Memorial Day weekend is remembered as a time to honor United States Veterans, but this past Sunday, May 29, will long be remembered as the day tornadoes ravaged the communities of Cross Plains and Cottonwood. The peacefulness of a very warm day was abruptly altered when the sky darkened and residents knew a storm was on its way. Many noted a green color tint which indicated hail. With very little warning folks took shelter in closets, bathrooms, rooms in the center of their homes, and cellars.

Residents in the area hardest hit on West Highway 36 recall hard rain, large hail, the shaking of their homes and businesses, and powerful winds. Some heard the freight train sound which usually accompanies a tornado. It was later determined that six tornadoes were tracked on radar with vertical winds up to 200 miles per hour.

Amanda Sowell, an employee at Collum's Restaurant, related seeking shelter in the restaurant's freezer at the request of owner, Dusty Finn. Sounds like a cold place to be, but the steel walls provided great protection.

During this time, the roofs of Lawrence Farm and Ranch Supply, Inc., the former Exxon Station, Cliff's Texaco, Lakeway Grocery, Cross Plains Grain and Peanut, Jack's Place, and Village Market were partially or completely removed.

Several mobile homes were destroyed completely while others sustained damage.

Houses were stripped of roofs, shingles, porches, carports, shutters, etc. as the roaring winds and heavy rain prevailed for an estimated 20 to 25 minutes. Trees were tossed around like fence posts and uprooted in every neighborhood. Some of the trees were 100 years old and residents are sorrowful for their loss. The rain soaked ground allowed the trees to be pulled up in the twirling winds. There are very few large trees remaining in town.

The Cottonwood Community was probably hit first in the storm and they experienced lots of hail. Vehicles were beat by the hail and windshields were shattered. Hail the size of tennis balls were reported in Cottonwood and Cross Plains.

Mike and Ava Tollet, Cottonwood residents, rode out the storm in their mobile home with hail crashing windows and the walls actually breathing in and out. Mike stated that at one point the air conditioner was pulled out of the window and they seem to get a little relief. It was noted that windows were sometimes forced from the walls by the terrific pressure. A metal roof covering the top of

their mobile home was lifted up and thrown several yards to the east of their house. The awning was cemented into the ground and all the poles were sucked up seemingly effortless. At the same time plastic flower pots were not moved from a rock fence in front of the residence.

"I can't remember being so scared," Mike remarked. "I told my Mom to just hold onto me and I would hold to her if the house went." Similar stories were repeated by eyewitnesses to the terrible storm.

The Cottonwood Baptist Church had multiple windows broken from the hail and the rain drenched pew cushions and song books. Rev. Knox Waggoner and

his wife took refuge in the basement of the church.

The fact that so many community members were at church when the storm hit certainly made a difference. Prayers for safety were answered as no fatalities occurred.

The full impact of the storm was not realized until Monday morning and the

PTO Appreciation

Each year it seems that more and more is required of the local school district and the cost of providing a quality education continues to rise.

Cross Plains I.S.D. is extremely fortunate to have a local Parent-Teacher Organization that is as involved and dedicated as it is in helping the school district. The PTO has been very active in fund raising activities and then spending the money on a variety of materials, supplies, and projects that the district might not otherwise be able to do.

Not only monetarily has the PTO been involved, but there are other benefits of having such terrific support. As one teacher very aptly stated, "Our students see them as examples of supporters and encouragers. Their involvement sets a good role model for all students to be active in volunteer works. Their happiness adds to our school climate. We are so fortunate to have these people share their time, talents and hearts with us."

The entire faculty, staff, and administration convey their thanks and deep appreciation for all of the efforts of the Cross Plains Parent-Teacher Organization and encourage everyone to become a member and get involved with this tremendous organization (see related advertisement for a list of what the PTO has done for the school).

area resembled a war zone. It was shocking to see such destruction. The townspeople wasted no time cleaning up the debris. Everyone was out in their yards cutting up the broken trees; salvaging what they could and evaluating their individual situations.

Gene Dillard, Cross Plains Mayor, and Judge Bill Johnson are the emergency directors for Callahan County and they have been working on various problems which follow such a natural disaster. Justice of the Peace Rolan Jones has coordinated disaster help through his local office. Joe Crabtree, a representative of the Bureau of Emergency Management, is in Cross Plains to determine the amount of damage. Crabtree and Jones have viewed the disaster from the air and driven around the county and they feel that 90 percent of the homes and businesses received some damage. Crabtree is employed through the Department of Public Service which has sent additional troopers to aid the county. Their services have been greatly appreciated.

Jones noted that the assistance from the Texas Department of Transportation, the City of Eastland and Santa Anna, volunteer fire departments from Cisco, Baird, Clyde and Eula, West Texas Utilities crews, Taylor Electric crews, GTE crews, local city employees and county employees has proved invaluable. "It is amazing how many volunteers have come from neighboring cities to assist during this difficult time. Some tourists passing through have actually cancelled their vacations to lend a hand," Jones remarked.

The French Robertson Prison has provided crews of prisoners to help clear trees and brush throughout the town. They will remain in the community moving from house to house assisting with the cleaning process.

The Crystal Ice Company has donated the free ice and bottled water was provided by Dr. Pepper Bottling Company, Dyess Air Force, Brownwood Fire Department, K-Mart, and KEAN delivered donated water from Abilene concerned citizens.

The volunteers from the Abilene American Red Cross have provided a great service by serving breakfast, lunch and dinner to local residents. Being without electricity, drinking water, and gas, the Red Cross volunteers have been very helpful to the community.

If the tests on the water samples are acceptable Tuesday and Wednesday, residents should be able to drink and cook with it by Thursday. There are still homes without electricity and telephone service, but it is amazing how quickly they restored service for the large area. KEAN has brought several loads of

clothing, bedding, food, etc. which is available to those who need these items at the Cross Plains Community Center. Our "Caring Community" feels very fortunate for all the kind assistance and thankful for their lives.

VETERAN NEWS

D-DAY, THE 6TH OF JUNE--- When you receive your paper the 50th Anniversary of the Allied invasion of Europe will be right around the corner and probably on every newspaper, radio and TV. June 6, 1944 was definitely a newsworthy day for it saw the greatest armada the world had ever seen! 5,700 ships of every kind and size set sail to move the troops and equipment for the invasion. Additionally, 13,000 troops as paratroopers and glider borne took to the air for landing behind the lines.

By the end of the day, the Allies had 55,000 men ashore. Of these, casualties were put at 6,603, including 1,465 killed. Between 3,500 and 4,000 British and Canadian troops were killed or wounded. The exact numbers have never been released.

It was the beginning of the end for the Nazi war machine with surrender coming the following May. The next eleven months saw many terribly battles and atrocities such as the Battle of the Bulge.

Pause for a moment and say thanks to those who participated in that great effort.

HELP NEEDED--- Veterans and all citizens are urged to contact Senators Hutchison and Gramm to voice their support for the passage of Senate Bill 792. This Bill is now on the calendar and a vote may be called any day.

Senate Bill 792 would move back the beginning date of the Vietnam War from August 5, 1964 to December 22, 1961. Such action would entitle many Veterans to V A benefits that are now denied them as a result of no "Wartime Service"

You may call Senator Hutchison's office at 202-224-5922 or write to her in care of Room 703, Hart Senate Office Bldg, Washington, D.C. 20510.

You may call Senator Gramm's office at 202-224-2934 or write to him in care of Room 370, Russell Senate Office Bldg, Washington, D.C. 20510.

At present, a Veteran with service between February 1, 1955 and August 5, 1964 has no "Wartime Service" and is not eligible for many VA benefits. Let's Try to help those who served after December 22, 1961.

Call or write your Senators.

Cross Plains Church of Christ

Have you ever met anyone afraid of a risk? There is risk, though, in almost everything we do. To laugh is to risk appearing flippant; to weep is to risk appearing sentimental. To reach out for another is to risk involvement; to not reach out is to risk appearing unconcerned. To place your ideas and dreams before the crowd is to risk being called a dreamer — and of someone stealing the ideas. To love is to risk being hurt — and of not being loved in return. To live is to risk dying; to hope is to risk despair; to try is to risk failure. But risks must be taken, because the greatest risk or hazard of all in life is to risk nothing. The person who risks nothing, does nothing, has nothing and is nothing. He may avoid suffering, sorrow and shame, but he will also avoid knowledge, growth, change, feeling, love — and life!

Some refuse to begin following Christ because of the fear of not being able to continue on to finish — too much risk! But to not take that so-called "risk" is really the greatest risk of all! Once Jesus' disciples had been fishing all night and had caught nothing. Jesus said, "Launch out to where it's deep and let your nets down for a real big catch." Was there risk? Yes! It could have been a lot of work for nothing. Someone might have even laughed at them for trying again after catching nothing all night long. But they risked all and came up with so many fish their nets were breaking, and even with the help of another boat, they almost sank. Was the risk worth it? Yes!

Some risks are foolish — but don't rule them all out. Launch out into the deep with Christ. The rewards make any risks there may be well worth it!

Come "fish" and "launch out into the deep" with us. We really do care about you!

MR. AND MRS. CHARLES CATE IV

Kirkham-Cate Exchanged Vows April 23

Friends and family gathered on Saturday, April 23, 1994 to celebrate the marriage of Alicia Kirkham to Charles Cate IV. The ceremony was performed by the Reverends Grady Chastain of Brownwood and Darrell Boone of Leveland. Alicia and Chuck were wed at 3:00 in the afternoon at the United Methodist Church of Cross Plains.

The brides attendants were Courtney and Whitney Kirkham of Cross Plains, Lindy Beaty of Stamford, and Julie Eckert of Slaton. Groomsmen were Kurt Bryan of Abilene, Brandon Cate and Tony Pena of Tahoka, and Tracy Hinson of Abilene. Bay Kirkham registered the guest and lit the candles, while Mrs. Connie Swift provided the music. The flower girl was Lauren Porter of Abilene. Ring bearer was her younger brother Ryan Porter.

Glenda Evans and Trudy Burks served at the bride's table while Tracy Pierce and Mindy Landrum served at the groom's.

Alicia and Chuck were carried from the reception in a horse-drawn surrey driven by the bride's uncle, Glenn Lawrence of Abilene. The newlyweds flew to Cancun, Mexico, where they enjoyed their honeymoon.

Alicia is a 1989 graduate of Cross Plains High School and a 1993 graduate of McMurry University. She is currently employed by the First Baptist Church Family Life Center in Abilene. She is the

daughter of Cliff and Connie Kirkham and granddaughter of Alice Roby and J.A. Kirkham, all of Cross Plains.

Chuck is a 1989 graduate of Tahoka High School and also completed his degree from McMurry in 1993. He is the son of Charles and Gwen Cate of Tahoka and grandson of Mr. and Mrs. Joe Landrum of Fluvanna, Mr. and Mrs. Charles Cate, Jr. of Granbury and Ms. Eleanor Kerr of Downey, California. MINUTE MUSINGS

By ESTHLOY S. DICKSON

These 'musings' could be 'screaming ninnies' this Monday morning. The devastation of my big trees is frustrating, to say the least. I've been here over thirty years, and I don't recall having seen so much damage. I've just seen two large trucks go by filled with huge tree limbs so I'm not alone in this aftermath.

My precious neighbor, Sally Roady, called to make sure that I'm okay. I appreciate her concern. She has just gone by with Bobby and waved to me.

J.T. and Betty Beggs were okay this morning. They visited in Morton Valley last week with David Beggs and their father, also with Sam and Billie Beggs.

I didn't say that my electricity has been off for hours. Fortunately, I have a battery clock on the wall and my watch. No newspaper yet.

Ms. Jewel Foster is okay this morning. She had just heard from family friends near Cottonwood. From the reports, they had much more damage than we had.

A chat with Helen Tillotson always does my heart good. She always gives me some 'motherly advice', which I appreciate. She told me to stay at home this morning.

Baird Trade's Day Welcomes Immy June 4

The Texas Department of Health and "Immysaurus", the "Neon Green Immunization Dinosaur", will be at the Baird Trade's Day on Saturday, June 4, from 10:00 a.m. to 2:00 p.m. Children and adult immunizations will be given and blood pressure screening will also be done. Various health literature and services offered through the Texas Department of Health will be available.

Immysaurus will have "Dinosaur" games for the children. The staff from the Texas Department of Health Field Office, 111 Oak, Clyde, will be conducting the health fair.

For more information, call 893-2125 from 8:00 a.m. - 5:00 p.m., Monday through Friday.

PIONEER THIS WEEK

By BARBARA POWELL

The Pioneer Quilters completed Scott Byrd's Country Star and installed a variation of a Nine Patch for Carol Stovall. We are still working on Fannie Dowell's black quilt.

Jan Baird reported that all the work done last week on the cart paths was washed away. Bud has some ideas of building some bridges for the carts on those low spots. They are still planting flowers. By next year all the work being done now will really be worth it. All the plants will really put on a display. Jan

wants them blooming yesterday. I think she will have to wait.

John Miller went to the hospital Thursday night. He has pneumonia. Bobbie McCowen followed John and Irma into Abilene and waited to follow Irma home in all that storm. Irma was really appreciative. I'm sure John will be home soon as fit as a fiddle.

Friends of Pioneer are working up a storm getting ready for the Pioneer Festival being held June 11 at the Pioneer Community Center. It should be even better than last year.

Local Cub Scouts Receive National Quality Unit Award

By BRENDA NELSON

Cub Scout Pack 281 held its monthly meeting Monday at the Methodist Church. The Pack earned the National Quality Unit Award this year. This award has been presented by the Boy Scouts of America since 1985 to Packs that meet certain requirements. During 1993, Packs judged on how well they met "commitments" made a year ago. The Pack must achieve at least six of the ten following criteria, including three that are mandatory, to qualify.

1. Fifty percent of the Packs leaders complete required training. (mandatory)
2. Have at least one registered, trained, active assistant Cubmaster. (mandatory)
3. Hold a minimum of nine meets a year including one summertime activity.
4. Have a Tiger Cub Group affiliated with the Pack.
5. Do at least one service project for the chartered organization or the community.

6. Fifty percent more boys subscribe to Boy's Life magazine or a ten percent increase from a year ago.
7. Recharter with an increase in youth membership over a year ago.
8. Have fifty percent or more advance a rank or ten percent increase over a year ago.
9. Pack participates in one of the following: Cub Scout Day, or resident camp, Webelos Den overnight, or other outdoor activities approved by the Local Council. (mandatory)
10. Have a registered Cub Scout Den Leader and a registered Webelos Den Leader.

Pack 281 received the current years pennant streamer for the Pack flag. Cub Scouts and leaders received special National Quality Unit emblems to wear on their uniforms. The Pack also received a

plaque which Cub Master Linda Reed presented to Reverend Roath who accepted on behalf of our chartered organization—the Methodist Church.

Other awards included:
Wolf Den - Josh Nelson - wolf badge
Bear Den - Chris Harris - bear badge, 1 gold and 3 silver arrow points; Chris Sleiger - bear badge, 1 gold, 2 silver arrow points; Mack Taff - bear badge, 1 gold, 2 silver arrow points; Jon Beauchamp - bear badge.

Bear Den also took the Parental Participation Banner.

Webelos Den - T.J. Harris - compass badge with 2 points, communicator, scholar, scientist, craftsman, forester, geologist, and ready man pins; Kevin Wilson - compass badge with 1 point, communicator, craftsman, forester, geologist, scholar, scientist, and family member pins; Jason Beauchamp - craftsman, family member pins.

Business discussed was the summer trip to a Rangers baseball game. This will probably take place July 3. Each Scouts' leader will contact each child as plans are finalized. The Pack will buy tickets for all registered children and adults. Parents and siblings are invited but must plan to purchase their own tickets.

Our next Pack meeting will be held June 20 at 6:30 p.m. at the Methodist Church. We will have a salad supper with each person bringing a salad. Drinks will be furnished.

Boys - if you earned an advancement this year and missed May's meeting, be sure to come in June to receive your award and advance in rank.

Hope to see you there!

The last Presidential Inauguration to take place in March was the first Inauguration of Franklin D. Roosevelt: March 4, 1933. Under Amendment 20 to the Constitution, all later inaugurations have been held in January.

Ranch Rodeo June 4

The Callahan County Sheriff's Posse will host their 7th Annual Ranch Rodeo, Saturday, June 4th, beginning at 6pm, at the Sheriff's Posse Rodeo Arena in Baird.

The events scheduled for the Ranch Rodeo are things the "Old Time" Cowboys would do on a working cattle ranch.

Fifty local cowboys, working in ten, five men teams will perform: Team Penning, Team Branding, Team Mugging, Team Roping and everybody's favorite, the Wild Cow Milking!

Local businesses sponsor these teams, and each team, developed through the "luck of the draw" bears their sponsor's name.

The Callahan County Sheriff's Posse 1994 Ranch Rodeo Teams are as follows.

METAL MART: Tommy Boyd, David Collins, Archie Akers, Johnny Lee, and Jeff Clark.

1ST NATIONAL BANK OF BAIRD AND CLYDE: Mike Cannon, Sam Seider, Gary Richardson, Darvin King, and Craig Pruet.

WICHITA FALLS PRODUCTION CREDIT ASSOCIATION: Benton Pruet, Rooster Hargrove, Ronnie Barr, Billy Collins, Jr., and Scotty Goldsmith.

HANNER CHEVROLET-PONTIAC-GMC-Geo AND HANNER CHRYSLER-PLYMOUTH-DODGE-JEEP: Eagle: Marshall Green, Bob Golson, Steve Nail, Ronald Green and Mark Goldsmith.

CLYDE FARM AND RANCH SUPPLY: Jimmy Hargrove, Roger Campbell, Cody Odum, Mike Hicks and Alan Wilson.

RED'S BAR-B-Q: Joey Henley, Kenneth Saunders, Sam Hargrove, Randy Lloyd, and Paul Burns.

THE PEOPLE'S STATE BANK: James Jagers, Terry Johnson, Tim Broadfoot, Randall Witte and Shannon Staggs.

CALLAHAN COUNTY VETERINARY CLINIC: Rob Harle, Monty Ancinec, Bobby Lee, Terry French, and Arlon Baize.

CALLAHAN COUNTY FARMER'S CO-OP: Mel Matthews, Steve Goldsmith, Shane Lee, Jimmy Brooks, and Wayne Smith.

LAWRENCE BROS. I.G.A.: Bill Hargrove, Cliff Holley, David Williams, Bert Jones and Robert McCulloch.

These businesses not only sponsor a team but also, donate money to pay for prizes awarded to the First, Second and Third place teams.

Parker Funeral Home of Baird helps with the prizes, along with Nelson Farm and Ranch Sales, Luskeys Western Wear of Abilene, and Abilene Tack and Vet Supply.

R.A. Glenn owner of R.A. Glenn Handmade Bits & Spurs of Throckmorton, Texas, donates a set of silver handmade bits each year for the "Bill Turney Top Hand Award."

This is the fourth year for this award, where the Cowboys select from among themselves the "Top Hand" of the night.

To add to the excitement, for anyone twenty-one years and over, (even if they're not entered in the regular ranch rodeo) there will be a "Wild Steer Saddling".

For the young Cowboys and Cowgirls, seven and under, there will be a "Boot Race", a ten dollar first prize will be offered to the first contestant back across the line wearing both boots!

For the eight through twelve year olds, a mini-Calf scramble has been planned. Three calves will be turned loose with ribbons on their tails!

Winners of this event will be the first three contestants back across the line with these ribbons. First prize is \$10.00, second prize, \$5.00 and third prize will pay \$3.00.

For a full night of "Old West" family style fun, bring the entire family and come on out Saturday, June 4th, at 6pm, to the Callahan County Sheriff's Posse Ranch Rodeo.

A fully stocked concession stand will be offering soft drinks, bar-b-que sandwiches, chili dogs, nachos, chips, popcorn, candy, etc.

Adult tickets are three dollars, children under twelve can enter for one dollar!

Ear Wax

Ear wax is healthy and coats the ear canal to trap dust and other particles before they reach the ear drum. The wax is gradually pushed out through the ear opening, where it flakes and falls out. Do not probe the ear with Q-tips, hairpins, twisted napkins, etc. These can push the wax deeper and injure the fragile ear drum. If wax blockage occurs, your doctor can remove it, or ear wax softeners are available at our pharmacy.

Your better health is our concern.

What a storm we had. We just praise the Lord it was not any worse than it was. A few broken windows but no one was hurt. Several of the residents said they got scared. Special praise to the 3-11 shift for their expert action and proper procedure and care they gave the residents. Frances commented on the fine staff she has and expresses her appreciation to all those that helped out during and after the storm. Special appreciation to the American Red Cross.

Registration Continues At CJC

Cisco Junior College's Dean of Admissions, Olin O. Odom, III, reminds area residents that registration is under way and will continue through June 1 at the Cisco campus and all off-campus centers. Though there will be no problem in registering as late as June 1, Mr. Odom urges those who wish to take college credit courses to register now in order to begin attending classes. Classes will begin on May 31 and a minimum amount of missed time is beneficial to the student.

Mr. Odom said, "Cisco Junior College offers a wide range of opportunities for expanding knowledge. We invite anyone, college age or older, to enroll in one of the many programs we offer."

Students may register at the main campus in Cisco between the hours of 8:00 a.m. to 3:00 p.m., Tuesday through Friday (offices will be closed Monday, May 30 for Memorial Day holiday). For more information call the appropriate campus at one of the following numbers: Cisco 817-442-2567 or Abilene 915-673-4567.
