aspirin to help prevent repeated heart attacks their strongest endorsement yet. Aspirin both prevents first attacks by up to 44% and also helps reduce the likelihood that they happen a second time by 20-40%. Most of the benefits the research found occurred in middle-aged and old men. In general, people should not start taking aspirin without consulting their doctor.

Your better health is our concern.

## In Loving Memory Of Henri Etta McDonough

December 20, 1924 — July 20, 1993

By LARRY McDONOUGH

Henri Etta loved the great outdoors — "Mother Nature" she called it. Looking down into the Grand Canyon and looking up at Mt. McKinley. She loved the desert and she loved the surf.

In her early teens, Henri Etta would go fishing with her parents in the high country — camping out — sleeping in a bed roll on a pile of pine needles. Later

on, she and I would go with her parents fishing on Lake Crowley — opening day of trout season, up early, out on the lake in an open boat. Bouncing around, drinking cold coffee, freezing our bottoms off, fish all day, never get a bite. Boy, but it was fun!

We were fishing in Utah, cold weather of course. Late in the evening, I ventured out over a small river on a broken tree limb. Over the middle of the river, the tree limb broke — I took a 35°F bath, tackle and all! After about a one mile walk back to the car, I was cold, wet, muddy and disgusted. When Henri Etta saw me, she calmly said, "Hun, did you catch any fish, or did you just jump in the creek?"

Later on, we purchased a cabin cruiser at Oceanside. She liked the boat — cruised out in the ocean to watch the ocean animals and birds. On one occasion, we were staying aboard the boat. We got up and coffee and I told her, "Take your Dramamine. We are going fishing this afternoon." We were calmly fishing about five miles out. I got a heavy hit. Henri Etta asked me what I thought I had hooked. I calmly replied, "I think I have hooked a Navy submarine!" After much reeling in and out, I finally got the fish up close enough to see it. To our surprise, I had hooked a 15-foot beautiful, blue and white Sea Ray. Henri Etta fired up the boat to help maneuver so I could get the Sea Ray's mouth on the swim step. After much slow maneuvering, I got soft lines around its wings and released it with no damage to it. The Sea Ray calmly swam around our boat, as if to thank us, and with its huge wings, disappeared. Henri Etta commented that the Sea Ray was the most beautiful fish she had ever seen.

Henri Etta loved traveling in our Motor Home. I did most of the driving and she did most of the looking.

Henri Etta and I had a world of fun raising our kids and helping with our grandkids.

Henri Etta loved people. People loved her work. Henri Etta loved to help people at the workplace — sometimes it seemed she had too much love — after she got home in the afternoon, the phone never stopped ringing. It was, "Can I speak to Henri, please?"

That is some of our 47 years together...

## MINUTE MUSINGS

By ESTHLOY S. DICKSON

Headlines in this morning's paper are very sad. Four Americans killed in Somalia. I just wish our people could have stayed out of that area! But, of course, as in other areas, we have to take the bad with the good. And one good aspect is the weather — it is beautiful right now — I know it will be warmer later — but it is August — usually the hottest month in the year.

There were only 145 in our Sunday School this Sunday. The church attendance was better. The pastor's subject: "A Love That Will Not Let Go" was very assuring.

I recently had a nice chat with Opal Gattis — it was her birthday. We have been friends ever since I moved here,

thirty years ago.

J.T. and Betty Beggs visited Wednesday and Thursday with Mr. and Mrs. Rusty Beggs and daughter, Charissa, at Temple. On Sunday, J.T. and Betty visited with his brother, Sam and family at Lake Leon near Eastland. It was his fiftieth wedding anniversary.

Sally Roady reports that they visited Ms. Nettie at the nursing home nearly every day. They visited in Baird with N.A. and Ghetti Roady and Bob and Sue McNeil. They visited with Cindy, Charlie, and Allison in the city.

Lucile Callaway didn't have any special news this morning. A chat with our Karen indicated that she is busy, busy getting things ready for next school term. From recent reports, the time is nearer than usual. It seems to me that school starts earlier each year.

**PERSONALS**

Marvin and Kay Mosley returned home Friday from visiting in the Lubbock area with family members, accompanied by grandson, Zachary. Saturday night, their daughter, Melody of Lubbock, Dorothy Mosley of Cross Plains, her son, Jamey and daughter, Ranae and son-in-law, Rob Young, attended the outdoor drama "God's Country," accompanied by Kay, Marvin and Zach. This was in Crosbyton, Texas.

While there, they visited with Kay's sister and family, E.A. "Sonny" and Ann Bounds. Mr. Bounds and his daughter, Belinda Bradley of Denver City, were acting participants in "God's Country." James Mosley and Mr. and Mrs. Rob

Young are residents of Lubbock.

While in the area, Mr. and Mrs. Marvin Mosley visited besides their daughter, Melody, with their son, Rex, and their other daughter, Allison, also of Lubbock.

On Sunday, Marvin, Kay, Melody and her son, Zachary, and Allison Mosley visited in Clovis, New Mexico with their son, Mark Mosley, and his roommate, Neal McDaniel. While there, they toured the Clovis zoo, which grandson Zachary especially enjoyed.

Zachary has spent the summer in Cross Plains since June 1, but registered with the Lubbock schools for Kindergarten while in Lubbock. This will be his last week in Cross Plains. He loves this town and now would like to live here. He is trying to convince his mother that the people in Cross Plains are friendlier, nicer, and just all around better.

**A Tribute To Alma Illingworth**

By MABEL HALSELL

Writing on many subjects involves mixed emotions. Writing a tribute to one you loved is no different, so it is in writing this tribute to Mrs. Alma Illingworth.

Yes, sorrow is paramount in our emotions. There is a vacant chair in our Sunday School Class; a vacant seat in the pews. There is no more sharing with her the spiritual insights we always received, when studying a portion of God's Word. There is no visiting, sharing of events of

the week, before and after church with Alma. Yes, we are sorrowful.

Then, there is an emotion of happiness. The memories of seeing her smile, hearing her chuckle, running into her in the grocery store, and visiting while discussing our food likes and dislikes (sometimes comical). Like opening a can of food rather than cooking, liking food once that we do not like now, and sharing recent news happenings.

Last, but not least, we are happy that Alma fulfilled the witnessing and being a Christian. We LOVED and we miss Alma.
