Cholesterol Screening Tuesday

BY VANDA KING
Editor

Don't miss the cholesterol screening in conjunction with the blood pressure clinic at the Cross Plains Multi-Purpose Center on Tuesday, August 2.

Beginning at 10 a.m. volunteer medical professionals will take blood samples in order to determine cholesterol levels. A \$5 donation is requested to cover the cost of the machine, supplies and equipment. Joe Howser, a former resident of Cross Plains and local property owner, will be among the staff.

The clinic will remain open until 3 p.m. for all who would like to participate.

Both of these tests could be very important to your continued good health. High blood pressure and high cholesterol are two of the main risk factors in heart disease that can be controlled if detected early.

High cholesterol results is a disorder in which plaques containing cholesterol are deposited on the walls of arteries, particularly those of small and medium size, reducing their inside diameter and the flow of blood. Clotting of blood, such as may occur in the coronary arteries to cause a heart attack, is most likely to develop at places in the arteries where their walls are roughened by such plaques.

Persons who have abnormally high levels may reduce their risk of heart attacks by lowering their blood cholesterol. This is done by following a diet low in cholesterol and saturated fats and by using certain medication.

Being aware of the need for diet and medication is the true key to preventing heart attacks. A very simple procedure will inform you if action needs to be taken.

Heart attacks will affect approximately 1.5 million Americans according to statistics, and 550,000 will die. Heart attacks take the lives of 1,500 people every day.

The American Red Cross, through state-of-the-art technology, proposes to help reduce the risk of heart disease by providing cholesterol screening and education in communities.

The Taylor County Chapter of the American Red Cross will be in our community for just that purpose. The American Red Cross has already provided cholesterol screening for more than 15,000 individuals in North Texas and Southern Oklahoma. It has been discovered that two-thirds of the individuals screened have borderline to high cholesterol levels.

Based on experience in other communities, it is projected that 10 percent of the community will participate in the program. However, the exposure for Red Cross and the good will fostered by providing such a high quality and valuable program is immeasurable.

The cost of the service provided through the Red Cross is very minimal in comparison to other laboratories. Now is the time to have your cholesterol and blood pressure checked and prevent disease rather than experience it. See you Tuesday!

Yards Of The Week

ATTRACTIVE YARD — Faye Chambers' front yard is decorated with a birdbath plus a duck and ducklings. Baskets of airplane plants, tear-drop jew, and purple stripe jew hang along the porch edge. Marigolds, purple

flocks, red verbena, iris, English ivy, purple petunias, lilies, roses, and pink honeysuckle fill the flower bed. Swan planters were filled with spring rye fern.

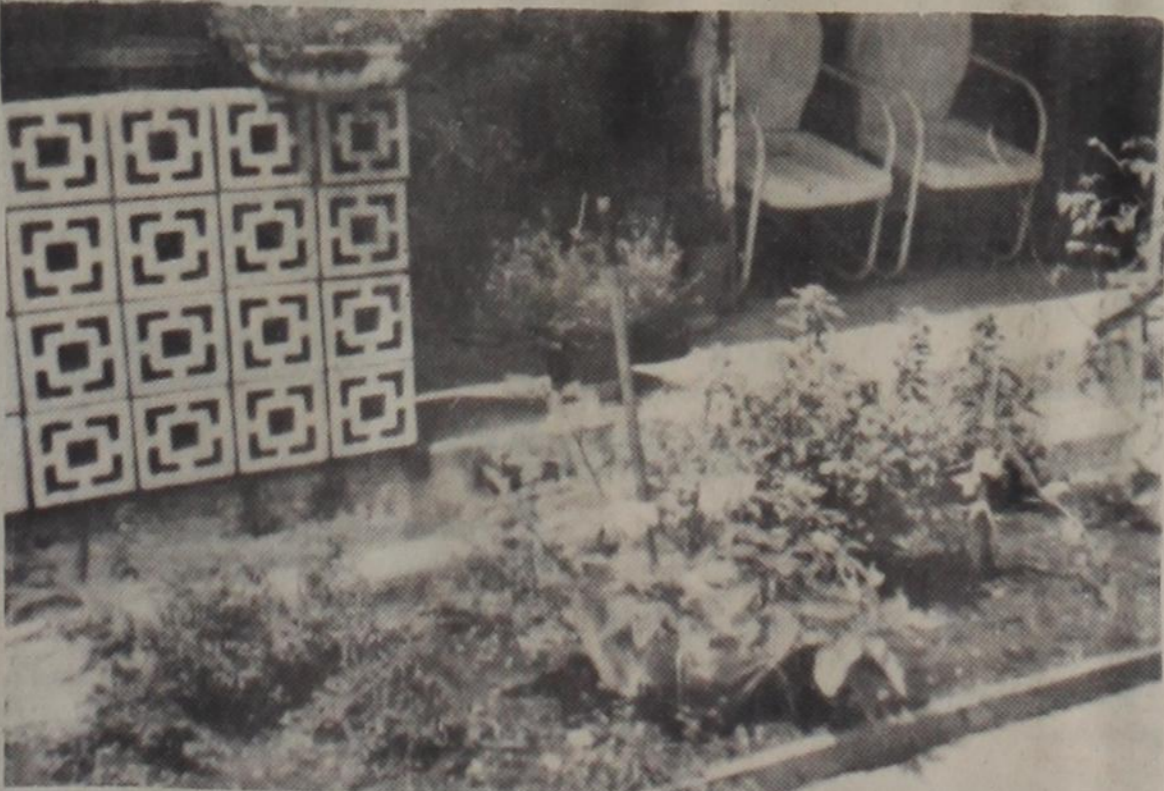

COLORFUL FLOWERS — Rosa Ingram has a lovely yard with many types of flowers. The front bed has red and pink geraniums and hot pink touch-me-nots. The circle bed out front had purple petunias, yellow daisies, and pink roses. As you walk

around the side of her apartment there are red and wine verbena, orchid flocks, cannas, a large grape vine, and pinks. Her back yard is alive with all colors of zinnias, touch-me-nots, rose moss, mums, and an angel leaf begonia pot plant.

WESTERN LOOK — Lula Bell Wyatt has wagon wheels at the end of her flower beds filed with colorful zin-

nias and red roses. Two large ivies grace her porch.

Buffaloes Rated 5th In Class A Football

Dave Campbell's Texas High School Football Magazine recently announced the state-wide ratings of each class. The Buffaloes were named 5th in the state of Class A. The following high schools are listed as the top ten teams: 1 Bartlett, 2 Monday, 3 Bremond, 4 Wheeler, 5 Cross Plains, 6 Maude, 7 Flatonia, 8 White Deer, 9 Paradise, and 10 Ladonia Fannindel.

The ratings were based on returning starters, number of lettermen, and last year's record. The Buffaloes have all but three starters back this season, and 14 seniors are playing.

The size, experience, and speed generated by the Buffaloes advocate them as District Champs. A District Co-Championship was won in 1968 and shared with Goldthwaite. A District Championship in football has not been won at Cross Plains since

1974. Competitors in the Class A will be Rising Star, Gorman, Evant, Hico, and Lometa. The drop from Class AA favored the Buffs in these pre-season ratings. Coach Mike Permenter is optimistic that a repeat of last year's winning season will occur. The Buffs had not had a winning season prior to 1987 since 1974.

Permenter stated that physicals for boys participating in the football program grades 9-12 should report to the field house Tuesday, August 2, at 5 p.m. Dr. Ek, local physician, will be in charge of the check-ups.

Love Fund Established For Mrs. E. C. Vaughn

A Love Fund has been established at the Citizens State Bank for Mrs. E.C. (Joyce) Vaughn for medical expenses following an automobile accident. Mrs. Vaughn is presently hospitalized at Humana Medical Center in Abilene and is listed in critical condition. Her husband was a minister in Cross Plains at the Jesus Name Pentecostal Church and recently passed away. All contributions would be greatly appreciated.

Old Settlers Reunion Saturday — Ya'll Come

The 47th Annual Callahan County Pioneer Reunion will be held at Treadway Park, Cross Plains, on Saturday, July 30. Registration will be at 10 a.m. Music and dancing will begin at 10:30 a.m.

Bar-B-Que lunches and sandwiches will be served by the Old Settler's Committee, beginning at 11:30 a.m.

After lunch, music and dancing will continue. All present and former Callahan County residents are invited.

Cross Plains Roping Club Junior Rodeo July 29-30

The Cross Plains Roping Club is sponsoring a Junior Rodeo at the local arena both Friday and Saturday, July 29 and 30, commencing at 8 p.m. with the grand entry.

Pole bending and goat tying and ringing will begin each evening at 6 p.m.

Local contestants, along with out-of-town youngsters, will perform regular rodeo events, along with some extras.

Everyone is invited to watch the contestants display their skills ranging from bronc and bull riding, barrel racing, and roping.

Bottom Line, a band from Stephenville, will be performing Friday and Saturday nights, commencing at 9 p.m. until 1 a.m. at the dance held in the park adjoining the rodeo arena.

The downtown parade will begin at 4 p.m. Saturday, July 30, with the line up time at 3:30 p.m. at the Cross Plains High School. The procession will disband at Village Market.

Trophies and ribbons will be awarded in various categories. Judges will be Tex Evans, Justice of the Peace at Rising Star; Clara Nell Spencer, retired Cross Plains teacher; and Shirley Pittman of Thrifty.

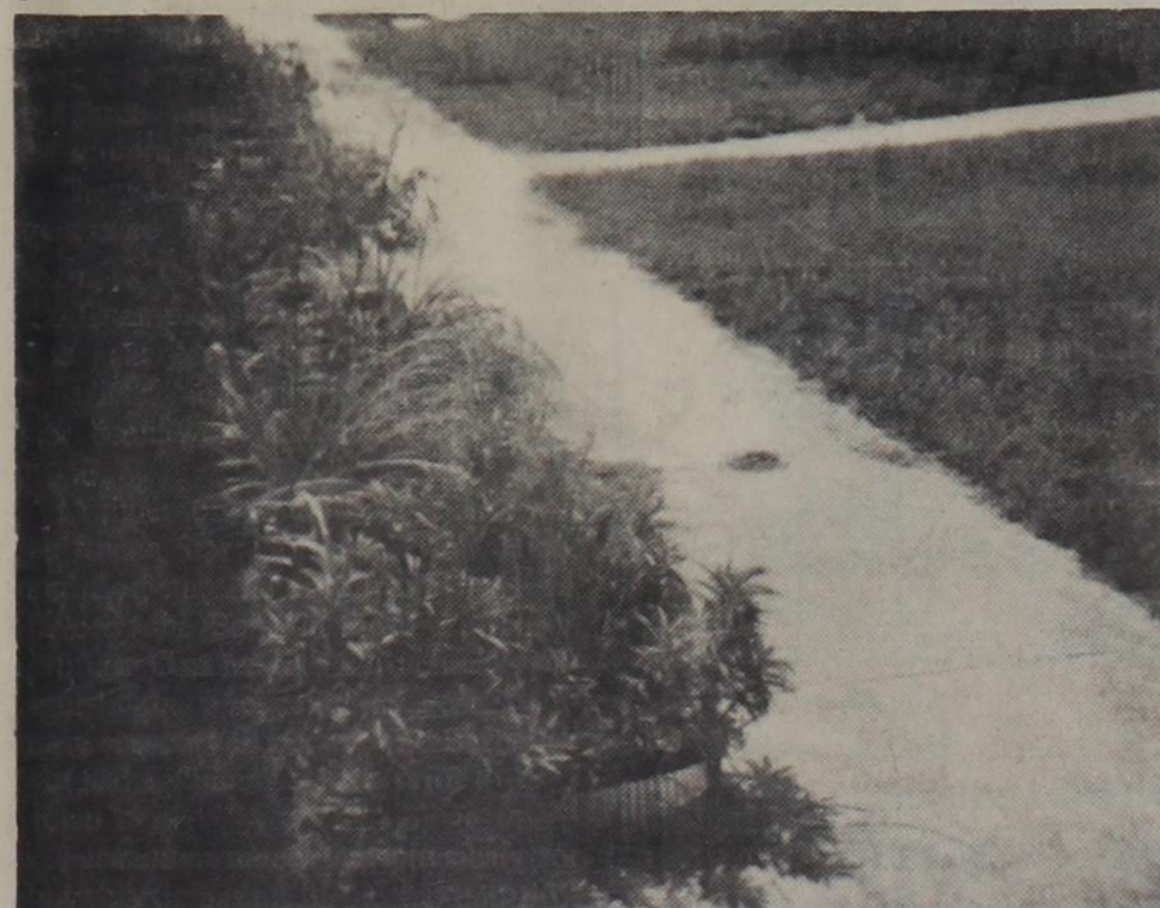

TOGETHER AGAIN — The Pointer family (from left) Margaret, Kerry, and Kristy and Johnny (below) were all smiles upon their day of reunion.

Home Again, After A Wonderful Experience

By VANDA KING

On Friday, July 15, Kerry Pointer

COOL BACK YARD — Opal Gattis has touch-me-nots, hibiscus, roses, rose moss, and pepper plants in her flower bed. Pots of rose moss and touch-me-nots decorate her back porch which is ready for visitors with two lawn chairs.

PRETTY BACK YARD — Elsie Porter has day lilies, house leeks, and touch-me-nots in the dark pink shade in her back flower bed. On her front porch are cactus plants, poinsettia, and mother-in-law tongues.

arrived at the Abilene Municipal Airport to be warmly welcomed by her family and friends. A year in West Germany had been a fascinating adventure of a lifetime.

You can imagine how excited she must have been to embrace her family after such a long time. As they drove into Cross Plains, she noticed the various "Welcome Home Kerry" signs and her mother said she was so surprised. "That is me, my name is on the posters!" Kerry exclaimed with great delight.

A welcome home party was planned at Cliff and Connie Kirkham's home Friday night. Many friends helped with the food and a house full of well wishers were on hand to greet her.

A very energetic and happy young girl came bouncing through the door as everyone rushed to her side. Flooded by many questions, she spoke, and to those who had not visited with her earlier in the day, a new voice appeared. After talking in German the majority of the time the past year, Kerry now has a German accent. Of course, she said, "You all sound so funny to me."

Thinking in German for so many months and then making a transition to strictly English was proving a little confusing. Margaret, her mom, was

LEMONADE ANYONE — Local children were attempting to cool off folks last Wednesday during soaring temperatures. For just 5 cents you could purchase a delicious cup of lemonade. Youngsters involved were (back row, from left) Connie Stout, Rodger Carey, and Jason Carey; (front row) Jared Wooten and Becky Foster.

Summer Program Ends At Library

The "Trailblazers and Stargazers" summer program at the Cross Plains Public Library closed last Wednesday with "Write, Write, Write," conducted by Mattie Faye Wilson and Sandra Crockett. From the balloon launch on June 15 through the final session, the participants had a great time.
Karen Dunn's team won prizes for having the highest score for books read. Books were given to individuals with the highest scores. They were Amanda Dillard and Sam Nixon, grades 1-2; Karen Dunn and Ryan Oliver, grades 3-4; April Sullivan and Leslie Reed, grades 5-6.

Students receiving certificates for perfect attendance were Jessica Davis, Ashley Beggs, Leif Hunter, Tanya Humphrey, Becky Foster, Kyle Davis, Alana Davis, and Karen Dunn. All students received certificates for participation and Cross Plains Public Library pencils.

Special thanks are due to all volunteers who made the summer a success. In addition to Wilson and Crockett, programs were provided by Mary Ames and Phyllis Taylor, Mary and Kim Childers, Artine Simpson, and Sharon Ames. All were designed to encourage experimentation, exploration, and creativity.

Possibly the biggest job for a reading program is the circulation of books. Susan Sharpe was in charge with helpers Betty Weiss, Mary Ames, Phyllis Taylor, Juanita Shaw, Cheri Goble, and Nelda Holmes. Courtney Kirkham and Bettina Gomillion took care of the attendance.

Of most importance to the participants are the refreshments. Lynette Gomillion arranged for drinks and cookies, provided by Jeanette Oliver and Lynette, Debbie Edington and Terri Hunter, Kathy Chesshir and Kim Childers, Linda Reed and Betty Weiss, Sherry Harris and Edith Beggs, and Connie Kirkham.

Boys and girls are to be congratulated for devoting summer hours in worthwhile activities. Hats off to them and to the very special people who make the program possible.

City Beautification Fund Created

An account has been created at the Citizens State Bank for anyone who would like to contribute to the city-wide beautification project. "Beautification of Downtown Cross Plains" is the name of the fund, and it will be used to improve the appearance of buildings, etc. where financial funds were not otherwise available.

Anyone who would like to participate in the project may send contributions to Dannes Turner. Your donation will be appreciated and will enhance the beauty of the community. Join the crusade to make Cross Plains one of the prettiest little towns in Texas.

More half barrels for fresh flowers are on their way. Any extras will be sold on a first come, first serve basis. The ones who are filled with flowers and shrubs already add a new look. This endeavor is off to a good start, because of the support and interest generated.

HOME AGAIN

(Continued From Page 1)

already picking up on many German words which Kerry had used often as she mixed the two languages. The next few weeks should be very interesting around the Pointer household.

Kerry had made some very good friends in West Germany and it was difficult to say good-bye to them, yet she was anxious to return home, too. When she left Cross Plains she was a little shy and reserved, but now she is very bubbly and outgoing.

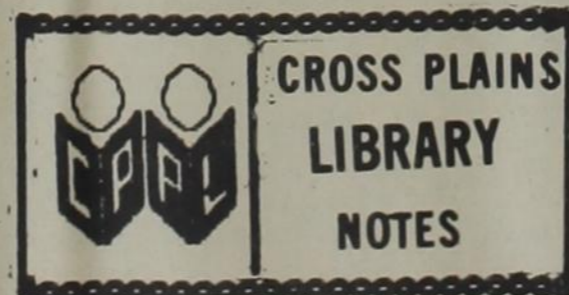

She told us that the German people are very friendly and close. They walk hand in hand and embrace each other in expression of caring. Sounds like they have a neat idea that maybe our country might learn from.

During her time abroad Kerry has been to many interesting and historical places which are an invaluable experience. She spoke of the visit to London, and her photo album displayed all the beautiful places she had seen.

She was the center of attention at the party as friends were eager to learn about everything she had done.

Kerry was excited about her family remodeling her room. She told everyone about her pretty blue room. It was refreshing to see someone glowing with happiness, and it was definitely contagious as the group shared her vitality.

Once again, welcome home and thank you for helping our community become a part of the student exchange program and the promotion of good will between countries.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This Monday morning, it is cloudy, still and 'threatening'. It is the 25th — only 150 more shopping days 'til Christmas. Ha!

Sally Roady has been bedridden with a leg ailment over a week. She is somewhat improved. She has an appointment with her doctor Wednesday. Her grandson, Charlie, has been a great help taking care of her. Gene Hicks, her brother, has also been helping Sally while she is having the problem. We hope you will be up and about real soon.

My good neighbor, Sherryl, finished cutting back the old fig bush — it looks better down there. They just recently moved their horses to another pasture — I miss them — they have been in my pasture a long time.

I'm reminded that "horses" were what brought my family down here from Abilene 26 years ago. C.V. Sr. and Jr. loved horses and wanted a place where they could have them.

I talked to C.V. Jr. and Karen on Saturday (at Longview). They are getting along just fine.

Betty Beggs stated that Mr. David Beggs visited during the weekend and brought them some beautiful fish — she put a bunch in the freezer. J.T. and Rex are now into the cattle business — they have several pastures in use and are kept very busy. Betty went to Pioneer Baptist Church on Sunday evening. She attended W.M.U. on Tuesday.

Mrs. Jewel Foster has been enjoying her garden produce. She has the most beautiful border of red canna lilies I've ever seen. Lucille and Charlie Foster

visit often. Ms. Jewel attends "game nite" at Pioneer on Thursday evening.

Jean Fore, Helen Tillotson, and Nell Fleming didn't answer this morning.

I've been wanting to "belly-ache" about the high rate of speed some drivers make down this little highway. It is appalling and dangerous. Someone hit a beautiful large dog belonging to my neighbors. Killed that gorgeous creature. He was a good dog — didn't bark at the cars or chase them — just happened to be on the edge of the highway at the wrong time.

Cottonwood Baptist Revival Scheduled For August 4-7

The Cottonwood Baptist Church will have a four-day revival meeting starting Thursday, August 4 through August 7. The evening services, Thursday, Friday, and Saturday will be at 7:30 p.m. with Sunday morning service at 11 a.m. and Sunday night at 7 p.m.

The evangelist will be Rev. Tommy Culwell, pastor of Belmont Baptist Church in Abilene. Leading the singing will be Bobby Hedlund, youth minister of Broadview Baptist Church in Abilene. The regular church musicians, Norma Strahan, Sandy Wheeler, and Tracy Dillard, will serve as accompanists.

The public is invited to attend any or all of the services. Come and join this celebration.

THE PIONEER PATCHWORK

BY IRMA MILLER

Gladys Sessums went to Lancaster and spent over a week visiting with her daughter and family, David and Patricia Witherspoon. Rachel Witherspoon is spending the summer with Gladys. Her visitors this week were Charlene Fleming, Shana, Tabitha, Tamara, and Sandy Hutton. Gladys went Wednesday to Abilene on a shopping tour.

Rebecca and Steve Lipstraw's son, Mark Charles, has been described by doctors of psychology as high-functioning autistic (which means mildly so). Autism is considered to be a severely handicapping condition. One of the symptoms is a severe language delay; severely autistic people do not talk or they speak a few words only, or sentences. They are most likely aware of their limitations and this can become very frustrating. They become easily confused and may display symptoms such as screaming, putting hands over ears, hand-flapping, etc., in different situations.

High-functioning autistic people have been known to acquire doctors' degrees, help other autistic people, and work at jobs for livelihood. Later, we will describe some of the symptoms of this handicap which appear in early childhood.

Irma and John Miller hosted Mark Charles Lipstraw's birthday party on Saturday at their house and had as guests at the party six little boys, counting Mark Charles, and one little girl which made for a lively time and an enjoyable time for these grandparents.

ACU Quartet To Perform At Church Of Christ August 3

The Son Rays, a quartet from Abilene Christian University, will be performing at the Church of Christ Wednesday, August 3, at 7 p.m.

Everyone is invited to come hear the message in song delivered by the group.

Art Club Plans Group Painting Session

The members of the Cross Plains Paint and Palette Club will meet at their regular time Tuesday, August 2, at the Cross Plains Multi-Purpose Center at 7 p.m.

Members are invited to bring their canvas and paints and everyone paint on their individual creations, until around 9 p.m. Make plans to be there so everyone will have a painting for the show in November.

If you need some assistance, there will be others there to help or make suggestions for improvements. Come join the fun and creativity.

Cross Cut Cemetery Donations

Donations to the Cross Cut Cemetery given during the 1988 Cross Cut Homecoming were as follows:

Mr. and Mrs. C.R. Kizer, Brownwood \$20; Cicero Clark, Lawn \$10; Clois Clark, Pecos \$5; Carl Chambers, Lake Brownwood (\$20 in memory of Clifton Chambers) \$20; and Mr. and Mrs. A.B. Hubbard \$15.

Watch For Rattlesnakes

The wiggly creatures are definitely all around, as Lila Webb killed a rattlesnake with seven rattlers last week. She noticed it lying on her back porch on her way to church. She managed to kill it with a hoe before it did any damage.

Everyone might be warned to clean up weeded areas and collected junk in an effort to keep the snakes away. Be cautious and watch for rattlers and copperheads, too.

Area Resident Named To Honor Roll At TSTI

(TSTI-WACO) — Julie M. Atchley of Cross Plains is listed on the Dean's Honor Roll for the spring quarter at Texas State Technical Institute in Waco.

Atchley, a Dental Assistant student, is the daughter of Mr. and Mrs. Mitchell W. Atchley of Cross Plains.

The dean's honor roll is for students with a grade point average between 3.5 and 3.9.

TSTI, the only state-supported vocational-technical school in Texas, is part of a four-campus network with additional facilities located at Amarillo, Harlingen and Sweetwater.

More than 50 instructional programs are offered at the Waco campus ranging from Automotive Mechanics and Building Construction Technology to Commercial Art and Advertising and Laser Electro-Optics Technology.

For more information about the Waco campus, call the Campus Information Office at 1-800-792-TSTI.

Weekly Health Tip

POISON IVY

Very sensitive persons can get a severe reaction from the most fleeting contact with poison ivy. For instance, by merely stroking a dog whose fur was recently in contact with an ivy plant, one can develop an irritating rash. In severe cases, despite a doctor's cortisone-like medications, itching can interfere with sleep for several days. Tub baths of 20 minutes using a special oatmeal derivative (AVEENO) in the water can soothe enough to allow sleep.

Your better health is our concern.

Self Employment: No Bar to Receiving Benefits

Dear Commissioner Nabers: I was laid off from my job on April 1, 1988 and have since been working as an independent petroleum engineer consultant. The frequency of the consulting jobs and the earnings are unpredictable. Am I eligible for any monetary assistance from the Texas Employment Commission?

— N.N.
Abilene, Texas

Dear N.N.: You may well be eligible for unemployment or partial unemployment benefits, but there are a few things to keep in mind.

First, you will be required to list your last work on the initial claim form. Do not confuse this with the job from which you were laid off. In your case, your last work was the last consulting job you performed. Second, it is extremely important that you report all earnings and work performed on your claim forms. Even if you have not yet received actual payment for services performed you must still report earnings. Your local office claims taker will give you full instructions in this regard.

COMMISSIONER
Mary Scott
Nabers

TEXAS BUSINESS TODAY

Third, in order to be eligible for unemployment benefits you must be able and available for and seeking full-time employment. In other words, your consulting activities cannot pose a restriction to your seeking and accepting a full-time job.

Your local TEC office representatives will be happy to assist you and answer any further questions you may have. Good luck to you.

Ms. Nabers represents 336,000 employers throughout Texas. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 Texas Employment Commission Building, 15th and Congress, Austin, Texas 78778.

COTTONWOOD NEWS

By BEVERLY BROWN

We all enjoyed Patricia Moore's article in the column last week. I received many calls, Pat. Thank you.

Rainfall in our area last netted an inch of moisture in the community. The mornings were great with cool fall-like temperatures. The community and countryside remains green with evidence of the dryness settling. Remember if you are going to burn off brush or trash, please notify the C.V.F.C. phone 725-6587 first.

Ethan Prall spent the week of July 11 through the 17th with his grandparents, Janet and John Purvis. Ethan attended the Cottonwood Vacation Bible School at the Baptist Church during his visit. On Sunday the Purvises and Ethan stayed overnight in Austin with their daughter, Peggy. On Monday they took Ethan home to his parents, Betty and Richard Prall in Houston, and returned to Cottonwood Tuesday afternoon.

Tommy and Alma Purvis, Greg and Deidra of Mt. Pleasant and Alma's nephew, Phillip "Thumper" Thomas of Hurst, came in Tuesday afternoon to spend several days with the folks, John and Janet Purvis.

Ashleigh and Jamie Scott of Denton were at their grandparents', Mr. and Mrs. Harold Strahan, last weekend. Ashleigh returned home Sunday after spending a week with her grandparents.

Mrs. Dalilah Nickerson of San Antonio came in on Friday to get Matthew and Blake. They left Saturday morning, taking her nephew, Porcius Potter of Cross Plains, to spend two

Carrier Addresses Rural Health Care

Rural Texans should have the same access to quality, affordable health care as other Texans, according to State Representative Steve Carrier. "No person should be denied access to basic health services at affordable costs just because they don't live in a metropolitan area," said the three-term lawmaker in a letter to the Special Task Force on Rural Health Care Delivery.

The Committee has been holding field hearings and met in Abilene last Wednesday. It is chaired by Dr. Jim Bob Bfame, former President of the Texas Medical Association.

Representative Carrier presented the committee with a copy of a rural health care study done by a team of public and private professionals for Fisher County, Texas. The study is applicable to over a hundred similar rural counties throughout Texas, Carrier says.

The study found that one of the biggest problems facing rural health care is unfair provider reimbursement schedules under Medicare's new "DRG" rules. "There is no valid reason that the rate of reimbursement for small hospitals and rural doctors should be half or less what their urban counterparts receive," said Carrier. The Fisher County report urged immediate changes in Medicare reimbursement schedules.

Representative Carrier also called for a revitalization of two state medical education finance programs designed to encourage young doctors to locate in underserved areas and an expansion of those programs to include RN's and other health care professionals now in short supply.

weeks with them.

Mr. and Mrs. Bob Robinson and Brian of Clyde were at her parents', Mr. and Mrs. J.P. Clark last weekend.

On Saturday evening, Ethel Anderson had supper and spent the evening with Darwin and Wanda Anderson of Abilene in the home of her granddaughter, Vanda King and children.

Mary Weaver and son, David of Corpus Christi, are visiting for several weeks with her sisters, Mr. and Mrs. Bill Nickerson Sr. and Mr. and Mrs. Bill Kelly, prior to the Weaver family reunion the end of July.

Kevin and Mary Jo Nickerson are staying with their grandparents, Mr. and Mrs. Bill Nickerson Sr., for several days.

Visitors in the home of Mrs. Ethel Anderson last Monday were Mandi and Malysa Sowell. Ethel went to see Daisy and Wes Holcomb on Thursday. Mrs. Anderson wants to thank the party who left two large watermelons at her place the other day.

Mr. and Mrs. Wayne Brown visited with Mr. and Mrs. James Brown and Kenny, Mr. John Harris, Mrs. Evelyn Mize, Mr. Charlie Merrill, and Mr. Burl Harris in Abilene last Monday.

LAKWOOD NEWS

Lakewood ladies had a fun bridge game Thursday, July 21, with Bobbie Edmondson and Juakana Scott as hostesses.

Since it happened to be Juakana's birthday, Jack Scott surprised everyone with a beautiful birthday cake. They all sang "Happy Birthday," and she did not say, but they think she is probably 29 years old.

Wanda Hughes was the big bridge winner of the day, with Harriet Rutherford taking second place. Vera Westerman won the bingo game.

If you are a bridge player and would like to join, Lakewood welcomes new bridge members to the club. Call (817) 643-7792.

The golf tournament was a great success this past weekend, and of course, the highlight of the day was the "Fantastic Fish Fry." Charlie Grider and all the Lakewood ladies served an unforgettable meal.

The first place winners of the Championship Flight were Gray, Towery, Hughes, and Sunige. Second place were Starns, Broom, Simpson, and Anderson. Third place went to Lawrence, Johnson, Frazier, and Jones.

In the First Flight Westerman, Wetsel, Wetsel, and Johnson took first place. Grider, DeBusk, DeBusk, and Hargrove had second place, and Allen, Vicars, Overman, and Overman won third.

Second Flight winners were Kelly, Kelly, King, and Hunter. Second place was Farnsworth, Robinson, Robinson, and Heyser. Horan, Horan, Porter, and Porter took third place. Everyone had a great time.

Lakewood is in the process of forming a 42 group, and they would like to invite everyone to bring your dominoes, and come join them Thursdays at 7:30 p.m.

"It's wonderful the way our members are pitching in together to improve our Recreation Center," reported Lakewood Manager Lenny Province. "This proves the old saying to be true. 'The more you put into a club, the more you get out of it.'"

Pound Is 13 Ounces?

By DON TABOR
Publisher

A pound is 16 ounces, right? That's what we were taught in school, but, now, that isn't necessarily the case. If you've gone to the grocery store in recent history, you probably learned that a pound can be 13 ounces, or may be only 12, depending on the whim of whoever put the stuff inside the container you're looking at.

The other day I bought a can of coffee (on sale, of course). It looked like a thousand other pound cans of coffee I'd bought in my lifetime. I didn't pay any attention to it until I opened it and then, there, as big as Dallas, on the label it said "13 ounces".

I went back to the grocery store and, sure enough, it said "13 oz. can".

I got the old empty can out of the trash and compared it to the new can. Here's the rub. The old can, which said it contained 16 ounces of coffee, was exactly the same size as the new can, which contained only 13 ounces.

Pretty smart, huh? The coffee packers disguise the fact that they are shorting us 3 ounces by using the same can. They just pack it looser and sell us 3 ounces of air at coffee prices.

Sure, they tell us there's 3 less ounces on the label, but who's going to think to check when it's in the same size can.

This got me to checking some other stuff. Did you know that the box containing 12 ounces of sliced bacon is the same size as the box containing 16 ounces? Look at a package containing 12 ounces of weiners and one with 16 ounces. You'll be hard pressed to tell the difference if you don't read the label, and most people don't.

Oh, yeah, I went back by the coffee section to pick up another can (it was a good price, even for 13 ounces). The one I picked up said on the label "16 ounces". Apparently, this packing 13 ounces in a pound can not only fools customers, but also store stockers.

Of course, I alerted the store to the mistake.

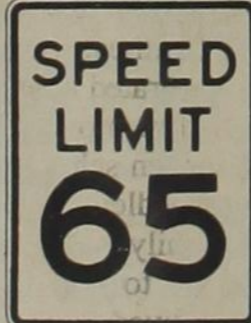

What's that? You don't believe me?

Coming Up: Japanese Plan Benefits U.S. Economy

More U.S. exports to Japan and more jobs for American workers: Those are just two of the big benefits that may be expected as the result of Japan's new economic management.

A new economic plan for the five-year period fiscal 1988-1992, launched by the Japanese government of Prime Minister Noboru Takeshita, aims at contributing more actively to stable world economic growth and the maintenance of international peace, linking economic growth to the qualitative improvement of people's lives, and transforming Japan's economy into one more dependent on domestic demand.

Among the provisions of the new five-year economic plan:

- Shrinking trade surplus—the economic growth during the period is expected at 3 3/4% per annum, with the domestic demand expanding at a higher rate of 4 1/4%. This

means less trade surplus—more imports.

- Structural changes, including enhancement of market access and deregulation to utilize more of the market mechanism.

- Shorten annual working hours—from some 2,100 hours at present (1,900 hours in the United States)

for the average worker to 1,800 hours. More leisure time may mean more consumption of goods and services from abroad.

With these economic changes in Japan, there are increasing export opportunities for American firms. Now is the time for the U.S. to take advantage of them.

 (Played tie off on course.)

Those participating will be Marsha and Koy Young, Jason Benton, Jody Gerngross, Jennifer Wheeler, Regan, Brandon, and Tonya Stover.

The state show, to be held in Taylor County Exposition Center, annually attracts Texas' top youth horsemen who compete in a wide range of events. The show this year will be the 26th annual one to be staged, said Gerngross.

The weeklong program will start with the open show Monday through Wednesday and will be followed by a qualifying show Thursday through Saturday.

Some 850 youths and their horses are expected to participate in the summer youth activity.

A new futurity class for three-year-old stock horses will be included this year in addition to the yearling halter and two-year-old western pleasure futurities offered in the past. These projects and associated 4-H activities are designed for older, more experienced youth.

A special highlight of the show should be the district team versatility class, where 14 teams will compete in a series of back-to-back events, said Gerngross. These include hunter under saddle, western pleasure, reining and pole bending. The class demonstrates the versatility of a horse and youth.

The open show will include cutting, judged roping, breakaway roping, team roping, reining, hunter hack, hunter under saddle, hunter seat equitation, working hunter, jumping, yearling filly futurity, yearling gelding futurity, two-year-old western pleasure futurity, drill team, precision riding and three-year-old stock horse class.

The qualifying show will feature showmanship at halter, mares and gelding at halter, pole bending, western pleasure, western riding, western horsemanship, and stake race. Semifinals, competition in the finals, and the district versatility class will complete the activity, Gerngross said.

ROWDEN NEWS

By MRS. N.V. GIBBS

Summer time is here with more hot days. One and one half to two inches of rain fell in the community Tuesday evening which is keeping vegetation green. Johnson grass is growing up in ditches of the country roads, so be careful driving and turning on blind corners.

Dorothy Reynolds and grandsons, Chris and Colby Reynolds of Midland, spent the week and attended Vacation Bible School at Cherry Heights Baptist Church in Clyde. Dorothy reported over 200 children attended and enjoyed being there each day.

Mr. and Mrs. J.D. Woods of Harleton, Texas visited in the James Reynolds home Friday. The Woods and Reynolds family were East Texas friends.

Donnie English and family of Lake Charles visited in the Sterling Odom home Monday. They had come up for the weekend on his family home place. They did some yard work while here.

This writer made visits in Clyde with her aunts, Jewel Swanzy and Anna Bell Tabor, and in Baird visited Corrie Lou Darby.

Sunday visitors in the Gene Mauldin home were Irene and Willie Masters, his mother, Mrs. Pearl Masters, all of Snyder. Also the Masters' daughter, Charlotte and husband, Rod Clifton and baby son, Bryan of Lubbock, and Roland and Faye Mauldin of Denton Valley.

Robert and Dorothy Watson were in Ballinger Friday and enroute home visited the Jim Needham family in Coleman.

Don and Maryana Harrell and daughter, Leigh, along with her parents, Mr. and Mrs. Ted Newberry of Abilene, and relatives, the Andrews and Schreiber families of Austin, all spent last week at Port Aransas on the Texas coast.

The Tony Steele family spent the weekend at Hords Creek out from Coleman. Others there with them were Lee and Jean Jernigan of Lake Proctor and Tony's mother, Opal Steele of Clyde.

Robert and Dorothy Watson attended the funeral of his uncle, Alton Dossey, in Sherman Tuesday. Brock Watson of Nelson, Oklahoma was home for the weekend.

Irene Masters of Snyder came Tuesday to drive her parents, Gene and Vernie Belle Mauldin, to Dallas for Gene's doctor appointment. They came back through Weatherford where they stopped for a visit with Irene's daughter, Melinda and her husband, Bob Maninger. In Baird, after a stop at the Dairy Queen for refreshments, they met up with their neighbors, Blan and Jessie Odom. A short visit was made.

Vernie Belle Mauldin visited Carolyn Burns in Potosi on Wednesday.

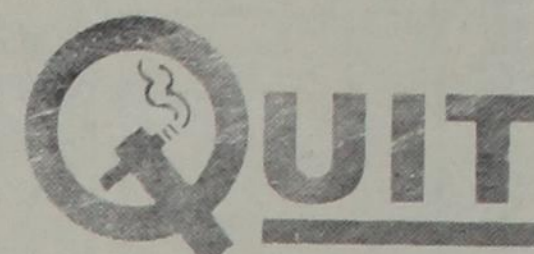

Cindy and Johnny McCaghren of Fort Worth spent the weekend with her parents, John D. and Wanda Montgomery. They were by the house for a short visit on Saturday.

This week's subject of vacant houses continues with the Willis' house which is located west of the Rowden Store. The first house on part of this place was owned by Mr. and Mrs. Bob Bradley. The place was divided when Highway 36 was built in the early 40's. Most of the land north of the highway was owned by Truitt and Lillian Hollingshead of Abilene. The entire place was then purchased by Arthur and Bea Baker, who moved the house on one part to the present location, also enlarging the house. It was then sold to Mr. and Mrs. Willis of Abilene. Now it is owned by Joy Horner and Chris West of the community. The history of this house has been changed by different owners. The Hiram Foster family of Cross Plains at one time owned part of the place. Their four children attended the Rowden school.

On the Tommy Dye place north of the Rowden Store is an old wooden house where the Norban Sikes family lived in the early 1920's. That house has been vacant for many years. The old house was what convinced the Dye's to buy the place. The family lived in the house while moving a two-story house from Abilene and redoing it for their needs. The two story house was not completed as the family lives and works in Abilene. The Sikes family had five or six children when they moved to Hereford. I'm sure this empty house has had other people living within its walls as it was rented out for a time to the William Burks family and the Doc King families. In the 1920's, Norban Sikes operated a general store at this place before moving to a location by the Rowden school site.

The Noah Smedley place still has the house the family built in early days when they came to this community. Noah Smedley lived a long life. He died in the Baird hospital after residing in a Merkel rest home. Wiley Smedley lived on in the family home. Eleven children grew up in this house. The place was sold to Mrs. Gaston Wylie of Abilene. Since his death, their son is in charge of the place. Mr. Wylie spent a lot of time on the place. For the Smedley family to live in the house, every room but the kitchen had one or more beds to a room. This is one more empty house in the community.

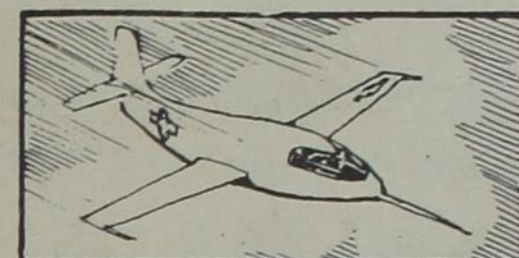

The George and Josephine Miller place has the typical wooden house of that time building. A rounding porch around three sides of the parlor room, two bedrooms with a hallway in between. Also there were two main rooms with side room for dining room and kitchen and a long screened porch on the south side of the house. One wonders where 13 children all had beds, but in a family of that size the older ones were married before all were born. Even in that house two beds occupied several rooms.

Helpful Tips and Ideas To Help You or a Loved One Quit Smoking—

Chew Away Your Smoking Habit

Are you one of the more than 17 million Americans who've tried to quit smoking one or more times—and failed? Now's the time to change your track record. Get involved in a doctor-approved smoking cessation program. Under your doctor's advice, you may want to step up physical activity. Walk more, or go swimming.

The Bell X-1 was the first plane to officially exceed the speed of sound. It was flown on October 14, 1947 by Major Charles E. Yeager. The plane was nicknamed "Glamorous Glennis."

Many physicians these days prescribe a drug to help their patients quit smoking. In gum form, it releases small amounts of nicotine in the mouth to help the smoker overcome cigarette addiction. It has been shown to double long-term success rates when used as an adjunct to smoking cessation programs.

Try the buddy system. Many people find it easier to quit if they can share the experience. Be a real buddy and give this column to someone you love who'd also like to stop smoking!
