'Good Sumaritans'

By VANDA KING

Recently I was attempting to mow my yard and wasn't having much cooperation from the lawn mower. Sorry, Daddy. About every two strips it would die.

My first rescuer was Chester Cunningham, my neighbor. Out walking, as usual, he dropped by to see if he could assist. He remarked, "Like that screw driver you're using." It was a dandy alright — a silverware knife. It did the trick though and we got the air filter back on.

Cunningham gave it a try and what do you know, it started the first time. I told him he must have the touch of the Master's hand and he said, "Nope, I think your lawn mower is probably a female and just needed a little pat."

Now if you haven't met Mr. Cunningham, you have missed something. He is quite a character and always full of life. He is the tall man wearing overalls you see walking around town with his white speckled bird dog.

Here we go again, another two strips and quits again. This time Tommy Hinkle and his grandchildren are driving by and he asks if I need some help. After checking the mower over and making some adjustments, he gives it a crank. Sure enough it runs. Seems like everyone can start this thing but me.

He tells me to mow for a while and he will stop back by and see if it is still running. Well, you guessed it. When he came back, it had quit again. Hinkle starts it again and this time he teased, "I'll drop back by in a couple of weeks and see if you finished!"

Things are going pretty good — it's been working for quite a while, then it happens again. My neighbors, Mr. and Mrs. J.B. Harris, and son, Jesse and family, were sitting outside and saw my plight.

They asked if they could assist by using their riding lawn mower, and Jesse completed the job briefly. The Harrises have helped me on several occasions and it is so considerate of them. They also assist other neighbors. They are truly good folks.

Can you imagine getting any help if you lived in a large town where no one knew you? Every week you hear or see someone coming to the aid of another and it makes you appreciate neighbors and friends.

The motto of "A Caring Community", promoted by Project Pride, is very appropriate. I feel so thankful for this caring attitude and hope I can return these favors.

CMNT Nets \$6,374.07 At Annual DQ Rock-A-Thon

By VANDA KING
Editor

Another successful year for the

Children's Miracle Network Telethon was accomplished by the Cross Plains Dairy Queen Rock-A-Thon. Donations totaling \$6,374.07 were given for the wonderful cause. The fact that the funds would benefit Hendrick Hospital's Meeks Center for children seemed to enhance the enthusiasm. The production of the CMNT on Channel 32 in Abilene helped to explain the purpose of the telethon and what the funds would purchase in terms of little lives.

As of press time, the local Dairy Queen, under the management of Ophelia Merrill, was still the leading fund raiser for the D.Q. stores in Texas. This certainly speaks well for the local business and for our community.

Those participating in the Rock-A-Thon this year were:

Susan McNeel, 3rd, Cross Plains; Jeraldine Brumbaugh, 1st year, Baird; David Justice, 1st, Eastland; Patsy Langford, 2nd, Eastland; Jan Duke, 2nd, Cross Plains; Mindie Cunningham, 1st, Ranger; Becky Huges, 1st, Ranger; Sue Taylor, 1st, Cross Plains; Faye Chambers, 1st, Cross Plains (oldest rocker); Coach Elaine Shedd, 1st, Cross Plains; Shelly Taylor, 3rd, Cross Plains; Lorain Merrill, 3rd, Cross Plains;

Betty Thomas, 2nd, Grosvenor; Brenda Hutchins, 1st, Cross Plains; Ruby, 1st, Mineral Wells; Cheryl Trenary, 3rd year, Cross Plains; Sandra Jones, 1st, Cross Plains; Monty Richards, 2nd, Cross Plains; Charles

The 4-H Horse Program would like to thank the Callahan County Sheriff's Posse for the use of the arena.

Ross, 1st, Cross Plains; Carlon McLane, 2nd, Lubbock; Lezie McLane, 2nd, Lubbock; Recie Tatom, 3rd year, Cross Plains; Kim Bullock, 1st, Gorman; Jack Scott, 2nd, Cross Plains; Cassie Duke, 1st, Cross Plains; Bill Hedrick, 3rd, Cross Plains; and Theresa Cheshier, 1st, Cross Plains;

Shelly Harbin, 1st year, Gorman; McClure Kids, 2nd, Cross Plains; Melissa Kemp, 1st, Cross Plains; Vanda King, 1st, Cross Plains, Scott Taylor, 1st, Cross Plains, and Frances Taylor, 1st, Cross Plains.

If you haven't rocked and been a part of this fun event you have missed something. Besides having a great time, you feel good because you helped someone.

I have a personal interest in CMNT because my son, Kye, was born with a cleft lip and palate and Hendrick Children's Ward has been a part of our life for a long time. He is facing another surgery this summer and the possibility of another when he is a teenager. I know the quality of care at Hendricks and was so glad that they will receive the funds this year.

Children's races started off the afternoon with a bang. The winners in each event are listed with the photos.

Around 4 p.m. the Shrine clowns from Abilene came in and entertained. Their colorful costumes and antics amused the kids.

The Confederate Air Force began flying over at 6 p.m. The planes performed rolls and patterns. Then Ophelia and Garlan Cunningham, District Dairy Queen Manager, began the announcements. CMNT Beauty Pageant winners were presented and rockers were announced. Drawings for gifts and auction items were sold at this time.

The Rock-A-Thon rockers were provided with a full schedule of entertainment. The Jamie Dee Dancers from Ranger and the Tae Kwon Do group from Brownwood were great.

Some rockers played dominoes inside the D.Q. and those games were very interesting. Jack Scott, Tiny Hedrick, Glenn Merrill, Gene Hicks, Colene Lamb, and two D.Q. managers from Baird and Eastland, along with myself enjoyed the tournaments.

Music was performed by several bands including the Shrine Band from Brownwood, Finnis Butler's from Strawn, Roy Thackerson, the Fingerless Fiddler, and Horace Hounshell.

Things were getting kind of quiet around 4 a.m. when a band was spotted passing through town. Someone remarked, "I wish they would stop." About that time they turned around and parked. They shouted to us, "Keep rocking!"

Sherrie Bowden was standing there and someone suggested that she go in-

Players Selected For 1989 Whataburger All-Star Basketball And Football Games

HOUSTON — Some of the top high school athletes in Texas have been selected to compete in the 1989 Whataburger All-Star Basketball and Football Games this summer in Dallas.

Chosen by the all-star basketball and football selection committees of the Texas High School Coaches Association, this year's group will meet in Dallas for the Whataburger All-Star Basketball Game on Monday, July 31, at S.M.U.'s Moody Coliseum and for the Whataburger All-Star Football Game on Tuesday, August 1, at Texas Stadium in Irving. The games are held in conjunction with the annual T.H.S.C.A. coaches clinic.

Chris Brown of Cross Plains was chosen to the elite team. He will play the position of end during the game. His parents are Mr. and Mrs. Jim Brown.

The Whataburger All-Star Basketball Game will tip-off at 7:30 p.m. while the Whataburger All-Star Football Game will begin at 7 p.m.

This year marks the fifth consecutive year that Whataburger has sponsored the boy's all-star games. As a result of Whataburger's commitment, interest in the event has steadily increased. In 1987, when last played in the Metroplex, a near sellout crowd gathered at T.C.U.'s Daniel Meyer Coliseum for the Whataburger All-Star Basketball Game while a crowd of 18,000 turned out for the Whataburger All-Star Football Game at Amon Carter Stadium.

Tickets to the Whataburger All-Star Basketball Game are \$3 and can be purchased on game day at S.M.U.'s Moody Coliseum. Tickets to the

Coalition Of 40 Texas Agricultural Groups Disappointed With Governor's Announcement

AUSTIN — A coalition of 40 mainstream agricultural organizations Thursday said it was deeply disappointed with Gov. Bill Clements' announcement that he will sign the Texas Department of Agriculture sunset legislation.
"Although we are deeply disappointed in the governor's decision, the creation of a scientifically oriented pesticide review board is a small step in the right direction," the coalition said. "We now have 40 diverse, mainstream agricultural organizations united and poised for the next phase in the much-needed correction of the Texas Department of Agriculture," they said.

Spokesman for the coalition — Jimmie Powell, president of the Texas and Southwestern Cattle Raisers Association, S.M. True, president of the Texas Farm Bureau and Wes Bonner, president of the Texas Cattle Feeders Association — said they had hoped the governor would veto the sunset legislation.

"Although the sunset bill creates a nine-member pesticide review board, which is a good concept, it does not address the inherent problem of TDA's structure," the agricultural leaders said. "Under the existing structure, mainstream producers are virtually locked out of decisions that are important to agriculture."

The coalition had urged the governor to veto the sunset bill and push for legislation creating an appointed commission to head the agriculture department. The commission would determine policy and, in turn, hire an executive director to run day-to-day operations.

"We appreciate the legislature's efforts in working toward a solution, but much more needs to be done," the spokesman said.

"We will keep this group together in an effort to modernize the agriculture department and make it more responsive to the farmers and ranchers who produce most of the food and fiber for Texans."

Rowden News

By MRS. N.V. GIBBS

Rain fell in the area last night with gauges measuring from 3/4 to over an inch of much needed moisture. There were heavy dews that kept combines out of the fields late in the mornings most of this week.

This writer received a letter from Clovis McDonald of 337 Valley Drive, Kerrville, stating that he subscribed for the Callahan County Star and Cross Plains Review. He enjoys reading about people he has known since a child.

Clovis' first schooling was at Hillside, and finishing high school at Bayou in 1942. He is the son of the late Jerry and Mattie McDonald of Rowden. Clovis sent along a manuscript of his days of service in World War II.

He was prompted to do this after one of his buddies, a member of the B-17 Flying Fortress Teams that he and Clovis flew combat missions in the southern part of Europe against Germany. He had written his manuscript of the war.

In late 1942 Clovis was inducted into the United States Army at Camp Walters at Mineral Wells. Following a short period, he transferred to the Army Air Corp where he served as a Technical Sergeant and radio gunner operator. He was a part of a B-17 with a crew of ten men. After completing 175 hours training, this crew in a new B-17 was sent to Italy in March 1944 with the 15th Air Force 463 Bomb Group, 772 Bomb Squadron located at Celone Field, Italy.

The crew named their new plane Hairless Joe. The crew flew 37 bomb missions over enemy territory in southern Europe.

The 38th mission, June 5, 1944, was shot down in enemy territory in Nor-

LETTERS TO THE EDITOR

Dear Editor:

Our legislators in Austin just passed an amendment giving themselves a 300% pay raise.

This outrageous salary increase will cost us, the taxpayers, \$3.5 million a year at a time when we can least afford it.
It gets worse, the amendment will take away the voters right to vote on future pay raises. In my opinion, the legislators are not being financially responsible with our wallets.

The legislators have craftily worded the amendment on the November 7 ballot to limit their salary to one-third of the governor's salary. The legislators vote on the governor's salary.

Basically, they will vote their own pay raise when they give the governor a pay increase.

Their salary doesn't include the present daily allowance of \$30 which will be increased to \$81. That's \$4200 increased to \$11,340 for 140 days of work in Austin. Can you imagine getting that kind of allowance for food and gas?

We need state government to be financially responsible. We need to stop this pay raise.

Please join the fight against this 300% pay raise.

Sincerely,
Lynn Oates

Dear Editor:

I am one who has always believed that there are a lot of good, decent people among us. However...it is reassuring to have this trait demonstrated every once in awhile.

A week or so ago, my wife and I were coming from Abilene to Brownwood when about eight or nine miles out of Cross Plains we had a flat tire. It had been ten or eleven years since I had to fix a deal like that. I did not know how to use the jack (after finally finding it). I am also a heart patient and a diabetic and goodness knows what else.

About that time...up comes a pickup and stops behind me. He hollered out, "Can I help you?" and my reply was, "You surely can, brother." He then proceeded to change the tire in no time flat. I was never more grateful in my entire life. He was a God send...and I mean that.

This wonderful man was named Troy Stone. I did not get his address and phone number as I figured I could get that information from the new Brownwood Area Phone Book...but I am unable to find his name. If anyone reading this can supply me with it...I would be very grateful.

Thank goodness for men like Troy Stone.

Very truly yours,

thern Italy. The plane was a total loss and six men were not accounted for. Clovis parachuted, along with four other crew members.

Clovis landed across from the wreckage on a mountain. After the second day, he walked to find food. Coming to a home, he was taken in and found one of his crew members there.

The family taking them in were the Signore Prati family, large in number. The men were safe here for several months, even though their house was bombed. They were liberated by an American group.

In 1981, Clovis wrote the War Department for information of the B-17 plane and crew members of the June 5, 1944 bombing. He received much information and addresses of all crew members. The manuscript also contains the letter his mother received after he was missing in action in 1944.

Clovis has made several trips to Italy and has never failed to visit the Signore Prati family. They are special people to him.

This writer cannot do justice to the detailed work that Clovis has done on recalling his war days in 1944 or 1942-43-44-45. He is one of the fortunate to be living. His friend penned a very fitting poem about their being saved by the Prati family in Italy. His manuscript is titled, "Lagune Days of Life or Death."

Gene and Vernie Belle Mauldin did not get to attend the wedding of their grandson, David Mauldin, and Karleen Wiley in Huntsville. Family members attending were Roland and Faye Mauldin of Denton Valley, Willie and Irene Masters, and Charlotte and Rod Clifton and son, Bryan of Snyder.

Chief and Joy Horner visited in the Mauldin home during the week.

Don and Maryana Harrell were in Clyde Saturday where Don showed his horse. Leigh Harrell had a lot of activity going on at her school in Abilene this week. She spent Friday night with grandparents, Ted and Joan Newberry, and also attended a birthday party.

This writer was in Clyde Monday visiting her aunts, Jewel Swanzy and Anna Bell Tabor.

B.J. Anderson of Rising Star was by for a short visit in the Lizzie Burks home. This writer was also by their home one day. Also, Ricky Kelly of Cross Plains.

BETTER SUNSCREENS
Sunscreen lotions that protect the skin from excessive ultra violet radiation are rated with an SPF (sun protection factor) number. Recently SPF 22 was the strongest available. However, to protect those exceptionally fair-skinned or intolerant of the sun, SPF values up to 35 are offered. Some super sunscreens are "waterproof" as well, and retain their SPF value for 80 minutes in water.

Mr. And Mrs. Truett Parson Celebrate 50th Anniversary

Sunday, June 11, Mr. and Mrs. Truett Parson will be honored with a Golden Anniversary party at the Pioneer Clubhouse from 2-5 p.m.

Their children request that those who have known them through the years attend and share the celebration.

Lillian Mae Allen and Homer Truett Parson were wedded in Clovis, New Mexico on June 15, 1939.

Their parents were Mr. and Mrs. John Allen, Sr. of Friona and Mr. and Mrs. Everett Parson of Blanket.

Children of the couple are Jimmy and Lola Parson of Friona, Billie and Gilbert Pelton of Amarillo, Homer Don and Wanetta Parson of Cross Plains, Carol and Jim Neil of Monahans, and Helen and Steve Guyn of Omaha, Nebraska.

All their children attended the Pioneer and Cross Plains Schools. There are seventeen grandchildren and sixteen great-grandchildren.

A farm near Friona was their first home. They moved to Blanket in 1942 and just west of Rising Star in 1944. They have made their home in the Sabanno-Pioneer community since 1946.

Until disbanded, the Union Baptist Church was their home congregation. They now worship at the Pioneer Baptist Church.

In addition to farming, he was employed by Rose Butane for seventeen years. He later worked for Dale Gary's feed mill and stayed on when it sold to the Callahan County Co-op. He also worked for the Pioneer Co-op when it opened.

She worked fifteen years for Mrs. Rose and a short time for Colonial Oaks before having Peggy Winfrey and Christine King and others as employers.

They built their home with their own two hands and have expanded through the years to accommodate all the visiting grandchildren.

When not busy with peanuts, a large garden, home canning, and various farm animals, Truett likes to fish and Lillian loves house plants.

In recent years, they have both had open-heart surgery and feel very blessed to have reached their fiftieth anniversary.

They are looking forward to spending this day with family and friends.

The Fandangle continues to retell and keep alive the history of the settling of the Clear Fork area, and along with old favorites and crowd-pleasers, several new songs are being written.

TAC Offers Arts Workshop For Area Elem. Teachers

Brownwood will be the site of a teacher-training fine arts workshop this summer, to be conducted by the Texas Arts Council, statewide non-profit organization for local arts agencies, to be held in cooperation with Region XV Education Service Center. The workshop will be held July 17-21 at Brownwood Junior High School. The Brownwood Community Cultural Affairs Commission will serve as workshop host.

"Coordinating the Fine Arts Across the Total Curriculum" is a 30-hour, five day hands-on training program designed to educate elementary school teachers in how to use the fine arts in the classroom, while emphasizing the importance of arts specialists in the school system. The Texas Arts Council will conduct 22 such workshops across the state during June, July, and August.

Workshops will be led by teams of arts specialists, one each in music, visual arts and creative dramatics, using a format developed by the Center for Learning Studies in Houston. Teachers will participate in hands-on activities in music, visual arts and creative dramatics, and learn how to coordinate these essential elements across the curriculum to enrich the teacher of other basic subject areas as well.

"We are very excited about this program," stated TAC President Peter Fox, Jr., adding that although the State of Texas has mandated that fine arts essentials be taught in the public schools, depleted state and local school funds have made this task a difficult one in many communities.

"Too often there are no arts specialists in the critical lower grades, and the task of teaching the fine arts falls to classroom teachers with little or no specialized training in teaching the arts. We feel that this program is meeting an immediate educational need in our state which is not currently being addressed in any other way, and will underscore the need for arts specialists in the elementary grades."

The course has been accredited by the Texas Education Agency for 30 hours Advanced Academic Training (AAT) credit which can be applied toward the career ladder. Graduate credit is available from Texas Christian University in Fort Worth upon completion of additional work.

The Meadows Foundation and Tandy Corporation/Radio Shack are providing statewide funding support for the Texas Arts Council Teacher Training Workshop series.

Teachers interested in attending the workshop should contact the Texas Arts Council, 3939 Bee Caves Road, Suite 1A, Austin, TX 78746 (512) 327-5282.

Cross Plains is lucky to have good teachers and two are outstanding leaders. Even the kids like them!

Many thanks to Leonard Wood and Joe Coppinger.

C.P. Leading County In Sales Tax

The City of Cross Plains is the Callahan County town reporting sales tax payments higher than other county towns. Cross Plains payments this year are 15.38 percent higher than last year's payments. The city has received \$19,635.32 in 1989 checks, while the 1988 payments to Cross Plains were \$17,017.27.

The town's one-percent sales tax payment for the month of May 1989 was \$5,965.72, Bullock said. That figure is 38.53 percent higher than a check the town received in May 1988 amounting to \$4,306.58.

The City of Clyde has received \$37,947.26 in the one-percent city sales tax payments in 1989, while Bullock said the local sales tax payments to Clyde were \$35,922.71 in 1988.

The city sales tax payments to Clyde for the month of May are .89 percent higher this year than May 1988, said Bullock. The city received a rebate for \$11,912.93 in May 1989, while the May 1988 check was for \$11,808.04.

The City of Baird is reporting sales tax payments 1.78 percent over last year's checks. The town has taken-in \$15,355.16 so far in 1989, while the 1988 checks amounted to \$15,087.13.

The town's monthly rebate for May 1989 was \$5,578.21, which is 9.12 percent behind the May 1988 check for \$5,137.82.

The town of Putnam is reporting sales 17.42 percent behind last year's sales, according to Comptroller Bullock's figures. The town has received payments of \$3,819.18 so far this year, while the 1988 checks totalled \$4,624.62.

The town's monthly check for May 1989 is 14.79 percent behind the May 1988 check, said Bullock. The May 1989 payment to the town was \$884.49, while the May 1988 check totalled \$1,038.06.

Comptroller Bullock said that May's statewide sales tax payments to cities continued to follow this year's steady upward trend.

"We've watched sales tax rebates across the state grow by more than 11 percent overall this year. More money is being pumped into our economy, which is great for the state and local governments," Bullock said.

Statewide sales tax payments are running 11.34 percent higher this year than last year, Bullock reported. Countywide sales tax payments in Callahan County are 5.65 percent higher this year than last year, the Comptroller added.

May's checks to the cities represent taxes collected in March by monthly filers and during the 1989 first quarter by quarterly filers. The deadline for both monthly and quarterly taxpayers to file sales tax reports with the Comptroller's Office was April 20, Bullock said.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

The weather is our top news this morning, I guess. The rain was a very welcome sight; but the high winds have really taken their toll on my big trees out here. A ton of leaves and branches all over the lawns.

We did so need the rain. My daughter called me on Saturday. At Cleburne, they had already had some 15 to 17 inches of rain just recently.

My daughter-in-law, our Karen, also called on Saturday afternoon. She gave me their vacation plans for this week. I know, with three small daughters, they will have a great time. They have made great plans.

My young neighbors, David and Sherry Goble, and a friend came here on Sunday afternoon. They brought their big gray stud back to my pasture. While they were here, David examined the huge vines on my east yard fence, and said they were 'poison ivy'.

In all the 27 years I've been here, that is a first. He told me to keep my 'hands off'. Sherry is going to help me again with my house cleaning. A little 'muss' and dust doesn't bother me — it just bothers my daughter (at Cleburne).

I saw an old friend of mine on TV last evening. Ms. Blanche Horn was Blanche Stephens in Breckenridge a long time ago, and we finished high school together. She looked just great!

On Friday, Sally Roady and Cindy went to Abilene on business. They took the cast off Sally's ankle, but told her "don't walk." She has to wear surgical hose. They visited with Art and Bertie Roady at Fort Phantom on Saturday. Mr. and Mrs. Virgil Campbell of Kingsland, Texas visited them one day. Billie and H.A. Freeman visited on Sunday.

I talked to Ms. Jewel Foster. She was so thankful for the rain — and no hail. We were in Sunday School together on Sunday — and church. The attendance this Sunday was much better than the one before.

Helen Tillotson didn't have any special news; however, she was pleased with the rain, and grateful that we did not have really severe weather, as so many have had.

I believe the A.A.R.P. meets this morning, but I don't know the exact time.

COTTONWOOD NEWS

By BEVERLY BROWN

Thunderstorms with high winds and rain occurred in our area in the early hours of Saturday and Sunday mornings. Total rainfall amounted to 2 inches.

There was extensive damage to the roof of a barn on the Gallivan place and other reports of damages to buildings. Debris from tree limbs and branches were scattered everywhere.

Visiting the home of Mr. and Mrs. J.P. Clark last Tuesday were Dutch Holley of Abilene, Sue Diebert of Coyosna, Bob and Cookie Robinson and Brian of Clyde, Leonard and Jo Coats, and Kay and Bea Kay Bell of the Cottonwood Community.

Bob, Cookie, and Brian Robinson of Clyde were guests Sunday.

Colonial Oaks Services

Pioneer Baptist Church will be conducting worship services at Colonial Oaks Nursing Home on Sunday, June 11, beginning at 3:30 p.m.

Cottonwood Historical Association Annual Meeting

The Cottonwood Historical Association had their Annual Meeting May 7 at the Cottonwood Community Center. A lovely lunch was enjoyed by 75 people who registered. This was several less than was present last year. The Association expressed their hopes that next year many more will be able to attend.

The business meeting was held in the Methodist Church. They have completed the painting and repair work on the outside, but have not done anything on the inside yet.

Those who gave to the Cottonwood Historical Association were: Mr. and Mrs. J.S. Childs, Mr. and Mrs. Jack O. Duggan, Mr. and Mrs. Lofton Bragg, Mrs. Evelyn Meehan, Mr. and Mrs. Robert Hamilton, \$100; Mrs. Norman Coffey, Mr. and Mrs. D.B. Varner, Mrs. Morris Snyder, Ala G. Biggs, \$50; Mr. and Mrs. H.T. Baker, Mr. and Mrs. David Turnbough, Mr. and Mrs. T.A. Strahan, Nellie F. Hodges, Mr. and Mrs. Richard Purvis, Glenna Ivy, \$25;

J.H. Strahan, Mr. and Mrs. Robert Odell, Mr. and Mrs. William R. Johnson, \$20; Edna M. Hayworth, Dorothy Ramey Thompson, Mrs. W.P. Keeley, Kate Watson, Mr. and Mrs. L.R. Bush, \$15; Mr. and Mrs. Leo Thompson, \$14; Cora Maud Oneal, Mr. and Mrs. H.L. Harmon, Lou Ella Sudderth, \$10; Mrs. Inez Morland, and Flora Martin, \$5.

The first and main use of this money goes to the upkeep of the two cemeteries. If the Association sees there is a need to repair the Community Center, Post Office or the Methodist Church and they have extra money, they may use some for this purpose, but there will always be a reserve kept for the cemeteries.

THE PIONEER PATCHWORK

By IRMA MILLER

Attendance at the Quilting was up a little Tuesday, May 30. We had a "square" crowd, working on a "Square" quilt, which was Jewel Foster's, and had a lot of fun.

Gladys Sessums went May 31 to Azle to visit her niece and husband, Jeanie and George Dustin, to attend their son's, Eddy's graduation exercises.

Jean Fore and Vi Harlowe of Marble Falls returned Sunday from a 16-day visit in New Mexico with Paul and Juanita Harlowe of Lovington, New Mexico, and Jess and Jill Harlowe and their two sons of Clovis. They visited Bea Bedingfield and family of Artesia and Mrs. Milford Hunter of Alamogordo. They enjoyed sightseeing in different places including Mountain of the Gods and Ruidoso, in which they attended a graduation of a grandniece, Christi Standard of Artesia. She is the daughter of Gary and Becka Standard of California. Christi plans to attend San Angelo State to which she won several scholarships, being a recipient of awards for a 4-year A average and for being Miss Teen New Mexico. Jean Fore is proud of her and of her grandnephew, Shawn Standard, whose wedding Jean and Vi attended in Artesia, New Mexico.

Jean Alexander went with Lucille Harris to Corpus Christi, Monday, May 22, and visited their daughters, Bessie and Star and their families. Jean was pleased to visit the school assembly and see her granddaughter, Heather, receive an award for best sixth grade science student.

Becky and Steve Lipstraw and sons, Steven and Mark, spent Saturday and Sunday with his parents, Mr. and Mrs. Henry C. Lipstraw of Hickory Creek. Becky and Steve and children later moved to Dallas.

Recent visitors at the home of Joe and Nell Fleming were Mrs. Dale Gary and Sam Fleming, both of Cross Plains, Gladys Sessums, Mrs. Rob Robinson and son, Chris of Midland, JoVeda and Bill Watson of Byrd's Store, and Alton Watson of Pampa. Twenty-six family members spent the Memorial Day weekend at the Brownwood Lake home of JoVeda and Bill Watson. A grandson, Jimmy Fleming of McLean, spent the week of May 29 with Joe and Nell.

Elaine Pancake, Secretary-Treasurer, would like to remind everyone of the Pioneer Ex-Students Reunion which is to be held Saturday, June 10.

GIVE YOUR ELECTRIC METER A TURN FOR THE BETTER.

You can slow down the wheels on your Electric Meter and lower Summer Cooling Bills when you follow these helpful tips:

- Set your thermostat on 78° or higher and use ceiling or portable fans to help circulate the air.
- Have your air conditioner serviced annually and once a month, check the filter. A dirty filter can keep your air conditioner from working efficiently.
- Keep doors, windows, and drapes firmly closed to keep cool air in and heat out.
- Protect ceiling and walls with adequate insulation. Make sure cracks around windows, doors, pipes and wiring are tightly sealed with caulking and weatherstripping.
- Use heat producing appliances, like ranges, dishwashers, and dryers during the cooler part of the day.

NEWS OF NUTRITION

A Juicy Idea

Ingenious ideas are making planning a nutritious menu more tempting than ever before.

Delicious natural fruit juices can be made in a jiffy with a family-size juicer.

Fruits, for instance, are nutritious as well as delicious. Oranges, strawberries and other fruits contain large amounts of Vitamin C and potassium. Most fruits have a high sugar content, so they provide quick energy. A quick way to get the good taste and good nutrition fruits provide is from juice.

Now there's a fruit juicer that offers convenience, full features and great value for homemakers. The Fruit Juicer™ from Dazey Corporation is a family-size juicer with a built-in 28-ounce serve/store carafe. Fingertop automatic control gets all the juice from lemons, oranges, grapefruits and limes. The pitcher, reamer and lid are all dishwasher safe. The juicer is available at stores nationwide.

There are professional tea tasters just as there are professional wine tasters.

vite them to play. Well, that's what she did and she convinced them to play a few songs. Of course, Sherrie said we all had to really cheer and act enthusiastic.
 Three members of Rona Reeves and the Shot in the Dark Band sang several songs before traveling on. The first selection was "A Modern Day Romance" and they changed the words to say, "I met her at the Dairy Queen, she flagged us down." Way to go, Sherrie, you've got guts.
 The next bit of excitement came from the cloud which passed through. A quick puff of wind and rain scattered everyone into the D.Q. for the second time that night.
 The weather kept us inside until

breakfast around 7 a.m. Talk about a breakfast — it was exceptional. Here was the menu: scrambled eggs, hashbrowns, bacon, sausage, gravy, homemade biscuits, cinnamon rolls, jelly, watermelon, cantelope, strawberries, kiwi, and pineapple, along with coffee or orange juice. Delicious!
 The Barbershop Quartet was coming in about the time most rockers were leaving. They were caught in the bad weather and delayed their arrival. Ophelia said they performed and were really good.
 Congratulations to Ophelia, Garlan and all Dairy Queen employees for a job well done!

Encouraging News Of Actions That May Improve Our Lives
Education And The Arts
 Helping young people better appreciate art—and helping art get where the young people are is the work of an organization known as Young Audiences.

A simple card can be a strong link among cultural institutions, schools, parents and pupils, providing a broad introduction to the arts.

Helping Young Audiences is a grant from the Prudential Foundation, a non-profit corporation financed by the Prudential Insurance Co. of America. It has awarded over \$80 million in grants to education, health and urban and commu-

nity affairs programs since its inception in 1977.

The Arts Card provides free or reduced-price admission to museums, music groups, dance companies and other performances. The pilot program has proven highly successful. A total of 118 in-school programs have been presented and 16 cultural organizations have joined.

Since a parent must attend with the child, Young Audience programs provide unique opportunities for art appreciation and family enjoyment.
