'Hee Haw' Basketball Slated February 14

Keep your calendar free on Tuesday, February 14. The C.P.H.S. Annual Staff is sponsoring a Donkey Basketball game on that evening at the high school gym.

Bob Crosby's Donkey Basketball Co. from Chippewa, Wisconsin is providing the live donkeys for the 3 games that are planned.

Come watch two select teams from school, including such players as Colby Walker, Pam Helms, Moe Davis, Coach Layman, and Roy Richey play.

The winner of that game will then play the winner of a game between two teams made up of such Cross Plains celebrities as Melissa Richards, Tony Wyatt, Wimpy McCoy, Becky Joy, and others. It promises to be a very entertaining evening.

Tickets purchased at the door for the games which begin at 7:30 will cost \$4 for adults and high school students, and \$3 for junior high and elementary students; pre-school children are free. Advance tickets may be purchased through Monday, February 13, at Western Auto in Cross Plains for \$3 adults and high school students, and \$2 for junior high and elementary.

NO VIDEO CAMERAS ALLOWED IN GYM DURING GAMES!!!

AARP Chili Supper Friday

The cold weather should have everyone in the mood for a big bowl of hot chili. The Cross Plains Chapter of AARP is sponsoring a Chili Supper on Friday, February 10, at the Cross Plains Multi-Purpose Center. Serving will begin at 4 p.m. Carry-outs will be accepted, but you will need to provide your own containers.

Plates and drink will sell for \$2.50. Pies will be on sale for \$3 or .50 cents per slice. All who have ordered pies in advance are asked to pick them up Friday.

Blood Drive Feb. 9 To Replenish Local Supply

Thursday, February 9, has been scheduled as a day to donate blood for the Meek Blood Bank. Donors may come by the Cross Plains Community Center from 2 p.m. until 6 p.m.

The blood bank is in dire need of all types of blood, which will be credited to residents of the Cross Plains area.

Persons age 17 must have parental permission to donate, but anyone 18 to 66 may participate. Those over 66 years must have a doctor's permission to donate. Some medical specifications are also used to determine donors.

It has been proven that only 3 percent of the eligible donor population

ever bothers to donate. New donors are needed to keep pace with the rising need for blood each year.

A person in good health has 10 to 12 pints of blood in their body, and you may safely give one pint of blood every 8 weeks.

All types are needed, as all must be available before the need warrants. It takes 6 hours to type and test blood after donation, so supplies must be ready in advance of the emergency.

Giving blood only takes 30 minutes of your time. You may be giving a gift of life.

Important Facts On Cancer

By VANDA KING
Editor

Cancer has touched the lives of nearly every family in some way. Thanks to research, many now are completely free of cancer cells and have their health restored.

The Baylor College of Medicine issued the following news release which describes cancer-producing conditions and lists definite symptoms to be aware of.

A brief glance over the information might prove vital to your continuing good health.

HOUSTON — Some cancer-producing conditions are controllable — and some are not.

Uncontrollable factors include such conditions as age, sex, family history, and race. They may make some people cancer-prone in spite of their best efforts to stay healthy.

Other risk factors are controllable. And even the uncontrollable risks can be minimized, researchers at Baylor College of Medicine advise.

"Cancer Control," a brochure developed at Baylor, recommends these steps to reduce cancer risks:

— Those who smoke or chew tobacco should stop.

— Avoid overexposure to sunlight by wearing protective clothing and sunscreens to reduce the risk of skin cancer.

— Limit alcohol to two drinks a day. Less would be even better.

— Avoid obesity.

— Increase dietary fiber by eating more fruits and vegetables.

— Limit dietary fat such as fried foods, sweets, and organ meats to 30 percent or less of total daily calories.

— Avoid salt as well as salt-cured, smoked, nitrite-cured or charcoal-broiled foods.

Equally important, according to Baylor researchers, is knowing the warning signs of cancer:

— A change in bowel or bladder habits.

— A sore that doesn't heal.

— Unusual bleeding or discharge.

— A lump or thickening in the breast, testicles or elsewhere.

— Indigestion or difficulty swallowing.

— Obvious changes in warts or moles.

— A nagging cough or hoarseness.

Knowing these warning signs can be helpful to everyone, even those who may have uncontrollable risks of cancer, the specialists say, because early detection and treatment often can lead to cure.

Cancer is the second leading cause of death in the United States, but 40 percent to 85 percent of all cancer can now be prevented or successfully treated.

The Baylor brochure also discusses the types of treatment used to control cancer:

— Chemotherapy uses drugs to prevent cancer cells from reproducing.

— Radiotherapy, X-ray therapy, cobalt treatment, and irradiation use high levels of radiation to destroy the ability of cancer cells to grow and multiply.

— Surgery can be performed to remove the cancer and to repair affected organs.

Early diagnosis and treatment of cancer means that now almost half of all cancer patients have the same life expectancy as a person who has never had cancer.

For a free copy of the "Cancer Control" brochure, write to: We Care For You — Cancer Control, Baylor College of Medicine, P.O. Box 130567, Houston, Texas 77219.

More Commodities Available Feb. 16

Additional commodities will be available for distribution on February 16, including: 5 pounds corn meal, 2 pounds beans, 2 pounds peanut butter, 2 pounds canned pork, 1 pound butter.

It was previously announced that flour and butter would be the only items available. All eligible persons are advised of this change and to take advantage of these commodities.

Callahan County Commissioners Hold Special Meet

A called session of the Callahan County Commissioners' Court was held January 30, at 9:30 a.m. Several important issues were addressed at that time.

Ron Young, representative of the Citizens E.M.S., approached the commissioners concerning the purchase of one new ambulance unit. The unit it would replace had over 100,000 miles on it. The commissioners discussed the issue and stated that they would assist, but no exact figure was announced.

Rolan Jones, J.P. Precinct 6, asked the commissioners to consider the appointment of a constable for Precinct 6 and a deputy constable, who would live in the Cottonwood community. Ingram made a motion and it was seconded by Johnson, to accept applications for the positions. Applications may be made to the county sheriff and county attorney, who will make recommendations to the commissioners.

Dr. Calvo was appointed to serve as County Health Officer for a two-year term. Motion was made by Johnson, seconded by Ingram.

Johnson was appointed as Judge Pro-Tem for 1989 after a motion by Ingram, seconded by LaFoy.

Commissioners approved the purchase of three new radar units for the DPS. These items were budgeted for 1988-89. The old units will be traded in on the cost of the new units.

Felix Manion met with the commissioners concerning bonds on the elected officials. Ingram made the motion, seconded by Johnson, to have Manion write the necessary bonds.

A motion made by Johnson, seconded by Holland, allowed the county treasurer to hire a part-time employee at the same rate of pay that the district clerk's employees receive.

Jon Herod, CPA, discussed the 1988 audit and county financing and procedures. No action was taken. A motion by Ingram, seconded by Johnson, for Precinct 2, 3, and 4 to loan Precinct 1, Roy LaFoy, \$15,000 each, so that he will have some working capital.

A motion to allow Greg Gerngross, County Agent, to attend the Fort Worth, Houston, and San Angelo Stock Shows was made.

A good turn out for the Photogenic Contest has also been reported. Photogenic winners in each division will be presented a trophy and an

overall winner will receive an additional trophy.

The 1st and 2nd Runners-up in each division of the Miss Valentine Parade will receive banners, and the top winner will receive a banner and a trophy.

Stenholm At McMurry For Town Hall Meeting

Dr. Thomas Kim, president of McMurry College, announced today that Congressman Charles Stenholm will be on the McMurry campus on Saturday, February 11, for his annual Town Hall Meeting.

This open meeting will begin at 1:30 p.m. and continue until 3:30 p.m. in the Maize Room of the United Methodist Campus Center. All citizens are urged to attend and meet with our representative in Washington, D.C.

"We appreciate Charlie's desire to have input from all of us. He is available at all times," said Dr. Kim.

With 35 counties to serve and almost 600,000 people to represent, it is difficult for Congressman Stenholm to visit every area as often as he would like. Town Meetings such as this, scheduled outside regular working hours, provide the opportunity for every constituent to have access to our congressman.

Project Pride Progressing

Members of Project Pride, "A Caring Community," met January 31 at the Cross Plains Library. Discussion centered around the proposed by-laws, which were voted on and accepted as amended.

Membership and fees were next on the agenda. The membership committee will present suggestions on this topic at a meeting scheduled for Thursday, February 16, beginning at 6 p.m. at the library.

Anyone interested in joining the group is encouraged and welcomed.

Significant Medicare Change Effective

Significant changes in Medicare coverage went into effect in January, Glyn Hammons, Social Security manager in Abilene, said recently. The new provisions, which are included in the "Medicare Catastrophic Coverage Act of 1988," expand Medicare coverage for seriously ill persons.

Included in the changes are unlimited periods of hospitalization after payment of the annual deductible amount, unlimited hospital care, and 150 days of skilled nursing facility care.

This year's hospitalization deductible is \$560. A coinsurance payment of \$25.50 per day for skilled nursing facility care must be paid for the first 8 days of care only. Beginning in January 1990, additional medical and prescription drug benefits will be covered, too.

By this time, all Medicare beneficiaries should have received their revised Medicare Handbook showing a side-by-side comparison of the old and new coverage.

Hammons said, anyone with questions about coverage can call a special toll-free Medicare phone number, 1-800-888-1998. The Social Security office is located at 142 S. Pioneer and the telephone number is 698-1360. If a call to the Abilene office is long distance, you can call toll-free by dialing 1-800-234-5772.

Adult tickets in advance are \$2.50 or \$3 at the door. Children's tickets (7 years and under) are \$1.25 in advance or \$1.50 at the door.

The Kiwanis hope to see you there, at the school cafeteria in Cross Plains.

Retail Sales In Cross Plains Up 24%

The City of Cross Plains has the second highest increase in sales tax payment from last year among the Callahan County towns.

Cross Plains reported sales tax payments of \$2,606.76 in January. That total is 24.57 percent over tax payment to the city of \$2,092.58 reported in January 1988.

Retail sales in the City of Clyde are up over 22 percent from last year, according to city sales tax figures released by state comptroller Bob Bullock's office on Friday.

Bullock stated that the one-percent city sales tax on retail sales in the City of Clyde were \$5,166.41 for the month of January. That figure is 22.57 percent over January 1988 sales tax rebates to the City of Clyde.

Bullock reported that the City of Baird is showing the greatest increase in sales tax payments from last year of the four Callahan County towns that receive the one-percent tax.

Baird's sales tax check for January 1989 was \$1,408.83 which is 29.60 percent over collections of \$1,087.07 reported in January 1988.

The Callahan County town of Put-

nam did not report any tax rebates for January 1989.

All four Callahan County towns' sales tax payments for the year of 1989 were the same as the monthly payments.

Comptroller Bullock said that the first city allocations of 1989 continues to show promising increases in sales tax rebates to local governments.

"Most cities can expect a little extra spending money for their 1989 budgets. That additional money can be put towards needed local projects or set aside for a rainy day," Bullock said.

Checks totaling \$64.1 million were sent Friday to 924 cities that collect local sales tax at either one or one and one-half percent.

The payments to the cities reflect 19.4 percent more money than was sent in the January 1988 allocation, Bullock said. Countywide, Callahan County reported collections 11.79 percent over last year's collections.

January's checks represent taxes collected by monthly filers in November and reported to the comptroller's office by December 20, 1988.

Farm Bureau Membership Week February 13-18

County Judge Mack Kniffen has signed a proclamation designating February 13-18, as "Farm Bureau Membership Week" in Callahan County.

The week is a part of a statewide observance during which county Farm Bureaus will make a special effort to enroll new members, according to Phil Williams, president of Callahan/Shackelford County Farm Bureau.

Glenn Leech of Albany is chairman of the membership committee which is responsible for membership acquisition and maintenance. Other committee members are Dan Childress and Miles Banda.

"The Texas Farm Bureau, with more than 325,000 member families, is the largest state Farm Bureau in the nation," the proclamation reads.

"Farm Bureau is a grass-roots organization and its foundation is the county unit. There are 216 organized county Farm Bureaus in the state including the Callahan/Shackelford County Farm Bureau," the proclamation states.

Phil said the local county Farm Bureau has 1,450 member families and is seeking to exceed that figure in 1989.

He said that the Farm Bureau is a general farm organization that seeks to improve income and living conditions of farm and ranch families. It represents the farmer and rancher at the local county courthouse, in Austin, and in the nation's capitol, Washington, D.C.

Troop 281 Camp-Out

The Boy Scout Troop 281 met at 8 a.m. Saturday, January 21, at the Scout hut for another fun-filled camp-out.

The boys attending the camp-out were Todd Smith, Chris Rios, James and Leslie Reed, Jimmy Lee, Timmy Yates, Scott Cheshier, Rusty Duke, Chris Maddox, and Chris Henson.

Danny Maddox and John Miller illustrated demonstrations of an axe yard which showed the proper procedure of cutting wood with tools, how to start a teepee fire, and how to start fire with flint and steel. The boys did a lot of exploring and hiking with

Mr. Miller.

Susan and Melanie Maddox and Chris Strength joined the boys for supper at their camp fire. Chris Strength braved the cold night with Danny and the scouts.

Rusty, Debbie, Matt, and Cody Reed came Sunday morning, but were too late for Mr. Miller's homemade pancakes. The boys gathered around the campfire to sing "Jesus Loves Me" and Mr. Miller gave a brief sermon.

The boys then competed in a 22 shooting contest with targets under close supervision. They all returned home at 1 p.m. The Scouts and their leaders again thank Ken Horan for letting them camp on his lease.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This has been a week to remember! When have we ever had such a freeze! My water pipes have been frozen since Friday — fortunately, I have a big bottle of water I brought from Cliff's last week — for drinking water.

My brother, Max, called from Cisco twice — he is concerned about my water situation. He offered to come here and defrost my pipes, or haul water from the city. Bless his heart!

My sweet neighbor, Sherry, comes by every day to make sure that I'm okay. She offered to bring me some water. I'm grateful for her concern.

J.T. and Betty Beggs went to Eastland on business on Tuesday of last week. On Friday, they visited with his father, David Beggs. He was in the hospital then, but has gone home since then. Sunday, after church, they visited with Rex Lee Beggs and family in Cross Plains. The girls modeled their long party dresses. Betty feels as I do, about grandchildren — they just make the day for us.

Sally and Bobby Roady visited on Sunday in Abilene with Art and Bertie Roady. They talked on the telephone with their kids during the weekend. They have been very busy feeding and watering their cows — quite a task in this kind of weather.

Ms. Jewel Foster was staying as close to the stove as she could — she didn't have any news to report.

Jean Fore Called in. I appreciate her contributions to this column. Paul and Juanita Harlow visited on Thursday. Other visitors during the week were Mr. and Mrs. Hayward Jeffcoat of South Carolina, Mr. and Mrs. Francis Smith of Houston, Mr. and Mrs. Paul Harlow of Lovington, M.M., and also Mr. C.C. Westerman of Rising Star.

Helen Tillotson was her usual sweet self this morning. She did not have any news, but she cheered me with her good wishes for me.

I was saddened last week by the death of Dr. O.E. Harper. He brought my one son into this world some 37½ years ago. He worried about me, because I was 43½ years of age. When the baby came, big and strong, the good doctor sat down in my room and cried for joy — and from sheer exhaustion. He was a dear man.

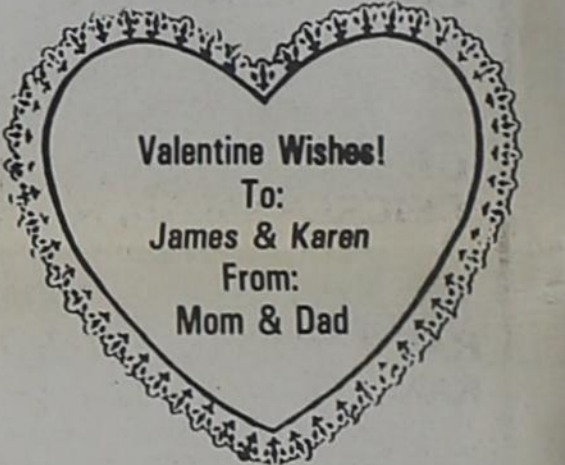

Nell Fleming stated she was just trying to stay warm. Her visitors last week were JoVeda and Bill Watson of Byrd's Store — they visited on Sunday afternoon.

Mr. Norman Lee was "just trying to stay warm" — Mrs. Lee was stranded by the weather in Denton — she was supposed to come home today, but the buses were not running today.

I'm so grateful for the beautiful sunshine this morning. It certainly looks warmer out there than it is!

LAKWOOD NEWS

Weekly Health Tip

DIABETICS — NO FISH OIL

As Omega-3 fish oil supplements help to reduce cholesterol levels, it was hoped to be beneficial for diabetics whose arteries are prone to become choked with thick cholesterol deposits. Sadly, *Medical World News* reports that Omega-3 oils tend to decrease the amount of insulin the body can produce in response to food — the result is higher blood sugar levels after meals. Until more is known of this effect, it is safer for diabetics not to take fish oil capsules at all.

Your better health is our concern.

Marriage And The Family

By MICHAEL HALE

Many marriages are in storms and many do not realize the problems until it's too late. Someone has said marriage is like the weather. Constantly changing, there's always a 10 percent chance of rain or storm.

In marriage the couples that have successful marriages have to learn to ride out rough periods. From the everyday irritations and annoyances to major changes that can snowball into a battle. A couple tuned into daily signals, can begin to predict ahead to avoid unnecessary confrontations.

There are three stages of "storm warnings": Alerts, Watches, and Warnings, with warnings being the most severe stage.

ALERTS

1. Lack of communication: an unwillingness to share real feelings; hiding from the chance to resolve issues or give positive feedback.

2. Distance: less time spent together; avoiding each other's presence; refusing to experience real feelings. Some distance is healthy; we may need a little time for our thoughts before we express them.

WATCHES

1. Fatigue: overtiredness can lead to irritability and exaggeration of feelings. We may jump at slamming doors, say things we later regret.

2. Physical irritations: headaches, toothaches, colds increase our self-centeredness, our focus then is on self. We may be less likely to think of others.

3. Quarrels: conflicts over everyday problems.

4. Intense or long-lasting self-pity: seeing only the negative in our lives and we more easily blame others for our own feelings and lay guilt on the people around us.

5. Justification of anger and resentments: we are sure that we have a right to be angry, we begin to give ourselves permission to exhibit bad behavior and give others a hard time.

STORM WARNINGS

1. Any major change in the family: financially, emotionally, or physically. A major change tends to throw us off balance. Change often forces us to examine ourselves and lives more closely. We may not like the way we see ourselves.

Storms can creep upon the home. Things don't always happen as we would like for them to, but the marriage does not have to fall apart. Let me share with you three simple steps to help lessen the conflict.

1. Be aware of the influences on the marital situation. Two people are involved, and each brings into the relationship their own set of circumstances.

2. Talk — communicate with each other. Make sure you have someone else who is close to you with whom you can share your feelings.

3. If tensions seem unsolvable, seek professional help. It is not a sin to toss away pride and seek counseling. It can be a big mistake not to do so.

J.H. Girls Squeeze By Moran

By COACH DEBBIE BACON

The most exciting junior high girls game of the year was held last Monday, January 30. The district title was

on the line. If Cross Plains lost, they were out of the district race. But, they finally got the best of Moran. The Moran girls were undefeated all year except for 2 losses, both to Cross Plains. Now Moran and Cross Plains are tied for the lead. Both teams have 1 loss. The game was close all the way.

Houston Track Meet Results

By COACH TERRY TAYLOR

Members of the Cross Plains High School Track Team recently participated in the Houston Chronicle Track Meet held at the Astro Arena, located next to the Astrodome.

Cross Plains was able to place only one athlete, but some fine efforts were recorded.

Tonya Steele placed second in the mile at 6:07 on the indoor track. Tye Flippen recorded a 58.8 in the 400 meters, Curtis Wyatt ran a 8.99 in the 55 meter Hurdles, and Casey Williams had a throw of 43'8" in the shot.

The meet was a very good experience for the kids. They competed against some of the very best 5-A schools in Houston, including schools like Yates, Memorial, Jones, Wheatly, St. John, Friendswood, and Kingswood. They also were able to see a very quality field of athletes competing in the college division of the track meet.

Perhaps the most positive thing to come of the meet was the competitiveness of the Cross Plains athletes. They were not intimidated by the large schools.

Tye was leading his race until he was pushed going into the final lap, Curtis was leading his heat until he hit the second hurdle and nearly fell, and Casey had a 46 foot plus throw wiped out because he scratched on his first throw. Experience in this type of competition was lacking, but not desire from these kids.

I look forward to an outstanding year for track in Cross Plains.

The boys continue to have a fine season with a record of 11 wins and only 3 losses. The Mighty Mites next will travel to Eula.

LAP Has Largest Enrollment Ever

"From your lap to our LAP" is the slogan for the "Learn About..." Program, which meets at the Cross Plains Public Library on Wednesday mornings at 10 a.m. LAP now has its largest enrollment since its beginning five years ago.

Cross Plains has kids! Sixteen are enrolled in the "Daisies" group for children 3½ to pre-kindergarten age. Twenty-seven are enrolled in the pre-kindergarten class. Children who are now 3½ and will be 5 by September 1990 may still enroll for the spring session.

There is no enrollment on Wednesday mornings. Parents may come by the library between 1-5 any afternoon or call Billie Loving at the library (725-7722) or at home for an appointment at other times. Participation in the beginning program is recommended for coordination, attending to instructions, and adjustment.

Both groups are introduced to selecting, caring for, and being responsible for returning books on time. All activities are geared toward enjoyment of the learning processes.

"If you have eligible children, get them started now," urges Loving. "We have talented volunteer teachers eager to work with the children."

MRS. CURTIS ANDREW JOHNSON

Taylor-Johnson Wedding Vows Exchanged In Church Ceremony

Wedding vows were exchanged by Celeste Adell Taylor and Curtis Andrew Johnson, Saturday evening, Dec. 17, at the First Baptist Church in Lampasas.

The bride is the daughter of The Rev. and Mrs. Burlie Taylor.

The bridegroom is the son of Mr. and Mrs. Curtis Johnson.

The Rev. Burlie Taylor, minister of the church and father of the bride, performed the double ring ceremony.

The couple recited their vows before an altar centered with an arched candelabra, with seven-branch candelabras on either side, each having polished ferns tied with floor-length white bows. Other altar decorations included 21 fresh red poinsettia arrangements and a white unity candle with two side tapers which were lighted by the mothers of the couple before the ceremony. At the close of the service the couple lighted the unity candle.

Music was provided by organist William R. Taylor, brother of the bride, of Nashville, Tenn. Special music was "If You Say My Eyes Are Beautiful" and "The Wedding Prayer," sung by Carol Taylor of Atlanta, Ga.

Given in marriage by her father, the bride chose a snow white gown of satin, with a full skirt sweeping back to a cathedral-length train of organza. The lace-covered fitted bodice was accented with a sweetheart neckline and

trimmed with baby pearls and clear sequins that fell gently into a fitted V waistline. The gown had classic puffed sleeves trimmed with rows of tiny ruffles. For her headpiece, she wore a tiara crown covered with imported seed pearls. The silk illusion veil fell to fingertip-length with a curled edging to complete the look. She carried her father's pearl Bible from the Holy Land and a bouquet of white and silver roses, with pearl strands and silver bows entwined in the arrangements, fashioned by the bride and her mother.

Stephanie Taylor served her sister as maid of honor and Dawn Strength of Stephenville was bridesmaid. Gowned alike, they wore tea-length dresses of emerald green taffeta, with slightly puffed sleeves, low scooped necklines and V waistlines. Each carried white rose bouquets with pearls and lace throughout the arrangements, also made by the bride and her mother.

David Brooks of Lampasas served as best man and Neal Abbott was groomsmen.

Ushers were Dr. Robert Lastovica of Lampasas, Kenny Smith of Copperas Cove, and Wayne Taylor, brother of the bride, of Atlanta, Ga.

A reception was held following the ceremony in the fellowship hall of the church. The bride's table was covered with a white floor-length tablecloth with a crocheted lace overskirt. The three-tiered wedding cake was separated by columns and decorated with silver wedding rings and white doves. A glass heart with a bride and groom figurine standing under it, topped the cake.

The groom's table was covered with a white floor-length tablecloth with white bows on each corner. The groom's cake was double chocolate, in the shape of Texas. Coffee was served from a silver service.

Included in the houseparty were Brownie Bumpus, Joyce Marshall, Belva Stokes, Sue Pinson, Peggy Anderson, Betty Norton, Melinda Murray, Carolyn Wheeler, Marianne Frank, Bernice Johnson, Rhonda Queen, Betty Kerr, and Ashlee Anderson.

Following a wedding trip to Austin, the couple will be at home in Lampasas.

The bride is a graduate of Cross Plains high school and is attending Central College. She also is a salesclerk and bookkeeper for Keepsakes by Sydna.

The bridegroom is a graduate of Lampasas High School and is employed as an assistant at the Veterinary Hospital.

Parents of the groom were hosts for the rehearsal dinner at Fuller's Bar-B-Q, the evening prior to the wedding ceremony.

Adequate lighting makes sense for... reading, working and studying.

Use the correct lighting for all your tasks by remembering these lighting tips.

- When possible, move your light source around until you eliminate any shadows or glare to make it easier on your eyes.
- Look for a light source with soft, even illumination so the brightness is balanced down, out, and up.
- When buying bulbs, remember that the lumen rating tells you the light output of the bulb. The watts are how much electricity is needed to produce the light output. And bulb life is the estimated number of hours the bulb will burn.

Certain farming expenses may not be deductible, the Internal Revenue Service says.

Soil and water conservation expenses. Expenses for soil and water conservation may be deducted only if they are consistent with a plan approved by the Soil Conservation Service of the U.S. Department of Agriculture for the area in which the land is located. If no plan exists, the expenses are deductible only if consistent with a soil conservation plan of a comparable state agency.

Soil conservation expenses include expenses for grading, terracing, and contour farming; construction of drainage ditches, irrigation ditches, dams and ponds; and planting of windbreaks.

If soil conservation expenses cannot be deducted, they must be added to the cost basis of the land.

Certain land clearing expenses. Expenses paid or incurred to drain or fill wetlands or prepare land for center pivot irrigation systems are no longer deductible. These expenses must be added to the cost basis of the land.

Prepaid farming expenses. Farmers who use the cash method of accounting may not be able to deduct expenses for certain farm supplies until the year in which the supplies are used. This rule applies to amounts paid or incurred in tax years beginning after March 1, 1986. The rule generally applies to farmers who use the cash method of accounting to report their income and expenses, and whose prepaid expenses for feed, seed, fertilizer, other farm supplies, and the cost of poultry are more than 50 percent of their other deductible farming expenses for the year.

For more information, farmers can get free IRS Publication 225, "Farmer's Tax Guide," by using the order blank in the IRS tax return package or calling toll-free 1-800-424-3676.

Investment Tax Credits Reminder

Remember investment tax credits that were earned by farmers before 1987 can still be claimed on an amended return for 1987. For a detailed explanation refer to free IRS Publication 225, "Farmer's Tax Guide," available by calling toll-free 1-800-424-3676.

Card Of Thanks
 We would like to thank each of you for all the cards, calls, flowers, and gifts while we were in the hospital at the birth of Zachary and since our return home.
 We especially appreciate all your loving concern and prayers not just through our sadness but also through our joy. Each one of our children have been nothing less than a miracle in our lives. They are God's greatest gifts.
 A special thanks go to Dr. Donald Pope and the Coleman Family Medicine Clinic for all their very special care and concern.

Card Of Thanks
 We would like to thank everyone who helped us throughout Arnett's illness and his passing. We are so blessed to live in a community that will envelop one family with so much love and support. There was never a moment in which we felt like we were going through our crisis alone.
 Arnett and we received so many cards, flowers, calls, and visits; and you don't know how much good just a pat on the shoulder did when we felt we were at wit's end. We especially appreciate your many prayers. That is what gave Arnett and us the strength and courage to endure.
 Special thanks go to Johnston Truck, Kiwanis Club, Cross Plains E.M.S., the American Cancer Society, and the Church of Christ for all their help when it was needed most. They are all organizations who can count on.
 Arnett was an inspiration and blessing to so many; but each one of you who offered a smile, a prayer, an encouraging word were truly a blessing to Arnett and us. We pray that God will bless you all as He has us through each of you.

Tip for Farmers
 Most loan cancellations are considered part of a farmer's gross income and should be included in net earnings when calculating tax on self employment income. See Publication 225, "Farmer's Tax Guide," for more information about the tax treatment of loan cancellations. Call 1-800-424-3676 to order this free publication.

ROWDEN NEWS

By MRS. N.V. GIBBS

This week's news is the weather, with temperatures below ten degrees Saturday morning. This all started Thursday with some rainfall in areas near here. We just hope warm weather will return soon. Earlier this week, 70 and 80 degrees made it feel like summer compared to this.

This writer accompanied her daughter, Judy Steele and children, Tonya, Bill, and Connie, to the Cross

Plains School Band Concert. Following the concert, people had to scrape off ice from windshields to see the streets. It was hard to understand this when puddles of water were on the streets. This is the coldest spell of the winter and weather reports were that the ground hog saw his shadow, so that means six more weeks of winter.

Kyle Watson of Texas Tech was home over the weekend with his parents, Robert and Dorothy Watson, and brothers, Robbie, Cody, and

Wyatt. Brock Watson of Duncan, Oklahoma also spent the weekend at home.

Visitors of Sterling and Joyce Odom last Sunday afternoon were Ralph and Ginni Trevey and children, Scott and Jennifer of Snyder, and Charles and Nancy Palmer and son, Michael of Clyde, and David Trevey, a student from Howard Payne University of Brownwood. The Trevey family had spent Saturday night in Brownwood with David.

Gene and Vernie Belle Mauldin were in Abilene for Gene to see his

doctor. He has not been feeling well this week. Vernie Belle reported that Gene's cousin's husband, Walter O'Dell of Abilene, underwent open heart surgery in Humana Hospital this week and was doing fine. Roland and Faye Mauldin of Denton Valley had been to see his parents this week.

James and Dorothy Reynolds attended a Study Course in their church, Cherry Heights Baptist of Clyde. They attended all of the three night meetings.

Edna Dye accompanied her son, Bob Dye, to Houston Monday. She

spent the night with her longtime friend, Dorothy Holstead. Bob was on a business trip.

Robert and Dorothy Watson and sons, Wyatt and Cody, attended basketball games with Eula Monday night in Baird. Wyatt played on the junior high team.

Edna Dye attended church services at First Presbyterian Church in Abilene Sunday. Her granddaughter, Lori Ann Dye of Abilene, sang a duet during the service.

Don Harrell reported their usual routine for the week. They see that

their daughter, Leigh, is in school in Abilene during the week.

Sunday visitors for lunch in the Gene Mauldin home were Irene and Willie Masters of Snyder and Roland and Faye Mauldin of Denton Valley.
