## What Does C. P. Have To Offer?

By VANDA KING  
Editor

Just driving through Cross Plains, what does it have to offer residents? Well, if you really analyze the situation, the community has many attributes.

At first glance you will see a neat, well-kept town which demonstrates community pride. You can't miss the beautiful school buildings on Main Street which provide an excellent education for our children. This alone could influence families to settle in this area and take advantage of a smaller school system.

You see a lot of care in the keeping of the grounds of all of our local churches. Their individual ministries are appealing.

Another plus is the fact there is no city property tax. This is helpful for older residents and the young ones trying to establish their homes.

The cost of living here is much lower than some areas and during current economical stress this is a real asset.

Of course, the friendliness exhibited by business people and passers-by is just another compliment to the overall attitude.

After chatting with people who have lived here two or three years, I am surprised when they mention the cooperative spirit of everyone working together to accomplish a goal. Some had never experienced group participation and spoke highly of its rewards.

Sometimes it is difficult to make friends in some cities, but it has been reported that doors to new friends were gladly opened and relations made were lifelong.

We tend to think we have nothing to attract industries, as the water supply may not be sufficient, but we do have a great attraction. Look around and you will see that Cross Plains is becoming a retirement community. Many couples have made this their home after years of traveling from place to place. Why did they choose here?

Cross Plains is in a good location, being near the center of Texas. You don't have to travel an extreme distance to have access to many larger towns. We are also near several lakes which interests fishermen and water sports enthusiasts. The climate and weather conditions are favorable.

Lots of couples have moved here and established their homes who are not originally from the city. Then there are those who have retired and returned to their home town and surrounding communities.

Whatever their reason, we are just glad to have them and always want to promote the good characteristics of our city.

Regardless of how you look at it, there is no place like home! Keeping the community progressive and extending a warm welcome to others will promote growth and prosperity.

## Commodities Distributed Thursday

Commodities will be distributed on Thursday, October 13, from 9:30 a.m. until 10:30 a.m. by Central Texas Opportunities at the Multi-Purpose Center on East 8th Street.

If eligible and commodities are available all persons have the right to apply for and receive emergency food assistance without regard to race, religion, sex, political belief, age, national origin, or handicap.

**BUFFS OFFENSE IN ACTION** — Cody Odom #46 is shown carrying the ball as team members block. Curtis

Wyatt #66, Glenn Webb #72, David Taylor #51, James Ames #20, and Chris Brown #10 are holding back the

Rattlers. Photo Courtesy of Greg Turner.

**CHILLY WEATHER** — The Varsity Cheerleaders perform through all types of weather. This week it was a

little cool and windy, but it never dampened their spirit. Nicky Barron (from left), Melissa Montgomery

(Head Cheerleader), Carol Morgan, Stephanie Walker, Pam Helms, and Courtney Kirkham. Photo Courtesy of Greg Turner.

**GREAT PERFORMANCE** — The Cross Plains Buffalo Marching Band

exhibited yet another sharp routine. They are currently working toward a

UIL marching routine for contest. During the games they double as a pep squad to help the cheerleaders cheer the Buffs on. Photo Courtesy of Greg Turner.

## Fall Fun Festival Slated Oct. 8

Saturday, October 8, there will be a Fall Fun Festival at the Cross Plains Roping Arena and Treadway Park, beginning at 10 a.m. Bring the whole family — there will be a contest for every age.

**Children's Contests:**  
Wheel Barrow Race

Boot Race  
Tricycle Race  
Red Wagon Race  
Steer Head Roping, etc.

**Adult and Teen Divisions:**  
Arm Wrestling Tournament  
Horse Shoe Pitching  
Washer Pitching  
42 Tournament  
Dominoes Tournament  
(Male and Female Contestants.)  
(Not Responsible for Accidents.)

Contact Randy Pancake at 725-6756 or Nelda Pancake at 725-7742 for your entries now, but books will remain open. Entry fees are \$3 each division. Trophies will be given for first and second place in the Arm Wrestling, Horse Shoe Pitching, and Washer Pitching contests.

Bring your partners for the 42 Tournament. There will be only one winner for the 42 games and dominoes. A cash prize consisting of half of the entry fees will be awarded to each.

You may purchase a chance on \$100 worth of groceries, donated by J & R Drilling Company, by donating \$1 per ticket. A drawing for the winner will be held during the festival.

A Dance will begin at 8 p.m. in the Treadway Park. Music will be presented by local talent and stereo systems. Admission will be \$3 for adults and \$1 for students.

The Fall Fun Festival is being sponsored by the Dairy Bar, P.K.'s, and J & R Drilling Company. The proceeds from the event will be donated to the Senior Class.

Don't be a Couch Potato — come on out and have some fun! Bring your chairs and watch.

## Library Rummage Sale Scheduled For Friday

The Annual Library Rummage, Bake, and Book Sale has shaped up to be the largest one ever. When the doors of the Garden Club open at 9:30 this Friday morning, early shoppers will have their choice of "stuff" from about 14 long tables, 12 feet of hanging clothes, 30 feet of cabinet top space, a lot of sitting around items and a "bargain basement."

Ticket sales on the colorful afghan made and donated by Mrs. E.K. Copping have been going well. Tickets will be available at the sale up until drawing time at 4:00 Saturday afternoon.

Donations of baked goods may be taken by the Garden Club prior to the sale Friday a.m. or late Thursday afternoon. Special arrangements may be made by calling the Library, 725-7722 or Arlene Stephenson, 725-6879.

The doors will not open until 9:30 Friday morning, because most of the Friends of the Library will be walking for the United Fund earlier that day. However, the sale will start at 8 a.m. Saturday and close at 4 p.m. both days.

The Library Board is looking forward to a great weekend of fund raising for the local facility. Evidence of community support for such a worthwhile program is one of the most rewarding aspects of being a Friend of the Library.

## Buffaloes Trample Rattlers, 54-12

By COACH ELAINE SHEDD

Cody Odom and Chris Brown paced Cross Plains as the Buffaloes trampled the Tolar Rattlers, 54-12, here Friday.

The Buffaloes ran up 20 points in the first quarter to rattle the rattlers. It all began with Jody Brown running in from 16 yards out with 8:06 left in the first. Approximately 4 minutes later Cody Odom ran in from 13 yards out. With 51 seconds left in the first, Quarterback Deron Duffey hit Chris Brown for 84 yards.

Second quarter play saw the Buffaloes striking at the rattlers again when Duffey hit Smith for 44 yards with 10:36 left.

Tolar's Aguilar and Nelson struck at the Buffaloes in the second, leaving the score 28-6 at the half.

Third quarter action saw the Buffaloes scoring only once when Cody Odom ran in from 31 yards.

The fourth and final quarter of play saw the Buffaloes putting the rattlers out of striking distance. The Buffs once again scored 20 points. With

4:25 left, Chris Brown took the ball and ran 54 yards for the first score. Two minutes later Bill Johnson took the handoff and went in from 4 yards out. The last score was Cody Odom's 90 yard run, leaving 45 seconds left to play.

Aguilar and Nelson scored once in the 4th on a pass for Tolar.

The Buffaloes begin District play Friday, October 7, at Hico at 7:30 p.m. Be sure to back your Buffs!

### Statistics

Tolar — 0-6-0-6 — 12

### Defensive Individual Statistics

C. Williams — 9 tackles, 2 assists.  
D. Duffey — 5 tackles, 3 assists.  
C. Odom — 4 tackles, 3 assists.

## Local Artist Win At Eastland Show

Several members of the Cross Plains Paint and Palette Club participated in the Eastland County Art Association Art Show over the weekend.

The group was successful in returning home with many ribbons once again.

Ozella Huddleston took the highest award by placing second in Professional Oils and receiving Third Place in the Overall Show, plus a cash prize.

Lois Vaughn was awarded an Honorable Mention ribbon in the Advanced Division.

Marlene Sanders took a First and Honorable Mention ribbon in the Intermediate Division.

In the Elementary Children Division, Leah King was awarded Second Place.

For the past two years Cross Plains artists have received recognition in the overall show. The number of ribbons received in area shows speaks well for local artists.

## Halloween Carnival Set For October

This year the Senior Class will be hosting the Carnival at the Skating Rink, located on Main Street. There will be many booths set up with lots of prizes to be given away.

The King and Queen Nominees this year will come from the Kindergarten Class, including: Toby Conners, Nicholas Dimitri, Landon Hill, Kyle McClure, Jake Merryman, and Skeeter Wilson, running for King. Kristin Hunter, Ashley Hutchins, Jennifer Turner, Amber Wilson, Tessa Wyatt, and Toni May Wyatt are running for Queen.

There will be jars placed at various stores in town for you to make your vote. The one with the most money in their jar will be the King/Queen for 1988.

Everyone is encouraged to come out and enjoy the excitement with the Seniors. Your support will be greatly appreciated by the Senior Class of 1989.

## Attendance Count Important

By LEE THOMPSON  
Superintendent

Attendance Count for October will be used again this year by the Texas Education Agency to determine the monies to be sent to each school district for the 1988-89 school year.

The Attendance Count is determined by what is called Average Daily Attendance (ADA). For each ADA the local school earns, the state sends approximately \$1,200-\$1,500 to the district.

Special programs and transportation are computed on a separate formula. Last school year the Cross Plains ISD received almost one million dollars in state money compared to about \$400,000 raised by local taxes.

The Attendance Count is taken each day during second period. I would like to encourage all the parents in our school district to schedule doctor and dental appointments after that time of day if at all possible.

I will appreciate your support and cooperation during our Attendance Count in October.

## United Fund Organizers Ready For Drive Day

Billie Loving, Chairman for the United Fund Drive, announced that volunteers have been secured for the big day, — Friday, October 7. All volunteers are asked to meet at Billie's Restaurant (Odom's) at 8 a.m. to pick up their packets. The drive will commence at 8:30 a.m.

Kathy Chesshir has been named Co-Chairman for the drive. Loving extended a special thanks to the telephone committee, Kathy Chesshir, Machine Long, and Charlene Metcalf for their cooperation.

She stated that all volunteers will have on name tags as specific identification for the project.

"We may be small, but whatever we do, we do in a big way — Beautification, Homecoming, Cancer Drive, and now United Fund. No problems are ever encountered in getting teams to work and it is really wonderful," remarked Loving.

Not everyone is called on because so few workers are lost from year to year. Anyone who is interested in helping should get on the list for next year.

Last year, the drive finished a little below quota. Additional arrangements for those who were not at home were not made. This year you can help

## Almanac Is A Joy Of Fall

By Don Tabor  
Publisher

Along with football, dove-hunting and the quiet brought on by the start of school, there's another joy of fall -- I get my advance copy of *The Old Farmer's Almanac* for the coming year.

I got the 1989 edition last week along with some details from the publisher about what's in it, just in case I don't have time to read it yet, which I don't, but still want to columnize about it, which I do.

At the top, the note to reviewers states that "all right, so we didn't exactly predict the '88 drought in this year's almanac." It goes on to say that while the almanac has been 80 percent correct in its weather predictions through the years, a drought is the hardest of all conditions to predict because it is a *lack* of weather.

The publisher did state, however, that last year's almanac *did* say the summer would be "considerably drier in the Ohio and middle and lower Mississippi River valleys, as well as the central Great Plains." So, it apparently was not *that* far off.

Here are some tidbits in the '89 which are on my "must read" list when I get the time:

--Sen. Edmund Muskie tells us how to hypnotize a lobster.

--What goes into making up the ideal face of a woman.

--How to get rid of warts including some cures that are "downright disgusting."

--How to make money out of things that most people throw away, including chicken feet.

--A complete list of unusual animal races over the U.S., including earthworm races.

--The Consumer's Guide for '89 which predicts what trends will be "in". These include the return of full-service gas stations.

Though I haven't read these segments yet, I have read the weather forecast for our area. (That's where I go first when I get my new almanac.) It doesn't look half bad, with a prediction of above-normal temperatures and well-above normal rainfall this coming winter.

(I recently found out that the OFA will send the paper a weekly column with all types of tidbits, including weather forecasts, in it, and I'm seriously thinking about subscribing to it. Let us hear what you think about it.

## OBITUARIES

### Bill Brown

**COLEMAN** — Bill Brown, 55, died Sunday at his home. Services were held at 4 p.m. Monday at the Walker Funeral Home Chapel with the Rev. Gary Boyd officiating. Burial was in the Burkett Cemetery.

Born in Burkett, he was a lifelong Coleman County resident. He was a 1950 graduate of Burkett High School, a self-employed cattle buyer and a member of the First Baptist Church and the Men's Downtown Sunday School Class.

He was a veteran of the Korean War. Survivors include his wife, Betty Jane Row Brown of Coleman; a daughter, Vicky Avants of Gouldbusk; a son, Jacky Wayne Brown of Aubrey; his mother, Lillian Brown of Burkett; two brothers, E.W. Brown of Burkett and Tye Brown of Coleman; and four grandchildren.

### Alice Lee Harris

**RISING STAR** — Alice Lee Harris, 87, died Wednesday at a Brownwood nursing home.

Services were held at 11 a.m. Saturday at the Higginbotham Funeral Home Chapel with the Rev. Lanny Spruill officiating, assisted by the Rev. Edward Garrett. Burial was in the Rising Star Cemetery.

Born in Comanche County, she was a lifelong area resident.

She was a homemaker, a Baptist and the widow of Henry Everett Harris.

Survivors include a sister, Edna Petzell of Brownwood; a foster child, Winona Blizzard of California; and a nephew, Sam Petzell of Brownwood.

### Frances Mauzee Marshall

**WICHITA FALLS** — Frances Mauzee Marshall, 87, mother of several Abilene Christian University graduates, died Saturday in a local hospital.

Services were held at 10:30 a.m. Monday at the Iowa Park Church of Christ, with Glenn Guinn and Dwight Parker officiating. Graveside services were at 4 p.m. Monday in Pioneer Cemetery in Eastland County, directed by Lunn's Colonial Funeral Home.

Born in Williamson County, she lived in Wichita Falls. Many years ago she and her family lived near Cross Plains.

She was a homemaker, a member of the Church of Christ, the Disabled American Veterans and the Friendly Door in Iowa Park.

She previously worked at Tipton Home for orphans in Tipton, Oklahoma.

Survivors include two daughters, Geneva McWhorter of Wichita Falls and Ann Burriss of Tehachapi, Calif.; a son, Sam Marshall of Hill Top Lake; nine grandchildren; and seven great-grandchildren.

### Devil Cult Talk Is Just Rumors

Talk of a devil worshipping cult in Baird is nothing but rumors, according to Callahan County Sheriff Bill Skinner. Skinner said Monday the rumor going the Baird now that an occult kidnapper was roaming the streets of Baird searching for a blond child has many Baird residents in a frenzy.

The rumors began when a highway construction crew discovered a concrete drainage tunnel filled with occult graffiti about two miles east of Baird underneath Interstate 20.

Local teenagers have told Skinner that the graffiti-filled tunnel has been that way for years. However, Skinner believes some blood-smeared drawings are more recent. Some of the blood used in the drawings has been sent to a lab for test to see if it is that of a human or animal, Skinner said.

Rumors increased last Friday night when three young men jumped out of some bushes near the Baird varsity football game and frightened a group of 13 and 14 year old boys, said the county sheriff.

Two of the three young men were arrested Saturday and charged with terrorist threat, a class B misdemeanor, Skinner said. The two men were later released after each posted a \$1,000 bond. Authorities are still trying to identify the third man with the group.

Skinner is still not taking any chance of all the talk being a coincidence. Skinner will soon be attending a police seminar about knowing what to look for in devil worship signs.

### Writers Meeting Set For Tuesday

Local and area writers will be meeting on Tuesday, October 11, at 7 p.m. at Harbor Landing Restaurant at Harbor Point on Lake Brownwood.

The agenda will include the election of officers, choosing a name for the club, and determining meeting time, etc.

For further information concerning the writers club contact Linda George at (817) 643-3611 or 643-2061.

## AARP NEWS

By LUCILE CALLAWAY

AARP Chapter 3092 met Monday, October 3, with 22 members present and two guest speakers.

Brad Harris, local attorney and member of the City Council, gave us a detailed account of the newly organized Senior Citizens Nutritional Program.

This program will not interfere with Meals-on-Wheels or with AARP. It is to be a daily social meeting for Senior Citizens for the noon meal and social activities such as dominoes.

Shorty Ballard, who lives in Clyde, is co-ordinator for this project for Callahan County.

Many citizens and businesses have donated to help get this program for Cross Plains. Central Texas Opportunities has donated chairs and tables to be used in the building, which was donated to the Senior Citizens by Village Market and the Town & Country Store.

As usual we had a very delicious meal served to all present.

## UNITED FUND DRIVE DAY

Continued From Page 1

Cross Plains go over the quota by leaving donations with a neighbor or taking it to the Citizens State Bank or Cross Plains Public Library.

The following teams will assist in the drive:

Joyce McCoy, Pauniece Oglesby; Zora Mae Bryant, Juakana Scott; Joan McCowen, Eddie Faye Dillard; Sharon Ames, Cherie Goble; Minnie Cunningham, Barbara McCoy; Clara Nell Spencer, Arlene Stephenson; Frances Tyson, Louise Richardson, Doris Goble; Era Lee Hanke, Charlene Chesshir; Kathy Chesshir, Barbara Barnett; Mary Parish, Barbara Thomason; Lois Garrett, Linda Reed; Connie Kirkham, Barbara Sowell; John and Sue Adams; Sarah Brashear, Barbara Swinney; Glenda Wills, Rosalea Bonner; Ernestine Watson, Vera Peal Bunnell, Lyda Shults;

Pioneer — Betty Beggs, Jean Fore, Frankie Smith, John and Irma Miller; Cottonwood — Polly Lawson, Beverly Brown, Virginia Callaway, Deana Nickerson, Nancy Childress, Yvonne Peavy, Mary Van Der Linden, Geneva Sowell; Atwell — Louise Foster; Sabanno — Evelyn Coker, Linda Strickland; Rowden — Dorothy Reynolds; Victoria — Pam Harris; Dressy — Charlene Metcalf; West Highway 36 — Wanda Montgomery; Cross Cut — Donna Pickett; and Cross Plains Schools — Nora Odom, Dora Smith.

All volunteers are invited to drop by the Garden Club building for coffee, courtesy of the Library, following the drive.

# Public Hearing Must Be Held On Hospital Building Lease

Before Callahan County can lease the empty county hospital building, county officials must hold a public hearing where county residents can voice their opinion of the lease agreement.

County commissioners have voted Monday, September 12, to enter into a lease agreement with the Department of Health to lease the Callahan County Hospital building to the health department for office space.

At the commissioner's court meeting Monday, September 26, commissioners were told by longtime Baird resident Katherine Hinds that a public hearing must be held before the county can lease the hospital building.

Callahan County Attorney Bob McCool, after being called to the meeting, stated that he thought it would be in the best interest of the county to have the public hearing concerning leasing the hospital building.

County commissioners then approved a motion to hold a public hearing before leasing the hospital building. Commissioners did not, however, set a meeting place or time for the public hearing.

The lease agreement with the Department of Health is a 10 year lease of the hospital building at no charge for rent. All repairs to the building would have to be paid for by the Department of Health.

The health department is currently located on the third floor of the Callahan County Courthouse building. The Callahan County Hospital building is located west of the courthouse building. The building has been empty for several years. Other items brought before commissioner's court include: —Voted to pass a resolution supporting Proposition No. 1 on the ballot of constitutional amendments in the general election November 8. Proposition No. 1 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes. —Took no action after hearing an estimate from Ken Murphy for paving a portion of the north parking lot at the county courthouse building. The item will again be taken up at the commissioner's court meeting October 11. —Accepted a bid for new storm windows on eight windows on the third floor of the county courthouse building. The storm windows will replace windows on the north side of the building, located in the Soil Conservation Service

offices. Milliom Building Specialties was awarded the bid.

—Voted to not take any action concerning purchasing an updated telephone system for the county courthouse building. After receiving a bid from

Contel for a phone system at \$14,286, commissioners decided that the current telephone would have to continue to be used. The county had earlier received a \$21,000 bid from A.T.&T. for a new phone system.

## MINUTE MUSINGS

By ESTHLOY S. DICKSON

This is going to be "short and sweet" this morning. My good neighbor, Jewel Foster, has just reminded me that the AARP meets this morning. I thought of it in the middle of the night, but had not thought of it again.

My sweet neighbor, Sheryl, mowed my lawn last week. She did a tremendous job. I'm very pleased with its appearance and grateful to her.

Ashley and Anthony Beggs spent the weekend with Betty and J.T. Their parents were on a trip, but are at home now. The children went with Betty to an art exhibit at Eastland on Saturday — they visited all the booths and watched the square dancing in the streets. It was an "Old Rip" weekend.

Ashley and Anthony accompanied Betty and J.T. to the First Baptist Church on Sunday. They were good "little brats," Betty said, and she enjoyed them.

I talked to my son on Sunday evening. They all are well and happy. Karen has a special assignment for October 9, 10, and 11. She will go to the Union Grove School and conduct a seminar, "teaching gifted students". She will show slides with her lecture.

### Beta Sigma Phi Plans Taster's Pic'n's

Beta Sigma Phi met September 26 at the home of Sarah Brashear.

Plans were made for a Taster's Pic'n's — Cross Plains Family Feast to be held in the Community Center in November. More information will be released later.

Guests and members were grouped and sent on a scavenger hunt to take pictures of items listed for each group. The first group to return was Vernelle Bishop, Margaret McNeel, Paula Winfrey, Debbie Childers, and Pauniece Oglesby. They were awarded refrigerator magnets for being the winning group.

Those attending the meeting were Vernelle Bishop, Sarah Brashear, Debbie Childers, Brenda Conner, Mary Dunn, Pam Harris, Bobbie Johnston, Aimee Keele, Joyce McCoy, Margaret McNeel, Nora Odom, Pauniece Oglesby, Dorothy Petty, Janice Phillips, Dora Smith, Pat Stephens, and Paula Winfrey. Guests attending were Kim Childers, Kathy Chesshir, Berdessa Saunders, and Sandy Yates.

Cake and punch was served by hostess, Sarah Brashear.

Lisa Dawn is in advanced ballet and has lessons three times each week. I didn't get to ask him about his work.

I saw Elsie Stroud and a friend at the post office the other day. She said "something" to me — then told me "don't you print this." I just wish I could remember what she said.

I saw a covey of quail — at least twenty — cross my driveway from the west to the east about 6:30 one evening. Also, I saw two beautiful scissor-tails.

I hope my other neighbors will understand why I didn't call them this time — I just didn't have time.

### Cub Scouts Visited Abilene Zoo

The Cub Scouts went to the Abilene Zoo on Saturday, September 17. The boys all had a good time and enjoyed all of the animals. They got to feed the animals and had fun doing it.

They got a little wet, but enjoyed the zoo.

Scouts who went were Matt Reed, Cory Switzer, Ben Childers, Craig Rogers, Willie Merryman, Kyle Malone, David Reed, Jeffery Brown, Mike McClure, Jeremy Barnett, Damon Kelly, and Porcius Potter. Others going were Debbie and Cody Reed, Ron and Cheryl Trenary, Linda Reed, Kim Childers, Linda Malone, Barbara Barnett and Lindsey, and David and Debbie Merryman and Jake.

If there are any boys who missed the Scout Roundup on Tuesday, September 27, and would like to become a Scout, please call Bill Reed, Cub Master, at 725-6744.

### Pentecostal Church At Pioneer Hosting Annual Homecoming

The Annual Homecoming of the Pentecostal Church at Pioneer will convene Saturday, October 8, at 9:30 a.m. for an all day service and covered dish luncheon.

For further information call Ruby McCowan at (817) 725-7265. A good crowd is anticipated and everyone is welcome to come.

### Delayed Retirement Means Bigger Check

People in the Big Country area who are approaching 65 and who do not plan to retire should be aware that their Social Security check will be larger when they finally do apply for it, Glyn Hammons, Social Security manager in Abilene, said recently.

The reason is because of "delayed retirement credit." This credit increases a person's retirement check for each month he or she does not get a benefit after 65 and before 70.

The credit adds 1/4 percent for each month — 3 percent for each full year — a person does not get a check because of work. It also applies to widows and widowers benefits. The credit will gradually increase to 8 percent a year between 1990 and 2009.

In addition to these credits, a person's earnings after 65 may also result in a larger check than would have been payable at 65.

Of course, Hammons said, a person who starts getting checks at 65 can still work and earn a significant amount before his or her benefits are affected. In 1988, people 65 through 69 can earn \$8,400 and still get benefits for all of the year. There is no limit for people 70 and older.

If earnings go above \$8,400, then \$1 in benefits is withheld for each \$2 of earnings above this amount. This annual exempt amount will increase automatically to keep pace with increases in average wages. The exempt amount for people under 65 is \$6,120 in 1988.

People who are working and estimated they would not earn more than the exempt amount should make sure the estimate is still accurate. Any change in a person's estimate should be reported to Social Security, Hammons said.

For more information about Social Security retirement benefits, call the Abilene Social Security office. The telephone number is (915) 698-1360. There are free publications available which tell about retirement and how work affects benefit checks.

### San Antonio Calf Scramble Contest

Any 4-H'er in Callahan County between the ages of 12 and 15 years old is invited to submit an application to scramble at the San Antonio Livestock Show next February. Purchase certificate for breeding animals will be awarded winners during the scramble.

Animals purchased must be brought back to the San Antonio Show the following year. Any 4-H'er interested in the San Antonio Calf Scramble should write a one-page essay on why they would like to participate and turn it into the County Extension office by October 10.

Scramble rules and minor release forms are available from the Extension office.

Contact Greg Gergröss, County Extension Agent, for more information.

### PERSONALS

Visitors with Mrs. M.F. Dill the past week were Wanda Walker, Pearl Greenwood, Mamie Clark, Mr. and Mrs. Leo Thompson, Jewel Foster, Blanche Moore, Eunice Starr, and Mr. and Mrs. Alton McCowan.

Out-of-town visitors were Mr. and Mrs. Marvin Dill of Kingsland and Howard Shanks of Big Spring.

Mr. and Mrs. Jimmielee Payne recently returned from a two-week trip to Washington and Oregon where they visited their son and family, Mr. and Mrs. Jerry Payne and Jimmie. They traveled by Amtrak and reported a very enjoyable, scenic trip.

# C. P. Student Review

By Mass Media Class Carol Atchley, Instructor

**TOP TWO WINNERS** — K-Trina Meador (left), Coach Terry Taylor, and Tonya Steele took top honors out of 69 competitors in the Girls Cross Country event.

**CROSS COUNTRY CHAMPIONS** — High school boys brought home the trophies and medals from the Comanche Meet. Coach Terry Taylor (standing from left), Scott Crockett, and Chris Strength; (kneeling from left) Chuck Letney, Warren Parson, and Danny Barnett made up the team.

## C. P. Athletes Take Trophies In New Event

By COACH TERRY TAYLOR

The Cross Plains Boys and Girls Cross Country Teams traveled to Comanche Wednesday, September 28, to compete in what may be the first Cross Country meet ever for the school. The results were great!

K-Trina Meador finished 1st and Tonya Steele finished 2nd in the girls Junior Varsity Division out of 69 runners with very respectable times of 14:47 and 14:48 on two miles.

The boys' results were even better. Danny Barnett finished 2nd in 18:46, Chuck Letney finished 3rd in 18:48, Chris Strength finished 4th in 19:12, Scott Crockett finished 5th in 19:40, and Warren Parson finished 9th in 23:05. The boys ran a 3-mile course.

The boys also captured the Team Championship on the Junior Varsity Division that included large school Junior Varsity teams from Hamilton, De Leon, Comanche, Lamesa and Lampasas, as well as a few other Class A schools.

Cross Country may be new to most people of the area. Cross Country is a sport offered by the U.I.L. for students not participating in any fall sports, but it does not limit participation if a student does play a sport in the fall. The courses are two miles for the girls and three miles for the boys, and they usually run on a golf course or something similar.

The course is much more challenging than running on a track because of many hills or ditches or some type of obstacles.

The next meet for the Cross Plains teams was held Saturday, October 1, at the Possum Kingdom Dam.

## Proclamation

The school principal is a vital element in the educational process. These men and women serve as the instructional leaders on the school campus and act as a liaison between teachers, students and parents in the community.

The school principal is the recognized educational leader of a school and has been proven by research and study, to be the key factor in establishing the effectiveness of a school. The principal's leadership and direction sets the atmosphere and tone of a school, the climate for learning and is the basic foundation upon which a school's goals are achieved.

The skills of the principal affect the performance of teachers and the degree of concern for what students learn and become. These important individuals play a major role in establishing educational excellence in our state by successfully implementing the elements of education reform.

The state of Texas appreciates the skill, dedication and commitment typical of its school principals and it is most fitting that these men and women be recognized and honored.

Therefore, I, William P. Clements, Jr., Governor of Texas, do hereby designate the week of October 10-16, 1988, as:

### SECONDARY SCHOOL PRINCIPALS WEEK

in Texas and urge appropriate recognition thereof.

In official recognition whereof, I hereby affix my signature this

15th day of September, 1988

**RAY WOMACK**  
...elementary principal

## Local Principals Honored

Governor William P. Clements, Jr. has proclaimed October 10-16 as Secondary School Principals Week in Texas. The important work administering to school campuses will be recognized during this time frame.

Ray Womack is the Elementary School Principal at Cross Plains. He graduated from Olney High School in 1945 and spent two years in the Navy. He graduated from Texas Tech College with a B.S. in Agronomy in 1952 and obtained a M.Ed. in Ag Education in 1953 from Texas Tech College. Womack attended Abilene Christian University for Administration training.

His teaching career included 17 years as a vocational agriculture teacher. He has served as an elementary principal for 18 years.

Womack is married and has three children and two grandsons. His wife, Azalee, is a language arts teacher in junior high and high school at Rising Star Independent School District. Hunting, fishing, and collecting knives are his hobbies.

Leonard T. Wood has been the high school principal at Cross Plains for the past 5 years. He graduated from Bandera High School in 1967. He received a B.S. in Agricultural Education and minor in Science from Tarleton State University. He obtained a Masters of Science and Teaching from Tarleton State University, along with his Educational Administration Certification (Mid-Management Administrator).

Wood served in the U.S. Army

## C. P. Cross Country Team On A Roll

By COACH TERRY TAYLOR

The Cross Plains Cross Country Teams traveled to Possum Kingdom Lake Saturday, October 1, and came away with several medals and some outstanding times.

The girls continued their one/two sweep for the second week in a row. Tonya Steele won the Junior Varsity Division while K-Trina meador finished second on the very hilly two-mile course. Their times were not as good as last week mainly due to the course and a short warm-up period.

The boys team also brought home two medals. Scott Crockett finished second and Chuck Letney finished 5th out of 39 runners in the J.V. Division. Other runners for Cross Plains competing were Warren Parson and Mike Eppard, who both improved their previous times significantly.

The most outstanding thing to come out of this meet for Cross Plains was the times recorded by Scott Crockett and Chuck Letney. Scott ran the three-mile course in 18:00 while Chuck ran a 18:04. These times would rank in the top twenty Class A times in the state.

The Cross Country Teams' next meet will be October 8 in Coleman.

Reserves from 1967-1971 and was a Distinguished Military Graduate ROTC in 1971. He was a 2nd Lieutenant in the U.S. Army (Regular Army Commission) from 1971-1973. He was the Military Intelligence Officer assigned to Armor and Infantry.

He was also a former Research Associate in Horticulture for the Texas Agricultural Research Station at Stephenville, and taught vocational agriculture and general ag mechanics at Cross Plains High School for four years.

In 1986 he was proclaimed Administrator of the Year in the Big Country Area IV Vocational Ag Teacher's Association of Texas.

He is married and has one son, Chris, who is in the fourth grade at May. His wife, Cindy, teaches at Rising Star High School.

Mr. Wood's hobbies include hunting and fishing.

## J. V. Buffaloes Tie The Tigers

By COACH TERRY TAYLOR

Last Thursday, September 29, the Cross Plains Junior Varsity traveled to Hico where they fought to a 8 to 8 tie. The game was played in very muddy conditions. The J.V. record now stands at 2 wins, 1 loss, and 1 tie.

The lone Tiger score came early in the 1st quarter when the Buffalo punter mishandled a punt and was tackled on the 18 yard line of the Buffaloes. The lone Cross Plains score came with only two minutes left in the game when Danny Barnett scored from the one yard line.

The score was set up by a 45 yard pass play to Roger Rudloff from Barnett. Barnett passed for the two-point conversion to Gary McNutt.

The game really got exciting after the Buffaloes scored. The Tigers began a rally and threw several passes and were on the 4 yard line of the Buffaloes with 20 seconds left, but Gary McNutt made the play of the game and intercepted the Tiger pass into the end zone to save the game for Cross Plains.

The Cross Plains Coaching staff has selected Gary McNutt as the defensive player of the week for many outstanding tackles and the key interception.

The offensive player of the week is quarterback, Danny Barnett, for his excellent passing. He completed 4 of 5 passes for 92 yards and completed a two-point conversion.

## FFA Held First Meeting

The Cross Plains Future Farmers of America held their first official meeting Wednesday, September 28. The new members that will be serving in office through the 1988-89 school year are Curtis Wyatt, President; Regie Brown, Vice President; Nicky Barron, Secretary; Kami Hargrove, Treasurer; Stephanie Walker, Representative; and Brenda Franke, Sentinel.

During the meeting the Chapter voted on their 1988-89 Sweetheart. This year's sweetheart will be Nicky Barron, Sophomore.

The Chapter also set this year's dues. They will be \$7 — \$5.25 going to state dues and the rest going to the Chapter.

The meeting was then adjourned after discussing a few fund raisers.

The F.F.A. will be selling fruit this year, so be ready to support them.

## Time Change For District Football Games

Beginning with Friday's game with Hico, all district varsity games will begin at 7:30 p.m. Sports fans, keep the change in mind.

## SCHOOL LUNCH MENU

OCTOBER 6 — OCTOBER 12

### BREAKFAST

**THURSDAY** — Choice of cereal, orange juice, milk.

**FRIDAY** — Bacon, eggs, biscuits, jelly, grape juice, milk.

**MONDAY** — Buttered oatmeal, toast, grape juice, milk.

**TUESDAY** — Pancakes w/syrup, butter, orange juice, milk.

**WEDNESDAY** — Choice of ready to eat cereal, toast, grape juice, milk.

### LUNCH

**THURSDAY** — Turkey pot pie, green beans, crackers, pineapple slice, milk.

**FRIDAY** — Submarine sandwich, chips, salad, orange halves, milk.

**MONDAY** — Burritos w/chili, cheese, spinach, vegetarian beans, diced pears, milk.

**TUESDAY** — Country steak w/gravy, creamed potatoes, rolls, butter, diced peaches, milk.

**WEDNESDAY** — Barbeque chicken, green peas, buttered carrots, rolls, peanut butter, syrup, milk.

**Fixed-Rate Units Obsolete?**

**How Rate-Responsive Pacemakers Provide A 'Whole New Life' For Patients. . .**

According to the American Heart Association, heart disease remains the number one killer of Americans. The AHA says that in 1985 (the most recent year for which exact statistics are available), a total of 991,300 people lost their lives to heart disease.

However, progress is being made in the fight against the disease. And, much of this progress has been in the area of cardiac pacemakers and related technology.

With the recent development of state-of-the-art, rate-responsive Activitrac pacemakers, wearers have regained a quality of life they never thought possible.

**Who Needs Pacemakers?**

Ever since the first fixed-rate pacemaker was introduced to the United States in 1960, pacemakers have been saving lives.

It's estimated that 111,000 patients in the United States receive heart pacemakers annually, 275,000 worldwide. What's more, another 30,000 persons in the United States may be candidates for pacemakers and be unaware of it.

When a doctor discovers that a patient has a chronic erratic heartbeat, the physician will often recommend a pacemaker to correct the condition.

A fixed-rate unit, which paces the heart at a constant rate of usually 70 beats per minute, is limited. That's because, when a patient's activity level requires a faster heartbeat, such as when climbing stairs, the heart cannot comply and the patient is likely to become tired, dizzy or faint.

**Industry Revolutionized**

A major breakthrough in pacemaker technology came in 1986. After extensive clinical tests and studies that began in 1983, researchers at Medtronic, Inc., of Minneapolis — the world leader in pacemaker technology — introduced the Activitrac, the world's first marketable rate-responsive pacemaker.

This unit contains an "activity sensor" that causes the pacemaker to mimic the heart's normal responses to physical activity. The unit is able to adjust heart rate from 60 to 120 beats per minute (bpm) to match the activity level of the wearer.

Since becoming available, the rate-responsive pacemaker has improved the quality of life for tens of thousands of patients.

And it has amassed some impressive statistics: It has been used by more than 10,000 physicians and more than 75,000 units have been implanted in people worldwide — with more than 30,000 in the United States.

Patients have ranged in age from day-old infants to 99 years.

A new rate-responsive single-chamber pacemaker, the Medtronic Activitrac II, can be programmed to automatically adjust the heart rate of the wearer from 50 to 150 beats per minute to match his or her activity. The company's variable-rate pacemakers have provided a quality of life for pacemaker users never before possible. The original Activitrac, which is still being implanted in patients throughout the world, has been provided to more than 75,000 people ranging in age from one day to 99 years.

Recently, the company introduced Activitrac II which improves, but does not outdate, the original. (The new unit can be programmed down to 50 beats per minute, for even easier sleeping, and up to 150 bpm for more strenuous activity.)

Says Winston R. Wallin, Chairman and Chief Executive Officer for Medtronic:

"Not only is it (Activitrac II) the state of the art in technology, it also provides an improved quality of life for the user — and that's what this

company is all about." The most enthusiastic endorsements for the variable-rate pacemakers come from patients who previously wore a fixed-rate unit. These patients have suddenly found themselves enjoying a restored quality of life they thought was gone forever.

**Statewide Economy Improving: 7.9 Million Texans Employed**

The Texas economy continued to improve in August, with the statewide unemployment rate at 6.7 percent. Statistics released today by the Texas Employment Commission show the lowest August unemployment since 1985.

"The August non-farm employment of 7.9 million Texans is 159,000 more than in August 1987, with many of the additional jobs in manufacturing," said Commissioner Mary Scott Nabers of the Texas Employment Commission. "Salaried jobs increased by more than 120,000 during that period."

Nabers noted that all Metropolitan Statistical Areas (MSA's) in Texas posted lower August unemployment rates than one year ago. In August, 14 areas had rates lower than the state average, while 13 were above it.

Areas with the lowest unemployment rates were Bryan-College Station, at 4.2 percent; Lubbock and Midland, both with 5.1 percent; Amarillo, Dallas and Wichita Falls, all at 5.4 percent; Abilene, at 5.7 percent; Austin, Fort Worth-Arlington and San Angelo, all with 5.8 percent; Sherman-Denison, at 5.9 percent; Houston, at 6.2 percent; Victoria, at 6.4 percent, and Waco, at 6.5 percent.

Those areas with the highest rates in August were McAllen-Edinburg-Mission, at 15.9 percent; Brownsville-Harlingen, at 12.5 percent; Laredo, at 11.1 percent; El Paso, at 10.0 percent; Beaumont-Port Arthur, at 9.5 percent; Corpus Christi, at 8.5 percent; Galveston-Texas City, at 8.1 percent; Longview-Marshall, at 7.8 percent; Brazoria and San Antonio, both with 7.4 percent; Killeen-Temple, at 7.3 percent; and Odessa and Tyler, both with 7.0 percent.

**Record Enrollment At Cisco Junior College**

Cisco Junior College's enrollment for the current fall semester has reached record levels. The school is serving an all-time record enrollment of 1971. This is an increase of some 13 percent over the total head count of the fall of 1987. "The last high enrollment was 1,861 in the fall of 1985," reports Olin Odom, director of admissions and records at CJC.

The enrollment on the Cisco campus reached 742 which is the largest enrollment since 1976. This is a 13.45 percent increase over the fall of 1987. Dr. John Muller, dean of students, reports that "dormitory students are about the same as last fall. Therefore, the increase is attributed to more area students getting their education locally."

The enrollment at the Clyde campus reached an all time high of 583. This is an increase of 86 students or 17.30 percent over the fall of 1987. The Clyde campus offers general academic courses.

The enrollment at the Abilene campus is 639. This is an increase of 2.84 percent over the fall of 1987. In Abilene, CJC offers vocational-technical courses, including some offerings at Dyess Air Force Base. Carroll Scott, CJC vice president and dean of the Abilene campus, says, "I am very pleased with the continued interest in our offerings in Abilene. CJC is proud of its serving the educational needs of the area."

The CJC enrollment total includes students enrolled in Coleman this semester. Clois Purvis, dean of instruction at CJC, is very encouraged by the response to the classes in Coleman. Purvis says, "We have every indication that this new area will grow."

"I have every confidence that this record enrollment is our students' acknowledgment of the instructional excellence of the offerings at Cisco Junior College," concludes CJC president Dr. Roger C. Schustereit. "It is a tribute to our faculty, administration, and staff and to the leadership of the Board of Regents."

## Is the Illiteracy Problem in Texas Really That Big?

Dear Commissioner Nabers: Is the problem of illiteracy in Texas as bad as everyone is trying to make it sound? If it is, what do we do?

— S.P.G.  
Amarillo, Texas

Dear S.P.G.: The answer is YES! We do have some major problems. Texas ranks #1 in adult illiteracy in the nation. That is a disgrace and taxpayers should begin to worry.

As we approach the twenty-first century, never before has the need to read been more important in job searches, job success and job satisfaction. One out of every six Texans over the age of twenty is functionally illiterate and we are quickly moving toward a national job force which requires a higher level of skills. Without some changes, these workers will be left out of the labor market.

In hard dollars, it's pretty plain to me that lack of literacy skills is turning former taxpayers into candidates for the welfare rolls.

Consider also that:

- \* 85% of all the inmates in Texas prisons have not completed high school, and
- \* 33% of all our 9th grade students will become "dropouts" before completing high school.

I believe that Texas taxpayers should demand immediate action. This trend can be reversed!

Dear Commissioner Nabers: I read with interest your recent column on the plant closing law. Could you tell me when this law became effective? My husband was recently laid off after 30 years. The company was bought out by a New York corporation and closed with only 8 hours of notice to the workers.

— R.S.  
Conroe, Texas

Dear R.S.: The plant closing law, which requires employers of 100 or more workers to give 60 days notice of a plant closing or mass layoff, is not effective until February 4, 1989. I hope you will urge your husband to go to your local Texas Employment Commission office for job search assistance.

COMMISSIONER  
Mary Scott  
Nabers

### CARD OF THANKS

#### Card Of Thanks

We wish to thank everyone for the cards, gifts, flowers, and those present at our 60th Wedding Anniversary to make it such a memorable occasion.

Our special thanks to our family for hosting this celebration for us.

George and Viola Hutchins

#### Card Of Thanks

We want to thank everyone who had a part in helping make Bill Smoot's 80th birthday so special.

Especially the members of Pioneer Baptist Church and our children and grandchildren.

May God Bless each and every one of you. We love all of you.

Bill and Marjorie Smoot

#### Card Of Thanks

The Cross Plains EMS would like to thank the Cross Plains Ex-Students Association for their generous donation of \$200. We greatly appreciate all donations.

Thank you,  
Cross Plains EMS

### CARD OF THANKS

#### Card Of Thanks

Your cards, flowers, and telephone calls were greatly appreciated while I was hospitalized and since my return home. Thank you for your thoughtfulness and concern.

Mildred Stansbury

**Weekly Health Tip**  
HYSTERECTOMY RISK  
Each year over 300,000 women undergo surgical menopause, usually at an earlier age than natural. Surgical removal of a woman's ovaries prior to menopause abruptly cuts off her major source of estrogen, which is essential for adequate calcium absorption to maintain strong bones. Women who do not begin estrogen replacement therapy promptly are at very high risk for osteoporosis (weakened bones).  
Your better health is our concern.

## ROWDEN NEWS

By MRS. N.V. GIBBS

Fall is in the air with the start of October. Rain showers fell in this area, but very few gauges measured the same. The Gibbs gauge had about two tenths following the Thursday showers. Tanks are getting more dried up each week.

This writer was at the Sterling Odom home Saturday morning and found Joyce working with Halloween decorations, black cats, bats, and the witch with her broom — made one feel the excitement of that special season. That's the only night during the year that kids dress in outlandish costumes.

Rev. Robert Sutton, pastor of the Baird First Baptist Church was out for a visit with Gene Mauldin. Also, Bill Coots of Clyde stopped by for a visit.

Children and grandchildren of the late H.H. and Cornelia Cooper of Fisher County met for a reunion in Farwell, Texas last weekend. Vernie Belle Mauldin, a daughter, and husband, Gene Mauldin were there. Their children, Carl and Mable Mauldin of Rogers, Arkansas, Irene and Willie Masters of Snyder, Roland and Faye Mauldin of Denton Valley, and Don and Sue Mauldin of Las Vegas, Nevada. Marjorie and Danny Brown of San Antonio did not attend due to the birth of a new grandson of their daughter.

Vernie Belle visited with all of her four brothers and one sister. It had been five years since the last reunion. In the group were musicians, a movie star, and one preacher, so a church service was enjoyed on Sunday morning. Seventy kinfolks of the Cooper

descendants were numbered and fifty others kin to part of the family. They came from Washington, Oregon, New Mexico, California, Nevada, Illinois, Arkansas, Alaska, and Texas.

Don and Maryana Harrell attended open house at St. John's School in Abilene Tuesday night. Their daughter, Leigh, was presented an award for reading. They reported an enjoyable time. Last week the family attended a family reunion at Horse-shoe Bay in the home of Don's uncle, Joe Harrell. Justine Harrell of Abilene also attended what they called an unplanned reunion which was more fun.

Last Sunday Robert and Dorothy Watson and son, Wyatt, drove to Sadler to visit his uncle, Wayne Dossey.

Baird football teams played games in Jim Ned and Baird this week. Wyatt played on the 8th grade team and Cody is on the high school team. They won!

Brad Watson was home from Texas Tech this weekend and was to attend the A&M and Tech games Saturday.

Edna Dye accompanied her sister-in-law, Betty Sayre of Breckenridge, to San Antonio where Betty attended meetings of the Texas School Boards.

Bob Dye attended the Jim Ned game with Baird Friday night.

Joyce Odom visited with the August Garlitz family at Hendrick Medical Center Thursday morning. Mrs. Garlitz had undergone surgery earlier.

This writer visited Leona Gary last week. She has resumed her work as mail carrier for this community. She had attended her family reunion, which met in Cisco this year.

Emma Johnson and Lizzie Burks reported a worker was working on the new telephone AT&T line that is coming down Highway 36 to Brownwood. Emma had acquired a cold, but otherwise they were fine.

Mr. and Mrs. Carroll Burks and grandson, Cody Phillips of Abilene, visited in the Lizzie Burks home Saturday. Other visitors were Mr. and Mrs. Glen McNutt, their neighbors.

## 2 Companies Get Fines

AUSTIN—The Railroad Commission of Texas assessed a total of \$8,200 in administrative penalties this week to four oil and gas operators for problems under Commission well plugging rules. Two Cross Plains companies were among those fined.

A penalty of \$2,000 was assessed to West Plain Drilling Co. of Cross Plain for two unplugged wells on the Guerrero lease in Coleman County.

Sagi Petroleum Corp. of Cross Plain agreed to a \$2,200 penalty for 22 inactive wells on the Big State Ranch lease in Crockett County. The company agreed to pay the penalty without admitting any violation of Commission rules.

To date in 1988, the Commission has levied more than \$748,000 in pollution and well plugging penalties. Last year, the Commission assessed some \$794,000 in such penalties.

## BURKETT NEWS

By LOVERA STRICKLAND

Burkett received another inch of rain Friday night. The wind blew real hard in Burkett also. The rain was really needed and we could use some more.

Tom Golsen of Austin spent the weekend visiting Grace Green and other relatives.

Joan Pope of Stephenville and Nellie Arrington of Cross Plains visited the Dalton Gould family Sunday afternoon. Russell and Alisa Gould of Abilene spent the weekend with the D.R. Goulds.

Melinda Dodgen and Rusty Wells of Cisco visited with Linda Brinson and Jackie Dodgen this weekend.

**If your old heating unit can't keep you warm anymore or won't last the winter, warm up with an electric heat pump.**

The heat pump will keep you warm in the winter and cool in the summer. You'll also save money because the heat pump delivers two or more units of heat for every unit of electricity used.

Plus as a WTU customer, installing a heat pump with a seasonal energy efficiency rate of 9.0 or above can qualify you for \$500 when your home meets WTU's Energy Saving Plan requirements.
