Lee Morris, an employee of the Cross Plains Review for the past 13 years, has recently opened Morris Printing and Stationery at the newspaper office. Letter press printing and offset will be available.

All your printing needs can be fulfilled locally for the convenience of customers.

Morris has 13 years experience in the printing business. He trained under the late Benny Glover. He assisted Benny in the actual printing of the Review when the press was still in use.

He is currently employed as the layout artist for the Review where he has worked in that capacity for the past two years.

Morris Printing and Stationery will be able to print letterheads, envelopes, statements, invitations, all types of cards including business cards, programs, and all styles of clerical forms. If you have any printing needs, just drop by the Review and he will be glad to assist you and give you a cost estimate.

An added attraction includes printing in several ink colors. You will be able to design your own business stationery or statements with a professional look. Many styles of print are on hand, also.

Lee stated, "I want to offer a good quality of printing at a reasonable price." He is particular about his work and the requests of the customers will be considered utmost.

Throughout January, there is a special price on printing 6 3/4 or 10 regulars or window envelopes. Now is a good time to get personalized or business envelopes. Watch for advertised specials on printing throughout the year.

For the past two years, Lee has been planning and dreaming of his own printing equipment. He is very happy to have reached his desired goal.

It has been great to see someone achieve their ambition. Someone else's success lets you realize that you can still aspire for career goals with a hope that some day, when everything is just right, you may obtain it.

Good luck, Lee, on your new endeavor. Your printing shop is sure to be a success with all the energy you have put into it.

Looks like Cross Plains is still growing, as yet another business is now added to the register.

## Free Tax Counseling

TCE (Tax Counseling for the Elderly) is AARP's largest and one of its first volunteer programs, having begun in 1968 in response to the need for free assistance to the elderly in filling out their tax returns. Tax-Aide assistance is intended to help older persons who either cannot complete their tax returns or who wish to learn how to fill them out. Help is available to low-income persons to receive any refunds due them.

Under a cooperative agreement between the Tax-Aide program and the Internal Revenue Service, Tax-Aide participates in the IRS' Tax Counseling for the Elderly program. This service is offered throughout the country between February 1 and April 15, according to Mrs. Irma Miller, tax-aide. Locally, at the Multi-Purpose

Center, the sessions will be each afternoon of the week, beginning February 1. The AARP is adding two volunteers to the tax-aide who has been working for the past four years, Mrs. Irma Miller.

Assisting in the program this year will be Mrs. Pauniece Oglesby of the Cross Plains area and Mrs. Yuna V. Burkett of Burkett. The hours will be from 1 to 3 p.m. and on Tuesday a morning session from 10 to 12.

Call for an appointment one of the following telephone numbers: 725-7696, 725-6772, or (915) 624-5274. Information on sessions will be available at 725-7393. In the future, if a need for an evening session develops, information on that will be published.

## Cookie Sale Begins Friday

"GREAT COOKIES FOR A GREAT CAUSE." Girl Scouting is the cause and seven delicious varieties make up the great cookies!

The annual Girl Scout Cookie Sale kicks off Friday morning when the nearly 60 local Scouts begin taking orders. The girls will be properly identified as Girl Scouts and will be going door-to-door all over town taking orders to be delivered February 19-29.

If you are missed and wish to order cookies, please call Terry Nixon 725-6649 or Arlene Stephenson 725-6879. Orders will be taken through the end of January, so everybody will have ample opportunity to place an order.

The price of the cookies will again be \$2 per box with the troops keeping .20 cents for every box sold. A portion of the remaining \$1.80 is used to pay for the cookies which are baked expressly for the Girl Scouts by the Little

Brownie Bakers. The balance is used by the Heart of Texas Council to maintain and improve camp facilities near Lake Brownwood.

A number of individual incentives are available to the girls — ranging from patches to "cookie currency" which can be applied to a variety of Scouting opportunities and equipment. Most of our local troops will be planning special trips and activities with their profits.

This annual sale is a great opportunity for the girls to learn as well as to earn. They learn to ask people to support a cause, to keep their records organized, to handle money, to answer questions and to just meet the public in general.

Remember — when the Girl Scouts come to your door asking you to buy cookies, you are supporting a great cause as well as getting some good eating.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This past week seemed to me to be the longest I've spent in a long time. I didn't even go to the post office on Saturday, and didn't attend church services on Sunday.

The mornings have been so cold and dreary! I've just stayed in my warm robe, in front of the fire. I know I should not give in to such inhibitions — there are going to be a lot of those days — and I must overcome!

I had a long sweet letter last week from my dear friend in Stephenville — I've written about her, and her mother who is now 107. My friend was ill during the holidays and didn't send out Christmas cards — thus the long letter (I sent copies to my sisters). She said her mother is doing nicely, "better than any one of us" (health-wise).

This cold weather hasn't helped

Mrs. Brown's arthritis one bit. But she hasn't given up — still her sweet, cheerful self. Her niece, Kathleen Hardesty of Rising Star, visited her one day. Her good neighbor, Helen Tillotson, visits often. Lou Grider visited this week, also Jimmielee Payne from Cross Plains — he has his cows in the pasture across the highway from me.

Mrs. Jewel Foster was really upset when I called her. She has just learned from her son, Billy Wayne, in Tulsa, Oklahoma that his wife had suffered a stroke — she recently underwent a heart operation. We will keep in close touch with Jewel.

Bobby and Sally Roady took their son, George, to Dallas yesterday to catch a plane back to California. One day they visited with Billie and H.A. Roady — they live out here south of Cross Plains.

Mr. and Mrs. Cole Tillotson have finally conquered the colds they've had. They are staying in out of the cold; however, they have continued to keep feed out for their redbirds.

I talked to Dolores Stover, Mrs. Norman Lee, and Nell Fleming. They had no news. The J.T. Beggs did not answer.

A friend of mine told me the other day that this is the first thing she reads when she gets the Review. Thank you, Ora. The son of another friend said: "It's just like getting a letter from home." I appreciate these friends.

I have been informed that the local Woodmen of the World had that nice heater installed at the Multi-Purpose Center especially for the benefit of Senior Citizens and the A.A.R.P. We are deeply grateful! They also improved the lighting situation there.

The sun is shining this Monday morning. I hope it shines all day tomorrow, as I have an appointment with the doctor in Cisco at 3:30 p.m. I guess these check-ups are necessary, but I just don't look forward to that trip to Cisco.

Callahan County Will Participate In Great Walk

The Capitol Committee and the State Preservation Board are pleased to announce that Callahan County will be represented among those etched on the Great Walk leading to the Texas...

State Capitol in Austin and want to thank the Callahan County Commissioners Court for this accomplishment.

The Texas Association of Counties is sponsoring a project to have all 254 Texas counties' names included in a special section of the walk.

Over the past several years, plans have been underway for the restoration of the state Capitol, which will celebrate its 100th anniversary on May 16, 1988.

Years of continued use and weather have deteriorated the Capitol's walkways. These approaches to the Capitol will be restored using 28-inch concrete diamond-shaped pavers upon which will be etched the name of each contributor.

Completion of the "Walk in History" is scheduled prior to the May 16, 1988 centennial celebration of the Capitol's completion and dedication.

Anyone interested in participating should contact the Capitol Committee, 1507 West 6th, Austin, Texas 78703, (512) 477-6499. Pavers are available on the Great Walk and the names of individuals, families, associations, clubs, and businesses may be inscribed on the pavers.

The first AARP meeting of the year was held at the Multi-Purpose Center January 4. Thirty members attended.

Special recognition was made for Dick Dillard and Chuck Woody for installing a new gas heater and some new florescent light bulbs. AARP appreciates the generosity of the Woodmen of the World for furnishing so much to improve the Multi-Purpose Center.

## ROWDEN NEWS

By MRS. N.V. GIBBS

If the first twelve days of the new year are a sample of the next twelve months, we're in for a few months of cold weather. In contacting neighbors for news, all were making it fine, but most were spending more time in the house by the fires. No frozen water lines were reported, but Maryana Harrell said they were breaking ice each day for their horses. Edna Dye and Kathy Dye had been out in the cold Saturday feeding cattle on the Tommy Dye place. We hope for warmer weather soon.

Emma Johnson and Lizzie Burks' company during the week was B.J. Anderson of Rising Star; Carroll Burks of Abilene; Charlie Burks of Abilene; Randy Price of Potosi; and Emma's son, W.R. Johnson, of Caballo, New Mexico.

Edna Dye spent last weekend in Abilene with her son, Tommy Dye, while his wife, Erlene, and son, Douglas, flew to Las Vegas for a visit with her son, Gene.

Kathy Dye visited in the Eugene Bell home in Baird Friday night.

Curtis and Velma Springfield of Azle spent Friday night and Saturday with this writer. Judy Steele and daughters, Tonya and Connie Steele, visited in the home Saturday afternoon.

Lora Faye Harris entered Hendrick Medical Center Tuesday where she underwent surgery. Tommie reported her doing fine and possibly returning home Monday.

Some have been asked how they occupied themselves during the past two weeks of cold, cold weather. Joyce Odom said she was crocheting on a tablecloth. This writer spent part of the time sewing on a red jacket and coat. Vernie Belle Mauldin keeps busy quilting for the public. Edna Dye does China painting. Don and Maryana Harrell were kept busy tending their livestock and Leigh seeing a dentist one day in Abilene. Emma Johnson was pleased that her son, W.R. Johnson, had come for a visit. Judy Steele did not miss any days of work this week, said the highways on her run were not iced over. It was not said last week, but it is hoped that each family has a happy and prosperous New Year.

Those visiting in the James and Dorothy Reynolds home Saturday and Sunday were his sister, Leta, and husband, Charlie Talbot, of Houma, Louisiana; Ellen and John Carpenter of Fort Worth; and Tan and Janet Flippin and son, Drew, of Midlothian.

This writer and Corrie Lou Darby of Baird attended the funeral of her cousin, Buren Burks, in Abilene last Sunday. An older brother, O.C. Burks of Junction, had died this past summer from a heart attack. Their parents were Will and Georgia (Gibbs) Burks who were early day residents of the community. Emma Johnson and sister, Lizzie Burks, reside on the home place at this time.

Robert and Dorothy Watson and sons, Cody and Wyatt, attended the Junior High School Basketball Tournament in Gorman Thursday, Friday, and Saturday. The boys are on the team from Baird.

Tuesday Robert and Dorothy Watson were in Haskell where they visited

friends, Mrs. Albert Hannsz and Mr. and Mrs. Paul Allen. In Rule they visited Mr. and Mrs. J.B. Smith.

## CJC Registration Continues

Cisco Junior College's Director of Admissions, Olin Odom, reminds area residents that registration will continue through Friday, January 22, at the Cisco campus and all off-campus locations. Though there will be no problem in registering as late as January 22, Mr. Odom urges those who wish to take college courses to register now in order to begin attending classes. Classes are presently in session and a minimum amount of missed time is beneficial to the student.

Students may register at the main campus in Cisco, at the Clyde Educational Center, or at the Abilene campus at anytime during regular office hours, 8 a.m. to 4 p.m. Monday through Friday.

**Semester Exams Jan. 14**

By DARLENE HINESLY

The first semester is quickly coming to an end and teachers are already making out their exams. January 14 is the day that the first semester officially ends.

The rules concerning the exams are still the same, the only thing different is the schedule. Usually you take the 7th period exam after lunch one day,

the next day you take 1st, 3rd, and 5th period exams, and on the last day you have 2nd, 4th, and 6th periods. But this year 1st, 3rd, and 5th have switched days with 2nd, 4th, and 6th periods.

The reason for the change is to accommodate the basketball players. Tuesday night they have a basketball game and they will have very little time to study. Since there are quite a few seniors who play basketball they'll be the main ones to benefit from this. If it was left as it was they would have to take their government exam Wednesday, which they must pass to graduate. So out of consideration for them, the schedule was changed.

The students must stay at least one hour in each class and they may stay both hours if they need it. If you have study hall, band, P.E., or any kind of athletics (unless otherwise requested) they do not even have to show up for those classes.

Be sure to study and to show up for the exams.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Mobile Unit will be parked beside Dr. Carpenter's Office.

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.
