## BREAKTHRU

By Bob Pipes, preacher  
Cross Plains Church of Christ  
433 N. Main At 12th  
(817) 725-6117

Have you ever heard the story about "The Hole in the Fence"? A little boy wanted his daddy to tell him a bedtime story so his dad told him about a certain shepherd who had some very young sheep—lamb. One was especially curious and while nosing around the fence one day, looking for greener grass, it noticed a small hole in the fence — and proceeded to squeeze through it. As it was playing and scampering about in its new found freedom a wolf appeared and began chasing the lamb. In its attempt to evade the wolf, the lamb became lost. The shepherd found the lamb in time, however, and snatching the lamb up into his arms, returned it to safety behind the fence.

Having told the story, and expecting it to suffice to lull the boy to sleep, the father was quite surprised at the question his son quickly asked: "Daddy, did the shepherd fix the hole in the fence?"

Getting back to the right side of the fence is important, but fixing the hole in the fence can be just as important. Fixing the hole in the fence will prevent a lot of retrieving. Like the old saying, "A stitch in time saves nine." Let's work on resisting temptation. Let's go out and retrieve the wandering ones and let's return them to the right side of the fence when retrieved. But let's build better fences — between Satan and ourselves (and others) — walls of faith in God and love for Him — and hate of sin and the devil. And let's mend those weak spots in our faith and love.

Really now, isn't it foolish to put the sheep back in and leave the hole in the fence? Come help us "build better fences" — and "repair holes" in some already built. We really do care about you, too!

### New Painkiller Is Approved By FDA

Naproxen sodium, a long lasting pain reliever, will now be available over-the-counter under the name Aleve. This is the first new pain reliever containing a new analgesic ingredient to be approved in ten years. Aleve is approved for the relief of headaches, toothaches, muscle aches, backaches, arthritis, menstrual cramps, and to reduce fever. It is very similar to ibuprofen. Proctor & Gamble expect to have Aleve on the market by Spring.

Your better health is our concern.

**FIRST HAND REPORT FROM AMERICAN RED CROSS**—American Red Cross Abilene Chapter Chairman Todd Davis (left) and Disaster Chairwoman Wilma Cadle (middle) was the guest of Kiwanis member Don Clark (right) and the entire club at the June 21 noon meeting. Davis and Cadle had just taken over the chairpersonships shortly before the storms hit our area on May 29. Davis and Cadle were involved in relief help to Cross Plains and the surrounding area from the very beginning. They were "hands on" people, along with 55 volunteers from the Red Cross—one from Lubbock!—and 3 employees. Davis reported that about 600 were fed on Monday (30th) and about 300 on

Tuesday (31st). The original estimate of a need of about \$20,000 in help grew to a total of \$104,000 actually. Vouchers were dispersed to 69 different families, to be redeemed for goods at various companies, especially businesses in our own town and area. The citizens of this entire area are very thankful and grateful for the help that the Red Cross and all others rendered!

The Kiwanis Club would encourage those who can to visit and attend the weekly Tuesday noon meeting in the Buffalo Room at Dairy Queen for first-hand information about things like the above that is both interesting and informative—even motivational! Membership inquiries are welcome.

**WTU ELECTRICAL WORKSHOP**—Local teachers, Vickie Walker (from left) and Kathy Purvis, attended the WTU sponsored workshop. Kit Home, consultant of WTU is also pictured.

## Teachers Attend WTU Workshop

Teachers from Cross Plains School participated in an electrical workshop sponsored by West Texas Utilities June 23.

Vickie Walker and Kathy Purvis from Cross Plains attended the Electrical Circuits and Motor Theory 1994 Teacher Workshop.

More than 50 4th through 8th grade science teachers from the Big Country area received hands on training in areas such as electrical circuits, electric motors and electrical safety in Abilene.

"Many of these teachers want more resources and information to use in their classrooms," said Kit Home, farm and ranch community relations consultant of WTU.

"We try to give the 4th through 8th grade science teachers something they can't get from textbooks," said Home, who has been coordinating science workshops for area educators for more than 10 years.

Once a year WTU sponsors workshops aimed at different teachers, such as sci-

ence or agri-science teachers. By participating in these workshops, teachers may obtain credit from their school systems.

WTU, headquartered in Abilene, Texas, serves 180,000 customers in 52 Texas counties stretching from the Red River to the Rio Grande.

The first Christmas card manufactured in the U.S. was made in 1875 by Louis Prang, a German-born Boston printer.

LORENE AND JESSE HARRIS

## Mr. and Mrs. Jesse B. Harris To Celebrate 60th Wedding Anniversary

Jesse B. and Lorene Harris were married July 5, 1934 in Midland. They have four children, Billy Jack Harris of Amarillo, Jesse Ray Harris of Carrollton, James Harris of Waskom, and Mary Lou Bradford of Brownwood, 15 grandchildren, and 27 great-grandchildren.

The couple resided in the Pioneer Community before moving to Cross Plains. They have been members of the Primitive Baptist Church for 56 years.

A reception will be hosted by their children and grandchildren on Saturday, July 9, 1994 from 2:00 to 4:00 p.m. at the Cross Plains Community Center. All their many friends are invited to join them in this time of celebration. Your presence will be gift enough.

## 58th Annual Woody Reunion July 9 - 10

The 58th Annual Woody Family Reunion will be held July 9 and 10. On the 9th the family will gather at the Glenn Champion home and the 10th at the Cottonwood Community Center.

All friends and relatives are cordially invited to attend.

**JULY 4th HOLIDAY** - Your County Veterans Office will be closed on Monday, July 4th in observance of our Nation's Independence Day. Here's wishing you a very safe and happy holiday! Be sure to fly your American flag.

**GUINEA PIG VETERANS** - Participants in government research involving radioactive isotopes between 1947 and 1979 are being sought by the Department of Energy. The government wants to know if there were any ill effects from the experiments as follow-up records were not kept.

According to Energy Secretary Hazel O'Leary, as many as 800 people may have participated in radioisotope tests conducted by V A and university research labs.

V A officials claim there has been a great deal of confusion over the issue, especially from Veterans who were involved in atomic bomb tests. The radioisotope experiments are unrelated to atomic bomb tests, V A says.

V A Secretary Jesse Brown has directed all V A hospitals to search records for data on radioisotope or radiation research between 1947 and 1979.

Veterans who think they were tested should call the Department of Energy hot line (800) 493-2998 weekdays between 8:30 a.m. and 4:30 p.m. EST.

**NATIONAL CEMETERY MEASURE** - On May 4th, President Clinton signed PL 103-240, which will extend eligibility for burial in national cemeteries to retired members of the Reserve Component who have served 20 years or more of creditable service in the Armed Services. The spouses and minor children of those members would also qualify for the privilege.

Prior to the signing of PL 103-240, only active-duty military personnel and reserve members who died (under honorable conditions) while on active or inactive duty were eligible for burial in national cemeteries.

H.R. 821 or the "Burial Bill" is, according to sponsor Congressman Henry Bonilla of Texas, "a fitting tribute to the thousands of men and women who have served their country as members of the Reserve Component--these dedicated people finally will be eligible for burial in a national cemetery."

The Department of Veterans Affairs, which administers the nation's 114 Veterans Cemeteries opposed the bill. The V A expressed concern that expanding eligibility would greatly increase maintenance cost of the cemeteries.

Happy 4th of July to you and yours!!!

**Summer Program:** Sharon Stephenson and Ila Gilliam presented a special program for the theme of the Southwest. Sharon showed a video from an Indian reservation where the Stephenson's lived and worked, as well as mementos collected there. She had made Indian Fried Bread for all to have a taste of what Indians were forced to subsist on when they were put on reservations. The children also learned a counting song and "Are You Sleeping" in the Seminole language. Then Ila showed them how to make necklaces and bracelets from beads and leather. Most of the children came back in the afternoon to see the film "Pecos Bill" and to complete their bead work.

Helpers were Dorothy Petty and Janet Purvis. Our thanks to them.

Thirty children, grades 106, are now signed up for the program.

## BURKETT NEWS

By LOVERA STRICKLAND

Recent contributions to the Burkett-Adams Cemetery Association were received from Mr. and Mrs. R.D. Golson \$10; Mr. and Mrs. J.W. Hounshell \$25; Lester Younglove in memory of Walter and Ella Younglove and brothers and sisters \$100; Bill and Barbara Evans \$15; Minnie Ola Knight \$100; Christine Dempsey in memory of Ray Dempsey and the Martin Wright Family \$25; Bruce Adams \$25; Ben Strickland \$25; Mr. and Mrs. Jack Strickland \$25; and Noel Weaver \$20. We appreciate all your help and support. Thank you Linda Brady secretary-treasurer.

Ann Rasbury has returned home after spending a few days in Odessa with Zander Rasbury and his family. Zander and Pegge have a new daughter, Colt, Cody, and Colby Rasbury returned to Burkett with Ann to stay awhile.

Charlotte Picket and girls, Hannah and Hilary, returned home to Fort Collins, Colorado. They spent two weeks visiting her mother, Melba Walker, and others in the area. Addie Walker and Melba took her to meet the airplane at Fort Worth Tuesday.

Ray and Lucille Martin have returned home after spending several days in San Antonio. Ray had more tests run and they will be going back to San Antonio soon. Our prayers will be with.

Eureta and Jody Whitley of San Saba met Jack and Lovera Strickland in Brownwood Saturday and they had lunch together.

The following was presented at the Burkett Homecoming by the graduating Class of 1948 in Memory of Gordon Chambers:

### A Tribute to Gordon

In September, 1937, 36 boys and girls started to school together in Miss Yunette Bowden's first grade. In May, 1948, 9 or 25 percent of the original class, graduated together, plus one young man who returned from wartime military service to graduate with us, a total of 10.

This past April, one of our original 9 passed away after an 8 year battle with cancer. Raleigh Gordon Chambers, better known to some as "Son" or "Sonny Boy" died April 13, 1994.

Gordon came from a family who believed in education. He graduated from high at 16, earned a Bachelor's Degree at 19, and a Master's Degree at 21.

Gordon was always proud of his heritage and enjoyed returning to his home town for Memorial Day services, Homecomings, and family reunions. He and his wife were generous in their support of this community.

We, the Class of 1948, are grateful to Walter R. and Anna Merle Chambers for giving life to Gordon. We will always keep him in our memory and ask each of you to keep his wife in your prayers.

Rest in Peace, Gordon.

# FOURTH of JULY HOLIDAY

...make that 'one for the road' coffee.

"I know not what course  
others may take, but as for me...  
Give Me Liberty or Give Me Death!"  
Patrick Henry

In the name of liberty Patrick Henry spoke  
these courageous words. And in the name  
of liberty a declaration was signed, a  
country formed and a war fought. The  
Fourth of July symbolizes this spirit  
of independence which has prevailed.

We had a lot of good singing and a talk by Vondell on what Atwell meant to him.

A short business meeting was held and Arden Strahan and Beverly Ross were

announced as the 1995 program committee.

Donations to the cemetery included Gerald Foster \$20; Eddie Fay Dillard \$20; Joyce Womack and Vera \$10; and Roy Neil Tatom \$6.

## Texas Department Of Human Services 1993 Annual Report

The state spent a total of \$5,739,267 last year for major welfare programs in Callahan County, according to David Maberry, Regional Administrator for the Texas Department of Human Services.

"Medical assistance had the biggest impact, with \$1,366,536 spent for families and children and \$1,042,031 for the aged and disabled for hospitals, physicians, laboratory, X-ray and other services. Also, \$92,635 was spent for families and children and \$241,749 for the aged and disabled in Callahan County for prescribed medicines. There were no disproportionate-share hospital payments. Nursing home costs of approximately \$1,251,928 were paid for aged and disabled residents. Community Care for Aged and Disabled spent \$422,964," Maberry said.

Food stamps worth \$1,073,688 were issued for the fiscal year which ended August 31, while Aide to Families with Dependent Children (AFDC) totaled \$247,736. Food stamps are funded entirely by the federal government, while the department determines eligibility for applicants and issued the food coupons.

The state and federal governments share in the cost of AFDC to families where needy children are deprived of support because of the absence or disability of one or both parents.

# Stamford Art Show Benefit

Eleven of the forty western artists who will participate in the 1994 Stamford Art Show have accepted the challenge of the popular "quick draw" feature. Bill Barrick, Jodie Boren, George Boutwell, R. Russel Brown, Steve Grey, Ken Hosmer, Charles Pruitt, D. Lee Robins, Scott Rogers, don Yandell and Jerry Yamell will start and complete a work of art in one hour. The works will then be auctioned off, with the funds benefiting the West Texas Rehabilitation Center.

The "quick draw" is a part of the Western Art Exhibit and Sale set for June 30 in the John Selmon Memorial Art Gallery on the Texas cowboy Reunion

grounds in Stamford. Joe Allen's Pit Bar-B-Que of Abilene will cater a special steak dinner. The activities then shift to the outdoor pavilion next to the gallery for the "quick draw" and a dance featuring the Billy Bob Bud Band. Admission is \$28 per person.

The art preview, sale and dinner is presented by the Stamford Art Foundation in cooperation with the 64th Texas Cowboy Reunion and Old Timers Association. For the past twenty five years, the show has featured the multi-media works of top western artists from throughout the nation. Many of the artists will be in Stamford for the show.

## CJC Summer Theatre Presents "Something's Afoot" July 6-10

*Something's Afoot* presents murder, mayhem, mystery and malice at Cisco Junior College, July 6-10. CJC's summer dinner theatre program sponsors the second of its SUPER SUMMER '94 productions at the Hilton Community Center in both dinner and dessert only performances.

*Something's Afoot* is a musical spoof of all of Agatha Christie's famous mysteries but the most recognizable is the similarity to her very popular "Ten Little Indians" (produced by CJC in 1991). In both stories, ten people are trapped on an island during a thunderstorm and begin to disappear from very mysterious causes.

Special effects are the order of the day as the houseguests and the servants drop suspiciously. Poison darts, murderous paints, electrocutions, man-eating vases, exploding stars and falling chandeliers are only a few of the special effects devised by the CJC technical crew.

Make reservations for dessert performance (July 6 and 10 at 8:00 and 2:00 p.m. respectively, tickets \$7.50) and

dinner performances (July 7, 8 and 9 with tickets for \$15.00). Call (817)442-2589 for more information.

## Widows May Get Higher Benefits At Age 65

If you're receiving Social Security benefits because you're a widow (or widower), you may be eligible for a higher benefit when you reach age 65. This could be possible if you have been employed and, therefore, are entitled to benefits based on your own work record. Ordinarily, you cannot change from a reduced benefit to a full benefit, but that does not apply if you're a widow or widower.

As a widow(er) who is entitled to retirement benefits on your own earnings, you can take reduced benefits at age 62 and receive a full widow's(er) benefit at 65. Or, you can take your widow's(er) benefit at 62 and get your full retirement payment at 65.

Here's an example of how this works: Rebecca Litchfield, a widow, visited her Social Security office just before her 62nd birthday and learned she had some choices to make. Her full (age 65) widow's benefit would be \$880, but she could take a reduced widow's benefit of about \$660 at age 62. Because she had worked, she also was due a full (age 65) retirement benefit of \$600 with a reduced benefit of \$480 payable at age 62. These are her choices: (1) She could take a reduced widow's benefit of \$660 at age 62. That would remain her benefit forever (except for annual cost-of-living increases); or (2) she could take the smaller retirement of \$480 at 62 and switch to her full widow's rate (\$800) at 65.

Rebecca has to ask herself these questions: Can she live on the smaller income (\$480) for three years in anticipation of the higher benefit (\$800) at 65? Or would she rather get something in between (\$660) right away with no option of switching later to a higher benefit? Rebecca can get some help in making her decision by talking with a Social Security representative, who will further explain her options.

If you too are faced with making a decision on which benefit to take, we suggest you talk to a Social Security representative about the options that are available to you.

## MINUTE MUSINGS

By ESTHLOY S. DICKSON

The past weekend was a special one for me. I attended the sixty-ninth reunion of my family. The turnout was relatively small. Only about 35 or 40 were present, but we enjoyed good fellowship, and concern for each other.

There was a lot of interest shown in the family history materials and old photos which were displayed. Our Satterwhite and Hallmark lines have been traced back to ancient days in England and Wales, materials documented in the 1400's and 1500's. My Joanie displayed them.

Several of my neighbor-friends do not answer this morning. I just hope they are well and that they will feel free to call me when they have news for this column.

I enjoyed a chat with Mrs. Tillotson. They have been well, and have enjoyed visits with neighbors and other friends lately. They visited Mrs. Halsell at the hospital and attended the Hutchins' anniversary celebration.

Several friends I always visit with at church were not at home this morning. I'll contact them later.

Barns, work shops, utility sheds and well houses were damaged. Land mark windmills in the area were destroyed. Our pump in front fields at the well was sucked out of the ground and found in the far southeast corner of the property. Water troughs and feeders are being found in neighboring pastures. The near misses of a catastrophic disaster is astounding.
