#### Changes Announced by TDH

In a move prompted by budget constraints and a change in funding philosophy, the Texas Department of Health has announced that maternity, child health, and family planning services formerly provided at their Winters clinic, located at 110 South Main, have been transferred to Outreach Health Services. The award, from the Texas Department of Health, to Outreach Health Services was accomplished through a competitive process utilizing Title V Maternal and Child Health Block Grant funds.

However, the Texas Department of Health will continue to provide adult health services, immunizations, tuberculosis elimination services, and other communicable disease services at their same locations in Winters, Coleman, Ballinger, Clyde, and Colorado City. Patients may call the Texas Department of Health office in Winters at (915) 754-4945 for more information about any of the above clinics.

## Oct. 29 deadline for bidding on forfeited state land

AUSTIN—A catalogue listing 193 tracts of forfeited state land reserved exclusively for bids from Texas veterans is now available from the Texas Veterans Land Board (VLB). Bids will be opened on October 29, 1996 at 1 p.m.

The catalogue, which contains bidding instructions and a detailed description of each tract, can be ordered by calling 1-800-252-VETS.

Located in more than 55 counties, the tracts range in size from four to 60 acres. The tracts, known as Type I tracts, can be purchased with no down payment. Bids are restricted to eligible Texas veterans.

The VLB will finance the entire loan amount of all winning bids. There is no limit on the amount loaned or on the number of tracts that an individual can bid on. However, eligible Texas veterans are limited to one purchase in the sale.

"Since these tracts have never been offered for sale by the board, this sale gives Texas veterans an excellent opportunity to buy good land with 100 percent financing," said Texas

Land Commissioner Garry Mauro who is VLB chairman.

Mauro noted that setting aside new forfeitures exclusively for bids from Texas veterans is a long-time VLB

"The Veterans Land Program is part of a Texas tradition that goes back to the days of the Republic of Texas," Mauro said. "It's my belief that Texas veterans should get first shot at any forfeited tracts."

Tracts not sold in the October sale will be offered to both veterans and non-veterans through local real estate agents.

Texas veterans will receive a 7.64 percent interest rate with a 30-year assumable fixed-rate loan. A \$25 non-refundable fee for each bid is required.

The sale will be by sealed bid only, with a minimum bid set by the board. All bids must be received by October 29 at 1 p.m. Bidders need not be present at the opening.

Details of the sale can be obtained by calling 1-800-252-VETS.

## County Tax Rate Is Penny Lower Than Last Year

Callahan County Commissioners approved the 1996 tax rate which is one cent lower than last year's

Commissioners, meeting in a regular court meeting Monday, September 9 at the County Courthouse in Baird, voted to approve the 1996 general fund tax rate of .2624 cents per \$100 of property value and approved the 1996 road & bridge tax rate of .0817 cents per \$100 of valuation. This year's total tax rate of .3441 cents per \$100 of property value is one cent less than last year's tax

Commissioners also approved the 1996-97 fiscal year budget for Callahan County. This year's budget is \$24,000 over last year's and includes a three percent costof-living pay raise for all county employees.

Other items brought before county commissioners included:

—Commissioners voted to table placing possible restrictions on certain wild animals located in the county. The Item is being tabled for a second time so county commissioners can obtain more information including who would enforce the restrictions and where the liability lies.

County Judge Bill Johnson said the Item is not a routine matter. He noted only four out of the 254 countles in the state have approved the wild animal restrictions.

—Commissioners reviewed and signed the minutes of the previous meeting and approved to pay all bills.

## Unemployment Rate Drops

The unemployment rate in Callahan County dropped four-tenths of one percent, according to jobless figures released Monday, September 2 by the Texas Workforce Commission.

"CATFISH, H\_\_\_ PUPPIES, and PUT YOUR BEST FOOT FOR-WARD"

Have you been fishing lately? We have and guess what we are having for supper tonight. Yep, you guessed it, catfish and hush puppies and all the trimmings. Can't hardly wait.

We-l-l-ll, did you miss me? I went to town to do an errand or two and didn't get back for four hours! Do you know why? I am so graceful that I fell down some steps and broke my right foot. I had been trying to think of what else to write about this week. Looks like I have a broken foot to write about! Huh?

The doctor said to stay off the foot and wear this peculiar looking tennis shoe and come back next week so they can check and see if it's healing

alright. Also I have to keep it iced down intermittently. Fun and Games!

So here I lie, in bed, flat on my back with my foot elevated above my head. Still as graceful as when I fell.

The doctor says if I don't stay off the foot so it can heal, it's surgery for sure. So if you see a kind of pleasant looking "fat" woman on crutches, first go on a diet -- QUICK! Second -- say to yourself, there but for the grace of God go I.

Now for some good news. Our grandson, Zachary is spending some time with us and attending Cross Plains schools. We are really enjoying having him. Zachary is happy to have his Aunt Allison moving nearby.

# Be on the look-out for parasites

In most of the country, summer is the time to be on the lookout for parasites--that is tough little ticks, fleas and other nasty pests which can cause serious skin problems. for our pets.

These are some points to remember: (1) Scratching and itching can be year-round problems for many cats, dogs and birds, but skin diseases often get an extra boost about the time summer starts. (2) Some animals are affected more seriously than others. For example, fleas can be devastating to some very young dogs and cats, while other animals don't exhibit symptoms until after they mature. Also, warm weatherplant growth can revive allergies, particularly in humid climates, and parasites car make the allergic animal even more miserable.

Since scratching and itching are so common, why should you be. especially concerned?

First, your suffering animal friend can become grouchy from the constant irritation. Gradually, it may become unhappy and foul smelling, a very unpleasant version of that friendly pet which was once so easy to love.

Second, many skin diseases can become virtually impossible to treat successfully if you don't get professional help before the problem reaches an advanced

Third, painful skin lesions-often called "hot spots"-occur when

your pet continues to lick and chew any part of its body that is itching and burning. If allowed to go untreated, large areas (sometimes, the width of two hands) may quickly develop that can eventually require drying lotions and antibiotics and even sedation and restraining devices to stop the agony your pet will

What can you do to help your pet avoid suffering needlessly while also avoiding big bills for you?

Begin by watching carefully for any symptom or pattern (such as scratching or irritability which may be caused by lack of sleep due to continuous itching) your watchfulness can help pinpoint the professional diagnosis that's a must for an early, effective and low

Another step to take is to control parasites which create the trouble. Products are available which are effective in killing ticks, fleas and other pests. Since some work better than others, get professional advice on products and usage before you spend your money.

Remember, de-fleaing or deticking your pet once or twice a season, or on a regular basis, isn't enough. The only real solution is to remove the pests from your pet's environment, and this means controlling the sources in your home and yard. The good news is that once the insect population is under control, it's fairly easy to maintain a pest-free environment.

Heavy beneficial rains and severe thunderstorms covered the community Saturday night and early Sunday morning. Heavy down pours and run off causing flooding on Farm to Market Road 880 and County Road 429 put members of the Cottonwood Volunteer Fire Control Group into action, stopping thru traffic and keeping check on the high rising waters. "Lamps Dip" was under water on CR 429 south of Cottonwood. Calvin Champion reported he could not get into Cottonwood and had to go on the old Cottonwood Road past Mike Ingrams to get into town. The heavy run offs benefited stock tanks and caused creeks to overflow. We are all thankful for the wonderful blessing of rain. Total rainfall reported was R. Smith, 3 8/ 10 inches; Bill Kelly, 4 inches; 6 to 7 1/2 inches from the center of Cottonwood to the John Purvis place northwest of here.

Ms. Barbara Batten returned to her home in Charlottesville, North Carolina on September 9. John and Janet Purvis and Barbara spent several days with Tammy and Alma Purvis in Mt. Another short and terse saying -- a "moment sermon" -- goes along with the one I shared last week. It was: "If you don't want your life stained with the fruits of sin, stay out of the devil's orchard." This one is: "Forbidden-fruits are responsible for many bad jams."

When Eve, then Adam, used forbidden fruit in their "canning," it got them into a

"bad jam." They were shut out of the garden that was once perfect but had become stained with sin. They were not allowed access to the tree of life so they began to die physically. They died spiritually, too, inasmuch as sin separated them from God. All this was because they had used forbidden fruit in their "canning." God had said, "You can not." The devil said, "You can, too."

It's a shame, when God has so much good fruit with which to "can," that some resort to the bad and forbidden fruit with which to "can." When one does so, it's as if to say, "God, you don't know what You are talking about!" But look at the "bad jams" people get themselves into by defying God's standards -- standards for morality, for instance. Look at the "bad jams" children and teens get themselves into by defying parents limitations and guidelines. Do I really need to expound any more?

Wouldn't it be wiser to "can" with good fruit rather than that which is bad and forbidden -- "fruit of the Spirit" rather than that of the flesh, Galatians 5:16-26? -- and avoid "bad jams?" Think about it...

became evident for the Cross Plains Plains offense to drive up and down Buffaloes. The domination of offense and defense was the primary reasons for the victory.

The game began well on the first set of downs when Cross Plains had the ball on Roby's 30 yard line with 2nd down and 7 yards to go, quarterback Jarad Richards threw a touchdown pass to Joseph Turner. Their batteries were fully charged now as the Buffaloes took total control of the game only allowing the Roby Lions downs all night. The Buffalo se has only allowed 9 first owns in the two weeks of regular season play.

Cross Plains scored again in the 2nd quarter when running back Jody Fortune muscled his way 2 yards into the endzone making the score 13 to 0. Also in the 2nd quarter is when the Roby Lions managed to get a first down on a long run of 34 yards to set up the field goal attempt. The field goal was good for Roby giving them their 3 points of the night. But the Buffaloes weren't finished yet executing a drive of 64 yards and with. 4 seconds left till half-time, Jarad Richards scored from the 2 yard line. Head Coach Cord Woerner went for a 2 point conversion and it was good. The score at the half was Cross Plains

21 Roby 3. quarter. Cory Switzer's kick was

good making the score Cross Plains 28 - Roby 3. Again tough defense On game day last Friday night, the kept the Roby offense sidelined most weather was perfect for a game as it of the 2nd half allowing the Cross the field. With 8:53 left in the 4th quarter, quarterback Jarad Richards again scored on a 4 yard run and the field goal by Cory Switzer was good, the score now 35 for Cross Plains and Roby 3.

Coach Woerner began to make substitutions in the offense at that time and it just picked up where the starters left off. Joseph Turner at quarterback led a drive of 68 yards in 13 plays before running back Leif Hunter scored on a 1 yard run, Cory Switzer's kick was good making the total of 42 points for Cross Plains and 3 for Roby.

In talking to the quarterbacks and running backs for Cross Plains, I asked about the game and they were very quick to say "GREAT BLOCKING BY THE LINE," the unsung heros. Yardage is only achieved by the holes the linemen open up. Passing can only be completed if linemen block so the quarterbacks can pass the ball without being rushed or tackled. Keep up the good work line, I congratulate you on a job well done.

If I were to give a game ball this week I would give it to the running backs. Well maybe to the linemen, well maybe to the quarterbacks, well maybe to the coaches, well maybe to The second half was like the first, the special teams, well maybe even total domination by the Buffalo to the band (good job), well maybe to team. Dusty Hargrove caught a the parents and fans who attended. touchdown pass from Jarad Richards To be honest with you I thought it of 12 yards with 3:29 left in the 3rd was a great effort by all as a team

from parents all the way to the field. The game ball would probably have to go to the City of Cross Plains and the school the athletes represent. GREAT TEAM EFFORT.

## Cross Plains Junior High Starts The Season With a Win 28-14

By L.D. WHITEHEAD

Cross Plains Junior High started their season Thursday night in Cross Plains against a tough Roby team and came away with a strong outing and a victory.

The game opened with the Buffs kicking off. CPJH held Roby with great defensive playing by Scott Mackey, Ryan Artchison, Kyle McClure, Nathan Hawkins, Cody Reed, and Roger Carey.

On our first possession, the offense was ready to play with a good drive, capped off by a pirchout by L.D. Whitehead to Scott Mackey for a WEDNESDAY — Pancakes, touchdown. The extra point try was a handoff by Whitehead to Nathan Hawkins for 2 points to make the score 8-0 with 4:59 left in the 1st quarter.

The 2nd quarter was a defensive battle with good plays by Cory Phillips, Seth Potter, Tony Beggs, Joseph Dillard, McClure, Reed, Nicholas Dimitri, T.J. Harris, Chris Kitchens, and Brandon Gilliam. Our next possession was a good drive and good run by Scott Mackey 12 yards and 10 yards, Nathan Hawkins 5 yards and 20 yards, L.D. Whitehead 10 yards only to see time run out with the Buffs on the 4 yard line.

The second half started with Roby kicking off to CPJH. Our drive was stopped by a fumble that allowed Roby to run in for a touchdown to

#### Richey - 28th place - 12:54 Area children to celebrate Kitty Hawk Sunday

This September 22nd, youth of Eastland County will help celebrate the birth of flying.

Wilbur and Orville Wright launched aviation at Kitty Hawk, North Carolina on December 17, 1903. For twelve historic seconds their boxy, gasoline-powered biplane defied gravity. It flew 120 feet. On a football field, such a flight would go from goal to the forty yard

The Young Eagles Program is working now to mark the hundredth anniversary of Kitty Hawk. By 2003 the program aims to introduce the exhilaration and freedom of flight to 1 million young people.

How? Dedicated pilots in the Young Eagles Program give demonstration flights FREE to any youth wishing to participate

Young Eagles Day in Cisco is September 22 from 1 to 4 p.m. All children between the ages of 8 and 18 are invited to come to Cisco Municipal Airport that Sunday afternoon to fly -- free!

Eastland County Home School Association is hosting the event.

You must arrive with a parent or guardian to sign you up. Then your pilot will go over safety rules and equipment, explain the plane's instruments and gear, and answer questions. You'll take to the skies. For about fifteen minutes you'll see

Cisco, the lake and other features from the air. You pilot may let you handle the controls.

Every Young Eagle participant will become a part of "Eagle Flight." He will receive a commemorative certificate. His name will be entered into the "World's Largest Logbook" at the EAA Air Adventure Museum in Oshkosh, Wisconsin. And each child will receive a complimentary issue of EAA's exciting Sport Aviation For Kids magazine.

Several pilots from Abilene's EAA chapter are bringing planes to the Cisco airport. These men volunteer their time and planes to provide this exhilarating experience for young

The Eastland County Home School Association will have drinks, eats, and treats available at the airport. Local barbecuer, Joe York, will be slicing up his BBO sandwiches, so come hungry. Proceeds go toward to donation to cover the pilots' fuel

If you would like to be included, have your parents call (817) 442-3530 or (817) 629-3810. We need children's names and ages so we can know, for example, how many planes to have on hand.

Join us Sunday afternoon, September 22, for this extraordinary

#### Air bags serious for children under 12

According to state and national health officials, children younger than 12 are at risk for serious and fatal injuries if they ride in the front seat of a motor vehicle equipped with passenger air bags. Safe Riders, the Texas Department of Health's (TDH) traffic safety program for children, recommends that all children ride buckled up in the back seat when traveling in a motor vehicle.

While it has been widely publicized that air bags can injure infants and unrestrained riders, new govemment studies also show that air bags have seriously injured and killed children restrained by safety belts in the front seat. The National Highway Traffic Safety Administration (NHTSA) urges that children younger than 12 ride buckled in the back seat to avoid passenger air bag injuries.

According to NHTSA, passenger air bags have killed 22 people, 21 of them children, since 1993. Air bags were designed as a supplemental restraint to cushion adults in motorvehicle crashes. Children's more fragile physiques put them at higher risk for air-bag injuries.

Studies conducted by Children's Medical Center in Washington have found that several children 6 and younger suffered serious head injuries from passenger air bags, even though they were buckled up or in child safety seats. The National Transportation Safety Board reports that a 3-year-old child was seriously injured by a passenger air bag even though the child was restrained in a booster seat.

"Last spring, Safe Riders provided life-saving information about air bags and safety seats to more than 1,200 automobile dealers throughout Texas," said Steve Anderson, director of traffic safety programs for the TDH Statewide SAFE KIDS Program. "It is vital that we communicate the new findings about airbag dangers. Motor-vehicle crashes are the leading cause of injury and death to children. It is urgent that we

#### 5 — CROSS PLAINS REVIEW SEPTEMBER 19, 1996

reduce the risks, including air-bag injury risks, when transporting children," he said.

Statistics show that air bags have saved more than 1,500 lives since their introduction into motor vehicles in the late 1980s. But air bags are dangerous for small children. NHTSA plans to release detailed information about how to make airbag use safer by September. How-

ever, current recommendations in-

\* Everyone, drivers and passengers, should always use their vehicle safety belts, as required by law.

\* Infants and children should ride in the back seat, properly restrained in a safety belt or child safety seat. The back seat is safer than the front. regardless of whether the vehicle is equipped with air bags.

After a short business meeting, we enjoyed refreshments and a time of catching up on each others summer activities.

Members present were Jamie Apple, Sarah Brashear, Debra Childers, Judy Luter, Joyce McCoy, Bobbie Johnston, Wanda Merryman, Nora Odom, Janice Phillips, Dora Smith, Jody Finn, Kathy Anderson, and Pam Cummings.

## Belews Enjoy Army Reunion

Mr. and Mrs. Hubert M. Belew left Cross Plains on Monday, August 15, on their way to Hubert's 4th Armored Division Reunion (the 50th Annual Convention) at the Radisson Hotel in Columbus, Ohio. On the way they visited their son and family, Morris (Buddy) Belew, Debbie, and children. They traveled through Oklahoma, Missouri, and into Greenville, Illinois were they stayed overnight. The next morning they drove through Indianapolis, Indiana and arrived in Columbus, Ohio at mid afternoon.

The couple enjoyed a bus tour of Columbus. Celia had her photo taken with a young man from Tennessee dressed in a northern uniform who was extremely considerate of Hubert's health problems. He allowed them to ride the elevator rather than climb stairs.

During the tour they visited the German section of the city where the houses and streets are made of brick. They went through the Krema Nut Company where lots of products were made from peanuts. They reported tasting the best peanut brittle ever

The couple had lunch at "The French Market" which featured different countries' food and the attendants were dressed accordingly.

A reception dinner was held for the veterans on Friday evening and Saturday the memorial service was performed on the Plaza. Celia attended the Ladies Auxiliary luncheon which she is a lifetime member. Hubert is a lifetime member of the 4th Armored

Divisions Association. Celia met a
lady from Texas City at the luncheon
who noted that her husband was a
cousin of the late A.J. McCuin of
Cross Plains.

There were around 30 men, plus their wives, from the 22nd AFA Headquarter Battery. Over 500 of the Division men attended the banquet. Lots of reminiscing and picture taking took place. The 1997 Reunion will be held in Harrisburg, Pennsylvania and 1998 is scheduled for Hampton, Virginia (145 miles from Charlottesville where Hubert was born and raised).

Hubert enjoyed seeing his Army buddies, as most of them were together for 5 years before and during World War II -- from New York to Tennessee to the desert of California and then to Camp Bowie at Brownwood, Texas. They left Brownwood for Massachusetts then traveled overseas to England and later landing in France. Hubert's Divisions was in the 3rd wave landing in Normandy, France then on to Belgium and Germany. Hubert was awarded four Bronze Stars and five major battle ribbons. He served in communications before the "Battle of the Bulge" at Bastogne and was Tank Sergeant while in Belgium. His Division con-

sisted of the last 1,519 men overseas. Four other couples from Texas were present for the reunion. The Belews traveled 1,311 miles to attend. They stopped back by Clarksville and visited their son and family again before returning safely home.

#### LETTERS TO THE EDITOR

Dear Editor,

The liberals have re-defined the meaning of what a family is. This must be understood! They retained the word, but changed the meaning. They say the family is evolving; new forms are emerging. This includes the homosexual family, the commune group, or any group living together. However, their meaning of family must appear to be good. Their cry of "Family Values", "Save the Family", and etc. appeals to our hunger for old fashion values of family, morality, and patriotism. They changed the word parent to parenting. Persons or organizations who have primary day to day responsibility and care of a child are parenting that child.

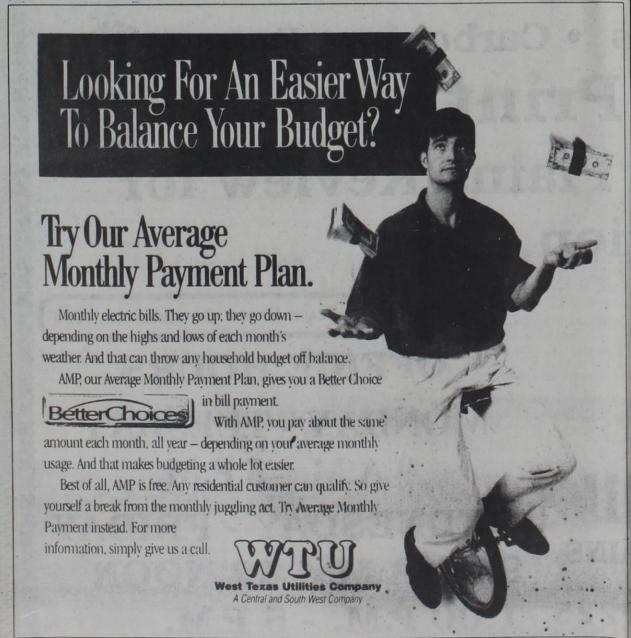

I agree with Robert Benham, that under the guise of equipping the family with tools it needs to survive, Hillary outlined a broad-based social agenda. Remember Hillary's re-

marks about the responsibility of the village or community in raising a child?... Parents beware!! Hillary believes children are entitled to legal representation separate from or against their parents in a wide array of circumstances. These "interests" can be just about anything. Her notion of separate legal interests focuses on children younger than 12. Hillary writes, "When such interests arise, the traditional notion that the parent speaks for the child must be discarded and the child is entitled to a lawyer." Noted by Stanton Evans.

What is Hillary really saying? It is the responsibility of "One World" government to take over child rearing as established by the U.N. Convention on the <u>Rights of A Child</u>. Sincerely,
