"Election Thoughts"

Remember to vote in November.

In 1645 — One vote gave Oliver Cromwell control of England.

In 1649 — One vote caused King Charles I to be executed.

In 1776 — One vote gave America the English language instead of German later on, Thomas Jefferson and John Q. Adams were elected by one vote.

In 1845 — One vote brought Texas into the Union. Then California, Oregon, and Washington, too.

In 1868 — Impeachment of Andrew Johnson lost by one vote.

France changed to a republic from a monarchy by one vote.

In 1923 — Adolph Hitler became the leader of the Nazi party by one vote.

In 1960 — JFK's margin of victory over Nixon was less than you guessed it-one vote per precinct. Who says your vote doesn't count?

You Remember The Real America

if you can remember...

When riots were unthinkable.
When you left front doors open.
When socialism was a dirty word.
When ghettos were neighborhoods.
When the flag was a sacred symbol.
When criminals actually went to jail.
When you weren't afraid to go out at night.
When taxes were only a necessary nuisance.
When a boy was a boy, and dressed like one.
When a girl was a girl, and dressed like one.
When the poor were too proud to take charity.
When the clergy actually talked about religion.
When college kids swallowed goldfish, not acid.
When songs had a tune, and the words made sense.
When young fellows tried to join the Army or Navy.
When people knew what the Fourth of July stood for.
When you never dreamed our country could ever lose.
When a Sunday drive was a pleasant trip, not an ordeal.
When you bragged about your hometown and home state.
When everybody didn't feel entitled to a college education.
When people expected less and valued what they had more.
When politicians proclaimed their patriotism, and meant it.
When everybody knew the difference between right and wrong.
When things weren't perfect-but you never expected them to be.
When you weren't made to feel guilty for enjoying dialect comedy.
When our Government stood up for Americans, anywhere in the world.
When you knew that the law would be enforced and your safety protected.
When you considered yourself lucky to have a good job, and proud to have it.
When the law meant justice, and you felt a shiver of awe at the sight of a policeman.
When you weren't embarrassed to say that this is the best country in the world.
When America was a land filled with brave, proud, confident, hardworking people!

Junior High Buffs Currently 4-0 In District Play

By CAROL ATCHLEY

More than just a few of us in the stands wanted to go down to the side line, rap a few helmets and wake those guys up. Had two games in a row of 52-0 victories gone to their heads? Did they feel invincible? The C.P. Junior High Football team just didn't seem like they were playing their normal game. Although the score ended up in the Buffs' favor, 20-12, it was tough and go throughout the game.

Scoring by quarters was as follows:

First Quarter	
Cross Plains:	0
Gorman:	6
Second Quarter	
Cross Plains:	8
Gorman:	6
Third Quarter	
Cross Plains:	0
Gorman:	0
Fourth Quarter	
Cross Plains:	12
Gorman:	0

The Junior High Buffs took possession first, and drove that ball from their own 15 to the Gorman 21, but handed it over on downs when they became stalemated by a good Gorman defense.

Gorman didn't waste any time. On their first play, they ran a reverse and they scampered 78 yards for the TD with 2:29 left in the quarter. On a

good hit by Justin Hopkins, the Panther PAT was unsuccessful.

C.P. took the kickoff (a 25 yard return by Justin Richey) and moved the ball from the C.P. 40 to the Gorman 29, but the first of several fumbles hit, and the Buffs lost the ball at the 31.

The Panthers then used 9 plays to carry the ball the necessary 69 yards for their second TD. With a 3-man tackle by Benji Blackstock, Hugo Mauricio, and Kevin Nickerson, the Gorman PAT failed again, but the score with 1:06 left in the second quarter was Gorman 12, C.P. 0.

The Buffs took the kick and put together a short, only 4 plays, but effective 60 yard drive and made their first score with 11 seconds left in the half. The drive included a carry by Jody Fortune of 10 yards, an incomplete pass to Chris Wood, another carry by Fortune, 15 yards, and a 35 yard TD run by Richey. Fortune carried the ball in for the extra two and the score was a bit closer at 12-8 Gorman.

The first half ended on a positive note for the young Buffs when Hopkins made an exciting interception of a Gorman pass, but the buzzer ended the half.

Neither team was able to score dur-

Downtown Area Benefits From Beautification Project

If you will drive down Main Street, you will notice many businesses have participated in Beautification Month.

Twenty-five workers representing the Chamber of Commerce and Project Pride enjoyed a fun day full of work, civic improvements, and fellowship. Our reward is an improved Main Street.

Both organizations wish to THANK the many well wishers, workers, and food preparers. All businesses that participated really do look GREAT. For those who were unable to participate this Saturday, we are looking forward to your improvements to truly make Cross Plains the Pride of the Big Country.

Buffalo Marching Band Tuned Up And Ready To Go

By CAROL ATCHLEY

The "Pride of Cross Plains" High School Band will be leaving bright and early (around 6 a.m.) on Saturday morning, October 24, for the annual U.I.L. Marching Band Contest. As last year, the competition will be held in Brady. This area was divided into two zones with 7 or 8 schools competing in each zone for Class A.

One zone competition is in Granbury, the other is in Brady. Other schools from our area that will also be going to Brady are: Eden, Santa Anna, Robert Lee, Menard, Sterling City, and Irion County.

Cross Plains will be performing their show, beginning at 10:30 a.m. Each show has to meet certain requirements, such as a minimum of 5 minutes in the performance, but no longer than 10. The only other requirement is that the band must march 80% of the time and be playing 80% of the time.

According to band director, Randy Taylor, the program performed by Cross Plains will include 5 selections: "New World Symphony," "Longer," "Stars and Stripes Forever Trio," "Battle Hymn of the Republic," and there will also be a drum feature.

The bands are not competing against other bands in the sense of competition as in athletics; but rather, they are competing against a performance standard. Each band is judged on their marching and playing capabilities and will receive either a I, II, or III rating. The object is to receive the I rating.

In years past, (marching competition has existed only for about the last 13 years, according to Taylor) if a band received a #1 rating, it was eligible to go on to the next level of competition. It was decided last year, though, by U.I.L. directors that schools would alternate years in being able to participate in advanced levels of competition. This is an off year, so even if the Band does receive a #1 rating, there will be no advancement.

For those who attend the football games, you have had an opportunity to see the high quality programs that the Band produces each week. It is quite a treat to see them perform in competition. They certainly appreciate the loyal support they receive each year at these contests and encourage everyone to come watch. Not only will you see our band, but it is fascinating watching other bands perform also.

Rabies Vaccination Clinic Time Again

It's October, and therefore, time for the annual fall Rabies Vaccination Clinic to be held at the Cross Plains High School Ag building. The Cross Plains FFA Chapter sponsors the program.

Bring your cats and/or dogs or whatever to the Ag building on Tuesday, October 27, between 3:30 and 6 p.m. Veterinarian, Dr. Duane Hutchins, from Stephenville, will be delivering the rabies vaccination, which will cost only \$6 per animal. TxDOT Issuing New Disabled Parking Placards

New parking permits for the 250,000 Texas drivers with disabilities are now available at local county tax offices.

A new state law requires people who park in spaces reserved for the disabled to display either a disabled person's license plate or the hard-plastic mirror placard by December 31. After that, all old forms of identification — cards and special license-plate validation stickers — will be invalid.

As before, there are permits for drivers with permanent disabilities and for those with temporary disabilities.

Drivers with permanent disabilities will receive blue placards, which are good for five years. They replace the red identification card, which should be exchanged for the new placard at the local county tax office. Exchanging as many as two cards is free.

Red placards, for those with temporary disabilities, are valid for six months. Drivers with temporary disabilities need not exchange their white identification card. Placards will cost \$5 each if no ID card is exchanged. Drivers may request no more than one set of disabled-person license plates and one placard, or no plates and two placards.

The Texas Legislature made the changes to comply with federal rules making vehicle registration uniform for people with disabilities.

Panthers Pull Out Second Half Victory Over C.P.

By C.A.

It looked like the Varsity Buffalo Football team was headed for a third straight victory Friday night, October 16, at Buffalo Stadium. By the end of the first quarter, the Herd was on top of the Gorman Panthers 12-0. By half, it was C.P. 19, Gorman 8.

The Buffs were moving the ball exceptionally well in the first half; 14 first downs, 3 of the 5 offensive series resulting in TDs, and most of their total of 258 yards gained was earned by running over a flat Gorman defense.

The second half, on the other hand, was a nightmare for the Buffs. The situation reversed. Gorman's offense which was held in check the first half, came alive during 3rd and 4th quarters and dominated the rest of the game, giving the Panthers the narrow victory in the important district game.

Scoring by quarter went as follows:

First Quarter	
Cross Plains:	12
Gorman:	0
Second Quarter	
Cross Plains:	7
Gorman:	8
Third Quarter	
Cross Plains:	0
Gorman:	8
Fourth Quarter	
Cross Plains:	0
Gorman:	7

The game statistics were:

Rushing	
Cross Plains:	35 carries/151 yds
Gorman:	54 carries/272 yds
Passing	
Cross Plains:	9 of 14 for 107 yds
Gorman:	1 of 6 for 14 yds
First Downs	
Cross Plains:	18
Gorman:	16
Punts	
Cross Plains:	2 avg. 44 yds
Gorman:	3 avg. 25 yds
Penalties	
Cross Plains:	5 for 45 yds
Gorman:	11 for 105 yds
Interceptions	
Cross Plains:	1
Gorman:	0
Fumbles	
Cross Plains:	0
Gorman:	1 lost

The Buffs first scoring drive came in the first quarter on their first possession after holding Gorman to 3 plays and punting. It started at the C.P. 29, using 11 plays to cover the 71 yards. The drive included 6 carries by Jason Fleming, 1 by Kevin Switzer, 1 by Billy Brown, and 2 completed passes to Donnie Dillard. The score came on a 9 yard run by Fleming with 5:36 left in the quarter. The PAT was unsuccessful, but it put the Buffs out ahead 6-0.

The strong first half Buffalo defense held Gorman again, forcing a punt which set up the next Buffalo TD. On a bad (really bad) snap, the ball sailed past the Gorman kicker and the Buffs recovered at the Panther 2 yard line. The Buffs didn't make the score easily, though. Fleming was sacked on the first play, a penalty against C.P. on the second, no gain on the 3rd, and on the 4th down quarterback Brock Walker was set to pass, but no one available, runs left across the grain and finds the end zone with 2:09 left. The PAT was again unsuccessful, making the score 12-0 Cross Plains.

Gorman's next possession was 3 plays, punt. The Buffs took the ball on the C.P. 39 and used only 9 plays to find the Gorman goal line again. This drive included 2 carries by Switzer, 2 by Fleming, and 3 outstanding runs by Michael Cowan...19 yards, 23 yards, and the TD run of 20 yards. Switzer's PAT kick was good for the extra point. The game was now into the second quarter...9:22 left and the score was C.P. 19-0. The drive also included 15 yards of penalties against the Buffs.

The next possession for Gorman was more fruitful, they scored their first of their 3 touchdowns. The 61 yard drive included some good C.P. defensive play such as the pass broken up by Cowan, sacks by Brown, James Jones, and Willie Nickerson (total of -17 yards), a 5 yard C.P. penalty and a 15 yard Gorman penalty. They shouldn't have made it, but they did, and the score was 19-8.

The Buffs made it to the Gorman 34 and had to turn the ball over on downs and the half ended.

After another rousing half time performance by the Buffalo Band, both teams came back out for the second half; only it seems they weren't the same teams.

Gorman used its first two possessions to score 2 more TDs. The first one came on their first possession of the 2nd half. A 68 yard drive that used up valuable clock time and 17 plays. The longest gain was only 10 yards, but they kept chipping away until they just had 1 1/2 yards for the TD.

C.P. lost 15 yards in its next 3 plays before punting and the Panthers took

over at the C.P. 43. They took 6 plays to make the TD and the final score of the game, with 11:57 left, it was Gorman 23, C.P. 19.

The most exciting part of the second half for the Herd came with just 1:30 left in the game. After a very timely tackle by C.P.'s Bucky Williams, which prevented a 4th Panther score on the 4th down at the Buff 9 yard line, the Herd took over. Behind 23-19 and deep in Buffalo territory, like the 5 yard line, they seemed to take off with a heart stopping passing game in an attempt to beat the clock.

A 21 yard pass to Brown, a 14 yard pass to Brandon Smith, a 16 yard pass to Fleming, a 25 yard pass to Cowan, and a pass interference call took the Buffs down to the Gorman 11 yard line with only seconds to go. To the disappointment of everyone (except maybe Gorman), Walker was sacked badly on the next play, and the final buzzer rang...so close...

Results of last week's district games:

CP: 19	Gorman: 23
Tolar: 14	Evant: 14
Baird: 48	Santo: 6
Rising Star:	Open

The district standings after 3 weeks of play (only 3 to go) are:

Baird:	3-0
C.P.:	2-1
Gorman:	2-1
Rising Star:	1-1
Tolar:	0-2-1
Evant:	0-1-1

On Friday, October 23, everyone will travel to Santo for a 7:30 game. It should be another exciting Buffalo game and we are looking for C.P. to improve its district record to 3-1. Don't miss the action.

Best Students Name Best Teachers For New Who's Who Directory

LAKE FOREST, IL — A select group of America's teachers are being honored by their toughest critics, their former students, in the second edition of *Who's Who Among America's Teachers*, 1992.

All of the 65,000 teachers being honored were selected by their former students who themselves are currently listed in *Who's Who Among American High School Students*, or *The National Dean's List*, publications which recognize the top 5% of our nation's high school and college students respectively. Paul Krouse, publisher of *Who's Who Among America's Teachers* said, "There is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

Local educators honored in *Who's Who Among America's Teachers*, 1992 include Robbye S. Fullen and Charlene V. Fleming, representing Cross Plains High School.

A Race To The Finish

By CAROL ATCHLEY

The Cross Plains High School Cross Country competitors were in Abilene on Saturday, October 17, for their last regular race of the season before going to District competition on Tuesday, October 20.

The course was laid out in a small portion of the ACU campus. It included hills and some woods, along with the straightaways and that provided a nice variety of terrain for the runners.

Once again, the "amazing" Junior High Boys team won the team trophy. Incredibly, that is their 4th first place trophy of the season for these young distance runners. They ran in a race with 51 runners...not just IA schools, but IA through 5A was represented. Their times were good, but it was their overall consistency in placing up near the leaders that earned them the sufficient points for the trophy.

Their place/times:

Justin Richey	3rd	13:05
Chris Wood	4th	13:21
Hugo Mauricio	18th	14:30
Lee Wayne Wheeler	34th	16:09

In the Junior High Girls division, there were 2 races, the 7th grade and the 8th. In the 7th grade, Cross Plains was represented by Morgan Pendleton and Natasha Webb. Both girls finished well in a field of 88 runners over the mile course.

Morgan Pendleton...1st...6:31
Natasha Webb...27th...8:33
*Note: Pendleton has taken that first place position in 4 out of 5 races.

The 8th grade girls race had 59 runners over the mile. Cross Plains' Amanda McGuire finished in 4th place with a time of 6:51.

Cross Plains' Connie Steele and Jodi Dallas competed in the Varsity Girls division against IA and 2A schools in a field of 91 runners. Their place/times for the 2 miles:

Connie Steele	2nd	13:22
Jodi Dallas	23rd	15:00

Note: Steele ran one of her best races of the year. Only 1 girl outran her in this race, and she turned in a better time than several girls who had finished ahead of her in earlier races this year. Once again, Steele was not outrun by any other class A runner.

In the Varsity Boys division, both Carlile Albrecht and Bill Steele turned in one of their best times of the year again. This was proven when they came from 13th and 15th place midway through the race and crossed the finish line after a long 3 miles in strong 4th and 5th positions. Their places/times:
Carlile Albrecht...4th...18:50
Bill Steele...5th...18:58
One week it's Albrecht, one week it's Steele...who will it be crossing first at district?

Speaking of which, the distance runners left for Abilene Tuesday afternoon to compete in the District competition, beginning at 5 p.m. at Abilene Christian University in Abilene.

GARDEN TIPS FROM THE Cross Plains Garden Club

By LOIS HENDERSON

IRIS OF "FLAGS": Now is the time to be sure and have some ready for the spring. Get your bulbs (or rhizomes) into the ground as they need time to get the roots established before a hard freeze. The beauty of the iris, besides the blooming thing itself, is that it thrives in these parts with so little care. Just plant your irises in full sun, or as close to it as you can get, water them in good, and then don't worry about moisture unless we go a month or so without a good rain. A little high-phosphorous fertilizer applied about Valentine's Day also helps. Other than that, it is mostly a matter of what not to do. Don't overwater; don't plant too deep (just barely cover the rhizome, or even with its top exposed); and don't cut back the blades, except when transplanting. Be sure to keep the plants clean around their bases to discourage rot. Otherwise, just leave 'em and let 'em grow.

SPRING BLOOMS: Planting for spring blooms in containers is like making lasagna. Plant tulips at their depth of 8 inches, add soil then layer of narcissi or daffodils at 6 inches, now more soil and a layer of grape hyacinths at 5 inches of depth. This will give you a stunning array of blooms and extended blooming period. Bulbs need a 15 week cold period but not hard freeze, so plan to be able to wrap, or move container in the event of severe cold. Even though you watered well when planting, remember to water through the winter.

POINSETTIA: If you kept your poinsettias over and have moved them indoors before frost, now is the time to begin the night/day treatment to have blooms for the holiday season.

WATERING PLANTS: Both overwatering or underwatering a plant gives the same symptoms: yellowing foliage and/or drooping leaves. Most plants prefer soil to be just moist but none like it soggy. Use a wooden tongue depressor (or ice cream stick) stuck in the soil down to the bottom of the pot. Pull it out occasionally and when it comes out bone-dry, it's time to water. Plastic pots allow no evaporation as clay pots provide, thus

need only half the watering for plants as those in clay pots.

**SHERIFF BILL W. SKINNER'S
FAREWELL ADDRESS;
ENDORSES BRYANT BARNES
FOR SHERIFF**
To the Citizens of Callahan County:
For the past 16 years it has been my pleasure and great honor to serve you as County Sheriff. During those years, I have done my utmost best to protect and serve you. I can truthfully say without hesitation that I have not one regret as to my performance, because I have served you to the best of my ability. I have also provided you with the very best certified and most knowledgeable deputies that my salary budget would allow. I am certainly proud of every one of them. They are a great group of officers. They have to be pretty dedicated to maintain a 70% clearance rate when the national average is 20%.
For the last 16 years, as your Sheriff, I have devoted my entire life to you—the people. Believe me, it is a full-time job, being Sheriff, as you are subject to call any time of the day or night. Through all of this, from the most minor problems you have had, to the most serious, I have developed an overwhelming compassion for all of you. Just because I am leaving the Department on January 1, 1993, does not mean I am leaving you. I will still be glad to assist any of you as a friend in any way I can. After being there for you for 16 years I guess you could consider me an expert in that field. Due to my long experience in dealing with every aspect of the department, I feel for that reason, I must take it upon myself to assure you that after a thorough review of the remaining candidates for this public service job there is only one man with the qualifications to serve you. I believe the most dedicated individual who has shown real commitment, has honest values, and the most law enforcement capabilities is Bryant Barnes. His knowledge of the law and past experience in the demands of this job. I have decided for these reasons to give my support to Bryant Barnes. I also hope that each of you who supported me in the past and through all of the trying times will also give Bryant Barnes your support and backing. I would like to see Callahan County continue its High-Standard of Law Enforcement and remain winners in the Battle Against Any Crime.
**I believe your WRITE-IN
vote for BRYANT BARNES
will assure us of that.**
Again, let me thank you for allowing me to serve you as Sheriff and more importantly, allowing me to be your friend.
Thanks For the Memories

ROWDEN NEWS

By MRS. N.V. GIBBS

Each week is more of the same, weatherwise. No rain to freshen up the vegetation. The winter months will be closer than we think. The wildflowers in bloom now are broom weeds. Some pastures are yellow with colorful plants. One pasture was solid yellow with a green wheat field in the center.

Roland Mauldin of Denton Valley area and Bill Coots of Baird area spent a week hunting in Colorado. Roland was lucky and brought home an elk. They enjoyed the trip.

Brad and Michal Watson of Arlington spent the weekend with his parents, Robert and Dorothy Watson. Also, Cody Watson of Lubbock was home. The family all attended the Baird-Santo game in Baird Friday night. Company in the Watson home last Sunday were Eddie Watson and his wife of Fort Worth.

Jess Bigbee, pastor, said, "A special invitation is extended to all to participate in these services."

Parvovirus Problems

Senior Citizens Stats

By MARIE HORTON

There has been an alarming number of parvovirus infections diagnosed in this area in the last few weeks.

Canine parvovirus is a viral disease of dogs which is capable of causing two different sets of clinical problems. The first to be recognized, and the most common, is the "intestinal form" which is manifested by bloody diarrhea, vomiting, loss of appetite, depression, and often death. The second to be recognized is the "cardiac form," which occurs in very young pups and is manifested by an acute inflammation of the heart muscle.

Any age, breed or sex of dog can be affected by parvovirus. Several factors such as age, environment, stress, parasites, and general health status of each individual dog infected could affect the severity of illness. The disease is usually more severe in young dogs (less than 6 months of age) or old dogs. Early, vigorous treatment of the illness is imperative since vomiting and diarrhea can lead to dehydrating and chemical imbalance in the body.

Control of parvovirus by sanitation measures alone is extremely difficult because the virus is such a resistant, hardy organism and because it is so easily spread. Parvovirus is transmitted through contact with the feces of an affected dog. The virus can be carried on the dog's hair and feet, as well as on contaminated cages, shoes, or other objects. Isolation of infected dogs is one method of control, although moderately effective. Just as any other virus, only vaccination of susceptible animals will control the actual source of infection.

A properly immunized dog will have circulating protection in the blood that will destroy parvovirus following exposure. It is important to begin vaccination at an early age and repeat every 2-3 weeks until the puppy is at least 14-16 weeks old. Adult dogs should receive two doses of vaccine given 3-4 weeks apart for maximum protection. All dogs should receive an animal booster vaccination to assure an enduring immunity.

Comparing the dog population in this area to the number of parvovirus infections that have been diagnosed, we have an infection percentage comparable to any other area in the state.

This has been a full week at the Center. Tuesday, Vicky took Joy, Shirley, Faye, Lois, Nash, and August to Brownwood. On Wednesday, Jay, Nash, Minnie, A.B., Shirley, Ruby, Addean, and Faye went on a nature drive. The leaves were so beautiful and they were all talking about seeing some buffalo. Excitement was in the air as they returned to the Center.

Dick and Mickie were looking forward to going to Lake Brownwood to their cabin. We hope they catch some fish.

Our hearts go out to Pauline and O.B., as their car caught on fire Friday. We are so thankful they were not hurt. They had some good news, however, as their youngest son, James Switzer, returned home the same evening from Ecuador.

We were sorry Hazel's boys couldn't come visit their mother as planned. Keith took a turn for the worse and our thoughts are with him.

We have some birthday wishes this month for Frances, Vera Pearl, Roger, Ray, Charlie, and Vera Powers. May this be the happiest one yet and may each have many, many more!

Mr. Jones, it was great having you back after your illness. Stay well, we missed you.

One of our citizens was telling me Monday that this Center has done so much for their self-esteem. It is the best medicine yet, they stated, but this statement is repeated by someone every day!

November 1st is when we start our Senior Citizens Toys for Tots, headed by Faye Chambers, Arnold Horton, Marie Horton, and Mary Bates will be assisting on this project again this year. There are a lot of ways you can help, contact any of the workers for suggestions. Let's make this the best Christmas these children could have. Each business person in this area has helped so much in the years past, and we are appreciative. We hope you will be able to assist us once more, for the sake of these children.

If you have any good, clean, used toys, we ask you to bring them by the Senior Citizens Center from 9 a.m. to 11 a.m. or call the Center and someone will pick them up. We will try to have boxes at a few other places to be named later. We appreciate your cooperation.

Birthday Happy

VOTE NOV. 3, 1992 **WRITE IN** VOTE NOV. 3, 1992

RANDY PANCAKE
for Callahan County Sheriff

TO THE CITIZENS OF CALLAHAN COUNTY:

Once again it is time for all Americans to go to the polling place and cast their vote for the candidate that they believe will make the best president of the United States of America. I hope that all voters pick their candidate like I do, I look at his qualifications, experience, past record and what can be accomplished if elected, these are all important questions because the candidate that we elect will be in office for FOUR years. As voters in Callahan County we also have another very important vote to cast on November 3, 1992, this vote that we cast will determine what local candidate will be the new sheriff of Callahan County and I hope and believe that all voter's in Callahan County will place as much thought into this decision as they will the presidential race. As far as being qualified for the job, only one of my opponent's is a certified peace officer, but he does not have the experience in years or with the people of Callahan County that I do, and the other two candidates have no experience as a certified peace officer. As far as past record, not one of my opponents can come close to my accomplishments of working with the people of Callahan County as an involved peace officer in community activities and my accomplishments in enforcing the law fairly and equally. Who can accomplish the most if elected, I can, based on the facts that I have served the people of Callahan County as a peace officer longer than any of my opponents. I have worked as a peace officer in all communities around the County and I am respected by numerous citizens of this county and with the respect that I have earned as a peace officer, we, the people of Callahan County, will be able to work together and accomplish many jobs that have never been attempted, and by accomplishing these jobs, the citizens of Callahan County will be safer and the future of our youth in Callahan County will be brighter.

I would ask the voters to think about the candidate that they are voting for, can he do the job, I have witnessed many a man say that he can do a job just to get it and then fail. Can the candidate that you are casting your vote for get certified as a peace officer, is he intelligent enough to advance through the basic certification school and then pass the state test, this is an important question for the candidate that is elected sheriff will have to be a working sheriff. Does the candidate that you are casting your vote for have any other jobs that will take him away from being a full time sheriff? These are questions to be reckoned with by each voter.

I CAN DO THE JOB, I AM CERTIFIED AND I WILL BE A FULL TIME SHERIFF FOR THE PEOPLE!

It has been my privilege to serve the people of Callahan County, we face important decisions in the coming election and the decision that we make will determine the direction of law enforcement in our county for years to come.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

The sun is shining this Monday morning, though slightly dim most of the time. But we don't fuss about the weather, do we? Just thinking about the services at my church on Sunday give me comfort and joy. They were special and the beginning of our Revival.

Congratulations to our little friend, Alicia Kirkham, who was named Princess at McMurry last week. Her parents, Connie and Cliff, are very special to me.

I received a very special letter from my one son on Sunday. He doesn't write nearly often enough, but this one is truly appreciated. Karen is doing really great in her school work. She is a vice-principal at the school where she teaches and enjoys her 'position of authority.' We are expecting to see them at Thanksgiving time.

On Monday of last week, Betty Beggs and a neighbor, Ovella Barton, were in Cisco for some shopping. Betty visited Ovella on Sunday afternoon. They plan to attend the special services at our church this week.

I enjoyed a chat with Nell Fleming this morning. She did not have any special news, but they are okay, and that is good news. They were going to Brownwood on business later today.

The leaves are beginning to fall out here. Our little mother used to tell us to wait until they have all fallen before you start raking. I do dread that job — a price I pay for my beautiful trees. I discovered last week a vine growing at the base of a tree west of my driveway. This is the first time I've seen it. It must be twenty feet tall and has pink blossoms — very pretty and rare.

After having lived out here for thirty years, I fell down my front doorsteps on Friday. Fortunately, I didn't break any bones — I'm just sore, with strained muscles.

There's a better way to stay warm...
Call your heating and cooling dealer instead.

The best way to stay warm this winter is to have your heating system serviced now. A checkup by a heating and cooling dealer could help prevent a costly, uncomfortable breakdown during the cold of winter. Proper maintenance can also help reduce operating cost and extend the life of heating equipment.

And if your present system has seen too many winters, replace it with an all season electric heat pump. Ask your dealer or WTU for details.
