EDITOR'S NOTE: Don Tabor, publisher of the *Cross Plains Review*, is featured this week with an article concerning military history which is appropriate to the stressful situation in the Middle East. **Vanda King**

"The Flag Sure Is Secure"

It was an impressive ceremony. My wife and I were visiting my brother, Dale and his wife, Kay in Denver, Colorado.

Dale is a two star general in the Air Force and commander of the Technical Training Center at Lowry AFB.

The ceremony was called a "Tattoo" and we stayed over a couple of extra days just so we could see it.

I was curious to find out where the heck they got the name, "Tattoo." At the start of the ceremony, the narrator told us.

British troops of King William III were occupying the Netherlands. As was their wont, the troops would consume the produce of the local pubs at night.

At a certain time, drummers would march through the streets signaling the soldiers it was time to leave the pubs and telling the innkeepers to stop selling beer.

In the language of the day, the drummers would holler "doe den tap toe," which meant, "turn off the taps." But the troops heard only the last two words, "tap toe," and like G.I.'s down through the ages, took them into their own lingo. "Tap toe" became "tattoo."

The ceremony itself, which is held once annually at Lowry, is sort of a catch-all. It was part memorial to the MIAs, part military history, part taps.

And, as all you old-timers who know Dale would expect, it had a lot of music. (To all you new-timers who don't know him, Dale has a beautiful voice and sang all over this part of the country when he was a kid.)

There was the Lowry mixed choir, there was the Air Force Academy Band, there was even a bagpipe band from the City of Denver. The bagpipes playing "Amazing Grace" in the gathering dusk would have put a lump in anybody's throat.

The ceremony started with a close-formation fly-over by four Air Force fighters. They were exactly on time and flew over precisely as Dale turned around after being escorted to his chair.

The narrator warned the several hundred people in the audience to be prepared for loud noises and he wasn't wrong. A Civil War history group fired off a cannon and seven of them performed a drill where they primed, loaded and fired muskets. Every one of them went off. Then there was a 21-gun salute fired by Lowry troops.

I'm always a sucker for this type of thing.

We don't think much about the military until times come like now. Some think our troops should be in the Mideast right now, some think they should not be, but it's reassuring to know that the troops who are there know what they're doing. Ceremonies like this reinforce that assurance.

Toward the end of the ceremony, the honor guard performed the flag-lowering ceremony and the NCO in charge reported to Dale that "the flag is secure."

It sure is.

Letter To The Editor

What the Senior Citizens Center means to me.

I raised a large family and all of a sudden, like a flash of lightning, I found myself all alone. No one to talk to and I did not feel needed anymore.

Then I found the Center. There was always something to do, someone to talk to, and lots of activities to help with. Other activities included games, exercise, such as the treadmill, stationary bicycling, crocheting lap robes for the nursing home, a Christmas program for needy children, coats for underprivileged children, and food baskets for families. I found myself needed again.

Thanks Senior Citizens Center for what you have given me.

Rowden News

By MRS. N.V. GIBBS

This week has gone by without rain and the yard grass needs mowing again. Grass burrs are still in production. This writer has been trying to keep them under control by taking them up with a hoe, and burning them with the trash. This has been the year of grass burrs.

Garden Club Begins New Year

Members of Cross Plains Garden Club began the new year with a salad luncheon September 14, at the Garden Center. Club President, Sarah Brashear, welcomed fifteen members, including new members, Guy Evans and Rolan Jones. New yearbooks were presented by Claribel Gibbs, Yearbook Chairman.

The program and display, prepared by Exa Williams, Opal Jernigan, and Janice Buckner, was on planting bulbs for spring beauty and forcing bulbs to bloom at the desired time. Orders were taken for bulbs to be shipped from Holland this fall. National Council "Vision of Beauty" calendars were sold also, and a "Show and Tell" flower design was displayed by Mrs. Gibbs.

Plans were made to attend Garden Club Day at the State Fair in Dallas, where a full day of interesting activities are planned for club members.

Door prize was won by Lena Gage. Hostesses for the meeting were members of the Yearbook Committee: Claribel Gibbs, Opal Jernigan, Lucille Payne, and Marie Stambaugh.

Attending Friday's meeting, other than those already named were: Julene Franke, Maurine McCuin, Joyce Odom, Pauniece Oglesby, and Dorothy Webb.

GARDEN TIPS FROM THE Cross Plains Garden Club

Taken from County Agent Files.
Good weed control is a key to any successful fruit and gardens. Weeds and grass can stunt and kill young trees and plants, and the competition for water and nutrients will limit production of bearing fruit and pecan trees.

Hand hoeing is still the best means of weed control in the garden and orchard. Mechanical tillage equipment is good, but do not till the soil over 2 inches deep due to injury to the root systems damaging young roots.

Mulching provides many benefits including weed control. Thick mulch protects seedling and provides a barrier against weeds.

If applying organic mulching, apply fertilizer on top of mulch, add extra fertilizer.

A grass cover is good to use around trees and plants. Keep a weed free circle around trees, especially for the first 3 or 4 years.

Do not use herbicides in the orchard or garden unless safe handling is understood as well as some weeds, such as Johnson grass, bermuda grass. Round Up has been used with success but care must be used as fruit trees and gardens can also be killed. Herbicides that prevent germination of weed and grass seed require accurate spray equipment. Do not use hand sprayers.

2, 4-D herbicide kills broad leaf weeds but does not injure grasses.

Avoid use of any herbicide without proper knowledge of its use. A safe rule of thumb to follow is: "If in doubt, hoe it out."

PERSONALS

Mrs. Suma Dill reported her local visitors stopping by last week were Mr. and Mrs. Skeet Walker, Foxey Pinnell, Dan Childress, Ora Breeding, and Mr. and Mrs. Leo Thompson.

Gaylon Duggan of Rising Star, her son, Fred Dill of Irving, and Joe Howser of Abilene also visited.

THE PIONEER PATCHWORK

By IRMA MILLER

The quilting circle finished the Jacob's Ladder and worked on the Diamond Double Wedding Ring (a Double Wedding Ring in which the "pickle dish" is diamond shaped, somewhat called a New Wedding Ring).

Wanda Nelson of Brownwood brought her mother, Winnie Flippin, to visit the Quilting Club last Tuesday.

This community experienced a trace of rain at mid-week. The cooler air moved in Wednesday and temperatures were in the high 60's early Thursday morning. By Saturday hot weather was back. Sunday afternoon two inches of rain fell on the community, and by Monday morning our gages read over four inches, with the overnight showers, in 14 hours. Some gages read 4.1 and others 4.2 and 4.5 inches.

Jean and James Alexander spent the week at Cloudcroft, New Mexico. May and D.P. Jones of Corpus Christi were visiting in the Alexander household on the weekend.

Nell and Joe Fleming had 4.1 inches of rain in their gage Monday morning. Part of Nell's Sunday School class in Cross Plains gave Joe and Nell a wonderful visit on Wednesday afternoon. JoVeda and Bill Watson of Byrd's Store had supper with them on Friday night.

Jewel Foster went with her son to Abilene Friday on business.

John and Irma Miller started out for Coleman early Sunday afternoon and ran into a heavy downpour of rain. They visited with friends near Burkett. Several hours later they made it back home safely, thanks to the good Lord and Mr. Bob Barnett.

Paul and Juanita Harlow of Lovington, New Mexico and Vi Harlow of Marble Falls spent the weekend with Jean Fore. They all visited in the Bangs nursing home with Vivian Foster.

Some of you have noticed Rosh HaShanah on your calendars on September 20 this year. According to Jewish teachers, it is the Feast of Trumpets, and one of these Rosh HaShanahs (maybe this one) we can expect the arrival of Yeshua HaMessiah Adonai, the Jewish name for Lord Jesus Christ. The peculiar fact is that a Biblical and Israeli day starts the day before, at sunset, so Rosh HaShanah really begins at sunset on September 19. May we see you there!

Thumbing through one of my quilting magazines this morning, I noticed the unusual Winter Carnival quilt, made in 1886-1891, the Victorian era, by an immigrant from England. There were hundred-year-old quilts, in good condition, displayed at various quilt festivals the length and breadth of our country. One quilt was made about 1860 by a soldier in Her Majesty's regiments in England during his boring and lengthy years on duty in India! The cloth was melton cloth left over in the manufacture of colorful British uniforms of that day. But I believe that some of our patchworks made and quilted by ladies in our Pioneer Quilting Club will more than rival them. At least, we're working on it.

Weekly Health Tip

SMOKERS — HEART ATTACK

In addition to the lung cancer threat, habitual smoking pre-disposes smokers to clots in artery walls that can cause heart attacks. Smoking impairs the ability of the lining of blood vessels to resist clotting. Most of the 325,000 annual deaths in the U.S. attributed to smoking are due to cardiovascular failures. Improvement in blood vessels is rapid when the smoking ceases.

Your better health is our concern.

Tough Night

By DANIEL CROCKETT

The Buffaloes had a tough night against Roby here last Friday night, September 14. The Lions defeated the Buffs by a score of 33 to 6.

The only score of the night for the Buffs came early on a long 70 yard TD pass from Quarterback Colby Walker to Brandon Smith. The point-after attempt was unsuccessful, but at that point, the Buffs were in the lead 6-0.

Colby also completed one other pass to Brandon for six yards, and an eleven yard pass to Louis Cavage was

successful.

Senior Kevin Clark was injured at one point during the game and at this time, it is not known whether or not he will return next week.

Defensive standouts for the Buffs were Colby Walker, Jody Brown, Travis Jordan, Brandon Smith, Johnny Herridge, and Lowell Clark.

Next Friday, September 21, the Buffaloes will travel to Dublin for another non-district game. The game will start at 8 p.m. The Buffs need your support to defeat the Lions, so see you at the game.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

The rains were just wonderful, weren't they!! I just knew the rains would start. How did I know? Because I washed my car on Saturday. But I'm not complaining — now my grass burr patches will really grow. I've just got to find someone to mow for me!

My bird-watching has really been interesting this past week. One day I saw a pair of quail crossing my driveway, with ten babies following behind them. They crossed another day, and I carefully counted the babies — I was so afraid they would lose some of them.

On Saturday a huge flock of large blackbirds landed between the house and the highway. Many landed first in the trees here in my yard. Then, not birds, but butterflies swarmed over the blossoms on my front porch. They are huge and very colorful — more of God's great creatures!

We had over two hundred in Sunday School on Sunday and some special people in the church services. The Bill Stricklers presented a musical program before the message which was 'special' also.

On Thursday of last week, Betty Beggs and Mrs. C.T. Barton of Pioneer were in Brownwood on a business trip. On Saturday, they attended the Arts and Crafts Festival. They rode in a wagon, pulled by horses. Betty said it was the first time in many years that she had ridden in a wagon.

I have fond recollections of riding in a wagon. Our father always had some big, high-spirited mules, and he just loved getting us kids in that wagon and taking off for a fast jaunt!

Betty said they had received 3.2 inches of rain. Sally Roady said they had received only 2.9 inches so far. Sally said they took Charlie to the doctor on Thursday, also to the Fair. Their son, George, came in from Dallas for the weekend. They all talked to Joe at Brownwood on Sunday. That was Joe's birthday. They visited Ms. Nettie at the nursing home nearly every day.

Mrs. Norman Lee stated that they were doing quite well — she went to the doctor one day last week. They were grateful for the rain — they have peas and okra still going strong.

Helen Tillotson sounded great this Monday morning. They have just returned from a lengthy visit with friends and relatives in Iowa and Illinois. They had a splendid trip and were glad to have made it back home. Nell Fleming sounded good this morning. She was so grateful for the rain. John Miller had been by one day. They gave him some okra and jalapeno peppers from their garden — also some eggs.

Ms. Jewel Foster didn't answer this morning. She was in Sunday School and church on Sunday — she looks great!

County Continues Tire Discounts

Callahan County Commissioners, in a regular meeting Monday, September 10, voted to continue to give some sheriff's office employees discounts on tire purchases, despite a recent state audit that found Callahan County owed back sales tax on the purchases.

At their August 27 meeting, the commissioners were told they owed \$1,145 in back sales taxes after an audit by the Texas Comptroller of Public Accounts. The county also was charged a 10 percent annual interest fee, plus a 10 percent penalty fee of \$114 for not charging sales tax on discount tire purchases from July 1, 1986 to June 30, 1990.

To continue the discount, the county must buy a \$25 sales tax permit and

submit quarterly reports on the taxes collected, said Treasurer Dora Hounshell.

The audit list revealed that dispatchers along with game wardens and Texas Department of Public Safety troopers were using the county's discount.

Skinner said he would weed out those eligible for the 51 percent discount on tire buys.

Those who may be eligible to continue buying tires at a discount are the sheriff's deputies, constables and a jailer who drives a vehicle to pick up groceries. The list of vehicles that are used for county business will be submitted to the commissioners court for approval.

Investigators Look Into Plane Crash Cause

BAIRD — Federal investigators spent Sunday combing the site of a devastating plane crash that killed a San Antonio couple Saturday afternoon, September 8, but they still weren't sure what caused the accident.

The couple was identified as lawyer, Thomas D. Dunham, 48, and his wife, Lynn Shackley Dunham, 43.

Robert Summers, senior partner in the San Antonio law firm of Barton, Summers, Biechlim, Dunham and Brown, which employs 45 lawyers, confirmed Sunday that Dunham was a partner in the firm.

Dunham's wife of three years also was a lawyer, and both loved to fly, Summers said. Both Dunhams were pilots, he said, calling their deaths a "tremendous loss."

The Dunhams were en route from San Antonio to Frederick, Oklahoma, apparently to visit his mother who lives nearby Davidson, Oklahoma, when they flew into a thunderstorm near Baird about 3:18 p.m. Saturday.

Abilene airport air controllers were monitoring the flight of the Beechcraft Bonanza when they lost radar contact, a dispatcher with the Callahan County sheriff's office said.

Officials found the plane wreckage between Baird and State Highway 283.

Officials with the National

Transportation Safety Board were at the site Sunday, September 9, but did not say what might have caused the crash. Heavy rain and lightning were reported in the area at the time the plane went down.

The sheriff's dispatcher said the federal officials weren't making any guesses as to what happened.

"They are going to take the wreckage all back to their office in Dallas and go over it there," the dispatcher said. "They wouldn't speculate on it."

The Dunhams' bodies were taken to a forensics lab in Dallas and then transferred to a funeral home in Oklahoma Sunday.

Belews Attended His Division Reunion

Hubert and Celia Belew returned home Tuesday, September 11, after an enjoyable two-week trip.

They left Cross Plains Tuesday morning, August 28, at 5:17 a.m., driving to Meridian, Mississippi, stopped at 6 p.m. at a Best Western Motel having driven 635 miles. On Wednesday, they drove to Williston, South Carolina and spent the night, about 80 miles from Charleston, South Carolina. Then Thursday morning, they drove on to Charleston, getting there about 10 a.m. August 30, where the 4th Armored Division was having their 44th Annual Convention.

Hubert was in Hq. 22nd AFA of the 4th when they landed on Normandy Beach in June 1944 and he also fought with them going in Bastogne to rescue the 101 Airborne that the Germans had circled — this was late December 1944. He was with the 4th from early 1941 until the war was over in 1945. Hubert saw three buddies he hadn't seen in 45 years, and were glad to see each other after all these years.

They saw a lot of old and pretty places. Although Hugo had done a lot of damage, it hadn't hurt the "Omni Hotel" which the Division had already reserved before Hugo.

On Thursday afternoon, there was a welcome reception get-together and buffet dinner, then free time for the Unit to get together in the Hospitality Room.

On Friday, a Memorial Service was held at the Citadel for the ones that past away since last meeting and then went to place a wreath at a Sherman tank in which Mrs. Creighton Abrams, widow of Gen. Creighton Abrams, placed a wreath the shape and color of the 4th Armored Division. They made a tour of Charles Town Landing in which some English colonists landed there in 1670. This was real interesting, but lots of the big trees had been destroyed by Hugo last fall. Then they had supper on the grounds.

Saturday night the banquet was held and after that each group met in the Hospitality Room, visited, made pictures and said goodbyes. A wonderful time was had, and in 1991 the reunion will be in Louisville, Kentucky.

Sunday morning, September 2, they started home, stopping at Birmingham, Alabama and spent the night with Betty and James Knight. The men were buddies in service together, Knight being one of their cooks.

Monday morning the Belews left for Texas to visit their oldest son and family, Buddy (Morris), Debbie, Leigh Ann and Lynn in Clarksville, Texas. On Friday, September 7, went to Bonham where Clarksville and Bonham were playing football. Clarksville Tigers won 35 to Bonham Warriors 12. They got to see their granddaughter, Leigh Ann, perform with the Clarksville drill team, "The T Steppers," in which 16 girls perform. Leigh Ann is a freshman and her grandparents were proud of her.

Next, they came to Mansfield and spent a night with Mr. and Mrs. Wayne Scott and enjoyed a visit with their grandson, Trampas Belew, a senior at Mansfield.

The couple reported a wonderful time, but glad to be back in Cross Plains.

\$500 Awards Offered To Young Wheat Farmers

Young Texas wheat farmers are eligible to enter an essay contest to compete for four (4) \$500 leadership development awards of which 60 will be awarded nationally. The program of the Texas Wheat Producers Association and National Association of Wheat Growers is sponsored by Monsanto Agricultural Products Company. The awards are designed to acquaint young wheat farmers with the wheat association organizational structure, leadership development, policy development and the education aspects of attending wheat organizational meetings, according to Cagle Kendrick, President of the Texas Wheat Producers Association.

The \$500 awards are to defray the cost for the winners to participate in their choice of either the National Association of Wheat Growers 1991 Annual Convention January 16-19,

1991, Innisbrook, Tarpon Springs, Florida, or the NAWG Summer Leadership Conference July 8-11, 1991, Vail, Colorado.

Any Texas wheat farmer between the age of 20 and 35 years, who has not previously participated in either of the NAWG meetings mentioned above is eligible to enter. The winners are selected based upon the content of their brief 50-word essay, explaining why they would like to participate in a NAWG meeting.

Entry forms may be obtained by either writing or calling Rodney Mosier, of the Texas Wheat Producers Association office (803 Texas Commerce Bank Bldg., 2201 Civic Circle, Amarillo, TX 79109/ Tele. 806/352-2282). The deadline for entering the contest is November 1, 1990.

Lost...Miss Piggy, 8 months old, black and grey to brown spots sow. Reward: one happy and grateful young lad, Charlie Rogers, age 7 years old. Miss Piggy rooted out of her holding pen some time last week and the search is continuing to locate her. Charlie saved his money to buy a horse, but came up short, decided to invest into getting a pig to raise and let her have little ones, with a dream of eventually getting a horse. He kept busy this summer picking up peaches at an orchard nearby and finding watermelons, where ever available, to supplement Miss Piggy's feed. If you have seen or spotted a pig in your area or have any further leads, please call Charlie at 725-6374 after school or on the weekends.

A father and son breakfast for boys in kindergarten through the 12th grade will be held at the Cottonwood Baptist Church on Sunday, September 23, at 8:30 a.m. Youngsters with or without fathers are cordially invited to attend.

21. Plan to have dinner with friends and family members at the Cottonwood Community Center on Friday. There will be a bake sale and country store for you to browse around in and a place to buy tickets for the western quilt drawing during the evening.
