# Community **Leaders Meet**

Who are the "movers and shakers" in your community? Who make things happen...for the city, for the organizations?

Texas Midwest Community Network (TMCN) is sponsoring networking opportunities for "movers and shakers" in the region to hear how to make things happen in rural communities. La Grange City Manager Shawn Raborn and Chamber Executive Margo Johnson will present the success story of their small community of 4,500 residents in southeast Texas.

Elected officials, city, chamber of commerce and economic development representatives and community volunteers are invited to attend the nearest of three locations where the presentation will be offered. Participants are asked to make reservations where the presentation will be offered. Participants are asked to make reservations by August 27 to help the host city plan for the meal. Cost for the function is \$8.00

She adds, "this small investment of time will motivate your community leaders to reach new heights of success in your own community. If only one person attends, it's nearly impossible for them to bring the message back home and get things rolling."

> TMCN, a regional organization founded in 1994, covers a 20-county area surrounding Abilene. The focus of the organization is to find ways the 33 member cities can work together, pool resources and organize mutually beneficial projects that one town could not do alone. Projects sponsored by the organization include tourism marketing, legislative issues for rural Texas, economic development workshops and leadership training.

## **Callahan Baptist Association** To Hold Rally At Cottonwood Baptist Aug. 17

"God Bless America - My Home Sweet Home"

Do we remember the meaning of these words anymore? Perhaps the most abused areas of American life today are the areas of our true love for God, of our love for our country and our love of home and family. Could it be that because of the neglect of these that we see the decay of the things that have made America strong? We need to focus on rekindling our heartfelt concern for these important facets of the American way.

In an effort to contribute to this cause, the adults of the Callahan Baptist Association are staging a rally at Cottonwood Baptist Church on Saturday night, August 17, at 7:00 p.m. There will be a gospel concert by the Jerry Lewis family along with testamonials and words of praise.

This special program is sponsored by the Callahan Baptist adults and it is truly for all Christian Americans who love their God, their country and their family.

If you are looking for a real family outing - this is it - and it will make you feel good about being a citizen of America!!

Rides (C.A.R.R.) will be increasing fares for all riders beginning September 1. This is the first increase in fares since the Public Transportation system began seven years ago. The new fares will begin at one dollar (\$1.00) for trips that are five or fewer miles and will increase one dollar for each additional five miles traveled. The fare increase is due to rapidly increasing operating cost and current reductions of federal funding for transit. Presently C.A.R.R. receives federal, state, and local (fares) funding to operate this very much needed rural transportation program. If state funding does not make up for

COLEMAN-City and Rural the cut in federal funds, C.A.R.R. may be forced into exploring various options that include: reducing services, increasing fares again, or seeking financial support from local governments in their area.

> Any cut in services would greatly affect the majority of C.A.R.R. ridcrs who ride out of necessity including many clderly, low-income, and disabled individuals. C.A.R.R. provides Rural Public Transportation to the residents of Brown, Callahan, Coleman, Comanche, Eastland, Runnels, Shackelford, and Stephens counties and is operated by Central Texas Opportunities.

Here are two dessert recipes utilizing herbs. Sure hope you enjoy them.

"Berries With Rose Geranium Cream"

(In this recipe, lavender, mint, bayleaves or anise hyssop may be substituted for the rose geranium leaves.)

- 1 cup whipping cream
- 6 to 8 rose geranium leaves
- 1/4 cups superfine sugar

4 cups fresh raspberries, blackberries, strawberries, or boysenberries (cutting the larger berries in halves)

In a small saucepan bring whipping cream to a gentle boil. Add rose geranium leaves. Remove from heat; cover. Let steep for at least 30 minutes. Using a fine sieve, strain mixture, pressing out any excess liquid in leaves with the back of a wooden spoon. Chill strained cream for a least two hours. In a small bowl sprinkle sugar over chilled cream. Beat until soft peaks form. Spoon half of the cream into 6 parfait glasses. Add fresh berries. Top with remaining flavored cream. Makes 6 servings.

#### "Lavender Shortbread"

Lavender is one of the few herbs which you can substitute dried for fresh and still retain much of the original flavor. Be conservative when using this herb however. Tossing in too much can bring a soapy, perfume-like taste to your dish. Serve these delicately sweet JOY!!!!!

shortbread cookies alongside "Berries with Rose Geranium Cream" or pair them with your favorite lemon dessert.

#### 1/2 cup sugar 1 cup butter (cut up) 2 cups all purpose flour 1 TBS. lavender buds or 1tsp dried lavender buds

Place the sugar and lavender buds in a blender or a food processor. Cover, process one minute or until lavender is finely ground. Transfer sugar mixture to medium mixing bowl. Add butter. Beat at low speed until smooth and fluffy. Add flour, beat just until dough forms. Roll dough out on a lightly floured surface to 1/4 inch thickness. Cut into shapes. Everyone seems to be feeling better. That's good news.

Eula Webb is back after being ill at home. So is June Hickman, who has been out a long time. We are glad to

see them. Mary Bates is back after a summer with her grandchildren.

Helen Freeman's son, Jim, came by a couple of times last week and her daughter was here over the weekend. Hub is keeping on. He must be a very strong man.

We miss Micky and Dick Dillard. We wish better health for them.

On Saturday July 27, Lois Garrett's nephew and wife Dick Koenig drove her to Austin to see some of her South American friends. Some she hadn't seen in forty-five years. She didn't know them nor did they recognize her. Time does make a difference. Lois and her husband lived in South America for some time.

I had another nice telephone visit with Ethel Sims. It's always a joy to talk to her.

#### Pacifiers and Earaches

According to an article in the November issue of Pediatrics, pacifier use should be restricted to infants younger than ten months. the study done among children attending day care centers in Finland found middle ear infections were two times greater in those using pacifiers. By ten months, infants usually lose the bacteria-fighting antibiotics acquired from their mothers. However, Jerome Klein, professor of Pediatrics at Boston University, said, "I wouldn't change the patterns of 4.5 million children in the U.S. because of this one study."

## CROSS PLAINS, TEXAS BREAKTHRU

By Bob Pipes, preacher **Cross Plains Church of Christ** 433 N. Main At 12th (817) 725-6117

In the "Lost and Found" column was an ad from Henry Ward Beecher: "Lost a golden hour, set with sixty diamond minutes. There is no reward, for it is gone forever."

As important as it is to squeeze every minute possible out of every day, it is equally important to allow our minds and bodies to just sort of coast at times. To some this may seem like a waste of time; personally, I can see some value in it --if not overdone. But as important as it may be to "work while it is yet day, for the night comes when no man works," it can also be very important to relax our minds and bodies -- kick them out of gear and idle.

I have heard more than one wife accuse her husband of being a "work-aholic." 'He doesn't drink nor does he do drugs," she would say, "but he's working himself to death -- and robbing his family of attention." Some day, if he doesn't change, they may chisel Mr. Beecher's saying on his tombstone: "Lost -- several golden hours, set with sixty diamond minutes each. No reward, for they are gone forever."

Parents, especially fathers, are told by our Maker to give our children some of our time -- "bring them up in the training and admonition of the Lord," Ephesians 6:4b. And we husbands are instructed to dwell with our wives with understanding, giving honor to them, I Peter 3:7. One of the things we need to understand is that they need some of our TIME.

As in most things, balance is the key. Men, women, and children need to find Perhaps this is the break -- the BREAKTHRU -- you are needing to get it all together. Take five!

And don't forget to reserve some prime time for God. Come and join us in periods of the fellowship, Bible study and worship.

last week. Not even a scratch, but it scares me to think about what could happen. We seniors need to step carefully, we don't want any broken bones.

Lucille Callaway and Elva Woody continue to be our champion game players. The men have some good domino and 42 games. It's fun to watch Vicky and Nash playing dominoes.

Frank Rone continues in the care of his doctor and Frances. She drives for him.

We express our heartfelt sympathy to Fay Jackson who lost a brother. He lived in the Dallas area. Also sympathy to Donna Wagner who lost a sister. We care.

Plans are underway for a trip to Grandbury to see a show. Sounds like fun.

Without the permission of Bob Pipes (he is out of town) I quote his message from the bulletin board outside the church.

"There shall be blessings of showers" Thank the Lord!!!

## FOLLOWING TRAFFIC LAWS, On For Mrs. SAFETY RULES WILL PREVENT TRAGEDIES IN **NEW SCHOOL YEAR**

AUSTIN -- New clothes, backpacks, lunch boxes, school buses. The first day of school is exciting for students, but the new school year can bring tragedy if school bus safety rules are not followed. The Texas Department of Public Safety reminds motorists to obey traffic laws and watch for children boarding or exiting school buses. Parents and teachers should talk to children about school bus safety.

In 1995, no school bus drivers or passengers were killed while riding on school buses in Texas, but 1,370 people were injured while traveling on them. Seven people were killed in accidents directly or indirectly involving school buses, while 2,556 were injured.

The most common time for accidents is when school buses are loading or unloading students. Students should be taught to follow safety rules and to watch for traffic before crossing street. Students also should watch for vehicles illegally passing stopped school buses on either side of the bus. According to the National School Bus Loading and Unloading Survey, most children injured or killed while getting on or off buses They should stay on the sidewalk - or are under the age of 10.
